

No!
What do you mean he's refunding only 1.2 millions?

Woowwwww.
Don't fucking pull that shit with me, dick.
He was sued for ten times that amount!

There's no way he's trying to buy them out with that little!

He literally has a clause where he forces people who receive the refund to drop the suit completely.
How is he NOT guilty?!

Yeah, get me on the phone with the families after this.

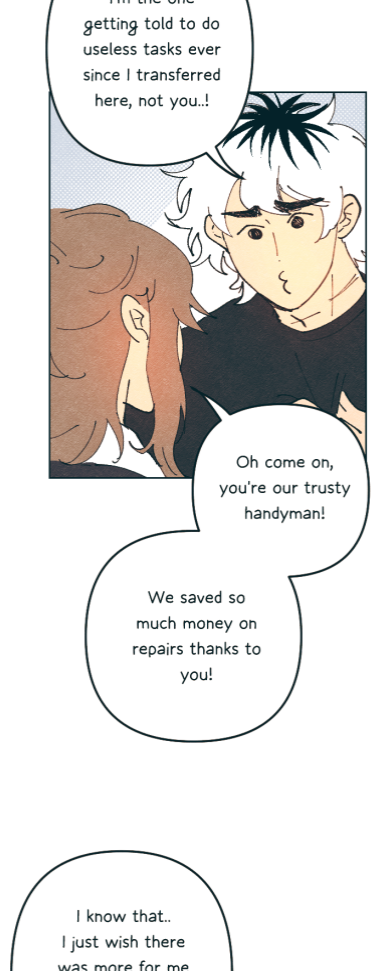

I have to make sure nobody falls for this.

Okay, thanks.

Wow, that sounds rough.

It IS rough, this is the biggest ruggull I've seen yet. And the rich asshole is a smart one.

Well, his lawyers are.

Okay okay, I'm gonna need my very hard-working boyfriend to go on lunch break before he starts balding from stress.

If I go bald, I'm pulling your hair out, too.

I'm sure We'll look good in wigs.

Hahaha.

I know you're doing important work, honey.

But you gotta take it easy..

It's just.. I feel like if I'm not productive, then I'm just wasting my life away with useless tasks..

Useless tasks?

I'm the one getting told to do useless tasks ever since I transferred here, not you..!

Oh come on, you're our trusty handyman!

We saved so much money on repairs thanks to you!

I know that.. I just wish there was more for me to do at your office.. That's all.

Something more exciting..

Sorry, babe. You're not in Sector 1 anymore, our missions are done by the book here~

If you're good, we can do something more exciting at home..

I do like the sound of that, boss.

STOP RIGHT THERE, I'm not your boss!!

The Syndicate signs both of our paycheck AND We're the same rank!

This is a healthy and professional relationship between two independent contractors mutually hired by the same company!

He looks like this emoji..

Okay...?

How was the doctor, by the way?

Healthy as a bull.

You can't get rid of me yet, fellow "independent contractor".

Aw man, I'm stuck with you forever, huh.

It's been 3 months since we moved back to Dan City.

Yep, forever and ever!

and ever and ever and ever~

and 4 months since Cherie and I started dating.

People say honeymoon phases are bound to end

But I haven't felt that at all..

If anything, I feel more and more in love with him everyday.

So much so that I wish it would never stop

That I'd do anything

To make sure it never does.
