Chap 1 Snake Hunger

Hojo was a snake demon, has been since the beginning. He'd used charms to mask his demon aura, but he was quite powerful in his own right. Snake demons were rare, most were killed due to their unique ability. When a snake demon eats someone, they can absorb their powers.

He's kept himself hidden well, not even Kagome knew the truth, or Inuyasha the times their paths have crossed. Still it bothered him that his prey kept disappearing, yes prey Kagome was his prey not his friend not his love interest he wanted to eat her. He knew what she was a miko and her powers would amplify his own.

She was back and he couldn't wait anymore who knows when she'd leave again. He called her out and she agreed to go, he told her it was important. She met him in a nice secluded area, the snake demon licked his lips, oh he'd been waiting for this. "What'd you need to see me about Hojo?"

"Just keep your eyes open Kagome." His eyes turned gold, and the girl was mesmerized, she was shocked but

couldn't look away. Before her eyes Hojo began to change, his legs morphed into a massive snake like form, he looked like a naga from ancient mythology. His upper body was bare but still human.

Kagome was unable to look away she was caught under Hojo's spell. "It's been nice knowing you Kagome but I'm so hungry." His mouth opened wide and he devoured the girl. Even as she was eaten she didn't resist, she was slurped down into Hojo's belly. He sighed in joy as he felt his powers grow along with his stomach. "Ahh such a meal well worth the wait." He rubbed his swollen belly.

He could already feel Kagome's powers flowing through him, soon she'd be gone and her powers would belong to him completely. He chuckled and went to Kagome's home, using his powers he hypnotized the family and made them forget about Kagome, and made them think he was there child. He stayed in her room and waited for his next target, Inuyasha.

It took a few days, but in the meantime Hojo got a handle on his new found powers, he could see jewel shards and produce a holy blast. He found the shards they had collected so far. He had no use for them right now but they could come in handy later.

After 3 days of waiting Inuyasha finally came looking, but when he entered the room he found Hojo in her bed. “What are you doing here? Where is Kagome?”

Hojo laughed and rubbed his now smooth stomach. “Oh she’s gone, but she was delicious.”

“You...you ate her?!” he cried out in anger.

Hojo nodded and let out a burp. “Oh yeah, she was my prey after all.”

“I’ll kill you!” he flew at Hojo.

“Sit boy.” The beads glowed and down Inuyasha fell.

“W-what how is it possible!?” he tried to get up but the spell kept him down.

“You see we snake demons don’t just get the powers of our victims we get a few memories as well. I never knew that old well connected to the feudal era, but it’s nice to know Kagome’s met such interesting males. I’ll have my fun with them to.”

“Fun?” he looked up and that proved to be a big mistake, Hojo’s eyes glowed gold and he stared right into Inuyasha’s eyes. His eyes became glazed over and the

began to ripple a swirl of colors. “What...are...you doing...to...me?”

“Just relax, no worries, you don’t have to think anymore. Forget all about Kagome and the jewel, you don’t need women or power.”

“I feel strange...” he says his tone was woozy. He was finding it hard to resist.

“It’s okay puppy, you feel good, the more you listen the more you want to obey, the more you obey the more pleasure you feel, and the more pleasure you feel the more you want to listen.” The boy was drooling, repeating Hojo’s words again and again.

“The more I listen the more I want to obey the more I obey the more pleasure I feel, and the more pleasure I feel the more I want to listen.” He chants over and over, his body reacting to the new found pleasure coursing through him.

“That’s a good puppy, who’s my good puppy?” he rubbed Inuyasha’s ears and the male moaned.

“I...am...” he moaned.

“Hmm I don’t know, good puppies don’t wear clothes.” He pulls his hand away and Inuyasha whines at the loss.

“I want to be a good puppy.” He moaned.

“Then show me,” Inuyasha wasted no time and began stripping off his clothes, he soon stood naked before Hojo; his firm pecs and rock hard abs, perky nipples and chiseled form and the snake demon whistled. “Whoo puppy is packing after all.” He looked at Inuyasha’s throbbing 10 inch dick. “Still doesn’t compare to mine,” Hojo undid his pants and freed his own massive cock 14 inches in length.

Inuyasha starred at Hojo’s cock and panted like a dog after a bone. Hojo brought his foot down on his massive length, and the hanyo whimpered in pleasure. “Does the puppy want to taste his master’s cock?” he asked, letting his foot rub along his length and even caress his fluffy bush of pubes.

“Ahh yes,” he moaned. “Please let me suck it.” He soon began panting as the foot caressed him some more.

“So are you gonna be my puppy, be my good little pet, obey my every command, and all for the pleasure of it?” he trapped the inu’s cock against his abs and rubbed him.

“Yes, yes I’ll be yours. I’ll do whatever you say, I am yours please let me please you master!” he moaned.

“Then cum puppy, cum for your master.” he arched his back and howled as he came, shooting his seed all over his foot. “You made a mess puppy, be a good boy and clean up your mess.”

“Yes master,” he began licking Hojo’s foot, lapping up his semen. He licked across the heel and sole and even between his toes. Even after cleaning the male he kept going moving over to his other foot and began licking it to. He licked and nipped at his foot and even sucked on the boy’s toes.

“Ahh that’s good puppy, you’ve earned your reward come suck your master’s cock.” He wagged his dick and the expression on the hanyo’s face was one of pure joy. He moved up and began worshiping the demon’s cock. He started licking it while taking in his natural musk.

His own manhood throbbed as he sniffed his master’s dick, it had such a rich manly scent he couldn’t get enough. He didn’t stop at just licking his length he even swiped the massive balls below, licking from the sack to his penis all the way to the tip.

Once at the tip he lapped at the head, tasting a mix of piss and pre and it only made him harder. He wrapped his lips around the head and began sucking it. “Ohh that’s good,” he moans and laces his fingers in the thick mane of hair Inuyasha had.

His hypnotized pet began sucking his dick, stuffing his monster of a cock down his throat. He was such a good boy not stopping till his nose was buried in Hojo’s thick nest of pubes. From here on he gave long sucks trying to earn his master’s treat. Hojo held out, loving the feel of the hanyo’s hot tight mouth.

He finally came and Inuyasha pulled back to the tip to drink down the gallon of semen that flowed from the tip. Inuyasha loved the taste so much he came himself, shooting his load all over the floor. “Remember puppy clean up your mess.”

“Ah yes,” he got on his hands and knees and began licking his own semen off the floor. Hojo eyed the male’s ass.

‘Hmm if I fucked him now I’d probably break him, he is part human. I know!’ while Inuyasha cleaned the floor Hojo went over to the dresser and found a large 9 inch

vibrator. “Here you go puppy use this to play with your ass, get it nice and wet first.”

Inuyasha took the toy and began licking it, he soon mounted it and took it inside. “How long do I have to use this master?”

“Well you kept me waiting for three days, so I want you to stay here and play with your ass and cock. After you complete this return to the feudal era and find me and I’ll reward you with the real thing.”

“Ahh yes, I’ll do it master.” He began pumping his shaft and his other hand worked the vibrating toy inside his ass.

“Don’t forget to clean up any messes you make puppy.”

“Yes master!” he moaned. Hojo’s legs turned into his demon form. He let his tail caress his cheek.

“Remember this puppy, you will dream of my cock, you will hunger for it, but you won’t come back till your training is done. Know that in these three days you will emerge into the best puppy you can be.” Inuyasha nodded and fell into hypnotic bliss, playing with himself till he climaxed and after so many climaxes he passed out and had even more intense wet dreams. Hojo chuckled and tucked the male into bed, vibe still buzzing inside him as

he slept, before slithering out the window, jewel shards in hand.

Thanks to the shards Hojo was able to pass into the well. He took a deep breath of the fresh air. “Now this place is full of prey, I wonder who I’ll take next.”

To be continued

Chap 2 Snake Pet

The air was so clean in the Feudal Era. He felt so much better than he did in the modern time. “Hmm let’s see 1... 2...3...4....5...not a bad collection.” He says as he counted them. “I’m gonna need to increase my power if I’m going to lure that target.” He slipped a jewel shard into his tail, close to the tip. It pulsed and his power increased.

He slithered across the meadow until he caught the scent of wolves. “Oh he’s coming.” A tornado zipped across the meadow towards him.

“Huh what are you doing here snake demon?”

Hojo grinned. “Hello Kouga, my name is Hojo it’s nice to finally meet you.”

“You know my name, but I don’t know you stranger. You need to go, slither off to some hole.” Kouga says, and Hojo laughs.

“Oh I’m not going anywhere, hmm from the memories you travel with two cohorts bet you ran off without them again.”

“Huh do I know you?” he was confused.

“Those two jewel shards in your legs leave your men in the dust, but you’ll pay for your arrogance in thinking your strength surpasses all others.” Hojo smiled and raised his tail. “I only have one jewel shard inside me and I used it to lure you here but even with only one I’m much faster than you and stronger.”

Kouga growled. “Oh yeah how about I rip off that tail of yours and then we’ll see who’s stronger and faster.”

“You can try,” he dodged as Kouga tried to hit him. His large body moved with such grace he avoided Kouga’s hits. Hojo went on the offensive and began thrusting his tail like a spear.

“You won’t hit me.” Kouga thought he was dodging the hits, he had no idea what was happening until it was too late. “Ha I dodged all your attacks to, you weak little snake.”

“You really are arrogant aren’t you.” He pointed down.

Kouga looked and gasped. His arm and leg guards were severed off leaving his arms bare, his sword had been knocked away and even his upper armor had been broken off, it falling somewhere in the fight. He was almost naked except for the pelt around his waist. “How did you!” the tail launched forward and clipped his pelt as Kouga jumped back to dodge.

When he landed his pelt fell, the demon gasped and tried to cover himself, but it was too late his soft 12 inch cock and balls were exposed. His hands and even his tail was used to cover himself. His cheeks burned in a blush. “What the hell do you think you’re doing you perverted snake!” he growled.

Hojo chuckled. “Perverted? You say that but I could have molested you 5 times over by now. Why so shy I’ve been fighting naked the whole time.”

Kouga growled and pulled his hands away. “Shy I have nothing to be shy about!” he tried to stand proudly with his hands at his sides but he was still blushing. “I’ll crush you even without my armor!”

He flew at Hojo who dodged his attack. “Silly little wolf I’ve been going easy on you cause I didn’t know if I wanted to eat you or make you my pet, now I know!” He

blasted Kouga with spiritual energy and sent him flying into a tree. His tail grabbed Kouga by the leg and whipped him into the tree. He smashed through it and he was thrown into the woods.

Wham Bam Crash Smash

He got flung through several trees and he landed in the dirt. The tail rose up and slammed him into the ground. “Gah damn you!” he tried to get out of the hole he was in when Hojo suddenly appeared in front of him his eyes glowing gold.

“Now relax wolf boy I’m not gonna eat you. Look into my eyes and relax.” Kouga had been caught in his gaze and he couldn’t look away now.

“No...You’re lying...” Hojo caressed his cheek with his tail. Despite himself he leaned into the touch.

“I’m not lying, you know that Kouga you know I wouldn’t lie to you I’m your master after all.”

“My...Master?” his mind was going the jewel shard amplifying his hypnotic powers.

“Yep, and you are my pet, you’ve been lost for so long but now you can return home.”

“But...” his eyes were swirling, only a thin thread held on.

“Now Kouga repeat after me, my master knows best, I must obey my master, my master loves me, and I love my master.”

Kouga repeated these words over and over the last thread of his mind snapping and he got a blissful happy expression on his face. “My master knows best, I Must obey my master, my master loves me and I love my master.” Hojo let the end of his tail caress Kouga’s cheek, the tip tickling the pointy ear.

He was soon panting as his cock grew hard. He was giving off such a powerful musk that even Hojo no longer could contain his arousal. In his demon form he was even bigger than his human form, 2 inches longer and extra girth. It was still human in shape but it was huge.

Kouga’s eyes were drawn to the huge thing. “Bet you were proud of that tool between your legs, but know this I’m bigger than you in my human form as well.” He licked his lips and his tail began wagging. “You want my cock don’t you wolf boy?” Kouga nodded and began drooling. “Well as much as I’d like to fuck your slutty

hole your men will be here soon and I don't like getting interrupted.”

The wolf boy whined. “Noo Master please I feel so empty inside.”

“Fuck yourself with my tail then boy,” Kouga smiled and began licking the tip of his tail. He stroked it as he got it wet. “What a naughty boy you are you really want cock don't you?”

“Yes master!” he moaned and began drooling over the tail, he reached back and began playing with his ass.

“But you'll enjoy riding my tail won't you?” he was grinning as he watched one hand reach back and thrust a finger inside his ass. He rocked his middle finger in and out of himself as he licked the tip of his tail shamefully.

“Oh yes master,” he moaned and sucked on the tip a bit as he added a second finger.

“You'll love anything up your ass don't you.”

“Yes master please fill my hole.” The snake demon obliged and added a finger of his own into his pet's ass. A second of his fingers was added and the wolf demon writhed as 4 fingers worked his hole.

“Show me how you love it Kouga, leave the prep to me.” Kouga obeyed and removed the fingers from his ass and wrapped a hand around his weeping cock. He worked his shaft as Hojo added a third finger into his hole.

“Ahh I love it master, your fingers are so warm.” Hojo smirked as he finger fucked his hole open, his other hand cupping the wolf’s firm rear, giving a playful swat to his tan cheek. “Ahh master!”

“Like that pet,” he gave another swat, feeling his inner muscles tighten around his thrusting fingers. “So hot and tight for me.”

“Yes master, I need to be filled, I feel like I’m gonna cum!” he moaned and began pumping himself faster.

Hojo turned his attention and began searching for his sweet spot. Kouga howled when he found it. He lost it and came blowing his load all over Hojo’s tail. “Master... I came...”

“Yes you did, you’re a naughty wolf aren’t you.”

“I am naughty, I deserve to be punished.” He wiggled his butt.

“Hmm maybe later, but your hole has been empty for a long time, it must be filled.” he says and the look of joy on Kouga’s face was priceless. They move and Kouga straddles his master’s tail, he sinks down and moans as he’s filled up.

His cock rose back up as he sank down inch after inch. “It feels so good master!”

“You are doing good pet.” He pet him and Kouga beamed with joy. His toes curled as he sank down another few inches.

“Ahh so full master!” he groaned.

“I’m right at your prostate my pet, shall I play with it?”

“Yes!” he cried and the tip wiggled against his prostate.

“Ohh fuck yes!”

“Hehe not so shy anymore are you my pet?” he didn’t respond he was too busy drooling over his prostate getting tickled. Hojo chuckled, he moved carefully and began coiling around the wolf, he removed his jewel shards and added them to his own body allowing his tail to grow longer.

He maneuvered his coils perfectly, he wrapped him tight around his ankles and moved up leaving only his ass and crotch exposed, his strong legs were enveloped in coils as soon were his abs and pecs. The wolf moaned as his perky nipples were brushed by his tail.

Kouga drooled on his tail basking in the mind breaking pleasure. Hojo knew the wolf boy was straight and probably a virgin to, but now his body will crave anal sex, and he'll do anything for his master's cock.

Hojo had enough of his tail to fuck Kouga's ass and move across the ground, the wolf boy was held up in the air for all to see the wolf prince getting his ass fucked and his huge dick getting off all over his tail. "Master when can I have your cock?"

"Oh you'll get it soon my pet I promise you."

"But you know master's tail feels good to, my ass is so stuffed I love it."

"I knew you would my pet, does your master lie?"

"Never I love you master!"

"I love you to." He slinked slowly, he'd find the two wolves eventually and the longer it took the more Kouga

had to wait, suffering orgasm after orgasm without getting what he wanted most. Reaching climax without getting truly satisfied.

To be continued

Chap 3 Two For One

Hojo could feel the other two wolves hot on their trail. Wolf demons were excellent trackers, and Ginta and Hakkaku. ‘How am I gonna deal with them. It’s not easy hypnotizing two people at once.’ he thinks.

He was a tad distracted, the tips of lamia tails were quite sensitive, so having his tail buried inside the tight ass of the wolf. He wiggled his tail inside him and Kouga moaned. The wolf demon was safely wrapped in his coils, his cock and balls peeking through a gap. His pre running over his scales. A squeeze to his chest told him his nips were hard, a shift brushed against them and had Kouga’s toes curling and tail wagging. His ass had swallowed much of his tail, stretching wide, and squeezing every inch he took. The rim throbbed as it was stretched wider. His tail wiggled inside, tickling his sweet spot.

Kouga moaned in delight, he had such a happy look on his face. He was so ready for his master’s dick. ‘A distraction...’ he smirked. “Kouga, would you be willing to put on a show?”

“Yes master!” he says excitedly. Hojo slinks over to him and pets his head. “Good boy, I know you’ll do a wonderful job.” He whispered his plan, and began to set his plan in motion.

-X-

Ginta and Hakkaku were following Kouga’s scent on the winds to keep up with him. “Oh man, he moved fast where is he?” The two kept searching for him. “Did he get in some kind of fight?” they found the wrecked area where Hojo and Kouga had their brawl. With no body they continued searching. “It must have been a random demon.” They believed Kouga was strong enough to walk away from this, and followed his scent further.

“Hey look!” Ginta rushed over and found Kouga’s armor. “Did he go for a bath?” Hakkaku asked aloud as he found Kouga’s furs.

“Well there’s natural hot springs around here.” They collected his clothing. The two figured they’d find their boss relaxing his dogs in the hot spring. They sniffed the air looking for their boss. “He’s gotta be this way...wow!”

“Ginta what...oh wow!” the two froze. They found Kouga alright, and he was naked but he wasn’t soaking in a hot

spring. Kouga was squatting buck naked in the field, he was moving in an erotic way.

Kouga was pinching his perky nipples, toying with them as he rode the air. His cock bounced and twirled in his motions. "Ohhh yes ohh yes oh oh oh yes yes yes!" He did some pelvic thrusts, making his dick dance. His tail was wagging, like an excited pup.

They could see his manhole, the entrance was gaping, twitching to be filled. "Oh ohh!" Kouga moaned with want.

Ginta and Hakkaku froze in shock, watching the erotic dance. They had seen their leader's cock soft before, guarding him at hot springs, but they'd never seen the massive piece of wolf meat in all its hard glory. Now they were watching that hard cock bounce, bob and twirl, his nuts swaying to and fro along with it.

The way he moved it almost looked like he was getting fucked by something. The duo gulped, feeling their cocks harden and tent their pelts. Ginta's hard 8 incher pulsed, while Hakkaku's 9 incher throbbed.

Wolves could be notorious size queens, the big dog tops, the biggest male held the highest respect. Every wolf

demon leader was gloriously hung, and could have the pick of the pack, males or females. They would be lying if they didn't say they didn't want their leader, and would gladly please him if he wanted them to.

Their eyes were glued to the twirling cock, till Kouga arched his back and moaned. His cock was positively glistening with pre. They licked their lips, the two crept closer.

“Do you think he wants us to help him out?” he looks to Hakkaku. “I mean maybe, his cock is so hard and glistening.” Ginta nods. “He’s acting kinda weird.” Hakkaku nods.

“Maybe he ate some weird mushroom?” They were close enough, that a stray breeze took Kouga’s musk and the smell of his arousal to them. The duo moaned in delight, the desire to fuck growing in them. They could feel their manhoods throbbing. “Maybe he got hexed by a demon?”

“Either way as his right hand men, we should help take care of him.” They share a nod and approach their naked dancing leader. Kouga continued to toy with his nipples even as the two knelt down before him.

The manly musk washed over them and the two moaned in delight. They closed their eyes in bliss as they inched even closer. They were so overwhelmed by Kouga's show and scent, they didn't notice the snake demon slither forward.

Suddenly the musk changed as Kouga was lifted up, a larger cock slipping between his legs. The smell of a new cock made the two wolf demon's gasp. Eyes gazing upon the massive length. "Double wow!" Their gaze roamed over each inch, their dicks pulsing. It dwarfed their leader's cock which made their holes twitch in want. Their tails wagged and their pupils became like little hearts.

Once they saw past the cock head, they were met with two golden eyes. Both their minds were swimming with lust, so they fell into Hojo's trance. "Master!" they moaned.

"Hello boys," Hojo grinned. Kouga turned his head and licked his master's cheek. "Did I do good?" He was pet, Kouga shuddered. "Very good!"

Their instinctual brain already accepted Hojo as their master, he had the bigger cock. The hypnosis slipped in and filled in the blanks. "Alright boys, it's been a long

day for you, bet you'd like to ditch the armor and be free."

He pet them both, using his tail to continue to pet Kouga. "Yes master!" they say, and began to strip. "Repeat after me, freedom is nudity."

"Freedom is nudity." they say in unison.

"Nudity is pleasure." Hojo says, Kouga watches in joy as his men fall under his master's control.

"Nudity is pleasure." they say. They remove their upper armor, their nipples hardened exposed to the open air. They shudder and moan.

"Pleasure is obedience."

"Pleasure is obedience." They say, cocks pulsing in delight.

"Obedience is freedom." he says, each wolf demon was reflected in one of his eyes.

"Obedience is freedom!" they repeat the chants over and over in an endless loop as they strip off everything. Once the last article falls the duo cums, dicks spasming as they blow their loads.

“Alright boys ten hut!” Kouga, Ginta, and Hakkaku scramble crawling forward, Ginta on his left, Hakkaku on the right. Naked plump wolf booty was offered to him, their tails wagging. Their hard cocks pulsed between their legs. “How do you feel boys?”

“So hot master!” Kouga moans.

“So good master!” Ginta moans.

“So excited master!” Hakkaku moans.

Hojo chuckles. “Good, good, well now I think it’s time I claim my good boy Kouga.”

“Thank you master!” Kouga hiked his ass up higher, his manhole twitching. Hojo slapped his cock across Kouga’s ass crack, making the horny wolf demon moan. He hot dogged him for a moment, just to tease him, loving how the wolf bucked back.

“You’ve earned it my pet.” Hojo lines his cock up with Kouga’s pulsing ass hole. With one thrust he buries his entire 16 inch dick inside. Kouga howled in pleasure, he came hard, balls lurching as his pent up seed erupts all at once. Kouga’s tongue hung out of his mouth, panting as a steady stream of cum hit the ground.

His orgasm lasted for several minutes. Hojo basked in the pleasure, letting Kouga ride out his orgasm, inner walls hugging the snake demon's dick. He didn't leave Kouga's men hanging either, thrusting two fingers into their tight holes. "Ohhhh!" the two moaned, cocks twitching in delight. He began to move, pulling out till only the tip remained, Kouga whined at the loss. He was so full a moment ago now the large cock left a void. "Ahh master!" His tail thrashed.

Hojo didn't leave him empty for long, just long enough to pull his fingers out of his men, and thrust them back in. His hips thrust forward, pelvis smacking Kouga's tan ass. The wolf demon grunted and moaned in pleasure. He was full again and all was right with the world. "Master's cock so big!" he moaned in delight.

"You love my big cock don't you!" he asks thrusting into him again and again. Kouga the former leader of the wolf demon tribe was reduced to a panting lust filled mess. His heavy cock slapped his abs with every thrust.

Ginta and Hakkaku drooled, rocking with the thrusts of his fingers. He fingered them in time with his thrusts, twisting his digits making the two wolf demons gasp and moan. They bucked back onto his fingers.

Two fingers became three and he really began to turn up their insides. Hojo's dick bulged Kouga's belly. 'Ohh I felt that!' loving every second of it.

Kouga came again, and his boys came just a few seconds after. Their seed pelted the ground, for Ginta and Hakkaku he rubbed their prostates, milking them of their seed. The prostate massage, combined with their demon stamina, had the two nice and hard. Then the finger fucking continued.

Hojo showed how much of a top dog he was, as his stamina overwhelmed Kouga. No matter how tight Kouga got Hojo kept pounding into his tight ass. The friction made Kouga's mouth water. Pre spilled into his tight channel soaking his insides. He shivered in delight.

It wasn't until Kouga's fourth orgasm did Hojo feel that all to familiar sign of release. "I'm gonna cum inside you, breed you up good!" Kouga shuddered.

"Yes please breed me!" Kouga hiked his ass up higher, baring his neck. Hojo smirked, and sped up his thrusts, making sure to drill Kouga's sweet spot. "Ahhhh~"

Hojo felt his release hit and he buried his length into Kouga's hungry ass and came. His dick swells as his

heavy surplus of cum flooded the wolf demon's ass. Kouga's fifth orgasm hits as his seed fills him.

His stomach ballooned, the rock hard abs melting as his stomach filled with thick hot cum. It was official, Kouga didn't care if he ever topped again, he would serve his master till the very end. "Yeah, you like being filled with cum!?"

"Ohh yes~!" he moaned. Hojo bit into Kouga's exposed neck, marking him and slipping him some venom. The special venom would keep Kouga hot happy and high. He had a steady stream of cum leaking out of his permanently erect dick.

Hojo stayed inside Kouga till all his seed was pumped in. As his orgasm died down, he pulled back, filling the void he left with cum. Once the still hard cock left his hole, the last of his cum erupting like spurts that splashed Kouga's ass and back.

Each spurt made the wolf demon shudder. Ginta and Hakkaku were exhausted after their fourth orgasm. "Okay boys, our little Kouga here is a mess, do clean him up for me won't you."

“Yes master!” they crawled on their hands and knees, unable to stand. They start licking Kouga’s back cleaning off their new master’s cum. Getting the double dose of pleasure of tasting their master’s seed and obeying him.

They moved back licking Kouga’s plump ass cheeks, literally kissing his ass. They spread his cheeks and gaze in wonder at his gaping cum filled hole. The seed was running down his crack and taint.

His right hand men got to work cleaning him up. Lapping up the seed as it leaked out of Kouga’s hole.

“Mmmhhmm,” Kouga moaned, hole spasming with every lick. The two kissed his hole, lapping at his hole like hungry dogs.

Hojo smirked, giving his dick slow strokes, watching the show. ‘Who shall I take next?’ he thinks as he spies Ginta and Hakkaku’s twitching holes.

To be continued

Chap 4 The Pack

Ginta and Hakkaku had finished cleaning their former leader's ass, his stomach was still swollen, but his channel clean. Leaving his plump ass they made out, sharing the flavor with each other, their hard cocks rubbing together. The kiss only breaking apart for air. "Boys, who wants to ride my cock first?" he wagged his hefty length.

"Me!" the two shout in unison, thus the scramble began. The two fought each other trying to get to the massive snake demon cock. They started growling at each other, wrestling wildly. They had already gotten a taste of Hojo's cum from their Kouga's ass, now their holes needed to be filled. Hojo caught glimpses of their manholes spasming, opening slightly, giving a little wink.

Kouga and Hojo watched the two go at it. This was a common practice for wolf demons, you fight for what you want. It was Ginta who won out, pinning Hakkaku to the ground, hotdogging his ass in warning. His pre gushed and ran over his back. Hakkaku bared his neck in

submission, it was Ginta's win. He playfully smacked Hakkaku's ass before bounding over to Hojo's cock.

Marveling at the massive length, he turned around and rubbed his ass against the heavy cock. "Full, I want to be full!" the cock was hot and heavy, settling perfectly between his cheeks. His entrance twitched in want, pre running down, dipping into his hole. The essence bubbled as it sank deeper and deeper into his hungry channel. "Mmm!" he continued to rub himself against Hojo's massive shaft.

"You want it, take it." Ginta shivered, he climbed up the massive shaft and sat on it, the head poking his entrance. The wolf demon, shivered in anticipation, just for a moment before he sank down.

"Ohhh!" his tail wagged, the tip breaching his entrance. Inch after glorious inch was stuffed inside. Hakkaku watched, need and want in every fiber of his being, as each inch slipped inside his friend's ass. He reached back playing with his own ass in need, his other hand pumping his own weeping erection. Ginta's cock was twitching like crazy, each new inch made him moan louder, body shaking. "So good, so good!" he moans, a trickle of drool running down his chin. "So full!"

“Uh huh, you are doing good, you are about half way.”
Ginta froze, his hole spasming.

‘Only half?’ he looks down, and sure enough there were several inches left of cock to stuff him with. He lost it, his balls got hot and his cock swelled, and he came! Thick ropes of cum splattered his face, neck, and chest, the rest drenching his crotch. In his orgasm he lost his footing and he slammed down onto Hojo’s cock. “Ahhh!” His belly bulged, and he had another orgasm. His seed painted his front, covering his face, neck, chest, and abs; some even landed on his tongue.

The double orgasm had Ginta in a daze. Hakkaku was wide eyed. ‘Oh wow!’ he gulped. Ginta’s cock deflated to a semi hard state. His body couldn’t stop shaking, his hole spasmed around the massive flesh inside him. The wolf demon’s tail couldn’t stop wagging, pleasure spasms racing through his body.

Hakkaku whined, he wanted to be full to. Hojo heard him and acted accordingly, his tail coiled around the wolf demon. He gasped as the tip of his tail poked his hole, his fingers retreated. The tip tickled his entrance, flicking the pucker and swirling around it. “Mmm!” Hakkaku wanted it, wanted it bad, his hole was begging to be stuffed.

Hojo gave it to him, his tail pushed in and the wolf demon moaned. “Ahhh!” his eyes rolled up. His ass stretched wider and wider, his scales rubbed against his soft insides. Hakkaku couldn’t even touch himself, Hojo’s coils keeping his arms locked. His tail brushed his nipples and his balls, his cock left untouched, poking through the gap. His dick didn’t need to be touched, he was cumming from good old anal stimulus. One tail wiggle sent the wolf demon over the edge. His seed splattered his tail, and more tail stuffed his body, his belly bulging and stretching. Much like his partner he was cumming again. Hojo smirked and began to wiggle and fucking the two wolf demons.

The two howled in pleasure, cocks rising back to full mast as their prostates were abused. The sensitive bundle of nerves sent wave after wave of pleasure through their bodies, their toes curled and their faces looked positively lust drunk. His body rolled and rocked them. Ginta snapped out of his daze and started riding Hojo, bouncing up and down, riding the wave. Poor Hakkaku however was safely coiled, so all he could do was take it.

It was a double dose of pleasure for Hojo as his the tip of his tail became an erogenous zone when aroused, so

Hakkaku's clenching hot inner walls felt very nice. His pre spilled into Ginta, soaking his inner walls completely. It made his insides hotter, his cock was certainly happy, bouncing and bobbing, weeping pre like a waterfall. His heavy balls bounced as he rode the lamia looking demon. "Ah ah ah ah ah ah ah so good!"

Hakkaku was whimpering, his cock trapped between the coils, keeping him on edge. He had front row seat watching his friend get fucked silly. Watching his hole get wet and sloppy, his crotch bouncing like an excited pup. Meanwhile his own sweet spot was being tormented, constantly...insesintly! There were a few times he felt his vision blur, only Ginta and Hojo's cock remained focused.

Surprisingly it was Kouga who was the most jealous, his men were being pleased and his cock hardened in want. He watched his master slither and fuck his men senseless, he panted, licking his lips at the overflowing pre. 'I want to be played with to.' he didn't dare touch his cock, one hand was braced on the ground, the other played with one of his perky buds.

"Kouga," the wolf demon turned his head, Hojo was smirking at him. "Come here pet." he bounded over, cock

bouncing, tail wagging. He pulled the tan male to him, Kouga sat on his chest, and got swallowed, every inch of his cock in one go.

“Master!” he moans. Hojo reaches around, fingering his needy hole. Kouga shuddered, Hojo his master was sucking his cock, non stop, not needing to pull back for air. ‘He’s gonna love this!’ His jaw opened and he swallowed Kouga’s balls, his cock sliding down his throat. “Oh my AaaaaahhhhhhHHHHhhhh!” his words turned into a howl, Ginta and Hakkaku followed suit with a howl of their own.

Hojo bounced his balls on his tongue, his throat constricting around his penis. Kouga was in absolute heaven, he panted like a bitch in heat. His body shuddered, his hole tightening around his Hojo’s thrusting fingers. The snake like man’s fingers twisted and curled driving him wild. “Master, master, master, master!” His master was rewarding him, offering his mouth for his pleasure,

Ginta was the first to cum, crying out his pleasure as he came. Kouga followed suit, cumming down his master’s throat. Hakkaku whined, his balls itching to cum. Hojo finally came, his seed pumping into Ginta’s tight ass, the

inner walls squeezing his dick with all their might. Hojo's cum pumped and pumped, making Ginta shiver, he couldn't help himself he came again.

His mind was mush, his hands came down and rubbed his swollen belly. "Yes breed me, I want your pups!" his belly continued to grow with his master's thick semen. He felt free, both he and Kouga had been bonded by their master's seed. They were cum brothers! To no one's surprise Hojo was still hard, he uncoiled around Hakkaku.

Kouga helped Ginta off Hojo's hard cock, laying him out with his ass in the air. Kouga said a prayer and quickly kissed his friend's hole, lapping at their master's cum inside him. He groped Ginta's plump ass, fondling his cheeks making the semen flow into his hungry mouth.

Hakkaku climbed up Hojo's still hard dick. He was too horny to go easy, he slammed himself down onto Hojo's mighty rod. "Master!" he howled as he came. His pent up seed erupted all at once, a steady stream of cum firing out of his pulsing cock. His stomach bulged from his master's dick, the sudden stuffing making him see stars.

His tail didn't stay inactive, Kouga's ass was looking lonely. He thrust his tail into Kouga's channel, his moans muffled into Ginta's butt. Hojo put Hakkaku doggy style

position, he started moving fucking him wildly. His pelvis smacked Hakkaku's plump buns, making his cheeks ripple with every thrust. The mohawk head, clawed at the dirt, cumming again onto the ground.

Hakkaku had taken dick before, but no cock like this, the pre pouring inside him was so warm, and made his insides tingly. Which only amplified the friction of Hojo's thrusting cock, back and forth, back and forth, coming or going Hakkaku was excited. "So full, so good master!" His cock bounced and bobbed with every thrust, slapping his toned stomach.

The wolf demons came together, spilling their seed upon the earth, howling into the sky. Hojo groaned and found his release, pumping Hakkaku full of cum. His belly swelled, snake demon cum being quite potent. "I'm getting bred, thank you master!"

"You did very well." he caressed his tail, making the wolf demon shiver. "You still hungry Kouga?" he asked, pulling his tail out of his pet. Kouga licked his lips.

"Very much so master." Hojo smirked and pulled out of Hakkaku, the wolf demon whined at the loss, but soon Kouga was on him, kissing his wrecked hole lapping at

his entrance. “Good boy!” Hojo pet him, he thrust his tail into Ginta.

‘The sharing of cum bonds men together, wolf demons even more so.’ he smirks. Once the boys had another orgasm, it was time to cuddle.

“It’s nice having the pack together like this.” Kouga purrs. In their mind, this was their pack, and Hojo was their leader.

“Well our pack is still missing one.” the trio share a confused look, but he was coming.

-x-

The Bone Eater’s Well glowed...

A naked silver haired demon rose from it, he was naked, ass stuffed with a thick toy, cock hard and weeping. He climbed out without an inch of shyness. He sniffed the air and smiled. “Master!” he bounded off to find him, wind dancing across his naked form. He looked almost older more mature, not an ounce of shame or fear inside him. He knew what he wanted, he knew where he was supposed to be.

Chapter 5 Dogs and Peeping Monks

Inuyasha had been training his ass for so long, three days, three very long days, the toy couldn't compare to the real thing, no matter how much he dropped it like it was hot, no matter how much it buzzed and vibrated. The memory of his master's cock between his lips made his ass ache, leaving a deep itch inside him that he knew only one thing could scratch. His hole was shaking, spasming as it squeezed the toy. He moaned and groaned, drooling as his mind was a fog of pleasure. His master's orders kept his focus, even when he was tired he kept moving. Once his orgasm reached its peak he grabbed his dick and pumped himself hard and fast, shaking his nuts as came. His orgasms shook him to the core, his big balls blowing their load all across the floor, he kept pumping his cock through the release milking a few extra spurts. Thick ropes of white cum pelted the ground, his master's orders kicking in as soon as the last drop was spilled. he dropped to the ground and began licking his cum off the floor. The taste of semen burned into his mind, making his taste

buds tingle, drinking half-demon cum intensified his arousal, and fueled his lust and sex drive.

He went after his semen like a hungry doggy, shaking his ass in the air like his tail was wagging, his tongue working deep and scooping up every drop. Once everything was licked up he went back to riding his toy and playing with his body. Groping his pecs, fondling his ass, squeezing his balls, his body was a treat to explore.

With his demon blood, he was able to keep moving, stay hard the lack of blood flow to his brain probably wasn't the best but he didn't need his intelligence to obey. Even when he lost consciousness his body kept at it, working the vibrator and pumping his cock in tandem. He was dreaming of his master's cock the whole time. As soon as he woke up he got back into his prime riding position. He made his penis bounce and bounce slapping his abs as he rode the toy. "Ah ah ah ah master!" He imagined it was his master's cock, it wasn't as big, but it excited him.

He toyed with his nipples, he pinched and tugged on his buds, training his nipples and turning them into well-honed erogenous zones. His nice nipples had grown bigger and more sensitive. He found he could even make

himself cum from nipple play alone. He was drunk on the smell of his own manly musk, the room smelled of sweat, cum, and lust. If there was one thing missing from it all, he wanted his master!

After three days he was ready, he showered and cleaned up for his master. He left to pass through the well and returned to his era. A quick whiff and he caught the scent of his master, his cock oozed, weeping pre-cum like crazy. He jumped into the air, his butt cheeks clenching around the vibrating toy. His movements caused the rod to dig at his insides, he jumped and ran, his cock wagging at he moved at a crazy speed. Nothing could stop him from getting to his master.

Miroku was looking for someone from his party, and he was quite shocked when a naked hanyo dashed passed him. “Inuyasha?!” he gasped, but the dog demon didn’t stop. Miroku gave chase but he was falling behind. ‘What on earth is going on?’ Not only did Inuyasha come back without Kagome but what was he doing naked.

-X-

Inuyasha found his master basking in human form, Hojo had his hands behind his head getting his pits licked by

Kouga's men. Kouga was sucking his dick while jerking his men off, the wolf was doing a bang-up job, slobbering all over his cock getting it nice and wet. Inuyasha growled, feeling a bubble of jealousy, his master's cock was bulging the wolf's throat. "Inuyasha..." his master spoke and the jealousy bubble popped. "Glad you could make it my puppy."

"I'm home master!" he moaned.

Hojo eyed him, his muscles looked delectable, his ass and pecs had been groped for days and had developed nicely. His penis had developed a darker shade from well use, his nipples were swollen and looked like they needed to be played with. Inuyasha's skin was flushed and had a lustful glow about it. His hole was stuffed and his body was trembling from the vibrations. He had this hungry look in his eyes, he wanted, needed to be fucked. "Have you been good, puppy?"

"So good master!"

"Your fellow pets have been entertaining me, I trust you'll get along."

"Yes, master!" Inuyasha said.

“Yes master,” The wolf demons said, pulling away from their respective tasks.

“Good boys!” he snapped his fingers. “Ginta, Hakkaku play with Kouga while I deal with my puppy.” The two saluted.

“Yes sir!” Inuyasha watched as the former wolf leader was dragged away from Hojo, and put on his hands and knees. Hakkaku spread his cheeks and quickly stuffed his former leader’s hole.

“Ohh Grk!” Kouga moaned only for his mouth to get stuffed by Ginta’s penis. The wolf boy began sucking on his dick. Ginta and Hakkau began pounding Kouga, spit-roasting the man, leaning over him to make out. Inuyasha couldn’t believe what he was seeing, and he was turned on by it.

“Like what you see Puppy?” Hojo stood up.

“No...Yes...” Hojo chuckled.

“You’ll get to play with them too, once I claim your ass. You’ll be completely mine, you want that don’t you puppy?”

“Yes master, I want it so bad!”

“Show me puppy!” Inuyasha moved into position burying his face in the ground and sticking his ass high in the air.

“Please master, I listened and obeyed, please claim your good puppy!” he shook his ass.

“With pleasure puppy.” Hojo removed the vibe without turning it off. Inuyasha gasped and soon whined at the loss. His hole was gaping and throbbing, begging to be filled. “Oh my, you did beautifully puppy!” He traced his rim with his finger. Inuyasha moaned at the praise. Hojo playfully slapped his ass with his cock making Inuyasha pant with excitement.

His master’s cock, even in human form it was big. The fat head traced his hole and Inuyasha chewed on his bottom lip in excitement. Hojo pushed forward sliding into Inuyasha’s well-trained ass, moaning as the inner walls hugged his cock extra tight. Inuyasha clawed at the ground as his master’s cock breached him deeper than the toy could reach, his pre-cum paving the way for deeper exploration. “Master, master, master, master!” Inuyasha moaned his mantra eyes rolling up as the itch he desperately needed to be scratched was finally reached.

Once Hojo was fully seated inside Inuyasha, the hanyo came pelting the dirt with his cum. “Well done puppy, you trained your ass well.” The praise had Inuyasha shaking going through a mini orgasm. His ass squeezed Hojo’s penis, making the snake demon in human form groan. “Ohh yes such a fine ass!” Hojo playfully slapped his ass, earning a moan and making his hole tighten.

Hojo began to move, pounding Inuyasha and making his plump ass jiggle. “Were you jealous of seeing Kouga sucking my dick?” He knew from Kagome’s memories that Inuyasha and Kouga didn’t have the best relationship.

“Yes master!” he moaned as Hojo’s manhood brushed his sweet spot as it filled him again and again.

“There is no need for jealousy my pet, you belong to me, he belongs to me, they belong to me. You. Are. Mine!”

Hojo grabbed Inuyasha’s long hair and gave it a small yank and Inuyasha howled as he came again.

“Yes yours!” he drooled as what made him a man hit the ground.

“Who do you belong to?”

“You master!” he moaned and bucked back meeting his master’s thrusts.

“Who’s a good puppy?”

“I am!” he smiled.

“Yes you are, my puppy!” his words were accompanied by long and strong thrusts, letting the friction sink in and drive Inuyasha wild. Inuyasha’s cock bounced and slapped his abs, the steady clap clap of skin striking skin was music to the dog boy’s ears.

This was the scene Miroku stumbled upon, Kouga getting spit-roasted by his men, who were making out over him. Inuyasha was getting fucked by a strange young man who looked like Akitoki Hojo. Judging from the semen under both bottom boys they were heavily enjoying their fucking. Miroku gulped and felt his penis stir in his fundoshi and tent his robes.

It was well known that Miroku was a pervert, but it wasn’t as well known that Miroku liked men as well. Yes, he spent his time chasing girls, but that was partly because he needed an heir in case he died from his curse. He appreciated the male figure, especially the ass. He loved a tight firm ass, and he always thought Inuyasha had a nice butt but didn’t touch it, knowing the hanyo would flip out. Seeing Inuyasha’s ass jiggle and shake as

it was stuffed by an incredibly large cock was a sight to behold.

He palmed himself as he watched the scenes unfold. Ginta and Hakkaku came into their leader and didn't rest, simply switching sides and fucking Kouga anew. Hojo continued fucking Inuyasha making the dog boy moan lustfully. Miroku had no idea the hanyo's big mouth could make such sexy noises, but having seen him naked before, he didn't know Inuyasha could look so sexy.

It wasn't long before Miroku undid his robes and released his nice piece of human dick. Taking his cock in hand he watched the show and pumping his manhood. 'He has such stamina!' Miroku gulped and licked his lips. As Hojo began to increase his pace on Inuyasha's ass, Miroku quickened the pace on his dick, smearing his pre-cum over his length. He watched as Inuyasha experienced anal orgasm after anal orgasm, his ass tightening on Hojo's impressive rod. He soon was working his penis so hard and fast his balls were jiggling.

Hojo's climax built up and he gripped Inuyasha's hips tight. "I'm gonna breed you up puppy!"

"Yes, master breed me!" Inuyasha moaned.

Miroku lost it, he came and showered the bushes with semen. ‘Who is this guy?’ he thought as he was shaken to his core from the words and orgasm.

Hojo came and flooded Inuyasha’s insides with his seed, marking him as his. There wouldn’t be a demon in existence that wouldn’t know. He ground his hips as he rode his orgasm. “Good puppy take my seed!”

Inuyasha drooled and his ears flicked in delight.

“Master...”

“I think it’s time you took my true form.” Hojo transformed, his cock growing larger and making Inuyasha’s stomach bulge.

“Oh, kami!” Inuyasha moaned. “I felt that!” Hojo began to move, pounding Inuyasha with his snake demon dick.

“Master yes master!”

Miroku took a bit to recover from his orgasm and missed the transformation. When he finally peeked back he saw Inuyasha in Hojo’s coils getting fucked hard and fast, Miroku’s eyes were locked on the snake demon’s cock bulging Inuyasha’s belly. His jaw dropped and his penis hardened. “Shit...” he shook his head. “Inuyasha!” he

called out, but as soon as he tried to move he met Hojo's golden eyes.

“Hello, monk!”

Miroku wasn't instantly hypnotized, his spiritual protection warding off some of his power. “You...a demon...a snake demon?!” he gasped.

“That's right, now sleep!” Miroku tried to resist, but while his spirit was strong, but his mind and body were weak. Hojo had known the monk was watching, he let the pervert satisfy his lust, and waited for the time to strike. Miroku struggled, but his eyes grew heavy, and he soon slumped to the ground falling into slumber. “Looks like we got a new pet boys, let's break him in!” His boys cheered and descended upon the sleeping monk.

To be continued...Breaking the Monk
