

*Oh detective.. I've been digging about you for a while..
and I know a lot about you!*

After I failed to kill you, I realized.. it would be better if I have you under my control..

So, I rush to your house

And I found your wife

Then I decided to take her skin..

It can't be real...

Hey, why don't we finish what we started?

I'm not gonna do it!

Really?

I don't think so..

Trust me, It's gonna be great!

Yeah, cum inside me! cum inside your beloved wife!

Now I need you to give up on those cases and let me do the job

Turn her back, you piece of shit!

I'm afraid I can't.. she's long gone, the only left is her skin

But you know what, I can be your wife and even better than the old one!

So, are you going to give up on my cases?

Do I have a choice? I don't wanna lose her..

Good! Keep this as a secret between us alright?

Now, you must tell your chief that yo..
