

Y'know, I think I much prefer you as a lab partner to someone like Amanda.

All this "traditional beauty" she flaunts doesn't really do much for me...

It's, um, funny that you mention that... I've always adopted this persona so that Quina would notice me, but... she never really reciprocated anything...

And it's funny \*you\* should mention that...

MWAH!

W-whooh...wow...

I'll see you tomorrow, Helen~

Ye-yes! I-I will definitely see you tomorrow, Kana!!

Huh... that's weird. The tech isn't reacting to my inputs like usual... Must just need a day to recharge or something.

Haha!! Talk about wasted potential!

I have the entire network of the internet at my fingertips! Even moreso than before!

I could demand all the federal governments in the world bow to my whims lest I shut down the entire world wide web!

And Helen was using this power to cheat on tests!

Oh Helen, I see you're here early!

Kana! What's going on with your hands!?

Oh Helen! I-I have no idea! Suddenly I found this weird energy coursing from my fingertips!

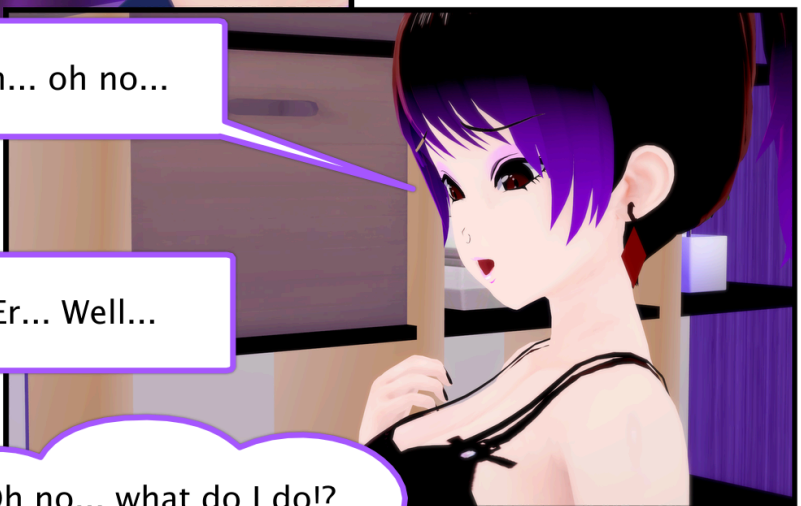

Oh... oh no...

What? You wouldn't happen to know what's going on would you?

Er... Well...

Helen... there's something you're not telling me, are you?

Oh no... what do I do!? I don't wanna ruin this potential relationship! We'd better go see someone about this!

Meanwhile...

Who could that be right now? We're just getting to the good stuff!

Kana? What are you doing he-

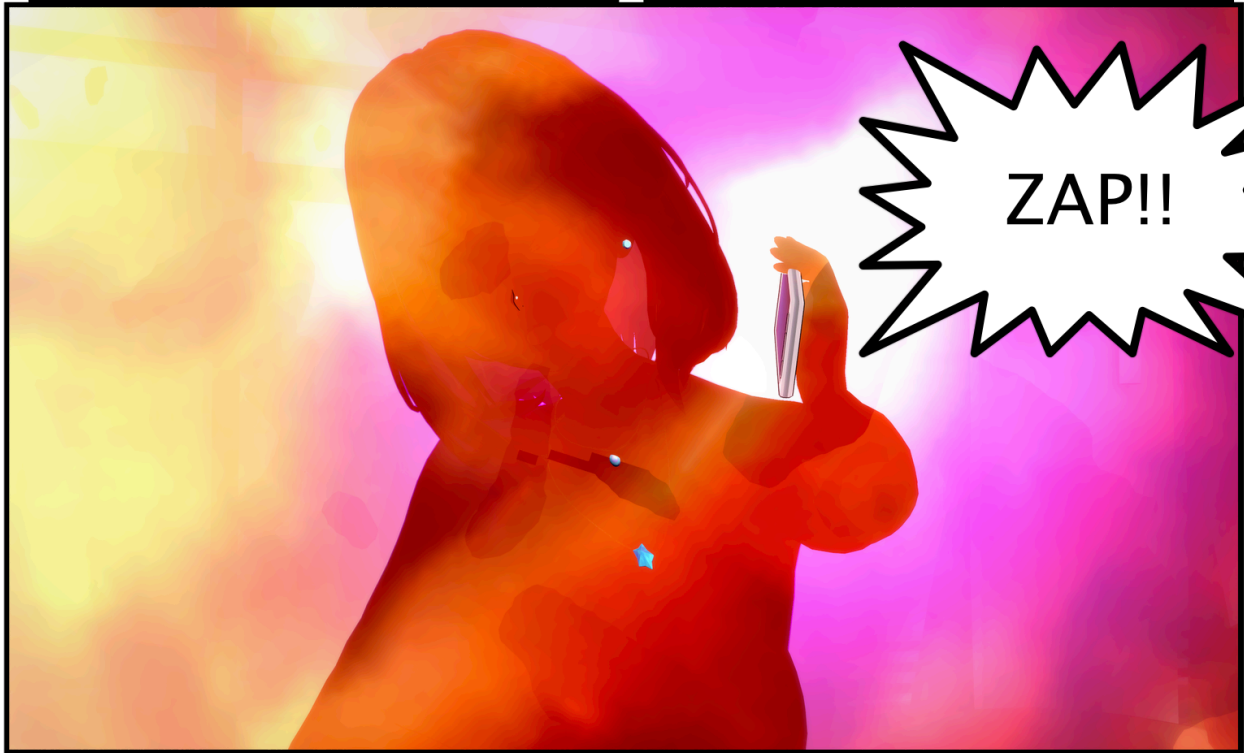

HMMPH!?

Mmm...  
There's a bit of Tara's  
nanites in here, just as  
I suspected.

Kana? You bitch! Quit sucking face with my man!

Ugh, just wait until all my friends hear about this!

Oh noooo! Whatever could have caused that strange electrical pulse to burst from her phone?

Tara? TARA!!!  
S-she's not responding! Sh-she's not breathing!

Well then, let me attempt mouth-to-mouth!

There we go! The honeypot of nanites!

Welp, that didn't work, but that's okay, she won't be of much use to me anymore.

Kana! What the hell are you talking about!? Have you lost your mind!?

Oh, my sweet, sweet, stupid Helen, my mind and body are now sharper than ever!

Wh-huh!?

Tara wasted her given talents on pointless hair colors and boobjobs...

...I, on the other hand, will grace this world with the feminine body at its peak performance!

Height to intimidate my enemies!

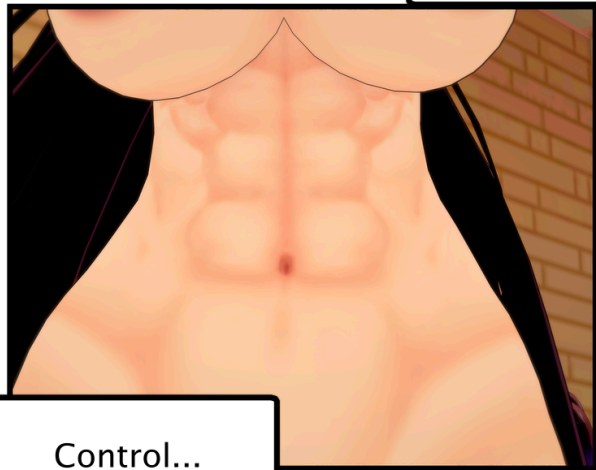

My musculature enhanced...  
My skin reinforced with extra layers for protection...

Total control over every aspect of my body...

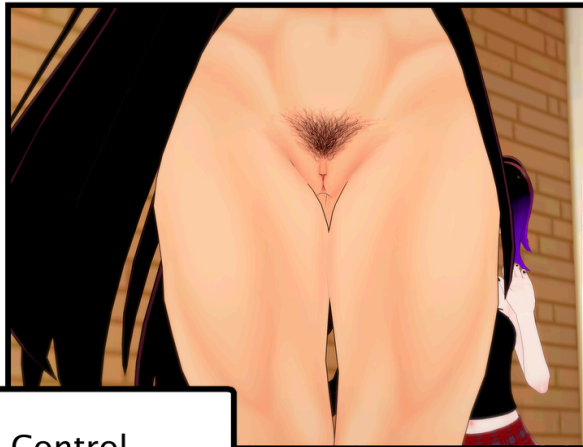

Control...

Control...

Control...

Control...

Control!

Uh oh...

Heh...  
My body is finally my own.  
I'll optimize it later, I'm  
just having fun now!
