

PART 2

Chris could still feel Katya's feces burning his throat. She had finished shitting but the flavor and taste remained! It was caked inside of him, covering his insides, each breath was infused with the burning bitter flavor. Chris took a small breath and began choking, gagging, it was impossible to bear. His tongue hit Katya's rectum as he choked and he could feel it was covered in filth. Her fat ass cheeks were covered in sweat and he could just barely see over them.

"It's almost lunchtime, would you like something to eat?" The doctor asked, Chris began to cry.

'NO, I WON'T EAT! I WILL STARVE IF I HAVE TO!' Katya cried!

There was a slight pause and silence as the Doctor looked down on her. His flat mouth turned to a smile as he slowly began to laugh. He broke into a cackle as he bent over holding his sides and wiping tears from his eyes. It took a moment for him to recover before he got to his knees before Katya.

"Such a pretty face, and soft delicate lips," he said while tracing her face, Chris watched from behind Katya's ass, he wanted to kill this old freak!

"It would be much easier to eat, hmm, if you were connected to someone else's backside? Would you prefer that instead? I can arrange such a thing very easily!" He teased as Katya began to tremble.

"NO PLEASE DON'T! I'LL DO ANYTHING!" Katya cried, dropping her head to the floor away from his gaze and lifting her ass up slightly, forcing Chris' face up with her cheeks.

"Perfect, then you will eat what I provide, no complaints! And if you do well, then perhaps, in a few weeks' time, I may let you go!" He smiled...

"A MPPEWW MPPEEKS" Chris mumbled with his face sewn to Katya's ass.

"That shouldn't be a problem? As I said, I would be more than happy to add another person onto the front of the chain, if that made things easier!" He smiled at Katya who began to sweat.

"No, please! A few weeks is fine! We will be fine!" She answered quickly with her head to the floor in a begging pose. Chris was powerless to speak, he was so weak he could barely move, his face was being sucked on by Katya's sweaty ass cheeks and he could barely see over the mountains of fat. Katya had caved so easily, become subservient to her captor in a desperate attempt to save her life.

"Perfect, you wait right here, and I will be back with your lunch" The doctor smiled as he backed out of the room. The door closed and could be heard locking from the other side.

There was a slight pause and silence in the room before Katya began pushing and grunting slightly. Chris felt her anus press outwards inside of his mouth before spreading wide. There was a burst of warmth inside of his mouth before the hurricane-like sound ripped down his throat.

BBBBBBBBBSBSBVVVVVFVRRRRRTTTTTTTTT

Chris froze, he could still taste the gritty bitter flavor of her shit in the post shit fart that had forced its way down his throat. Katya on all fours stretched her back and raised her head before looking back to Chris. She was blushing and had an embarrassed look on her face.

Chris could barely look her in the eyes, he was so embarrassed, so humiliated, his mouth was literally connected to her asshole! He could feel its greasy lips pulsing on his mouth. The hot flavor sat in his mouth as Katya smiled.

“It’s only gonna be a few weeks, and then we can go home!” Katya explained like Chris couldn’t hear the previous conversation!

Chris, in a panic, reached up and grabbed the sides of her ass cheeks squeezing them hard! He pushed his fingers into the fat on each cheek and began trying to speak, his tongue flicking her dirty stained asshole.

“**MPPPPH MMHM SMPPPHH MMS MPPH MFHPPPHH**’ Chris tried explaining with his face plastered to Katya’s ass. In the middle of his speech, he was cut off by an **EXPLOSIVE** blast of gas coming from her anus!

BBBBBBFBRRRRBBFBRRTTTTT

Katya groaned in relief as Chris’ eyes went wide. The fart rocketed down his throat, hitting his lungs like a bomb going off inside his chest. He could feel the burning bitter heat deep inside his body as Katya looked back with a shy embarrassed smile.

“This is so embarrassing” Katya looked away...

“But this is your thing right, I mean, you begged me for it, you wanted this right?” Katya asked.

“**MPPHH MPPPHHS MPPPHFSS!!**” Chris grabbed her ass trying to speak again, his tongue flicking her asshole with each word he tried to pronounce. He had wanted this, he had fantasized about it, but it was just that, a fantasy. He had not realized until now, that it was too much, the flavor, the smell, the heavy taste. It took having his mouth sewn to his girlfriend’s asshole to figure out that his scat fetish was just a mental one but it was far too late. He could feel her greasy asshole pressing outwards and into his mouth, preparing for another fart. Katya started to grunt as she rubbed her stomach.

Chris knew there was no way this psycho was going to let them go, they would go to the police and have him arrested first thing! He would not take that chance! He was going to keep them here or kill them, Chris knew that but it was impossible to communicate it to Katya. She was so naive and innocent, she really thought he was going to let us go! The only way they were going to escape was on their own, or else they would die down here!

His thoughts were interrupted by a hurricane of gas ripping down his throat! It was so hot and steamy, way stronger than the last fart, and it had a thick abundant taste of bitter shit. Chris

could feel the gas echo all the way down into his stomach and lungs as Katya groaned in discomfort. Her stomach could be heard rumbling throughout the entire room.

“Can you imagine if this wasn't your thing?” Katya asked with a hint of relief and a slight giggle just as the door before them unlocked and swung open. The doctor backed in, using his butt to push open the door, his hands were full. Chris watched from over the mountains of ass fat in his face trying to see what the doctor was carrying. His eyes went wide when it locked onto the dish.

It was a **MASSIVE SLOPPY BURGER AND FRIES**, covered in macaroni and cheese!

Chris felt his stomach churn as Katya began shifting uncomfortably. The doctor set down the plate on the floor in front of Katya and then smiled. She was incredibly lactose intolerant. Chris knew from past experiences in their relationship that even the slightest amount of dairy caused her to explode. She would spend literal days in the bathroom, groaning and crying in pain as she evacuated her insides. Chris could feel his heart rate starting to increase as Katya looked up to their captor.

“I'm... I'm so sorry, but... I can't eat this” Katya tried to say politely.

“Hmmm, you can't? Or you won't?” He asked

“I... I... If I eat this, I'm... I'm lactose intolerant” Katya said quietly.

Chris could see the doctor's eyes widen with anticipation. He immediately began taking notes and smiled as he wrote a few lines.

"Hmm, even better, perfect, you two are the best subjects I have had yet!" He exclaimed with a big grin!

Chris wanted to scream, he could feel his stomach bubbling and groaning, trying to eject the contents within it, but there was nowhere for it to go! He wanted a drink so bad, anything to wash the shit from his throat, he could feel it drying, getting hard and crispy with each swallow. Katya was on her hands and knees, her big ass stuck to his face as she examined the meal before her. Chris knew, he knew she was going to eat it, she wouldn't say no, she was suffering from Stockholm syndrome, she believed they would be set free, she was so naive!

"MPPPPH MPPPHSS MPPPHSS!" Chris cried from behind her as she reached forward and took the burger in her hands. Macaroni was spilling over the sides. His insides were gurgling just thinking about the repercussions of her eating this!

Katya paused and set the burger down, apparently having second thoughts, Chris breathed a deep sigh of relief into her sticky asshole. The doctor smiled and crouched down.

“Remember, if you’re having trouble eating, I can always make some adjustments” he teased. Katya grabbed the burger instantly and took a big bite, chewing, and swallowing. Chris’s heart dropped as he felt her swallow. He could feel her muscles all the way down to her asshole.

The doctor stood there, watching as she ate, inhaling the burger and fries. Chris could only see the top of Katya’s head bobbing up and down as she ate off the plate laying on the floor. Her anus was pinching his tongue, pulling him inwards between her cheeks. He had to move in, pushing his face to her ass. If he pulled back the stitches would rip and cause horrible pain. Her asshole was so wet and was constantly pulsing, winking, teasing him. He could feel tiny little whiffs of gas puffing out, filling his mouth with bubbles of gas as she ate. The doctor watched the entire time with a big smile on his face.

The doctor got down to his knees and lifted the plate, holding it sideways and inspecting it. Chris wanted to cry, it was completely clean, it looked like Katya had licked the damn thing! Her stomach made a watery deadly grumble as she brought one hand back to grip her midsection, gripping it in pain.

“Perfect” He smiled before moving to the corner of the room where a CTV Camera was set up. He adjusted the view making sure it was aimed down at the entire room before stepping out to the door.

“I’ll be watching from outside, to avoid the odor” he smiled and then closed the door, Katya and Chris both watched as it closed and then locked.

As soon as the door closed, Katya’s stomach made a deadly rumble that caused her to fall flat to the floor! Chris was pulled down face first into her ass as her sweaty cheeks clenched his entire face! He could not breathe at all! Chris reached up squeezing his hands into each fat cheek, trying to let her know he couldn’t get any air!

Katya rolled onto her side, pulling her knees up to her chest and forcing Chris onto his side behind her! He had to follow her movements, he had to stay behind her. Anything else would cause extreme pain from the stitches in his face. His nose was poking from her ass crack as Katya moaned and rubbed her stomach, The dairy was already causing her extreme discomfort.

Vvvvvvfrtttttttttt

A very warm and very greasy fart leaked out from Katya’s asshole and into his mouth! He could feel the heat settle on his tongue as her anus pinched closed and bubbled! The taste was horrific, like bitter acid! It smelled like something on a farm had died and his whole mouth contracted from the flavor.

‘Ugghhh my stomach!’ Katya cried as she pushed on her stomach

Chris could feel his heart racing, about to burst out of his chest! Each gurgle from Katya's stomach was like a warning, getting closer and closer to his waiting lips. There was a buzzing mechanical sound and Chris could see the CTV Camera zoom in from the corner of his eyes. That sick fuck was trying to get a better view!

“AHHHHHH my stomach!” Katya cried. Chris reached up, taking Katya's hand in his. He could feel she was sweating, her hand was shaking as she gripped his palm.

VVVVVBBBbbbvfvrrtttttttttttt

Chris closed his eyes as the hot fart blew down his throat coating it in wet bitter shit! It had a sour taste that carried the burnt undigested flavor of cheese. He tried to imagine Katya's ass in the bathtub, the one time she allowed him to go ass to mouth. It was six months ago, she was so clean, her sexy asshole winking inches from his face. He remembered the soft feel of her ass cheeks, the clean soapy smell. He pushed his tongue up into her asshole and she moaned loud! The taste was slightly bitter but mostly just soap and bubble suds!

VVBBBBBBFRRTbbbvvvrvrrrrfrttttttttt

Chris opened his eyes as he let out a deadly gag from the bottom of his throat! The memory was torn away and he was back, in reality, Katya's sweaty fat ass stuck to his face! The fart blew bits of wet shit all over the inside of his cheeks, smothering his tongue as she cried. Desperately he pushed his tongue forward, smashing it against her anus in a panicked attempt to block the oncoming assault, His efforts were in vain though. Katya's asshole was so wet, it opened up and his tongue slid inside.

“MMPHH MPPHHH MPPHHH MLLESS MOOPP MLEASEEE MTOPP” Chris cried into Katya's ass, begging for her to stop, praying for her to hold back! His words came out like a muffled mess though.

Katya got onto all fours, Pulling Chris behind her. He could feel her anus winching in his mouth, struggling to hold back. Katya slowly got to her feet, Chris being dragged behind her, his entire face now smothered between her cheeks with no chance for air! He reached up grabbing her hips and screaming in a panicked horror while she groaned in pain and discomfort.

BBBBBBFRRTTTPPPppsprrrttttfrttttttt

Another hot fart leaked from her asshole filling his mouth with gas! Because his nose was blocked, the gas was forced to sit and brew in his mouth and lungs, he could feel the burning flavor sinking into his taste buds. Katya started to squat, forcing Chris down to the floor until she was sitting on his face with her full weight! Chris was completely under her control like his face was just an extension of her big ass!

Each ass cheek was so big, so heavy. Katya had sat on his face many times but not like this, never this intense. Her weight was crushing his head, he could feel his skull starting to bend. Her asshole was pulling in and out inside of his mouth, getting ready to let loose as he breathed deep through his nose.

Chris felt like time froze as his cheeks puffed out with terrible force! There was a hot pressure in his mouth before liquid shit was blasted down his throat with the force of a fire hose! Even if he had swallowed, it would have been impossible to keep up! His nose began bursting, liquid shit streaming out into Katya's crack as she cried out in pain. Her asshole pushed outwards, more liquid feces streaming into Chris's waiting mouth.

Chris reached up, grabbing her hips and squeezing as her feces flowed down his throat. He could feel the hot soupy mess piling up in his stomach, sloshing around like he had drunk too much water! The taste was deadly, he could feel bits of burger meat running over his tongue mixed with the rotten burning flavor of cheese! There were bits of sesame seed that got stuck in his teeth, he had no time to remove them with his tongue before more blew out.

Katya moved her feet behind Chris's head, locking him in her ass with her soles and groaning as she pushed, flexing her stomach and letting loose, trying to get rid of all the burning shit inside of her. She knew she was causing Chris pain and discomfort but couldn't help only thinking of herself. She couldn't imagine what it was like, having this burning shit, practical poison, being forced down your throat. Just the idea made her gag as more shit left her asshole filling her boyfriend's cheeks. She could hear him choking, gagging, trying to keep up. He reached up, grabbing her hips and squeezing, Katya smiled. It was like he was telling her, it's okay, it's alright, she had no idea he was trying to signal exactly the opposite.
