

# GIANTESS FROG NYMPH VS. HUMANS

By: Jessica Rae

Those darn humans. They just hike, hunt, camp and whatever right in my neighborhood and bother my poor frogs.

I'm sorry, Gurgles. Anything I can do to help?

Unless you can find a way to make it easy for me to teach humans to fear me and frogs, I don't think so.

Huh ... that sounds like magic would be needed, to me. That reminds me, Twiddle Thumb figured out two days ago a new spell to turn people giant.

Wait ... Twiddle is the fairy that lives in a butterfly bush, right?

Uh-huh.

Mmm- the little bug might be useful for once. See ya, Jiggles.

Oh, and don't forget to teach humans to not eat burgers. Would be really helpful.

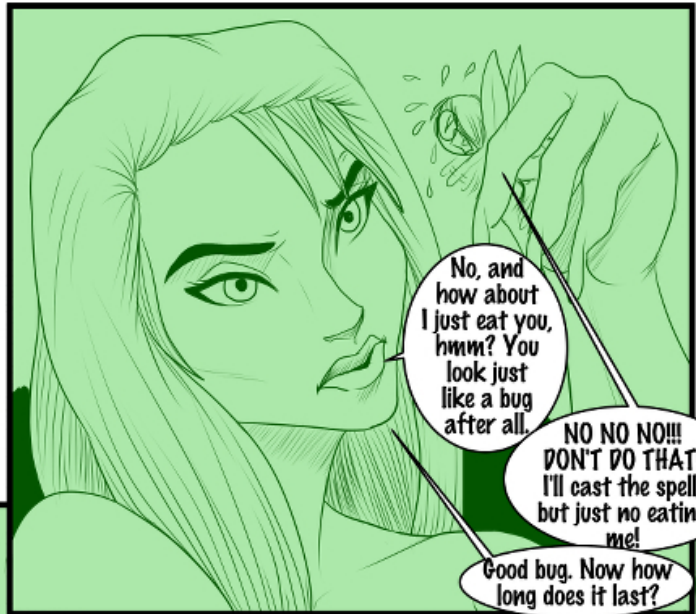

LATER ...

But I can't put you under that spell. It'll get me in trouble with the Head Nymph if I give you a way to \*GULP\* e-eat humans more easily.

Can I persuade you to have a different spell? One that won't wipe out a city of humans.

No, and how about I just eat you, hmm? You look just like a bug after all.

NO NO NO!! DON'T DO THAT! I'll cast the spell, but just no eating me!

Good bug. Now how long does it last?

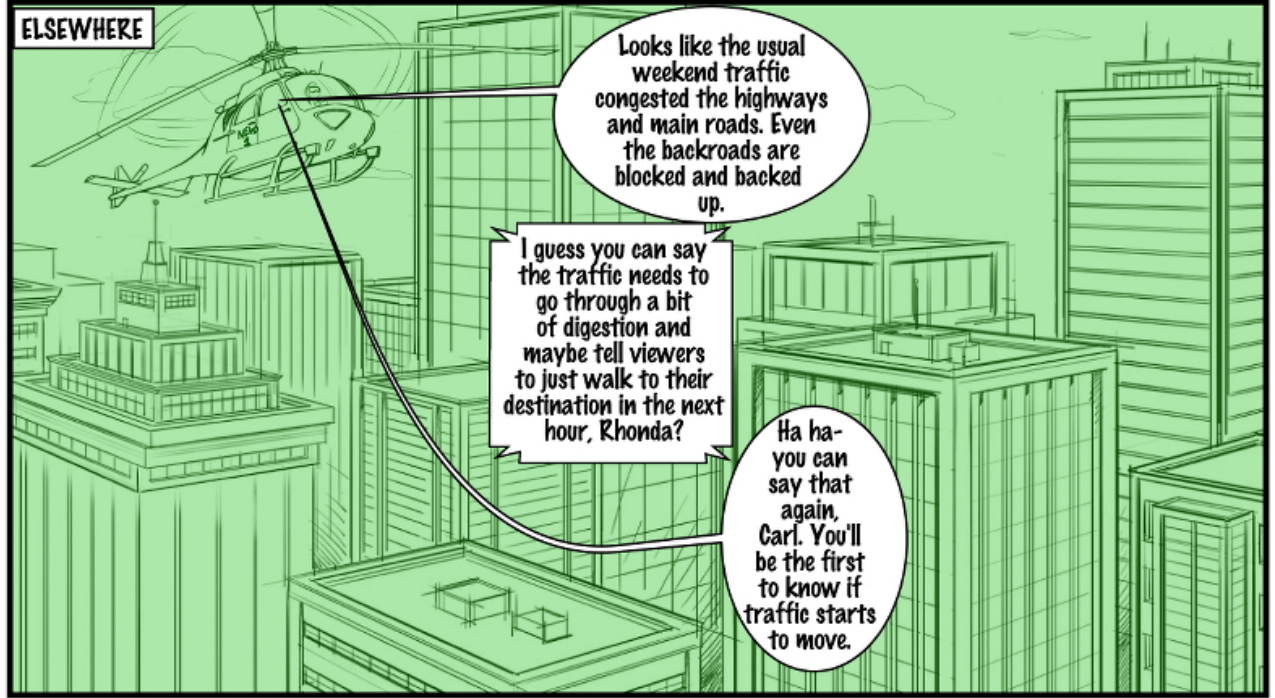

It lasts only two days. But you have to know that you can't just be a glutton and devour all you deem as evil towards frogs. As soon as you become your normal size, there is a strong possibility that the humans might not shrink in proportion with your body and stay normal size. So ... how about you just bring justice to humans another way since you won't be able to eat them like you'd want.

Oh, goodness. I can't believe I'm talking about this so casually and to a FROG nymph of all things.

Let me worry about that. You just do your magic before I get any hungrier and just make you disappear.

ELSEWHERE

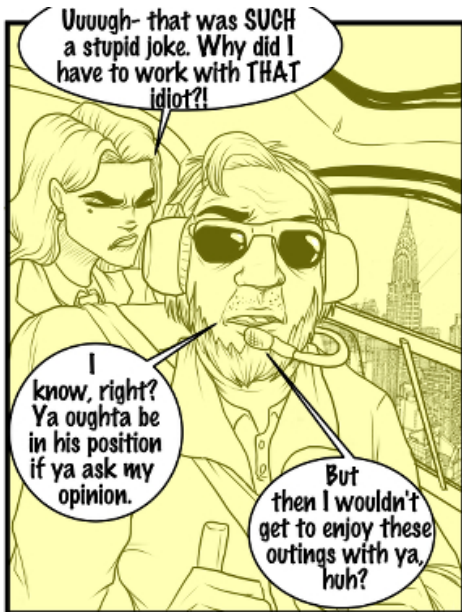

Looks like the usual weekend traffic congested the highways and main roads. Even the backroads are blocked and backed up.

I guess you can say the traffic needs to go through a bit of digestion and maybe tell viewers to just walk to their destination in the next hour, Rhonda?

Ha ha- you can say that again, Carl. You'll be the first to know if traffic starts to move.

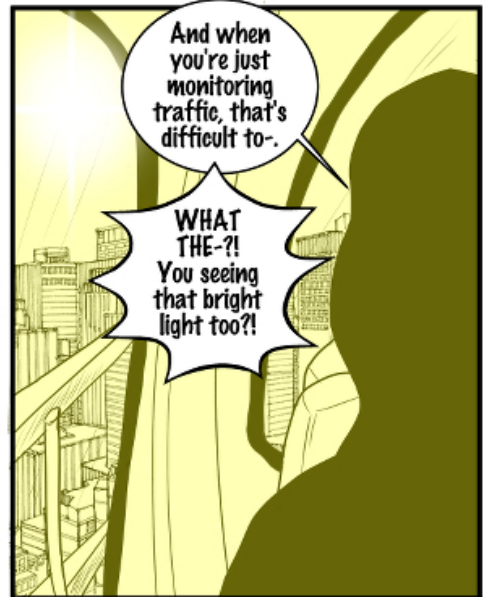

Uuuugh- that was SUCH a stupid joke. Why did I have to work with THAT idiot?!

I know, right? Ya oughta be in his position if ya ask my opinion.

But then I wouldn't get to enjoy these outings with ya, huh?

Yeah, but it would take a big news story to get me that position.

And when you're just monitoring traffic, that's difficult to-.

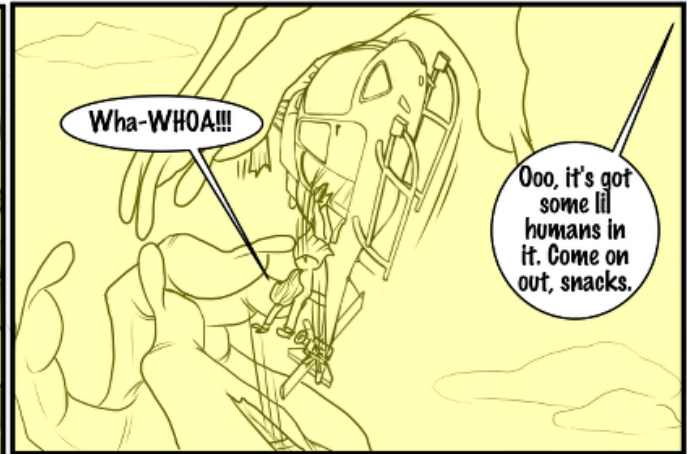

WHAT THE-?! You seeing that bright light too?!

AAAAAAH!!!

PULL BACK!!!

Seems I got sent to a good spot full of hu- Huh? What's that?

Wha-WHOA!!!

Ooo, it's got some lil humans in it. Come on out, snacks.

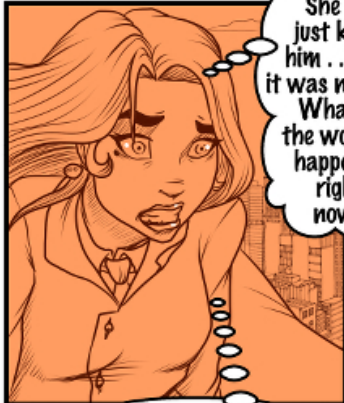

Sure I got only one, but-

-I guess I just need to start off small and work my way up.

'CRUSH'

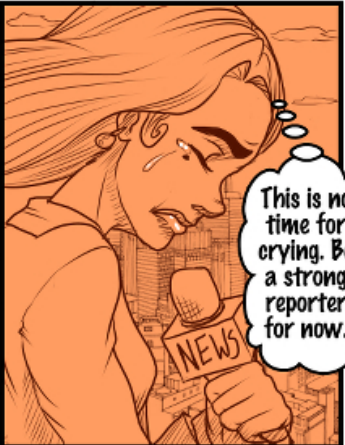

She... just killed him... like it was nothing. What in the world is happening right now?

This darn tongue. Bluh-

This is no time for crying. Be a strong reporter for now.

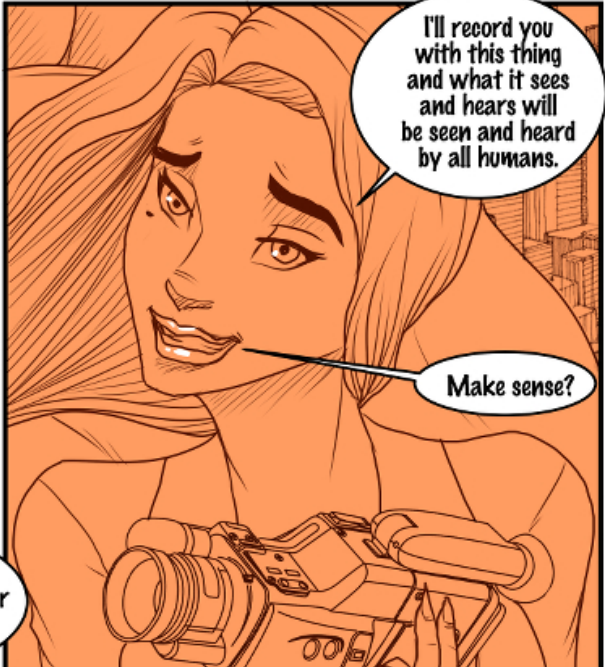

She won't even think twice about me IF she kills me. I gotta do something!

Uh, h-hey. W-would you like to be known by the whole world?

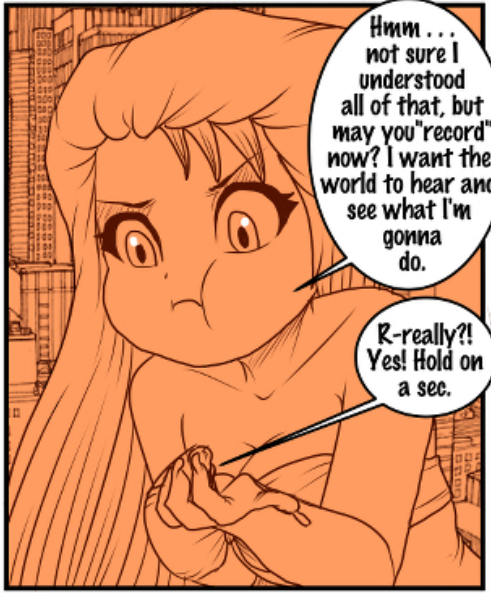

Huh, what are you saying, human?

Instead of resorting to violence, you can get your message out for all humans to hear.

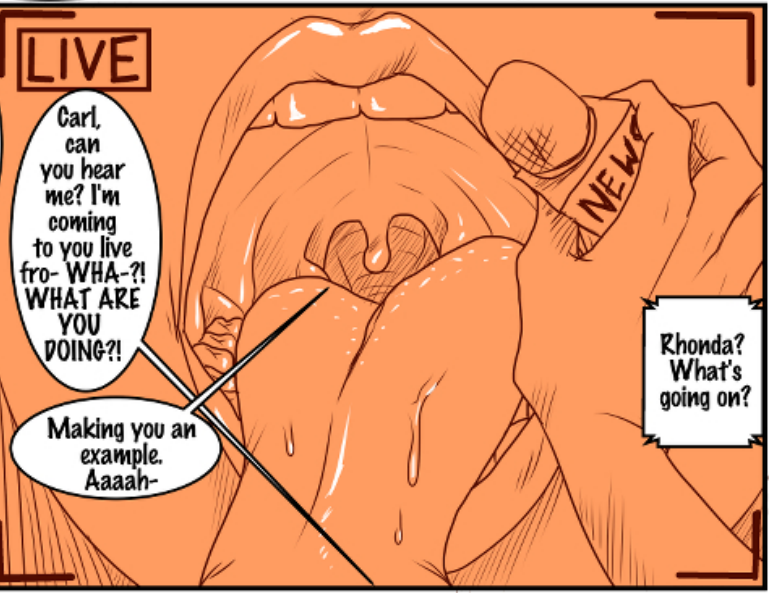

I'll record you with this thing and what it sees and hears will be seen and heard by all humans.

Make sense?

Hmm... not sure I understood all of that, but may you "record" now? I want the world to hear and see what I'm gonna do.

R-really?! Yes! Hold on a sec.

Carl, can you hear me? I'm coming to you live fro- WHA-?! WHAT ARE YOU DOING?!

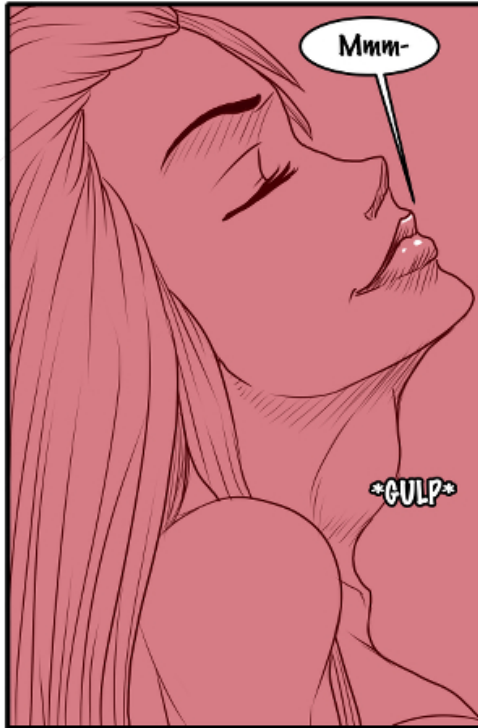

Making you an example. Aaaah-

Rhonda? What's going on?

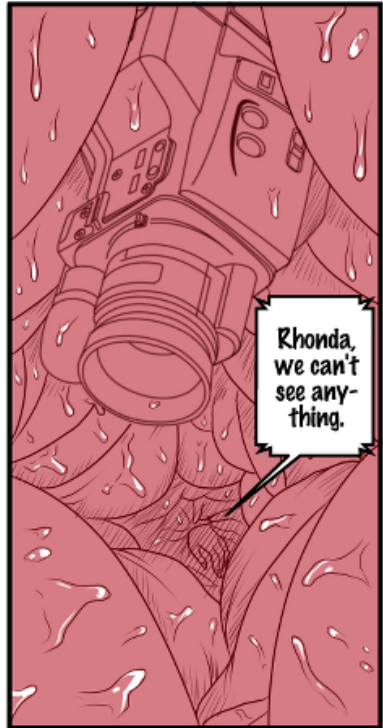

Guh, this thing is so sticky! May we talk about an alternative to violence PLEASE! Just stop eating me!

Mmm-

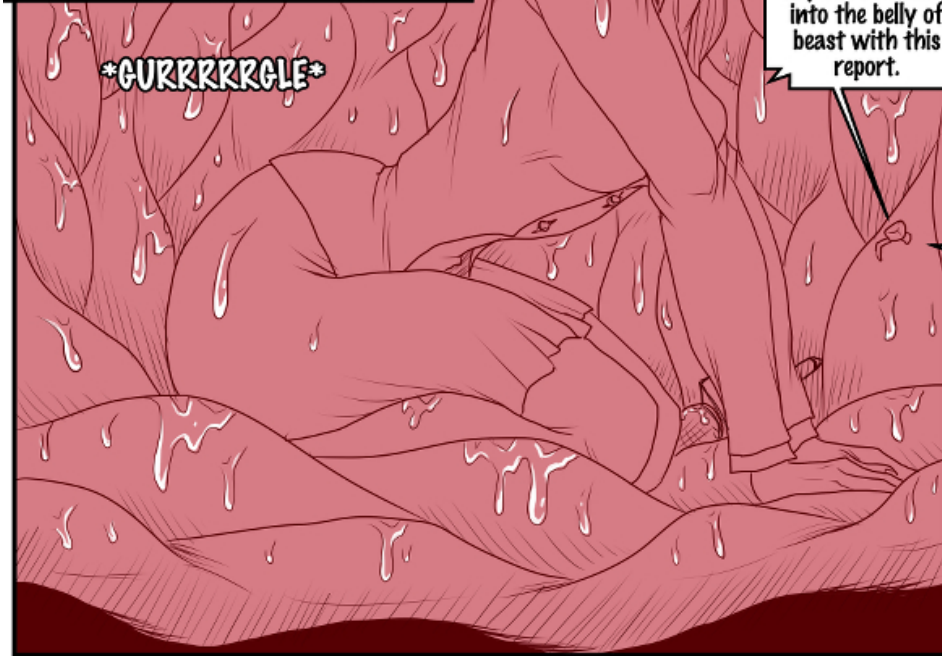

\*GULP\*

Rhonda, we can't see anything.

AAAAOH!

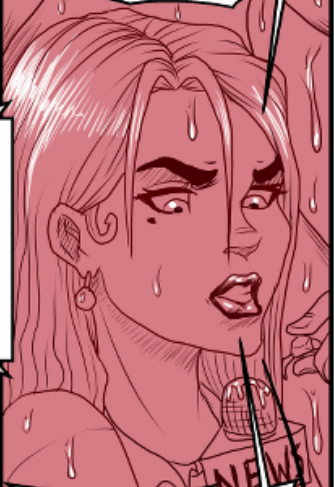

\*GURRRRRGLE\*

Nnh- j-just don't look. This might all be just a bad dream.

Rhonda, what's the inside story? All we're hearing are some gurgley sounds. ... I guess you can say she's heading into the belly of beast with this report.

CARL! SHUT YOUR STUPID MOUTH FOR ONCE! THIS ISN'T A JOKE!

CALL THE POLICE AND TELL THEM TO GUT OUT THIS STUPID GIANTESS! BE USEFUL FOR ONCE IN YOUR LIFE!

... Sorry, you're muffled out, Rhonda. We'll come back to you after this commercial break.

I can't believe the last person I'm gonna hear from is this MORON.

\*hiccup\*  
It feels like something is-.

\*cough\*  
-stuck in my throat.  
\*cough\*  
\*cough\*  
Didn't think that human would be so difficult.

\*grooan\*

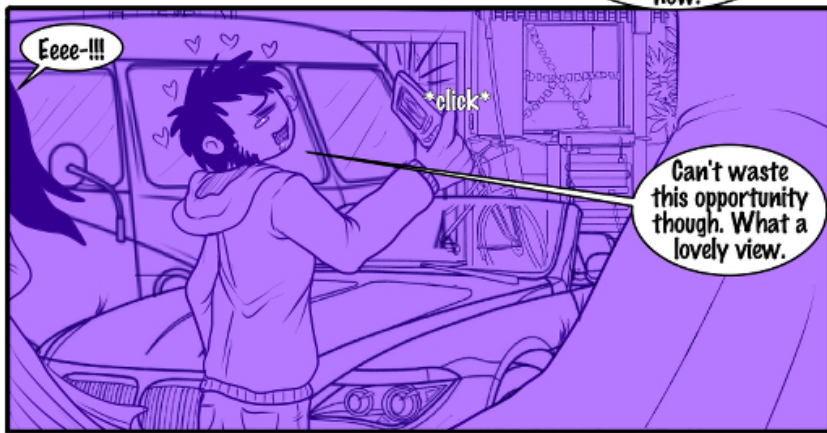

JUST LEAVE THE CAR!  
THERE'S A FREAKING GIANT!

It looks like that thing she was carryi-  
Huh?

CALL THE POLICE!

RUN AWAY!

Didn't realize there were humans down there... 'til now.

Eeee-!!!

\*click\*

Can't waste this opportunity though. What a lovely view.

Hmmm...  
Seems as though a lot of them are in those lil tall buildings, but I guess I should go for the ones out in the open for now.

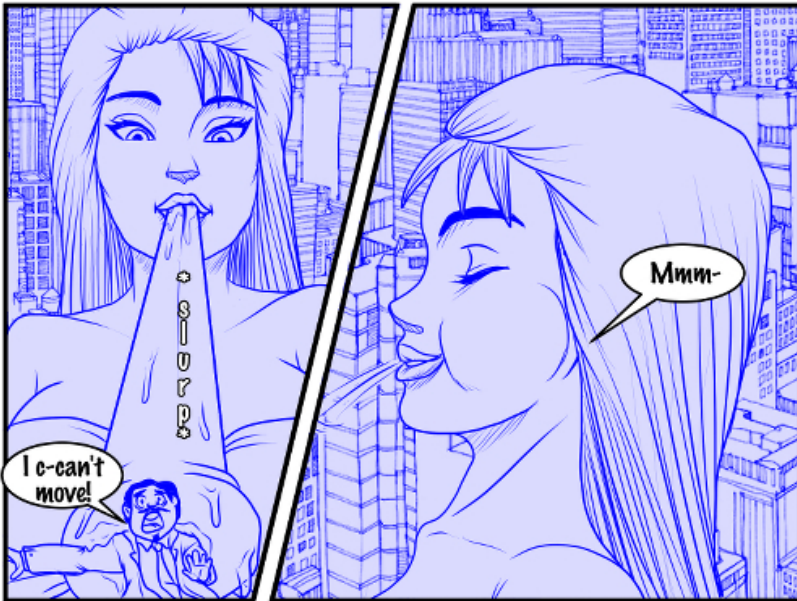

\*bleeeeeuuu\*

AOH!  
WHAT THE F-!

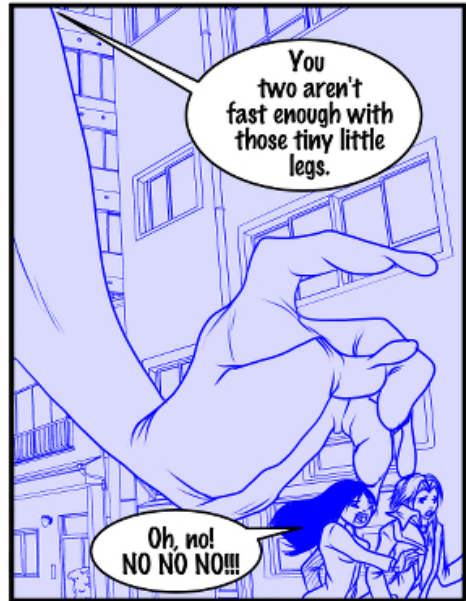

\*SPLAT\*

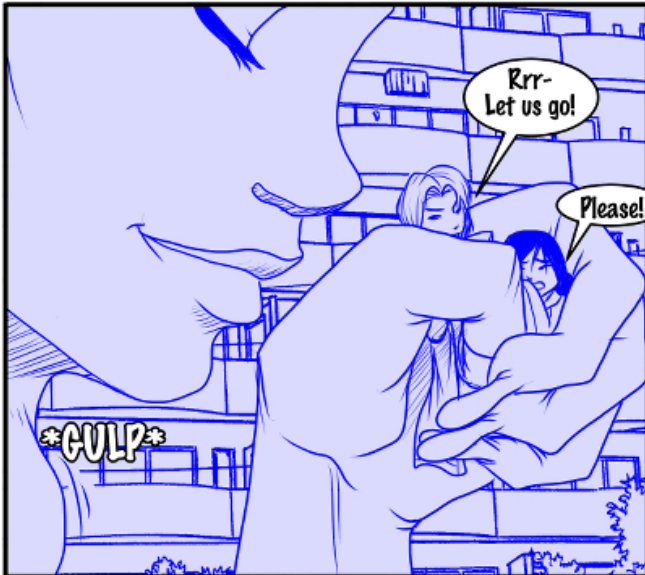

I c-can't move!

Mmm-

You two aren't fast enough with those tiny little legs.

Oh, no! NO NO NO!!!

Rrr-Let us go!

Please!

\*GULP\*

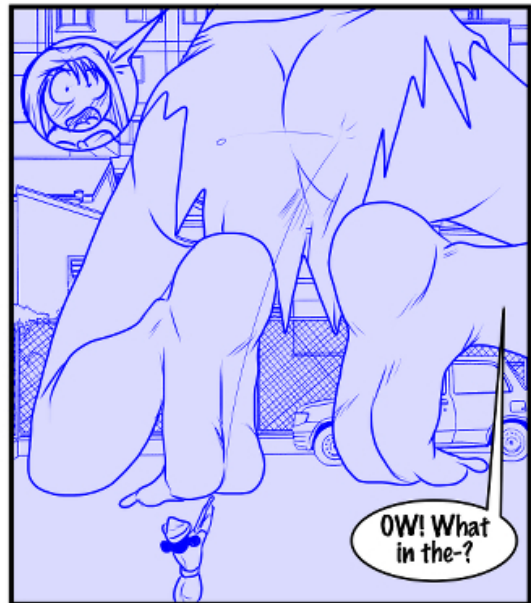

Aaah-

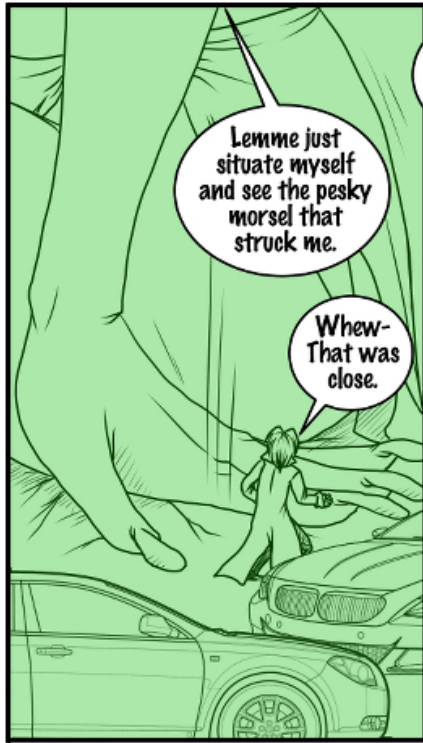

I don't think you're bullet-proof, babe.

And ya left your back WIDE open.

OW! What in the-?

Lemme just situate myself and see the pesky morsel that struck me.

Whew- That was close.

Just a lil woman holding a ... stick? How pathetic.

Pathetic?! I'm not the big bad monster attacking people that are no bigger than your foot, whining over a lil bullet. Spit out the humans or else I fire again.

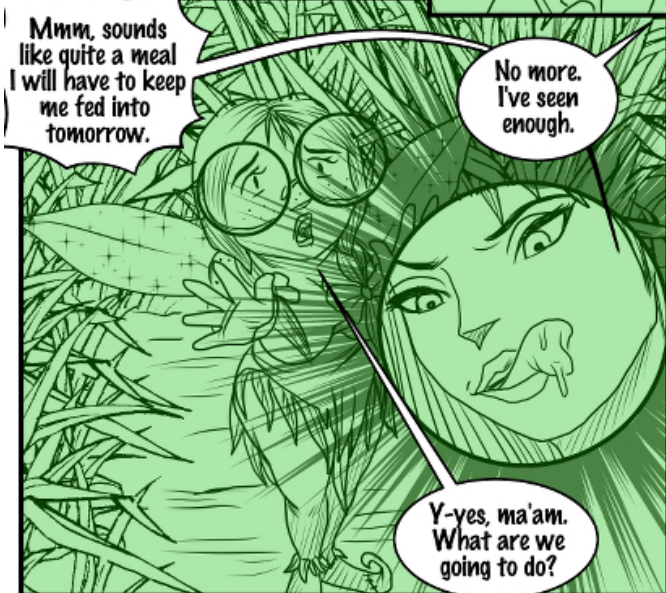

Hmph- that ... bullet, as you called it, didn't damage me. The only thing that can hurt me is a magical being, bug. And you humans are too weak even when you use magic.

You humans think you can boss around or scare other creatures just like my frogs. You are all only good as meat.

Listen, lady. I don't know or really care about why you're attacking humans, but know that more police and even soldiers are coming here to take you down. I suggest you just let those humans go and leave NOW.

Mmm, sounds like quite a meal I will have to keep me fed into tomorrow.

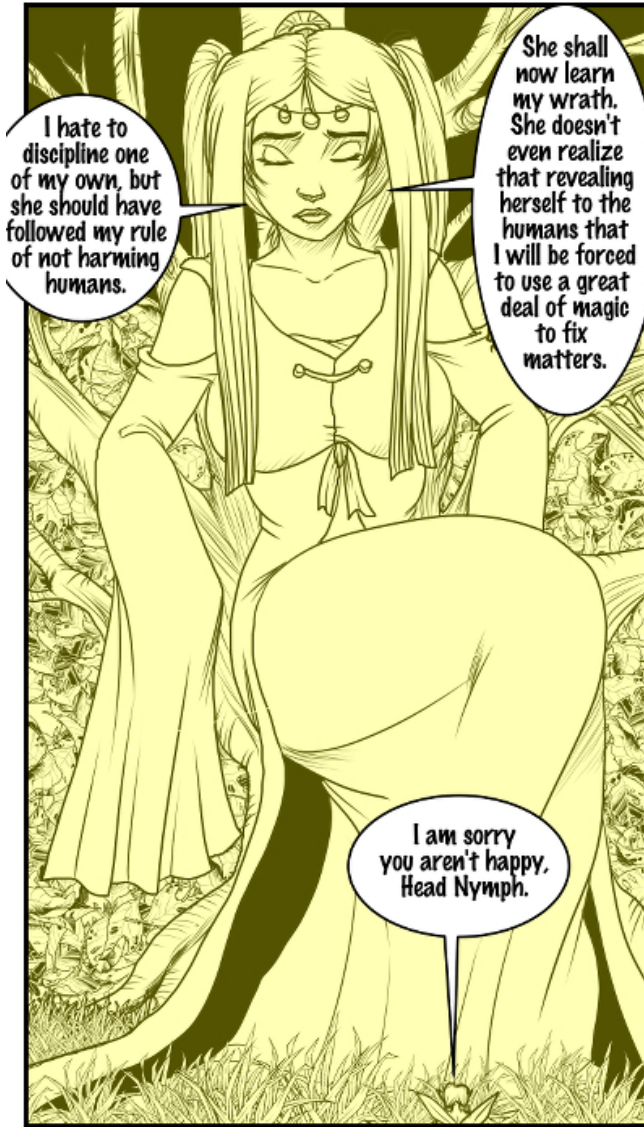

No more. I've seen enough.

Y-yes, ma'am. What are we going to do?

"WE" are not doing anything. I will handle, Gurgles. It breaks my heart she hasn't learned that these humans are not all evil and weak.

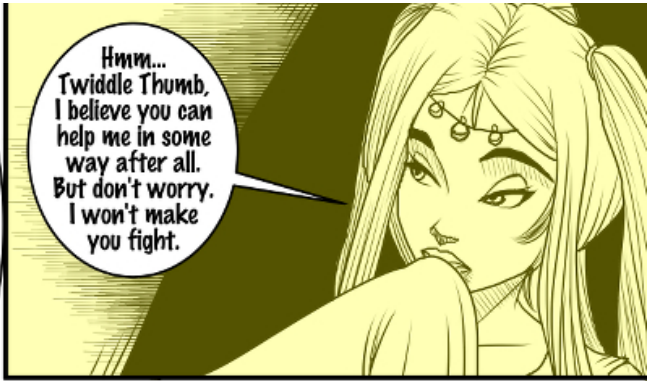

I hate to discipline one of my own, but she should have followed my rule of not harming humans.

She shall now learn my wrath. She doesn't even realize that revealing herself to the humans that I will be forced to use a great deal of magic to fix matters.

I am sorry you aren't happy, Head Nymph.

Hmm... Twiddle Thumb, I believe you can help me in some way after all. But don't worry. I won't make you fight.

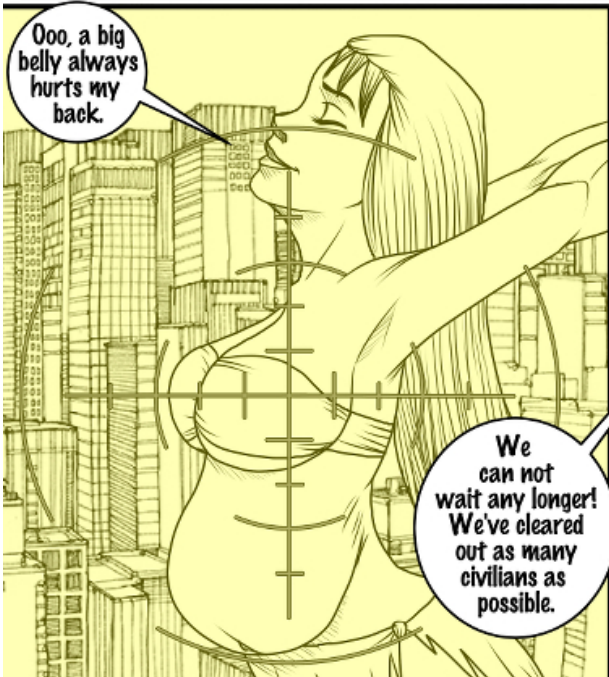

MINUTES LATER...

Mmmm-

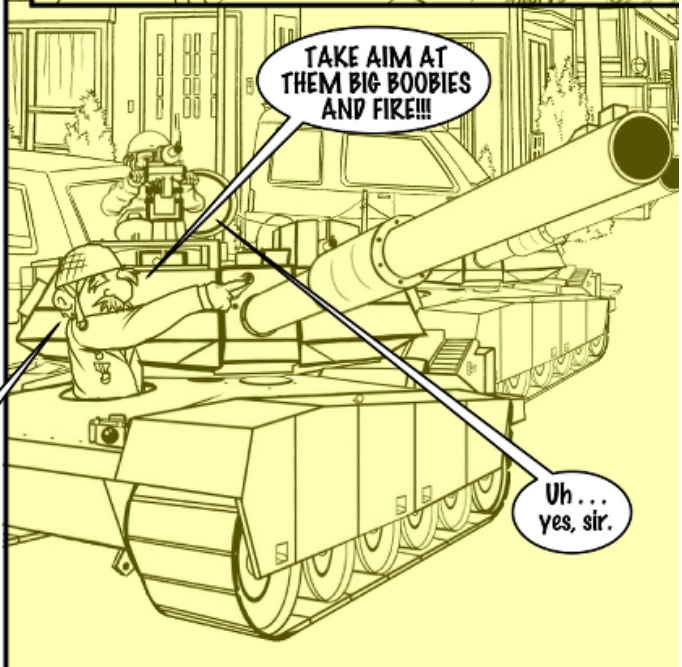

Yummy little treats. You're making me quite big, naughty things.

Ooo, a big belly always hurts my back.

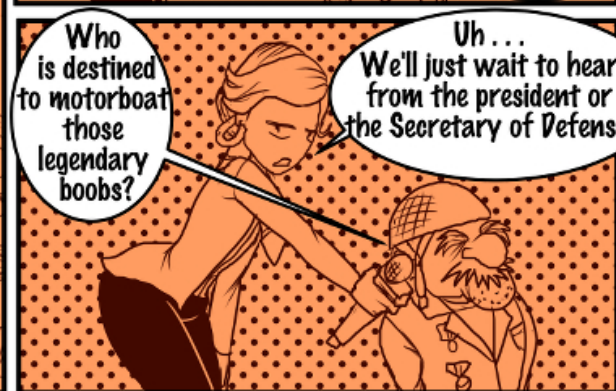

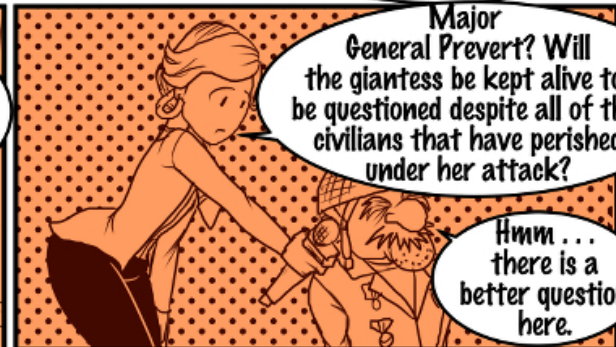

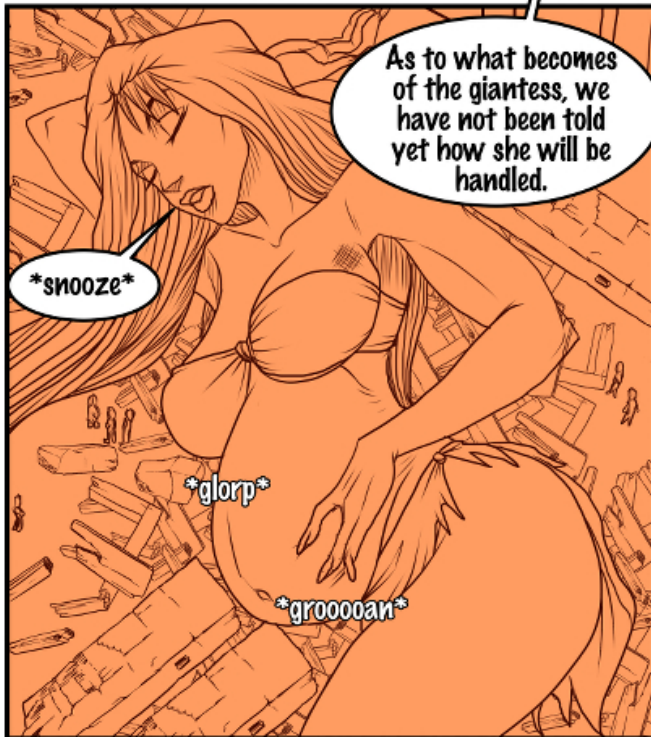

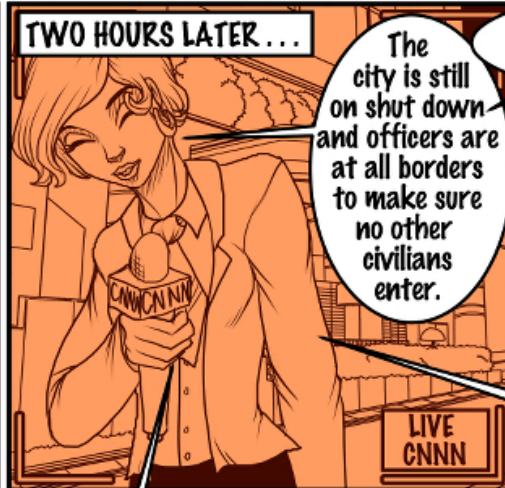

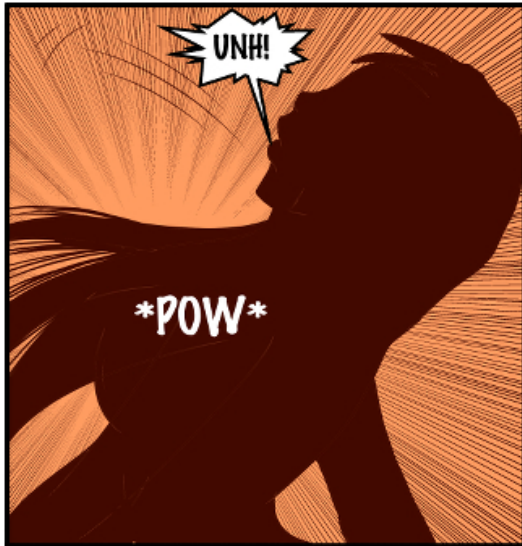

We can not wait any longer! We've cleared out as many civilians as possible.

TAKE AIM AT THEM BIG BOOBIES AND FIRE!!!

Uh... yes, sir.

\*snooze\*

If you can't grab anyone, just tug three times. We're only here to rescue after all.

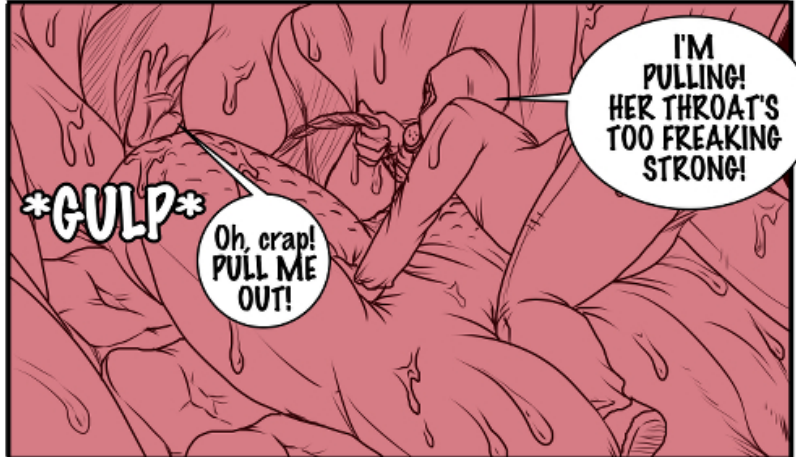

I can support someone's weight.

You just make sure to call those soldiers to tranq this monster if she wakes up.

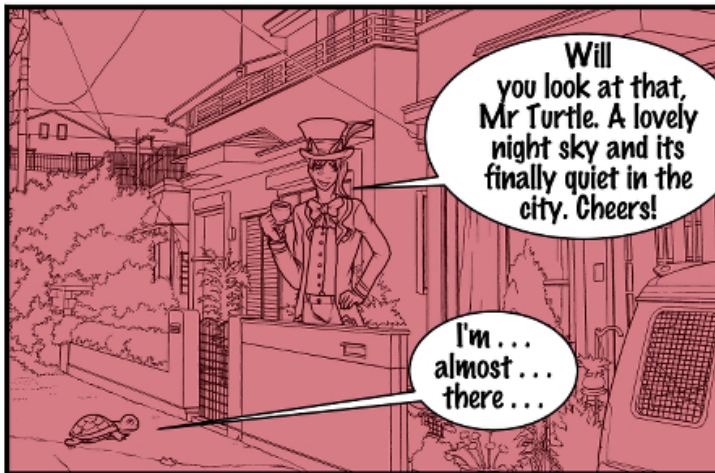

Mmm?

\*GULP\*

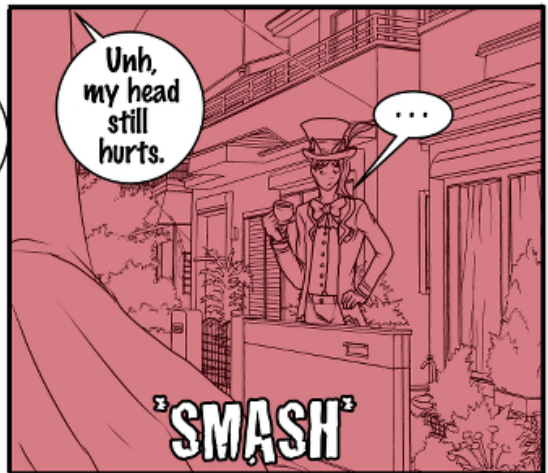

Oh, crap! PULL ME OUT!

I'M PULLING! HER THROAT'S TOO FREAKING STRONG!

Will you look at that, Mr Turtle. A lovely night sky and it's finally quiet in the city. Cheers!

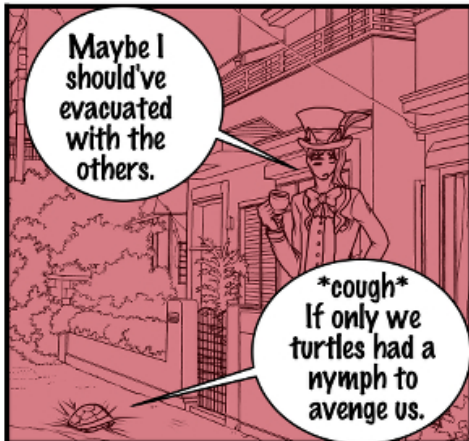

I'm ... almost ... there ...

Unh, my head still hurts.

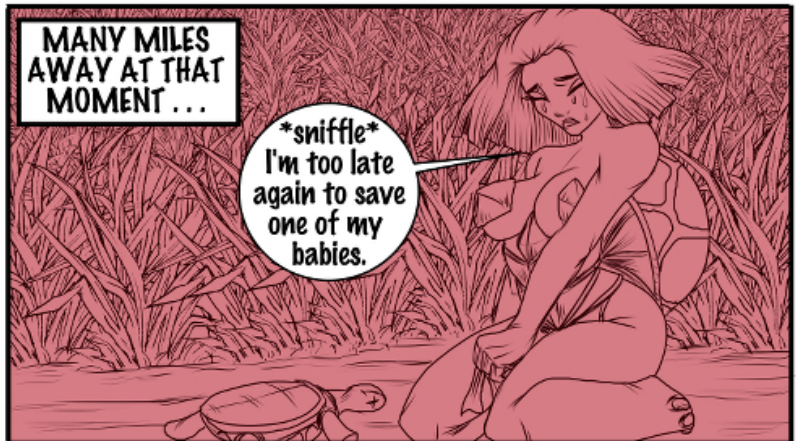

...

**SMASH**

Maybe I should've evacuated with the others.

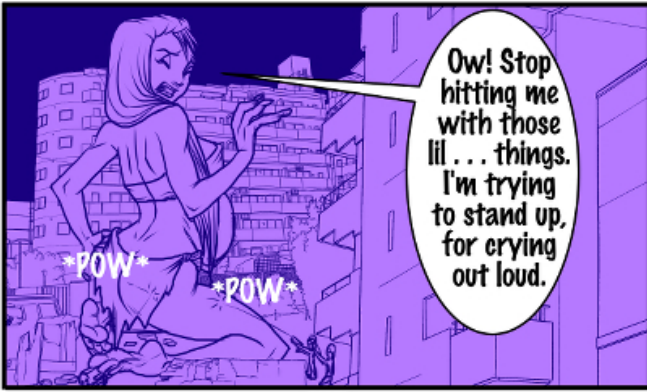

\*cough\* If only we turtles had a nymph to avenge us.

MANY MILES AWAY AT THAT MOMENT ...

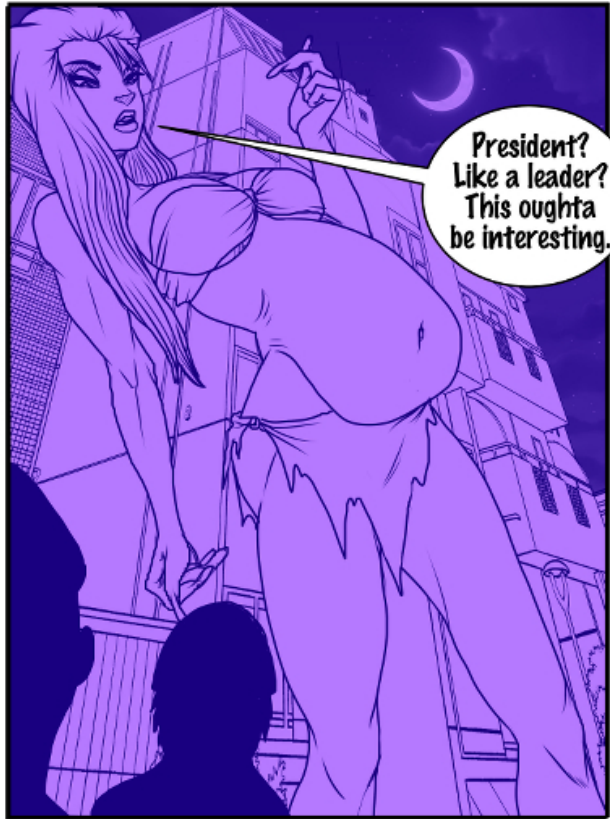

\*sniffle\* I'm too late again to save one of my babies.

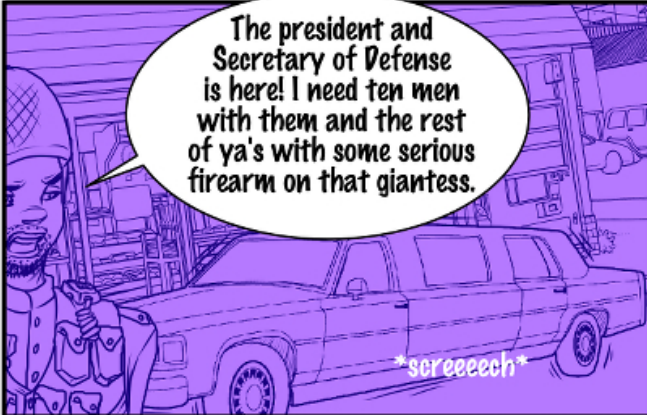

Ow! Stop hitting me with those lil . . . things. I'm trying to stand up, for crying out loud.

\*POW\*  
\*POW\*

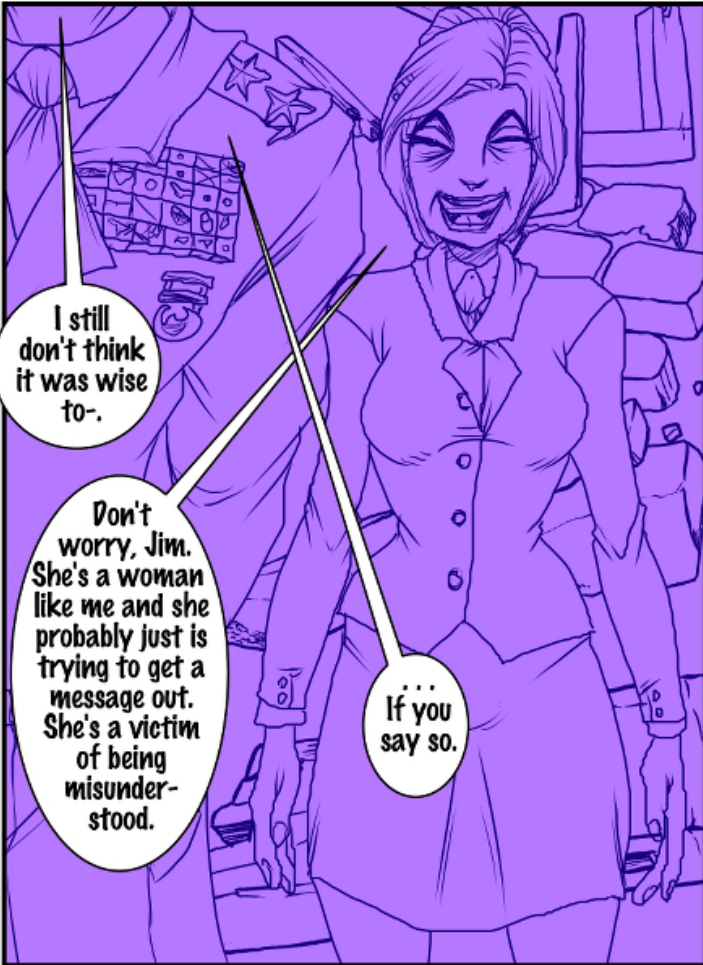

President? Like a leader? This oughta be interesting.

The president and Secretary of Defense is here! I need ten men with them and the rest of ya's with some serious firearm on that giantess.

\*screeeech\*

I still don't think it was wise to-.

Don't worry, Jim. She's a woman like me and she probably just is trying to get a message out. She's a victim of being misunderstood.

...  
If you say so.

Quit your quietly talking amongst each other and tell me what you want.

Well then, we'll get straight to the point. We're here to negotiate with you. We want to help you and you in turn help us. What do you want?

Well, I have quite a list for you humans. I want 300 acres of forest land and swamp land to be left under the ruling of nymphs. No humans allowed except for the humans we deem good enough for livestock.

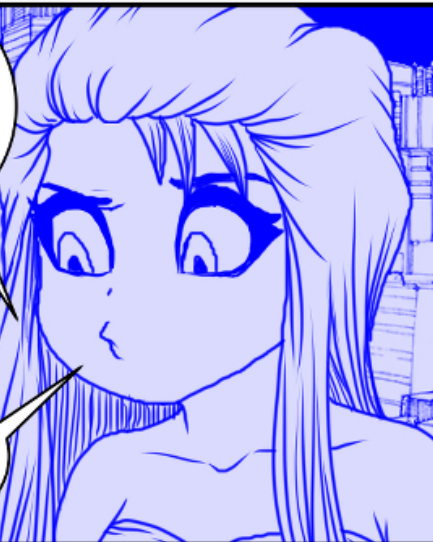

Um ...

We get to pick out what lands would be ours and we get this in writin-.

Excuse me, but ...

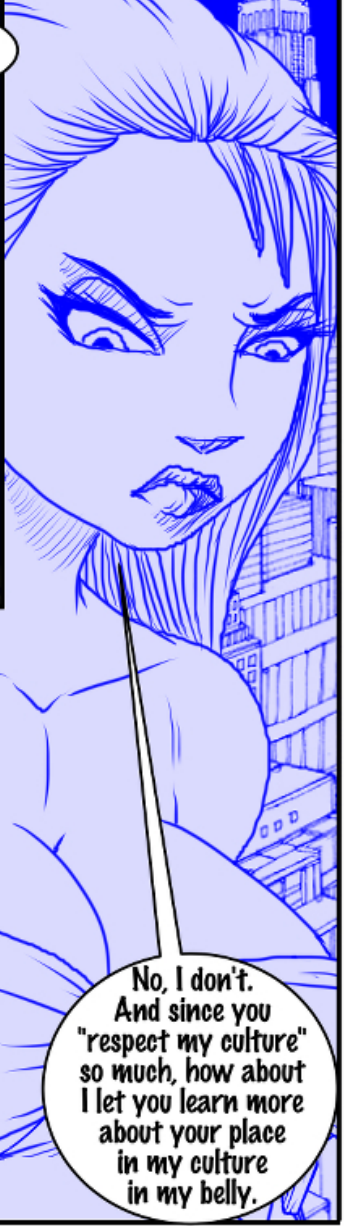

Hmm? I'm not finished.

I assumed as much, but we can't just let you pick out ANY land to call your own.

Also, I am for respecting other people's cultures and yours assumes we're ... simply food, but we can't let you pick out who out of all my country who gets eaten. That would be wrong- Oh, not that I'm being disrespectful and calling you wrong. You know what I mean, right-?

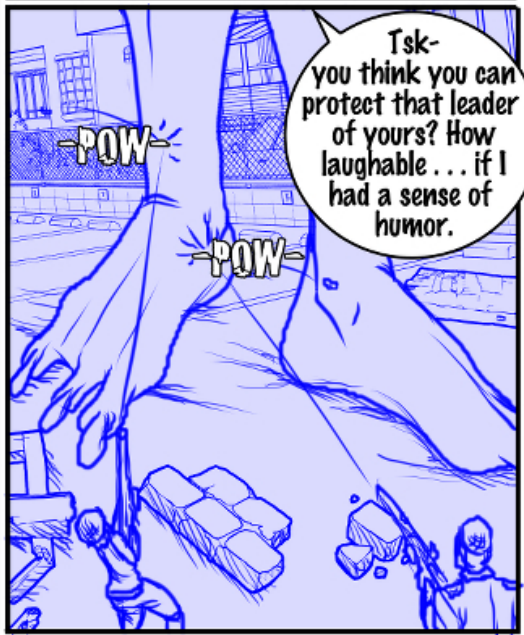

No, I don't. And since you "respect my culture" so much, how about I let you learn more about your place in my culture in my belly.

The giantess is hostile! FIRE!!!

GET THE PRESIDENT OUT OF HERE!

Tsk- you think you can protect that leader of yours? How laughable ... if I had a sense of humor.

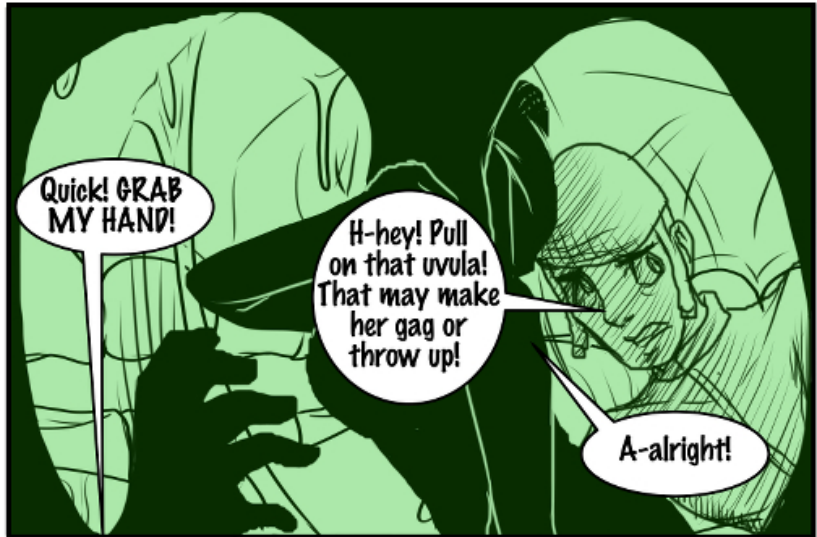

AGH!

\*SPLAT\*

Madam President!

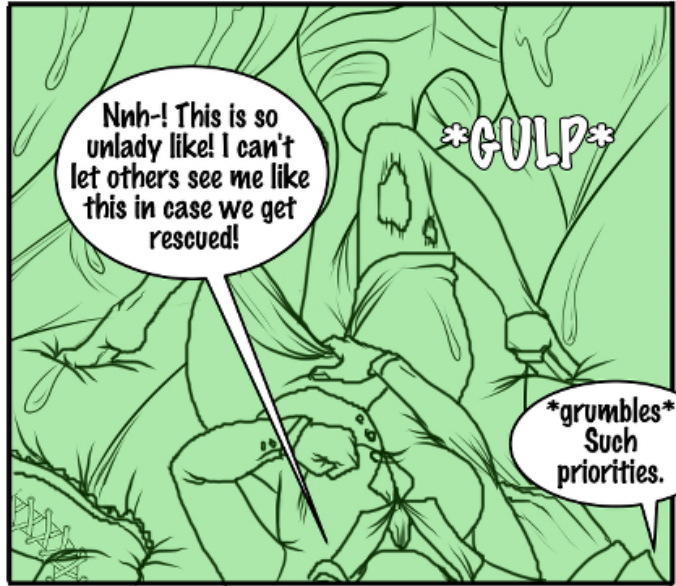

Quick! GRAB MY HAND!

H-hey! Pull on that uvula! That may make her gag or throw up!

A-alright!

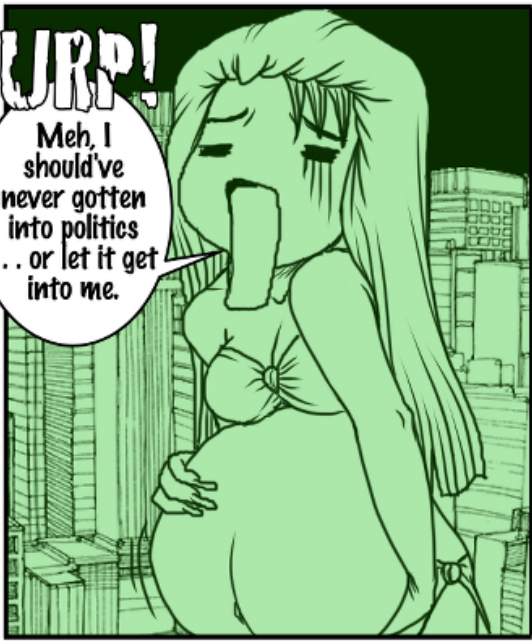

\*hiccup\* Oh, my.

Nnh-! This is so unlady like! I can't let others see me like this in case we get rescued!

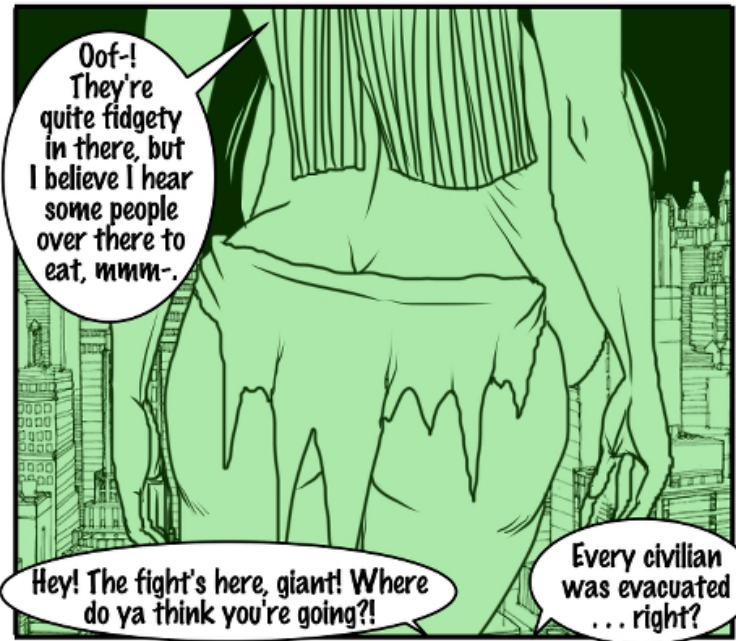

\*GULP\*

\*grumbles\* Such priorities.

URP!

Meh, I should've never gotten into politics ... or let it get into me.

Oof-! They're quite fidgety in there, but I believe I hear some people over there to eat, mmm-.

Hey! The fight's here, giant! Where do ya think you're going?!

Every civilian was evacuated ... right?

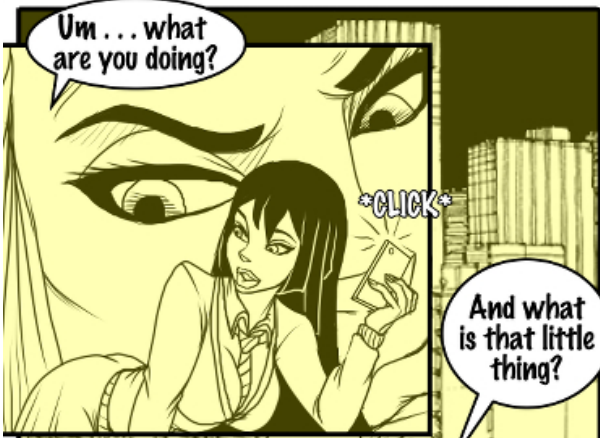

Hmm?  
That sound?

Ready the cannon!  
And get some more  
ammo!

\*CLICK\*  
\*CLICK\*

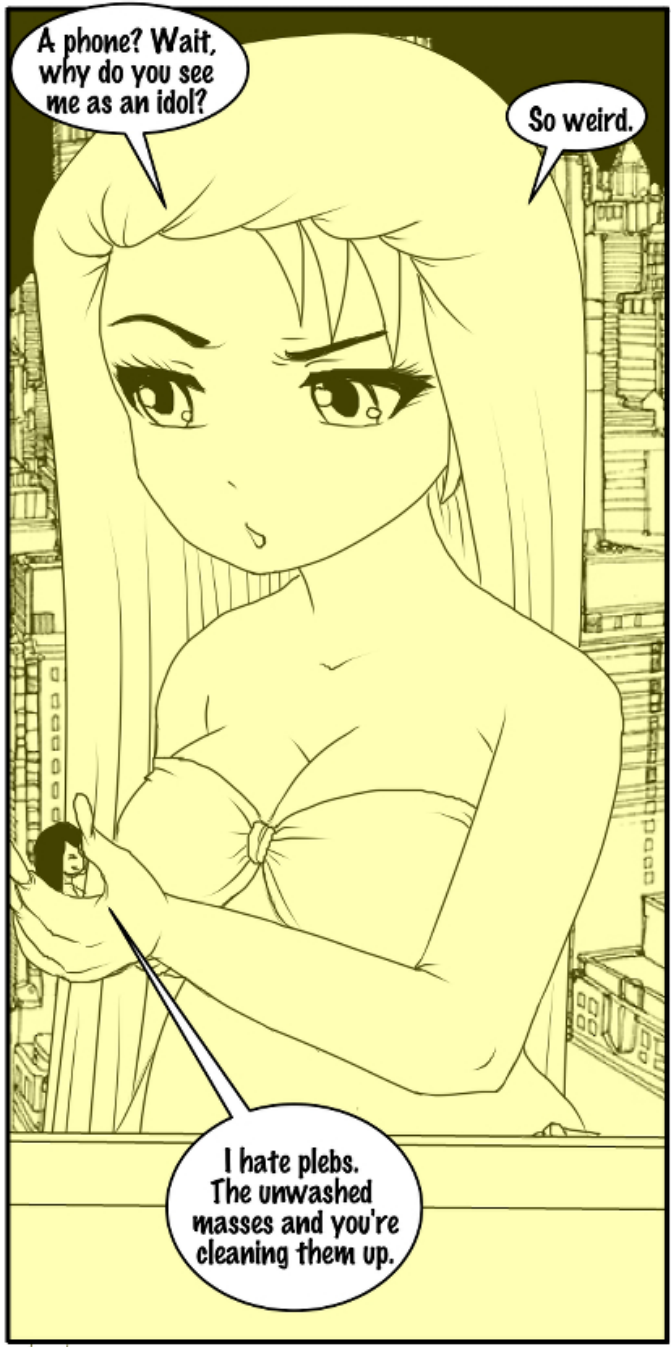

Um... what  
are you doing?

\*CLICK\*

And what  
is that little  
thing?

Oh, I'm taking  
selfies... or  
a picture of  
me and my  
idol. And this  
is a phone.

A phone? Wait,  
why do you see  
me as an idol?

So weird.

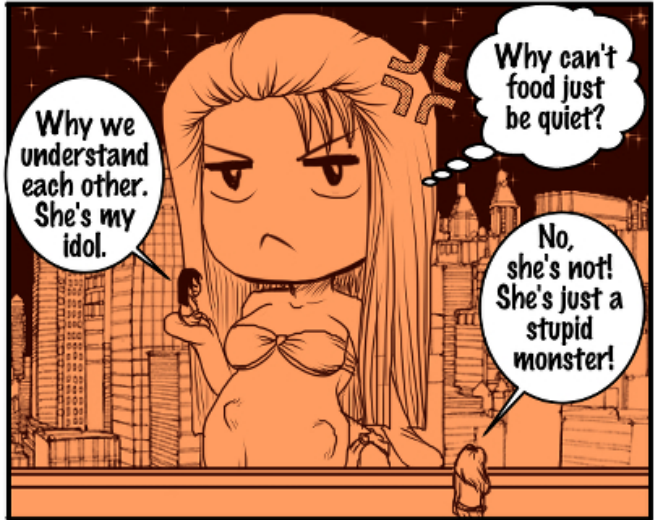

I hate plebs.  
The unwashed  
masses and you're  
cleaning them up.

What are you doing?! Get away from her!

**\*GURGLE\***

Why we understand each other. She's my idol.

Why can't food just be quiet?

No, she's not! She's just a stupid monster!

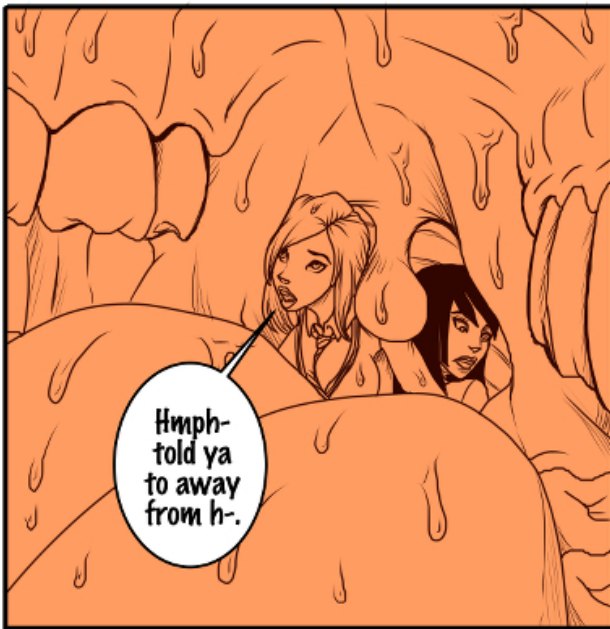

Me? Stupid? I'm not dumb enough to get close to someone that could eat me.

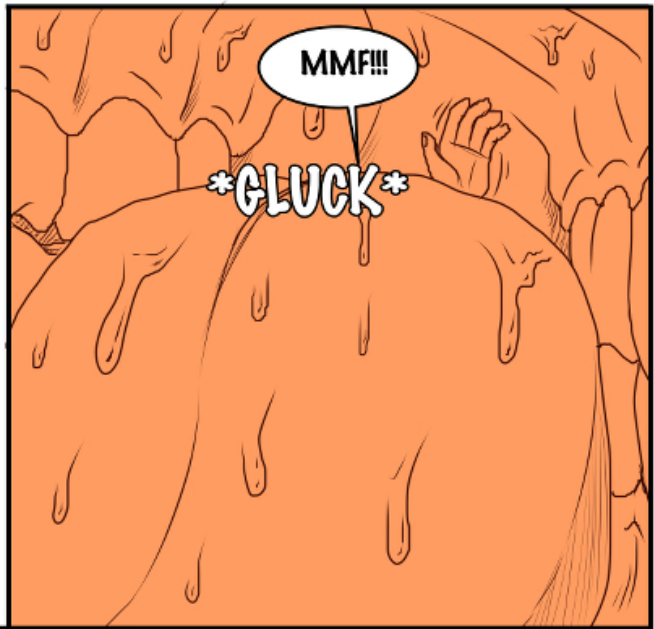

Wh-whoa!

Mmm- that should keep them quiet.

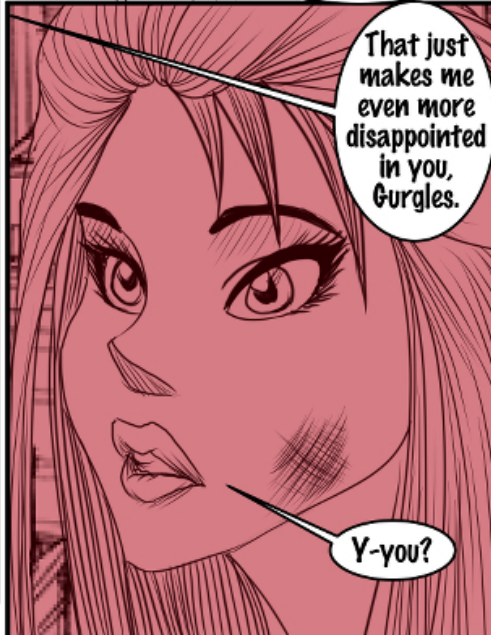

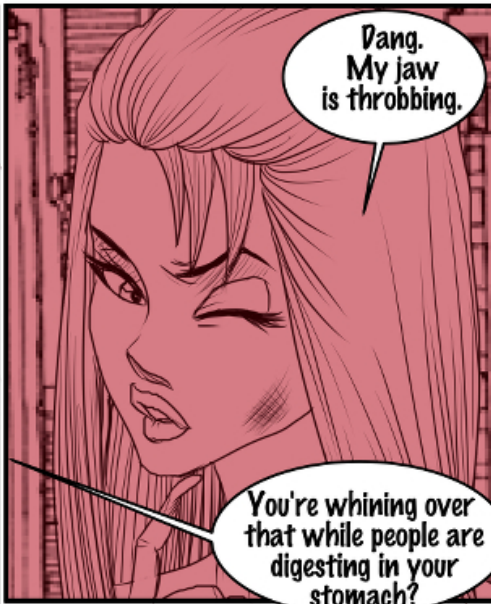

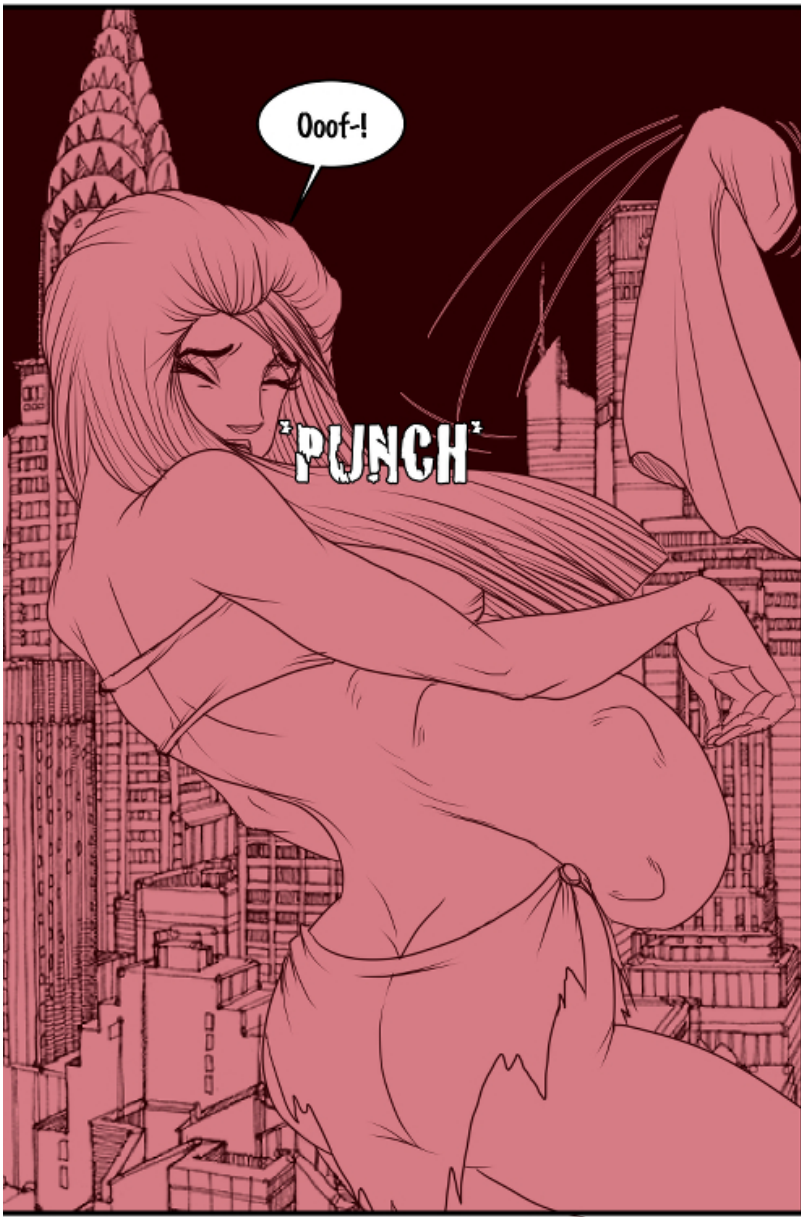

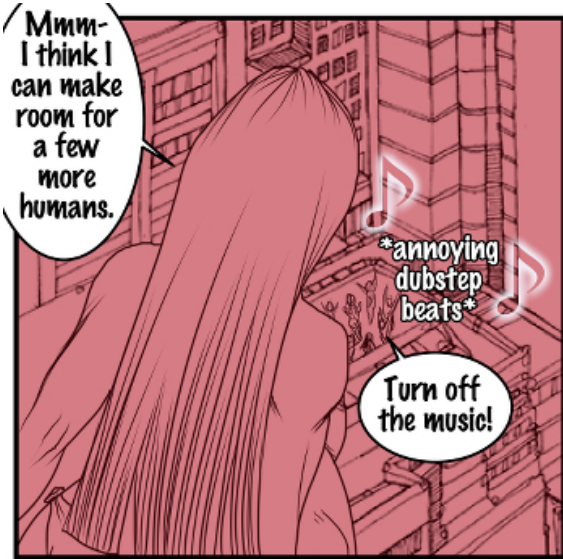

Hmph- told ya to away from h-.

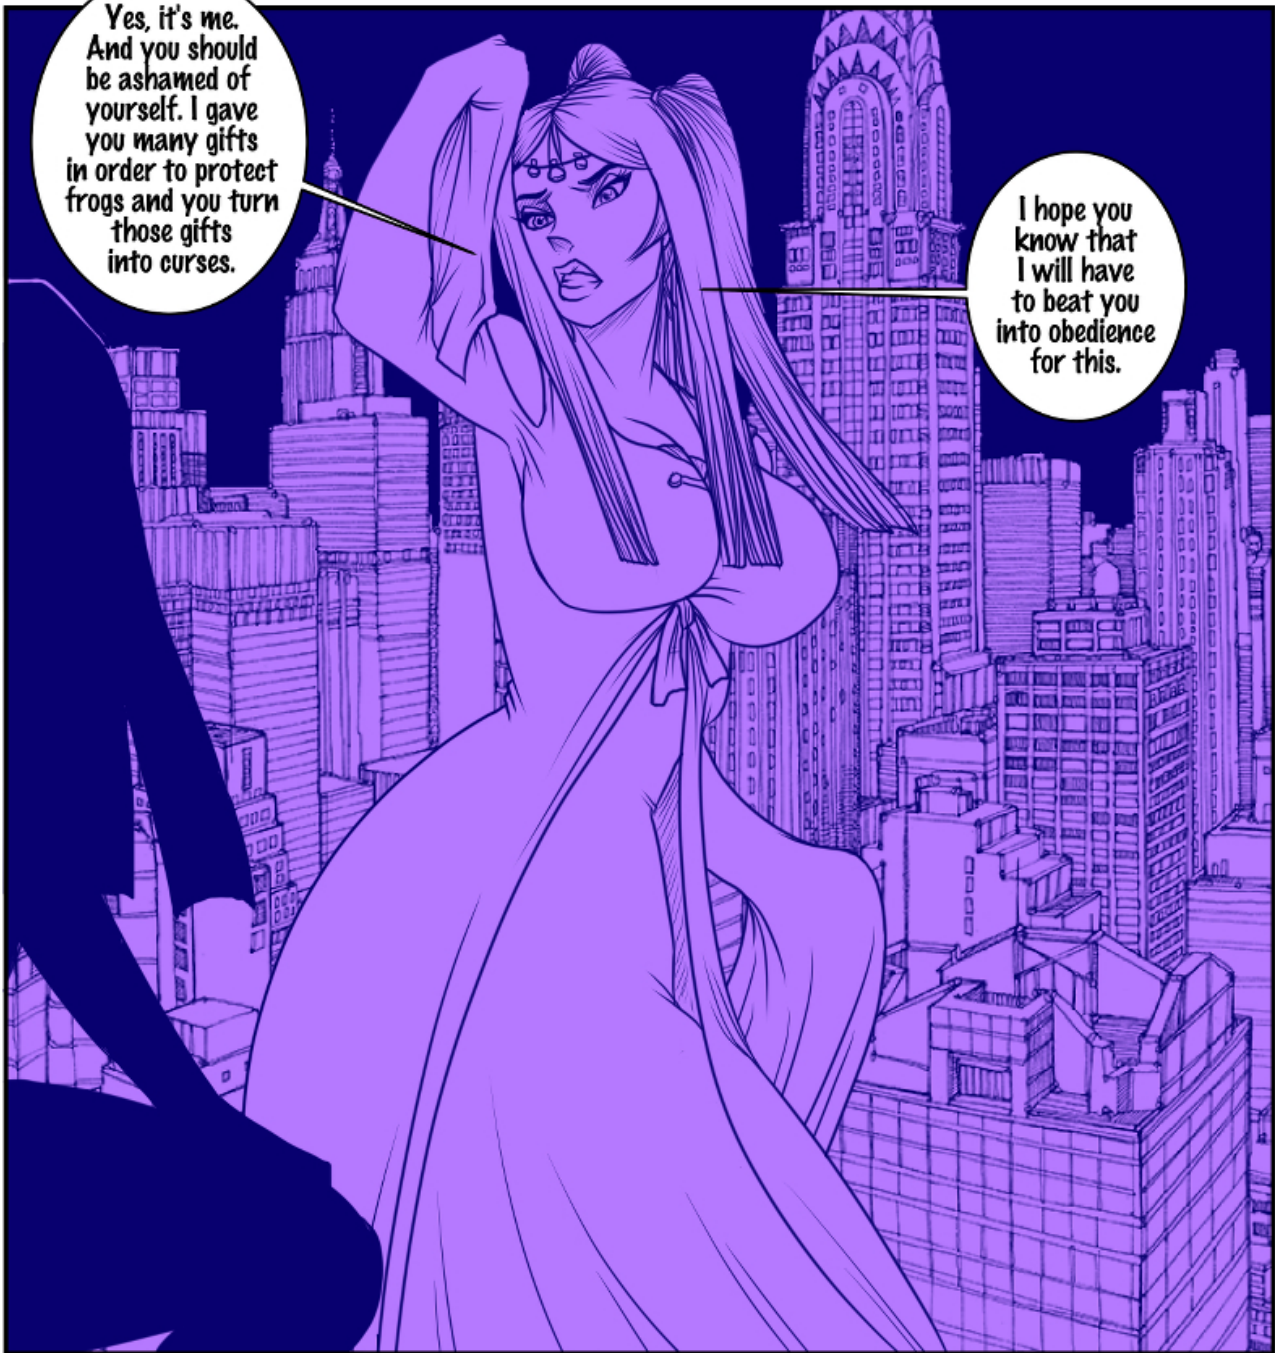

MMF!!!

**\*GLUCK\***

Yes, it's me. And you should be ashamed of yourself. I gave you many gifts in order to protect frogs and you turn those gifts into curses.

I hope you know that I will have to beat you into obedience for this.

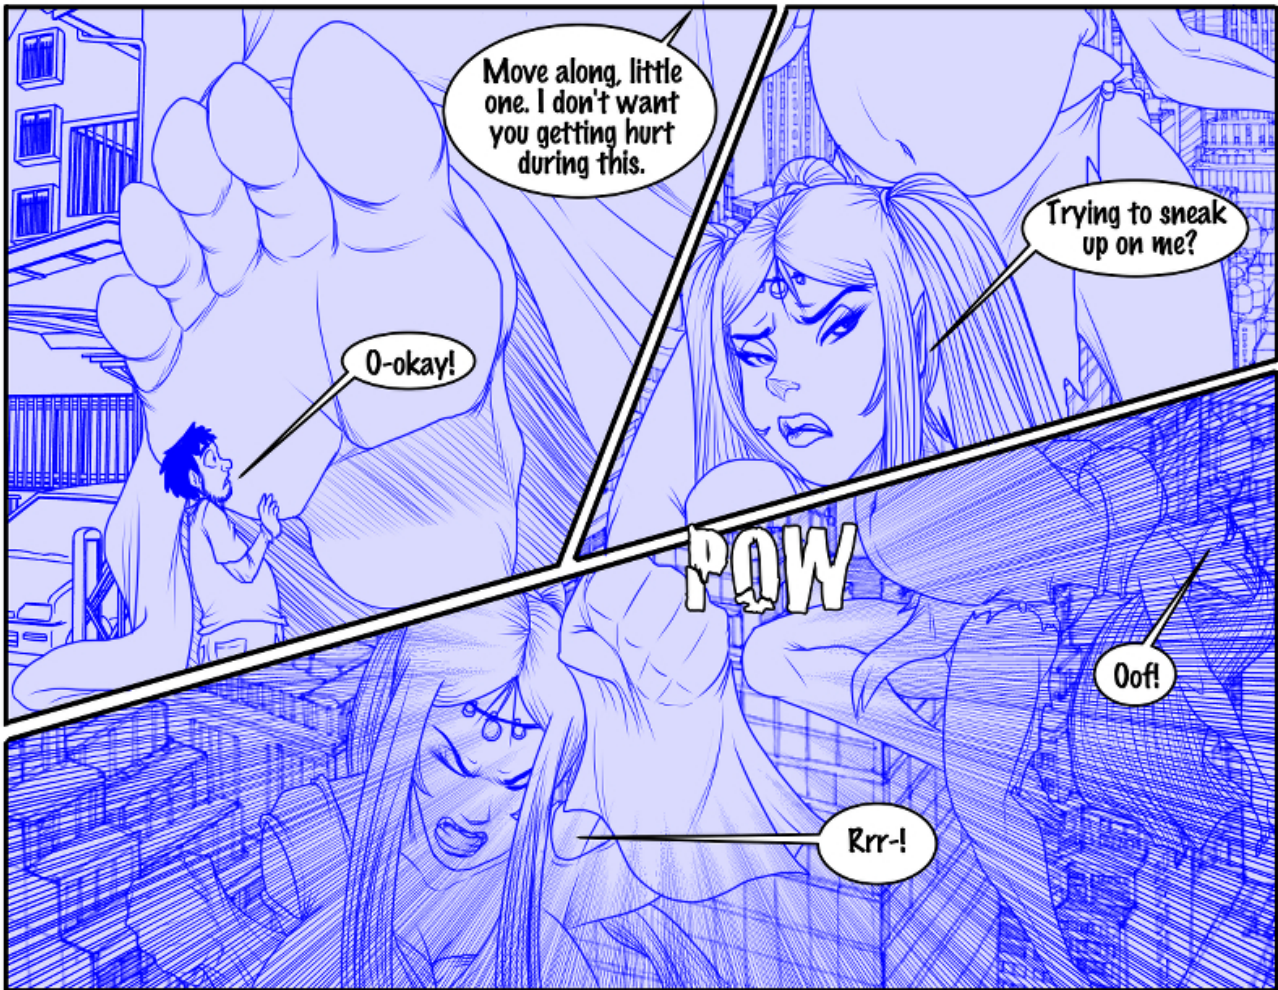

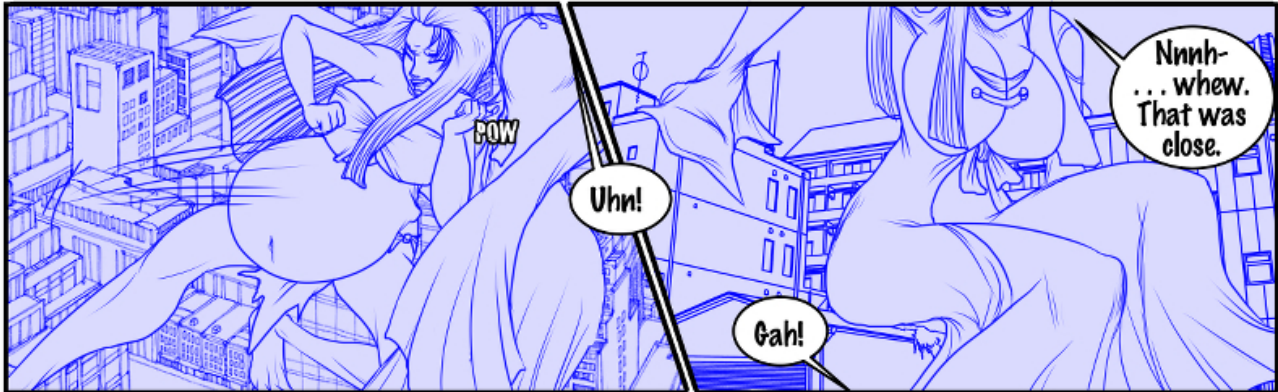

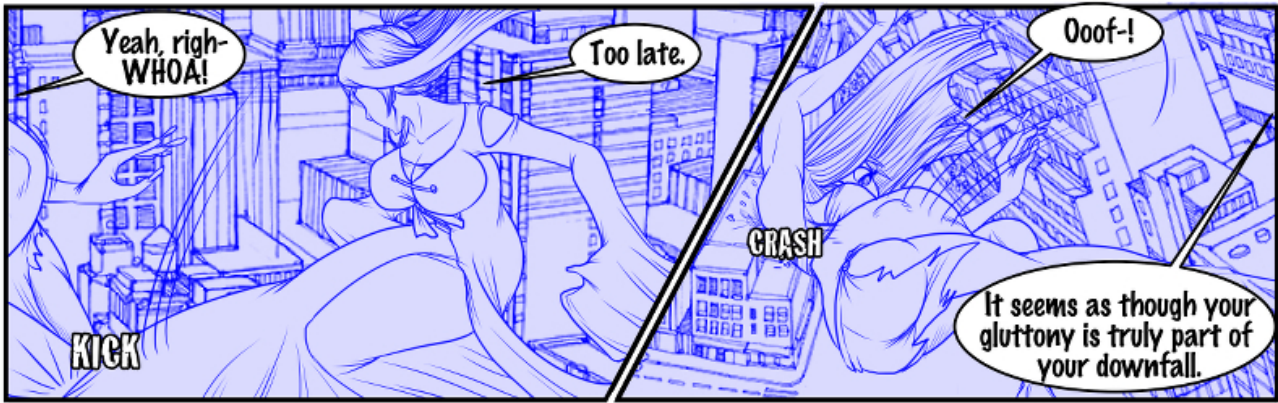

Bleh- Me obedient to someone that wants to help out humans?

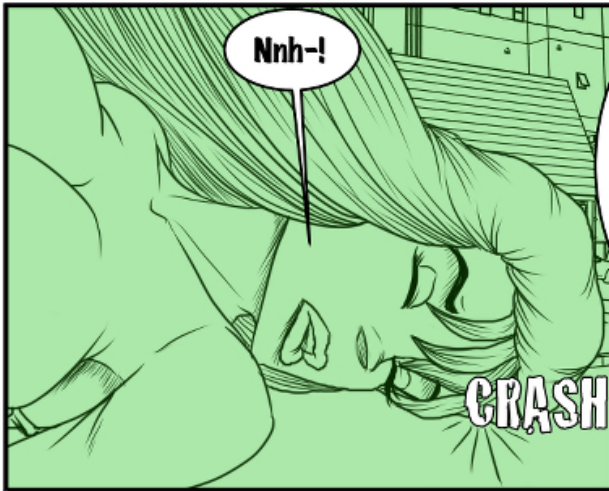

Never, so try to bring me down, pacifist.

Rrr- You stubborn girl. You strike first and know that I will strike last.

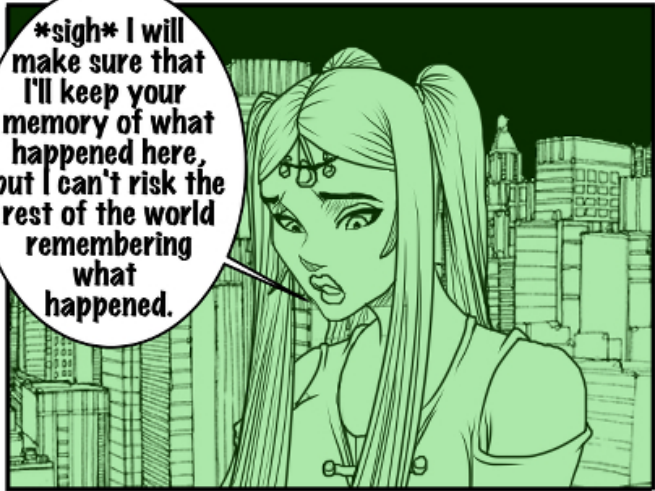

Nnh-!

CRASH

*\*sigh\** I will make sure that I'll keep your memory of what happened here, but I can't risk the rest of the world remembering what happened.

So before these humans try to take me down-

*\*sigh\**  
-time to reverse time for the third time.

**A WEEK LATER ...**

**IN A FOREST FAR AWAY FROM WHERE GURGLER ATTACKED ...**

**\*sigh\*  
How long  
do I have to  
stay like this?  
I want to be able  
to protect my  
frogs more  
easily and  
I can't do  
that like  
this.**

**For a few  
more weeks.  
Head Nymph  
told me that  
you need a  
little bit more  
humbling.**

**Hmph.**

**I had all  
of my revenge not even  
count with all of those humans  
still being alive and none of  
them remembering me. I'd say  
I'm humbled enough.**

**I don't think  
she'll think so.  
I'd just take  
this time to  
find harmony  
and peace with  
all of nature.**

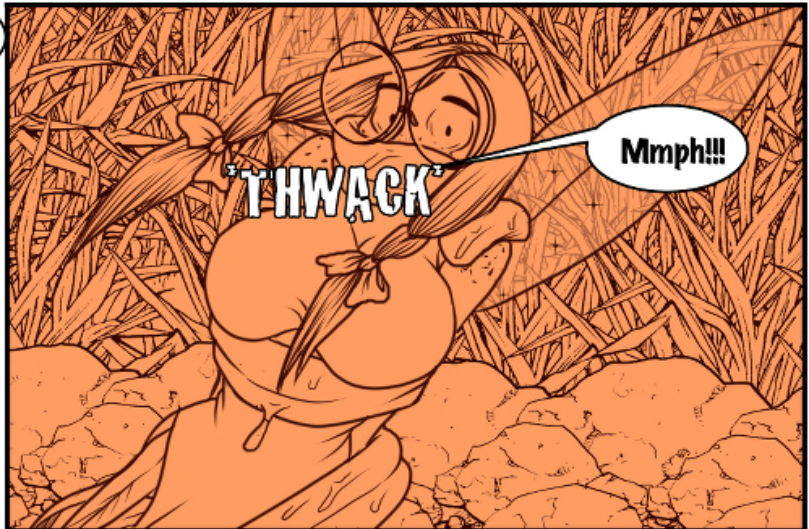

**That includes the  
humans that like to  
come out here and  
enjoy nature. You may  
come to find out that  
humans aren't as  
bad as you think  
they are.**

Mmm, you are right about one of those things. Humans aren't that bad ... as far as taste goes.

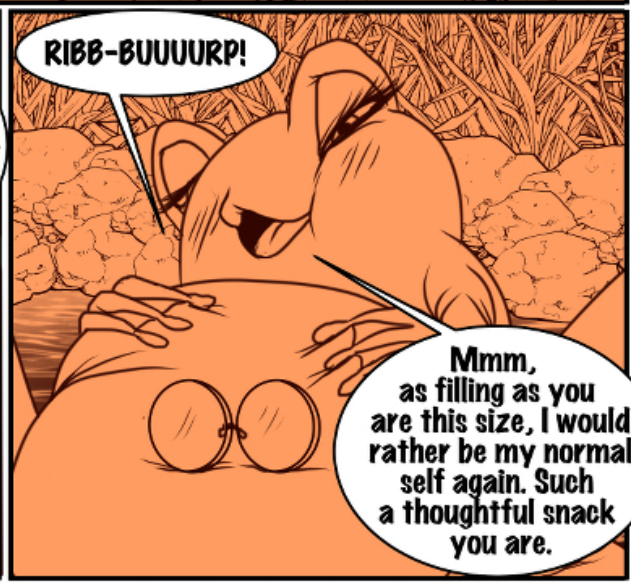

Just like fairies.

Mmph!!!

Dang, I can hardly see anything. Look, I know there's no point in asking you to let me go, but I at least don't wanna be food to a frog, so ... may I turn you humanoid?

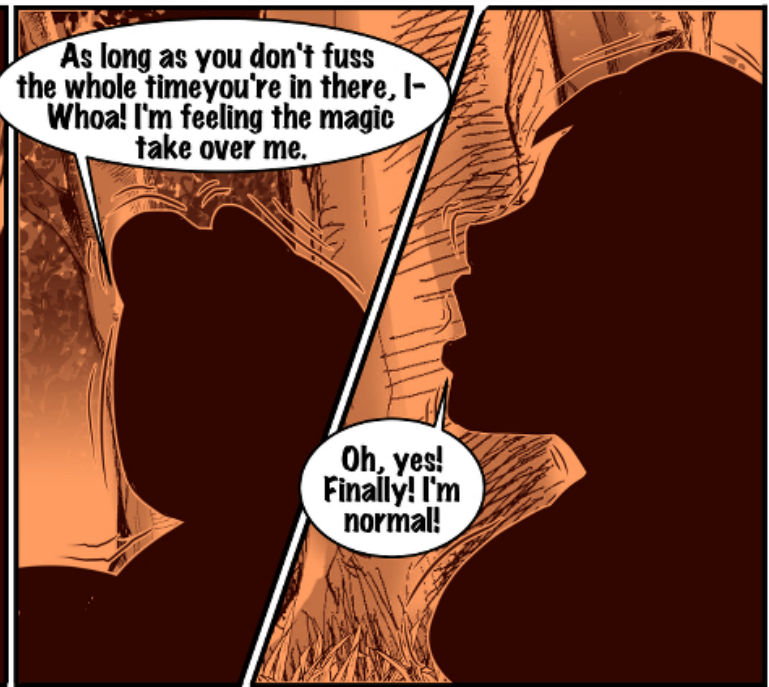

RIBB-BUUUURP!

Mmm, as filling as you are this size, I would rather be my normal self again. Such a thoughtful snack you are.

\*sigh\* Just no telling the Head Nymph I reversed the spell.

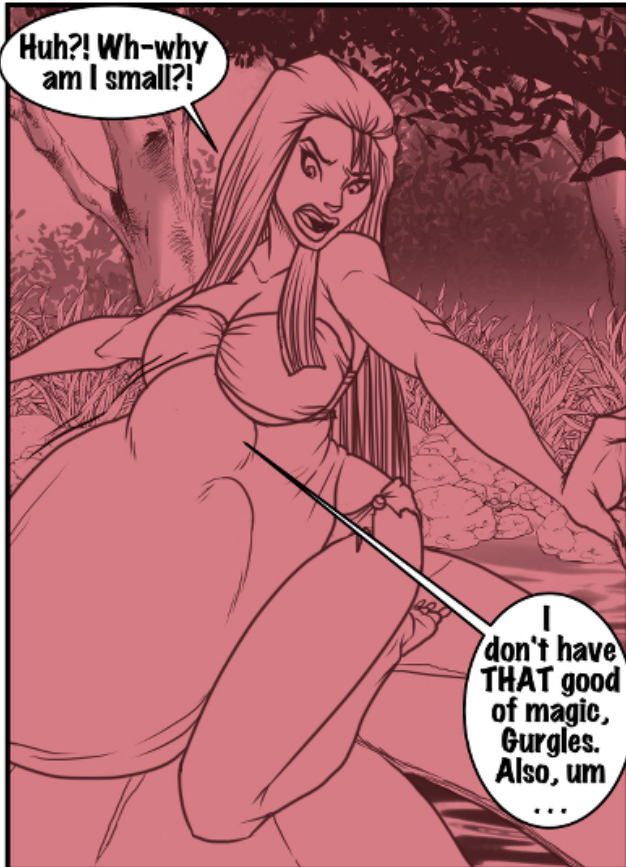

Not like I'd know if you told or not.

As long as you don't fuss the whole time you're in there, I-  
Whoa! I'm feeling the magic take over me.

Oh, yes! Finally! I'm normal!

Huh?! Wh-why am I small?!

I don't have THAT good of magic, Gurgles. Also, um ...

I'd think it would be better if i was filling, so you being the same size will let you be full longer. If I'm going to be food, I don't want to be just some snack. So this turned out good for me.

Rrr- why can't you use that spell that turned me into a giantess?

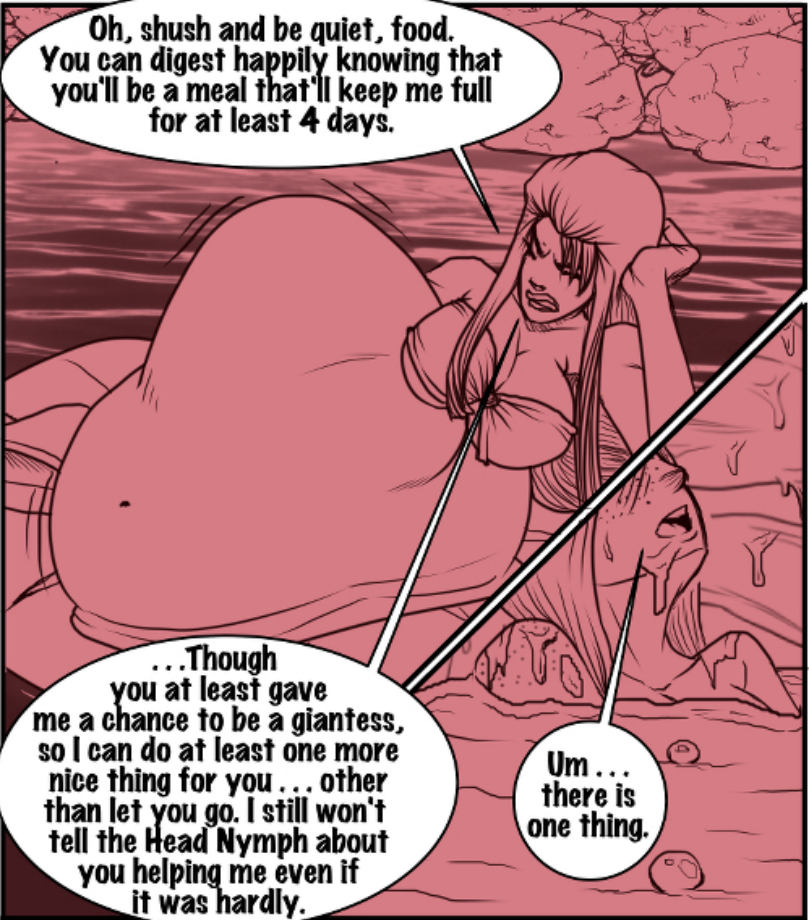

Um, I need the notes. It's at my home. If you let me out, I can go get it and then-

Oh, just forget it!

I'm not going to risk you reading a spell that'll just make things worse for me. I'll just find some other fairy and get it to somehow make me normal size. You've ruined enough for me already with telling on me.

B-but I-

Oh, shush and be quiet, food. You can digest happily knowing that you'll be a meal that'll keep me full for at least 4 days.

...Though you at least gave me a chance to be a giantess, so I can do at least one more nice thing for you ... other than let you go. I still won't tell the Head Nymph about you helping me even if it was hardly.

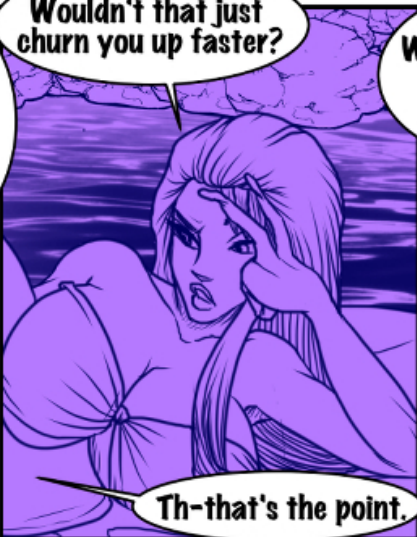

Um ... there is one thing.

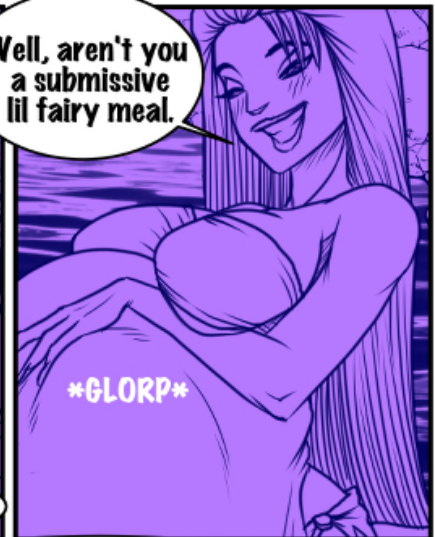

**\*gurrngle\***

It's so hot and goopy in here. Y-you mind rubbing your belly.

Wouldn't that just churn you up faster?

Th-that's the point.

Well, aren't you a submissive lil fairy meal.

**\*GLORP\***

Well, isn't this a cute sight. You look adorable tiny and with a big belly.

Oh. Hi, Jiggles. Yeah, I was gonna eat Twiddle anyway for her telling on me. Ruined my plan of finally putting all humans in their rightful place.

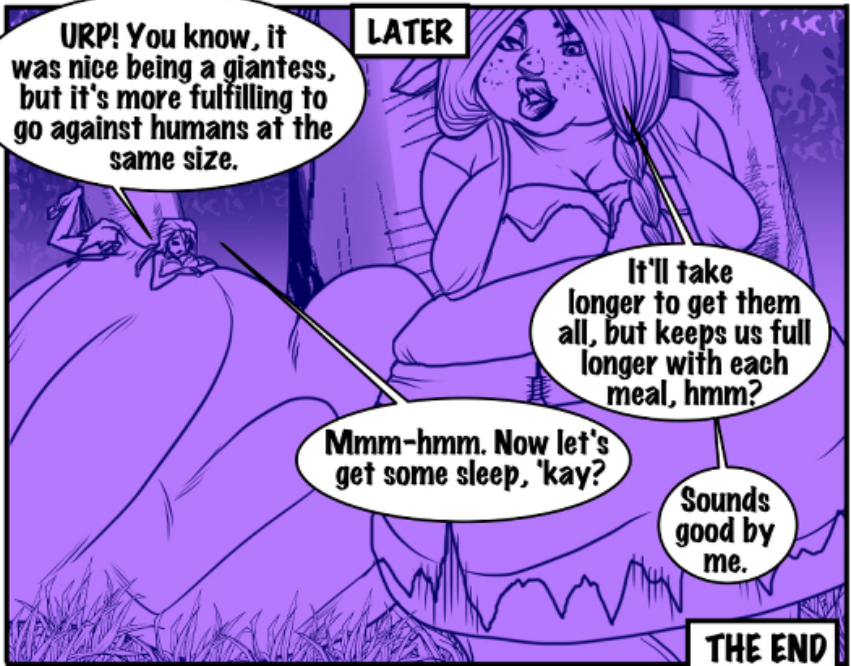

Well, I caught some hikers and came over to share them with you. I figured I could encourage you to just go back to enjoying people that come into the woods... until the Head Nymph quits or is replaced.

**Mmph?!**

Mmm, I could go for a big meal.

Good then.

**LATER**

URP! You know, it was nice being a giantess, but it's more fulfilling to go against humans at the same size.

It'll take longer to get them all, but keeps us full longer with each meal, hmm?

Mmm-hmm. Now let's get some sleep, 'kay?

Sounds good by me.
