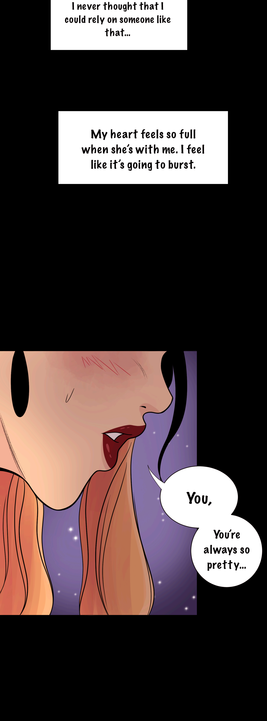
Every time I get lost in myself, in my thoughts, in my mind, she's here for me.

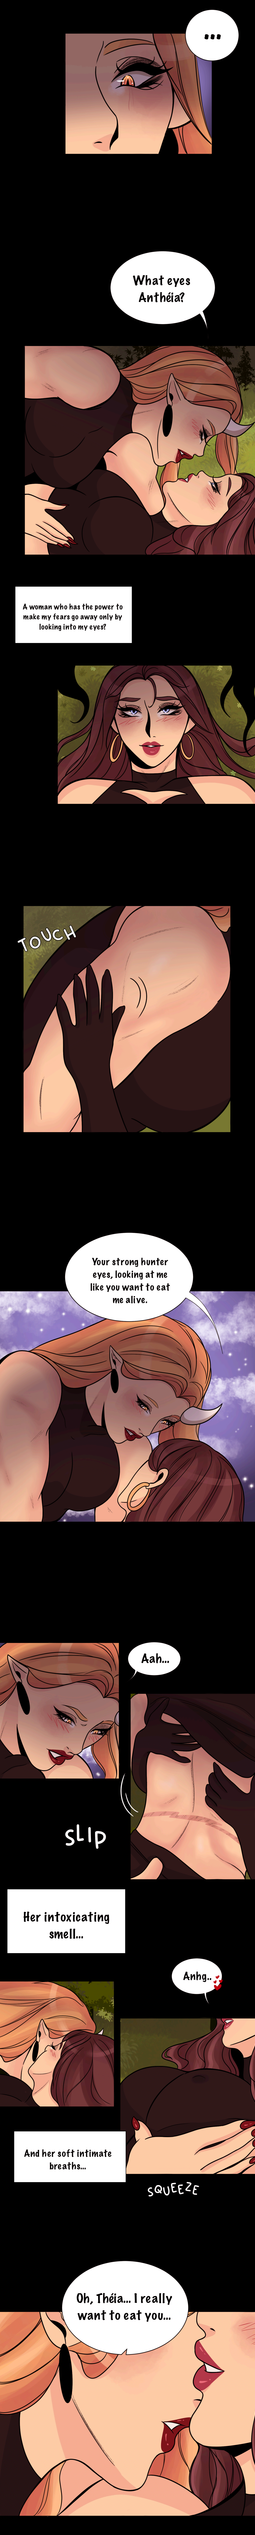
She's my support, my strength, she's everything for me.



I never thought that I could rely on someone like that...

My heart feels so full when she's with me. I feel like it's going to burst.

Is it what it feels like to have a guardian angel?



...
What eyes Anthéia?
A woman who has the power to make my fears go away only by looking into my eyes!
TOUCH
Your strong hunter eyes, looking at me like you want to eat me alive.
Aah...
SLIP
Her intoxicating smell...
Anhg..
And her soft intimate breaths...
SQUEEZE
Oh, Théia... I really want to eat you...

Is it selfish... to want to get all of her for myself?

I'm only touching you through your clothes and you're already so sensitive.

How can I not react?

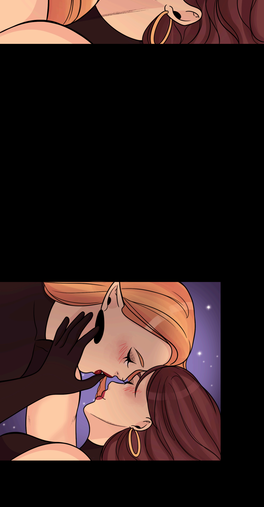
SMOOCH

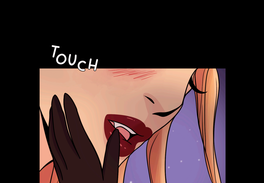
I'm sorry for pushing you so hard earlier.

It must have hurt, I'm sorry...
I didn't mean to be so brutal...

Lilith, stop being mad at yourself!
You saved me.



Besides, I'm the one who didn't see how tense you were. I didn't give you any attention.
And I was mad because of the situation. I thought you were the one who hurt Idonna.
I did exactly what I reproached the others for. I put the blame on you.



I'm sorry, love.

Don't be scared.
I told you that there were lots of ways to be pleased.
I won't enter you, okay? I'll only touch you.
If you still want and let me continue of course.
Yes, Lilith. I trust you.
Come here baby.
Relax, it's okay.
