"W-Where am I..?"

"A white.. and blank space.. Give me a familiar feel.."

"I remembered.. I was killed by the book..and then.."

"Naoko fused..
with me..?"

Welcome back,
my child.

Who are you..?
Where am I!?

How sad.. Been out there for too long, and you already forgot your creator?

My Guardian.. No..
Should be 'Koji' now,
right?

Your.. What
are you talking..?

Look at yourself, this is you, and your true form.

I'm not.. any.. just an normal person..

Seem like.. you
are denying the truth.

Well, let me reveal
you.. to the right path.

I will make you remember..

..about who you were.. and your destiny..

You were a Guardian, my right hand to watch over the human world.

Unfortunately, your memory has problem.. And that was when..

Hey..? Are you okay?

..A lonely woman desired to have someone to called 'family'..

Come with me.. Let me help you get some warmth.

My Sister.. Yui..
she was not..
M-My task..

Look, I know you are in hard spot, but how could you took care of him?
I will find a way, there must be. I need your help also!

At least.. I have someone beside me to.. cover my empty-self..

Sigh.. You are truly.. Fine then.

Hey, Yui,
he's awake.

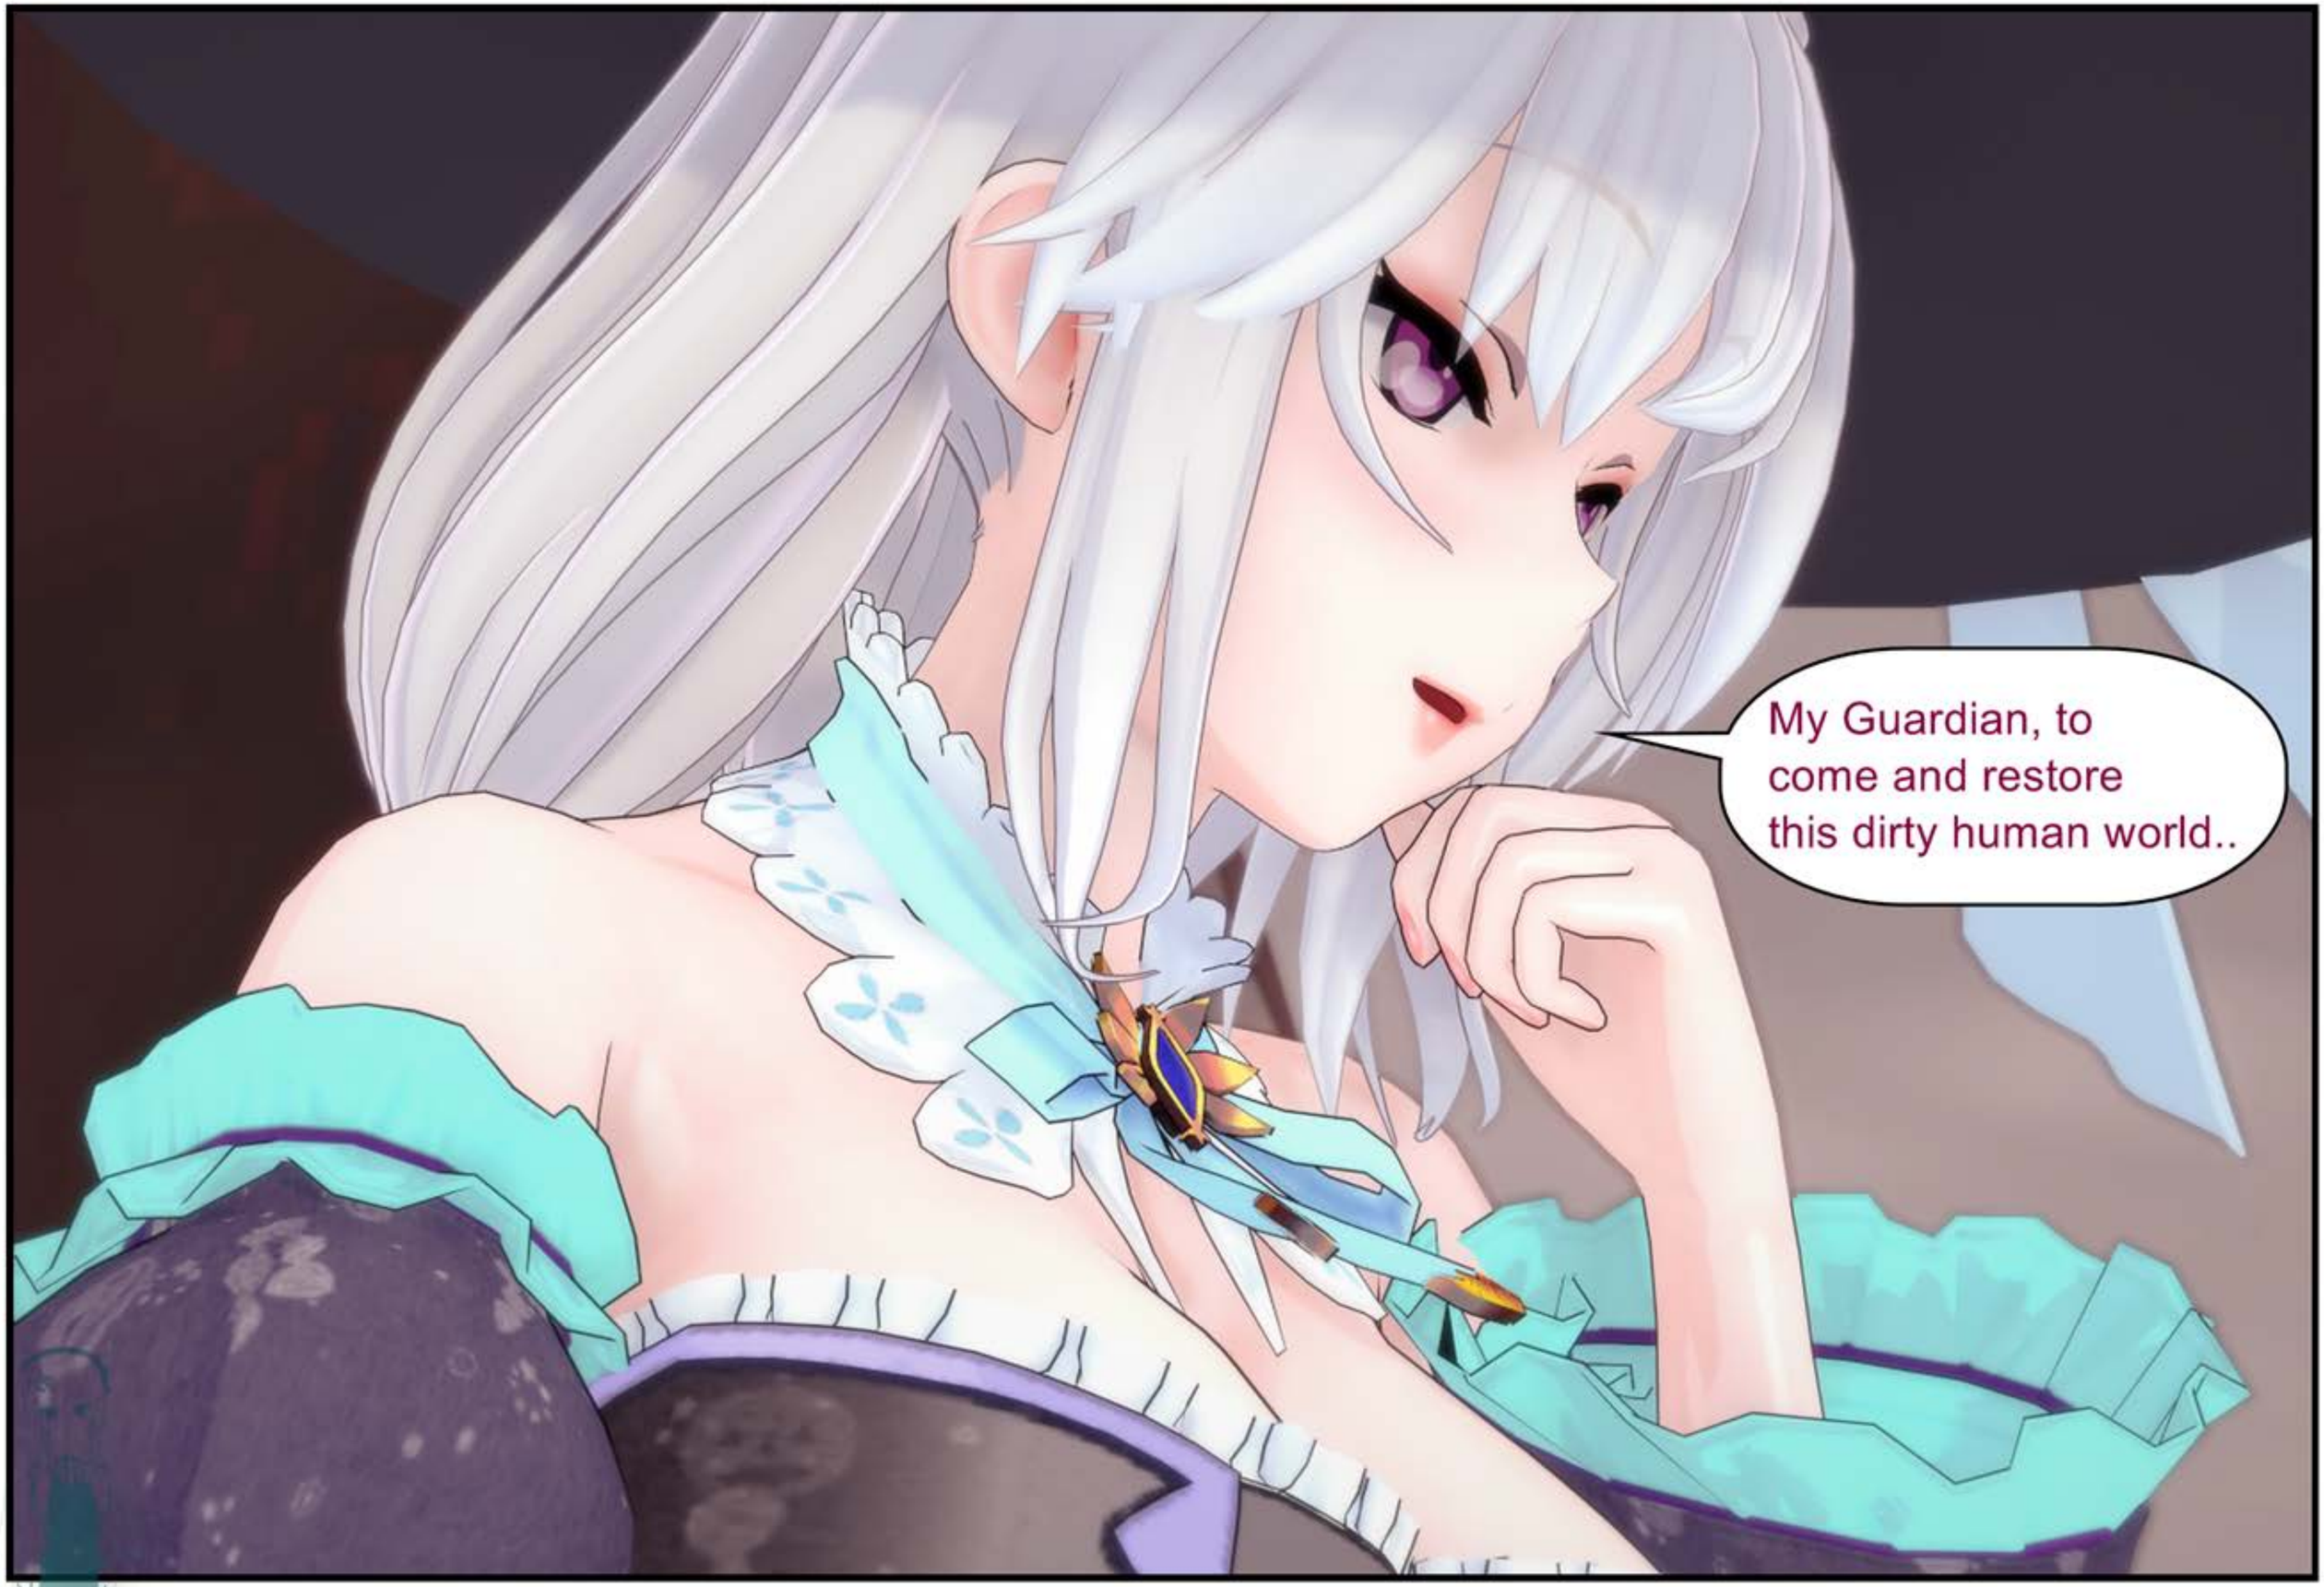
Oh, hi there.

I don't know your name or anything relate to you so..

Koji, may I call you with that from now on?

S-Sis..

You are not an ordinary person..



My Guardian, to
come and restore
this dirty human world..

You, and with one other. Yes, but she abandon her duty.

She didn't have any form, so I designed her a shell.

..a souless puppet..

That's right, it's the one who you called Naoko.

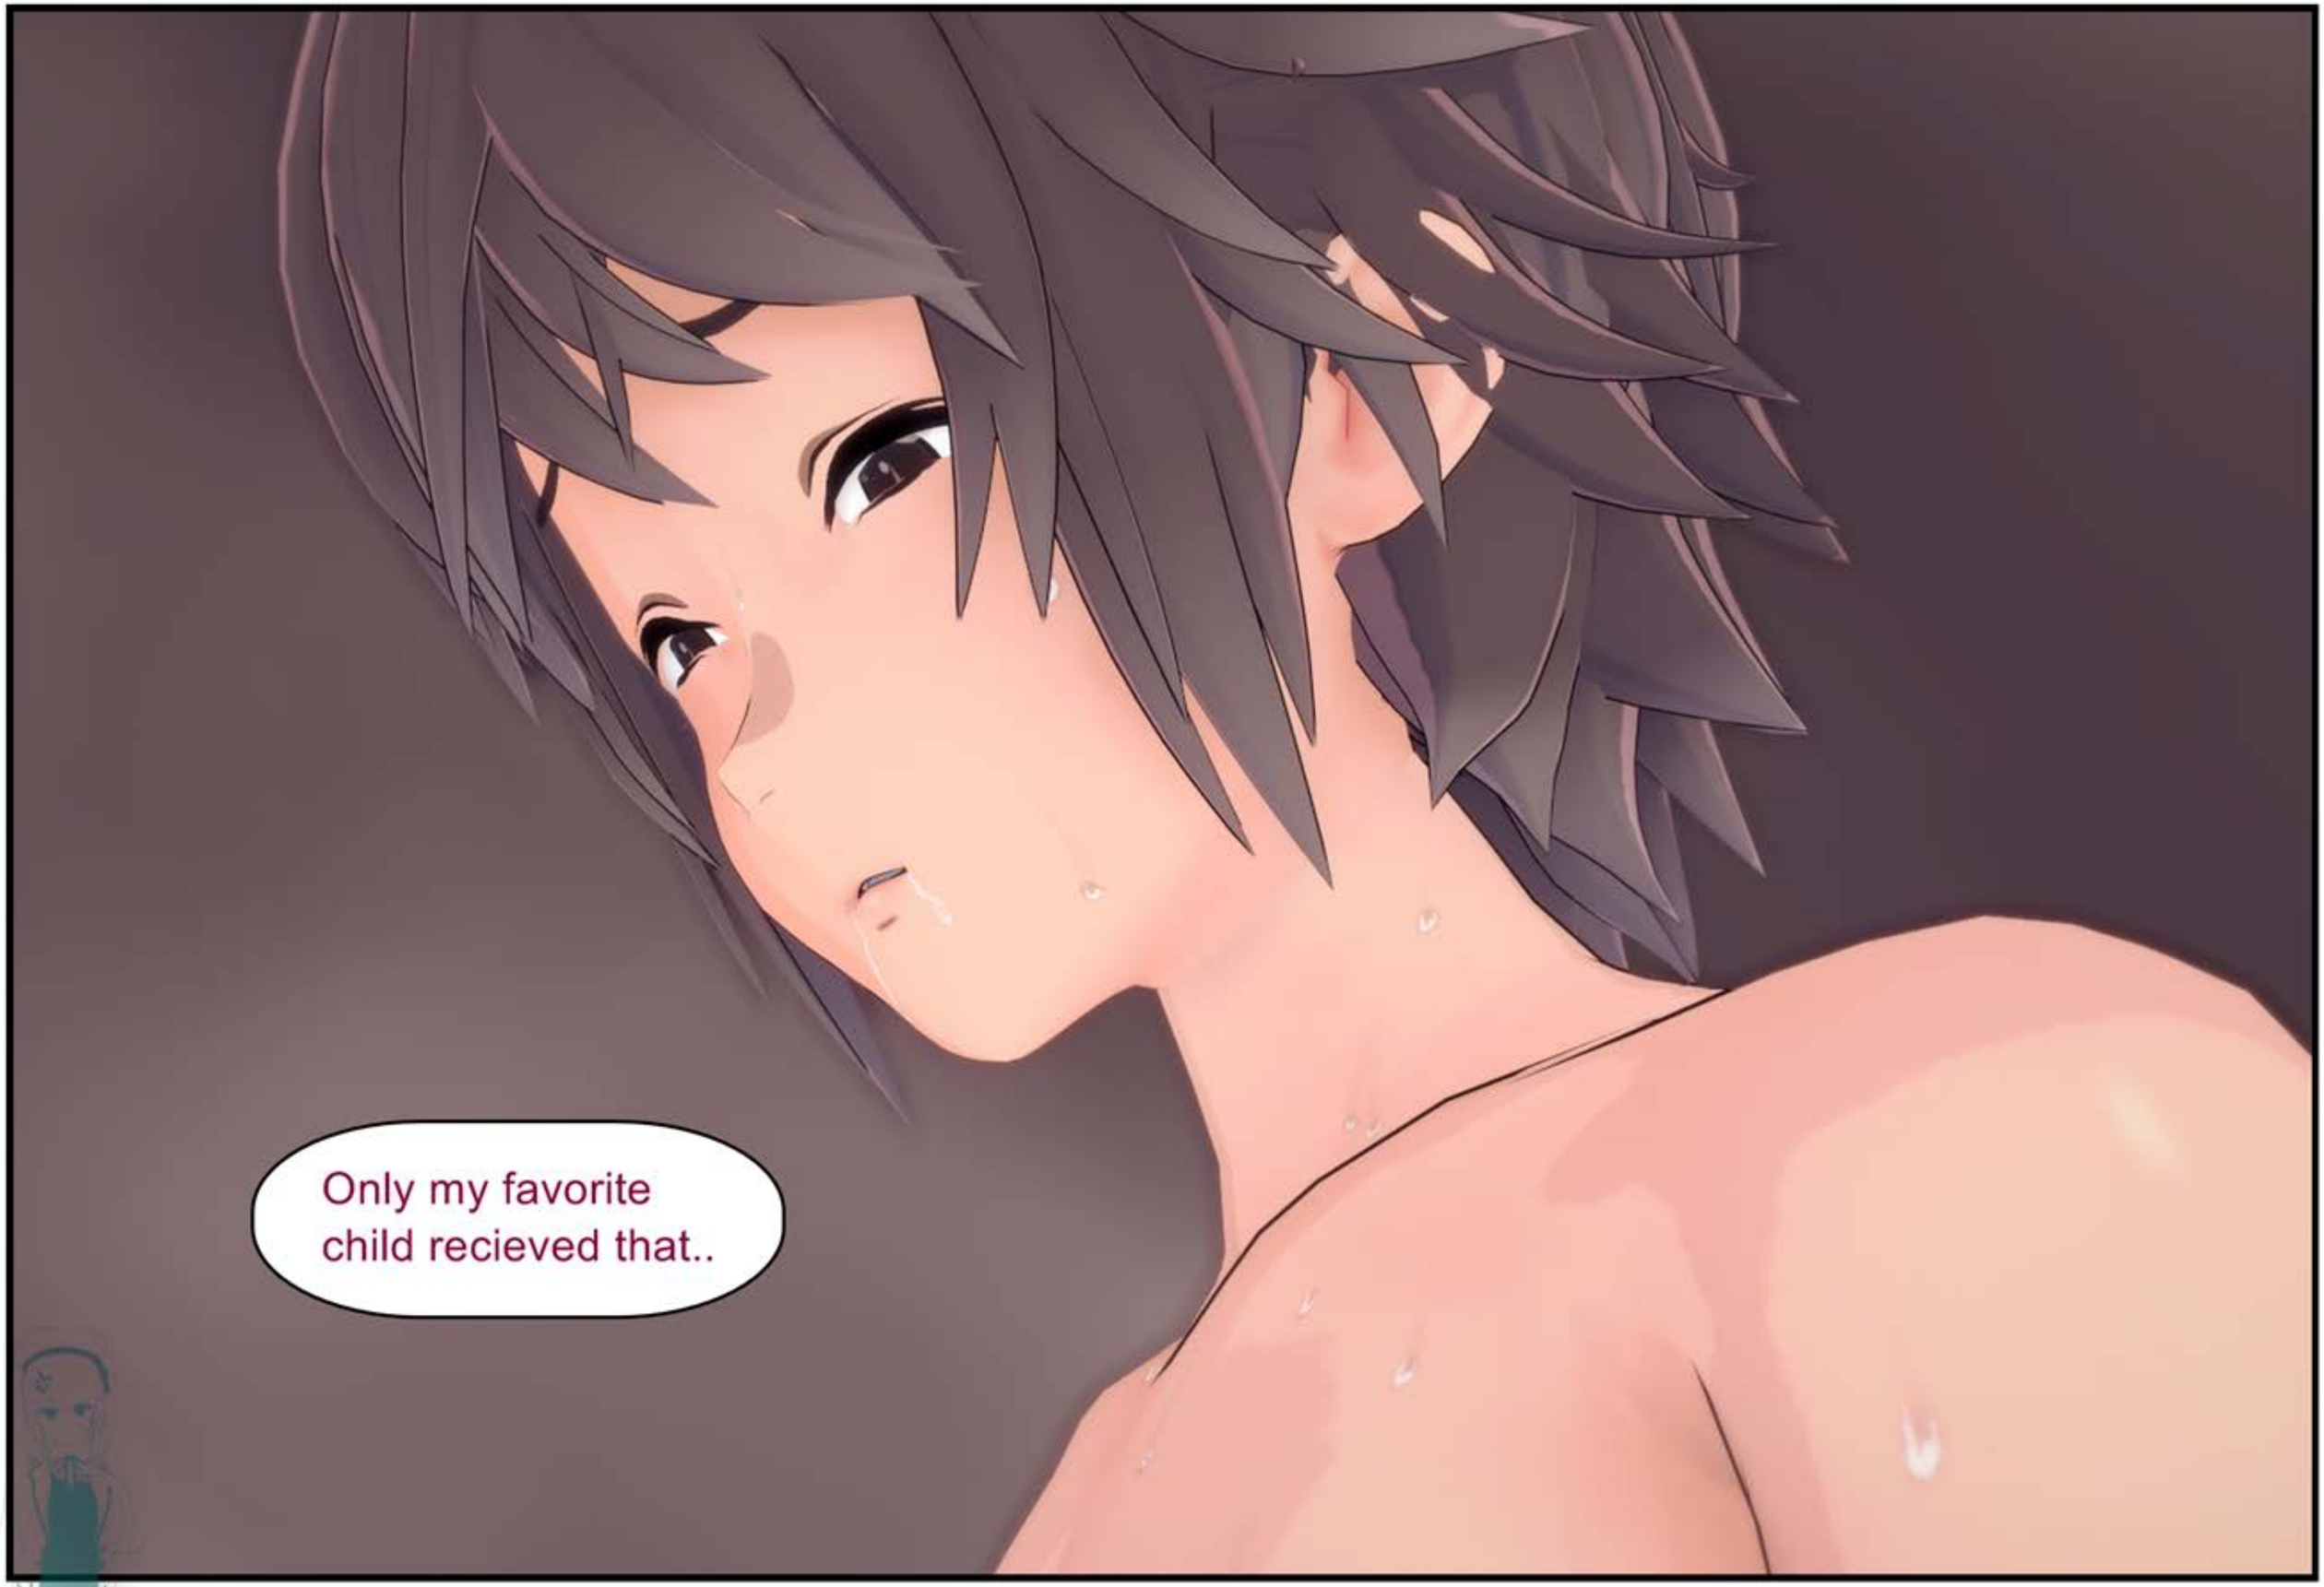
She left her shell, and pick another one instead, a normal human girl.

Both of you, were comepletely on the wrong path..

I gave my child a task, to restore this dirty world.

I also gave you a special ability..

The power to let you fused with any person you came in contact.



Only my favorite
child recieved that..

On the other side, you don't have any magic energy.

But my other child do,
it's like a balance.

And recently, something did happen to her power..

The time has come, even you two can't stop me!

"He did it.. The chaos.. is coming.."
My plan could have been sooner, if it hadn't for you.. disobey Guardian.

So ashame of your action, and die.

"Is this.. the end..?
My effort of stopping
them.."

Give up so
soon, my Master?

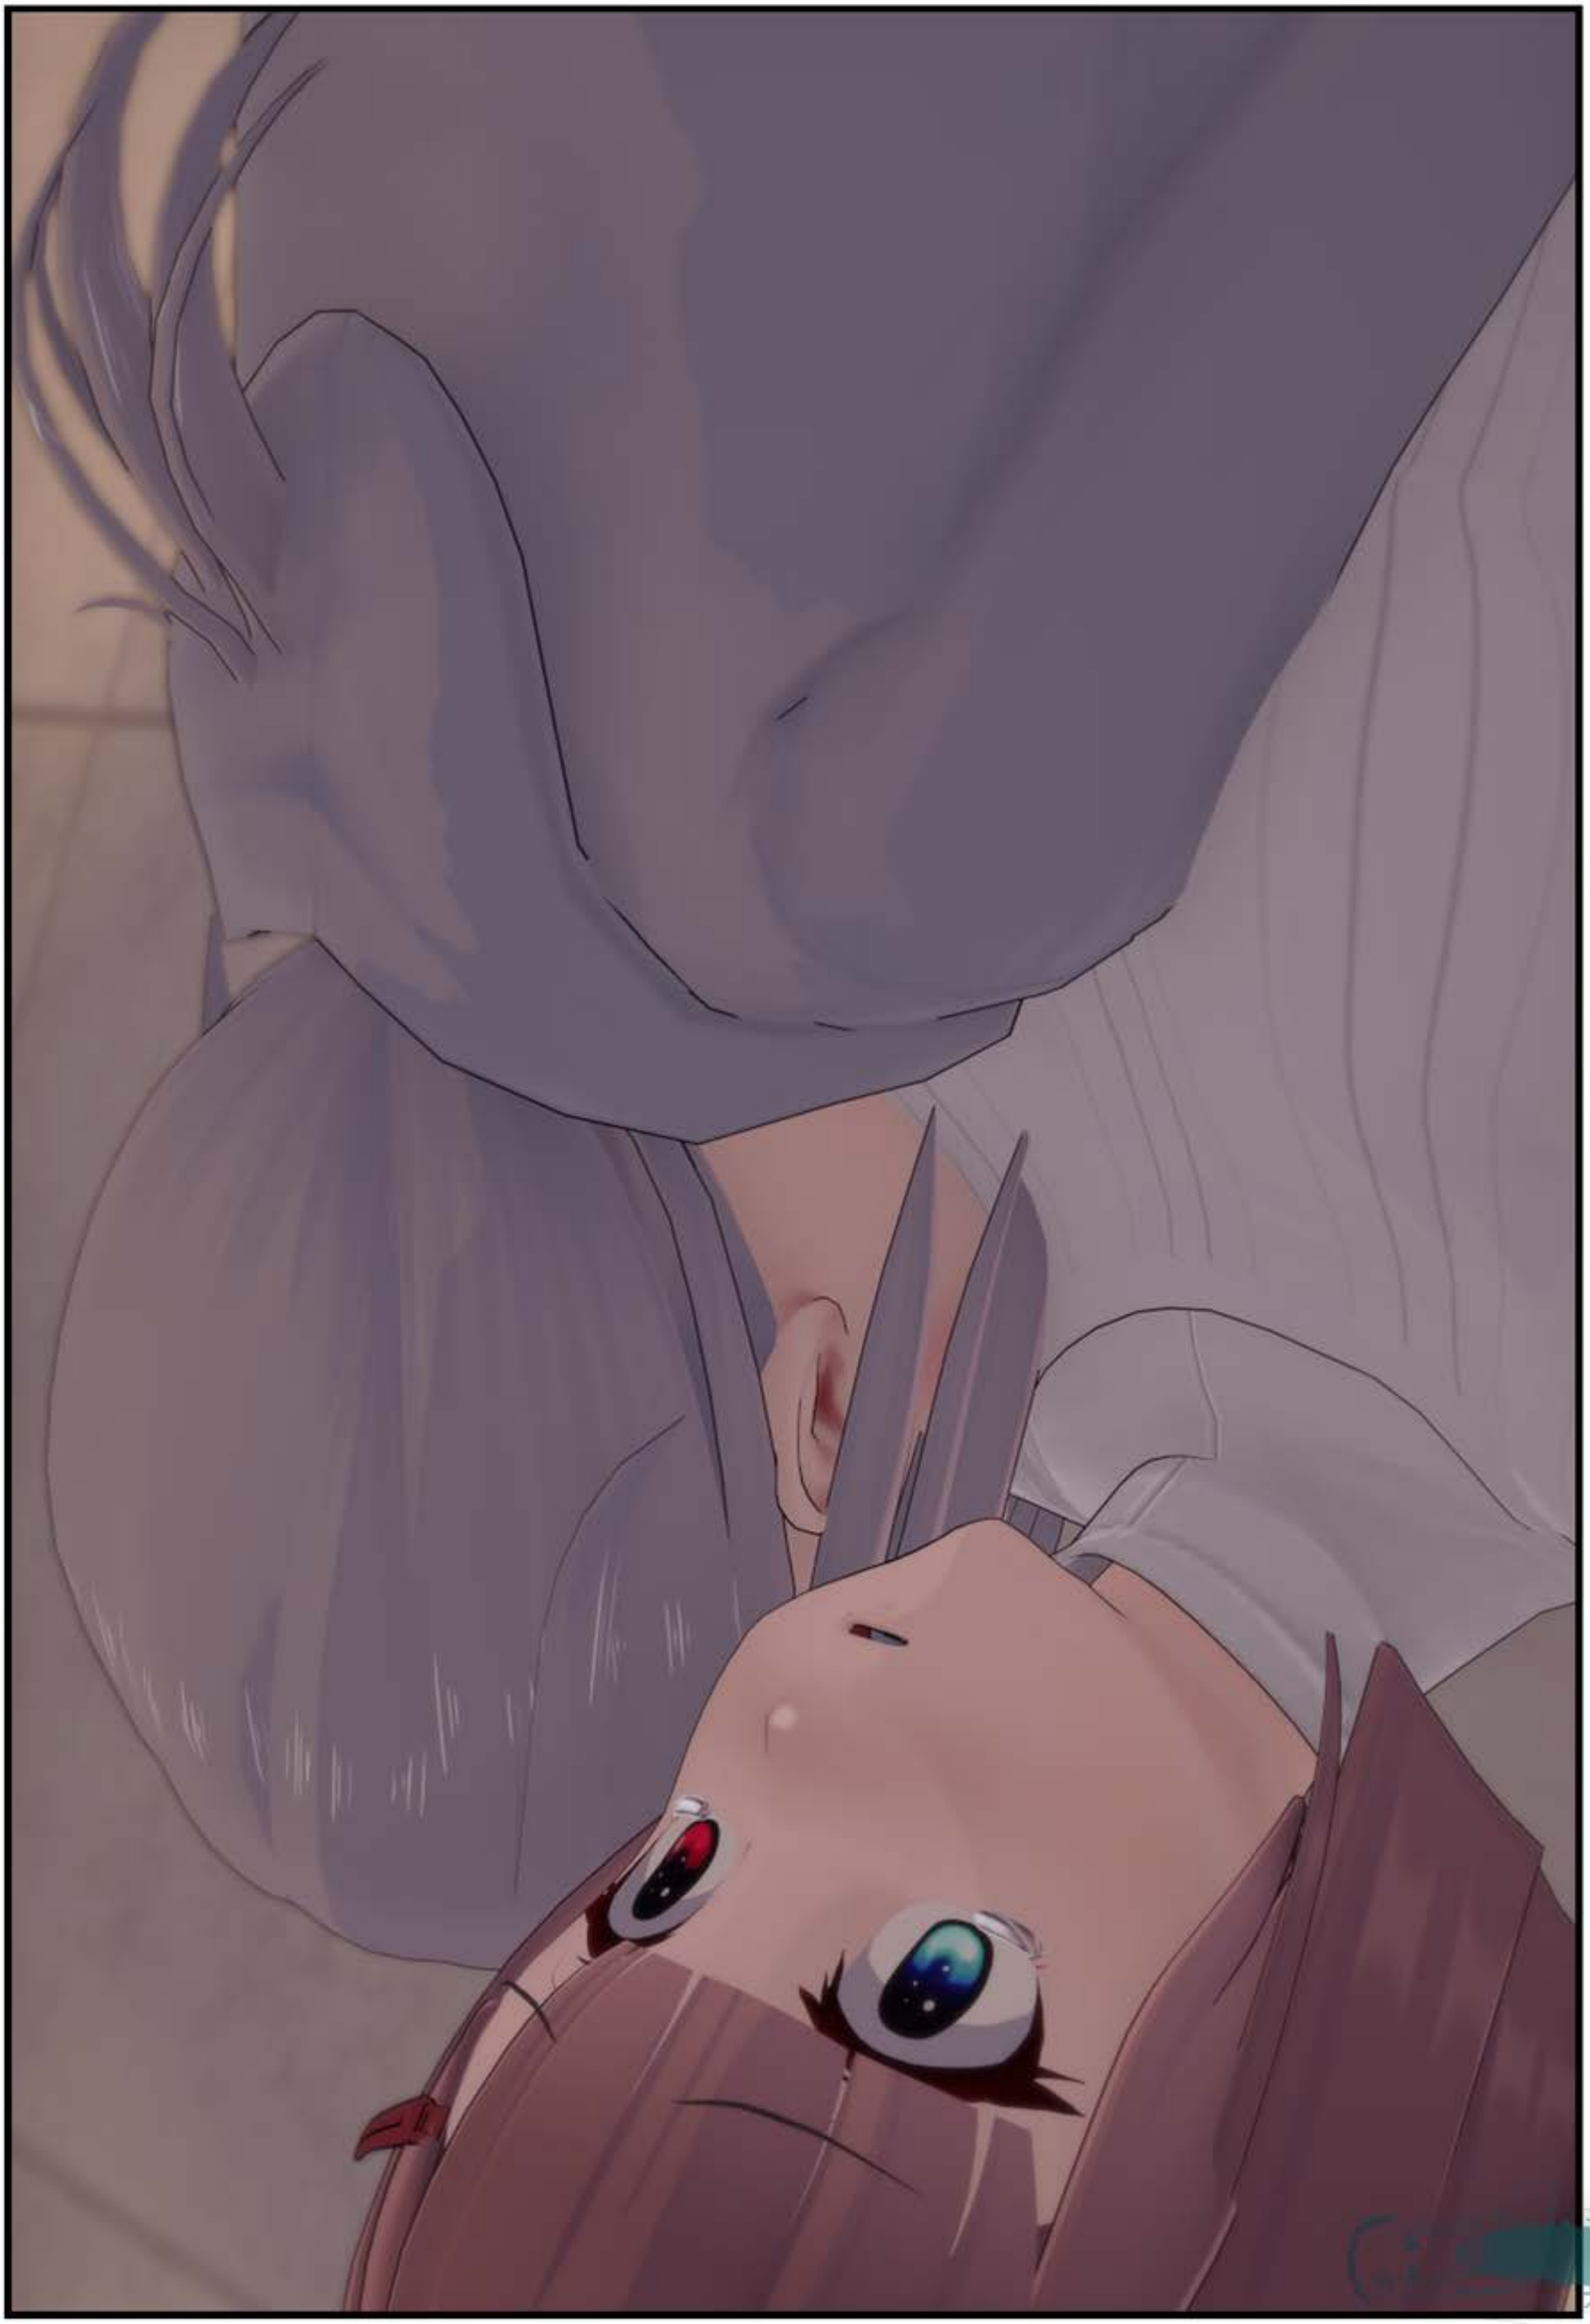
N-Naoko.. you..

I was angry when you left me.. but now I know..

I was not a good host to you.. always go against your will.

All this time.. I'm sorry.. for being an obstacle to you.

Naoko!! it's
not the time to..!!



Ehehe!! That puppet is out of the way!

What a useless tool..
Only usable for once.

It's the reason why you left her, and find a new body.

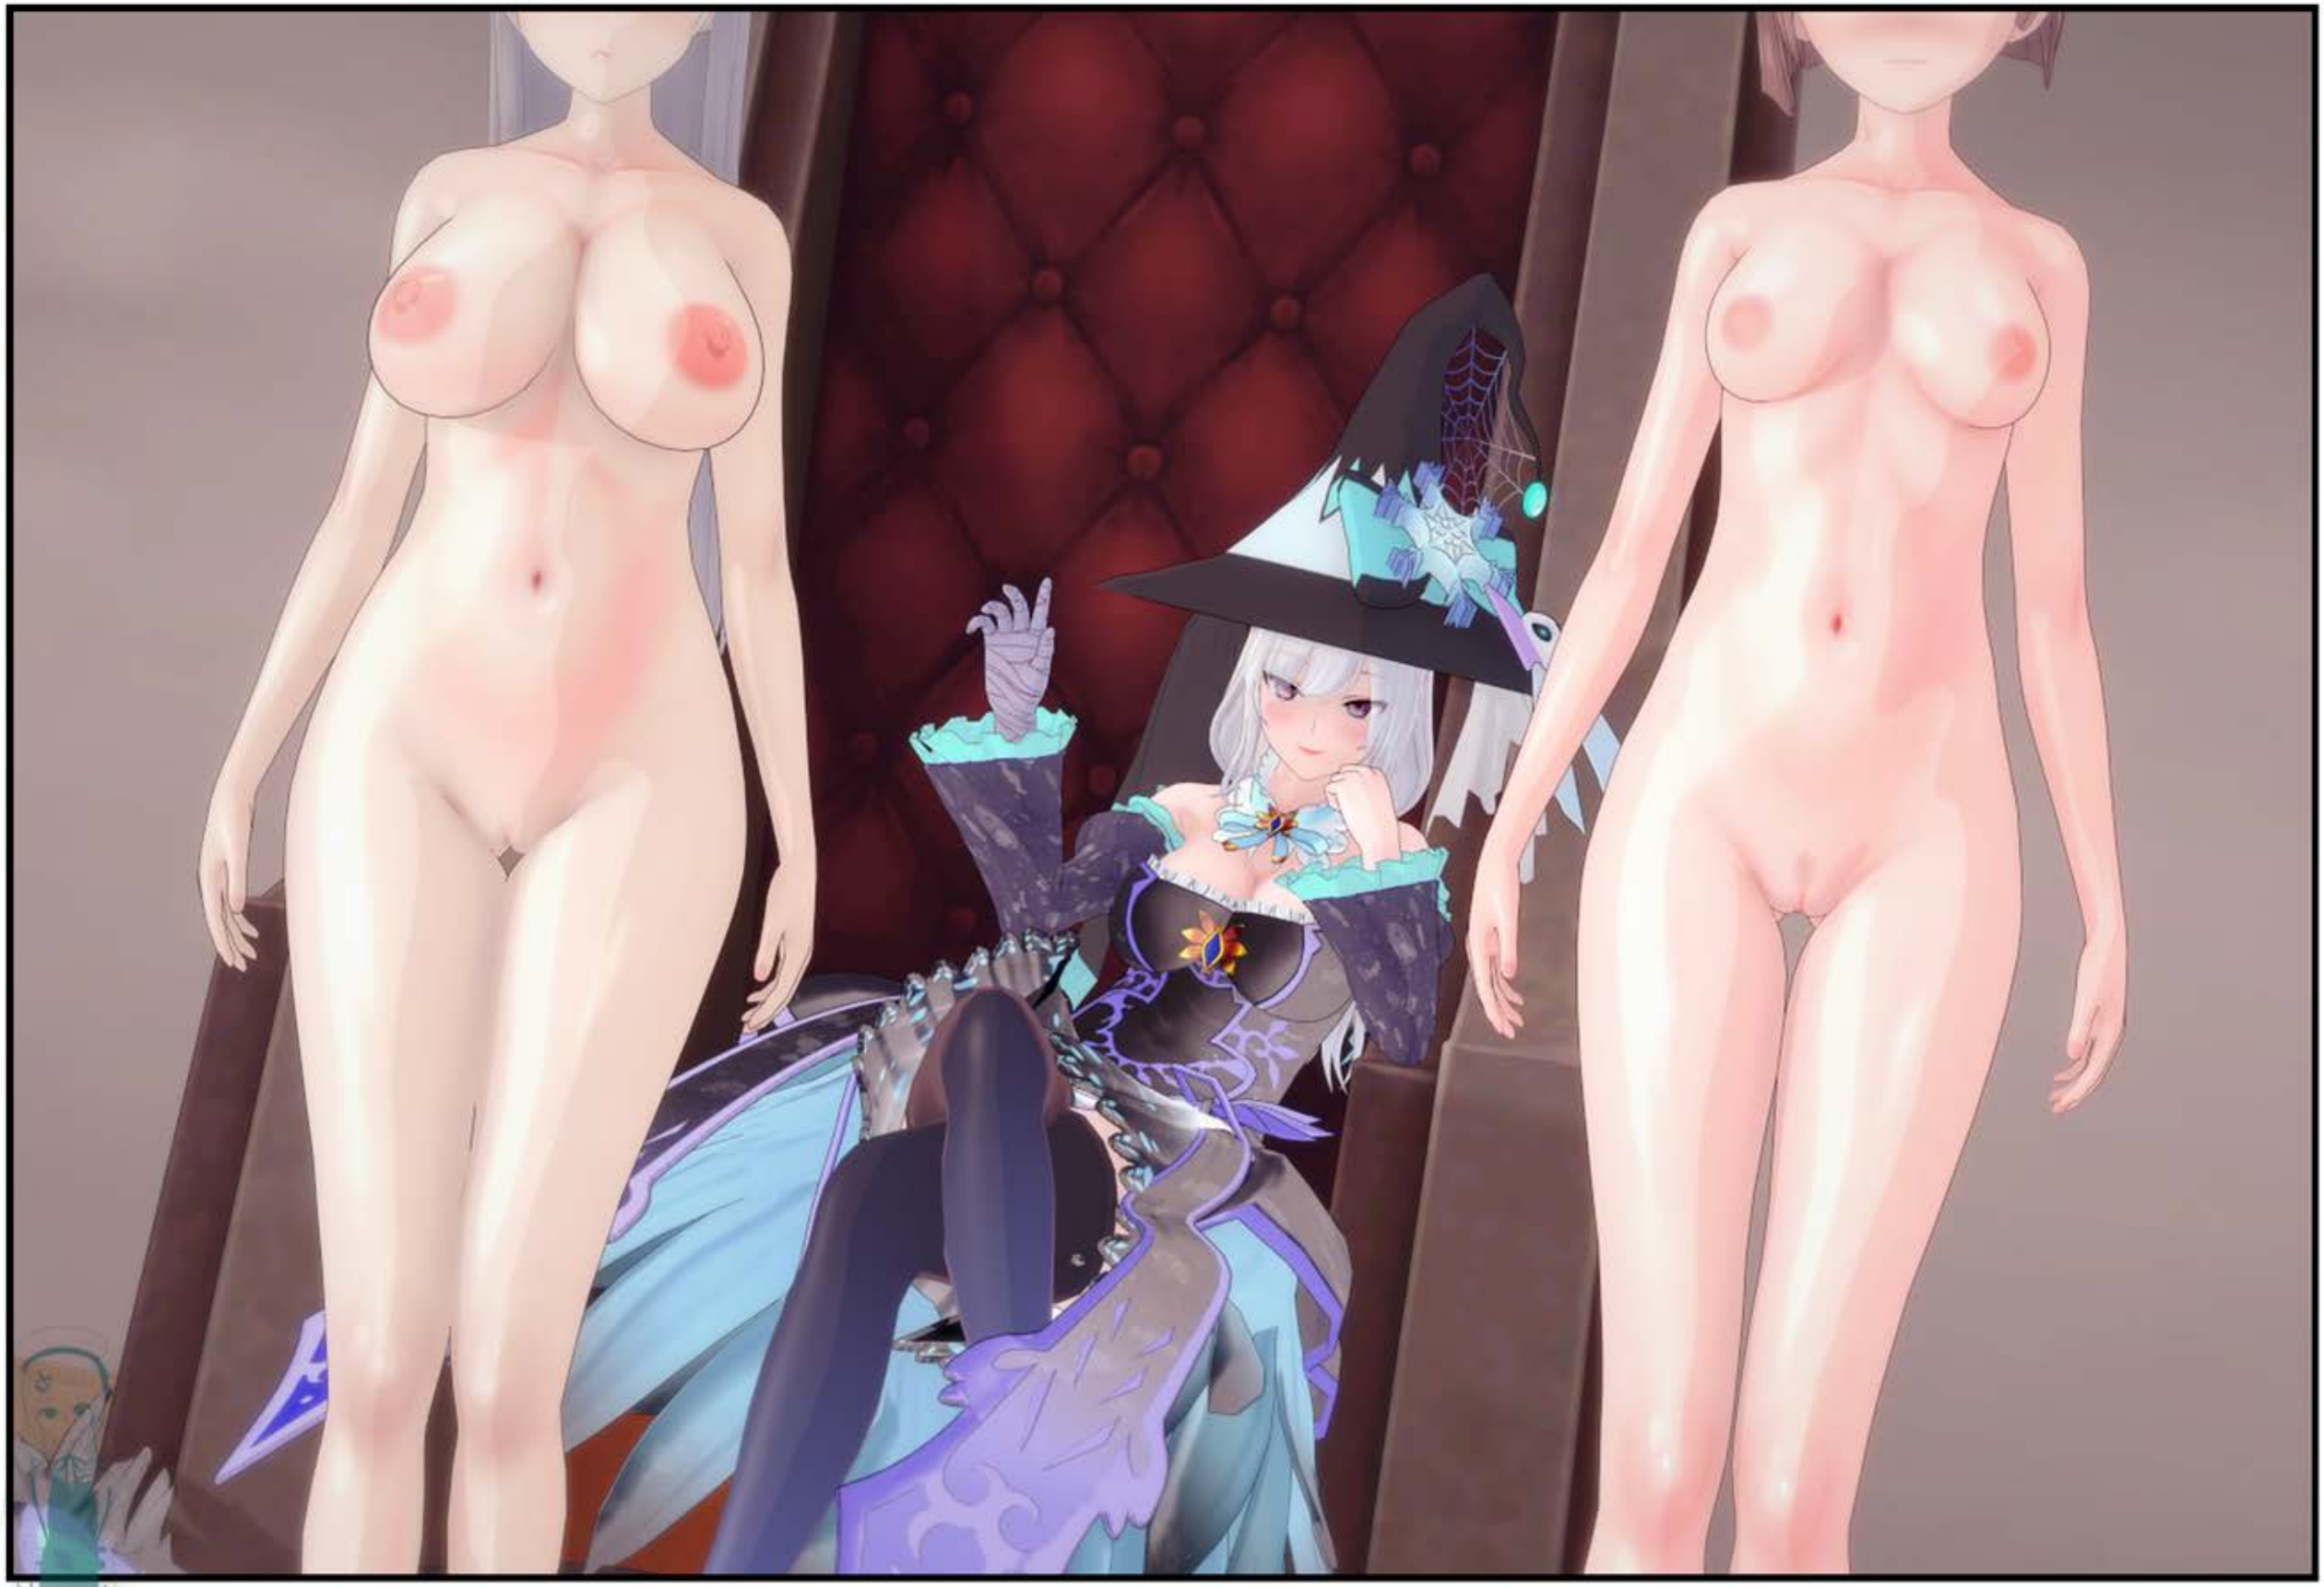
Naoko.. she is not a tool, it's you who has manipulated her!

I won't let you restore the world as you wished..

I have heard, but
now with my own eyes..

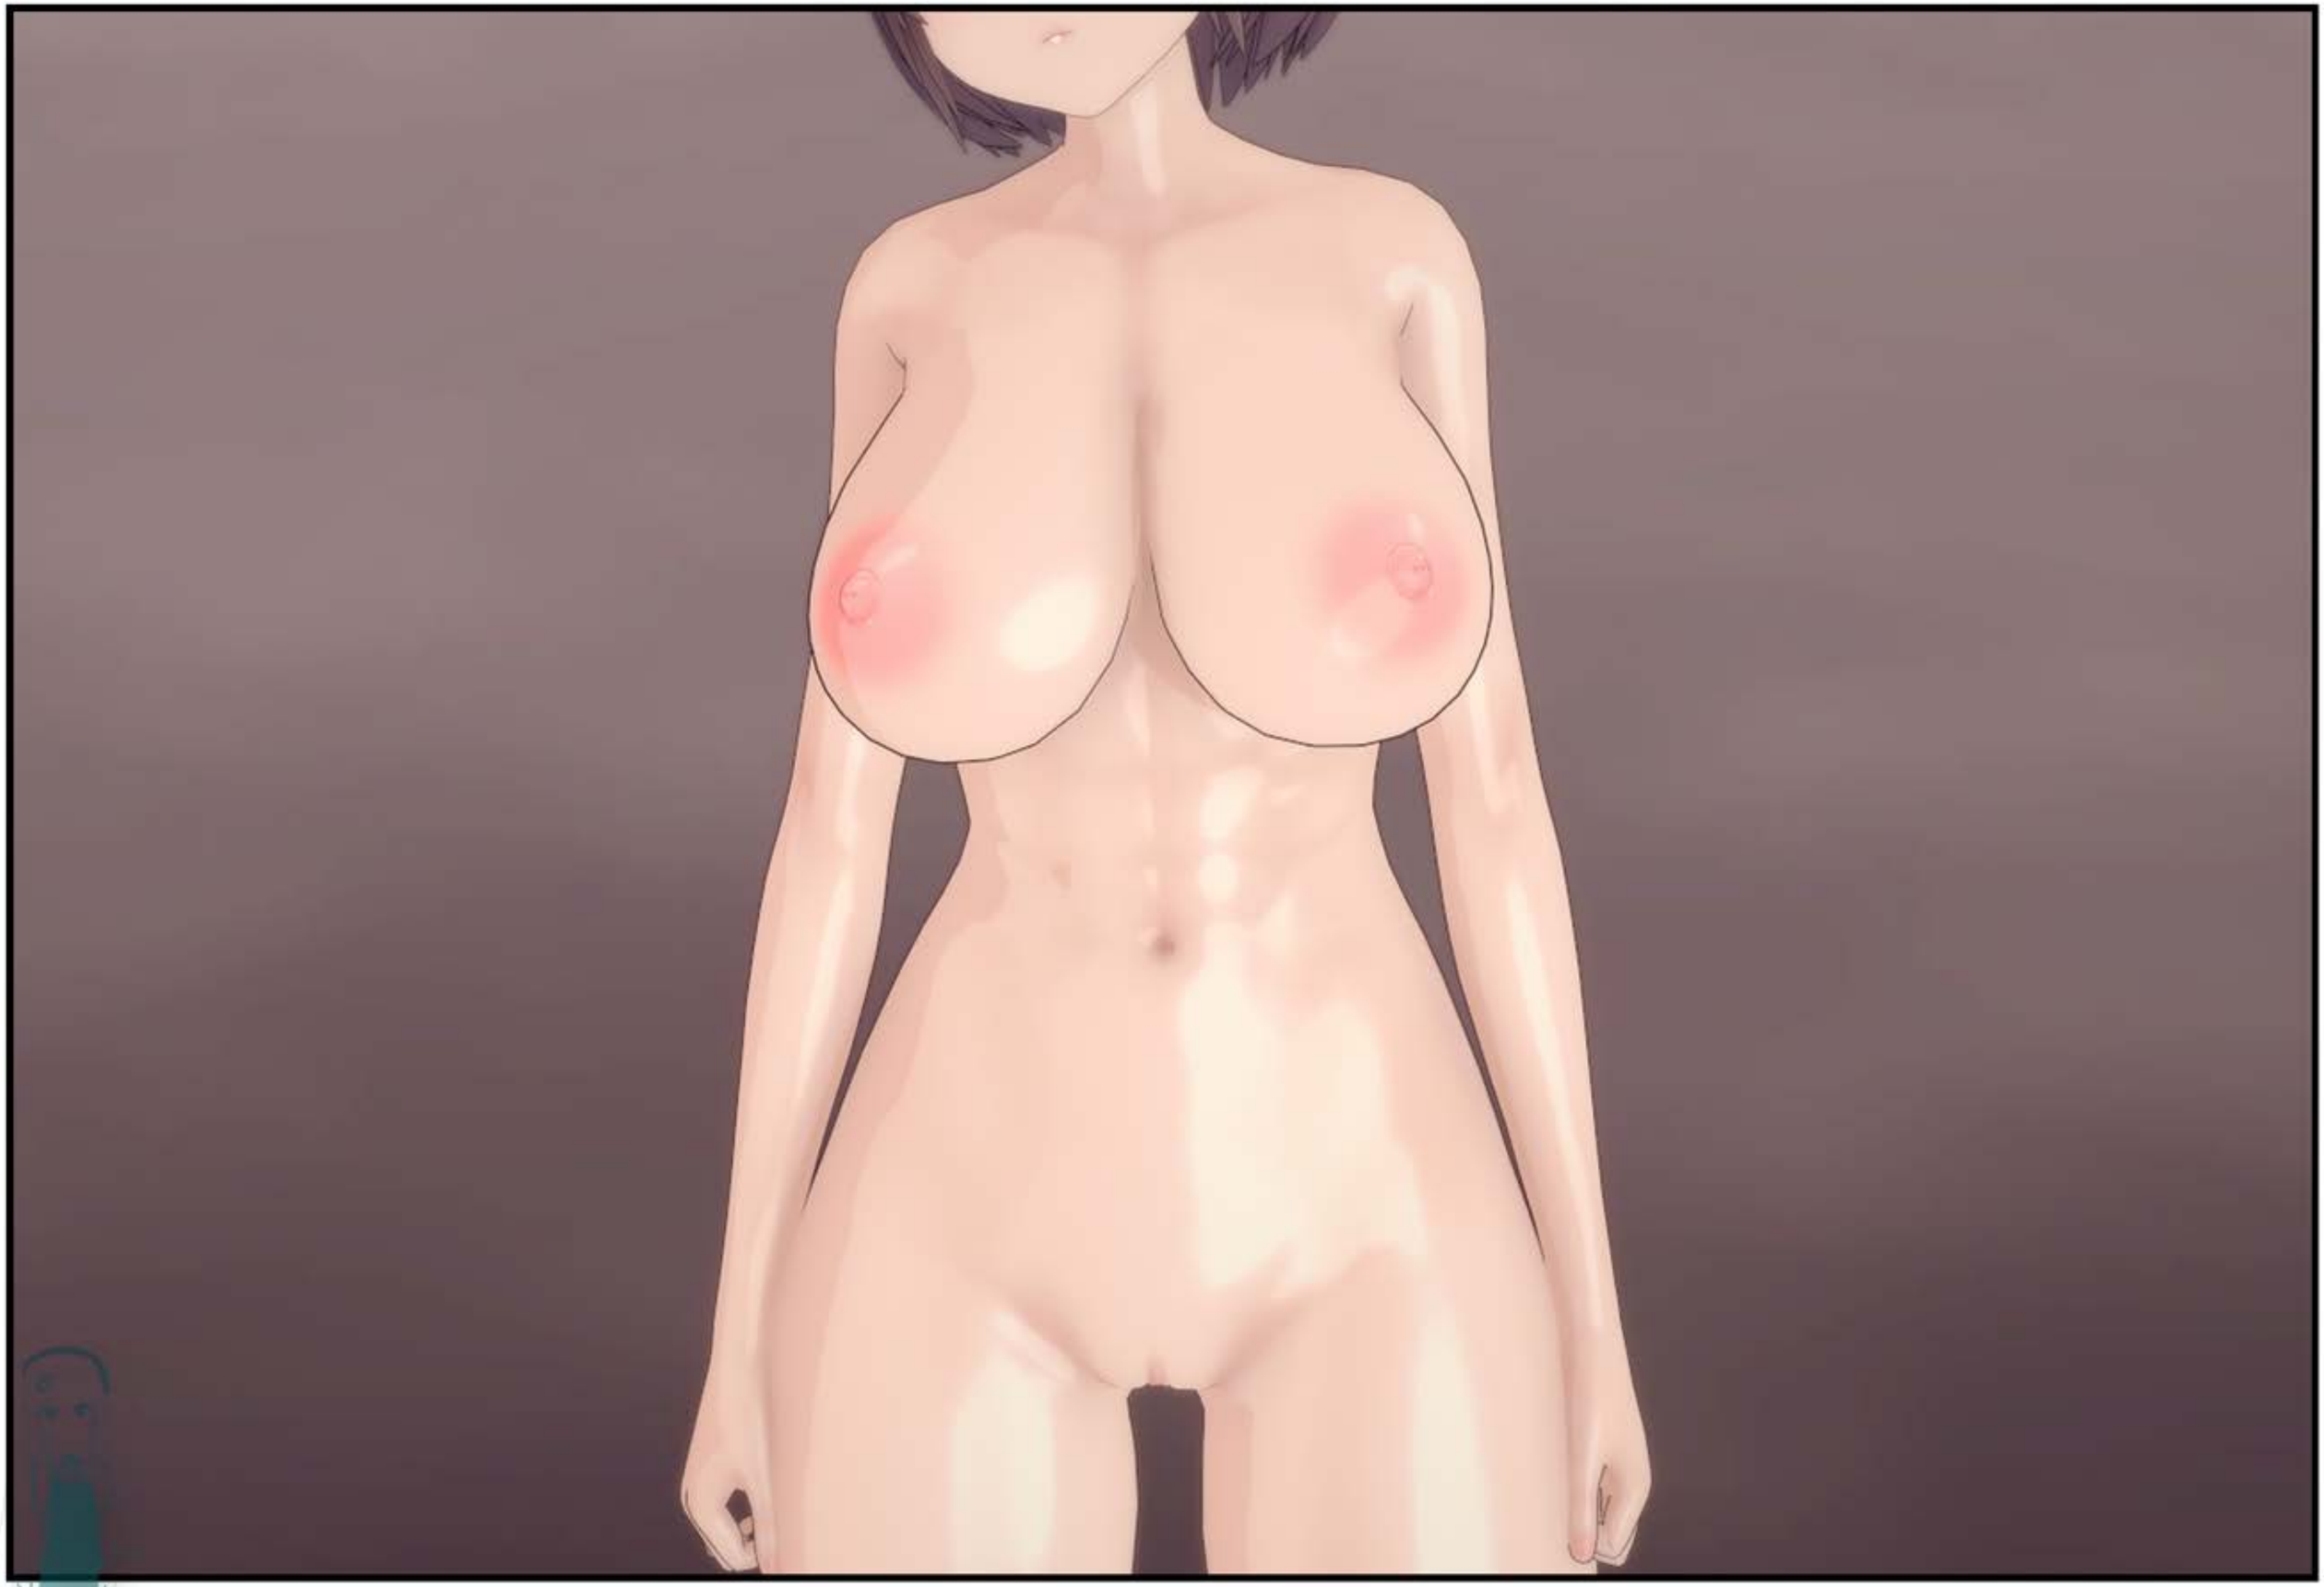
But I don't think changing hair and color would power you up..

The world is on the edge, look like the book has done it.



The longer you defy yourself, the more you will accept it.

Your first form..
was with Naoko.



Your first time discovered the fusion ability.

And to the second time, you met the other Guardian.

Along with Naoko,
you fought her while
she taking over a human.

Both of you, didn't even know the other person was a Guardian.

The final fusion form of your..

I never thought you two could fuse together..

Overall, fusion is your ability. Does it make sense now?

I'm not.. a human..
but a Guardian..?

My destiny.. was to turn the world back to its origin..

Yes, the book already told you at the very beginning..

Still, you sided up with other Guardian.

Now, you can either stay with me, and restored the world together..

Or.. I can bring you back to life.

Protect that dirty world, and enjoy your own life..

I.. I wanted.. to..

"Koji, deep from inside, what do you want most?"

Even I threaten you
to do something,
you must follow your
heart to choose
the right choice.

"I believed you
can do it, for yourself
and for people you care."

You have a wrong perception about the world..

Human appeared..
to make history
for the world they
are living..

History was made..
to record what human
have done, and past
through generation.

So that the younger won't repeat the same mistakes.

Even in the worst situation, people stand side by side together.

It's true that the world now full of conflict, violence of how you saw it.

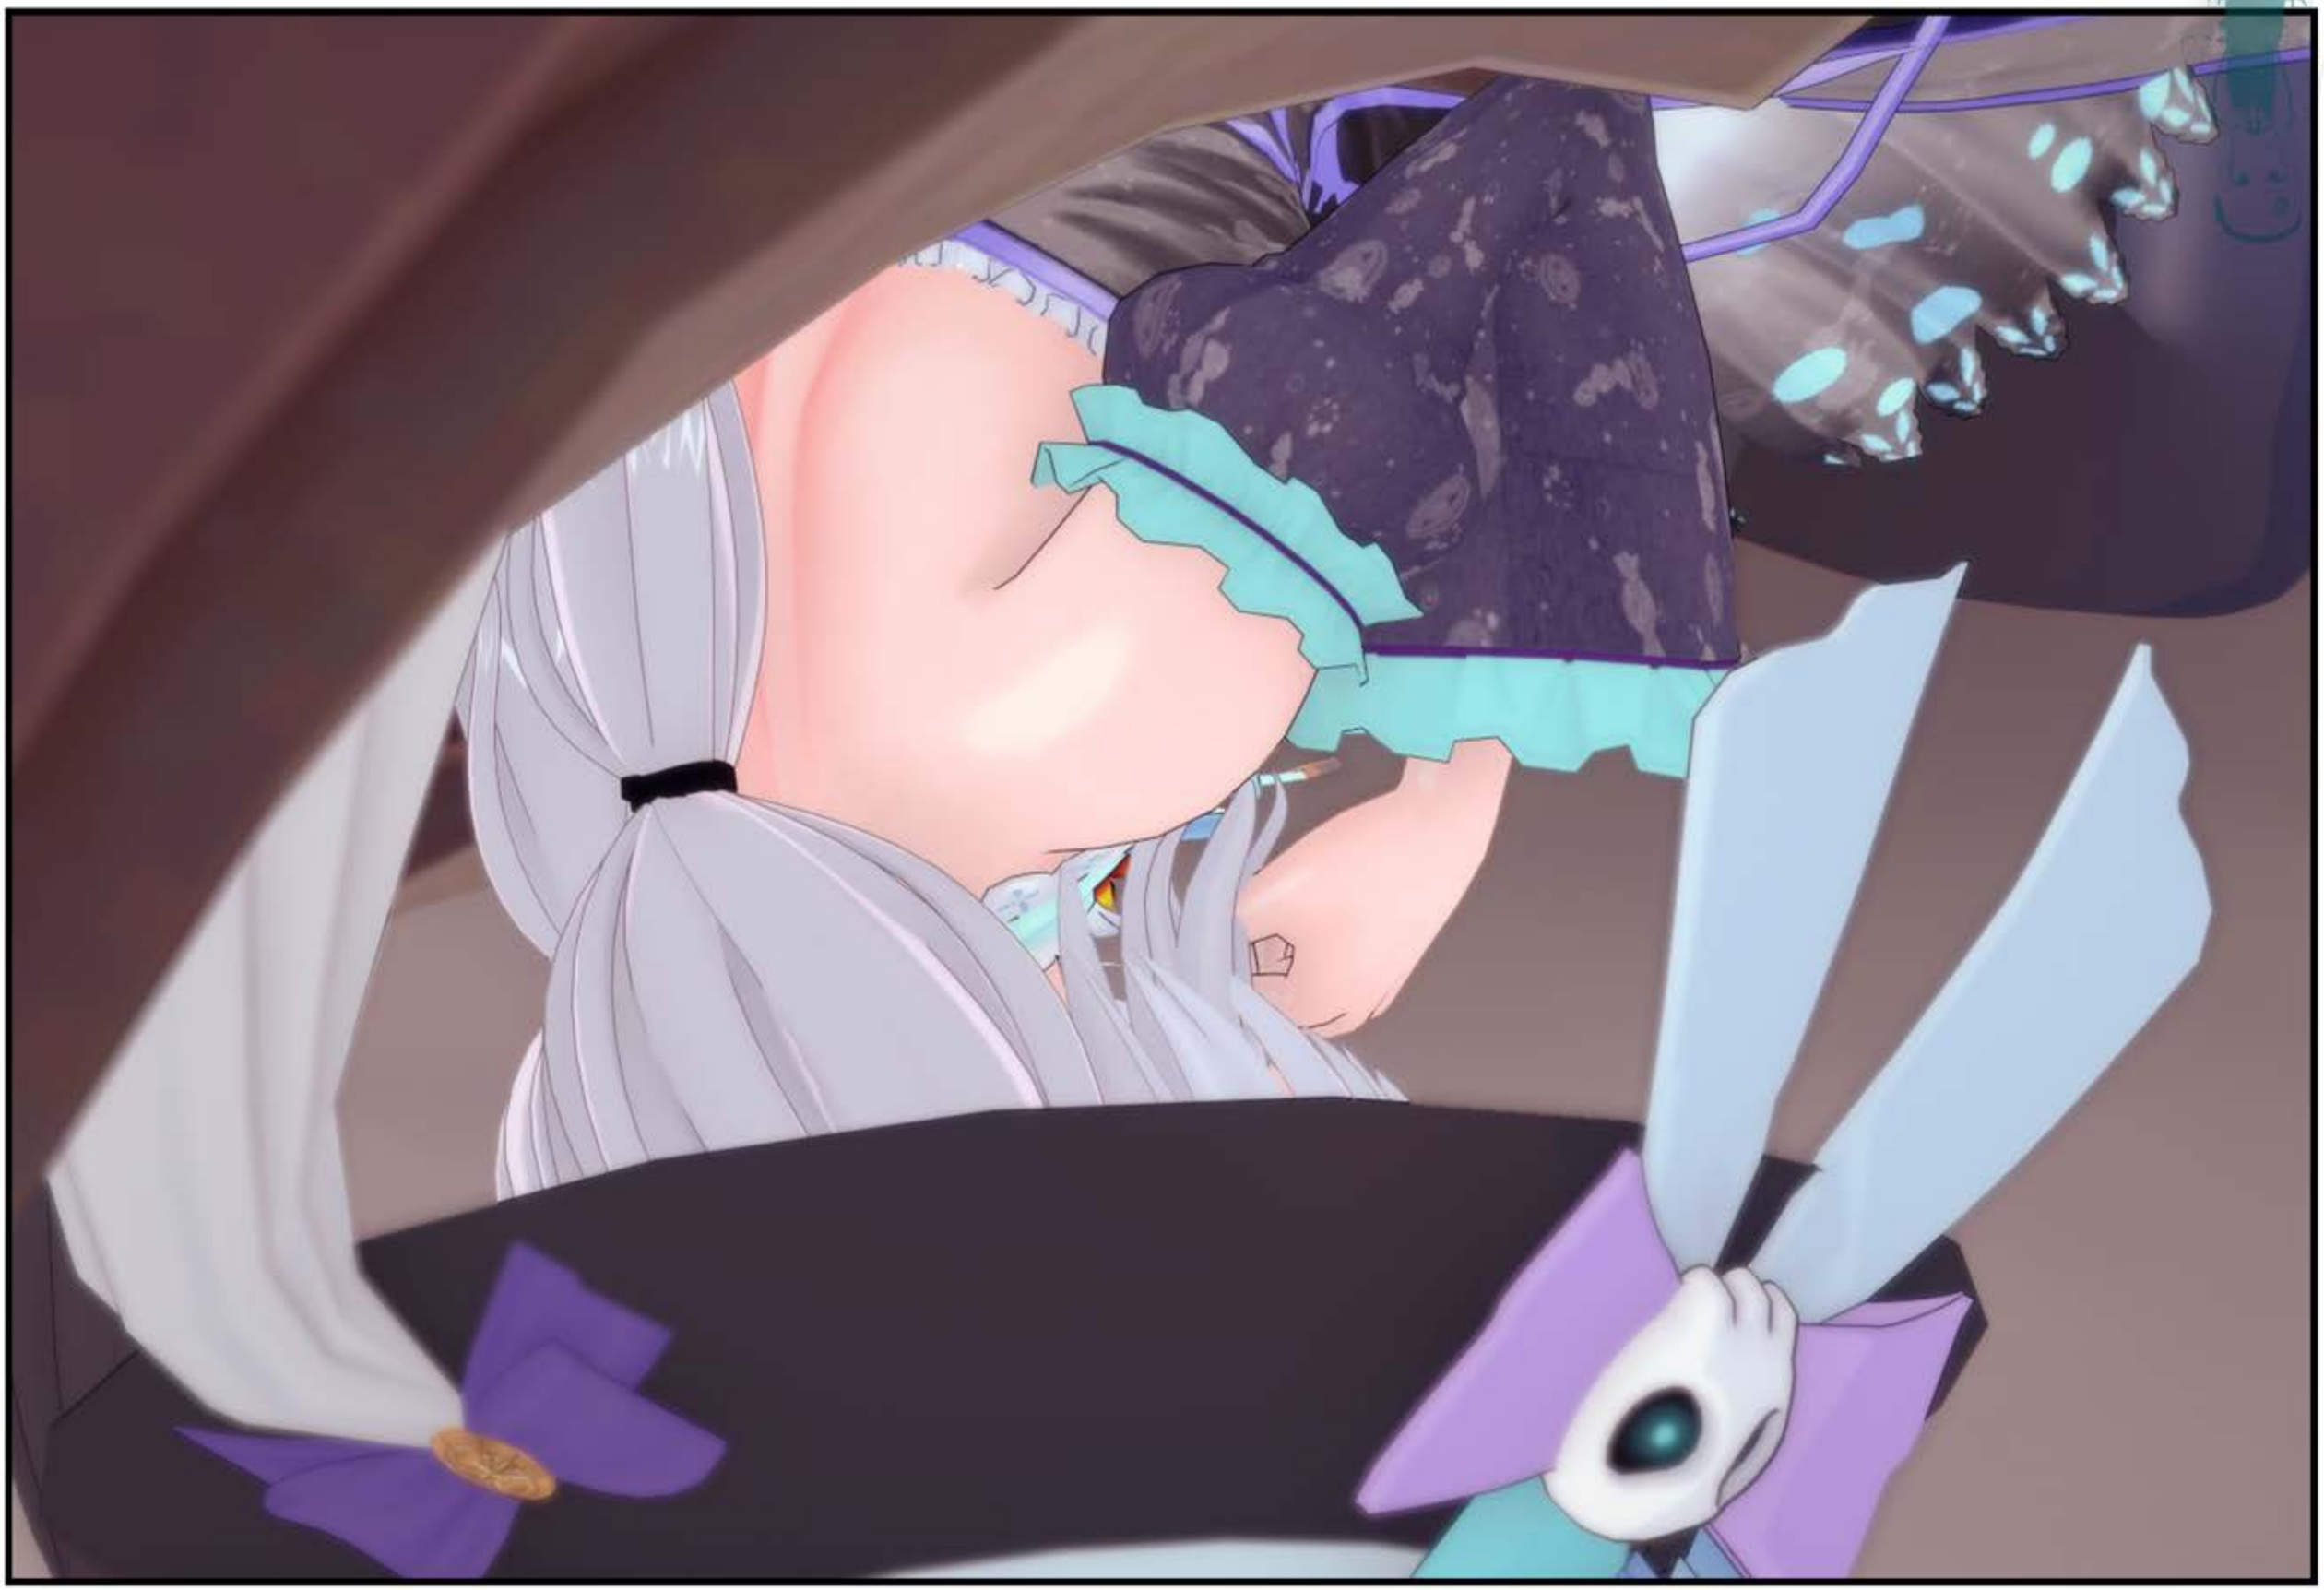
On the bright side,
there are people
who wanted to make
the world a better place!

It's won't be easy
to make a change..

But everyone is doing their best, day by day!

Whatever mistakes
that human made..

..they deserved a second chance, All mighty Witch!



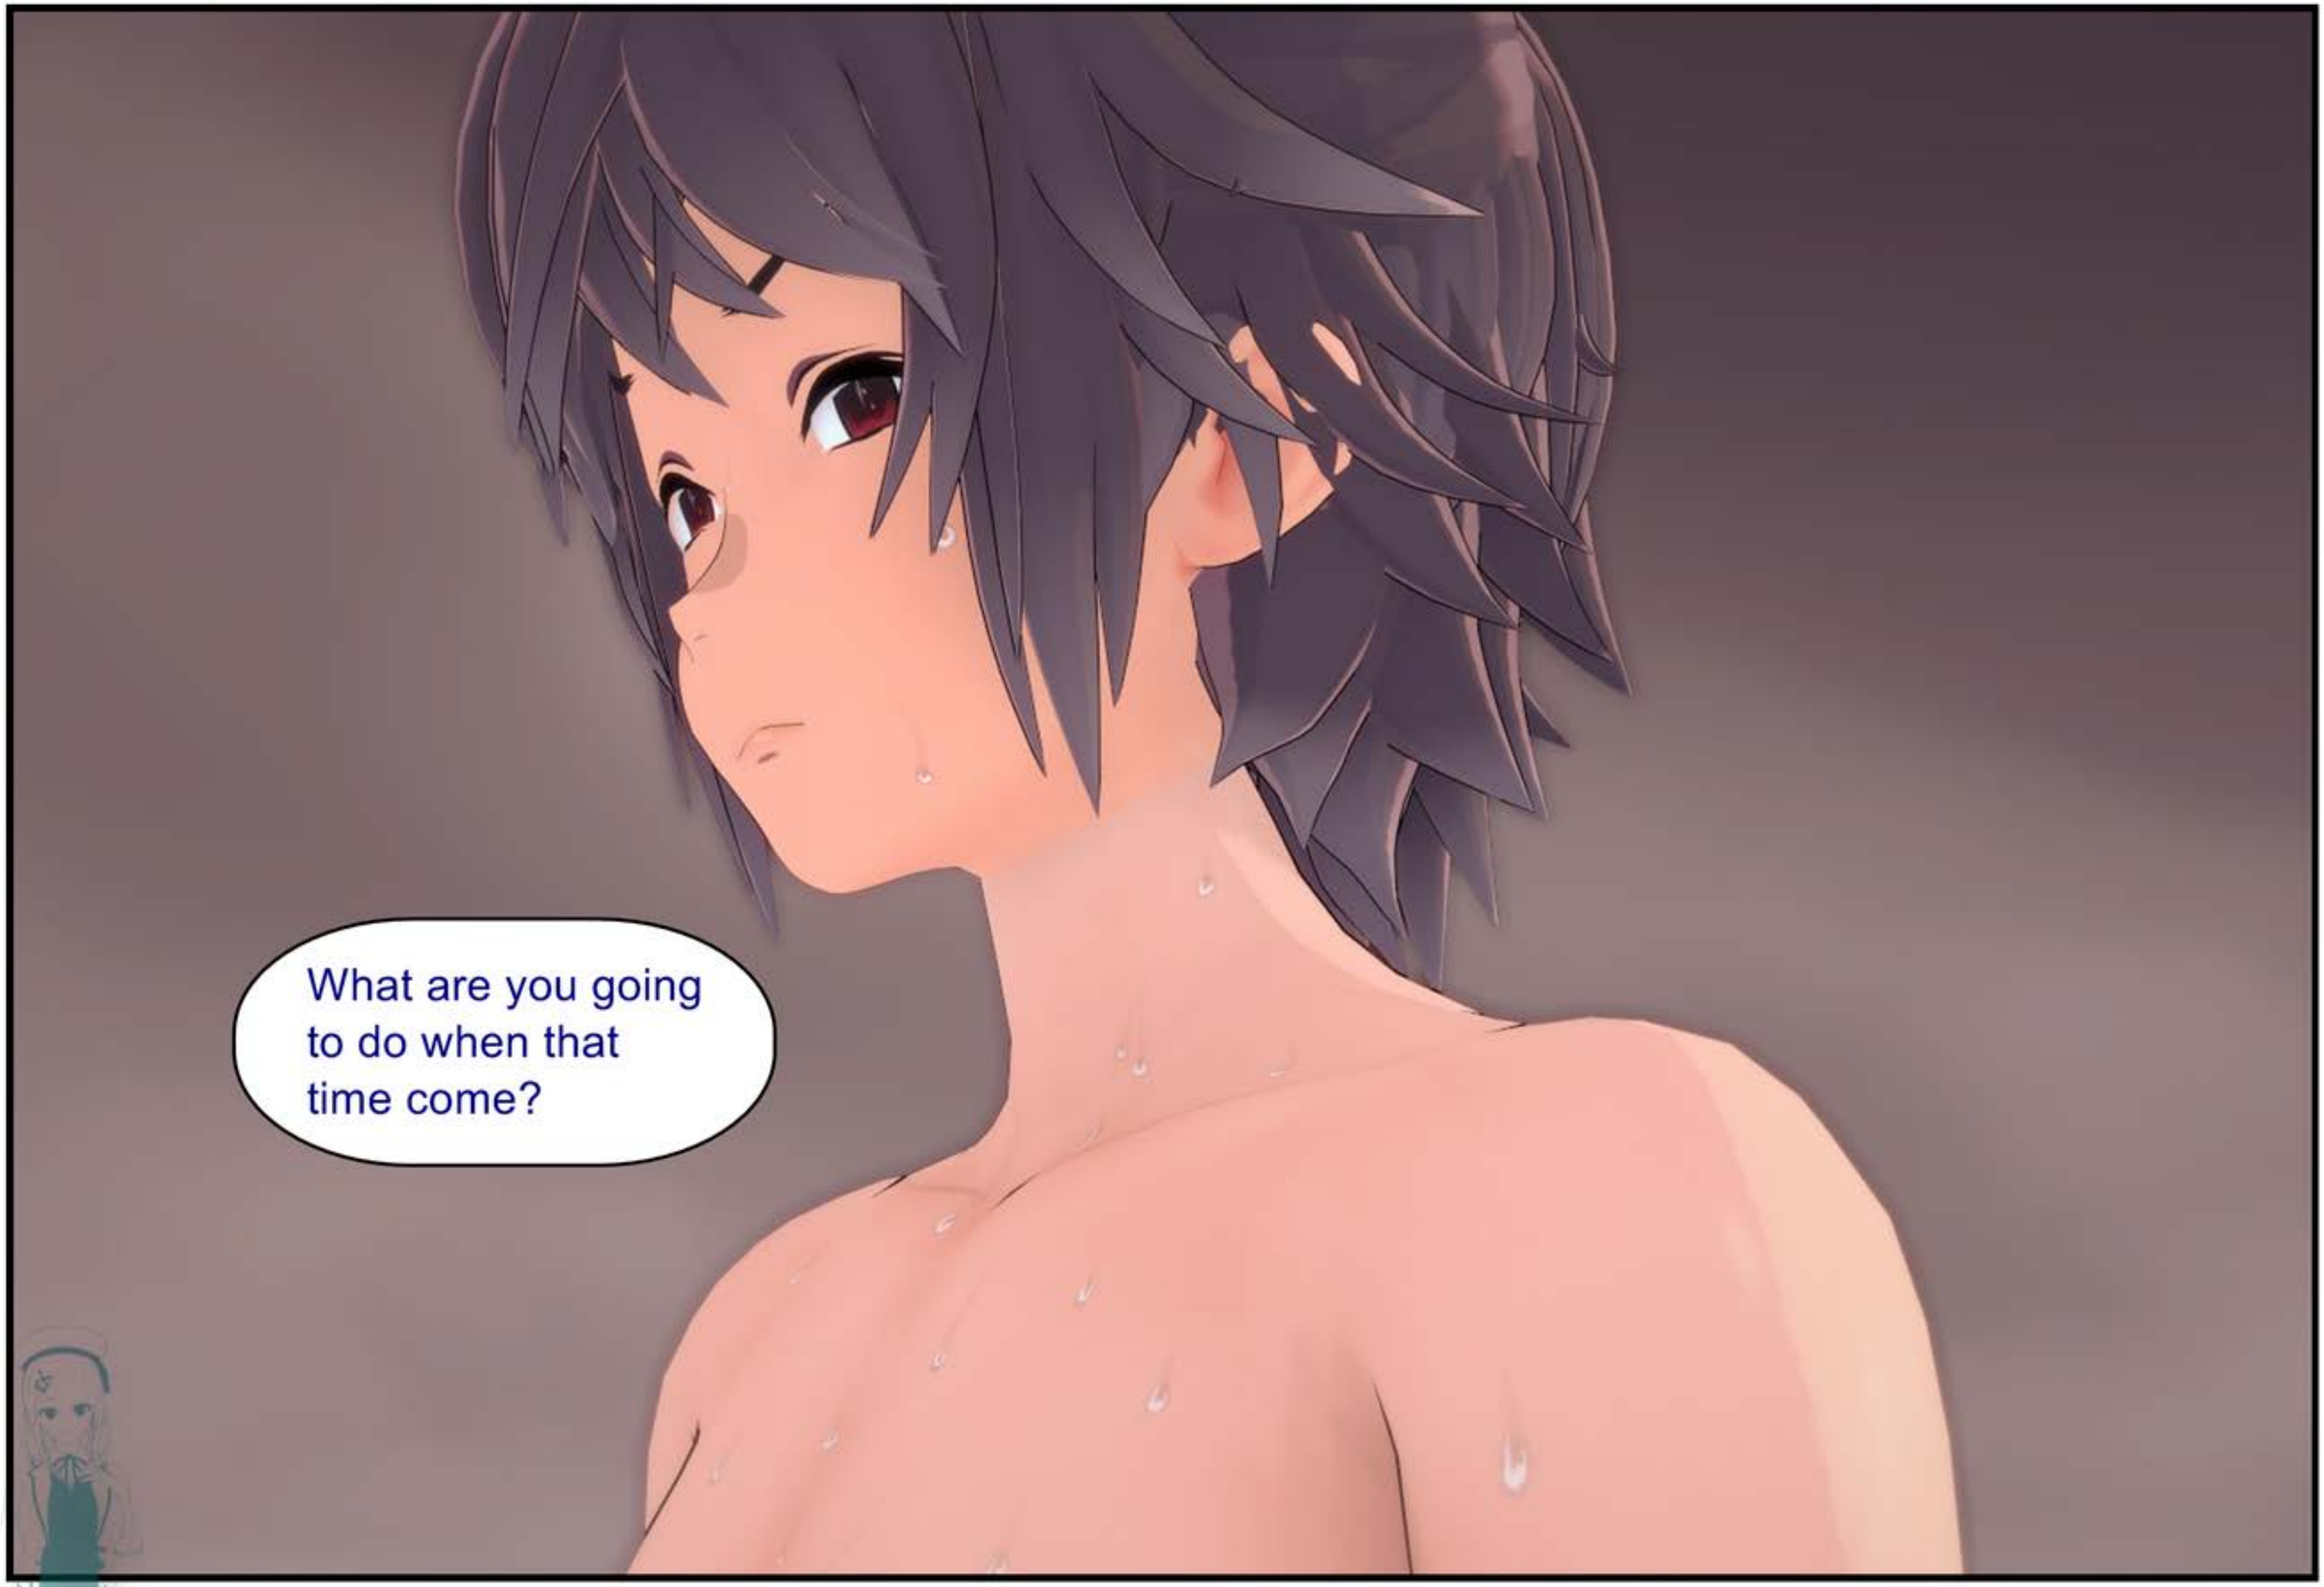
Quite boring, but far from what I expected.

If my Guardian think he can save humanity..

..Well, I won't stop you. Just go for it.

But this isn't over yet, Koji.

..Chaos will create itself, and fall upon everything.



What are you going to do when that time come?

A-Are you okay!?

Y-You are alive, Koji!?

W-Was that..?

The book.. It has unleashed the chaos!
We must stop this!

Then, I will help you a hand!

I remembered everything, about who I am.

We are toward
this world, together!

Trash talk! I will kill you again if I had to, Koji!!!

We are not going to let you destroy human history!

Conflicts and violence are inevitable between human.

We believe each people in this world has a chance to fix their mistake!

"That's right, I thought I was an ordinary human at first.."

"..When realized I was a Guardian, my perspective changed. This is my home!"

"And I'm going to protect it with people I trust!"

N-No!! What is this light!? Impossible!!

I can't be..
defeated like this!!!

The storm..
it's over..

Also Koji, you have much to explain.

Haha.. N-Nice hair you got..

Take it slow.. So, you met her, our All mighty Witch?

A bit of long story.. But at least she didn't do much.

It's okay, I'm glad that you are doing okay.

Even though I saved your life.. don't care?

Anyway, it had
been a long day.

You were making me worried up and down..
It's over, right?
No one heavy injured?

Y-Yes.. No one..

It was because of me.. from the beginning..

It's not your fault, Naoko.. It was me..
Now all of you are going to blame yourself or what?

I, myself, even surprised
that I haven't far gone yet.
But you already thought..

Hm..? Shredding tears that fast?

Come on then, let's go home!

Meanwhile..

As you ordered,
I didn't kill anyone.

But why all of sudden, you allowed them to stop the process?

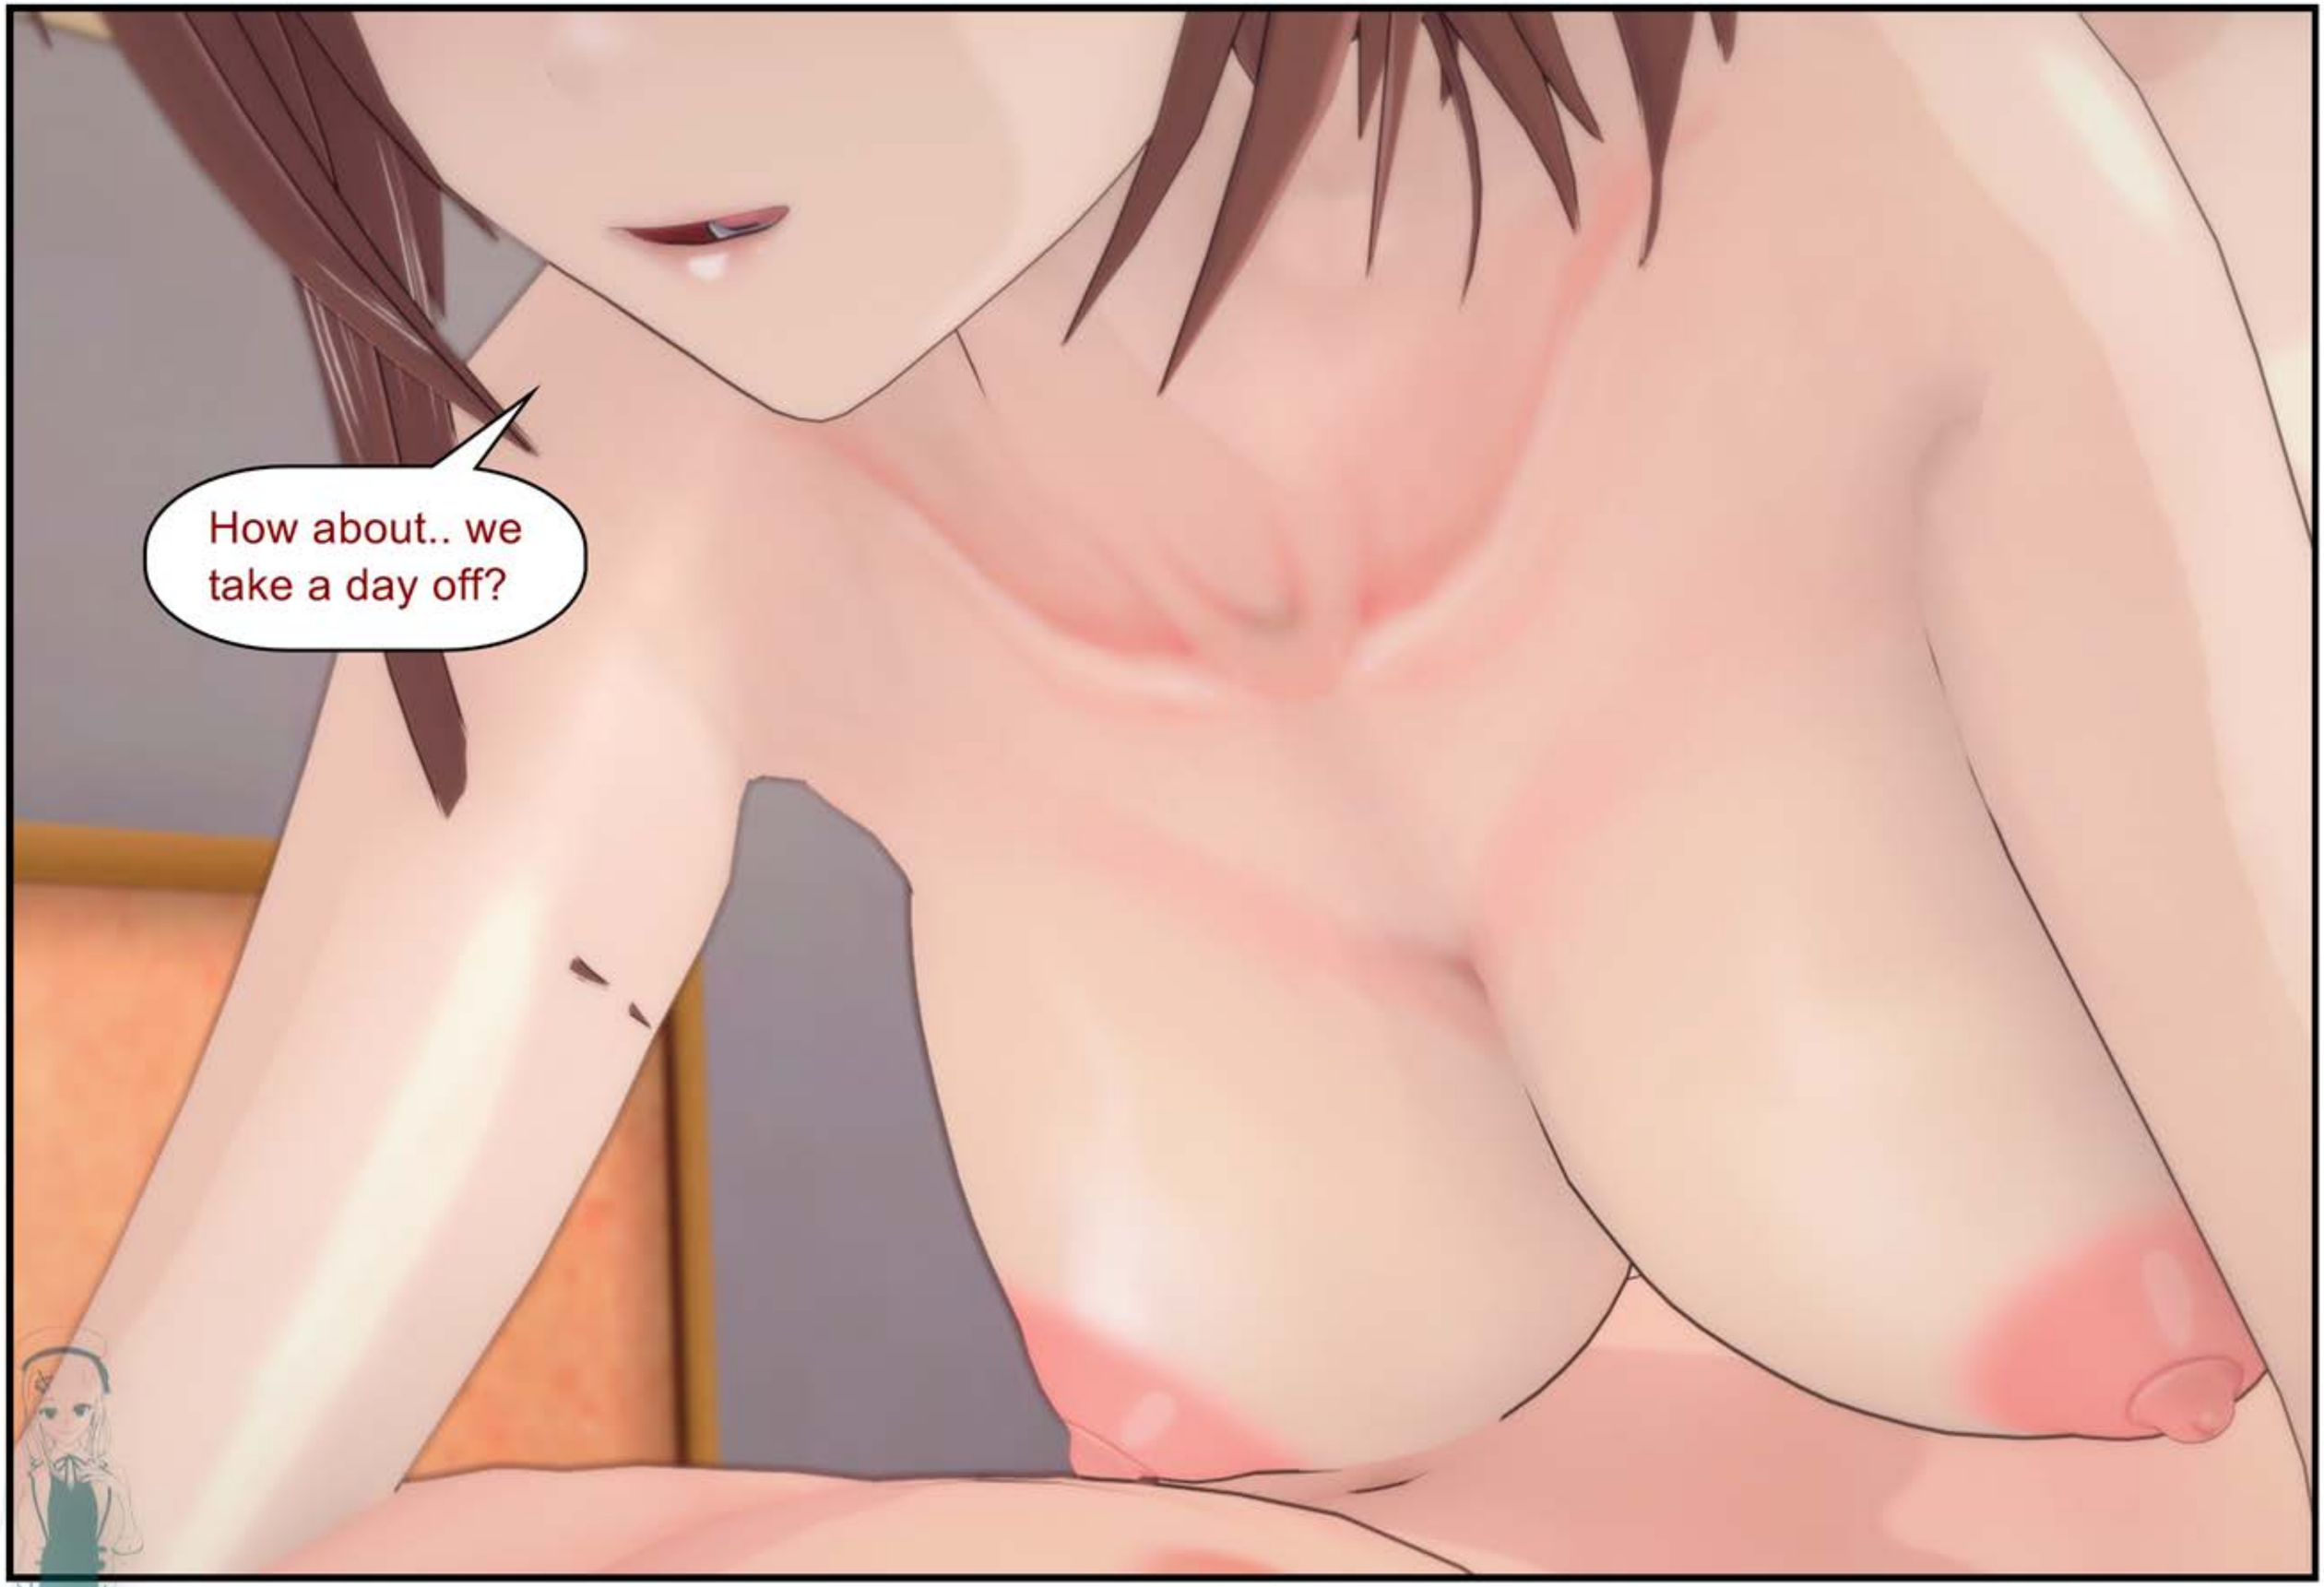
Well, I had another plan for later. Let's leave them have some peace.

I'm sure, something more interesting is going to happen.

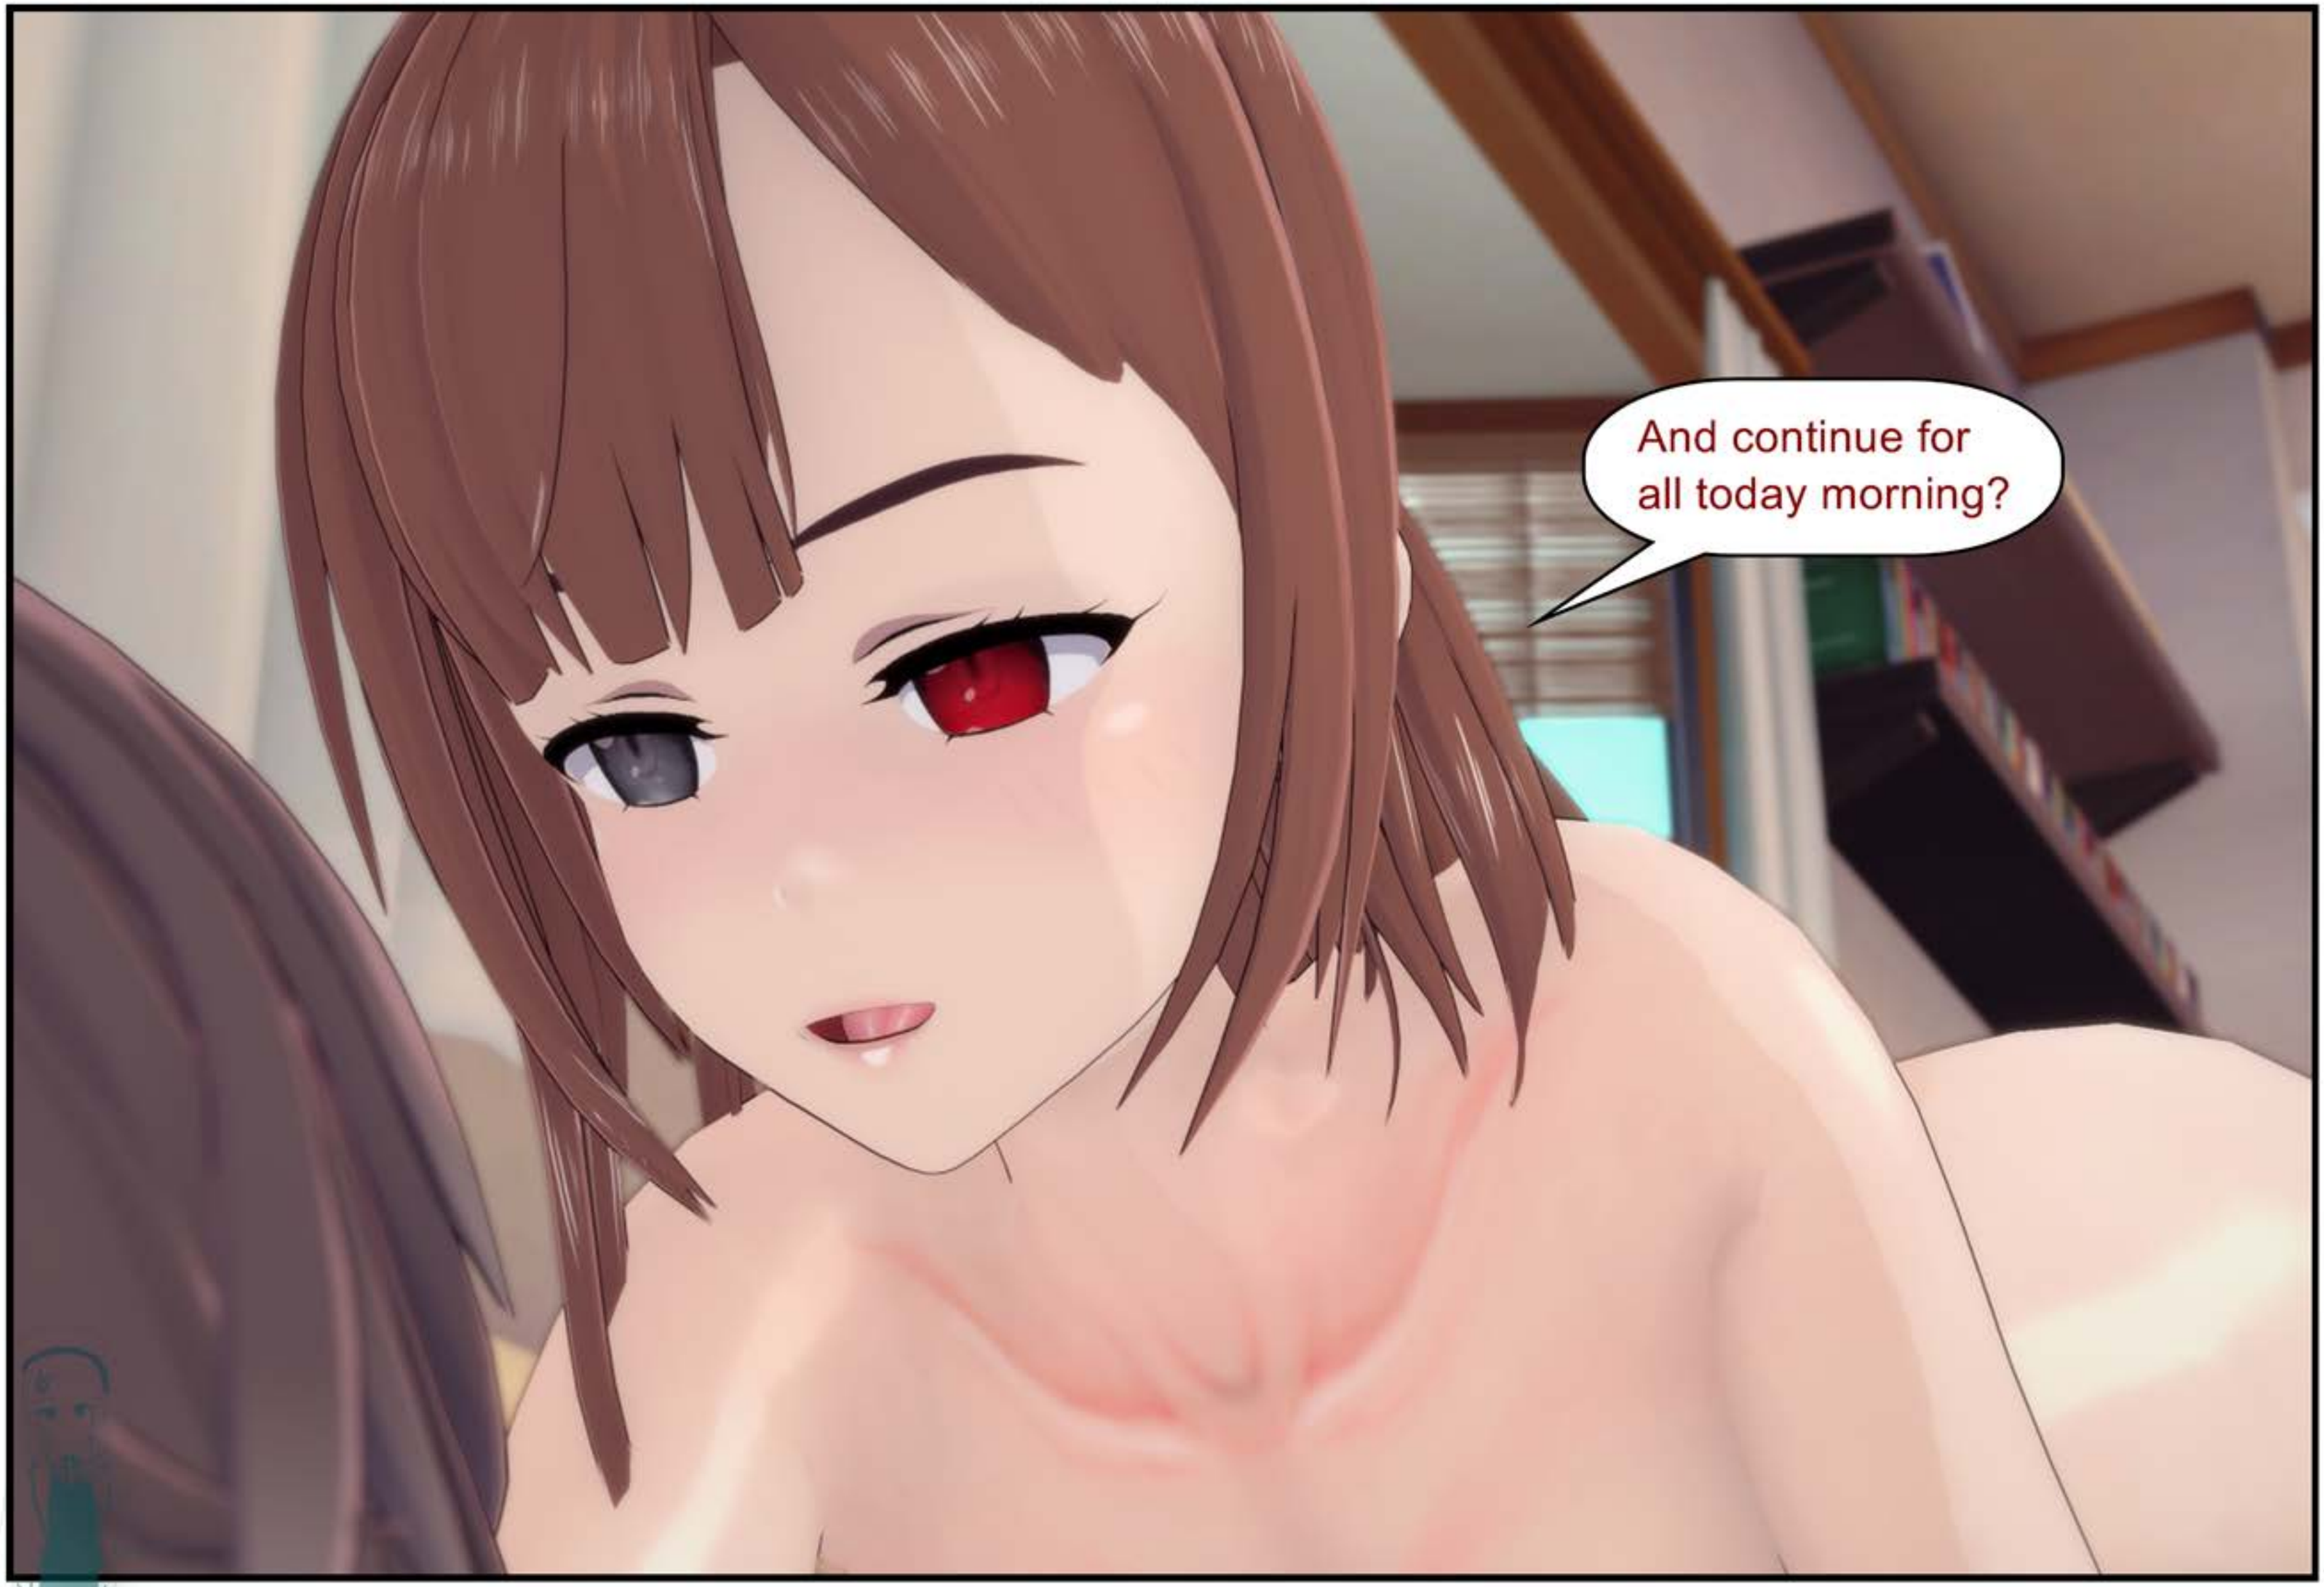
A few weeks later..

Hah.. That was nice, Koji..

L-Look like..
you know how to
get fused together..



How about.. we take a day off?



And continue for all today morning?

You want us to fuse.. or all three?

"I would be long gone if continue.."

I think.. we should go to school..

Have a nice day at school! Give teacher a 'hi' from me!

Oh hey.. You should have a name to introduce to everyone.

Name? Um.. Maybe use this body then?

Yukino, is that okay?

"Peace finally,
like everything
just happened."

"But from what
they Witch said to Koji.."

"She would return anytime soon.."

"We must be ready when that comes."
End?
