

Chapter 32 - How can I get away from this?

Change of POV

Sitting on a comfortable sofa, the woman smiled as she watched the giant spider hit Queen Taratect with all his might. Watching the spider fight for his life was amusing.

But it still wasn't enough for her.

"He'll probably manage to escape..." The woman said in a low voice. She watched everything intently.

Then, suddenly, the giant spider got even faster, surpassing Queen Taratect's speed.

The woman already knew what he could do because of his previous fight against a giant snake.

He could change its strength, agility, defense, and magic. It could make everything as it pleased...

This made the smile on the woman's face grow.

"Why didn't I think of a skill like that before? This could be fun."

The woman stood up and picked up a cup of tea.

"I wonder what he's going to do now?"

The giant spider was staring at Queen Taratect. Then, the two of them ran towards each other.

Change of POV

Queen Taratect ran towards me. Then I ran forward, too.

We approached each other instantly. And then... I dodged the only attack she made and passed to her right, passed between her and the wall.

She realized my goal, so she started to act. I have to do this quickly.

I reached the hole where Kumoko was and...

'She's here!' To my surprise, Kumoko was near the exit. She looked at me, and I gestured for her to leave quickly. However, she didn't understand me and walked back slowly.

And then...

I felt a chill run down my "spine" and started running. My mother was right behind me.

I have to take her somewhere further away. So I kept running. I don't know how long I ran, but it was for a few kilometers.

My mother continued to follow me as she crashed into the labyrinth's walls and made everything shake.

'This giant monster!

And then she lost patience.

I felt something dangerous coming.

And then a magic was coming in my direction.

'Shit!' I managed to avoid it narrowly. It was black magic that I couldn't decipher what it was. It crashed into the labyrinth wall and caused a lot of damage. I would be killed.

Having a low defense makes me angry!!!!

'Right, I'm being stupid here. System, deactivate the edit I made to my force and put it to my defense.'

Now, I can finally stay calm.

But even with my defense at 20,000, I'll probably take some damage since all my mother's Stats are above 20,000, so I must be careful.

'I should go back now.'

I'd gone far enough.

'But...'

'What? Why is my SP so low? Not again...!' I could end up fainting again, so I have to be fast.

I ran along some paths inaccessible to my mother and then back to the main path. I found Kumoko getting ready to escape when I got there.

'Quick, come here!' I gestured for her to come closer.

Kumoko initially didn't understand, so I started pointing to my back. Kumoko seemed to understand this time, so she came closer, and I picked her up and put her on my back.

Yes, I was serving as a mount for her.

With my two front legs, I held Kumoko so she wouldn't fly off and started running. Even with only three legs available on each side of my body, I'm managing to run fast.

'Please don't come here.'

To my despair, what I feared most occurred.

Suddenly.

BOOM~~

My mother appeared right behind me and started chasing us.

'WHAT THE FUCK!!! SHE HAS THE ABILITY TO TELEPORT!!! I FORGOT ABOUT IT!'

Kumoko, in my back, panicked, but I used my paw to stroke her head as I continued to run.

'Fuck! System!' So I deactivated the edit I'd made to my speed for just a second and then edited it again, but this time to 50,000. But even though it took me a second, it was enough for me to be hit by my mother.

I turned to face her so that Kumoko wouldn't get hit.

My mother managed to hit me with one of her legs. Fortunately, she didn't use poison or any other magic.

I flew away, grabbed Kumoko, and protected her with my legs. I then crashed into the wall of the labyrinth.

'This is the first time I've lost so much life.'

["Fear Resistance LV5" became "Fear Resistance LV6"]

'Damn!' I looked at my mother and then noticed something dangerous coming towards us.

I couldn't tell what this was, but I knew I would be killed. My defense didn't matter. I'd be killed for sure.

So I threw Kumoko away and tried to run, but I was hit by the magic anyway. As soon as I was hit, I felt an intense pain throughout my body. I'm going to die!

It was as if my soul was shattering. No injuries were caused, but I feel much pain.

'Wait, that's it, Heretic Magic!' My soul is going to be destroyed? Are you kidding me?

I began to despair for a few seconds but to my relief.

The pain disappeared completely.

'What is it? Was it a hallucination or something?'

Before I had time to think about what was happening, my mother approached again, but this time, I managed to avoid her attack. I realized that Kumoko had already fled. Thank god!

'I hope you don't go after Kumoko after killing me.'

Seriously, I didn't see how I could escape from this thing.
