

PART 2

It was 10 pm and people began pouring into the club like water! Within minutes the dancefloor was full and a massive crowd of people surrounded the bar! Katherine was rushing back and forth down the bar, grabbing bottles and glasses as she mixed 5 different drinks at once, alternating between cups and adding different ingredients! All the while customers were yelling out orders and shaking handfuls of bills in her face!

“Ugh OH GOD! What’s that smell?!?!?” a very good looking guy in a button-down shirt yelled to his friend over the blasting music!

Katherine could see him and his friend both sniffing the air as their faces contorted in a look of pure disgust and revulsion. Katherine has been too busy to notice herself, but she took a light sniff, and it was foul, so bad that some people had begun leaving the bar area! She looked over her shoulder and Kyle was holding two bottles of vodka passing them up to her, his face was green and looked sickly! Katherine could feel her pussy juices running down her legs and had to push her thighs together for a second, she loved how pathetic this guy was! Slowly she reached back and gripped his hair with her fingers before shoving his face back between her ass cheeks.

Katherine released a monster blast that blew out between her sweaty ass cheeks that were dripping with moisture! She couldn’t hear the blast under the pounding music but she could feel it, the thick rumble, the ripping vibration, the wet splatter! It was horrible! Kyle’s body went limp behind her as he choked, huffing and inhaling the rancid gas! Katherine looked over her shoulder for a second and smiled, he was practically unconscious!

“EXCUSE ME?” a bratty blonde asked with a tone of attitude while holding a handful of bills out!

“Sorry!” Katherine smiled as she pushed over the martinis! The girl dropped the cash and left without saying thank you, it was fine though, there were hundreds of other customers to take care of.

Katherine let go of Kyle’s hair and for the first time all night, he stayed... he kept his face lodged into her fat sweaty ass cheeks! Katherine smiled as she grabbed a bottle of rum and continued to mix drinks, she could feel his nose rubbing up and down her crack, sniffing in and out, taking in the foul odor trapped in the fabric. It was like Kyle was addicted! Addicted to my crack! Katherine began giggling to herself as another short blast blew from her asshole! She pushed her butt backward trapping Kyle against the back bar wall as it released!

Katherine moved back to the bar as her stomach bubbled and rumbled, Kyle, stayed with her, moving forward and keeping his face lodged into her ass! It was amazing, he was totally addicted! She tilted the rum bottle all the way up and finished it before kicking back lightly and knocking Kyle from her ass! She looked back as he fell to the dirty sticky bar floor, his face red as he gasped and choked, breathing air for the first time in god knows how long.

“RUM NOW! HURRY!” Katherine demanded with a scowl, she couldn't help but blush and smile though when he crawled across the bar floor to retrieve the two bottles. He returned in seconds passing them up and then returning his face to her sweaty yoga pant clad ass cheeks.

Katherine was killing the line of customers with her speed and her tip cup was filling up rapidly! The best part was that she didn't need to share it with anyone! Well, there was Kyle, he was supposed to be bartending with her, training, learning, I guess in a way he is learning, Katherine thought to herself, learning to handle my gas! She began laughing to herself as the customers looked at her with confusion. Maybe she would share some of the tips with him, just a bit though until he learned to be a better fart receptacle.

Katherine polished off 30 more mixed drinks as she took a bunch of new orders! All beers! Perfect! All she had to do was remove the bottle caps! She could feel Kyle behind her, his nose deep in her sweaty crack, sniffing and inhaling! With each breath he exhaled warm air into her asscrack, it was relaxing despite how sweaty she already was. Her stomach began to gurgle

and bubble, it felt hot, no, hot would be an understatement, it was burning, like fire in her belly! She could feel the burn move down her intestines as it began moving to her rectum.

“Finally!” Katherine said to herself as the guys waiting for beers looked at her in confusion.

“Excuse me?” one of them asked...

“Oh, nothing! Sorry!” Katherine smiled and pushed the ten beers over to the guys! They all began giving her cash and tips which she filled the register with!

Katherine knew Kyle was suffering, she was surprised he lasted so long, but this would be the final test, to see if he was... worthy. Katherine laughed to herself again at the fact that she used the word worthy, maybe lucky was a better term, he would be lucky to be her slave! The Pizza she had eaten finally made its way through her, the burning gas building up, causing her lower abdomen to cramp.

Slowly Katherine bent over, pushing her ass out and extending her hips all the way back again, trapping Kyle’s head between the back of the bar and her ass! There was no escape, nowhere to go now! She could feel his nose massaging her dirty asshole through the thin fabric of her pants, huffing in and out! She looked back and wiggled her ass back and forth, squishing her cheeks to his face as a smile crossed hers! The bubble of gas hit her rectum, the pressure building, she barely had to push to let it loose.

Katherine’s eyes went wide as she felt Kyle grab her ass cheeks! His hands gripped them as he **PUSHED**, hard!!! He was trying to get her ass off of his face! Katherine smiled but she couldn’t help feeling offended. He pushed with all his strength trying to move her forward while also trying to turn his head but Katherine kept all her weight pinned back on him. She could feel his nose in her crack sucking in and out in very short sporadic breaths, he was choking, and Katherine suddenly realized why.

She always tried to avoid dairy, it made her gas so bad that she could clear rooms! She could remember one time a few years back when she cut a hot sbd on the subway and every single person had rushed off! Someone close to her even vomited by the door as they tried to escape the cloud of gas! She had been so absorbed in her job and the fun of torturing her new fart slave, that she hadn’t stopped to think about how bad the pizza was going to affect her stomach. The odor reached her nose and she froze, it was astounding, she had never produced anything so foul in her entire life! Kyle was able to squeeze out from between her ass cheeks and the back bar wall as Katherine took in the odor, instantly fanning her nose and choking!

It was so hot, so sour, it had a deep burning odor of dairy, it smelled like someone was boiling a pot of the spoiled swiss cheese! Katherine wanted to vomit but held back by biting her tongue and tensing her throat! Her eyes moved to Kyle, he was on all fours gagging on the floor, it looked like he was going to vomit and Katherine could understand why. Customers began rushing away from the bar fanning their noses, someone actually tripped over their friend as they both tumbled to the floor in the dense crowd!

“You okay down there?” Katherine asked as she squatted by Kyle on his hands and knees! He was still gasping and unable to respond. The odor down behind the bar was so thick with her gas that her eyes watered from being down there! Katherine got up and fanned her nose for a moment, taking a deep breath before squatting back down beside him.

“You’re doing a great job! I have never met anyone so obsessed with bartending, you’re really burying your nose into the work, huh?” Katherine asked with a grin as he choked and gagged trying to reply.

“It’s 11 Pm now so you only have a few more hours to go, we close at 2 Am tonight, do you think you can last three more hours?” Katherine asked as she put her finger under his chin, bringing his face up and forcing his eyes to meet hers. He looked so weak, so defeated, he was on the verge of crying.

“Well?” Katherine asked again... he nodded up and down...

“Good, because it’s only gonna get worse from here!” Katherine smiled as she walked down the bar to the register and pointed behind her with a grin. Kyle crawled over and took his place behind her, shoving his face into her fat plump ass! Katherine smiled as he pushed his face to her cheeks, she could feel his nose digging back and forth trying to find her stinky asshole, she bent over sticking out her butt making the job easier, but accidentally let loose a little gift.

SPPPRBBFRTTTTTTT

The fart was so explosive that it actually hurt her asshole from how abruptly it shot open and pulled closed! She could feel Kyle jump from the shock before it rushed up his nose and filled his lungs! His hands moved up again, but this time to hold himself in place, not push himself away. Katherine smiled as she shook her ass back and forth, grinding his nose into her rectum. Her pussy was dripping with the thoughts of what she was going to do to him tonight, he was coming home with her, there was no chance he was getting away!

“What can I get for you guys?” Katherine asked with a grin as the group of drunk guys gave her the drink orders!

BBBBbbbbbfrtttpppsppprtttttttt

A very wet fart leaked out from her sweaty asshole, she could feel her thong filling with wetness as she grimaced! Kyle didn't move though! Not even an inch!

It was 12:30 at night now and the club had begun to die down early, Katherine was thankful because she was about to explode! All of the gas she had been releasing brought ease to her stomach but she hadn't had a chance to visit the restroom! There was an extreme amount of shit begging for release and the pain was getting worse by the minute! Kyle was still on his knees behind her, but he was starting to lose consciousness from inhaling so much methane and gas! Multiple times Katherine had to wedge him between her ass cheeks and the back bar wall just to keep him upright! She could feel his shaking hands gripping her cheeks weakly as he held on for dear life! It was so hilarious how badly he wanted to please me, Katherine thought to herself.

By 1 Am everyone was being ushered out of the bar by the bouncers, it was late and the flow of cash had stopped meaning the Manager was closing down early! Katherine has never been so happy! When she stood upright and removed her ass from Kyle's face, he actually crumpled to the floor like a rag doll! Katherine laughed as she filled up a cup of water and splashed it to his face!

“Hey! Wake up! We’re closing up!” Katherine smiled as she began counting the register and removing her tips. She had made almost \$1000 that night! She looked back to Kyle on the floor, dripping with water, and debated, how much should she give him? He didn’t really do much, but she was supposed to share... her thoughts were interrupted by a deadly gurgle coming from her stomach. Katherine had to lean over and wrap one arm around her side as she moaned.

“kyle!...KYLE!” Katherine screamed to get his attention on the floor! He looked up to her with a sickly dazed stare.

“I have to run to the bathroom, clean the bar, organize the empty bottles, roll up the mats and mop the floor! I will be back soon to give you your tips for the night!” Katherine rushed off pushing by him and almost stepping on his hand as she moved over him! She had to rush in small tiny steps to not shit her pants before reaching the toilet!

Katherine made it just in time, pulling down her dirty sweat-drenched leggings and slamming her fat ass onto the toilet seat! The moment she sat down, her asshole exploded letting loose a flurry of wet fluffy shit! It splattered out between bursts of gas echoing in the tiny bathroom and filling it with a horrendous stink! She had taken a ton of disgusting shits in her life, but this definitely reached the top 10. The feces just flowed out, crackling and hissing as the bowl filled with a horrible heat! All the while she sat there, Katherine could not help but wonder how Kyle would fare under her, would he even survive? She began giggling to herself as a loud short fart blew from her asshole followed by another thick soft log

By the time Katherine had finished, she had to flush the toilet three times just to keep up with her flow! She reached over for the toilet paper dispenser and pulled hard feeling the paper pull back with resistance and then snap! She looked at her hand and the piece of toilet paper was only four squares! Katherine leaned down to look up into the toilet paper dispenser, and it was empty!

“**OF COURSE!** Why would anyone fill it up? Fucking assholes!” she muttered to herself! The other women at her work never took care of the bathroom, it was always a disaster!

Katherine folded the paper three times and then slowly slid it down her very dirty shit filled ass crack! She could feel the wet feces accumulating on her finger through the paper and grimaced, a woman of her standing shouldn’t be touching shit! She dropped the paper into the toilet and then groaned, she could still feel how filthy her ass crack was, it was filled! She leaned left and right, looking around the tiny staff bathroom, but there was nothing, nothing she could use. For a minute she debated cleaning herself at the sink and using her hand, but that would be disgusting, she didn’t wanna touch shit! Katherine decided to just pull up her thong and yoga pants and then clean up at home. She could shit, wipe and shower in peace!

Katherine slowly pulled up her thong and squinted in disgust as it squished against the feces inside of her ass crack! She followed the same process with her dirty sweaty fart stained yoga

pants, pulling them uptight and wedging them into her dirty ass crack! It was horrifying to put on clothes with a shit covered ass but surprisingly comfortable once wrapped on tight! Katherine wiggled her ass left and right in the mirror before smiling and washing her hands. When she left the bathroom Kyle was still on the floor of the bar, cleaning, and organizing, he had almost finished too.

Katherine stepped over him and grabbed the wad of cash tips that they were supposed to slip. She flipped through the \$1000 and then pulled out a \$20 bill.

“Hey! You did a good job tonight! Here is your tip share!” Katherine waved the \$20 bill over his head before dropping it! The bill landed on the wet alcohol stained floor which he grabbed and began wiping off right away, it was clear he **REALLY** needed the money. Kyle took out his phone and began dialing a number while Katherine took her place in front of him positioning her ass right in his face. She could feel a rancid hot post shit fart building and was about to let it loose, yet held it in when she heard his conversation!

“I don’t have the rent yet, but I can pay in a week when I receive my first paycheque! I promise! No, Please! I can get the money! But.. you don’t understand! Wait! If you’d just lis....” Kyle cut his sentence off short as Katherine watched over her shoulder. She could see him putting his phone into his pocket with a depressed look on his face. She turned to look down at him...

“Everything okay?” Katherine asked...

“I uhmm, I just, thought... I would get paid a bit more tonight” He said in a very shy tone while looking down t Katherines work shoes.

“Oh!” Katherine replied...

“If I don’t pay \$100 tonight, I’ll lose my apartment,” he said in a very sad tone.

Katherine flipped through the \$1000 in her hands and debated giving him some of the cash, but then a better idea crossed her mind...

“You know, Kyle, you could stay at my place for a bit, you know, until you get back on your feet!” Katherine smiled down at the submissive little fart receptacle sitting on the floor. He looked a bit decisive for a moment as if he was weighing the pros and cons in his head.

“I uhmm, i can’t afford to pay anything though”

“Haha, well, I am sure we can figure something out” Katherine smiled as she reached down to help him off the floor! This was going much better than she had planned!
