It's a common sight in the future Japan,
completely integrated into daily life.
Children observing their connected parts...
Children taking videos with their phones...
A child sketching...

Let's review Inori and the male sex content carefully!

Starting in the third hour, we will have sex one at a time with the remaining girls.

I'll upload today's lesson to the video site so you can use it as a reference for your mating homework with your family!

With all the girls in the class...? That's impossible...

Runny...♡

The man who was brought in as a teaching aid for the girls seems to have passed out while surrounded by more than a dozen girls

As his consciousness faded, he saw the teacher approaching him with a powerful energizer and realized he couldn't escape...
