

Our journey continued without much trouble

Which means the assassin was acting alone..

Alright, we only gotta stop at one more town for the night! It's just West of this road!

And we'll be at the Palace tomorrow!

Cherie definitely calmed down after that night

It's surprising how fast he bounced back after almost.. getting murdered in his sleep.

If your legs get tired, I can always give you a piggy back!

No way! I'm not five years old!

Maybe he's just very strong..

I bet I can run faster than you!!

Oh yeah? I'll race you to it!

Or he's just really good at hiding his weakness.

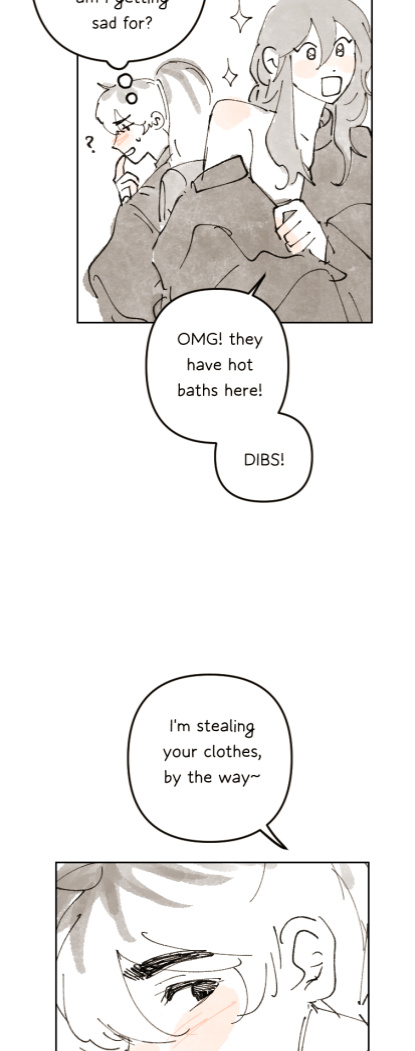

FIRST!! Hah..

hah..

I won!!

Yep! Fair and square~

Hahh..

IN YOUR FACE! GENERAL!

Good evening, Can I help you?

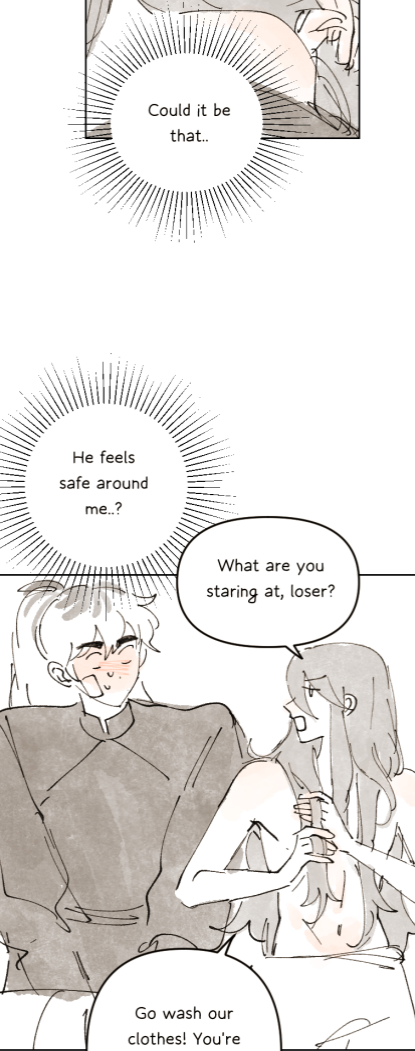

Hah

Can we get two rooms, please?

Sorry but there's only one left.

No problem! We'll take that!

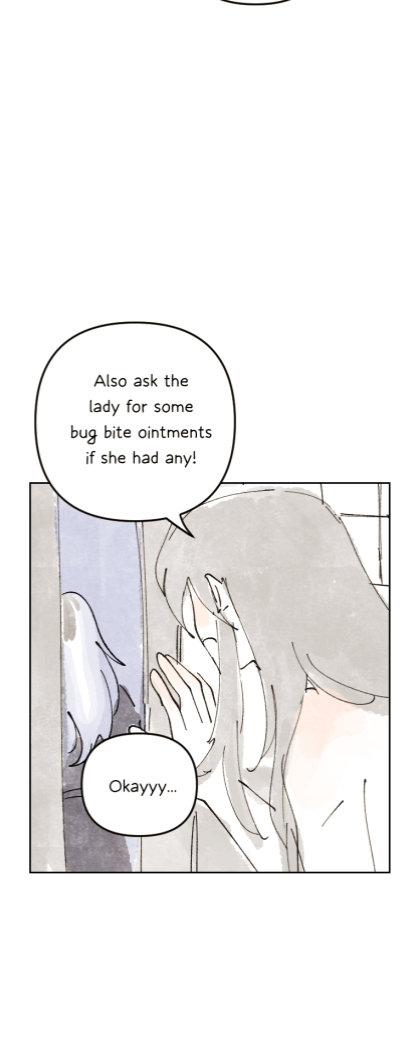

And.... there's only one bed.

Well, I won so I get the bed, obviously!

Obviously..

Does he not want to sleep in the same bed as me anymore..?

Wait.. It's not like he had a choice back there. What am I getting sad for?

OMG! they have hot baths here!

DIBS!

I'm stealing your clothes, by the way~

Okay..

Come to think of it, Cherie's not cautious around me at all..

Who undresses in front of a stranger they just met like that??

He did it back there at the woods, too..!

..?

Could it be that..

He feels safe around me..?

What are you staring at, loser?

Go wash our clothes! You're running low on undies!

Hurry back!!

Of course, your majesty..

Also ask the lady for some bug bite ointments if she had any!

Okayyy..
