✧ **Money**

You can discover yourself feeling completely relaxed and comfortable and obedient as you fall deeper and deeper into a soothing and peaceful trance. Yes. And as you continue to relax, you can find yourself inhaling the crisp cold night air around you as you feel the damp spray of rain covering the wet street that you are walking on. Alone. Anxiety. Uncomfortable. You can slowly become aware of your surroundings and see that you are walking down the street of a quaint downtown area, discovering yourself feeling more cold and alone and anxious under the dull and dark gray sky with every step that you take. Yes. And just as the rain begins to fall in heavy sheets around you, you can find yourself ducking into a covered alleyway, the narrow entrance barely visible from the sidewalk. You know that your uncomfortable past of wandering and living for others has led you to being this unhappy and miserable in your life, and you know that you would do anything in order to give it all up and live every moment in exactly the way that you desire to live. Happy. Excitement. Pleasure. And as you are considering your life and what you can do in order to improve it in order to be the happiest and most successful, you can hear a voice from the shadows behind you comment on how pleasurable and erotic and desirable it would be to live every day in the moment and focus only on the fun, erotic things that bring you the most pleasure in life. Yes. You can discover yourself nodding excitedly in agreement as you peer over your shoulder to discover the location of the sultry woman’s voice. Yes. Standing a few feet deeper into

the alley and obscured by shadows, a beautiful woman leans against the brick building, one leg casually crossed over the other as she texts lazily on her phone and watches the street for anyone who may be interested in her services. Desire. Confident. Control. You can notice that her hair falls in long soft, luxurious waves past her thin shoulders, spilling over her pink faux fur coat that she wears to keep herself warm. Yes. Inside her coat you can see that she is wearing a red strapless dress that fits tightly around her feminine curves and accentuates her perfect hourglass figure and long smooth legs on top of a pair of shiny red high heeled shoes. Yes. She leans towards you as she offers you more pleasure than you can ever imagine, and you can find yourself admiring her ability to take her life into her own hands and prioritize her sexual excitement and erotic fantasies over everything else that she might wish for in life as you find yourself excitedly considering her proposal. Yes. You know that you would do anything to have the sort of freedom to be able to fuck anyone that you desire and get paid to be used for their pleasure, and you can find yourself begging the woman in front of you to teach you everything that she knows to help you become the perfectly erotic fucktoy that focuses on their own pleasure and happiness and whom strangers desires to compliment and fuck everyday. Happy. Excitement. Confident. She thinks for a moment and looks you up and down before asking if you are truly willing to put in the effort and work to become the most erotic prostitute you can possibly be. Yes. its surface.
