*One by one they
took their turns.*

*No part of her
body left
untouched.*

Sometimes together...

No hole was safe from their lust

*Yet gyna was
not yet satisfied...*

*She wanted
to
break her.*

*To reduce Lily
into
nothing but a
fuck toy.*

She dressed her in degrading garments...

*Made him pose
and fuck
himself
with toys.*

*Bored with her toy
she had one more
idea an idea to break
Lily forever.*

*She dressed Lily in a fetish outfit...
and ordered her to never speak a word
and brought her to a familiar area...*

What brings you here Miss Yuna?

I heard you've been having problems with your health.

Such a sweet child. After Hiro ruined our family's business image I've been having a hard time...

Without him I don't have an heir... Last I heard they sent him to a training camp over seas.

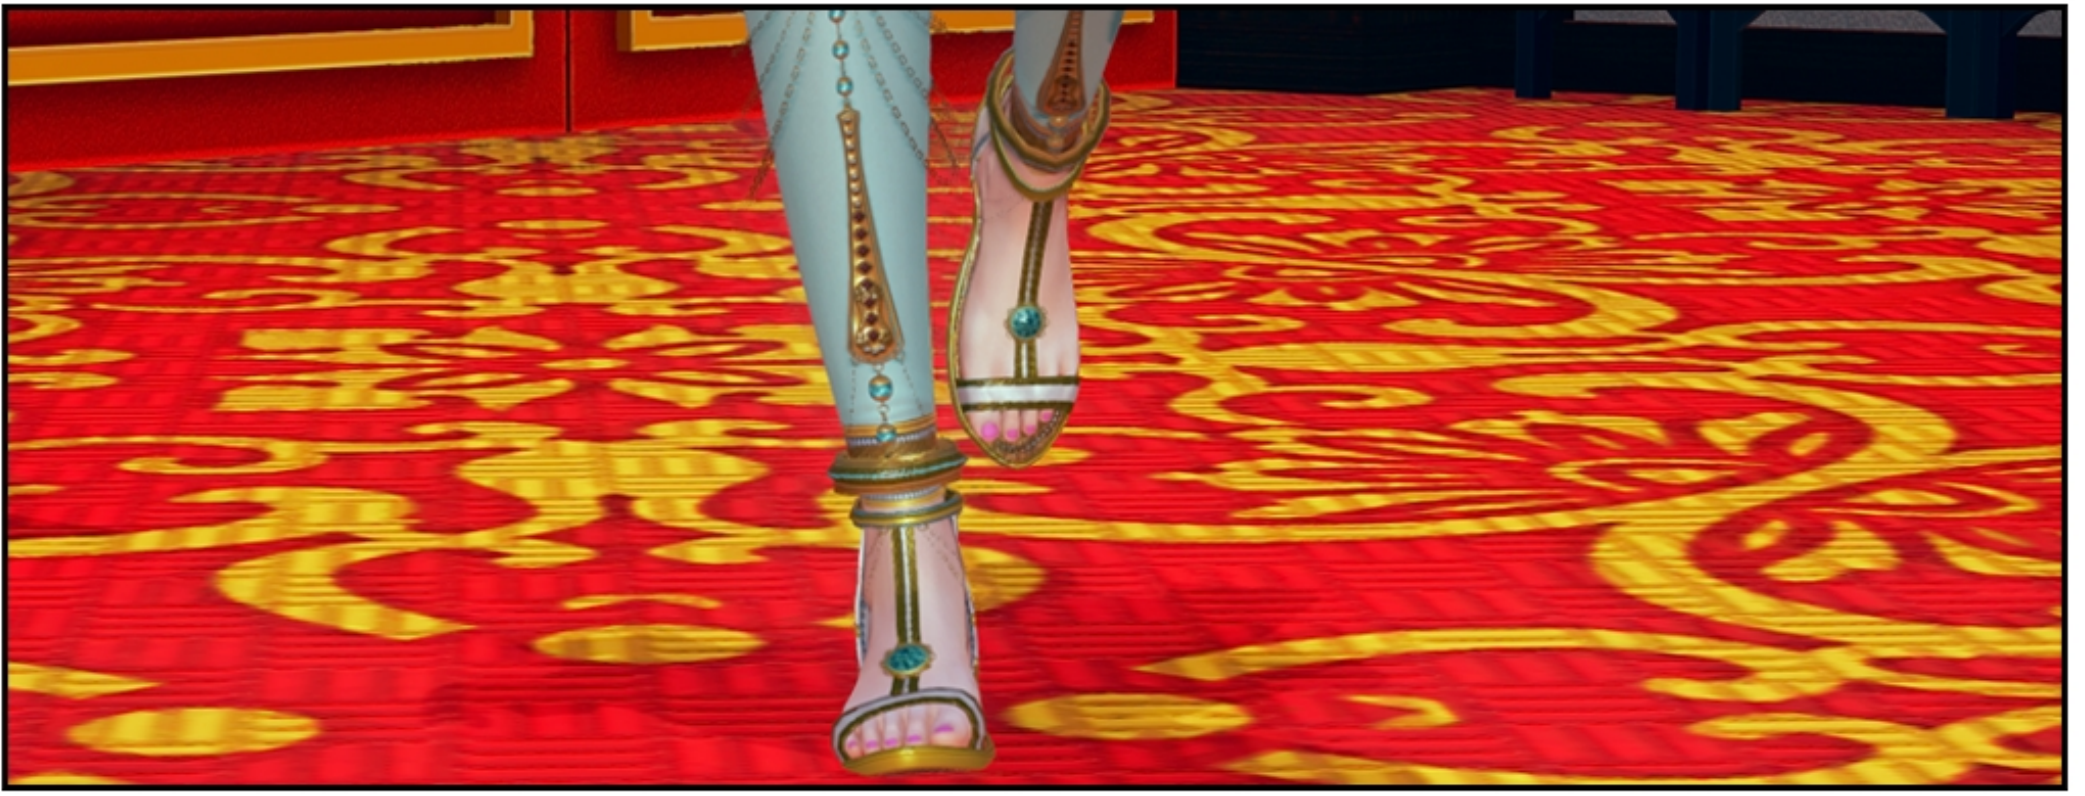

That's why I'm here! Hiro sent me a message to help you! He told me what you like... So I've brought you a gift!

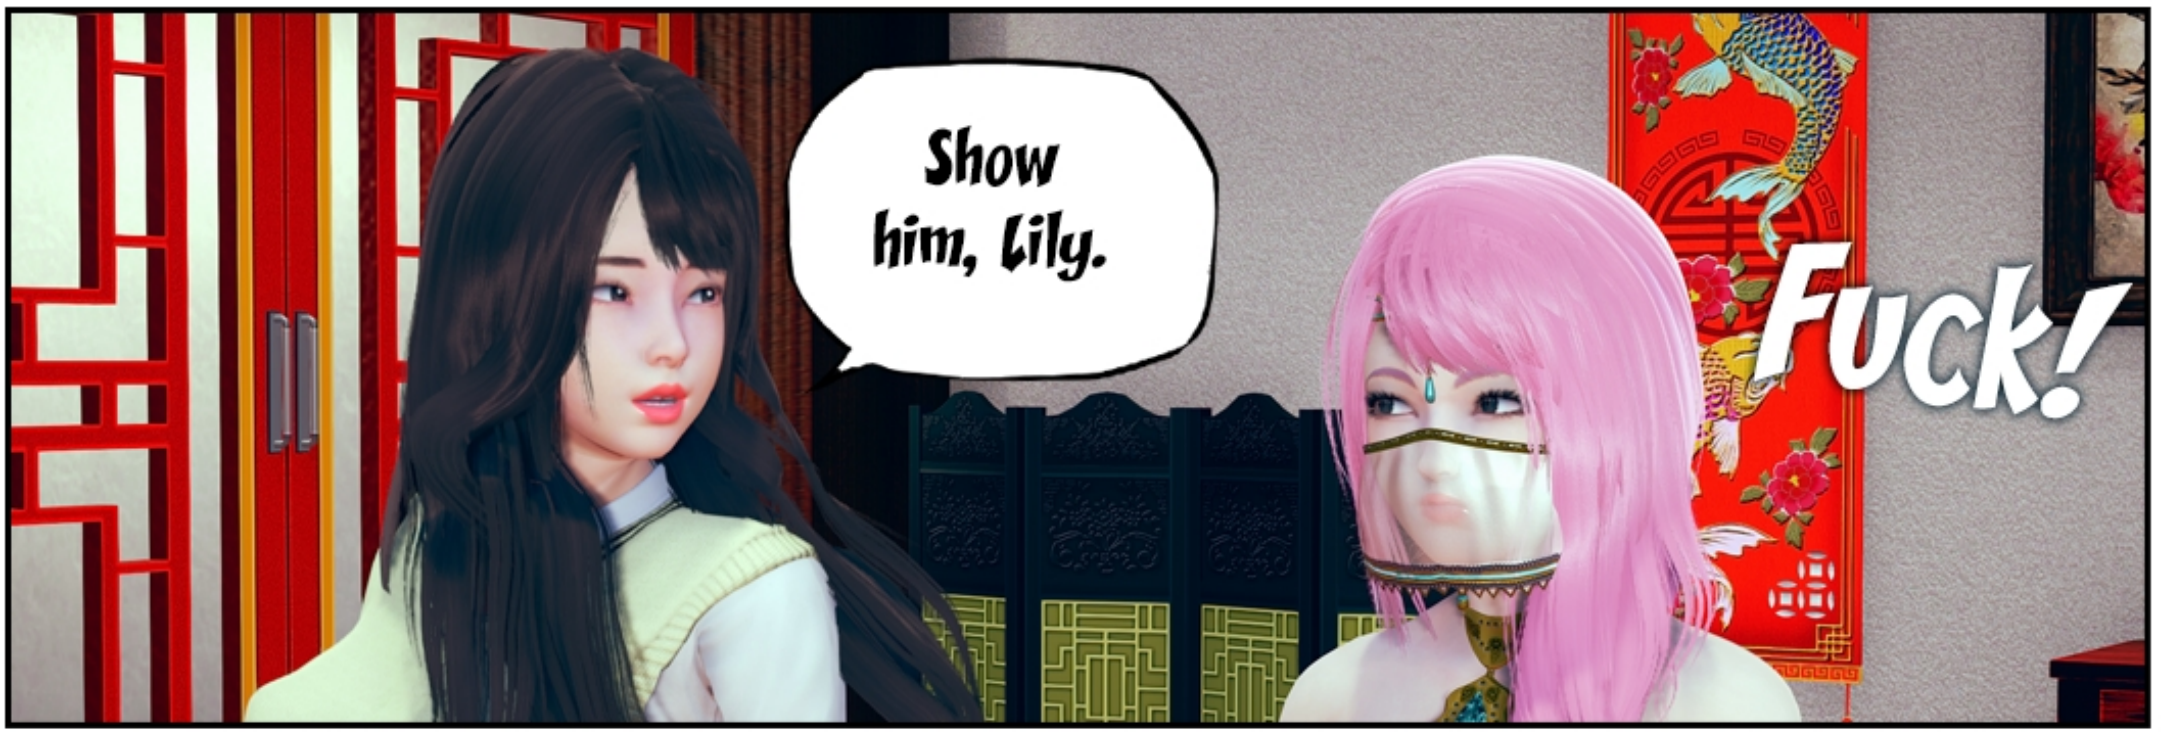

You can have it on loan. Until you get an Heir.

We'll see about that...

Ha.. I don't think I'll ever find a woman for that.

and with that... did her Mind finally succumb...

After six months of being left with my father, I finally managed to break free from the restraints imposed on me by my captors.

Huff!

Huff!

However, even with my newfound freedom, I couldn't bring myself to tell my father the truth or stay and I feared they who did this to me would return, so I ran

6 Months later...

*To survive, I did some things I'm not proud of...
But nothing was worse than what they did to me...*

I did everything in my power to reverse the damage they inflicted upon me. Yet, nothing could restore me to the person I once was.

I was on the verge of giving up... Until I found her. In a female body with a male mind, I knew I'd never be with a man, and no other woman would accept me except her. Later, I discovered she was more than just a girl...

Ah!

Ah!

H-HARDER!

You're so tight!

Ah!

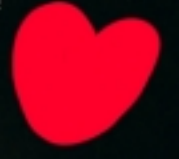

CUMMING!

Ah!

Spluurt!

Kyu!

GET PREGNANT!

One year later, we got married. Even after revealing my past to her, she still loved and accepted me. Then she shared her truth: she was a **Futanari**

Which I embraced with love...

15 Years later...

**Dinner's
ready.**

**Mum! Hiro's
bullying me!**

**The hardships that
turned my life upside down,
If given the choice I'd never
undo it, for I wouldn't want to
lose my loving family. My
Futanari wife and kids.**
