

Heaven and Hell

Chapter 2

Story and art created by Uschi3, compiled by Nefesha

Nathan was pinched between Alice's fingers. She carried him around, through the hallways of the dormitory heading for the showers. When they finally reached to bathroom Nathan couldn't believe what he saw...

Nathan:

Alice: So here we are tiny guy. Oh, I think I forgot to tell you: We have a shared bathhouse in here....

With Nathan in her grasp, Alice walked towards an empty shower. She enjoyed the public bathhouse of the dorm. All this naked skin, cramped together on such a small place. A true heaven for any boy, you would think, but Nathan thought otherwise...

Alice: (Ah this one seems to be unoccupied. Today there's more people here than usual... I guess it's because of the heat outside! Everyone wants to get fresh and clean. I have to keep an eye on Nathan. So many things, that could accidentally crush him...)

Nathan: (Man, it's so moist in here! I can barely breathe. This is what hell must feel like... but there are so many girls. This would be great if I weren't the size of an ant! Maybe I could try to sneak away and get some help when Alice isn't paying attention? We'll see about that. First, I have to survive, whatever she's planning to do with me...)

Chloe: (Oh that's Alice from Room 206. I have never seen her in the shower before. Probably because I just arrived here recently. I saw her sometimes outside on the campus. She looks really tough and cool and...kinda cute...but also a little bit mean...but I'm sure she's a nice girl. I really want to talk to her but the shower probably isn't really the right place to do this I guess...)

When Alice reached the empty shower, she placed Nathan on the ledge and told him to stay there. She put her foot in front of him to show him who's in charge here...

Alice: Alright you stay here little guy! And get undressed...don't even think of running off somewhere!

Nathan: Ye...Yes. I won't run away...I promise. Just please be careful! What do you even plan to do with me in here? (Omg she's just so huge! What does she want to do with me in the shower anyway!)

Alice: Oh, I'm sure you will love it...

While Alice tossed away her towel Nathan got undressed. He felt a little bit embarrassed being completely naked in front of Alice, but she obviously didn't mind. She bowed forward to pick up the sponge brush. When she heard the voice of a girl next to her. Mia was pressing her breasts against the transparent pane and smiled at Alice. They haven't seen each other for a while...

Nathan: (It feels kinda strange to undress in front of Alice...but she certainly doesn't care. She's presenting her big butt in front of me like some kind of birthday cake. Does she even have some kind of pride?)

Alice: (Alright. Almost ready to go. So where is the brush?)

Mia: Yoooo Alice!! What's going on? Getting nice and clean after all this summer heat?

Alice: (Oh shit, that's Mia. What does she want from me? I can't let her see Nathan!) Uhhhh....Heeeyy. (That big busted idiot. She's actually kinda nice, but not really smart...)

Mia: Hey Hey look at that! My breasts look funny when I press them against the pane Haha! Wait! I'm coming over <3

Alice: Haha...yeah...so funny...(Oh my god, she hasn't changed at all. That dork can be annoying as hell. I can't let her see Nathan!)

As Mia walked around the glass pane, Alice quickly raised her left foot and placed it in front of Nathan. Nathan stumbled backwards and raised his hands in fear of her giant sole. Alice was careful not to accidentally bury Nathan under her toes...She looked at Mia and told her to back up a little bit!

Mia: You wanna shower together? C'mon I'll wash you back! I'm sure you will love it <3 (Alice really does look cute and her breasts are pretty big...but not as big as mine! HA!)

Alice: Mia what the fuck!? This is a shared bathhouse but you don't have to share everything in here...Get out before I get angry! (What is she thinking?? I guess she didn't see him. I covered him up with my foot just in time...)

Nathan: Whoa! Alice! (Well that scared the living shit out of me! I thought she would crush me with her giant foot! She probably wants to hide me from that girl...I'm not sure if I should be relieved or scared...)

Mia: Awww Alice...don't be so mean! I was just kidding...you always take things so seriously! By the way after we both finish with showering, we cou....

Alice: Yeah Yeah Mia. Whatever... I don't have time for this right now. Get yourself clean and then get lost. And don't forget to bring me your notes from psychology class!

Nathan slowly got on his knees to get some distance between him and Alice's gigantic foot. He was still kind of afraid that she would accidentally squish him. Meanwhile Mia wanted to turn around to follow Alice's orders, she thought she saw something small moving behind her. She curiously leaned to the side to investigate. In an instant Alice moved her arm to the side and tried to block her view with her hand.

Mia: Yeah yeah...I'll go...and about your note....Hey! What was that? I think I....

Alice: SHUT UP! It's nothing! Just get the hell outta here! I warn you! (Shit! Did she see him? I have to make her go! NOW!)

Mia: But I'm pretty sure I just saw something beh...

Alice: Are you deaf? MIA! Seriously, I'm gonna slap ya! Get you fat ass and tits out of my shower!!!

Mia: Oh calm down girl. I just wanna look! Is it something embarrassing? You can tell me!

Alice: Hell no! There is nothing! I swear!

Mia: Yeah sure! And why did you move you hand like crazy when I looked there! Just show me!

Alice: (Fuck! She's not gonna go. That curious little brat! I guess there's no other choice...I have to go with plan B...

Suddenly everything around Nathan turned dark. He looked up and saw Alice's giant butt rushing towards him. He jumped forward and held his hands above his head, waiting for her buttcheeks to smother him into the ground. Alice was well aware of Nathans movements and moved her hips to the side. Nathan could hear the plumb sound of her cheeks hitting the tiles, as she sat down just centimeters next to him. She covered her crotch with her hands and looked at Mia with an embarrassed smile.

Alice: You know what? You win! I'll tell you what I've been hiding!

Mia: Oh really?? Awww you are so sweet! Friends shouldn't have any secrets <3

Alice: Yeah...sure. Sooo today is that special day of the month, where girls sometimes don't feel so well and...yeah...

Mia: Uhhhh...OK...What do you mean?

Alice: Are you serious? Period! I'm having my period, you stupid idiot, and I was hiding my tampon so you wouldn't see that bloody mess! Satisfied now!?

Mia: Ohhh I'm so sorry! I didn't know, I swear! If you need any help or...

Alice: Mia...I'm fine. Just get the hell out of here and never think about this ever again!

Mia: Sure sure. I'm gone. I'm really sorry!!

Nathan: (Oh my god I thought I was done for! That was so close. What was she thinking? She could have really crushed me under her butt!)

After Mia was gone, Alice closed the curtain behind her and carefully stood up. She picked up Nathan who was still cowering in fear. She placed him on her palm and smiled.

Alice: Haha tiny guy, that was pretty close wasn't it? I thought she would have noticed you!

Nathan: Alice you almost crushed me! Everything suddenly turned dark and in the blink of an eye I was sitting right next to your pussy!

Alice: Awww come on...It turned out just fine didn't it...aaaand I'm sure you liked the view, didn't ya?

Nathan: Hell no! That girl Mia...maybe she would have helped me, instead of humiliating me like you do...

Alice raised her left hand and started to poke Nathan with her index finger. She clearly was enjoying herself, while Nathan tried to push her away. Alice sarcastically smiled as if she would feel pity for pity for him.

Alice: Ohhh you poor little man. Is the big meanie girl bullying you? Ohhh what are you gonna do? You're gonna start crying?

Nathan: I'm serious Alice! You could have killed me...and stop poking me!

Alice: Ohhh...but it's so much fun! It feels like pushing around a toy figure, only much softer. I could do this all day!

Nathan: Stop it please! I'm gonna fall down! You can't just do this to me. I have the same rights as every human being!

Alice: Haha you really think so? I could squish your rights with my pinky toe if I wanted to...

Nathan: Alice you asshole! This is not a joke!

Alice: Watch your mouth tiny guy! Don't forget who's in charge here!

Nathan: I...I'm sorry...but please don't do something that could have easily killed me. I was honestly terrified...

Alice: Awww c'mon...I was being careful. I was aware of your position. Don't be such a baby....buuut the next time, I could maybe hide you in here...

Alice lifted Nathan closer to her face. With a mischievous smile she looked down on him and slowly opened her mouth, stuck out her soft tongue and touched it with her fingers. Nathan could feel her hot breath coming from her mouth. He slowly backed away to the edge of her palm...

Alice: Haa...how about going in there...?

Nathan: Whoa...stop joking! Are you crazy?

Alice: I'm sure this would feel amazing for you! Sliding around on my moist tongue and getting covered with my saliva...

Nathan: Alice please no...anything but this! I will do everything but please don't put me in there!

Alice: Ohhhh...everything...well that sounds promising. We'll get back to that later. Let's take a shower first.

Nathan: (Oh boy...this is getting worse every minute...I really wish Lisa would have found me...or that Asian girl just now. Everything is better than this sadistic brat...)

Alice closed her mouth and giggled. She lowered her hand so Nathan could jump onto the tiles. She lifted her left leg, put her foot on the tiles next to Nathan, and gently started to rub herself with the soap. The warm shower water ran down her body. Nathan looked at her uncertainly.

Alice: Ohhh this feels so good...all the sweat getting washed away. C'mon tiny get to work!

Nathan: Uhhh...what do you mean? What should I do....actually I'm already pretty clean so...

Alice: I'm not talking about you, dummy! Start cleaning my body! You can start with my toes. They need some special love. Make yourself useful or I will use you...

Nathan: But how? They are gigantic compared to me it would take hours just to...

Alice: So, you better start right now! This is not a discussion; this is an order...

Nathan: Yes! Sure....ok...but please be careful! (I guess I have no choice. I better do what she demands...)

Alice: Good boy! Make some use of that tiny hands. (Wow, he seems much more obedient then before. I guess he's starting to get used to it. This will make things much easier but teasing him is just so much fun...)

Nathan walked towards her foot and looked up. Alice watched him with a pleased smile while she gently cleaned her legs. Nathan was wondering what she was thinking, what kind of thoughts were running through her head as she was staring down at his tiny fragile body...

Nathan: (I guess I just have to do as she says. I know this is a totally fucked up situation but right now there's no helping it. If I just play the obedient slave, that she wants me to be, maybe she will be a little nicer to me. That's still means behaving like a sadistic bitch, but hopefully not totally crazy...and if she starts to get careless, I can use that to my advantage! There is no way that Lisa is not going to find out about me, and when that happens, I will be saved...still small but saved!)

Alice: (I love how he just accepts his fate. Maybe he really starts to understand who's the boss now. Is it Despair? Fear? Or Hope? I don't know but I really like it. I wonder if he thought back then, that I really would crush or eat him...I mean, I can be pretty convincing but that was just fooling around. It's almost cute how he tries to argue with me or run away with no chance of success...maybe I just got too excited! I really enjoy having him as my little pet...and seeing him getting used to that role kind of makes me wonder how far I can go...)

When Nathan arrived at her toes, she slowly lifted up her heel and spread her toes a little bit. Nathan started to rub her toes carefully, while trying to keep as much distance as possible. Alice was enjoying her private foot massage and gently touched her foot with her fingers...

Alice: Don't be so shy, you are doing pretty good boy, this feels nice. And don't forget to clean under my nails!

Nathan: Yes! I'm trying me best but your skin is so slippery. I have to really put in some pressure here...

Alice: Ohhh you poor thing! Imagine this as some kind of workout! You might even get a reward If you do a good job...

Nathan: Knowing you, it's just going to be another sadistic fantasy of yours...

Alice: Haha you know me well, don't you? But I promise you, you will not regret it <3

Nathan: Ohhhh, I can't wait...

Alice was watching with joy, as Nathan worked his way from toe to toe until he reaches her big toe. She bowed forward and lifted up her big toe to make space for Nathan...

Alice: Yes! That's the spirit! You are faster than you thought, aren't ya? I almost have to say I'm impressed...

Nathan: So, you're going to stop treating me like a toy figure and use me as a slave!?

Alice:...I said "almost" ...nice try though. You better start cleaning between my toes too! Here I'll help you out!

Nathan: Well, it was worth a try! Do I really have to go in there? Even with all the soap and water it smells kind of strong!

Alice: Are we back to complaining!?! Come on hurry! There are mor parts you have to take care of...

When Nathan was done with cleaning and rubbing between Alice's toes, she lifted her foot to show him her sole....

Alice: Wow my toes really feel good after your little "massage" Haha!

Nathan: Thanks....at least one of us is enjoying this....but this is it, I'm finished!

Alice: Almost little guy...almost. Now take a look at my sole! It really needs some love too.

Nathan: What? Seriously? I think I've done more than enough! I've been rubbing your feet for almost half an hour! My arms already hurt.

Alice: Poor Nathan...Your arms hurt a little bit? Well so you better hurry! You're done when I say it! So, get back to work!

Nathan: But...

Alice: WHAT?

Nathan: Alright alright... But I swear: If you put your foot down while I'm under there, I'm going to hit you!

Alice's wet sole felt soft and tender. He pressed his hands against her skin, so she knew he wasn't just pretending to clean her. Her toes moved slightly as she was trying not to lose her balance. Nathan didn't like this situation at all...

Alice: Ahaha, that tickles! I'm having a hard time to keep still!

Nathan: I dare you! This was your wish. You want me to stop? I would be totally ok with that...

Alice: Absolutely not! Keep going, this is great.

Nathan: Sure...It was worth a try.

Alice could barely see Nathan under her sole, but she could feel his tiny hands rubbing against her toes. While enjoying her massage, she thought about some kind of reward for Nathan. Mainly in her own interest...

Alice: (He's actually really good at this! I can feel that he's giving all he's got. My looming sole must be quite overwhelming for him. I could easily just put down my foot and squeeze him against the ground... That feeling of power is just so exciting! But I promised to be nice as long as he is obedient.... Well, I'm sure this won't be his last time at my feet!)

Nathan crawled out from under Alice foot and sat down on the floor. He was exhausted. She lowered her foot and placed her palm next to him...

Alice: Ohhh good boy! You are tired aren't ya? But you did I fine job, I have to admit that! So now it's time for your reward!

Nathan: Thank god! I thought I was going to faint under your sole. My arms burn so much... So, what kind of reward are you talking about?

Alice: You'll see...Come on tiny, climb on my palm.

Nathan: Oh boy...

Alice: Sooo after you took such good care of my feet, I'm gonna let you massage my breasts! Awesome isn't it?

Nathan: Wait...what? You are kidding right? You said this was gonna be a reward! I thought you'd help me to get big again or call Lisa and tell her what happened?!

Alice: Haha what? You seriously thought THAT? Listen: You should be happy to touch my precious breasts! The only guy who ever touched them went to the hospital shortly after...This is a privilege!

Nathan: Privilege my ass! You keep treating me like some toy even after I did what you said! This is unfair!

Alice: Unfair? Oh, maybe you didn't notice, but this whole situation is "unfair". I am the big girl and you are the 3cm tall boy, so shut your goddamn mouth!

Nathan: Or what?

Alice: ...or you're gonna regret this! Enough with the talk. Give my nipple a proper massage!

Nathan: Fuck...and how am I even gonna reach that thing?

Alice: Oh, don't worry...I'll help you out...

Alice turned her hand around and pressed Nathan against her nipple. He was struggling but there was nothing he could do against her sheer power. Alice enjoyed the feeling of rubbing him against her gigantic body.

Alice: You have to admit: This is quite some fun isn't it? How does it feel for you? I totally love it!

Nathan: Are you crazy!?! Your nipple is not as soft as you think! This hurts. Please Alice! Stop!

Alice: Oh, I can be gentle, I swear! Ill reduce the pressure a little bit....how is that?

Nathan: No please just put me down again. I will continue to clean your feet or do whatever you want, just let go off me!

Alice: Oh, you want me to let go? Sure thing honey....

As promised, Alice removed her finger and Nathan was clinging to her nipple on his own. She looked down and at the tiny human that was fighting for his life. She was kind of unimpressed, as it was his fault wasn't it? But she also could feel a rising sense of excitement...

Nathan: Whoaaa...Alice! What are you doing? I'm slipping...

Alice: What? That's what you wanted. "Just let go off me" Your words!

Nathan: Not like that Alice, not like that!...Please put me down again. I can't hold on for much longer!

Alice: You know: from my perspective this looks just so pathetic...My nipple is almost as big as you and it's the only thing keeping you alive right now...I'm getting more and more excited by this!

Nathan: You crazy bitch! I thought you would be nice if I'm obedient but that was just bullshit...I don't want to die...

Alice: But I WAS nice! You just didn't appreciate it! Well whatever. I think I'm gonna enjoy this situation as long as I can.

Nathan: Fuck you!

Alice: Hmm...that's not really correct. Let's say...Fuck me!

Alice sat down and looked at Nathan as he was grabbing for her nipple in panic. To his luck, she was leaning back a little bit so he could slowly climb forward. Alice nipples were getting more and more sensitive with every movement of the tiny man. She grabbed her left breast and gently started to massage herself. Alice was getting hornier and Nathan could feel that, as her nipples got harder and her body trembled with excitement...

Alice: Haaa... keep going little man. This just feels sooo good.

Nathan: What the hell are you talking about!? I'm just trying to survive!

Alice: Heh...yeah whatever...just keep going...I can feel every move you make with your tiny hands!

Nathan: Of course! I can barely hold on to this....Ahhh...Almost there...

Alice: Ohhh...(I can't stay calm for much longer...this is so intense... I just wanna...)

Finally, Nathan had reached the top of Alice nipple and was able to stand up. Alice had watched him the whole time and her mind was racing with ideas for what would happen next...

Nathan: Thank god! Finally!

Alice: Ohhh good boy! You reached the top and I'm almost at my limit too...this just feels so overwhelming...

Nathan: What the hell are you talking about? Don't tell me you get aroused by this sick game!?

Alice: Oh, it doesn't matter what you think. I'll make the most out of this situation and I don't give a fuck about your opinion!

Nathan: Whoa Alice. Please calm down. I didn't mean it like that. I was just...

Alice: Shut it!

Alice was getting more and more aroused as she was touching herself. Nathan couldn't believe what was happening. All of a sudden Alice fingers grabbed him and he was turned upside down...

Alice: Ohhh boy, this feels so good. Just thinking about you and everything I can do with your tiny body...

Nathan: Alice stop! What are you saying!? This isn't just a game or one of your sexual fantasies! I am e really huma...

Alice: Oh shut up and get down here! I need your help with this!

Nathan: Wait...whaaaa!

Alice: Have a good look at my pussy, because you are going in there!

Nathan: No Alice...please stop this!

As Nathan was desperately trying to escape from Alice vagina, she casually inserted inserted her finger and pushed Nathan deeper inside. You could barely see his arm, reaching for something to grab on but any effort was futile.

Nathan: No Alice Stop! Please! I'm slipping inside!

Alice: Ohhhh your little screaming and squirming makes this even better! You are doing excellent work tiny!

Nathan: This is not a joke!! It's so hot in here and I can barely breath. My body is getting crushed by your pussy! This is serious Alice!

Alice: Calm down Nathan. I'm being very gentle... Just a little bit more! The sensation is just overwhelming!

Nathan:...

Nathan couldn't believe what was happening. He was pushed further and further into Alice's pussy and there was no way of escaping her insatiable lust. In her mind, Alice was somewhere else and he was just an object of her desire.

Nathan: (This can't be happening. Is this really how it's going to end? Getting drowned in the vagina of my girlfriend's roommate? I have to stay outside as much as I can and when I can't hold on anymore, I will just have to take a deep breath and hope for the best...

Alice: (Oh my god! This just feels so good! I can feel him clinging to my pussy as I'm pushing him further in. I wonder what he's thinking. His struggle is getting weaker. Is he just exhausted or did he accept his fate? I'm sure his frightened to death and thinks, I want to kill him. Poor Nathan. He shouldn't have been such a bitch about his present! Any other guy would have loved to be smothered by my breasts. Anyway, I'm sure the place he's now is even softer!)

Alice was getting close to the climax while Nathans struggle began to weaken. Just a little bit more thought Alice...

Nathan: (It's getting tighter and tighter in here. Her whole body is shaking! Is...is she going to come? Maybe this will be my chance to slip out...or my end.

Alice: Haaa...haa. I can't take it anymore. This is crazy. I'm feeling a little bit dizzy...I've never felt a sensation like this! Ohhh....

It was only a few minutes, but for Nathan it felt like an eternity. When Alice finally sunk to the ground in total exhaustion, breathing heavily, he tried to crawl outside towards the light. He was drenched in her body fluids and couldn't even stand up. He slowly crawled away from her; his mind was blank. Nathan couldn't think about anything, just trying to get away. What just happened was beyond his imagination. He didn't feel like a human anymore...

Nathan: (...)

As Alice was sitting in the corner, exhausted and still overwhelmed by what just happened, Nathan managed to stand up and walk slowly to the curtain of the shower cabin. If he could get out of it, there was a possibility to escape...escape from this mad dream. He was still collecting his mind while he was walking next to Alice's huge foot.

Nathan: (I...I just have to get out of here. No matter what happens, everything is better than this. Something got lost in there...but I'm still a human. No one has the right to do something like that! No one...)

Just when Nathan was passed Alice right foot, he stopped walking and stared at her toes. They were huge compared to him and it made him realize, just how insignificant he was. He could have just been crushed and no one would ever notice. As he was looking at her giant sole that was moving slightly, various thoughts were crossing his mind. How could he survive like this? Would he ever get to normal size again and how could he achieve that?

Whatever it was: There was no way he could do it alone. He needed the help of someone bigger than him...much bigger, and maybe he could find it here...in the girl's shower because that's the only chance he has.

Nathan had to get away from Alice no matter what! If he could get the attention of one of the other girls maybe he would be safe.

Right next to Alice's cabin was Mia's shower. He remembered that she looked kind of nice and curious. This could be his chance but how would he get her attention?

He peeked around the corner and saw her massive body as she was showering. He would probably never get used to the feeling of being this tiny...

Nathan watched Mia for a while until he saw a way to get her attention. She was a little bit chubby but had very feminine curves making it hard for him not to get lost in thoughts.

He had to focus! This body could crush him with an instant and she wouldn't even notice. After a while she bowed down to grab the soap from the floor and that was Nathans chance! He made a run for it and tried to reach her plump feet that were towering in the sky like mountains.

Now he had to be lucky!

When Nathan finally reached her foot, he immediately started to rub her toes hoping she would feel his tiny hands on her thick skin!

He could see his own reflection in her toenails as he was furiously trying to get Mia's attention. When he saw himself like this, he remembered everything Alice had done to him and everything she could do with him in the future...

This was is ultimate chance and he had to give everything!

Nathan tried to get her attention with all his might but she was still totally unaware of him and no rubbing seemed to change that.

As Mia stood up again and continued to clean her massive body, she put her plump feet flat down on the floor. Just imagining being buried under her sole gave Nathan the shivers.

Still being engulfed by those fearsome thoughts, he still saw an opportunity...

Nathan sought a soft spot with his hand while Mia's foot moved subtly. She could change her position at any time and even a little bit would be enough to flatten him.

When he arrived at the arch of her foot, he felt her skin becoming more sensitive and less thick. That's it! Now or never.

He took a small step back and hit her as hard as he could. Immediately after his fist landed on her skin, he heard a deafening scream from above ...

With a mixture of surprise and fear, Mia raised her foot and looked down on the floor where something just touched her.

She could barely see anything besides the wet imprint of her sole...but there was something moving very subtle.

Nathan fell backwards and stared up in the air, seeing Mia's gigantic foot towering above him. She was looking right at him. His plan had worked, but maybe not as intended...

Mia: Ewww! What is that?! Is this a bug? IHHHHH.

Nathan stared into the air and what he saw was probably the most frightening thing he has ever seen. Even Alice playful-evil side couldn't compare this this...

Mia's look of anger and disgust went right through his bones. She slowly adjusted her foot, ready to stomp him any second. There was nothing he could do now. Nowhere he could run. He was just a tiny speck compared to her sole and that very sole came down to crush him...

With a deafening tremor, Mia's foot hit the floor of the shower cabin. Everything under her sole would have been obliterated. Nathan held his ears shut but the sound of Mia's massive body was still ringing in his ears.

But why was he alive? When he saw her foot coming down on him, he knew it was over. There was nothing else he could have done. No way to run. In a split-second he had accepted his fate...

But there he was, cowering by her toes. He looked to his right and saw Mia's huge big toe next to him moving slightly. She missed and that's the only reason why he wasn't a stain under her sole.

Now he had to be quick. At her size maybe she wouldn't even notice if something so small would have been crushed under her foot.

Mia looked down at her foot. Was it dead? She hadn't felt anything...pop under her sole.

Mia: (Did...did I get it? It was so small! Even my pinky toe should have been enough to squish it.)

Meanwhile Nathan had stood up and started running towards the shower curtain. He had to get out of this cabin as fast as possible. Behind him, Mia slowly raised her foot to check if she successfully had crushed him...and it was just a matter of seconds for her to notice, that she didn't.

Mia looked between her toes, expecting to see a bloody pulp stuck to the floor but there was nothing. No sticky feeling under her sole and nothing smeared into the ground.

Mia: (Fuck! I missed. That's a pesky little bug! But you can't run away from my sheer size.)

In the meantime, Nathan had managed to put some distance between him and Mia's foot. Her enormous sole was still looming behind him as he ran towards the shower curtain.

Mia: (Ah there it is! It's faster than I thought but not fast enough...this time it's game over!)

Nathan kept running away from his doom but it was simply impossible to outrun Mia's enormous body.

She followed the fleeing bug with her eyes and carefully lifted her right foot to end this once and for all. For her it was just a couple of muscles she had to use to get in position to crush Nathan but for him it was like running a marathon.

He noticed her foot coming closer as it got darker and the shadow of her sole began hovering above him. He felt pathetic. There was nothing he could do to escape her massive body.

He spotted the soap Mia had dropped earlier. Maybe...just maybe this could be a chance!

With his last bit of strength Nathan jumped towards the soap, Mia had dropped earlier and crawled next to it. He was completely exhausted. He couldn't move anymore but his body was still rushing with adrenaline!

Above him he could feel the presence of Mia's gigantic foot that was coming closer. Everything around him turned darker as her plump sole slowly engulfed his vision.

This is it. Only a wonder could save him now from ending as a stain on Mia's foot.

As Mia applied more pressure to the soap, it suddenly slipped away and with it, her foot as well. She stumbled and fell backwards, hitting her head against the hard wall tiles.

Nathan could feel the ground shacking slightly as Mia's plump butt cheeks hit the floor of the shower cabin. He wasn't really sure what was going on. Everything happened so fast. He looked back for a second and saw Mia sitting on the ground, holding her head and right foot in pain. Her interest in crushing him had shifted to soothing the pain.

Nathan could only think about getting away from her as fast as possible. He passed her giant foot that was stretched towards him and left the shower cabin.

But behind that curtain it would be insanely dangerous! Giant naked girls walking around carelessly that could crush him without ever noticing it. He had to find a cabin with a girl that would notice him as a human and not as a bug!

Before that though...he had to cross the main corridor!

When Nathan exited Mia's shower cabin he was confronted with total chaos. Girls walking along the hallway, chatting and giggling or just minding their own business. The air was moist and smelled like a mixture of deodorant and sweat.

It felt like he was trapped in the world of giants! How would he ever find help here? The sheer size of the girls walking around with their massive bodies, felt like skyscrapers to him. One false step and he would end as a stain under their feet.

He had to find a girl that was bigger than him...much bigger! If she realizes that he is a human being, there was a chance of survival. But first he had to manage his way through this stomping ground...

It was the "shower prime-time"! Most girls just came back from lectures or part-time jobs to freshen themselves up. Especially during this summer heat.

The thick moist air from the sweaty and wet bodies made Nathan dizzy and he had a hard time breathing. He wasn't really sure where exactly he had to go either. Some other cabin on the other side of the shower hall. It would all depend on pure luck. Maybe the girl in one of the cabins would notice him, maybe she wouldn't even look down to her feet. Only one chance to find out...

His way to the other side was like a minefield. Just out of a sudden a foot could come rushing down and flatten him like a bug. The only thing he could do was run...

He had made it half way through the hall with just pure luck. The girls were casually walking around, not even thinking what was going on between their feet. Their steps felt like small tremors to Nathan and he could feel the tiles shaking when someone was heading his way.

Nathan was aiming towards the closest shower cabin just in front of him. The curtains were closed and he had no idea who was in there! He only knew a couple girls from this dorm and most of them were Lisa's friends...or Alice's "friends". Especially the latter would make his life hell...

Just when Nathan thought he had passed this gigantic girl in front of him, the floor got wet. At this size a simple footprint puddle was like a small shallow pond.

He tried to maintain his balance but it was just too slippery.

This was probably the worst place to fall down...

Sitting on the ground he looked up. The gigantic heel of this girls was casting a shadow over him. If she would put her foot down right now, he'd pop like a cherry under her massive weight.

Paralyzed by this thought, he fought himself out of it. He had to get away! Now!

Her right foot created a noticeable tremor when she gently took a step forward. This was his chance!

Her giant foot rose in the air right above him. The wind created by her sheer size was very noticeable to Nathan.

She bowed down to grab her towel. A slow time frame for Nathan to get some distance from this massive girl. He couldn't remember her name, but she somehow looked familiar.

It was only a couple of seconds after she had grabbed her towel, that she turned around and faced his direction...

Nathan looked up and saw her gigantic foot towering above him. He was still running towards the other shower cabin but for a brief moment he had to stare in the sky to see this skyscraper of a woman walking towards him...

Now he could also see her face in the distance. It seemed to be kilometers away and felt like watching a landscape far far away.

Her name was Chloe and she was one of Lisa's best friends. Chloe was smart and sexy, even though she was kind of shy around new people. She used to get bullied because of her pretty huge breasts but now it had turned out quite the other way and most girls were jealous of her "gifts".

One thing Nathan also remembered right away when he saw her face were her glasses, or the absence of those. She always wore glasses. The chances of her seeing him were close to zero. She probably wouldn't notice anything moving around on the floor, that was multiple times smaller than her pinky toe.

Even though he was out of luck of getting seen by her, he was relieved when he saw her foot passed him and gently stepped down behind him.

While Chloe bent down to dry herself, Nathan continued running towards the shower cabin!

He could feel the moist hot air of her body being swirled around by the towel. Just a little bit more and he would finally reach his destination, after this minefield of gigantic girls.

He had no idea what was awaiting him but everything was better than being tortured by Alice or squished to death by some girl...

Nathan slipped under the curtain into the shower cabin where he was greeted by massive red toenails that were pointing in his direction.

The shower was turned off and the girls skin seemed to be fairly dry. But what is she doing? Why is she sitting on the ground?

Many thoughts raced through Nathans head but maybe this would make it even easier for him to get her attention! He carefully walked towards her ...

The girl's huge feet were twitching around him and she kept clenching her toes. Her breathing was shallow but very quick.

When Nathan passed her left foot, he could slowly see her face...and also why she was sitting on the floor...

Her name was Sara and she was pleasuring herself.

Nathan stopped for a second. He felt like an intruder, walking into someone's privacy. For a brief moment he forgot his size as he was staring at this girl.

She was moaning subtle as she was moving her fingers in a rhythm that seemed enjoyable. Her eyes were closed and she kept biting her tongue. Nathan couldn't hold himself and noticed a slight feeling of arousal...

He quickly snapped out of it when her gigantic sole twitched towards him. He was still the size of a bug and reality kept crawling back at him.

He waved his arm to get Sara's attention but apparently her mind was somewhere else right now...

Nathan took a few steps towards her sole and began to punch his fist against her thick skin. The wrinkles in her soles were bigger than his hands.

No matter how hard he kept pounding against her sole, she didn't seem to notice in the slightest. But this seemed to be the only spot he could reach.

He could feel Sara slowly reaching her climax as the trembling of her gigantic body got stronger and stronger. Just a minor itch in her right foot could bury him alive under tons of flesh. But Nathan was desperate. What else could he do?

Nathan was standing in front of Sara's foot. It felt like looking up a massive mountain. After trying to get her attention to no avail, he had to change his plan.

It was risky, but being the size of a bug inside a girl's dorm shower, unaware, couldn't be riskier anyway...

While Sara was still focused on her own pleasure, completely unaware of what was going on between her toes, Nathan grabbed her pinky toe and started to climb.

Her sole was sweaty and slippery but he managed to find halt by grabbing the skin between her toes. He was engulfed with the moist air of her skin and breathing once again felt painful.

Sara's toes were still itching and he could feel her lust with every small tremor of her body. Just a little bit more and he would reach her big toe! Maybe from there she could see his tiny existence.

When Nathan finally reached her big toe, he could barely look over it! Keeping balance wasn't so easy as well! But he just had to try getting her attention!

He kept bumping her big toe as hard as he could but Sara was somewhere else right now. At least that's what he could derive from her constant moaning...

As his arms started to hurt, he heard a loud gasp...

Sara was looking straight at him. With a look of disbelief and confusion she was staring at her toes. She could barely see that tiny little creature but it felt like it wanted to get her attention...

Nathan: Oh my god! Hey!! Sara it's me!! Nathan. Please. You got to help me!

He was waving his arms like crazy, afraid that she wouldn't recognize him. But it seemed to work as he could feel Sara's massive body moving towards him.

With a powerful trembling, Sara slowly bent over and reached her hand out towards Nathan.

As he saw her huge hand coming closer, he started to get second thoughts, if getting the attention of a gigantic girl was a good idea in the first place. She seemed like she wasn't entirely sure what was hiding behind her big toe.

But now it was too late. Nathan tried to hold on to her sole but Sara's huge fingers lifted him up like a feather...

Nathan was holding onto Sara finger nail while screaming right at her face that was looming in front of him. He could feel her subtle warm breath coming out of her nostrils.

She was holding him in a very gentle way, not pinching her fingers to tight. It felt like a nice change, compared to Alice's roughness...

Sara still wasn't sure what she was holding there in her hand. She could see it moving but it somehow felt weird. Carefully, she opened her hand to let that tiny "thing" fall into her palm.

Nathan could feel her soft palm under his feet. It felt like walking on warmed up waterbed but much more...natural. He slowly walked towards her face, while carefully reaching out for her.

Sara's breath was almost like a hot breeze, like a fan that would push hot air against him over and over again. Nathan still wasn't sure what she was thinking. Did she recognize him as a human being? she still had this confused look on her face.

Nonetheless, he kept on walking forward...

When Nathan had finally reached Sara's mouth, her breath was almost strong enough to make him fall over. He reached out his hand and gently touched her lip. It was moist and soft. Softer than anything he had ever felt before.

For a moment he was simply mesmerized by what he was seeing. This beautiful mouth in front of him was radiating a sense of calmness, something he hadn't felt for quite a while...

Sara could feel his miniscule fingers gliding over her lip. This was no ordinary bug! With a sudden shock of realization, she gasped...

Sara couldn't believe her eyes. What she was holding there in her palm was not a bug at all. It was a tiny man! His size, smaller than her fingernail, was just unbelievable. How could something so complex but fragile exist?

Nathan was knocked back by Sara's sudden movement and now she was staring at him with her huge brown eyes. She looked like she had seen a ghost. There was a brief moment of silence as Sara and Nathan just stared at each other. With his small insignificant voice, Nathan opened his mouth.

Nathan: Uhh...Heyyy...

Being startled by that tiny voice, Sara answered.

Sara: Oh my god! Are you real? What are you? This is impossible!

Nathan: Uh...I know how this looks like and I probably wouldn't believe it myself but I am real. I'm a human just like you...

Sara: Well definitely not like me! What the fuck happened? How did you get so small?

Nathan: I'm not sure myself, but I think it was this game I played with some friends. Some stupid paranormal bullshit card game or whatever...but there's no time to explain. I need you to help me...

Sara: Wait Wait Wait. So, you actually got shrunken? By a card game? That sounds ridiculous.

Nathan: I know how it sounds, but I don't know what else could have happened! I need you to get me out of here! My girlfriend...

Still being fascinated by this tiny being and not really paying attention to its weak voice, she interrupted Nathan.

Sara: Let me get a closer look at you! I still can't believe it. This is incredible...Come on, get on my finger tip! Hold on to my nail.

Sara moved Nathan closer to her eyes but she still had a hard time believing what she was seeing. That tiny thing was a human but it looked so fragile.

Sara: Oh my god! You really are human! But how did you get here? I'd be scared to death if I was you!

Nathan: Believe me I am scared. Being the size of a bug surrounded by humans isn't fun! You wouldn't believe what I had to go through...

Sara: Oh, I imagine it would be tough. Just walking around in the open seems to be a death sentence. You could be crushed by someone and they wouldn't even notice it.

Nathan: You tell me... Just getting into your shower cabin was hell! I'm glad I finally found someone who doesn't want to crush or torture me!

Sara: What?? Why would anyone do that to you?

Nathan: Oh... there are some fucked up girls in this dorm! My girlfriend Lisa lives here and I tried to get her attention but obviously it's not that easy at this size. So, her sick roommate Alice found me. She humiliated me and treated me like a living toy... I never was so afraid in my life. managed to flee from her but now I need some help to get out of here!

Sara: Alice? Who is this girl? She sounds like a crazy bi....

All of a sudden, the shower curtain was violently pushed aside!

As Sara raised her head, her eyes met an ice-cold stare. A girl had violently pushed aside the shower curtains and gazed down on her.

Sara was still holding Nathan in her hand but she could feel him hastily crawling away from this black-haired woman.

Nathan: No. No No No! This can't be!

With a soft trembling voice, Sara broke the silence.

Sara: Who...who are you?

Alice: I'm Alice. Who the fuck are you?

Alice came a little bit closer and knelt down. She ignored Saras confused look and fixated her eyes on Nathan. He could feel her menacing stare as he tried crawling backwards.

Nathan: Oh no please! Please don't do this to me! I can't do this anymore!

Alice: Ah haha, you are as cute as ever! But don't worry I'd never hurt you; you know that right!

Sara: Ok what the fuck is going on here! Are you the girl he told me about?? What the fuck did you do to him?

Alice: Shut up!

Alice leaned closer to Nathan to get a better look while he tried to get crawl away from her but seeing her this up close again made him freeze. All the things she had done to him just came rushing back.

Alice: Ohhh poor boy! Don't be afraid. I promise I will keep good care for you! I always did!

Nathan: Cut the crap! What you did to me was inhuman. You tried to eat me, stuffed me into your socks, made me lick and clean your feet and then you even used me to... you know! What the fuck is wrong with you?

Alice: But I was just playing. You didn't get hurt, did you? Running around aimlessly inside a girl's shower is much more dangerous! You could have died in so many ways.

Nathan: And I still chose to run! Because everything is better than being your toy!

Alice: Ugh, I'm sick of this whining. Come here you little shit. I'll make you regret running from me and make wish you would have been crushed by some girl instead!

Nathan: NO! Sara! Please do something! You got to stop her!

Sara was listening to their conversation but the situation was still so absurd, she had a hard time following what was going on but she could definitely hear Nathans scream for help. When she heard his cry for help, she closed her hand and grabbed him.

Sara: I...I'm not giving him to you! He's not your toy!

Alice: Sorry? I don't remember talking to you.

Sara: You can't treat him like that. He's a human just like us!

Alice: Oh of course he is! He's just much smaller and so are his rights.

Sara: What are you saying!? That's not true. Imagine being in his situation. He needs our help!

Alice: Oh sweetie...but I am helping him. I'm keeping him safe from all the dangerous stuff out there. He's lucky he got such a protective girl taking care of him.

Sara: But...he said you tortured him, made him do humiliating things. I...I will take care of him from now on!

Alice: Ok...listen here bitch. I tried it the nice way but if you're not handing him over to me right now, you are going to regret this. Believe me. Now, open your hand and let him out!

Sara: N..No!

Sara pulled Nathan closer to her and tightened her grasp. Even if it was unintentional, Nathan had a hard time breathing. It felt like being squished under a massive weight.

Alice: You stupid bitch! You really think I'm going to give him to you just like that? You have no idea who you're dealing with!

Sara pressed herself against the wall trying to defend herself as she wasn't really the "aggressive" type of girl, quite the opposite of Alice who raised her foot in front of her.

Alice: Oh, that's cute! Trying to back out? Now it's too late. I'm going to fucking stomp you to death!

Nathan saw Alice's giant foot coming closer and braced for impact! With quite some force, she kicked Sara who was still holding on to him. As her sole hit Sara's arm, she lost her grip.

All of a sudden, he was falling...

He tried to hold on to the next best opportunity and without thinking he grabbed Saras nipple. It was a steep fall from here but his reduced weight made him more resistant.

Sara's body was shaking heavily as she tried to fight Alice off and Nathans arms started to get weak as he was bracing himself for the next impact.

The floor was harder than he thought...As he was slowly getting up, he realized where he was. Above him was Sara's giant pussy that just had been pleased minutes ago.

It was still wet and emanating subtle warmth towards him. The smell was also noticeable as it mixed with the moist combination of sweat and shampoo.

Above him the giants were still fighting and Nathan started to wonder if they would even notice him down here.

Nathan looked up and saw Alice still attacking Sara. She was trying her best to defend herself but Alice was in a rage.

He felt his existence was so minuscule between Sara's thighs. Any slight movement could easily obliterate him and they probably wouldn't even notice.

While Sara was holding Alice's leg, she looked down hoping to see Nathan. And there he was, staring right up to her!

Sara: Alice watch out! He's down there on the floor!

Alice: Well that's where he belongs to! I'll take him back...

Alice: I see you down there tiny! This will teach you...

Nathan saw Alice's gigantic foot rushing down towards him. She was staring right at him trying to aim her stomp.

Their eyes met and Nathan was surprised by her expression. Alice didn't just look hateful. It was more like a combination of anger and disappointment...

Nevertheless, he had to run from that huge sole that was coming for him...

With a loud deep thud, her foot landed in front of him. Nathan, feeling the tremors in his body, threw himself on his back. Being so close to Alice feet made him remember all the humiliations he had to endure while being her pet.

Alice was a master of using her body against others and with Nathans size, she could take full advantage of it. She wasn't trying to crush him with her foot, she wanted to lure him away from Sara.

Controlling a guy that's just a couple of cm tall isn't that hard but a "full-sized" girl is something else. Even Alice had to watch her steps...

Sara grabbed Alice's leg, giving Nathan precious seconds to escape! Just a couple centimeters behind him, her giant heel came down followed by a tremor he could feel in his whole body.

Sara: Run Nathan! I'll hold her back. She won't get to you!

Alice wasn't impressed by this act of protection as she watched her tiny prey running between her feet.

Alice: Wow...you too are almost cute. Such a shame I have to break this up now...

Still running as fast as he could, Nathan saw Alice feet passing him on his left and right as she knelt down. Seeing her gigantic foot coming down, reminded him of her sheer size and how futile his attempt for escape really was.

Alice: Keep running little guy. Maybe you'll have reached my toes by the time I'm finished with your little friend here...

Without hesitation, Alice grabbed Sara's neck and started choking her.

Alice: This is my last warning, bitch! If you ever touch my small little "friend" again, I will fucking kill you! I'm not someone who gets pushed around! Stay out of this and keep your mouth shut!

Sara almost couldn't breathe but Alice grip still tightened.

Sara: P-Please...I can't...br-breath! Just let me g-go!!

Alice was clearly enjoying this and tormenting people smaller than her, (even if they were just a few inches shorter) was one of her favorite things to do.

Alice: Your begging face looks hilarious! To sad you're not as tall as him...When I let go of you, you will stay here until I leave, got it? If I see you around you better fuck off!

Alice walked out of the shower cabin, leaving Sara sobbing in the corner. She had promised not to say a single word to anyone. The furious confidence in Alice eyes had left a mark on her. She never wanted to cross that girl again...ever.

For Alice, it was just a single step catching up with Nathan. He was thrown to the ground of reality as her gigantic toes landed in front of him.

Alice: Going somewhere?

And there it was again. This feeling of total helplessness. Nathan was lying on his back staring into Alice eyes as her sole was towering over him.

In her eyes he could see all the horrible things she was imagining right now. All the torture and humiliation he will have to endure while his last tiny bit of humanity gets ripped away.

Alice: Ohhh I've missed this. Seeing you cover under the powerful whim of my body just feels right. I'm sure we're going to have a lot of fun!

Alice lifted her foot and slowly bowed down. Nathan trying to get on his feet as fast as possible, barely had the time to stand up. His world turned upside down as he was grabbed by his leg. Picked up like a piece trash that had fallen down to the floor.

He was waving his arms, trying escape Alice's grip but even he knew it was futile.

Alice: Hahaha. Your useless struggling never gets old. I love it! Always makes me wonder how it feels being treated like a bug. But I'm happy I got the role of the giantess. I definitely prefer it!

Alright. So now that we are finally together again, I think I should teach you a lesson. A lesson about what happens when you try to run away! You thought this couldn't get any more humiliating? I'll show you...

Nathan couldn't believe what he was seeing...

As Alice was slowly lifting him up, her hands wandered behind her back. Nathan, dangling upside down, was confused and had trouble orientating himself but as he saw her giant buttocks above him he knew what Alice was aiming for!

Nathan: NO! NO you can't do this! Please no! Anything but this! Please!

Alice could barely hear Nathans tiny screams from back there but she was pretty sure what his reaction was!

Alice: Ohhh... I told you to not run away! If you don't behave, you get punished and I'll make it as enjoyable for me as I can! Hope you are ready!

No struggling or fighting could change anything. Nathan was dangling in front of Alice's butt cheeks. She was clearly enjoying this!

Alice: Enjoying the view down there? I'm sure you are! Let me give you a better view...

Alice slowly spread her anus as she was bringing Nathan closer. He could see the gaping hole in front of him. It was emanating pure darkness.

Nathan: Alice please. This is not a joke anymore! I will suffocate in there! I swear I'll do anything you want! just stop!

Alice: Whaaaat? I can't heeeear you...

She was gently massaging her butt hole while keeping Nathan as close as possible. Alice was clearly enjoying this, not only in a powerful way but also in a sensual one!

After playing around for a while Alice couldn't hold it anymore. Just imagining having a tiny human inside her ass was driving her crazy with lust. She carefully started pressing Nathan into her anus. His tiny legs were struggling and she could very well feel them on her sensitive skin.

Alice: Ooooh...I can feel you down there. This is amazing. Please continue!

Nathan couldn't even scream anymore as he was too terrified and focused on grabbing her skin. But any attempts of slowing her down were in vain and slowly the warmth of her body was engulfing him...

"Is this how I die?" Nathans mind was racing with thoughts as he could barely fathom what was happening right now. Struggling was almost impossible as Alice body was dictating his entire movement.

Alice: Oh! I think you are inside now. Be careful not to slip in too far!

Nathan: Ali..Pleas..I can't...Hel....

Nothing but muffled screams were audible as everything turned into darkness...

Alice slowly stood up, making sure her tiny passenger was sitting tight inside her.

With focused steps, she heads back to her dorm room. This had been quite the ride for Nathan as he tried to flee Alice's grasp but in the end all of his efforts led into darkness.

The only person who could save him now was his girlfriend Lisa...
