Two goddesses were guarding over all universes and looking for their third member to join the table. They were looking for it for so long time until one of orbs started glowing.

Adelina, look at this, is this what I think it is? It looks like orb is trying to show us something?

Goddess Adelina didn't said a word, she was looking at orb, while Goddess Luna was amazed and confused at same time.

Luna... Don't overreact, still...
It's quite possible... We can only
watch and see what is orb gonna
show us.

Luna, looked at Adelina, smiled and enjoyed listening to Adelina's
voice but she was right, they only could wait and see...

Both of them stopped talking... and started looking at orb, it was glowing more than before... it was trying to show something to them.

Orb showed one universe... one soul... one life... that is gonna be changed... To something greater... better is she the chosen one?

Orb decided to show to goddesses Jessica's life... They didn't know or her that her life is gonna be changed...

Jessica only wanted to walk through woods but she didn't expect to see people in military suits and guns...

I know... but it's fascinating, it feels like crystals are calling me, saying my name...

Kendal we need to test this more but in our lab!

Sir! we need to go!

A woman with long, vibrant red hair is seen from behind, wearing a black leather outfit with a low back. She is looking towards a forest where several tall, purple, crystalline structures are growing. In the distance, a woman in a white dress and a soldier in camouflage gear are walking away. The scene is set in a lush, green environment with trees and grass.

Crystals? Extractions... What a hell is going on here?!

We need to extract all of that crystal... we need to analyze it!

We will... I have right people for that kind of job.

Military and scientists left the scene and Jessica was still in shock but she decided to get closer to a crystals.

Does the crystals...
Saying my name?

I think it wants me to... touch it?

Closer she got... The louder voices were... She was scared but it felt like she is getting possessed

Voices were so loud that she couldn't hear her own mind... She decided to touch crystal...

After Jessica touched crystal... voices suddenly stopped...
She was so confused what just happened...

This was weird... I need to tell
Eveline what happend here...

AAAAAAAAAAA!!!

Suddenly Jessica got punched with rifle on her head ...
She fainted instantly.

I told you we should not left what are we gonna do with her now...

While Jessica was trying to escape, Military released their new gas

She didn't realised that grenades were already at floor she continued punching a glass to try to escape

Grenades released purple smoke, Jessica continued punching glass but glass was too strong for her...

There is no escape miss!

The soldier on the right is wearing a tan hat and holding a rifle with a green laser sight. Both are wearing camouflage pants and tactical vests. The hallway has grey walls with a red horizontal stripe and a grey floor. Three speech bubbles are overlaid on the scene, containing dialogue between the characters.
