

Chapter 73 - Having sex in the kitchen can be dangerous. +18

Lili continued sucking my cock. While I enjoyed the sensation of her warm, soft mouth, I kept an eye on the pasta cooking.

I'm waiting for Hestia. I'm sure she will show up.

I looked down, and Lili was staring at my face. Lili loves to watch all my reactions while she does this. I placed my hand on her head, stroking her ears.

Lili took my cock out of her mouth, and her saliva dripped onto the floor.

"My mouth is hurting, it's too big, hehe."

"You don't need to do it."

"But I want to make you cum!" Lili exclaimed, her eyes sparkling. She put my cock back in her mouth. This time, she focused a lot on the head, using her tongue intensely.

Every time her tongue rubbed against the head of my cock, I felt a jolt of pleasure shoot through my body, and my legs grew weaker. If she continued, I would lose strength in my legs and fall.

So I moved my hips and pulled my cock out of her mouth. When I did, Lili pouted, disappointed.

"Why did you do that? Your cock was trembling, you were about to cum!"

"If I cum here, I'll end up burning myself. I was losing strength in my legs."

"So it was that good? Hehe."

"You're getting better at this. Have you been practicing?"

"Are you crazy? I would never practice something like this! Do you want me to suck other men's cocks to study?"

"If you did that, I'd throw you into the deepest parts of the dungeon and leave you there."

"Scary..." Lili said playfully. Of course, she wouldn't do something like betray me even though she's not officially in my harem yet. I'm confused about that—how is she not in my harem?

Lili is entirely in love with me, and we have sex almost every day.

'It was so simple to add Aisha to my harem...'

"Can I continue now?"

"No, I don't want to cum in your mouth. I want to cum in your pussy."

"Eh? But how are we going to do that?"

"Like this."

"Hey, wait!"

I picked Lili up and placed her on the counter.

Lili was only wearing her panties and one of my white shirts. It was like a dress because it was too big. When I put her on the counter, I had a full view of her soft thighs and beige panties.

"Hey, are you sure this is okay? The Goddess won't come down and see us here?"

"Didn't you talk to her? You know she wants to watch, right?"

"So you were listening! You know the Goddess wants to do this with you, right..."

"She does, but she doesn't think it's right."

"Yes... I told her I didn't mind. I wonder what she'll do..."

"What do you want her to do?" I started touching Lili's thighs, and her ears and tail twitched.

"Well... I don't know. Do you like her?" Lili asked while I continued touching her thighs. My hands slowly slid closer to her panties to start removing them.

I responded while slowly pulling her panties off.

"I like her, and I don't mind having sex with her."

"If that's what you want, I don't mind. It's better for you to do it with the Goddess than with another woman."

"Hmm... Aren't you jealous? Are you sure?" I removed Lili's panties, and her pussy came into view. Lili supported herself on the counter and let me spread her legs.

But before supporting herself on the counter, she made sure to move the shirt out of the way, clearing the path to her pussy.

"I'm not jealous... mMMM." I touched Lili's pussy with my fingers, and a moan escaped her lips.

"I see..." My fingers slowly entered Lili's pussy. Her pussy tightened around my fingers, and I moved them inside, touching her sensitive spots.

"Hey, about the Goddess... About watching the two of us having sex..." Lili said, trying to control her moans. My fingers went deeper into her pussy, and she was feeling immense pleasure.

"You talked to her about this too, didn't you?" I pulled my fingers out of Lili's wet pussy and licked them. The counter was already soaked with her fluids.

"Yeah... But... I'll feel very shy if I knew she's watching us, so I told her to do it secretly."

"You don't know what you're missing. It's amazing to have sex while a woman masturbates watching you... right in front of you."

"Have you done that before?"

"Of course. Wasn't Hestia watching us before? She was practically in front of me. I had a clear view."

"I couldn't see... What was it like?"

"Hestia's body?"

"Yes, that."

"It was beautiful, probably the sexiest body I've ever seen in my life. Her breasts were beautiful."

"Hmm... I see. More beautiful than mine?" Lili lifted her shirt and showed me her breasts. She squeezed them with her hands to make them look bigger.

"You're beautiful too, Lili." I approached and kissed Lili. My cock touched the entrance of her pussy as I kissed her. My cock almost slid inside her.

The counter was high, so I stood on tiptoe.

And as this happened, I opened my eyes and saw Hestia entering the kitchen, sneaking like a spy. I ignored her and continued what I was doing.
