

*Mrs Claus had grown suspicious of all the time Santa was spending at his "new workshop" lately. One night, she followed him to a cozy-looking cabin, and then waited for him to leave before she came in for a closer look...*

This is no workshop!  
What has Santas been up  
to in here?

What?!  
A naked woman... lube...  
condom wrappers!

Santa's been  
**CHEATING** on  
me with this  
**SLUT!**

BY OVIDIUS-NASO

Well... if this is  
the kind of body he  
lusts for...

...then maybe I  
should give myself  
an early Christmas  
present!

Hah! The harlot is  
too exhausted to even  
notice me.

That's it, you  
little **TART!** Just *lay*  
there and make this  
**easy** for me!

Mmh Santa?  
Thought... you left...

He ignored *me* for  
this floozy's younger  
flesh...

But now *I* have  
the body that Santa  
would *kill* for!

Pity he won't be  
getting it anymore,  
hahaha!

No, I think it's  
time I re-entered the  
market. My value just  
**skyrocketed!**
