A few days later...

Phew... I finally managed to raise the money for this injection.

Well... I just don't like the way I did it, but I had no choice.

But a real man doesn't let a girl pay for him.

At the last minute.

In theory, I could have told Zero two to give me back the money she spent then.

Although
after this week I feel that
I have lost some of my
masculinity.

Are they
trying to make a girl
out of me?

In the end it would
be a complete disaster
for everyone.

First these exercises
with Zero Two and then
these lessons with Saki.

They're probably
worried lest anyone discover
that I'm a guy.

In the locker room...

What, a trip
to a spa?

Surprised

And did I get
one, too?

Yes, you see
besides this cafe my family
owns many other things,
including a spa.

And for some time we
have had such a tradition that
as a reward for hard work once a
month we give the girls from
this cafe a free pass for
one visit.

Yes, mom said
you deserved it.

Of course, there is a condition.

You will go there as a girl.

You can't.

Yes, but your aunt said she really likes the idea and you should go to this spa.

I'll be the one to give up, though.

Why, after all, this is supposed to be a reward and not a punishment.

sigh When is this trip?

Today,
more precisely
right away.

Mom said
that if someone finds
out you're a guy she'll
fire you.

Oh, and one
more thing.

So you better
be careful.

What!

And this is supposed to be a reward?

Shocked

What would the punishment look like in such a case?

Of course.

You don't want to know that.

Besides, if I were you, I would already be getting dressed, because the only thing my mom hates more than perverts is latecomers.

While driving...

Auntie, are you sure it's a good idea for me to go to this spa?

Yes, but what if someone there finds out I'm not a girl?

After all, naked no matter what I do I can't pretend I'm a girl.

Of course, after all, it's a reward for your hard work.

No worries, I've already discussed this with Mayumi.

Really?

Yes, and don't worry, you will be fully clothed at all times.

So there's no possibility of anyone noticing anything, unless it's your fault.

That's great but do I really have to go there, after all it's a big risk that someone will discover I'm a guy.

Hina-chan, a girl would never say no to a spa visit, especially a free one.

Really?

Immediately everyone would start suspecting that something is wrong.

Yes, that's why I want you to go there.

And no worries, Mayumi and I chose such a treatment that no one would notice anything.

And what exactly.

That's a surprise.

At the spa...

Sorry if I'm
disturbing you.

At the
reception I was told
to come here.

Why do I have
to do this?

I just hope it
won't take long, I don't
feel very confident
here.

Well, it's probably
just going to be some
massage or something,
what bad can happen?

Excuse me but who are you?

Oh yes, I already remember, auntie said you would come.

You got a free pass right?

Well in that case lie down comfortably and we'll start right away.

I'm Hina Suzuki.

Yes.

Either it's
my imagination
or it's a boy.

After all,
she works for Aunt
Mayumi and she hates
perverts.

Sigh Yes,
it's probably just my
imagination.

No it can't
be.

She would
never agree to some boy
dressed as a girl working
for her.

Wait, aren't you Erika?

Sure, your poster hangs in our club room, and I've also heard some of your songs.

Say would you mind if I asked you a few questions.

Hehe, yes that's me, do you know me?

Oh, I'm really happy to hear that.

Sorry, but I'm already late. Maybe next time.

Yes, it's definitely a girl.

Besides, she is also a bit too short for a boy.

After all, what boy would be interested in idols.

I also don't sense any magic from her so she's just an ordinary girl.

Sure, how could I miss something like that.

Oh that's right, I almost forgot.

Naomi, you will come to my concert, right?

OK, now go because you're really going to be late.

Thanks, you'll get your ticket in the back as usual.

If she recognizes me she will know that I am not a girl.

She will probably think then that I have become some kind of pervert who likes to walk around in women's clothes.

Besides, everyone will then discover my secret.

It would be a disaster, I can't let that happen.

Tell me, haven't we met before?

Because you look somehow familiar.

I don't think so, I've only been in town for a month.

So you're not from here, it's the same as me.

Er...
Can we start now, my aunt is waiting for me.

Sure.

stressed

Some time later,
in Mayumi-san's
office....

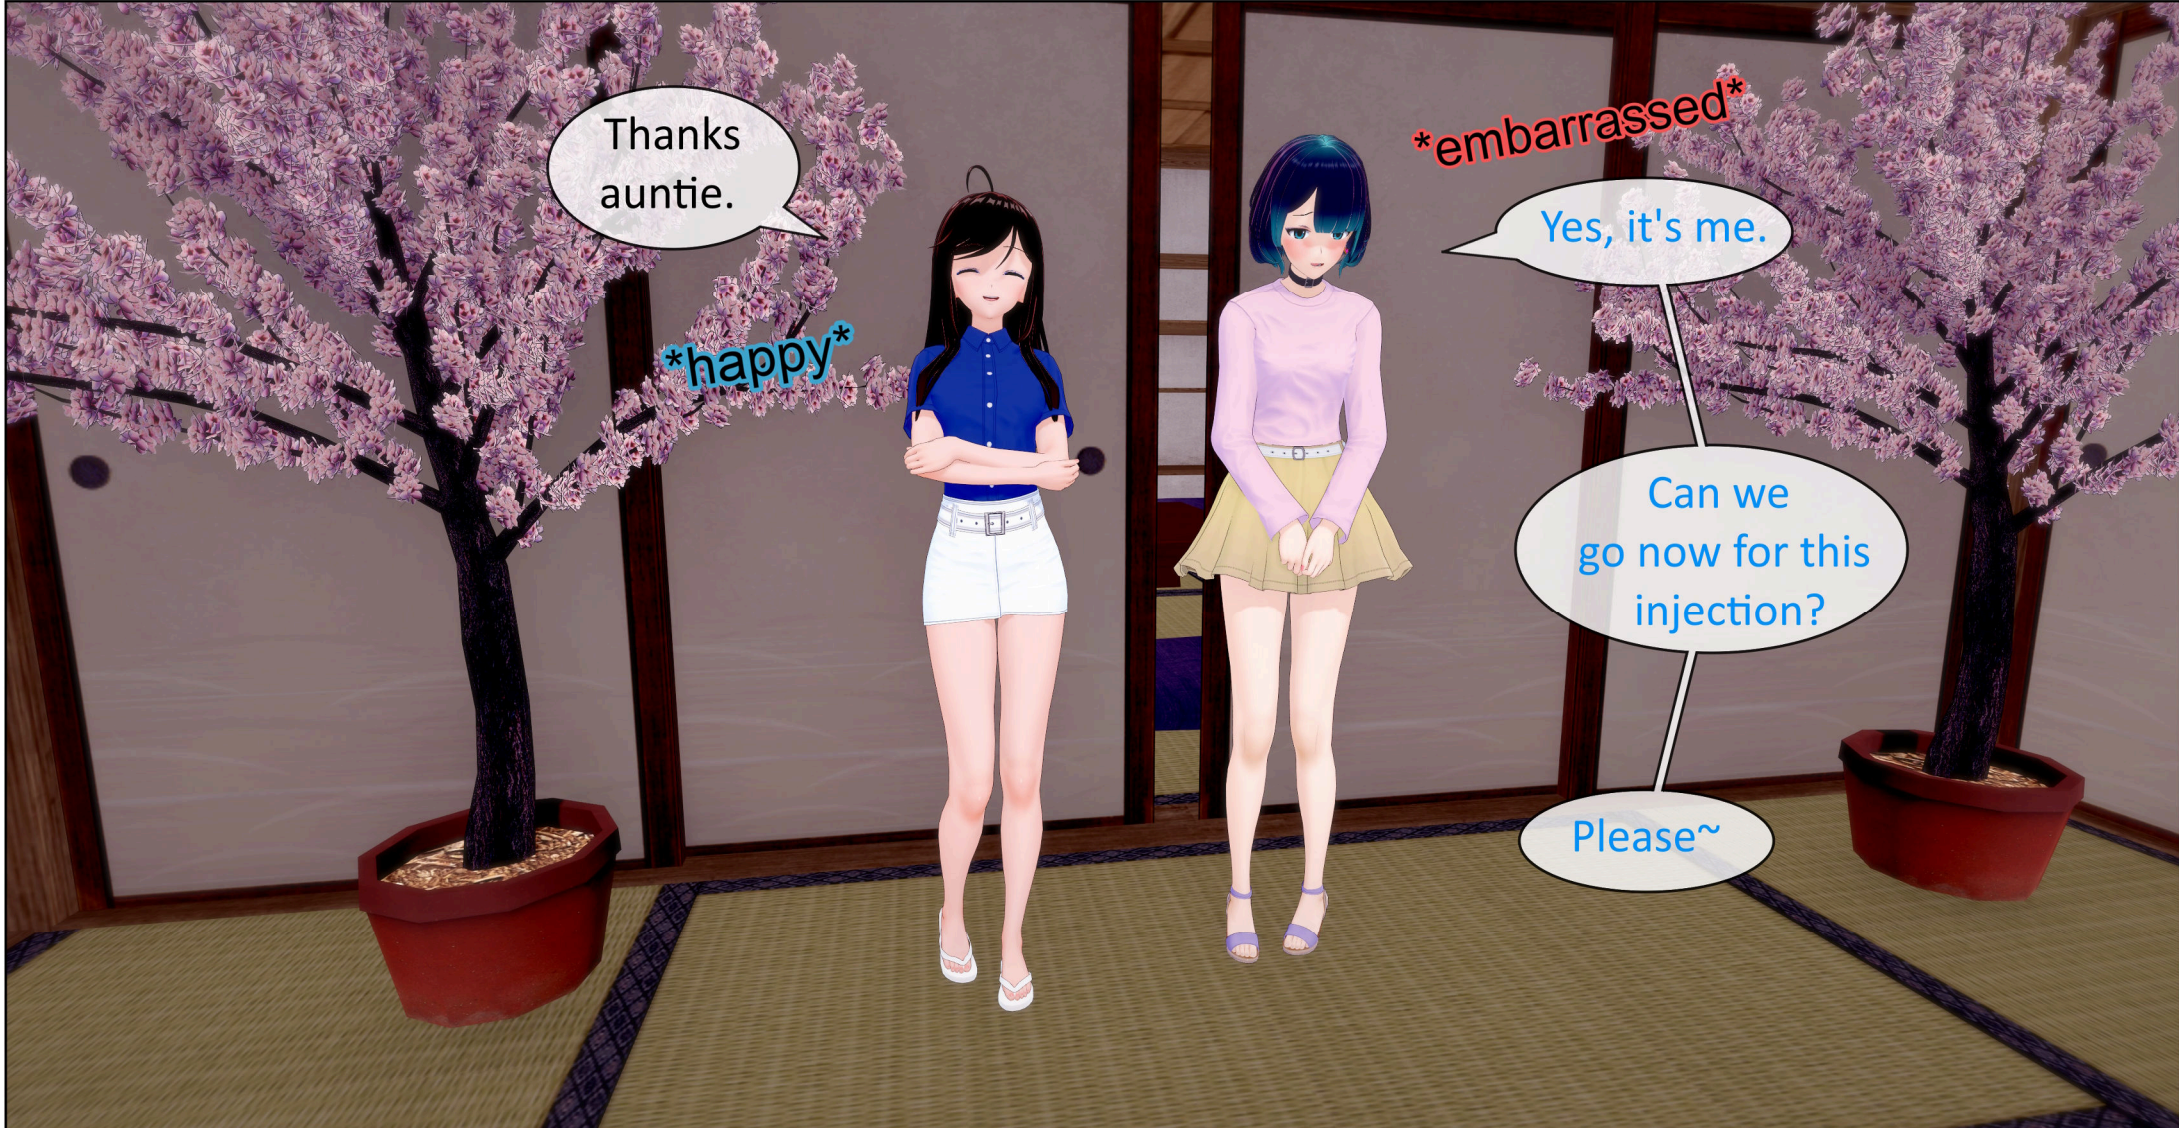

Hina-chan, is
it really you?

Shocked

You see Sora,
I said she would
do well.

Great job
Naomi.

Thanks
auntie.

happy

embarrassed

Yes, it's me.

Can we
go now for this
injection?

Please~

I almost forgot about him.

We'll go right away.

Sorry Mayumi, but we still have a doctor's appointment today.

I will definitely do it.

No problem, visit me again sometime.

I'm sure I saw her somewhere but where?

Maybe at school?

Phew... Thankfully it's over now.

All the time I was afraid that she was about to discover who I am.

Fortunately, that didn't happen.

I hope I never get a free pass again.

During the ride...

Yes, when we were kids she lived with her aunt for a while, but then she moved out.

I haven't seen her again since then.

Fortunately, no.

So you say you know Naomi from childhood.

But she didn't recognize you, did she?

That's good.

Yes, except she always had memory problems.

So it's no wonder she didn't recognize me.

I'm sure someone else would have recognized me without difficulty.

It also means that your disguise is already pretty good since even your friend didn't recognize you.

Hmm... I guess you're right, Hina-chan, we can't become careless because of one success.

WHAT!

Shocked

Why did I say anything?

I thought that was enough.

But I guess we still need to work on your disguise.

Eventually you really might meet someone you know who will recognize you.

I wasn't going to stop there at all. But now I have an even better reason to continue. hehe

At the doctor's...

Ah...

Plus it wouldn't be my fault so she wouldn't be able to punish me.

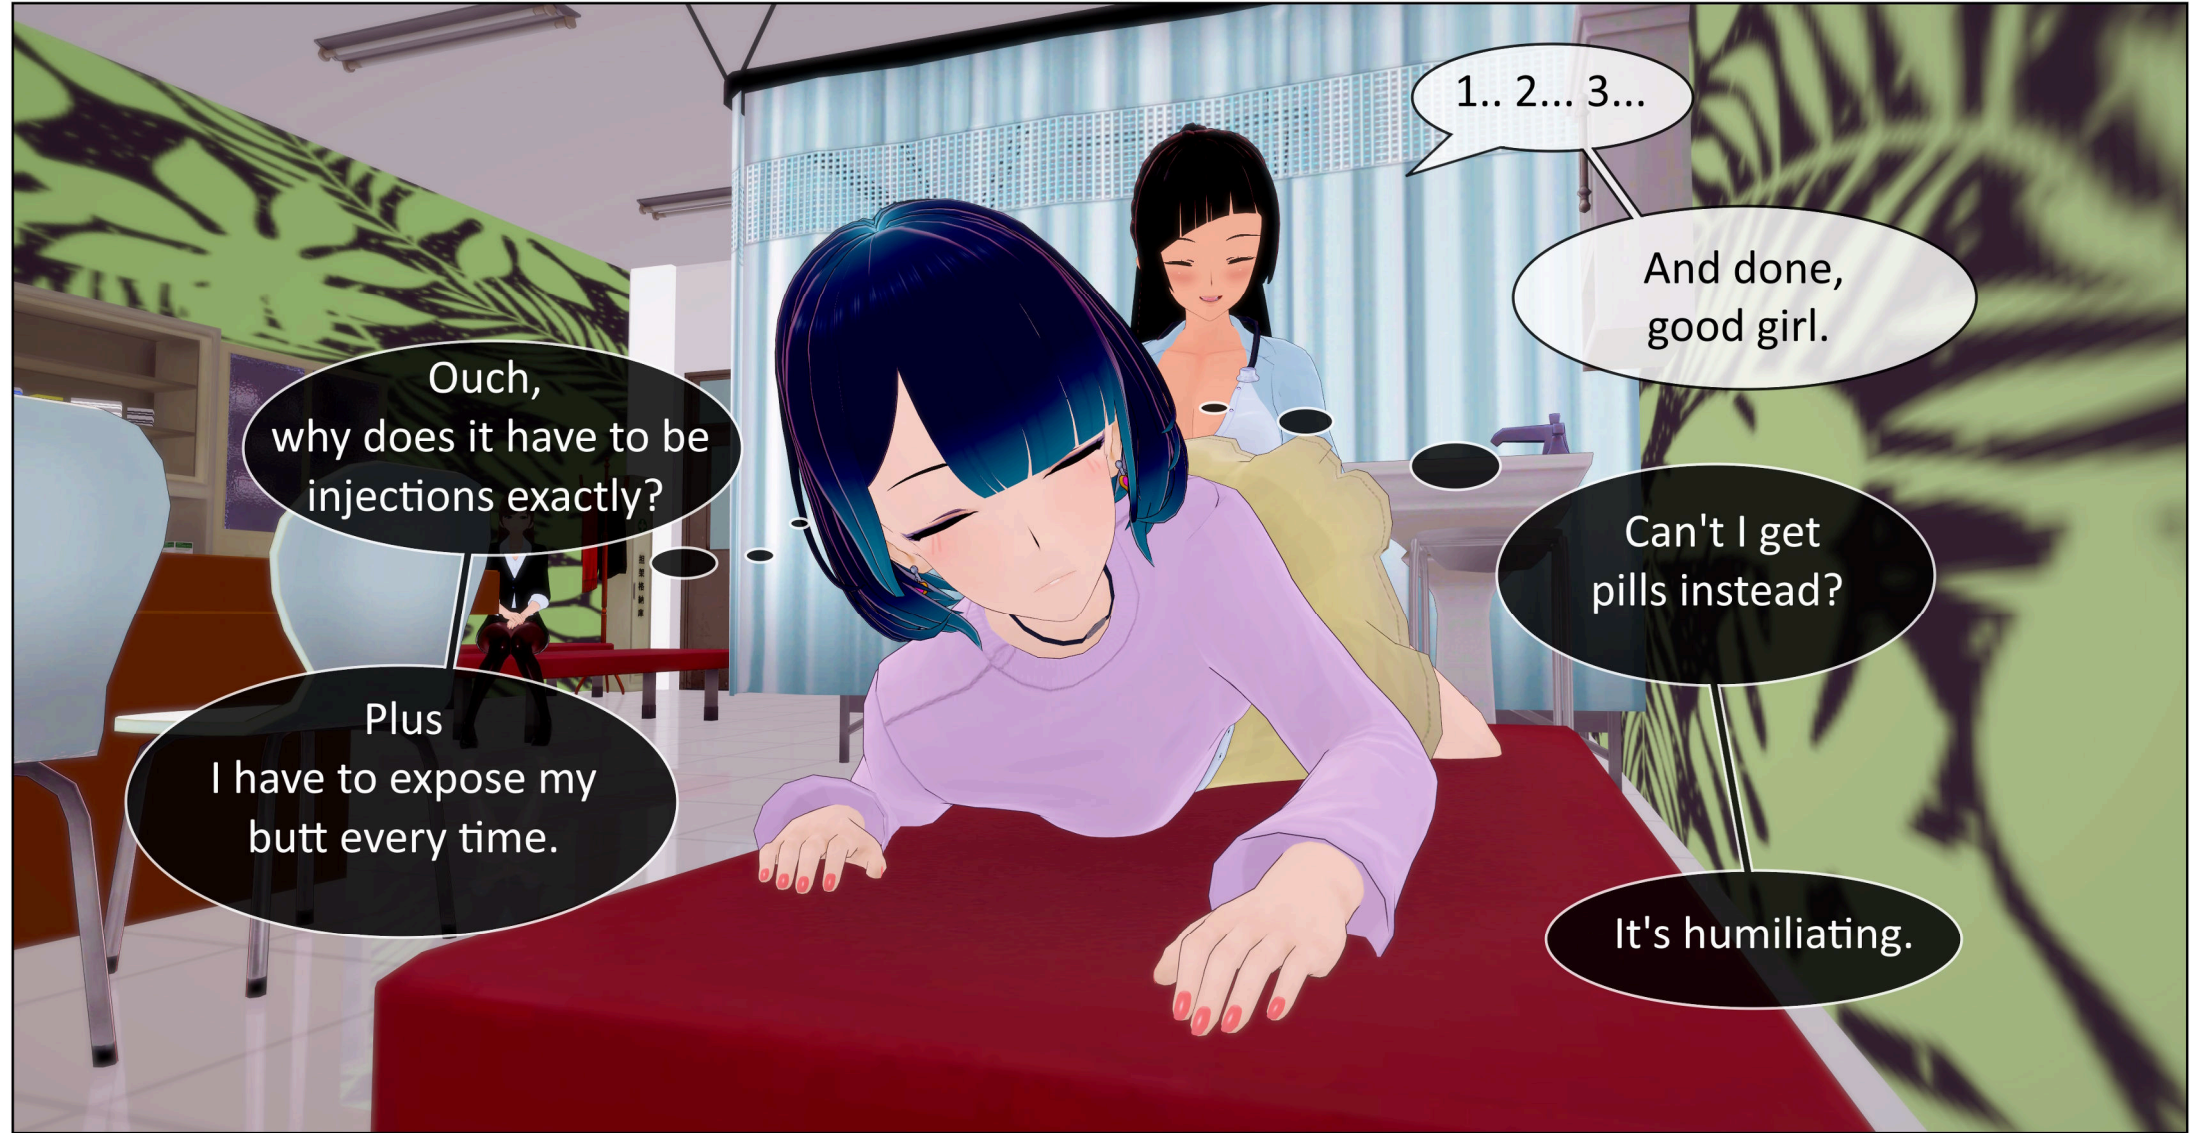

Wait, did Naomi do my nails too?

I hoped that when my aunt heard that my secret almost came out because someone who knows me lives in the neighborhood, she would stop forcing me to pretend I was a girl.

I didn't expect it would have the opposite effect.

Great, just what I needed.

1.. 2... 3...

And done,
good girl.

Ouch,
why does it have to be
injections exactly?

Can't I get
pills instead?

Plus
I have to expose my
butt every time.

It's humiliating.

What about that thing we talked about on the phone.

It was supposed to be a surprise for her.

Okay, that would be all for today.

I don't see any contraindications but as I said.

Hina-chan is an adult and she has to give her own consent to it.

I understand but this is the law.

What are you talking about?

Actually it was supposed to be a surprise but I think I can tell you now.

You see, I was planning to sign you up for an operation that would help you with your little problem.

It was supposed to be a reward for you for giving your best at work.

Yes, just see Hina-chan. A surgery is not a toy you can't give it to someone as a gift.

No, you're of legal age so it's up to you to make decisions for yourself.

Then there would be no problem.

Really?

So without my permission, my aunt can't sign me up for anything.

What if I agreed?

So how about it, Hina-chan. Do you agree?

Nothing serious and it would let you get rid of some problems.

Yes, I talked to Ms. Doctor about it earlier, but as you heard yourself, your consent is required.

But what is the surgery anyway?

Really?

Just a moment.

Aunt Sora doesn't want to say what the operation is.

But she said it would help me with some of my problems.

Besides, she talked to the doctor about it and she knows that I am really a guy.

Could it have something to do with my breast problem?

Everything points to that. After all, what else could it be.
