

NONESTOP GROWTH NOVEMBER

ゴゴゴゴゴゴゴゴ

THE AFTERMATH - PART 2

Continuing where we left of last time...

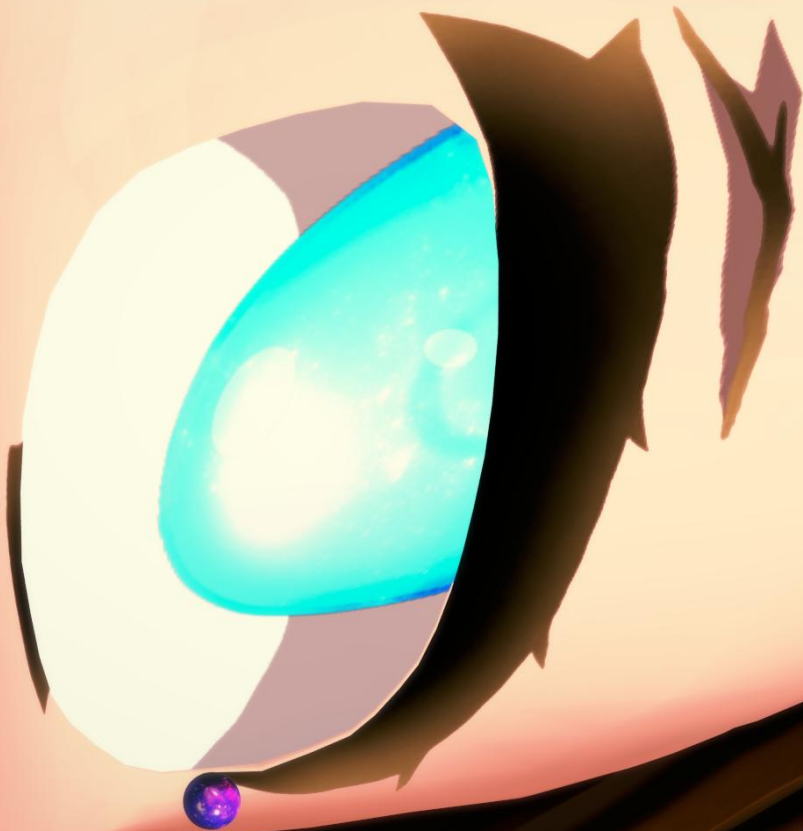

GROW

It's like nothing to me :o

GROW

GROW

Mhh, I could fit so many little universes inside me

GROW

GROW

Just imagine how many galaxies are inside

You better watch out, your tiny existence is making my nipples hard

GROW

GROW

GROW

Don't tell me I didn't warn you!

GROW

GROW

SMASH

GROW

GROW

Oh yes more ~ taller, bigger

This pleasure is just like me

GROW

GROW

GROW

It's out of this world!

GROW

GROW

And thus she continues to envelop more and more as she grows endlessly...

OHH

GROW

Yes!

GROW

GROW

At this moment there are dozens of universes on screen

GROW

GROW

Wait you don't believe me?
Let's zoom in a little then...

...more...

GROW

GROW

Can you see them? No?

Now there is one, in front of her who knows what sized nipple

GROW

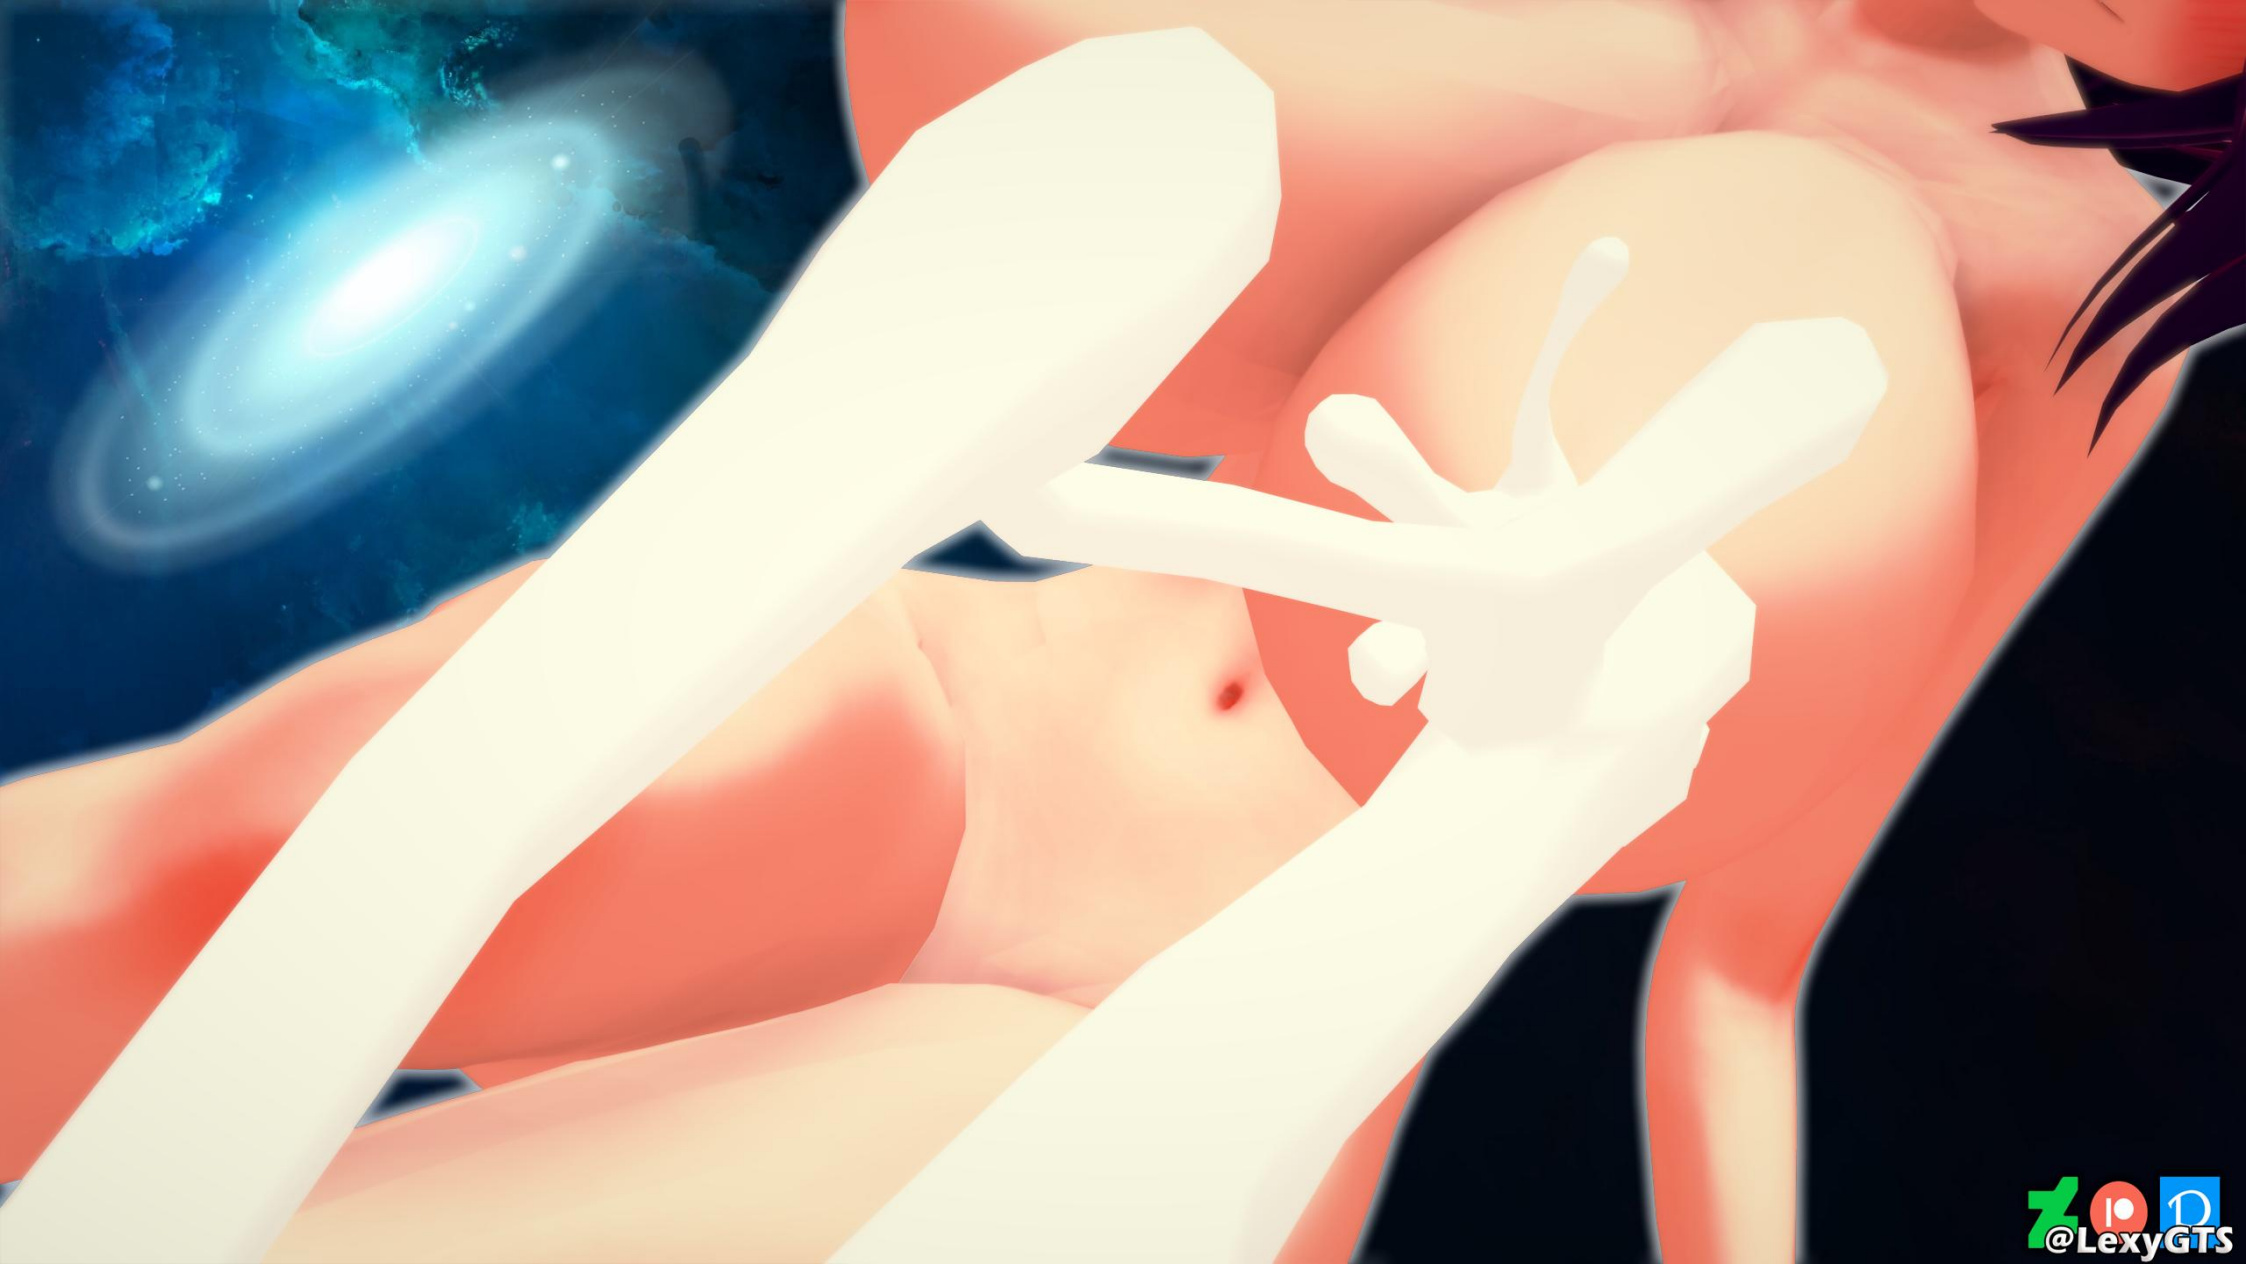

Some of you might also ask what Hannah is doing while Megan outgrows all imaginable concepts

Well, she is still busy supplying and guarding an ever expanding universe

It's crazy to think how one droplet of milk can cover millions upon millions of stars

It's like I'm the mother
of the universe now

Although there is another
contender for that title...

GROW

GROW

...since she quite literally has
the universe inside her womb

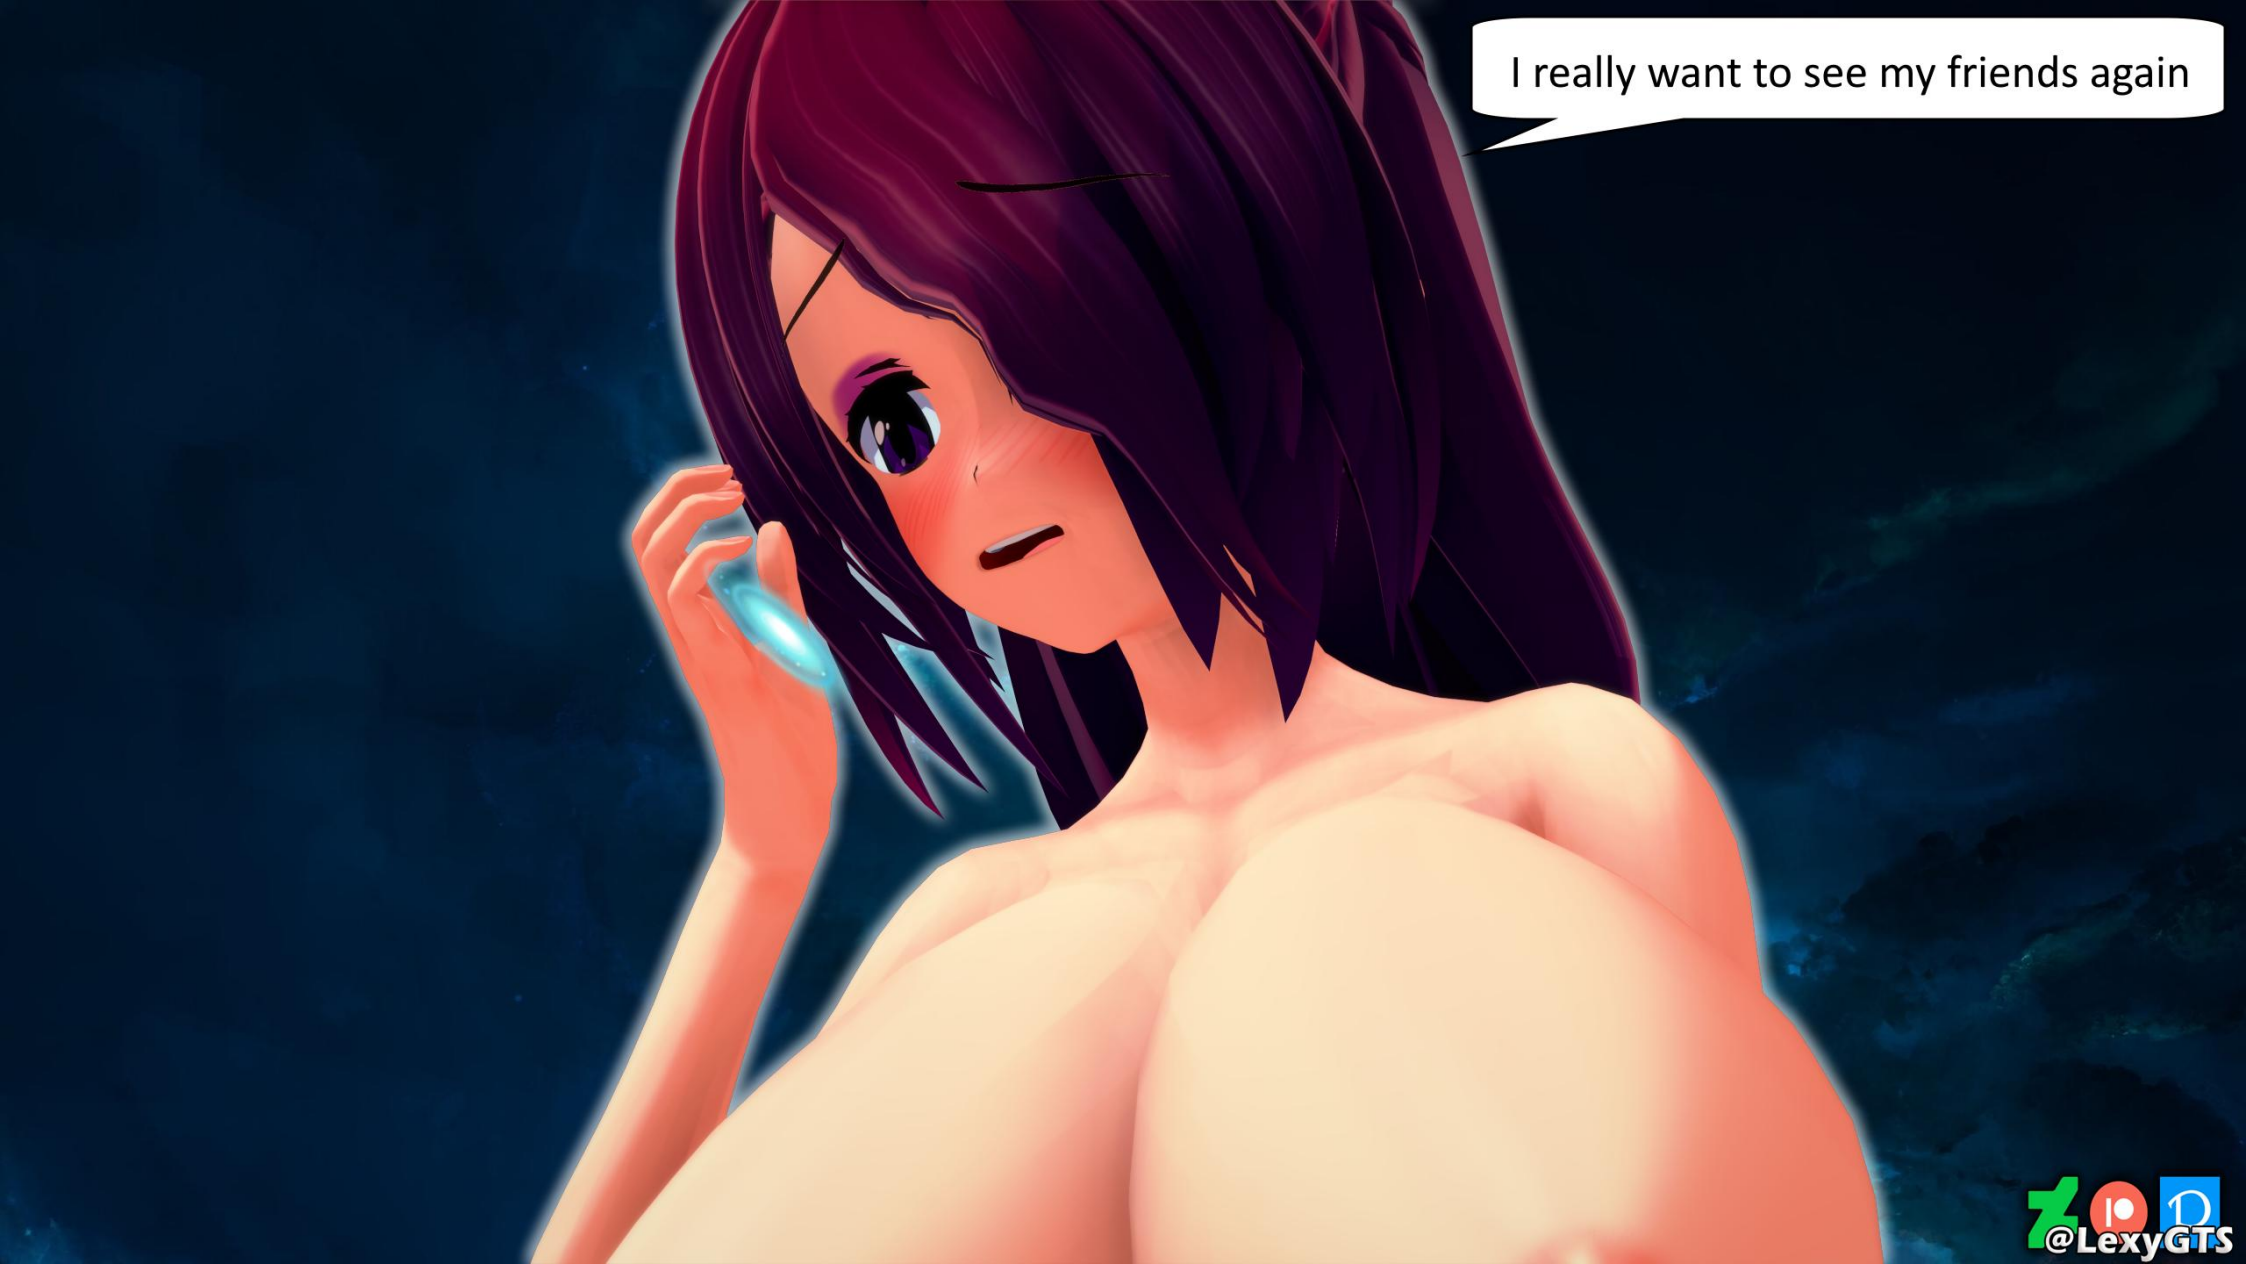

GROW

GROW

Welp in the end it doesn't matter, they
live happily ever after as absolutely
gigantic beings - the end!

If only it weren't for that one detail which we just can't ignore...

It's getting so lonely out here...

I really want to see my friends again

Hehe

What a shiny ring, hehe

Hey! Stop it!

I don't have any more of that material

Hopefully they're fine...

On first glance, yes?

...but can an eternity of pleasure and never ending growth numb your senses?

What happens when you outgrow all concepts and are left with nothing?

Ahh, I'm so god damn massive

GROW

GROW

I'm never ending...

...incomparable...

GROW

...and more massive
than reality itself

I'm immeasurable...

...incomprehensible...

...unimaginable...

GROW

I am,... I-

I... I'm...

GROW

GROW

GROW

I'm lonely...

I hear nothing, I see nothing,
there is nothing...

...there is only me

GROW

It's everything I ever wanted,
and yet I feel empty

Nobody is there to see my size,
no friends, nothing

I miss them

GROW

GROW

Eternity numbs you, doesn't it big girl?

A large, close-up anime-style face with glowing blue eyes and a small girl with long black hair looking up at it. The girl is wearing a red top and a black skirt. The background is dark blue.

Wha- who are you?

Oh me? My name is not important

If you want to call me something
then you can call me Lexy I suppose

The scene is set in a dark, cavernous environment with orange and red lighting. On the left, a large, glowing blue eye with a black pupil is visible, looking towards the right. In the center-right, a young girl with long, straight black hair and a red hair tie stands. She is wearing a dark red, long-sleeved, open-front top and a matching dark red skirt with a silver buckle. She has a surprised or confused expression. Three speech bubbles are positioned around her, containing text.

Enough about me, you are the god here

...wait- I'm wha- what?

Yeah, I mean look at you girl. All that greed, hunger for power, attention and pleasure. It's my best result yet

I'm sorry, I'm not following.
Can I see my friends again?

hehe, of course you can silly!

I mean why do you think the universe is expanding? It's because you want it to

Why do you think you are completely outpacing its growth? It is because deep down that is what you desire.

This is what you truly want

Well regarding your friends

There is something I could do
about that though...

...it has it's price of course

! TRADE OFFER !

So how about it? Let's make a deal then, shall we?
