

It's nice to see you sweetie! You really look good. I can tell you've already lost a lot of weight since you started this treatment! Your two caretakers here told me they put you on a piss-and-cum-diet. I said as long as it's not your own cum I'm fine with it, haha! They assured me you won't ever cum under their care, though. So basically, I was just in the area and thought I could check in on you and see if you want to come home yet. After all, I wouldn't want you to stay if it wasn't really in your own interest. So, do you?

MMMMMMMMHHHHPPPP!!!

No? Oh gosh, I must say I'm missing you in my bed. Sucking your cock while I smother you with my nylon-covered feet... I miss draining you balls of that cum I built over the day teasing you. Are you sure you want to stay?

AAAAAAAAAAARRRRRGGGGHHHHH!!! HHHHHHMMMMPPPPFFFFF...!!!

Huh, all right. You can stay for as long as you want, after all you're paying for all of this. Nurse Quinzell let me in on what's in store for you this coming month... Oh boy, better don't expect your swollen plums down there to ever be anything but dark blue and aching, haha! As for myself, I believe I need some company until I visit you again in one or two months... Been thinking about inviting your buddy Chris... what do you think?

NNNNNNNNHHHHHHHHHHMMMM!!!

Oh, thank you honey, you're just great! You enjoy your stay and I'll make sure Chris will enjoy what you won't have in the meantime. Bye!
