

# Swift Guitar Lessons

## Rockabilly in Cmaj - Patreon Lick of the Week for 3/14/16

One of the easiest ways to diversify your lead guitar playing is to learn techniques that blend two or more scales. This week we will tackle a lick that utilizes the minor pentatonic and major scales and a variety of embellishments included slight-bends and hammer-ons. Let's get started by learning our scales.

### Source Scales:

#### Major Pentatonic Scale Key of C (common position):

```
E |-----7-8-----|
B |-----8-10-----|
G |-----7-9-----|
D |-----7-10-----|
A |-----7-10-----|
E |-8-10-----|
```

#### Minor Pentatonic Scale in C (common position):

```
E |-----8-11-----|
B |-----8-11-----|
G |-----8-10-----|
D |-----8-10-----|
A |-----8-10-----|
E |-8-11-----|
```

### With your Source Scales Practiced and Memorized, Let's Tackle Your Lick of the Week!

```
E |-----8-----8-----|-----8-11--11---|
B |-----8-10----11b-11b-|-----8-10---10b-10b--|
G |-8h9-----|-----8h9-----|
D |-----|-----|
A |-----|-----|
E |-----|-----|
```

Check back every Monday for another Patreon Lick of the Week.  
Thanks so much for your support!

Be well and enjoy your progress. -Rob
