

Leaving her husband well taken care of by Luna Lovegood's tight quivering cunt Ginny apparated to the Burrow. She smiled remembering the wild sight of Luna's soft blonde hair shaking as Harry fucked her on top of the Lovegood residence. Just the thought alone had Ginny's heart flutter and her knees get a bit weak. For a moment she considered apparating back to the Lovegood home so that she could feast once again on her husband's incredible cock.

No, I came here to share my blessing with the others, Ginny said before she made her way forward. Soon enough she was inside of the Burrow. She hugged her mother and then went over to the living room. She found Hermione, Fleur and Angelina having tea. Each of them were talking about their work, new spells they were learning and the men in their lives. Each rose up and smiled towards the busty redhead as she came in. Ginny hugged Hermione first and enjoyed the feeling of the incredible feel of her friend's buxom form and impressive D cup breasts against her own tits. Ginny almost felt slightly jealous of her friend's sexy slightly curvaceous form. When she pulled back from the hug she noticed Hermione's long toned legs, flat, trim stomach and hips that begged to be child bearing.

After Hermione came Angelina. Angelina Johnson was currently wearing her dark brown hair in a ponytail. Where Hermione had just the right about of give to her buxom form Angelina was sculpted like an Amazon. The young woman's red sweater and simple pants couldn't hide the fact that every part of her body was firm with muscles. As far as Ginny remembered Angelina was still engaged to her brother George but from what Ginny had heard from her gossipy mother and other ladies was that it was more a relationship of circumstance with Angelina taking care of George knowing another girl might take advantage of him. Ginny had a feeling that Angelina wouldn't mind taking a bit of time away from her brother.

Finally came Fleur. After she set down her tea she came rushing in with a flourish of a French greeting that Ginny barely heard before Fleur's own tits were bushing against Ginny as well. Ginny instantly noted that Fleur's breasts were a bit bigger than Hermione's even. Ginny knew that Fleur was having problems with Bill, most in part to supporting his work while Bill had become somewhat of an overconfident ladies man who regularly flirted and even courted other girls at work while his wife was at home. In a way what Ginny had in mind was exactly what she knew her sister in law desperately needed.

"How are things going with Harry Ginny?" Hermione asked as they all settled in around a table once again. Ginny smiled, her cheeks reddening with intensity thinking of the secret she was about to unveil to everyone gathered at her home.

"Things are going very well actually."

"Where is 'Arry anyhow?" Fleur asked, her thick French accent permeating almost all of her words before she rose her cup of tea past her large breasts."

Ginny smiled as she turned to the three women. "He is with Luna helping her relax. I think it is doing her a lot of good. But yeah things are going very good. I think I finally have a handle on our marriage that I really didn't have before." Ginny said thinking of how her stamina had been able to improve so that she could keep up with her husband after tiring him out a bit

with other willing hot sexy sluts like Elsa and Anna. The alluring redhead leaned forward and grabbed at the photo album she had placed on the under level of the table in preparation for her plans this day.

“In fact I wanted to show you guys some really amazing photos we took while we were on our honeymoon.”

Angelina rolled her eyes at the mention of honeymoon. “Count me out. I don’t want to think about my own after wedding vacation.” Angelina said with a slight air of boredom in her voice. Fortunately Hermione and Fleur were very interested in seeing what Ginny had to offer.

“No come come you must show us. I remember the amazing times that I had with Bill on our Honeymoon. It was so amazing.” Fleur said as Ginny offered her sister-in-law a warm excited smile as she opened up the worn silver clasp of the photo album. Like just about all of her clothes before she had married a rich wizard the photo album cover was a hand me down, a gift from some old spinster her mother new.

Hermione moved in on Ginny’s left while Fleur moved in on her right. Being pressed in by two enormous sets of breasts was getting Ginny very excited and then Angelina finally caved in and moved over next to Hermione. “Alright if we’re all going to look. Guess it might be nice to see how the place turned out.” Angelina said before Ginny opened up the album to the first set of pictures she had taken during her honeymoon. Within a second of her turning to the page all three of the girls’ gasped in broken unison as they realized what they were looking at.

“Ginny.” Fleur said softly.

“Is that you and...” Angelina said as she leaned in against Hermione to get a better look.

“I didn’t realize it was that big...” Hermione said as the brown eyed girl with bushy untamed hair said before she seemed to realize what she had said and that she was looking at pictures of Harry Potter and something quite magnificent. *That looks longer than my arm!* Hermione thought as she gulped back her sudden surprise. What was more she was seeing not only pictures of Harry, but pictures that included him using his flesh spear to fuck the shit out of Ginny. Hermione, Fleur and Angelina began scanning through pictures of Harry fucking Ginny all over the resort that they had stayed at. They spotted pictures obviously taken from below a table as Ginny sucked on a cock and then was backing up her ass onto Harry’s huge rod underneath a table. Next came a series of Ginny sitting on Harry’s cock while she was bounced up and down in a hot tub. Harry’s hand held his wand and Hermione figured he was levitating and using magic to trigger the camera. Of course these were not just still images, but moving pictures that showed multiple seconds of the hot sexy action involving one of her best friend’s and his redhead bride. When she came across some pictures that had Ginny’s pussy gushing with cum from a creampie followed by images of her face and hair utterly caked in Harry’s cum Hermione rose up, having to catch her breath and still her beating heart.

Meanwhile Fleur and Angelina moved closer to focus in on the images. Fleur smiled and her hand moved down her body to a spot beneath the table as she let out a slow breath. “Zes are

very impressive Ginny. I had always wondered just how big 'Arry was. Oh. Vait. I recognized zis girl. Hey! Ginny did you ave zex vith my sister?" Fleur said after finding picture of a young blonde goddess screaming silently in some of the pictures as her pussy was packed to the brim by Harry's enormous cock.

Ginny chuckled and then looked at all three of the girls. "She couldn't resist once I asked her if she wanted a taste. None of the girls we met on our trip could. I only regret I didn't ask Ana and Elsa if they wanted a nice hot bun in their ovens. We always made sure to take care of them after Harry blasted their pussy's full of his hot cream." Ginny said with a deliciously proud and confident smile as she placed her hands on her hips. Angelina leaned back in the couch. Her eyes betrayed little save for a small amount of what Ginny took to be amusement. Fleur's hand was still below the table and she was starting to give out more haggard breaths when Hermione turned around to face Ginny.

"I came here to challenge all three of you to try to take on Harry. I don't think any of you tasty little sluts could last. All of you will break. I know all of your lovers and none of them are a real man like mine." Ginny said as she moved close towards Hermione. The buxom and busty girl with chaotic bushy brown hair had no words. Her brown eyes dropped back down to the open album and then back to Ginny and then she turned around, whipped out her wand and apparated out of the room. She headed straight for Harry at Luna Lovegood's home.

Hermione felt her body snap and bend for a moment before she came to her destination. With a swirl of black energy and magic she apparated right onto the black stonework that made up the exterior of Luna's residence. Less than six feet in front of her she found Harry. Instantly the busty hot woman cupped a hand to her open mouth when she saw what he was doing to Luna. Luna's body was repeatedly being bounced on Harry's mammoth cock. Her pale legs ran across Harry's powerfully built legs that looked more like tree trunks as they flexed to support Luna's weight. Harry held out Luna's arms to the side while he continued to pummel his cock deep into the dreamy eyed blonde girl's cervix. Luna's voice was hoarse as she gleefully shrieked each time her body came to a thunderous stop at the base of Harry's cock before his hips propelled her back up again. Hermione saw that there was a great deal of cum covering Luna's lips, hair, breasts and her pussy with tons of Harry's seed coating the insides of her legs.

"Harry stop this. Let Luna go!" Hermione shouted out over the whipping wind that hit her face, fingers and the exposed cleavage created by her top. Harry did not let Luna down but did turn over towards Hermione.

"Hermione?" Harry said, his body one of rigid sculpted muscle that still seemingly effortlessly held up Luna by his massive cock strength alone.

"It is alright Hermione Granger. Everything is fine. Harry has made me orgasm many times. Truthfully, I would rather he did not stop."

“Luna Harry is married to Ginny. He shouldn’t be fucking you.” Hermione replied back sharply. Luna just smiled again towards her before she patted Harry’s hand, hoping to inform him she was fine being fucked still. Harry changed position slightly and put Luna on all fours and before long continued to stuff all over he insides full of his cock.

“Mraahh.. it is okay Hermione. Ginny and Hermione both asked me to do this. I am perfectly fine with it. I don’t know if you have ever had sex. But it feels truly delightful. If our situations were reversed. Mraaawahh... Nhrnnn... Mrawooaahh... I doubtthat I would have no problem watching you get fucked silly. I am sure your breasts would look amazing if you were to be fucked by Harry Potter.” Luna said with her quiet yet moan filled voice. Even being fucked unceremoniously as she was her voice never lacked that optimistic sad whimsical quality that Hermione had grown used to when the girls talked in school.

Hermione licked her lips and let her teeth run across the skin of her pink flesh. Her brown eyes were still getting a great deal of Harry’s cock. It was more intimate and incredibly than any sense that Ginny’s pictures had given her. Echos of pleasure started running up from her pussy while her nipples stiffened in her simple white blouse. Her legs felt so weak that she suddenly fell down onto the rough gray stones of the roof. It felt like the cock currently steaming full power into Luna’s quivering cunt had cast a spell on her. Hermione didn’t even feel or know hehr hands were moving until she had removed her simple white blouse and then yanked open her pink bra to expose her bodacious breasts towards Harry Potter and his magnificent cock. Once her breasts were exposed to Harry Hermione Granger placed her hands neatly on her lap, waiting there a few feet from Harry.

Harry smiled and then gave Luna’s nice curvy asscheek a playful slap before he unlimbered his cock from deep inside of her pussy. Luna let out a long pleading moan as she collapsed onto her breast while a great river of Harry’s cum spilled out of her pussy that had all but been sealed up thanks to Harry’s gargantuan member.

Harry moved over and set his cock mere centimeters from Hermione’s soft plump lips. Not wanting to waste any time, he smeared a bit of his cum and Luna’s sexual juices onto Hermione’s face and cheeks before he pushed her back down onto the ground, tore off her pants, ripped her panties to the side and then plunged a great part of his length right inside of Hermione Granger’s perfect pussy.

Hermione immediately cried out and came instantly from the sudden thunderous pressure boiling in her pussy. She kicked off her shoes without a thought and then locked her legs firmly around Harry’s warm knotted back as he started to pulverize her wanton slut with his cock. Hermione’s sexual juices worked with Harry and Luna’s cum to ease the insertion of his incredible prick into her tight pulsing cunt lips. Even then the pressure was so intense that the only thing keeping Hermione sane seemed to be sheer will. She moaned out while she felt Harry’s cock driving deep inside of her pussy. It was as if her cervical wall was a anvil and Harry’s member was a sledgehammer working over the last barrier of her reproductive organs.

“Fuck... oh Fuck Harry! I’ve never felt anything like this before. Bwaaraahhh!!!” Hermione cried out as she finally came down from her first orgasm even as Harry savage’t

manhandled her large breasts with his mouth and his fingers. Hermione did not care what he did to her so long as he kept his thick baby making cock deep inside of her dripping orifice. It wasn't long before Hermione's secretions formed a small amount of sexual juices at the point where Harry's hips slammed against her own, just as Luna had when her flower was being pushed wide as possible by Harry's impressive manhood drilled the blonde's cunny.

Every cry from Hermione's mouth was higher in volume as her large D cup breasts rocketed upward to the momentum of Harry's thrusts. On each off beat they fell back with a resounding slap that was almost as loud as the wet lewd smacking coming from where Harry's still somehow large balls crashed against her tight asshole. Harry's sculpted flesh ran parallel to Hermione's lean trim stomach as his cock began hammering open the window into her womb. Hermione welcomed the realization. She howled like a Hippogriff lunging down through a free sky before she sensed another orgasm rising within her pussy even as it was continually punished in the most delicious and sensual way.

As he began feeling Hermoine's sweet pussy locking up around his cock Harry smiled and kissed his best friend of many years right on the lips. He pushed his cock deep inside of her one more time during the kiss before pulled his cock all the way outside of Hermione. The girl with bushy brown hair going damp and slack against her back let out a crumbling and weak moan.

"Uwaaahh... Whaaa... Harry? Why... your cock... your amazing cock... why.. I.. I need it... inside of me..." Hermione mewled weakly before Harry smiled and then began moving her into a new position. The smarted girl in their class made no effort to resist Harry as he moved her exactly where he wanted. Harry grabbed her legs and then moved them so that Hermion's body was now inverted with her ass up in the air and her shoulders still touching the stone. Harry held her body aloft and then motioned off to Luna before he started to wedge his cock back inside of Hermione's quivering pink cunt lips.

As the first few inches of Harry's cock were pressed back inside of her quim Hermione let out another loud pleading scream before she started moaning out rapidly. Eventually she nibbled on her nipples since her large breast size had her pink hard nipples close at hand in this new position. Of course she wasn't able to merely focus on her nipples for long when suddenly Luna came over and spread her legs wide as she lowered her body over Hermione's mouth. Lost in a storm of delirious pleasure Hermione's mouth opened up before she greedily began attacking Luna's cum soiled pussy lips. There was only about one minute before Hermione started eating and sucking up some of Harry's cum from inside of Luna while the blonde girl squeezed her smaller breasts together against Harry's hard chest even as he continued pounding his cock deep inside of Hermione's womb.

"I think she would really like you to cum inside of Harry. I think Hermione's Gixog is being close to overloading. If you don't fill up her womb soon she may lose all her memories." Luna said, her voice slightly tired but nonetheless with the same innocent soft spoken tone she always had, even when having her own womb full of Harry's cum. Harry smiled towards the petite blonde girl and kissed her lips once more before squeezing both of his nipples. Soon after Hermione's binding tightness caused Harry to reach his own orgasm. Nudging Luna off of

Hermione so that the brown haired girl's airway would be clear as she started to cum Harry let loose with his cock.

Hermione's entire body flex and then shattered. It felt like a supernova had ignited deep in her pussy as Harry started to blast her full of cum. Pulses of energy that were more like blasts of artillery cannons punched deep inside of the walls of her womb as she was filled up by a great hot torrent of cum. In no time at all a few lines of Harry's white seed leaked out from her quivering abused lips and then fell down over her stomachs and stained her breasts, chin and face. Hermione's face was already a cum drenched mess by eating out Luna and sucking out Harry's cum from inside of her blonde friend but now she looked like she had been bukakkied but had instead only gratified her most primal urges with one magnificent man. Her mind was a blank state and only after a bout five minutes when she noticed that Luna was kissing her cheeks and licking up some of the cum from her lips, neck and breasts did Hermione start to come back to reality. The blonde girl chuckled and licked down Hermione's nipples.

"I hope you're ready for round two. Harry Potter doesn't really just stop at fucking a girl once." Luna said before Hermione cried out once again as Harry plunged the tip of his cock inside of his best friend all over again.

Ginny apparated onto the scene about thirty minutes after Hermione had left the Burrow. She smiled as she found Luna sitting behind Hermione while Harry sat on the stone floor with Hermione bounding on his incredible cock while Luna held her legs open in a V shape. Hermione's entire body was covered by smatterings of cum, same as Luna. Ginny moved in and then kissed her husband as he rest his hands on Hermione's thighs as he continued plugging up all over Hermione's sexual canal full of his cock.

Ginny hugged her stellar bodied husband and enjoyed the sight before she spoke aloud which was a bit hard since Hermione was constantly moaning out. "I bet she would love it if you knocked her up Harry." Ginny said as she felt a sudden horny jealousy for her beautiful cum soaked friend before Ginny Potter realized just what Hermione was screaming out.

"Yes.... YES!!! Breed me.... Put a baby inside of me.... I need more of your cum... More and more until I am pregnant Harry... Then you have to fill me up all over again. Please.. please keep breeding me." Ginny had to admit she was a bit surprised as she heard Hermione's erratic pleading phrases. Harry turned and kissed his wife, knowing just how excited she was to see just how much of a slut Hermione had turned out to be. Then Ginny quickly removed all of her clothes and went in to kiss Luna before she and the blonde started to kiss and lick at some of the great cum that stained all of Hermione's busty breasts while Harry continued to drill Hermione without any sense of restraint.

Ginny shows up at the end, and she and Luna hold Hermione's legs open and nurse on her big tits as Harry continued fucking her...Ginny encourages Harry to knock up his best friend but the clincher is when Hermione begs him to breed her.
