

That was weird..

They were just talking about Crush and Mashiro again.

It's quite the hot goss this morning.

Crush and Mashiro?

Yeah, they had a fight or something.

A fight? Why would they fight?

Well, we were gonna ask you about it.

He's your boyfriend, after all..

Ask me about what?

So.. basically..

Yeah.. It looks bad, right?

I know he was from Sector 1 and all that.. But I almost forgot how strong he was.

It's honestly kind of scary..

When was this?

Literally two hours ago, as soon as he clocked in.

And then he just left for his tasks of the day..

Can you ask him to fix this when he comes back?

Yeah..

Yeah, I will.

What about Mashiro?

Where is he now?

He's at the courthouse, I think..

Okay, thanks for telling me.

You can go back now, My.

Of course, boss.

Yes, but not for long. Can you make it quick?

Sure, I just have one question.

Is it true that you and Crush had a fight this morning?

Is this about the hole in the wall?

Yeah..

It was just a misunderstanding, nothing happened.

We already talked it through.

Noone was hurt.

Really? But the blood-

Are you asking if he punched me in the face?

He didn't. That blood wasn't mine.

Wait, then-

Look, if you have more questions, just ask Crush.

I have doc review after the judge all day today so I won't be back at the office anytime soon.

I have to go now, bye.

But Crush isn't picking up my calls, though..

Okay, thanks for clearing things up, at least.

Take care, Mashiro..

Yes, Cherie?

Mashiro! Are you free to talk?

Yes, but not for long. Can you make it quick?

Sure, I just have one question.

Is it true that you and Crush had a fight this morning?
