

"common jimmy, eat something! this food won't kill you ya know"
Dave said while pushing a bowl of kimchi fried rice over the table

"yea seriously, your offending my culture man!" joked one of his
Asian female friends as she punched him in the arm lightly!

"I really don't like kimchi or any of this stuff guys! I have a sensitive
stomach, i'll eat later don't worry" jimmy said smiling and nibbling
on some plain white rice!

"vanilla on the streets and vanilla in the sheets right buddy" said
another of his classmates as they all laughed!

"im not **VANILLA** in the sheets!!!! I just don't like alot of asian
food!"

"**NO NO NO**" Ashley leaned in talking over everyone!

"remember that girl you used to date! what was her name???
uhhmm? that one with the massive ass!!!"

"Sarah!" yelled out Dave quickly!

"YEA ... she told me she broke up with you because she wanted
you to eat her ass and you refused! that's pretty vanilla to me"

Jimmy was blushing a deep red now trying to hide his face while
his friends laughed a bit at his humiliation!

"c'mon dude, nothing wrong with a little chocolate right?" the table
burst out in an eruption of laughter and **EWWW..**

"if your eating shit while going ass to mouth your doing something wrong Dave" joked Ashley while jimmy smiled with the attention finally being off of him

"hey you only live one right?"

"shut the fuck up Dave, your seriously saying if a girl wanted to shit in your mouth you would let her?"

"chills guys, i'm just saying if the opportunity came along I wouldn't fight it, right? yea its fucked but people do it, how do you know you wouldn't love it?? hmmm???" Dave grabbed a spoonful of chocolate ice-cream and waved it in-front of his crush Marie

"what the fuck" she smacked the spoon out of his hand and it smacked jimmy's white t-shirt

"ah sorry dude" "sorry jimmy" both Marie and Dave apologized and handed jimmy napkins as he stood up politely saying it was ok, and went to the bathroom to wash up!

Jimmy walked through the crowded Korean restaurant filled with chatter as he held his shirt out trying not to let the ice cream leak or stain further as he snaked between tables. as he reached the bathroom hallway he looked up for a moment to see a Goddess for a split moment then BAM they collided. he quickly reached out to try and not let her fall as she smacked his hands yelling at him in Korean!

"im sorry im so so sorry" jimmy backed up holding his hands up like a criminal

the Korean girl in shock looking down at her shirt, had a huge brown ice cream stain on it. the shirt was just a plain white t shirt but with some graphic printed designs on the top, it didn't look too expensive... jimmy quickly grabbed his wallet and opened it taking out some cash and politely holding some out...

"SO SORRY... MONEY TO FIX CLOTHES?" he said very offensively in broken English and very loud. the Korean girl stared at him with a horrifying look in her piercing brown eyes almost motionless. she took out her phone, held it up and flashed jimmy with the light as

she took a picture then pushed him out of the way as she walked away into the crowded restaurant.

Jimmy went to the bathroom and washed his shirt quickly, then went to restaurant dining room quick to find the woman who he had angered.... standing by his friends he looked around, but he couldn't see the woman anywhere.. did she leave?

"what are you doing j?"

"uhmm.. nothing?"

later that night jimmy Dave and Rachel were walking down the street heading to their campus to turn in for the night. passing a joint back and forth the three of them joked about a professor they all hated and they horrible unrealistic things they wished would happen. none of them paid attention to the van speeding up behind them. the van came screeching to a halt beside the three students as they jumped back surprised and 4 masked men in body-gear jumped out.

"WHAT THE FUCK" yelled Dave but one of the men hit him with the butt of a pistol knocking him unconscious. Jimmy and Rachel tried to run but the men quickly caught up and tackled them both to the ground winding them of all air. they were yelling in Korean as one of the men tasered Rachel. Jimmy yelled in anger as he saw her convulsing on the ground before a hood was thrown over his head and zip ties around his arms and legs. he struggled and squirmed as three of the men threw him into the back of the van and sped off, leaving Dave and Rachel on the grass in the dark.

Jimmy was in shock, one of the men gagged his mouth and put in earplugs before putting the hood back over his head. he could feel that they were speeding very fast and making sharp turns. he tried to wiggle a bit but was met with the sharp sting of a pistol to his

forehead as he screamed into the gag. he could feel the warm blood seeping down his forehead.

the van came to a stop. and he was zipped up into what felt like a big duffle bag. Jimmy's heart was beating so fast, what was happening.. he could feel the bag being tossed roughly onto a pile of something as his ears were hit by the deafening roar of an engine. he knew this sound... and the feeling in his stomach.... HE WAS ON A PLANE! he began to thrash around violently but all it accomplished was wasting the precious and much needed air in the tight space.

what felt like days later, the bag was finally lifted and thrown onto a conveyor-belt. Jimmy was shivering and a complete mess, he had pissed himself multiple times on the trip and was in an extreme state of shock. he could hear multiple Korean voices around him as the bag was lifted and thrown into another van. Jimmy had never believed in god but he closed his eyes and prayed to any god that existed. he had no money, he wasn't famous or important, he knew no secrets, what did they want??

the bag was finally ripped open as jimmy's eyes adjusted to the light! he rose his bound hands to block the light but was quickly hit

again with the butt of a gun as he screamed in pain. one of the men grabbed his arms and dragged him into a large mansion and quickly down into a dark basement but he could barely make out any details! except for the cold damp and pitch black darkness. his bounds were cut, then quickly replaced with metal shackles attached to the floor forcing him to stay in a kneeling position as the metal door slammed shut leaving jimmy in the dark.

he knelt in the dark, his mouth was dry and his stomach was growling terribly. he really wished he would have eaten more at that Korean restaurant. if he knew that he was going to starve he would have maybe been able to get down some kimchi! the door swung open as he looked up, in the light of the doorway he could see the thin silhouette of a woman with a large man behind her. the lights flicked on illuminating the room as jimmy's eyes slowly adjusted.. he could hear the clicking of sharp heels as he gazed up, slowly putting 2 and 2 together...

"IT'S YOU" he shouted seeing the Korean girl he had bumped into in the restaurant! she slapped him hard and shouted back!

"조용한!, 말할 때만 말하다!!!!"

"i...i.... I don't understand..." she slapped him again hard

"화장실로 이동?" the guard asked her something as jimmy tried to get clues from their facial expressions

the man roughly grabbed the back of jimmy's head and forced him forward with his head face sticking out.

"you like chocolate?" asked the Korean girl in a thick accent, she turned around and bent over sticking her very well toned and perky butt out into jimmy's face. immediately jimmy could pick up the very apparent smell of fresh shit and tried to move his face but the man held his head tight in place.

"you have no discipline! NO RESPECT! you learn! RESPECT, you leave here? you will love chocolate!" she let the word love stretch way too long as she rubbed the crack of her ass over jimmy's nose. she quickly stood up, turned around, then kicked jimmy in the balls hard before leaving, he fell to the floor crying in pain with the smell of her fresh shit still on the tip of his nose.

(this portion is in Korean but will be written in English)

"THANK YOU!!!! GOODNIGHT KOREA!!!!"

over 100,000 fans screamed and cheered flashing pictures as Ji-yeon and her other girl group band members waved and made their exit off stage! as the 5 pop stars walked down the backstage hallway multiple workers began handing them towels for their sweaty bodies, and cold bottles of the best quality water. usually after a big show the only thing Ji-yeon wanted to do was go out, drink and get smashed. but right now the only thing she could think of was the poor foreign boy trapped in her basement and the horrible plans she had for him.

"where do you girls want to go out tonight?" Kim-yu asked

"im feeling a bit tired.. I may just head home"

"you've been so distant lately Ji-yeon, are you ok?" asked Bae-su

"yea.. its just..." she then had an amazing idea for the boys first night

"Heyun broke up with me 3 days ago" Ji-yeon said while beginning to weep and falling to her knees on the changing room floor. the girls all ran to her to console her.

"do you think you could all come say over tonight? it would make me feel so much better to have friends around"

"OF COURSE, omg! we won't leave you" all the girls replied while hugging her!

Ji-yeon sent a text to one of her guards at the estate to get the foreigner prepped for the toilet. the fact that her friends would be unwillingly helping made this all the more exciting!

Jimmy had been kneeling on the hard concrete floor for almost 6 hours and his knees were screaming. the metal door swung open as jimmy looked up watching in fear as a large man walked behind him. he could hear clanging and moving as the man began to strap something onto jimmy's face. it was like a gas mask but without the eye or head portion. his mouth and nose were covered with a thick leather mask attached to a thick rubber hose. the man pushed on jimmy's spine as he pulled and tightened the mask, clamping it on with something cold and metal. he could hear his

breathing in the mask as he looked up seeing the tube stretch far above him to the roof of the dungeon he was in.. what was this?

the man continued tying and tightening cords making sure jimmy couldn't move an inch, before silently leaving, and slamming the door! Jimmy cried in fear, he just wanted to be home.. and he was so hungry.. he would eat anything. a few seconds later the tube attached to his mouth was blasted full of something warm and tangy, it filled the mask and went in jimmy's nose making him choke and gag! he ripped on the shackles as he swallowed a mouthful by accident and his body fought against him! THIS WAS FUCKING PISS WHAT THE HELL! his lungs were burning for air as he gulped the foul liquid down, it was so warm and salty. after a few big gulps he was gasping for air, all he could smell was the thick scent of urine dripping from inside the mask!

upstairs Bae-su was sitting on the toilet casually checking her phone, she put her hand to her stomach feeling a slight movement, as she leaned over and turned on the tap water. she didn't want any of the girls to hear what she was about to do, even though everyone poops she was always embarrassed.

gasping for air and dry heaving a bit jimmy could hear a sharp sound echo down the tube? it sounded like a balloon releasing air, then he was hit with the smell... my god... it was like fermenting kimchi that had been left in a pile of shit! no... please noo.. jimmy began to realize what was going to happen. it came down quick, a large mushy turd rushed down the tube hitting jimmy's mouth! what the fuck! another one came down hitting the first one and mushing it further into jimmy's lips and against his nose! the smell was so heavy he wanted to die! he felt like the shit was burning his lips!

he kept his mouth tightly closed! he wouldn't eat this, as soon as they removed the mask he would shake the shit off his face. he could survive the smell! no ones ever died from smelling something bad! Bae-su wiped her ass and lit a match quickly waving it out to get rid of the smell as she washed her hands and flushed the toilet, quickly closing the door behind her so the smell didn't escape.

things took a horrible turn, jimmy could hear rushing water as the tube tensed and blasted a rush of shitty water into the mask, the water broke up the shit and filled the mask, and a large portion of the tube, as Jimmy thrashed! he opened his mouth and could feel

the cold water mixed with clumps of shit washing down his throat, he snorted in a big serving of shit soup as his stomach twisted and churned inside him! finally he had got it down and could gasp for air, he couldn't stop dry heaving, there were strands of undigested food in his teeth, and he could taste the spices of kimchi in her feces! with his hands still shackled to the floor he couldn't wipe his eyes, they were watering badly!

Ji-yeon watched her friend come back in from using one of her many bathrooms, all which were connected to the slaves feeding hose. and she couldn't help but smile a bit knowing her friend had just horribly punished her new prisoner without even knowing he was there. she excused herself from her friends for a moment and went downstairs to see the boy. she wanted to see the look in his eyes when he realized what was going on.

when she got downstairs she saw the boy.. he was shaking and crying.. his eyes were beet red. he pushed and clamped his hands together praying as he looked up at her pleading with only his eyes! laughing out loud she tossed the shirt in-front of the boy!

"that! \$80,000 american! very famous designer! one of a kind, stupid! but i can very generous! I pay you \$8 an hour to be toilet! you do math? that equal 10,000 hours! 416 days! understand?"

the boy was crying and trying to move but he was completely stuck and tied tight.

"PPPPPPPPPPPPPPPP MMMMMMM"

"I come back to see you 1 month. maybe you learn by then?"

"ommmm months???" Jimmy cried as she walked out leaving the shirt with the ice cream stain on the floor at his knees. at the door she stopped and did a quick little dance showing off her tight ass before slamming the door and locking it.

/R/KPOPFAP

PHARKIL

when Ji-yeon got back upstairs she noticed one of her friends was gone

"where is kim? she asked

"she went running to the bathroom, I think she has the runs! the girls all laughed

"I think I have to excuse myself to the ladies room too, i'll be right back" Ji-yeon went to the second bathroom and had a seat, she had been holding it in for almost 2 days anticipating her prisoner arriving. she gently rubbed her stomach trying to coax on the steaming shit inside her belly.

Jimmy heard a rushing water sound as he braced himself for more urine, but suddenly the mask was filled with a warm soupy shit! he could still breathe through his nose as he gasped for any air that was left in the mask. urine and more soupy shit rushed down and mixed filling the mask as jimmy choked. above him the unsuspecting pop-star was clutching her stomach and pushing her toes against the cold marble floor as she released horror from her asshole! in the other bathroom Ji-yeon smiled as she felt the steaming monster exit her bowels and drop into the toilet, sliding down the tube, followed by a rush of her urine! she had a urinary

tract infection and it made her piss smell horrible! but that wasn't really her issue right now.

Jimmy's throat felt like a garbage disposal as he choked down the horrid mixture of urine and shit when all of the sudden a monster turd sunk through the mixture and into his throat. he had to use his tongue to break up the soft turd, feeling the pieces inside break up in his mouth. jimmy began pissing himself as he choked harder, his throat was backing up as he tried to swallow! he didn't want to die! he swallowed again and again until he finally got a breath of air through his nose, ignoring the small pool of shit by his mouth.

his breathing was deep and shallow, he could feel that some shit and urine was in his lungs. how could anyone treat him like this. suddenly water came rushing down the tube mixing with the small shit pool and making another mess for jimmy to drink. Kim had just flushed and was washing her hands, as she washed up she had a quick deja vu to an article she had read in the paper a few months back. there was a horrible smell coming from an apartment complex, and when they found the source of the smell, in one apartment, a man was trapped under the floor and was being used as a toilet. the apartment had 3 female college students living there who had just moved out and the place was unoccupied. they guessed the man must have died after they moved out, which meant he was eating their feces... for how long? and how did he get there? she always had very bad stomach issues since she was a kid, and could only imagine how horrible it would be for anyone to eat someone waste! especially hers! she shuddered for a moment before exiting the bathroom.

Ji-yeon went back to the t.v room to join all her friends

"hey... how about we order in some food? im starving!"

the night was uneventful, jimmy spent the entire time slowly wiggling and trying to loosen the bonds holding him in place. every hour or so he would have a large blast of urine come rushing down the tube that he was forced to guzzle down, he could tell that morning time had come from the sounds of footsteps on the roof above him. little did he know the morning rush was coming straight from the girls bands bowels!

Ji-yeon was more than happy to let all her bandmates stay over, especially considering they had pigged out all night on sushi pizza, tteokbokki, sunflower seed chocolate balls and seaweed chips! she had known these girls for some time and pizza always caused issues in the morning! she made sure to get up early and hit the toilet before there was a line for the two restrooms. as she sat there letting her urine and shit drop into the porcelain bowl, she completely forgot about the boy underneath. she could feel multiple soft logs slide out, she wiped and washed her hands just as Kim rushed past her and slammed the door.

Jimmy was in hell! he was scratching at the concrete floor with his fingers as the piles of shit came sliding down the tube. his fingers burned from the skin rubbing off on the tips but the pain took away from the horror in his mouth! he could see more piles and logs plopping down in the tube as water came rushing down forcing it

all together. he remembered one time last year his Asian friend Vera had made him eat some sushi pizza and he puked everywhere! the taste of the raw fish and spices were too much. this shit tasted just like that but 100x worse. like raw fish blended and mixed with the most foul shit, every-time he swallowed, the mask would instantly filled with a mix of warm piss and soupy shit/mushy logs.

upstairs in the guest bathroom Soo-jung was in really bad pain. she was clutched over the toilet looking at her feet as a burning hot diarrhea spilled from between her tiny white ass cheeks. she wiped her ass gently before going to the sink and taking a drink of

cool water, only to run to the toilet and destroy it one more time! downstairs jimmy was eating, chewing and mushing the clumps of Korean girls shit in his mouth, desperately trying to keep up so he could take quick gasp of tainted shitty air between meals. looking up he saw thick dark yellow coming down the tube, as it hit his lips he began to instantly vomit but it had nowhere to go!

jimmy flailed his body trying to loosen the mask but it wouldn't budge! he was going to have to eat this... closing his eyes he opened his mouth and allowed a mouthful to rush in! it burned his entire mouth, he could taste the spices and heat from their meal last night! opening his throat he gulped quick a few times letting the foul liquid fill his stomach. he gasped for air, right before a second wave of the yellow sludge hit his lips! MY GOD! he gulped again, and again, feeling his throat burn as shit tried to force its way back up, the room started to spin... jimmy took one last gulp, clearing the mask before passing out from shock. his body hung forward lifeless as he slowly digested the waste. if he had known what was coming, he would have wished for death.

Ji-yeon was talking with one of the promo agents for the upcoming show in 2 weeks

"yes.... uh huh... yes i'll pay for everything. plane tickets, food and accommodation, hotel stay, just tell them they won a special contest through their school! yes..their names are Vera, Marie, Ashley, Rachel and Sarah! yes they are all at the same college! oh your welcome! uh huh... yes it's not a problem" she hung up the phone and smiled. she was going to have fun

"thank you for riding with KoreanAir, the time is currently 14:53 and we will be making our decent in 10 minutes with an arrival time of 15:25. please sit back, and enjoy your stay in Korea!" the voice over the planes speakers was soft but just loud enough to wake Ashley from her sleep! she groggily rubbed her eyes before looking over to her sleeping friends all in the row beside her. she still could not believe how lucky they were! a 5 day all expenses paid trip to Korea! and front row tickets to see Crayon Pop in concert! none of her friends had remembered even applying for the contest but no one was going to turn down an opportunity like this.

"hey Marie! wake up!.. look out the window! isn't it amazing!" Marie slowly woke up and looked out the window and seeing the view of the city and letting a small smile sneak out.

Marie had been shaken the past 2 weeks, ever since the attack on her, Dave and jimmy! plus jimmy had been taken and no one knew what had happened to him. the police questioned everyone and all of our friends did everything we could to assist them! but nothing had turned up. all the girls were hoping this trip could help them relax and take their minds off their missing friend.

"sorry excuse me" said Sarah as she headed to the bathroom squeezing by Marie and Ashley ass first. she really did have a huge ass, Ashley thought to herself. now she kinda felt bad for making fun of jimmy for not wanting to eat that, plus those were her last words to him! he was such a sweet guy.... Ashley shook her head a bit trying to forget about him and enjoy the free trip.

a Korean guy sitting near the front of the plane watched carefully as Sarah had to turn sideways to squeeze into the small bathroom, her ass jiggled back and forth as she maneuvered her

way inside desperately trying to unleash her bowels before the plane started to descend.

"sorry excuse me miss, you'll have to wait until we land were beginning our descent" a flight attendant said to Sarah as she escorted her back to her seat. Sarah looked very annoyed and in a foul mood as she squeezed back into her seat and put a hand over her muffin-top belly

"I thought Koreans were supposed to be polite" Sarah mumbled to ash and Marie, clearly in a foul mood now. Ashley looked over to Vera and Rachel who were both still fast asleep. she couldn't wait to see the 5 star home they were going to stay in.

it was pitch black, the room was like a fridge and jimmy could feel himself shivering down to his bones. he couldn't move an inch and his mouth was caked in layers and layers of dried korean pop-stars shit. he had given up trying to escape after the first week and just accepted that he was going to live and die at this girls toilet. he could hear the porcelain seat hit the bowl and knew a meal was coming. the thick log slid down the tube and right into

his mouth, it was something he would never get used to, the taste was so powerful. crushing the shit against the roof of his mouth and swallowing, over and over, trying to avoid the kimchi smell! just as he choked down the first turd another came rushing down then a blast of water. this was always hell but also signified the end of the meal as jimmy opened his throat and quickly allowed the water to rush down his throat followed by chunks of shit.

wheezing and crying, jimmy gripped the cold cement, he knew he wouldn't last much longer. suddenly the door opened and Ji-Yeon appeared followed by three of her guards. she walked over and straightened her dress in front of her toilet

"you enjoy breakfast" jimmy stared at her assuming it was a rhetorical question as she delivered a swift kick to his balls! it felt

like she had kicked his testicles into his lungs as he wheezed for air into the shit scented tube!

"DID YOU ENJOY BREAKFAST??"

"MPPPPHHHHH" jimmy moaned and tried his best to shake his head

"mmmmmmmm very very good toilet, i've been thinking very much lately.

you are superior toilet then thought! you love chocolate before we meet? hmm? I have a very big surprise for you. you will go to fan house! and you do well? maybe you go home? or maybe you stay? I don't know if you which one like more!" she began laughing as she motioned her hand to the guard.

the guard unlatched jimmy's bonds and he wanted to run, he wanted to sprint so badly, but his body collapsed to the floor like he was paralyzed. from being stuck in the same position for so many weeks his muscles had deteriorated and needed time to recover. Ji-Yeon directed the men harshly as jimmy was bagged and carried off, the only thing he knew was that his situation was not about to get any better.

after another long car ride, and multiple kicks and punches through the duffel bag from the armed guards, jimmy was finally carried out and dumped into a bright fancy looking bathroom. it was shining white and had multiple pink fixtures, clearly meant for women. Ji-Yeon began directing her guards as they started to disassemble the toilet and floor beneath. they grabbed jimmy and placed him inside the floor, strapping him down harshly. Ji-yeon came forward with a spray can

"열다" she yelled and one of the guards held open jimmy's mouth. she sprayed the can into jimmy's mouth for 5 seconds as he choked and coughed, it tasted like paint and he couldn't breathe. they then placed a liquid around his lips and a mouth-spreader in as the guards pressed down a bowl to his lips. after a moment let go and jimmy could tell his lips were glued to the plastic. he then watched as they assembled the toilet above his face with nothing he could do to resist. as it was all finished and clicked in Ji-yeon appeared above the toilet looking down. she smiled

"완전한" she said to the guards, clearly happy with their work.

"you hear me toilet? you see me? this is... how you say? two mirror? you see me... but I do not see you! and your mouth the color white like toilet now! no one can see you, no one hears you. try to make noise!"

Jimmy tried to speak and was shocked when no sound came out

"you toilet now! just like you wish." she walked away followed by her guards as jimmy's heart raced. minutes later he could hear the rush of many different girls voices entering the house and echoing from the main hallway.

"OH MY GOD THIS PLACE IS HUGE" yelled Rachel as she dropped her bag and flopped onto one of the big puffy couches. Ashley went walking around the kitchen and back patio as Vera introduced herself, and Marie to two korean girls who also won the contest. Vera being the only korean one of her friends quickly became a translator for the girls and her friends.

"SARAH, COME SEE THIS VIEW FROM THE BACK PATIO"

Sarah poked her head around the corner

"I'll see soon, i have to find the bathroom, i've literally been holding this in since Vancouver!" Sarah took off looking for the bathroom checking all the doors desperately. making her way upstairs she finally found the bathroom as she exhaled in relief and closed the door. the toilet looked fancy, she actually felt bad with what she was about to do to it. peeling down her yoga pants and panties, she could feel how swampy and sweaty her ass was, she really needed a shower. her ass cheeks hung over the sides of the seat a bit as she rested her full weight and relaxed, letting loose a long baritone fart. her stomach felt so bloated, she farted again, it was really hot and she knew the aroma was foul!

**DON'T KEEP
ME WAITING,
YOU PIECE
OF SHIT.**

**GET YOUR FACE
DEEP UP IN MY
ASS BEFORE I
MAKE YOU.**

pressing her thighs together to seal in the smell, she gently pushed as her shit rushed out without any resistance. she could feel bursts of gas rushing out with the shit practically rocketing into the toilet bowl as she moaned. she breathed deep a few times, taking a short break and massaging her belly before unloading again. she was surprised, usually her shit would have piled up and touched her cheeks by this point but this toilet was really well made. she pushed out one last long log before spraying the bowl with foul ass fumes. she wiped quick and flushed, then sat for a moment on her phone letting the smell dissipate. when she stood and looked back she was in shock to see how clean the toilet was. usually it was a disaster, she hurried downstairs to join her friends having a drink and meeting the other girls!

jimmy's eyes looked like a deer in the headlights as he gazed up at his ex-gf Sarah looking down at the toilet! what the fuck! was she! doing here! how?? is this even possible? she turned and

pulled down her pants as jimmy was greeted with an old friend. Sarah's asshole was deep, and no matter when she showered it was always greasy! she had told everyone jimmy was a prude and wouldn't eat her ass but that was a lie! he did.. he ate that horrible hole every night, and was subjected to her gas nightly. he broke up with her when he saw videos on her computer of her shitting in a guys mouth. he never wanted to be that guy.. Sarah spread the rumors and now if jimmy said anything he wouldn't seem credible, it would look like lame retaliation. he remembered the smell of her bathroom after her shits! it was like nothing he had ever experienced, please no, he prayed as her ass hit the seat. he watched her deep asshole flex as she blasted him with an all too familiar smell, he wretched and gagged but no sound escaped. her cheeks jiggled a little and she adjusted above him farting again. he could feel the heat from this one. the smell was so thick, like her shit had been in her for days and days!

then it began, the flow was so thick and non stop, the toilet bowl was lubricated and everything that came out easily slid down to his waiting mouth. the shit piled up on jimmy's tongue and eventually the weight pushed it back into his throat, allowing her thick feces to flow down freely. tears streamed down the sides of jimmy's face as her shit keep forcing its way down, he could taste the skins of beans and corn and knew she had been eating Mexican before leaving for this trip! a thick hissing fart followed by a thin turd that roped around signaled the end of her movements as she wiped and flushed. the water spun and using the power of gravity forced everything down into jimmy's stomach as he tried to scream, it was like someone was plunging shit down his throat. his eyes were so watery, he could barely see his ex pull her pants up and disappeared out the door.

panting for air and squinting his eyes to clear the tears, jimmy panicked hearing the bathroom door close and lock.

"no no no no no"

looking up jimmy could see Ashley quickly standing above the toilet, before she turned and pulled up her tight skirt, revealing her tiny tight ass with a pink thong ticked between her cheeks. did she invite all of my friends? didn't they wonder what had happened to me! Jimmy couldn't concentrate anymore as Ashley bent and sat

down. he had always had a crush on her but never been man enough to tell her. he had dreamed of eating that ass so many times, her anus flexed a few times as her piss trickled out then rushed down. it was thick and cloudy and very acidic but nothing compared to Sarah's atomic bombs. Jimmy drank quickly, trying to get rid of the urine so he could enjoy the view of Ashley's perfect ass. her anus flexed again and a hissing fart leaked out as jimmy choked. it felt like her gas was melting the skin of his face, she farted again and he gagged silently. it stunk like onions and beef and rotting vegetables. suddenly her hole opened and a thick rope of yellow shit piled above jimmy's mouth, she let 5 or 6 turds loose all 8 to 9 inches in length. because of the consistency they didn't sink down and jimmy was forced to endure the smell! he could see between her thighs that she was fanning her nose!

she wiped quick and flushed as the water rushed down and mixed with her shit making a large pool of horrid yellow shit water. it spun and circled and rushed down jimmy's throat as she squirmed under the floor. Ashley walked over his body to the sink and washed her hands, she couldn't keep her mind from thinking about her friend jimmy. little did she know she was standing just above him!

downstairs the girls were all enjoying a 5 star meal that was left ahead of time for their arrival! they pigged out on the korean cuisine and snacks! absolutely famished from the 16 hour plane ride! little did they know that Ji-yeon had spiked the entire meal with a very slow acting laxative.

"OH MY GOD, ASHLEY? MARIE! SARAH?"

the girls all looked up to see two more girls arriving and all began to scream!

"JENNA, OH MY GOD" Ashley and the rest of the girls all ran to Jenna hugging her and screaming! Jenna was jimmy's younger sister and she went to school out of town. they had all wanted to visit and see her after her brothers kidnapping but no one could afford the trip out there.

(Jenna and Samara in photo above)

"HOW ON EARTH DID YOU GET HERE?" Ashley yelled excitedly!

"I don't know! me and Samara randomly got a letter that we had won this contest! I had no idea you girls would be here!"

"this is crazy!"

"WHO CARES! LET'S DRINK"

Jenna and her best friend Samara sat down and began to eat while talking with their friends, and through all the excitement Jenna had completely forgotten about her missing brother jimmy.

it was pitch black in the bathroom and the house was silent! underneath the floor in the bathroom jimmy had been slowly wiggling his left hand back and forth, he could hear a screw rattling loose, only a little bit more, jimmy thought to himself. shaking his hand hard back and forth, the handcuffs came loose as the screw dropped and pinged against his coffin/prison floor. quickly jimmy moved his hand over his stomach! OH GOD.. it felt like he was pregnant. his stomach was so bloated it was pushing against the top of the coffin he was confined in.

the lights in the bathroom flicked on, blinding jimmy as he squinted and tried to adjust, a plump pale white butt quickly slammed down over the toilet. the drugs started to wear off and jimmy wiggled his tongue back and forth trying to get her to notice him.

"pppppp pppppp"

the young korean girl grunted slightly and let loose a torrent of soft serve brown shit. it fell down like hot wet mud filling jimmy's mouth and piling up over his tongue and nose. he watched as more continued to drop smacking into the pile with wet slapping sounds. his taste buds were burning, some liquid anal juices leaked through her shit and dripped hitting his tonsil! slowly maneuvering his tongue, he scooped the shit back letting it drop into his throat with expert control. he hated admitting it, but he was starting to become good at eating shit. after swallowing a few more mouthfuls he felt the surface of air break through at his mouth as he gasped.

watching the korean girl wipe her thick ass cheeks, he could feel his dick getting hard and pressing against the top of the coffin, until a sharp post shit fart blew from her ass cheeks. he had to squint his eyes from the smell as his dick curled up and shrunk! as soon as she stood there was a sharp panicked knocking at the bathroom door!

"뭐?"

"지금 열어!"

Jimmy couldn't understand but it sounded like an emergency. the girl opened the door only for the other girl to push her out and slam it closed before rushing to the toilet. she was whining and

groaning, her ass slammed down and instantly flooded jimmy's mouth with a liquid shit broth. her asshole bubbled with gas as liquid shit and farts spewed out. her urine sprayed out in two streams, one of acidic piss and the other dripping with her period blood. it tasted metallic, thick and gooey.

jimmy thrashed his body around pounding the top of the coffin with his free hand he swallowed a few mouthfuls of the shit and his throat instantly seized up. with his eyes glued to her asshole he watched as it pulsed and dripped, letting little spurts of shit out every few seconds. he kept pounding the top of the coffin desperately as the korean girl reached back and flushed. a cold burst of water mixed with the shit, and swirled forcing its way into jimmy's bloated stomach, he could feel something deep inside tear and rip as shit began flowing into his body and bloodstream. his body was in such terrible pain he could barely pound on the coffin, with his eyes closed, he held onto the sides of the coffin trying not to vomit up the contents in his stomach.

the girl stood up and rubbed her ass cheeks, there was a red ring around her ass from the toilet seat.

"yesssssss. yelp eee"

the girl looked back confused, gazing about the empty bathroom before washing her hands and going back to bed quietly. Jimmy was going to die, he knew it. he needed to get out of here tonight.

"ahhhhhhh" Jenna woke up sweating and clutching her stomach, she rolled over to see Samara getting out of bed and also holding her stomach.

"hey, ughhh are you going to the bathroom"

"I'll be right back!!" Samara yelled as she walked quickly, clearly pinching her ass cheeks together!

"no... I need to go, please!" Jenna begged as she ran behind her!

Jimmy was wheezing and reaching around the coffin trying to find anything else he could loosen to escape, when the bathroom door swung open.

"please i need to go first its a fucking emergency!"

"I NEED TO GO TO"

Jimmy's eyes went wide with fear, that sounded like Jenna and Samara..he didn't have enough fingers to count the amount of times he had been woken up to the pajama clad asses of his sister and her bff's anal bombs. they both were drop dead gorgeous but could clear out a bathroom like no one else! why was Ji-Yeon doing this to him!!!! Samara dropped her big butt onto the toilet as Jenna pushed beside her!

"let's just go back to back! please! im going to shit myself!"

jimmy got a quick glimpse of his Sister before Samara's fat ass slammed down. she shimmied over as Jenna's cheeks flopped down and maneuvered around the toilet seat. all he could see was ass fat poking through the toilet seat hole as both of their puckered ass holes stared him down like shot guns. their asshole blasted gas into the toilet simultaneously as Samara let loose a long thick mushy rope of shit. the smell and heat in the bowl was unbearable! Jenna's ass kept letting out blasts of her deep baritone farts as thick shit snaked out. every 4 to 5 inches it would break and fall, piling up in chunks with Samara's soft serve. now that the stomach pain had passed for the girls they began to giggle a bit from the sounds of their dual assholes.

"lol its just like when we were kids!"

"i know"

Samara peaked between her legs seeing the massive pile of shit, as she reached over and flushed, continuing to shit as the water whirled around under their asses. they could hear a sick gurgling sound from the shit and water being forced down and the both laughed.

"I think we may have broke it" Jenna remarked as she grunted and forced a few more very mushy logs out. she leaned back against her bff as her pussy gushed open and flooded the toilet with piss. Samara kept dropping soft serve shit filling the toilet again as it mixed with her friends piss.

"ugh.. I feel like I lost 10 pounds" Samara wiped her forehead as she finished shitting and flushed the toilet again. the shit, water and piss mixed and swirled and went down, the gurgling sound was much louder and way more accentuated now. both girls looked at each other concerned as they wiped and stood up.

"let's go back to bed quick, I don't want to be blamed for breaking the toilet"

"yea me neither"

suddenly the toilet made a watery noise as shit sprayed up from it like a fountain !both girls gasped and backed up, practically sprinting from the bathroom to their bedroom.

after the second flush, jimmy was seeing stars. his head was spinning as he held onto the walls of the coffin feeling his sister and her friends waste being forced into his already full body. his stomach was packed full of shit so with every flush the waste was pushed further down. he could feel his intestines tearing as he writhed in pain. suddenly he felt it come up, his throat gave out and all the shit inside him came blasting out! he felt like his mouth was on fire! liquid rushed up and all he could see was brown as he heard the girls gasp and scream lightly!

once the floodgate was opened he couldn't control himself, it just kept coming. he felt logs and liquid come up as a massive pool formed in the toilet. the smell was enough to make any human pass out. at the front gatehouse a guard was woken by an alarm, he sat up and looked down to see the toilet completely fucked up.

"다시? 정말?" he sat up clearly annoyed as he grabbed a needle and made his way inside. before entering the bathroom he put on a thick gas mask and entered. the place was a mess, even with his mask on he wanted to vomit. thinking of what these girls were doing to this prisoner was sick, but he didn't want to risk his paycheck. opening a small flap on the floor he stabbed the needle into the prisoner. using a few sanitary wipes he cleaned up the floor and area around the bathroom. he almost puked in his mask from feeling the chunks of waste through the wipes. he waited a

few moments making sure 2 minutes had passed, enough for the drugs to kick in, then flushed the toilet. some bubbles came up from the surface as a small vortex appeared in the center. the pool began to lower and drop slowly picking up speed until a spray painted white tongue and mouth appeared. the guard quickly left and walked out just as the waste flushed and a horrid gurgling sound was heard.

Jimmy was crying under the pool of shit, every time he tried to drink a mouthful his body with fight back and force even more out. his eyes bulged as he felt a hard chunky turd come up slowly, it was like all his suffering over the past 24 hours but in reverse. please just let me die! jimmy prayed. his leg was jabbed hard with something and he felt a sharp injection. his vision started to get blurred as he saw a man in a biohazard mask cleaning the toilet.

the man looked down and the pool started to whirl down, jimmy's whole body vibrated in pain. his throat was relaxed and wide open and his gag reflex was suppressed. it was like someone unclog a drain as the shit flowed down. tears streamed from jimmy's face as the hot shit, bile, and chunk hard logs forced its way back down

into his broken body. it felt like the skin of his throat was being ripped off and replaced with female feces. finally the shit came to an end as jimmy gargled and choked horribly. he could feel the girls shit burning inside of his lungs!

Jimmy could hear the door swing open and Sarah came into view, she was half asleep and turned dropping her pants before almost missing the toilet seat as she sat.

"MPPPPPPPPPPPPPHH OOOOOOOOO" Jimmy screamed as loud as he could with the ring gag in

"hm?" sarah looked around confused as she let loose a 5 second fart. her morning gas was always extremely ripe and potent. she heard a wheezing and sniffing under her ass she tiredly stood and wiped her eyes groggily. Jimmy was frantically moving his tongue and moaning, trying to get her attention

"ELLLLLLLLLLLL EEEE AAAAHHHH"

sarah bent down, waving her nose from the smell as she looked seeing a moving tongue at the bottom of the toilet. it had been painted white. she almost shit herself from the shock!

"OH MY G" she covered her mouth to stop from waking everyone

Sarah was extremely sadistic and dominant, she had wanted a human toilet her entire life. she had been trying to train her own for years but no man would ever submit to her ass especially after being assaulted by her gas. the closest she ever got was with her ex jimmy, he was so pathetic, and couldn't stand up for himself. for months he lived with his face between her cheeks and it was the best month of Sarah's life. she was practically dripping with cum thinking that she had taken her previous days shit here without even knowing this toilet was alive.

"who are you" she asked curiously

"IMMMMMMYYYYYY, IMMMMMMMMY"

it took her a moment to connect the dots... she gasped again covering her mouth! whispering she lent down a bit closer

"jimmy?"

"mmmmmmmm" jimmy was so happy, this was finally over

"what... how?" sarah asked.. so confused..

"MOMMMPPPPHHHHHH" jimmy whined loud! trying to get Sarah to get help!

"woah calm down j, relax... I get it. your really hungry for breakfast right?" Jimmy began to cry as she smiled down at him with an evil grin, then turned and sat her fat ass on the seat. staring at her deep greasy asshole he begged!

"mppppphhhmm oooooo"

BBRRRRPPPPPPPPPTTT her asshole vibrated and filled the bowl with gas. as jimmy choked he could see a thin strip of cum forming between her wet pussy-lips. two of her fingers reached down and started to massage her pussy as her asshole stretched open. the logs flowed so fast, turning to mush as soon as they hit jimmy's lips. the shit was almost orange and smelled worse than anything Sarah victimized jimmy too. the shit was too foul to eat, keeping his tongue straight out jimmy let the waste pile up, waiting for her to flush and force it down. she kept shitting, **FUCK IT WAS SO MUCH**, the pile felt like it weighed 20 pounds. when her asshole finally stopped, jimmy closed his eyes, waiting for the flush, but her fat ass just sat above him.

"mmmmmm how's it taste" she asked as her fingers kept rubbing her pussy faster now. cum dripped onto the shit as jimmy gagged from the smell....

"ahh ahhh ahhh **AHHHHH ahhhh AHHHHH**" she moaned and leaned back as someone started knocking on the bathroom door frantically.

"OPEN UP"!!!!!! someone yelled

sarah's pussy gushes as she sprayed her pussy juice all over the shit filled bowl and moaned gasping and catching her breath! she was sweating as she wiped her sore asshole and stood up gently, ignoring the knocking at the door

"that.. was.... unreal..." looking down at her pile of shit she gasped

"you don't like your breakfast? hmmm.. should i flush?" she played with the handle giggling a bit

"normally I would just let this sit until you ate it all on your own, but since someone else needs your service's, i think i'll just be quick!"

reaching out she hit the handle and watched as the water mixed with her shit and swirled down jimmy's throat. she could see his mouth trying to force closed and if she squinted she could see his

mouth quivering a bit too. she had a small climax again standing right there. she unlocked the door as Ashley pushed her way into the bathroom.

"who were you talking too?" Ashley asked quickly

Sarah smiled and held up her cellphone

"I have a new boyfriend, he was checking up on me"

Ashley knew she was lying, Sarah always bragged instantly about any guy she could get underneath her ass, but she didn't care right now. her ass was on fire! she pushed Sarah out and slammed the door.

Jimmy and Ashley had been friends for years. out of everyone in there group they were closest to each other. Jimmy always had a big crush on her but being the sub he is, never had the balls to say anything. plus for most of his first 2 years of college he was

trapped under Sarah's ass. Jimmy and Ashley had all sorts of inside jokes and little games that only they understood. whenever they went out drinking with their friends, whenever they got drunk to speak or communicate, they would tap the beat to the song "tequila" on the table! it made both of them giggle like little kids and no one else got why it was so funny

Jimmy watched as Ashley pulled down her pink thong and sat back, instantly filling the bowl with steaming hot shit. it came out about 2 inches in diameter, and almost a foot in length before breaking and continuing to pile up. she started pissing as it rained down filling the bowl. Jimmy was trying his best to eat her waste, his mouth on fire. he could taste bits of noodles and vegetables in her shit, clearly the cuisine here wasn't agreeing with her stomach. he could hear Ashley moan as she started to wipe her cheeks, suddenly jimmy remembered..

he knocked as hard as he could on the top of his coffin. the beat to the song 'tequila"

Ashley was standing up to flush when she stopped dead in her tracks, motionless. jimmy knocked again hard, the beat to the song tequila as hard as he could. Ashley looked down at the toilet.

"jimmy?" she asked confused

Jimmy began to knock and pound against the floor as hard as he could as Ashley started to realize what was going on.

"OH MY GOD, JIMMY..... UH WHAT DO I DO.... OH MY GOD"

she just realized that jimmy's mouth was full of her shit! and she had shit when she arrived! and before bed last night! he must be in pure hell! without thinking straight and rushing to try and help Ashley flushed the toilet! the water rushed in and mixed with her shit forcing into jimmy's mouth

"OH GOD I'M SO SORRY! IM SO FUCKING SORRY!" Ashley pleaded and cried a bit feeling horrible for what she had done! she went to run out the bathroom door to get help but stopped holding her stomach as it bubbled and gurgled loud.

"OH FUCK... NOO"

there were no other bathrooms in this house.. where was she supposed to shit? she had barely any time to think as she backed up to the toilet pulling down her thong.

"im so sorry jimmy! I'll get help.. I swear... im so sorry! im so fucking sorry!"

jimmy pushed his tongue back covering his mouth as her asshole dropped wet blobs of shit in-between wet farts that sprayed liquid onto the walls of the toilet bowl. Ashley covered her face, almost crying from embarrassment and shame as she shit into the mouth of her best friend. she could feel her asshole burning as she grunted and tried to get it over with as soon as possible. as soon as she finished, from instinct she reached back and flushed

"OH SHIT, IM SORRY IM SORRY IM SORRY IM SORRY" Ashley pleaded as she wiped her ass and threw the shitty paper into the waste bin.

"uhhh.... ok... fuck.... umm.... jimmy just.. hold tight... im going to get you out... ill be right back..." Ashley ran out of the bathroom in her t-shirt and thong leaving jimmy alone. he breathed deep, he could feel Ashley's shit at the base of his throat bubbling and threatening to come up.

Ashley ran outside to the gatehouse and yelled to the guard!

"PLEASE YOU HAVE TO HELP ME! MY FRIEND IS TRAPPED!"

"뭐?" he responded clearly confused

"MY FRIEND JIMMY!"

"jimmy?" the guard reached behind him and motioned for Ashley to come in quick.

as soon as she entered the gatehouse the guard grabbed her tightly and held a cloth with chloroform over her nose, she thrashed around trying to break free but quickly went limp as he laid her on the floor. he picked up a walkie-talkie and radioed Ji-Yeon

"그들 중 하나가 발견했다."

Jimmy heard footsteps as he smiled, this was it. he was going to get out! what would he eat first after recovering in the hospital? a cheese burger? Hawaiian pizza! his thoughts were interrupted by Rachel walking up to the toilet and struggling to get her leggings over her basketball sized ass-cheeks.

"MPPPPPPPPPPHPHHHHH" where was Ashley? what happened?

Rachel plopped down and jimmy watched her ass fill the toilet seat. her cheeks were pressed together and she had too lean to the side and lift one cheeks to get her asshole visible. her ass

opened slowly and a long hissing fart seeped out. it smelled like death. Jimmy couldn't even breathe from the scent! Rachel rubbed her stomach, as her asshole let loose another 20 second gas-leaks. she opened her thighs for a moment and instantly slammed them closed, gagging from her own fumes.

a very mushy log started to make its way out from her asshole, and jimmy watched in horror. the smell was horrific, like kimchi that had been fermenting in sewage for 40 years. her shit was bright yellow and fell with a smack hitting jimmy's waiting mouth. after the first turd, they just kept coming, all 3 to 4 inches in length and piling up. some wet liquid shit dripped around jimmy's tongue as he held back the shit praying that Ashley would come in and save him! he knew she would be back! she wouldn't leave him here.

Rachel finally finished, her shit was so heavy on jimmy's tongue he could barely hold it back any longer. he felt his tongue pushing back as he gagged from the shit juices leaking down his throat. Rachel wiped lazily and stood, flushing the toilet and leaving without even looking back. the water whirled around and pushed down jimmy's throat, he could feel the spices in her shit burning the cuts on the inside of his throat, as it sucked down into his

body. he choked and coughed at the end, spraying a bit of liquid shit and blood out of his mouth.

Ashley was tied to a chair watching on a monitor, seeing her best friend being forced to eat another of her friends shit! it was horrific. seeing it first hand. Ashley could not imagine!

Ji-yeon walked forward and sat down beside Ashley

"your friend... is criminal"

"HE'S NOT"

"you not know all, he very bad person."

"WHAT DID HE DO?"

"he owe my family a lot of money, too much for him to pay"

"SO YOU NEED TO TELL THE POLICE! THIS IS CRAZY"

Ashley was frantic

"i will give you choice. Jimmy go free, if you eat my poo, just one time!" Ashley was in shock... was this bitch fucking serious!

"you eat shit once, and you save your friend! if you don't eat! then your friend stay. hmm... maybe 3 week? maybe 4? you decide?"

Ashley didn't need to think. she knew exactly what she would do! jimmy was her best friend! she would do anything to save him! but he had been eating shit for the past few days. a few more weeks wouldn't kill him, plus if he was here with her, she knew he would sacrifice himself for her. so really she was just doing what he would have wanted.

"I'm never going to eat shit, jimmy can stay, but you can't kill him!" Ashley quickly responded.

"now you stay, enjoy Korea, spend time with friends! come see concert tomorrow! and you say anything to other girls about toilet. then you become toilet! understand." Ashley feeling a bit guilty nodded

"yes, i understand"

it was the morning of the big concert! and all the girls were sitting around the kitchen table eating breakfast. a huge array of fruits and yogurt, eggs, bacon, potatoes, and beans, croissants, and other breaded pastries were laid out. along with cereals and milk and every type of juice imaginable. the organizer of this event really took good care of feeding all the girls well!

everyone was chatting and eating while Ashley stared at her plate, playing with a bit of eggs on the end of her fork. she had a terrible

stomach ache and was holding her shit not wanting to force jimmy to endure even more torture, and unable to tell anyone.

"I cannot wait for concert tonight!" exclaimed one of the korean girls!

"i know i bet our seats are going to be total extra!" replied Marie!

"everything ok ash? you've barely eaten a bite this morning"

"ohh... a..... i....." Ashley stumbled on her words a bit

"I just have a bit of a stomach ache" Ashley looked around the table in horror at all the girls stuffing their faces with eggs and

bacon, she knew what was going to come and hoped to god that her friend jimmy would live through it to see the light of day again!

"wow i'm stuffed!" Sarah said while pushing her empty plate away and leaning back rubbing her stomach!

"yes im not surprised you ate enough for 5 people" Rachel replied jokingly but also trying to insult her a tidbit.

"yea well it takes a lot of calories to keep this booty looking so nice" she said while standing and rubbing her ass that was currently testing the tensile strength of a pair of yoga pants.

"speaking of booty, i'm going to visit the ladies room and make room for seconds!" she said

confidently walking out of the room while the girls laughed at her joke!

Ashley practically jumped out of her seat and sprinted to the hallway after Sarah and startling some of the other girls!

"what the fuck ash!"

"hey Sarah! wait up" Ashley caught up to her just outside the door to the bathroom.

"uh yea?"

"last night? ummm.... I heard you.. talking... in the bathroom, who were you talking to?"

"I told you my boyfriend" Sarah smiled a bit deviously while Shelly stared her down

"do you know?" she asked her seriously

"know what?" Sarah laughed a little

"seriously... do you know!"

Sarah thought for a second and replied quietly a bit under her breathe

"about jimmy?"

"YES" Ashley practically screamed and Sarah covered her mouth

"shhhhh"

"Sarah! please you can't use the bathroom! jimmy's being held her like a prisoner! he's sick... and he needs help. we have to find a way to help him!"

"haha i know he's sick. did he tell you he was my toilet when we dated"

"i...i...." Ashley was at a loss for words "that can't be true"

"it is! he ate pounds and pounds of my shit! hes a dirty fucking pervert this is probably like a dream come true for him!" Sarah tried to walk into the bathroom again as Ashley grabbed her arm!

"wait please Sarah! don't do this! Jimmy could die! I was up on my phone all night! he's been in the toilet since we arrived. I looked it up! a human can't survive on just human shit! he is going to die! please don't do this!" she was practically in tears.

"is everything ok?" Rachel asked walking into the hallway, just as Sarah slammed the bathroom door. Ashley could hear the toilet seat drop and hit the porcelain, and a wet fart echoing throughout the bowl.

"come on lets get some food in you!" Rachel said talking Ashley's hand and bringing her back to the kitchen!

Jimmy was in hell, he hadn't slept in more than 72 hours, but it felt like months. his mouth and nose were dry and caked in hard dried up shit and the smell was somehow worse. he could feel the hardened feces all the way down his throat lining his insides. what had happened to Ashley! she said she was going to get help! why did she leave me here. suddenly the door opened and slammed shut before Sarah appeared over the toilet bowl

"good morning toilet boy! I made breakfast! are you hungry!" she said while turning around and dramatically pulling down her tight

yoga pants and thong! she looked back and could see his mouth at the bottom of the bowl quivering, she was so fucking wet and horny! she needed to meet the woman who organized this and see if she could move here for good.

Jimmy stared up at her ass as she plopped down and slowly pulled her cheeks apart. he hated the sight of her asshole, it was so deep and greasy, and he knew the smell all too well! it would be burned into his memory for eternity after the time he spent in her ass.

FFFFFFFSSSSHHHTTTTTT

a burning hot fart escaped from her asshole and filled the bowl with her gas! it smelled like fermented eggs and jimmy gagged instantly trying to breathe the poison! her anus puckered and hissed letting out another hot silent eggy fart! Jimmy's eyes were watering! using his free hand he pounded against the floor trying to do anything!

"ahahahahaha are you jerking off you sick pervert? don't go so hard your going to hurt your hand! I need you healthy if your going to be a full time toilet!"

Sarah felt a monster shit coming and tried to push slow, she wanted to tease jimmy by letting it slowly stretch towards him, trying to control her asshole she slowly let the first log escape, she pinched her legs together to keep the smell in the bowl but then a big bubble of gas came! it pushed around her shit rocketing it out. as soon as the first turd left it was like the floodgates had opened and her shit came pouring out. she couldn't stop, the soft serve shit flowed quickly from her asshole in-between wet farts every few seconds. she was actually a bit shocked! she had never taken such a big shit before! by the time she was done she actually had to clean up a bit, the pile of shit was so high it was touching her right ass cheek!

Jimmy wept as her turd emerged, it was thick brown with shades of yellow and smelled like death! it stunk like eggs and he begged for death until the monster hit his lips. gas rushed out from her deep asshole and her shit exploded out, it wouldn't stop! a thick pool of waste quickly formed over jimmy's mouth as he choked and gagged. he could feel the weight of her waste over his face as it piled up and started to seep into his mouth. he chewed through the first log, the smell and taste assaulting every fiber of his being,

as soon as he broke through the first turd the liquid waste sunk into his mouth.

"I really love this feature!" Sarah said as she finished wiping between her thick cheeks and reached back to hit the flush handle. she stood up to watch as the water rushed down and mixed with her waste to create a tornado of brown that forced its way down and into jimmy's mouth. she reached down and slid two fingers into her pussy while rubbing her clit with her thumb.

"ahhh fuck, **ahhh AHHHH AHHHHHH**" it only took seconds as her juices leaked down her hand and dripped down her thick thighs! the pure horror and pain of jimmy's situation was simply too much for her! jimmy pushed his hand against the floor as the waste forced its way into his bloated stomach! his insides were on fire and it spread throughout his entire body down to his toes and fingers! it felt like his entire body was filling up with shit!

"I told you I had a big breakfast for you, just imagine, you could be eating this well every morning" she laughed as she pulled up her pants and walked back to the kitchen

all the girls looked up from their plates hearing Sarah moan and scream at the top of her lungs!

"AHHHHHHHHHHH FUCK!"

"geez someone's enjoying their morning shit" Rachel joked as all the girls laughed a bit!

Sarah walked back in, still straightening her clothes a bit as she sat down and grabbed a bowl filling it up with cereal and milk!

"haven't you eaten enough?" Ashley snapped at Sarah!

"hey calm down ash" Marie rubbed her back a bit

"yea a girls gotta eat!" Sarah replied while shoving spoonfuls of cereal into her mouth!

Jenna and Samara both got up and walked into the hall way chatting as Ashley watched them with a worried look on her face

"what's up with you this morning?" Marie asked sounding concerned

"im just not feeling well"

"maybe you need to use the bathroom?" Marie asked!

"**NO**... I mean.... ummm no that's not it... I just..... im going to go for a quick walk"

Ashley got up and walked outside planning on finding a public restroom to use. she put on her shoes and walked up to the front gate and was surprised to find it locked. she pulled a few more times as the guard looked up and walked over to her

"Ji-yeon would like you to stay until the concert this evening, sorry"

"please i need to use the bathroom!"

the guard smiled and looked back to the large home

"there's a toilet inside"

the bathroom door closed as jenny plopped down on the seat, her bum jiggling a bit from the impact on the toilet seat. Samara walked over to the sink and started washing her face with some warm water.

"I can't wait for the concert tonight"

"i know me neither"

PFFFFTTTT

"geez jenny your ass doesn't ever quit does it" she laughed

"it's the eggs" jenny rubbed her stomach a bit as she felt a long snake of shit coiling out of her asshole. she wiped and stood up without flushing and walked over to wash her hands, while Samara walked over, sitting down and instantly pissing into her shit breaking it into pieces.

(pic above, Jenny and Samara)

"where do you think our seats are going to be?"

"ugh.... I don't know ughhhhhh" Samara was straining and leaning over as a sharp wet fart blew out of her ass, followed by a wave of liquid shit. Jenny gagged loud and moved towards the door!

"im getting out of here! ugh"

Samara kept straining as another wet fart exited from her tight asshole followed by another pint of liquid feces. unrolling some toilet paper she blew her nose and wiped before dropping it in the bowl without a second thought she flushed and pulled up her pants before walking out. as she left she could hear the toilet sputtering like it was backing up

Jimmy watched as his sisters bubble ass came down hard, instantly spraying him with gas and shit instantly. he was still choking down Sarah's shit and now another coiled turd was dropping into his mouth. it broke off and dropped down, he knew Samara was close behind his sister so he tried to eat quick, mashing her shit against the roof of his mouth to break it down and

releasing an ungodly hell of flavors. it was like what you would imagine cow shit to be like, just thick and chewy and horribly warm and bitter. another long coiled rope of shit stretched down and hit jimmy's lips as her pussy gushed open and flooded the toilet with hot morning urine. Jimmy wanted to pound against the floor but would be horrified if his sister found him in this condition. he watched her wipe and stand as Samara quickly plopped down, her asshole exploded with liquid shit that flowed down and mixed with jenny's shit and urine.

Jimmy's stomach was so full he literally couldn't swallow another bite, he watched in horror as Samara strained and dropped load after load of liquid shit. he tried to eat but every time he swallowed he felt the shit hit Sarah's crap at the bottom of his throat. after what felt like an eternity Samara stood up and wiped, carelessly leaving a bit of shit between her cheeks as she reached back and flushed. the shit and water mixed and spun as jimmy closed his eyes. he knew this was it, and he was hoping for it. he wanted this to end. the horrid mixture of shit and water and urine from his younger sister and her bff rushed down forcing its way down his throat and into any area of his body the waste could find. his lungs filled with liquid shit as he choked and coughed, puking up feces into the toilet bowl, slowly he went unconscious.

slowly jimmy woke up, his mouth was caked in shit and every breath he took felt like his lungs were being stabbed by knives. he saw Ashley above him with tears in her eyes. with one hand she held back her hair and the other hand she held her nose, clearly from the smell.

"jimmy..... im so sorry... im so fucking sorry.... that bitch, Ji-yeon, she told me she would let you go but only if i took your place! and i knew you would never want me to go through something that horrible. I tried to leave but they wouldn't let me! I didn't want to do this! really! im so sorry! but I can't hold it anymore! please.... just... try to forgive me. I promise ill try to get you out! fuck i cant hold it anymore!"

Jimmy was in a daze, he could only take in half the words she was saying, he felt like there was shit literally in his head. he watched as Ashley tugged down her pants and sat down, her anus puckered once, then a second time, then it opened up and dropped a monster log, it was so thick. Jimmy's eyes widened as it came out and dropped to his lips, the head was brown but it quickly turned a dark green. after the shit dropped her asshole spread open and let a stream of green soft serve shit out, it looked like baby food. jimmy used his tongue to shovel the soft shit around the big hard turd, sucking it down like he was programmed to eat shit, he couldn't think anymore and was acting on pure basic instinct trying to survive.

Ashley cried as she wiped her ass and stood up looking into the bowl.. it was a horrific mess....

"jimmy.... is it better if i leave it? or should i flush? please tell me! hit once for leave it and hit the floor twice for flush!, please tell me quick! I can't stand to be here, it smells so bad!"

Jimmy was in a trance, her pushed the big turd with his tongue lining it up as it dropped into his mouth. biting down he could taste the undigested vegetables in Ashley's waste. not able to hear a

word Ashley was saying, and using his last bit of strength he started to pound the beat to the song tequila on the floor.

Ashley cried as she reached forward and flushed to the toilet before running out. the water swirled around breaking up her shit and turn a light green as it forced its way down. Jimmy passed out and everything went dark.

he could feel himself being moved, but everything was dark. he felt his legs being dragged on cold smooth concrete, and could hear the echoing voices of what sounded like tens of thousands of girls. two people lifted him and strapped him down in the same coffin shaped device he had spent the last three days. one of the people pulled a thick hood off jimmy's face and his eyes adjusted to see Ji-Yeon. he wanted to scream! he wanted to beg! he wanted to jump up and strangle her but he had no strength to even speak.

"well. tonight is a big show! I get bored with you jimmy. you very boring! so useless! so i decide to let you go free."

Jimmy's eyes lit up! the first thing he needed to do was find a hospital

"after tonight's show!" Ji-Yeon laughed maniacally

"if you survive tonight, you can go free, sound good?"

jimmy nodded as best he could

"good toilet! wish me luck" she turned her ass to face him and blew a very fishy smelling fart over his face, he gagged and choked as the guards pulled down a large thick rubber mask connected to a 3 foot diameter steel pipe. Jimmy couldn't resist even if he wanted to, his eyes adjusted some more as he gazed up, seeing that the pipe extended far above him to the roof. the guards slammed the coffin shut leaving him in darkness as he breathed into the rubber mask over his face.

"turn it on" Ji-yeon said into a walkie talkie as she walked down the hallway to her dressing room.

jimmy could hear a mechanical buzzing sound as something far above him moved, the mask vibrated and the pipe connected to it felt like it was shaking. first he could smell it, it smelled like a

tanker truck full of shit had tipped over. he could hear the liquid sound of it, coming, quick. then all of the sudden it hit him like a ton of bricks and filled the mask instantly. the piss and shit of over 100 girls was dumped down the pipe. up above him all the toilets in the South Korean Performing Arts Arena had been hooked up to one massive pipe junction that lead to jimmy's mouth. over 100 thousand female fans had packed the arena and were rushing to clear their bladders and bowels before the show. asses dropped onto seats as urine and shit dropped and flushed, accumulating and flowing down. the waste poured down jimmy's throat and into his body as everything went dark. his lungs filled with shit and popped at the same time his intestines split. the shit and piss of countless korean girls spilled out into his body.

the last thing jimmy could feel was the agonizing pain of his head filled with shit as his eyes were forced from his skull. shit began flowing from any available hole on jimmy's body as it began to fill the coffin.

Ji-Yeon walked onto stage as her phone buzzed, she quickly looked down and saw that jimmy's heart had stopped. she hit the release button on her phone changing the toilets back to their normal plumping. this was just the confidence boost she needed! she walked out to center stage!

"ANNYEONGHASEYO KOREA AAAA"

3 months later

Marie, Rachel, Vera and Ashley all sat in the third row of the funeral, looking down at the ground with deep sadness. Jimmy had been missing for months and the family decided to have a body less funeral assuming the worst. Ashley looked over and saw Dave sitting far at the other end of the row and crying with jimmy's

sister. she had to say something to jimmy's family. she felt responsible. jimmy's mother was just finishing her speech.

"and now, our sweet boys, girlfriend Sarah, has prepared a few words" his mother walked off, barely holding back her tears as a mourning Sarah walked up to the podium and took the mic. Ashley was clenching her fists with rage seeing Sarah! she had the audacity to speak! she helped murder him!

"jimmy really was a special guy. there was no one else like him. I thought we would spend the rest of our lives together, that he would work hard to support and take care of me. every morning I would wake up and look down to him. and cook him a special breakfast! just for him! I really loved him, and i just want him to come back" she started weeping and she used her sleeve to wipe her tears

"jimmy... if your out there.. please.. just come back.." she walked off stage with her face in her hands and crying profusely. Ashley wanted to run over and attack her!

(in South Korea)

Ji-Yeon was getting ready for bed as she went to her massive walk-in closet. Throwing her clothes into the laundry bin she looked down to see a white shirt sticking out from underneath. She pulled it out and saw that it was her designer shirt that the toilet boy had ruined! But the stain was gone? It was just then she remembered.... she brought her cheap 10\$ knock off brand shirt to America on her trip! She left the expensive one here... so she killed and tortured that boy for no reason..... oh well.... she quickly let the thought leave her mind as she crawled in her giant bed and drifted off to sleep.

THE END
