

# Eve - the first Bimbo

Some old books, written by mankind tell you the story of Eve, Adams first wife and Lillith, who was banned by God from the holy Garden Eden....

But this Story is not true. Eve and Lillith was from the same tribe...and Twins. Both was strong and well trained woman, knowing exactly what they want...and what not. One day, as Eve's bark sunk after a storm on a unkown island:

Shit!  
What for a mess!

Wait.  
Where am I?  
This cave...

...  
is calling my name?

Why do  
everything look  
so blurred?

Without any fear Eve get back on her legs. She may not know where she stranded, but someone in that strange cave is calling her by her name...maybe somebody who can say where she is?

# Eve - the first Bimbo

The Elder in her village often spoke from Legends where strange, unrealistic lights and effects happen...on magical places which exist on earth, long before Atlantis sank into the floods.

Unbelievable.  
I never listen to  
the old folks...

EVE!

But  
I have never seen  
something like that  
before...

It looks  
like water...  
but...

STEP

...gna...  
who cares. Let's  
go Eve!

0008

# Eve - the first Bimbo

And so the strong and confident amazon stepped through the strange looking portal without any sign of fear. The spear in her hand, the secure about her own strength and possibility gave her the security she needs to explore unknown parts...

This voice  
in my head...why  
does it sound so  
familiar?

THERE  
YOU ARE...

EVE!

WE HAVE  
EXCEPTED YOU!

# Eve - the first Bimbo

FOLLOW  
THE WAY...

EVE!

DO NOT  
FEAR...

And this  
voice...it's louder  
to hear...

What is this  
place? It looks...  
mystical.

# Eve - the first Bimbo

YES...

EVE!

COME...

CLOSER!

Without any fear Eve steps inside the, surprisingly warm, water...not realizing that her Loincloth is completely vanished by some unknown magic. Is it smart to go further into that strange, mystical place?

# Eve - the first Bimbo

This water feels...different... it is warm...

...and it smells like Strawberrys? How can water have such a smell?

This place is mystical. I need to be carefull.

As Eve said: This place is mystical. How true her words are are clearly to see as her pubic hair vanish after she left the water...

# Eve - the first Bimbo

SO...

By all...  
That place is

CLOSE!

INCREDIBLE

COME...

# Eve - the first Bimbo

I've never seen such a place before. Is this all the so called magic our elder are talking about?

I feel a presence...a very powerfull and strong presence...

...but here is no body else... just me.

# Eve - the first Bimbo

THERE...

YOU...

ARE!

It is obvious that this place must be a temple of femininity. Well endowed femininity to be true...

# Eve - the first Bimbo

Without any warning a wave of energy rushed over Eve's body as violet flames appear on the surface of a small water puddle...and inside the flames some burning eyes shimmer...

What the...  
what is this  
magic?

GREETINGS

EVE!

But what ever comes through the magical portal seems human...and female.

# Eve - the first Bimbo

*Greetings  
the chosen one...  
Eve...let me  
introduce...*

*I am Lustra,  
the Joybringer,  
and bringer of your  
Destiny and that  
of the whole  
world!*

*It was  
your fate to explore  
that mystical cave and  
my old Temple. No one  
else would see this  
island.*

# Eve - the first Bimbo

How do you know me...who... what are you?

*I know everyone who is alive. As I said: I am Lustra, the Joybringer.*

*My Sisters and I once created the universe and the world where you live.*

So you are a goddess? I will not kneel. I never do!

*Ok but you will kneel and more ... not before me. And yes...I am a Goddess...*

*But unlike my sisters I still have an eye on this earth...and I do not like the fate which will take place. So I take care that the future will be more Joyfull.*

# Eve - the first Bimbo

# Eve - the first Bimbo

eeeerrrr....

# Eve - the first Bimbo

Lustra...  
why me... I feel so...  
weak...

# Eve - the first Bimbo

*Because you  
are weak now, Eve.  
I drained all your  
strength away.*

*For your  
destiny physical strength  
is not needed...but some  
other attributes.*

I am a warrior!  
I need my muscle strength!  
I NEED to be  
strong!

# Eve - the first Bimbo

# Eve - the first Bimbo

They are still growing?

\*GROW\*

\*GROW\*

\*STRETCH\*

Lustra... stop this...please. I was already huge on top...now I am gigantic!

# Eve - the first Bimbo

*Eve!  
Calm down. I have to  
do these changes. It  
is for the future of  
every woman.*

That is  
what you  
say...

*I have a younger  
brother. Jakve is his  
name. He always was  
jealous because he was  
the only guy...*

*After eons, as  
my sisters moved away  
he took his chance and  
manipulated many  
women.*

Okay...  
keep on. I am  
listening...

*With each new  
generation femininity will  
fade away. You and your  
sister are no exception.*

# Eve - the first Bimbo

After your return he planned to take you away from your place, forming you ...

...into his ideal woman...a woman who hate her womanly attributes and feel shame for ...

...every pleasure. It would become an archsin and in thousands of years most woman...

...will feel shame for showing some flesh...and more!

# Eve - the first Bimbo

That IS  
what Jahve  
want?

*Not only that  
Eve. He wanted to transfer  
all your power to a guy named  
Adam - he should be your  
Husband...and Master.*

*With him  
you will have two sons.  
But your Sister is also in  
his plan. She should  
become a sinfull  
demon.*

*Cursed and  
alone for all eternity...  
while you will die in  
nearly 27 years by  
the hand*

*of an  
barbaric guy from  
an another tribe.*

# Eve - the first Bimbo

*But I will make you imortal Eve! You will be eternal young and beautyfull. We will change my brothers interference back to non exist.*

As the unkown feeling in her loin getting stronger and stronger Eve could not longer resist the urge....

...to suck...her Lips seems to spread by themself, sucking the delicious finger inside her waiting mouth...Eve never felt that Horny before...

*Yes...child!  
You and I...we will make the world a better place...and all it costs is your masculinity.*

# Eve - the first Bimbo

*I see...I choosed  
the right fruit...*

...and never in her entire life before she used any

**MAKE-UP** \*

*...to  
become my slutty  
head priestess.*

\*APPEAR\*

But these days are over!

# Eve - the first Bimbo

# Eve - the first Bimbo

Lustra...  
I am...sorry...  
but...I...can't  
resist any  
longer...

Wka....

\*BUMP\*

# Eve - the first Bimbo

# Eve - the first Bimbo

You  
taste delicious  
Lustra...taste all  
Gods like this?

*I don't know  
Eve...but we Gods  
can more...*

*...a lot...  
\*moar\**

# Eve - the first Bimbo

Feel my dickus  
longus maximus  
Eve!

Oh my...  
YOU are  
FILLING me out!  
Deeper...

\*FLUMP\*

# Eve - the first Bimbo

# Eve - the first Bimbo

**FASTER!!!**

*YOU will never ever destroy the ultimate femininity! Never, brother!*

*And you Eve... transvercalis, now here and then there...*

# Eve - the first Bimbo

\*SNAP\*

Good bye, child! You are my last hope.

# Eve - the first Bimbo

What the...

We all do...

Home? How?  
Why am I  
at my home?

# Eve - the first Bimbo

What for a crazy miracle. Reduced... changed to...what am I now?

What did Lustra say? I am her High Priestess? Of what? Pleasure? Lust?

\*jiggle\*

\*wiggle\*

How should I explain this to my parents...to my Sister?

There is the barracks. Lil should be there.

# Eve - the first Bimbo

I hope she is there...but...

Why are those steps so...gigantic? Have I shrunk THAT much?

Damn... all that jigglings makes me... crazy

\*boeing\*

I can feel how I got more and more aroused... just of the jiggling flesh.

# Eve - the first Bimbo

Damn...I am out of breath already...

I have to get used to the extra weight.

**You there! You are not allowed to be here. Leave this place or I will...**

Ah, there you are Sister Lilith. Put your spear down.

# Eve - the first Bimbo

"Sister" Lilith?  
Do I know you Woman?  
Explain yourself!

I know it  
is hard to  
belive because  
I look different  
now...  
but...

I am Eve...  
your Sister. WE  
are Twins, our parents  
died while the nameless  
tribe rided our village  
and after that WE  
hunt them for weeks.

That is no secret  
Woman. You are not  
Eve...speak!

# Eve - the first Bimbo

And yet it is true. I went out a few days ago and found an strange island...there was that goddess...

...she changed me into what you see right now. And now...

Pfff...a strange Island? \*snicker\* and a GODdess? \*bwaHAhaHA\* sure...

**HAHAHA HAHAHA**

Woman...I haven't laughed that har...

Oh you are laughing? Well a secret that only YOU and EVE know...You are still a VIRGIN Lil!

# Eve - the first Bimbo

You are still waiting for the right one...but all who wanted you are just morons...like Anwar the boy of Essam.

Because his dick is so tiny...

Or that little boy...what was his name? You punched him so hard after he touched your nipple by accident that he not only loose his teeth...

Adam?  
B...but that knows my...

Yea, what ever. He was pathetic, but now he is an Eunuch...thanks to your bronce knife.

THAT can't be...

**EVE?**

So my dear Sister...who is laughing now?

# Eve - the first Bimbo

To be true Sis,  
I can't believe it by myself.  
You are...so gigantic  
towering above me  
...

...we had the  
same look...and now.  
No one will ever take  
me serious...

...I don't  
know what I should  
do...where I should...  
re-start with.

Oh...  
Eve...

# Eve - the first Bimbo

Sister,  
forgive me that I  
did not recognize you  
with that...new...er...  
voluptuous body.

Now I see  
you clear before me.  
Come...first we go  
home.

It is okay, Lil.  
I am sure I had done  
the same, when I would  
be at your side...  
of view.

Then I will go  
to the commander.  
One of our best...  
have changed.

Yes...I...  
i think this would  
be the best choice...

...I never  
felt that unsure...  
or weak!

We have to  
find a solution for  
this...situation.

# Eve - the first Bimbo

And while we walk...why don't you tell me exactly what happened to you Eve.

Yes, why not Lil. As I said earlier I got surprised by this storm and my felucha sunk. Everything went black as I woke up...

...was there this unknown island. There was not much, only this cave...

...it was a magical place Lil... like in the story's of the elder...

...you know I never believed that crap...but after this... Magic is real, Sis.

# Eve - the first Bimbo

As my body changed Lil... it was...incredible. I felt everything.

Breasts? Aroused? Horny?

Or as my boobs grew...i could feel how they pushed forward.

And those feelings...I never felt that aroused before...I am still horny as hell.

# Eve - the first Bimbo

# Eve - the first Bimbo

And **WHAT DO YOU THINK** are you doing?

**LILITH!**  
I...er...i...  
it...doesn't luck  
like as you  
think...

Forgive  
me Lilith.  
I am so, so  
sorry that  
I crossed  
your way.

Get **LOST**, Adam!  
Next time I see  
your fat face...

Yes...as  
you wish Lilith!  
Forgive me.

# Eve - the first Bimbo

My life is  
a complete mess.  
First my family  
dies...

Then this  
harpy cut of my  
family jewels...

...and I got  
like this. Now I  
am more or less  
the Idiot of  
the Villag.

I think  
that's it. I  
should finish  
this all.

But  
first I will take  
my early lunch...  
and then I  
...

...  
nonsens! There  
is always a  
way.

# Eve - the first Bimbo

And so Adam went his way to the village's tavern, where he hope to take his next meal...alone with his dark thoughts, his self-pity and so much more ...as Eve before he have no idea that his Life will be changed very soon...

Some people can see death people. Other people sense when something is changing. The Author of this word feels that he had to much coffee and need to pee...but Adam don't feel the powerfull energy which start to build behind him.

# Eve - the first Bimbo

And so Adam went his way to the village's tavern, where he hope to take his next meal...alone with his dark thoughts, his self-pity and so much more ...as Eve before he have no idea that his Life will be changed very soon...

AH HERE I AM  
AGAIN I REALLY HOPED  
THAT MY FATHER WOULD  
NEVER SEND ME TO THIS  
PLANET OF THE APES

BUT FIRST

A LITTLE LOOK  
CHANGE FOR THAT  
MONKEY THERE

# Eve - the first Bimbo

THEY ARE SO  
EASY TO READ...  
HUMANS. I NEVER WILL  
UNDERSTAND WHAT  
MY FATHER SEE IN  
THEM.

BUT THE  
FEMALES... MASTERPIECES  
WHY DO WANT MY FATHER  
CHANGE THAT... WHY IS THIS  
BLOB SO IMPORTANT?

HE SENDED ME  
HIS FIRST SON TO MANIPULATE  
THIS WALKING APE AND FOR  
THIS MISSION IS A FEMALE  
APPEARANCE IMPORTANT

# Eve - the first Bimbo

*It is clear  
that I need to talk  
with Father soon. The attention  
he pays to these monkeys...  
we are more powerful  
than them and  
should rule.*

*But what  
happend after my father  
createt this all? We, his childs  
should help and protect this  
smelly monkeys.*

*Enough Luzifer!  
Concentrate on your mission,  
after that you can discuss  
this with the old men.*

# Eve - the first Bimbo

*I have  
to say this ape has a  
good taste...ah...there  
he is...*

And now we see how Jahve plans to cross over Lustra's plans another time. He send his Firstborn, Luzifer to earth to influence Adam. For this mission Luzifer changed his look to Adams desired type of Woman - which is not hard to see...after Adam repeatedly courted the siblings, Eve and Lillith, and failed. But what is Luzifers plan for Adam? His thoughts don't show anything good.

# Eve - the first Bimbo

Mostly  
done...

Just  
some...

\*shake\*

...fine  
adjusting.

And done.  
Let's find him  
and having some  
fun...

# Eve - the first Bimbo

The gods have listend to my prays...what for a Bombshell...

very depressed thoughts

...and she is directly walking to me?! This is my lucky day!

Look at those killer body. And how she present it without any shame...

Woman like her are not that often... maybe like those Twin Sisters in the city guard. What would I give to have such an hottie.

# Eve - the first Bimbo

This babe make  
me instantly  
rock hard...  
just a few...

Stay nice  
Luzifer...this blob  
is important for  
Father. Remember  
this.

WHAT THE?  
She went to that  
fat Looser?

What for  
a Whore! This SLUT  
ignored ME?

Hi Cutie!  
You have to be  
Adam. Can I have  
a seat at your  
side?

ummm  
Wha...wow!

# Eve - the first Bimbo

# Eve - the first Bimbo

Sometimes a word is a word of much. And when your opponent is an powerfull beeing...

...your life is over very quickly.

# Eve - the first Bimbo

*Come here...  
big boy and I make  
you special...*

*very special...  
and my servant...*

*...and you  
will enjoy it being  
my man!*

# Eve - the first Bimbo

Luzi is that you? What are you doing to me?

*Oh believe me. If you swear to stay loyal at my side Adam...*

At your side? Who...what are you?

*...you will never be such a blob and looser! And I will be the ruler of this world very soon and I will grant you to become the absolute Alpha Male... now and forever!*

Alpha Male? What is this?

*An Alpha Male is the God under the Males... extremely athletic and strong... all females love to be fucked and impregnated as often as it could be...*

You...want ME at your side? Why?

*...and the first thing on our Agenda is YOUR Revenge on Lillith and Eve. Does this sound good? Just say it... Say YES!*

YES! YES I WILL LUZI!

# Eve - the first Bimbo

When will it  
star...ohhh

Can't you feel  
it...Lover?

so potent...

Father  
of many...

My Hand....looks  
so thin...I can feel  
vitality...

manliest  
of all men

Ruler over  
every woman

Conquerors of  
other countries.

I am so...vital  
now...I...power!  
I...WANT...POWER!

King

Emporer

Most powerfull  
men in the universe!

# Eve - the first Bimbo

RISE ADAM!  
FIRST OF THE MEN!  
RISE AND DOMINATE  
THEM ALL!

I NEED...I TAKE  
WHAT I...ugh...  
WANT!

Yes, that  
is right Adam! You  
will...and you are  
my toy!

# Eve - the first Bimbo

I have never felt  
so POWERFULL  
Luzi! I...i...

what is this...my  
balls...my dick...

...it's regaining...

...and it's  
UPGRADING!

# Eve - the first Bimbo

*I will smash  
Lillith...I will  
fuck her...*

*...and I will fill  
her womb with my  
seed!*

*um...*

*And the same  
to Eve...She will  
so often pregnant  
that she...*

*That was fast...  
he already get me  
on my NERVES...*

# Eve - the first Bimbo

um... where was I?

On the other hand... he is my work... why not using my womanly weapons to push him further?

Yea... you are right Luzi...

Is he dumber then before? I did not do that... must be the blood in his meat stick here...

...but before I do that I have something other to do first.

And what will that be... manliest of all men?

\*FLEX\*

\*STROCKE\*

# Eve - the first Bimbo

Oh my head...I will make  
YOU my WIFE and the  
MOTHER of my manly  
childs Luzi...as THANKS for  
freeing me...

*Don't even try, monkey.  
Don't even imagine this. There  
is only one goal in life you will have...  
and I will not be your Wife...nor the  
Mother...of your stupid kids!*

*So, controll your self,  
before I regret that I followed the  
will of my father and I will give you  
the worst destiny you never could  
imagine...*

# Eve - the first Bimbo

WHAT do you mean Luzi?  
Do you want to make me  
angry? I am mighty and  
powerfull...the name of my  
family...

...is absolutly not  
important...some insects.  
That IS your family

What?

It truly fits...  
guys with huge dicks  
are not the brightest ones.  
Well Adam...a few moments  
ago you was nothing. I GAVE  
you the form you now have  
and...I can take it away.  
So do not even think  
about to...

ENOUGH!

# Eve - the first Bimbo

What do you think you are? I will show you your place at my side!

STOP!

By the duat...  
I...i...can't move?!

# Eve - the first Bimbo

YOU worthless  
Monkey! I GAVE YOU  
this power...without me  
you would be still a fat  
blob without any courage...  
and you truly tried  
to BETRAY me?

ME? The first born  
and mightiest son of the  
one and only existing GOD?  
I am LUZIFER MORNINGSTAR!  
I have fought against the  
void, covid and so  
much more...

You want to betray...  
to challenge me? Seriously?  
No matter what my father want!  
I will give nothing about this  
anymore!

I will overthrow him  
and then I will destroy  
parasites like you are...  
I will rerange the whole  
world!

And you will  
see it...not as you are...  
not even human...

Where is  
my power?

I feel...  
exhausted...

...so weak...

# Eve - the first Bimbo

A fat human  
Blob you was...a fat  
not human mountain  
BLOB you will be...Adam...  
first of the soulless  
Blobs on earth!

You will eat...  
all and everything...  
without passion...without  
sould...forever there, but  
never be able to change  
or interact...

I feel....  
weak...

And maybe..  
one day - long after the  
last human monkey died -  
I will release you!

# Eve - the first Bimbo

# Eve - the first Bimbo

Aunt Lustra?! YOU... are still here?

Well...well... looks who developed into a fine young angel...

My Nephew Luzifer... or should I say Niece Luzi?

You always was more of a FemBoy my dear.

Being a fullgrown...and well developed lady fits you.

# Eve - the first Bimbo

*Of course  
Lucifer. Where should  
I be?*

*I...thought...  
Father told me  
that you and Aunt  
Nymphomana are  
gone...*

*He early did.  
But we both know that  
he...well...and that  
is...*

# Eve - the first Bimbo

*...the point why you want to overthrow your father.*

*You... know that? I never...*

*Luci... WE know everything. Your father knows exactly what you are planning.*

*So, why are you not joining my team? I'll teach and guide you...*

# Eve - the first Bimbo

*And now listen  
closely, Lucifer - Firstborn  
Son of my beloved  
brother...*

*I will say this only  
one time and then you can  
choose your path.*

*My brother already  
choose your fate. Your thoughts  
are an ultimate betray  
for him.*

*Soon you will be banned  
from heaven. A Castout. You will  
be known as Satan, Lord of Hell.  
Hated by most.*

# Eve - the first Bimbo

There is no need for violence. YOU can handle someone like him far easier.

When you become my loyal angel I show you how to rule with Joy and be loved by many.

You mean...

So Luzifer...do you choose to stay as Uloman at my side...or do you choose your fathers way? Including everything else?

# Eve - the first Bimbo

*So choose your way my dear Niece.*

*But...I...  
i am not alone.  
I have so many who  
follow me and  
my way.*

*Of course  
you have. They  
will fall with you  
and will be called  
Demons.*

*No! no  
way...*

*And in a  
few aeons, when  
Armageddon is gone  
your father, my brother,  
will say that you are  
the Monster that  
is Guilty.*

*I am my  
fathers best  
Agent!*

*No. Not  
more. You are  
a blutz on his  
holy leg.*

# Eve - the first Bimbo

And the acceptment of Luzifer was all his Aunt Lustra need. Angels are simple creatures, created to serve, but with their own will and an huge amount of power. But, when they agree to something they can be easily changed...and now can Lustra reshap...or reset Luzifer permanently...

# Eve - the first Bimbo

There is no need to ask about in which ways Lustra change her Nephews into her own daughter. Of course...Physical attributes have to be changed...

# Eve - the first Bimbo

# Eve - the first Bimbo

And of course...Luzifer was a trickster...whenever he could he played dirty tricks...but Lustra knows exactly about the nature of Luzifer. While her brother accepted that behaviour, his Sister did not...and so she rerange Luzi's thoughts and imaginations to a more...fitting thing...

# Eve - the first Bimbo

How this change of priorities takes place is now clearly to see...

# Eve - the first Bimbo

*That felt  
fucktastic! I  
totally want  
MOAR!*

*Welcome  
Daughter Luzilla, Princess  
of womanly Slutiness!*

So it came that Luzifer, soon to be Lord of the Hell, destiny completly changed. She now is: Luzilla, first born Daughter of Lustra, Princess of womanly Slutiness, first Angel of Nymphomania and never ending Lust. She is the Alpha and the Omaga of Horniness and Pleasure.

# Eve - the first Bimbo

Say Daughter...  
don't you feel...a little  
bit...hungry?

Yes  
Mother...also  
thirsty...very hungry  
for some delicious  
cocks and their  
love juice.

# Eve - the first Bimbo

So? Why don't you take a little lunch break then, huh?

He...looks very delicious now... do you think I should?

Why not? When you have the NEED for some meat...take it.

And when YOU are satisfied you support my Higharch Priestess Eve and her Sister Lillith.

# Eve - the first Bimbo

# Eve - the first Bimbo

Allright...  
see you soon Daughter.  
Enjoy your ride!

Thanks  
Mother! I truly  
will!

Here we  
go...

Heey,  
welcome back big  
boy! How do you  
feel?

Ugh...where  
am...holy Shit!  
YOU?

# Eve - the first Bimbo

*Uuhu...  
yea...me...look  
Adam...*

You tried...  
to kill me! And  
now you are...

*I did nothing  
like that big boy.  
All I want is to  
taste your yummy  
cawck.*

But my...  
mem...oh...that  
feels so good.

*Your memorys  
are just imagination.  
You stumbled while  
I stripped and hit  
your head on the  
stool here.*

# Eve - the first Bimbo

*Um...yea!  
Your cawck feels  
like so hawt on my  
snatch...*

Gosh..Luzi!  
I will never understand  
how you woman work...

*...can't wait  
to feel that big Boi  
inside me!*

...but my  
happy maker will
