## MONTHLY CHALLENGE // SCULPTING WITH COLOR

**MEDIUM:** Digital - any software is fine!

**REFERENCE:** Find it here: [LINK](#)

**INSPIRATION:** Find it here: [LINK](#)

### CHALLENGE // DEC 2022

This month we will be **using the sculpting with color technique** together!

Use the reference images provided in the folder above, or pick your own subject to draw. Then, apply the 'sculpting with color' technique to render your sketches! This technique is explained in the tutorial and a step-by-step image, both listed to the right.

### TIPS

- Experiment with **interesting colors for your lines!** That will give you some neat intermediate colors that you can 'sculpt' with.
- Use **color editing tools** to push the colors throughout your drawing process.
- If you're struggling to choose colors, try the **palette suggestions** provided with this challenge! They are included in the reference folder.

### HELPFUL RESOURCES

This video shows the process for the colorful heads sketches, in which I use the sculpting with color technique to find interesting colors for them.

### BONUS CHALLENGE

Develop one of your sketches into a character design.

- Try using your color scheme as a jumping off point to generate ideas for this character.
- Add accessories and interesting details that tell us more about this character.
