

The Witches World

Chapter 24

Ginny breathed in deeply while trying to calm her hammering heart. She slowly let out a shuddered breath as another click went off. "Now spread them wide," she heard Harry say. Blushing deeply, she pried her knees apart and opened her legs. As she did so, she saw him aim his camera between her thighs to take another picture.

"This camera is brilliant! Thanks again, Daph!" Harry happily said. Ginny couldn't help but turn her head to the side only to see Daphne Greengrass sitting on Harry's comfortable chair completely nude. She was leaning back comfortably with her legs draped over each armrest. She was proudly showing herself to both her and Harry, and she didn't seem to mind. In fact, the Slytherin was gently toying with her hard clit while she watched him take pictures of Ginny. Ginny knew that she had asked Harry to invite her over so that he could test the camera on a willing body. Daphne had heard Ginny talking at different parties in the past about how she was going to be the one to bag Harry. Apparently, Daphne found her infatuation comical and decided to teach her a lesson.

"You're welcome, Love," Daphne told him in a sensuous voice before turning her head and smirking at Ginny. The redhead glared back as another picture was taken of her nude body.

Ginny wasn't going to lie, she was a bit intimidated by Daphne. Greengrass was gorgeous, and if she was being honest, she was even prettier than her. Her body certainly was better. Ginny didn't think that it was fair though. Greengrass had a whole extra year for her body to blossom. Ginny just knew that her body would be way better if she had the same amount of time to develop. Her attention switched back to Harry when he complimented her.

"You have such a sexy, little pussy," he told her. Ginny's face turned a deep red from hearing him say that. Only a few days ago, she was still a virgin. Now she was getting fucked on a regular basis and having her pictures taken while sprawled out on a bed.

"She does have a nice body," Daphne joined in, looking her over. Her delicate fingers danced over her throbbing clit, forcing her to let out a cute, little moan every so often. Her nipples were rock-hard from the spectacle that Harry and the Weasley girl were putting on. Daphne suddenly stood up and sashayed her way to the bed. Ginny's body rocked when the dark-haired girl sat down on the bed next to her. Her pale hand touched Ginny's lower belly. Ginny gasped out loud when her fingers tickled the soft skin of her hairless mound. "Her skin is very soft," Daphne said as her hand slid up her smooth belly, and she cupped one of Ginny's small breasts.

Ginny arched her back and cried out when Daphne pinched one of her nipples quite hard. "Oops! My apologies," Daphne giggled. "Let me kiss it better."

Harry watched as Daphne straddled Ginny and lowered her head. Her lovely lips encapsulated Ginny's hard, pink nipple. He heard sucking sounds as Daphne devoured Ginny's blossoming tit. Ginny was mewling and squirming underneath the horny Slytherin. With Daphne's ass up in the air and Ginny's legs splayed open, it made for a spectacular sight. Remembering that he was holding a camera that Daph had gifted him for his birthday, he quickly moved to find the best angle before snapping another picture. He was already planning to create the greatest photo album ever. His first foray into the magical world of photography was already going brilliantly if he did say so himself. He zoomed in on Daphne's puckering hole and captured another wonderful picture for the album.

Daphne, in the meantime, was busy pinching Ginny's sore nipple between her perfectly straight teeth. Ginny squeaked in pain as her nipple stretched. Showing mercy, Daphne let go and let it snap back into position.

"Your beautiful body has gotten me wet. I hope you don't mind if I use you to take care of my needs," Daphne smiled at her. Ginny opened her mouth to answer, but Daphne didn't bother waiting. She positioned Ginny so that they were now scissoring each other. Ginny threw her head back and cried out in pleasure as Daphne began grinding their wet, naked pussies together. "Get a pic of this, Harry!" she moaned as she continued to rub herself against the damp redhead.

Harry appeared next to her, his cock springing up and down from being as hard as a rock. His new camera was in hand and he aimed it where their pussies were connected. Wet, squelching sounds were emanating from the spot that was being rubbed. As Harry got in closer for a better angle, he could smell the combination of their juices. His sack threatened to unleash its load right then and there if he didn't get relief soon. Daphne seemed to read his mind. Her dainty hand reached out and gripped his cock by the base. She slowly started working his cock while scissoring the newest Gryffindor.

"You've grown wonderfully over the summer, Harry," Daph complimented him. Harry smiled at the gorgeous girl.

"So did you," he returned her compliment by reaching out and squeezing her bare tit. Her breasts were nearly a cup size larger than the last time that he had seen her.

"Do you like them?" she asked, turning her big, beautiful eyes to him. She shook her chest from side to side, letting her burgeoning tits bounce around for his viewing pleasure.

"They're brilliant!" he told her.

"What about mine, Harry?" Ginny suddenly joined in, not liking being left out of the conversation. Like any other girl, Ginny wanted her fair share of compliments. Harry looked at her and saw both of her hands massaging her naked breasts. Her small fingers were toying with her pink and crinkled nipples.

“They’re bloody brilliant,” he told her truthfully, aiming his camera at her and snapping off a shot of her playing with her tits. She smiled happily and moaned as Daphne’s hips began to rock back and forth faster and faster. Little squeaks of pleasure were escaping Ginny’s lips the faster that Daphne moved. Harry watched eagerly while his cock was being jerked as Ginny collapsed backward and began to cum violently. Moving his eyes to the point that they were connected, he noticed that Daphne’s puffy lips and mound were glistening with their shared juices. Placing his camera aside, for the time being, he lifted Daphne up and gently laid her down on top of Ginny so that they were face to face.

Grabbing Daphne’s hips, he lifted them up so that her back was bowed. He could hear her breathing intensify as he rubbed the head of his hard cock up and down her pussy. He groaned from the sensation of his sensitive head sliding between her wet lips. Once his cock was lined up with her tunnel, he thrust forward and claimed her body once again. Daphne cried out as she was stretched around him. Harry held onto her hips and kept himself buried within her for a moment, giving her time to get used to having a cock inside of her again. He bit his lip trying to keep from moaning as her walls fluttered around him. Not being able to hold back any longer, he moved his hands up to her waist and held onto her firmly as he pulled back. Daphne let out a shuddered breath as his cock rubbed against the inside of her slick tunnel. When everything but the tip of his cock was out, he thrust back in hard enough to make a clapping sound. Her round cheeks rippled and jiggled as his hips made contact with them. The impact brought Ginny out of her sexually induced daze.

The cute redhead gasped as she realized that Harry was fucking Daphne on top of her. Daphne’s body was jerking back and forth from his powerful thrusts. Being roughly the same height, their tits were mashed together, and from the movement of her body, their incredibly hard nipples were constantly being rubbed against one another. She wrapped her arms around the brunette’s back to try and keep her steady. Trying to get in a more comfortable position, Ginny opened her legs wider so that Daphne could settle between them easier.

As much as she didn’t want to admit it, Ginny thought that Daphne looked stunningly gorgeous while in the throes of passion. Her cheeks were pink and her body was flush. She had a wild look about her as she breathed in and out heavily. Suddenly, she buried her face in Ginny’s neck and squealed loudly. Her body began vibrating as Harry moaned. Ginny realized that Daphne was cumming. What she didn’t expect was for Harry to immediately pull out of Daphne and thrust right into her. Ginny’s eyes widened dramatically as her tunnel was suddenly stretched around his girth. She cried out into Daphne’s ear as her pussy choked his cock tightly. Giving Ginny the same treatment that Daphne got, Harry waited for a moment before he began thrusting. When he started, he didn’t take it easy on her.

Ginny held on tightly to Daphne’s body as she felt the incredible pleasure of a cock sliding against her wet and silky insides. Her mouth was open as she squealed and moaned in rapture. She never expected Daphne to shove her tongue into her mouth. Once it was in, she figured that she may as well try to enjoy it.

The girls made out passionately while Harry fucked Ginny's wonderfully tight twat and massaged Daphne's puckering asshole with his thumb. As he added more pressure to her ass with the pad of his thumb, he felt Daphne push against him. He smirked when he realized that she wanted his finger in her. Sticking his finger into her wet cunt, he finger-fucked her for a moment before pulling it out. As he did, he saw that it was coated in her arousal. He brought it over to her asshole and gently smeared her juices all over the outside of her tightest hole. Daphne shuddered violently from the sensation. Scooping up more of her juices onto his finger, he finally added enough pressure for his fingertip to force her asshole open. Once the tip of his finger was surrounded by her dry heat, Harry slowly inched it deeper inside of her.

Daphne couldn't help but moan like a whore as Harry's finger wormed its way into her extremely tight asshole. The naughty pleasure was making her pussy tingle wildly. Moaning into Ginny's mouth, she slipped her hand between them until her fingers were touching her throbbing clit. She wasted no time in rubbing her hard nub faster and faster as Harry finger-fucked her asshole.

Harry felt Ginny tighten drastically around him as she came hard. The warmth and tightness of her pushed him over the edge. "Here it comes!" he bellowed and pushed all of the way in. At the last second, Daphne rolled off of her and placed her face right next to Ginny's fluttering pussy. She opened her mouth as if waiting for a treat. Deciding that she had earned one, Harry pulled out of Ginny and stroked his cock in her direction. Cum erupted from the tip of his cock and spurted right into her open gob. His aim was a little off and ropes of sticky, white cum streaked across her pretty face.

"Hey!" Ginny complained, looking peeved at the sexy Slytherin that was receiving a faceful of cum. Harry chuckled and repeatedly batted his cock against her swollen clit, making her squeal and close her legs on instinct. Of course, Daphne's head was still between her legs. Harry laughed as he heard Daphne's muffled cry of indignation at having her face mashed into Ginny's sloppy wet pussy. Finally, she opened her legs and let Daphne free. Daphne huffed and stood up. She walked to the bathroom with as much dignity as possible, considering that she had his cum smeared all over her face. Harry threw his hand out and spanked her sexy ass as she passed by. She yelped and grabbed her ass which was now stinging. She turned and glared at a smiling Harry. As the door to the bathroom closed, Harry turned his attention back to Ginny.

The sexiness of her squirming body had his cock inflating back to full hardness. When she saw his cock grow hard again, she thought that she would be getting another round of sex, but instead, he flipped her onto her stomach and had her spread her cheeks open. Ginny blushed madly as she heard the camera going off.

As Daphne came out of the bathroom with a clean face, she saw the position that Ginny was in and smirked. Revenge would be hers. "How about you fuck her in the ass while I take some pictures to commemorate her anal devirginization?" she asked Harry, kissing him on the shoulder.

“Brilliant idea!” Harry exclaimed as Ginny sputtered. The redhead saw the bitch smirking at her, and she sighed, knowing that she had won this round. All she could do at the moment was bury her face in the bed as Harry lubed up her puckering hole and contemplate ways to get back at her.
