## MONTHLY CHALLENGE // DYNAMIC ANIMAL SKETCHES

**MEDIUM:** you can use any medium you like!

**REFERENCE:** Find it here: [LINK](#)

**INSPIRATION:** Find it here: [LINK](#)

### CHALLENGE // APRIL 2023

This month we will be **drawing dynamic animal poses** together!

Use the reference images provided above to make sketches of animals in dynamic poses. Try to really capture the movement and energy in these poses, so that your sketches feel more alive and dynamic!

### TIPS

- Do some **simple warm-ups** before starting so that your lines are looser and more free while you draw.
- **Exaggerate the shapes** in your construction to push the sense of movement.
- Look up **extra reference material** if you're struggling to understand the anatomy of the animal.

### HELPFUL RESOURCES

#### [DRAWING ANIMALS](#)

This tutorial gives tips and ideas for how you can draw animals, as well as dynamic poses.

#### [EXERCISES FOR IMPROVING YOUR SKILLS](#)

This tutorial runs you through how you can apply a different area of focus to each sketch, and one of the sketches in the demo focuses on movement.

#### [PROCESS VIDEO // FOX SKETCHES](#)

This video shows the process for my fox sketches.

### BONUS CHALLENGE

Add a character to one of the animal sketches so it looks like they are moving together.

- Use a dynamic pose for the character as well.
- Play around with the scale - maybe it would be cool if your animal was much larger than expected!
