

CLONE NO.01: CLAUDIA

Claudia is self-obsessed, she always gets the longest eyelash extensions installed and she loves to wear her hair in Giant-Buns. She loves Zebra print & I'd love to have her go down on me. I'd love to feel her injected lips wrapped around my girl-cock. I'd face fuck her until she gags & saliva starts trickling down her dimpled chin.

CLONE NO.02: ISABELLA

Isabella or “Issy” is my little Gangsta mamy, she’d swing more towards the heavily tattooed aesthetic. She always teases the shit out of her hair & loves the “Chola” culture. I’d love to grab two handfuls of her huge hair and fuck it, my balls all on her face while I fuck her hair until I cum all over her gorgeous visage.

CLONE NO.03: MICKIE

Mickie is bare-faced all the time; she's a wild one. She does not like to wear make-up. She makes up for that with her Big Behind; she's got a fatty. She loves the gym, she's always squatting and working on her form. I'd love to pin her down doggy style and drill the fuck out of her; Jessy Dubai style.

CLONE NO.04: RACHEL

Rachel is another Big Hair Queen - she too, just like Claudia loves wearing her hair in the largest buns around. She's somewhat of a throwback, she loves listening to classical Music & she loves giving head. I'd sit down in front of her & just let her eat me out. I'd let her blow me & then I'd turn around and I'd let her rimjob me until I POP.

CLONE NO.05: SUGAR

Sugar is a Mommy's girl, its why she rocks her hair in Pigtails like... 24/7. She has big boobs and loves to use them. I'd titty fuck her repeatedly and then I'd grab her pigtails and finish off by jerking my lady-hog to them. She loves to drink milk before bedtime & she loves to be spanked. I'd treat her like the princess she is by sticking a buttplug in her and making her crawl around the house on all fours with a crown on.
