

# Elven Tower – Map 44 – The Throne Room

Elven Tower presents an awesome throne room with a super security configuration; the only way to access it is through a teleporting crystal. The other end of the teleportation device is in a part of the castle or stronghold that is more easily defensible than the throne room itself. This throne room is a great way to portray an overly cautious king, a vampire overlord, a demon lord or a lich king.

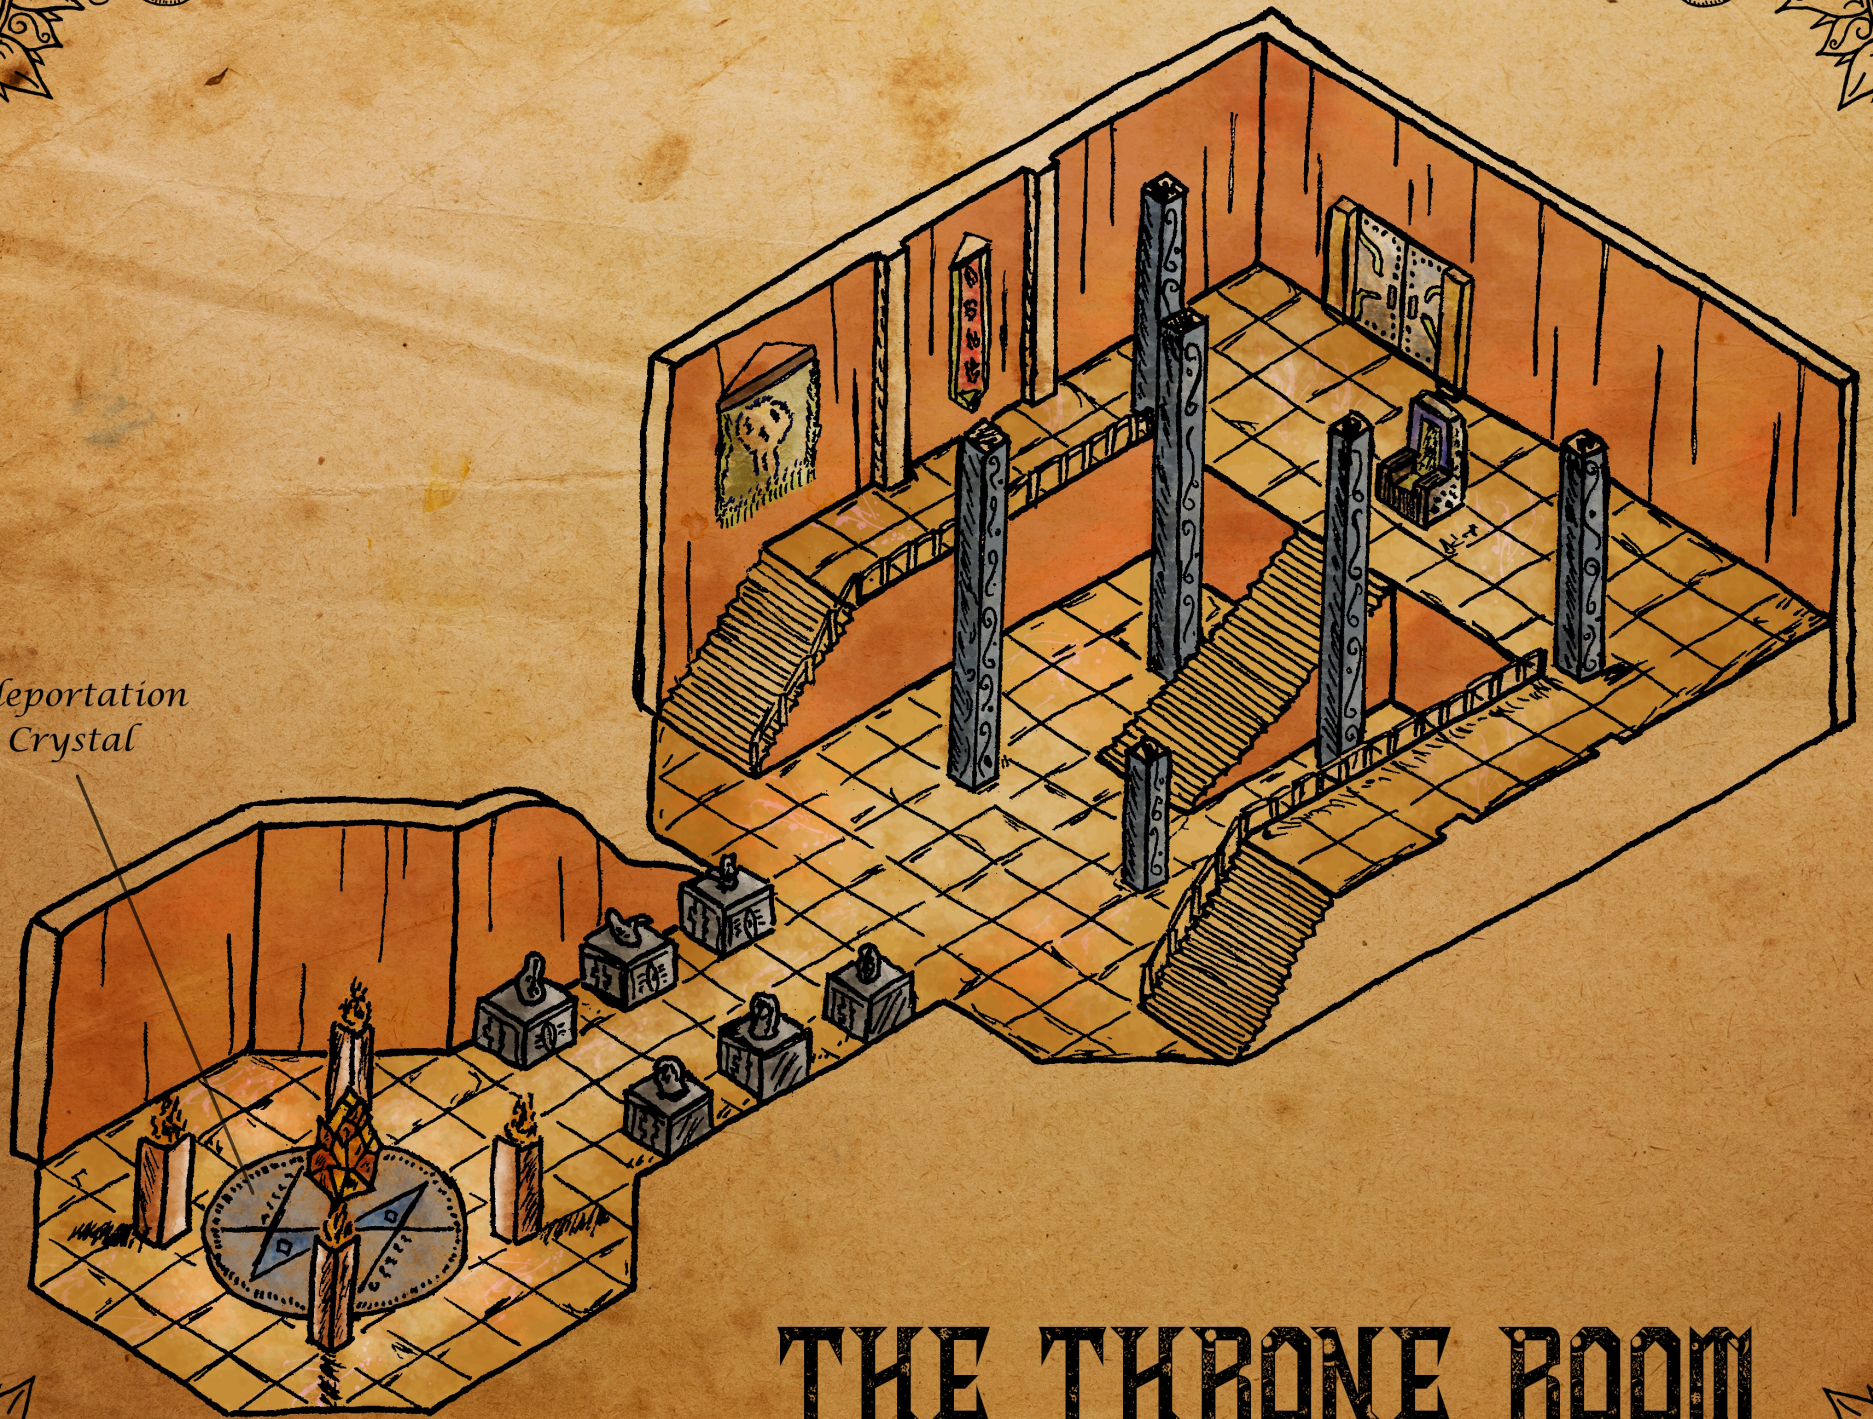

By the way, this throne room is compatible with my Map 43 – The Fortress of Sorrow.
