

Huh?
I'm
back...?

But
my eyes
are
burning,

and
something
is
coming
...!

Something extremely dangerous-

oh?!

Seems like I just fell asleep here.

That's relieving.

What are you doing out here all alone, though?

...
Let's go check if there are more.

Damn
...

Someone really just left you here.

What kind of monster...

!

No way.

My camera...?

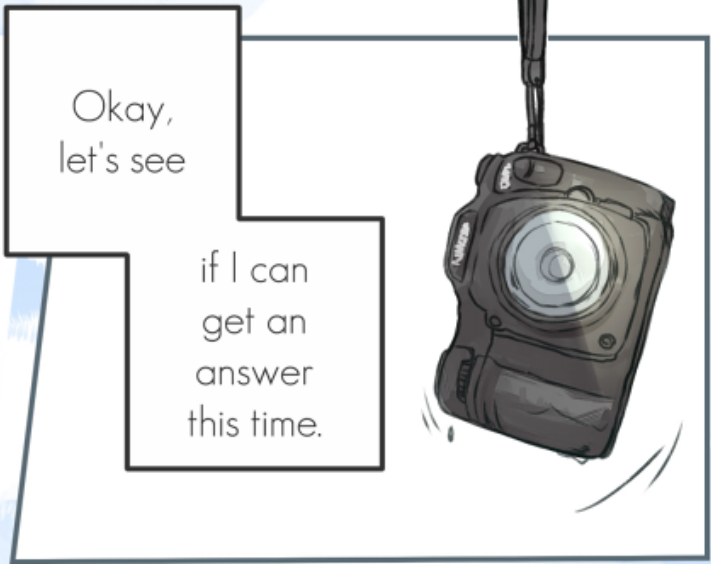

Why.

How.

Okay.

Okay,
let's see

if I can
get an
answer
this time.

...

Of
course
not.

sigh

Uhm,
it's
fine.

Otherwise
I'd be
at home
already,
and what
about you
then?

As Robin
would say
"one thing
went wrong,
to make
another right",

or
something
cheesy
like that.

You're
going
to meet
him later!

pff

He's a good guy.

He can take a look at you

before I bring you to a shelter.

He'll be a little bit surprised to see you, probably!

mew!

Aw, man,

I wish I could keep you~

I can't wait to get home.
