

CHAPTER XXXVII, THE LITTLE DOLL

Eleven more days had passed. Mona was researching Jim's problems. Meanwhile, Julia stayed with him.

Day 1152

This kind of belly  
is becoming heavier.

Patience, Mona will soon  
take it away from you.

And if it regrow?

She knows what she's doing!

In fact, Julia had no doubt  
that treating this curious  
disease was going to be  
difficult. But how to say it ?!

Day 1152

We can say that you, you were prettier when you were a monster!

We should see the final state?

I do not really want to.

Day 1152

At least this thing helps me to float.

Day 1152

I feel a little tired!

Or there! There will be a show!

Day 1152

Oh shit! You saw ! My thing is all red. I feel that it heats. And it looks like it's growing!

Effectively ! It's painful ?

No, well not physically.

I'm going to call Mona.

Day 1152

Yes Mona, it's Jim's belly.  
It blushed and seems to grow.

Yes, ok, I'm filming.

How are you feeling ?

My belly ... It looks like it will boil. It moves, it pushes inside.

Do you have pain?

Not really...

Well, there are a thing at the end of your belly?

Day 1152

That's it, Mona, I'm filming.

There is a kind of tentacle coming out of ...? From Jim's navel I guess.

It squirms on itself.

It's crazy !

Day 1152

The belly has still lengthened!

And the tentacle has lengthened too!

It moves, it stirs!

It's awesome a  
tentacle like that!

Day 1152

Julia could not help touching Jim's tentacle.

It's so hot! And I can feel that there are muscles inside. It reminds me of the tongue I had when I was a mermaid.

Hmmm...

Hmm... But what are you doing ! Stop !

Day 1152

Julia's manipulations triggered a new reaction in Jim's body.

Oooh !

And now, you're happy!

I must admit, yes!

Day 1152

No Julia don't touch. You do not want to get stuck on it like Mona.

Uhh. No.

Yet I would have liked to see the result!

Day 1152

There is still something going on in my belly.

Where?

In this kind of hole.

Day 1152

It comes out... It looks like a... tongue ?!

It's still crazy! The goddess really has an overflowing imagination!

Day 1152

Oh this thing has small breasts! It's so funny !

Yes, excuse me...  
But it's so crazy!

Julia !

Day 1152

It looks like it stopped going out. You cannot see it, but it has a small, small, mouth.

This thing moves by itself.

It does not make any sense !  
Mona must remove all these things!

Day 1152

Then suddenly the thing turned around and hugged the pole next to it.

With its small mouth, it nibbled the pulpit while with the top of its head it licked the red tip of the pole.

Day 1152

Oooooooooohhhh...

The thing continued to rouse on Jim, who obviously was no longer trying to fight.

Jim, are you OK ?

Mmmmmmm  
Aaaaaahhhh !

Looks like yes!

Day 1152

Jim, overwhelmed by intense pleasure, dropped to the ground before getting back on his knees to continue the exercise.

Go, little doll, make me cum!

Me too, I would like to become a monster again!

Day 1152

YES, YES, YES !!!!!

I missed my chance...  
Oh no I have an idea!
