On the table is a red tray with a blue bowl of soup containing noodles, vegetables, and dumplings, and a dark bowl of white rice. A pair of dark chopsticks lies on the table. A speech bubble is positioned above the tray.

Shirou. Could you explain for us now?

About who are these guest?

Another Altria
Pendragon who
look like me, but
more mature.

A figure in the
Ulster Cycle of
Irish mythology,
Scathach.

Follow with a Master from Chaldea by time travel?

We are here to investigate an incidents in Fubuki.

Our mission is to restore this era, and prevent humanity from their extinction.

You said that.. mankind
will be extincted in
2017 based on
Chaldea's calculation?

Yes, it's hard to
explain by words here.
But that's true.

In few more days,
Fubuki City will be
in flame by a source.

Then.. do you
have any information
about that?

Currently, not yet.
But I can see it..

M-me..? I will..

..The source came from Matou Sakura.

Not Sakura! We
just dealing with
her other peronalities!
There's no way!

Okay okay! Please calm down, Mr. Emiya. We will do a further investigation.

Scathach, please take it back..

If Master said so, it just my prediction.

"Ah.. What is this air? Feels heavy. The food is going to be cold."

You are Saber class, right? I saw you have a Kendo practice place?

Yes, we have. What do you need with it?

Then let us have
small dual, what
do you think?

Yes! It's my honor to have a dual with you!

I will stay too.

Look like.. Lancer will stay here..
Then I and Scathach..

I don't feel like going
into the City much.

If you stay, we have
a spare room for
2 of you.

And Sakura, I apologize
for accuse you. Let
me help you clean it.

It's okay. I can't
let our guests do it.

"Then.. only me left to get into the city for investigation."

A while later..

"What is.. happening..?
I don't feel.. so good."

"You surely.. don't remember me..?"

"This voice.. It can't be.."

How.. could be?
You were supposed..

Your dark side..

How long has it been.. I wonder..?

I always exist inside you, Sakura. Your hatress toward the Matou.

"Why.. can't I talk
or.. move my body?"

It's time for us
to switch place..
Matou Sakura.

What are you
doing here, Sakura?

Uwaah!! S-Sakura?

Shirou.. I'm scared!
I hear voice in my head..

Those incidents..
it's haunting me..
sob *sob*

It's okay now.. You have me and Rin here to protect you.

Thank you.. Shirou..
Let us be together..
forever.. Ehe~

Later that night..

Okay, I left my room
for those two servants..

But why.. she
saw Sakura..

You still awake,
Shirou?

Sakura!? Why are you here this late?

Sakura.. This..
All of sudden..

Shirou.. I want
to make out with you.

You can't say no to me, it will be very rude.

Or are you scare
of me, Shirou?

Why.. should I,
scare of you..
Sakura?

Sakura.. I come inside.. Are you.. okay..?

Don't stop, Shirou..
I want.. more!

The show has to
be eneded here.

The source.. or
should I call you..

..Dark Sakura..?

Stop it, Scathach!
It already ended
months ago!

Step aside, Shirou!
That one isn't Sakura
anymore!

I won't let you hurt her, Scathach.

It's enough, Shiro.
Step aside, let me
take care of this.

Not happen, Sakura!
Just stay behind me!

I told you to leave
this to me, Shirou.

A servant from
Chaldea, huh? I
never heard of
this before.

You possessed
Sakura.. how?
You have been
defeated..

Simply, we
are one.

The Day Before..

Shirou hasn't come home yet.. I should go make dinner now.

Sakura-chan.
I'm home.

"I need your body.
Without it, I can't
be complete."

No.. Stay.. away..

A digital illustration of a woman's midsection and legs. She is wearing light blue lace-trimmed underwear. Her skin is rendered with soft shading and highlights, giving it a smooth, realistic appearance. Her hands are clenched into fists at her sides. The background is a simple, slightly blurred indoor setting with yellow and green tones. A speech bubble in the upper right corner contains the text: "Then I will have to do the hard way!".

"Then I will have to do the hard way!"

You.. Get out.. of my body!!!

Ahaha!! You are mine!! Give it up, Sakura!

"I'm not.. the..
weak Sakura like
before.. Ugh.. Uhm.."

You.. How could..
it be..? You can
fight back..!?

"I won't let you..
hurt Shirou anymore!"

We will.. have a
happiness life..
together..

I will fight you to
the end!!!
Aaaaaahhhhhh!!!

Fight me to the
end, huh?

"When night fall, I become more powerful."

"And I can take
over Sakura's body
but while day time.."

"..Sakura will forget everything that happened while I took over her."

What just.. happened..?

"And I just hide in her body. No one ever know that I still alive."

Why are you so eager to kill me, hm?

Dark Sakura, the longer you exist, the more threat to humanity.

Ahahahahaha!!
Hahahaha!!!

You.. What are you
laughing at?

You think.. I just stand here and tell story for you?

"How!? I can't
realize her
existence.."

I left a bit of me in
Sakura, turn her
into a decoy.

"I can't.. move..
What is this.. force?"

I will need a new
host.. for me to
hide and absorb
energy.

Scathach! Be
my servant!

Scathach, Lancer class, a strong warrior.

But I shouldn't raise
suspicious right now.

Prepare for the
end of humanity.

To be continued..?
