

THE

TRAIL

A woman wearing a black headscarf and a black dress with a white ruffled collar stands in a snowy street. She has a shocked expression with wide eyes and an open mouth. The background shows a stone building with a yellow door and a street lamp. Two speech bubbles are overlaid on the image.

A woman wearing a purple hijab and a matching long-sleeved top is standing in a street. She has her hands raised to her face, covering her eyes and mouth, suggesting she is crying or in a state of distress. The background shows a stone building with a yellow door and a street lamp.

A woman wearing a purple hijab and a matching purple abaya is smiling broadly. She has her hands near her face, as if in a moment of joy or surprise. The background is a blurred outdoor setting with a building and a street lamp. Two speech bubbles are present: one above her head and one to her right.
