love, and knowledge.

But, as the Gods were able to
communicate to humans, so were
the dark forces you call "Demons".

control the human to perform their
wickedness on the world.

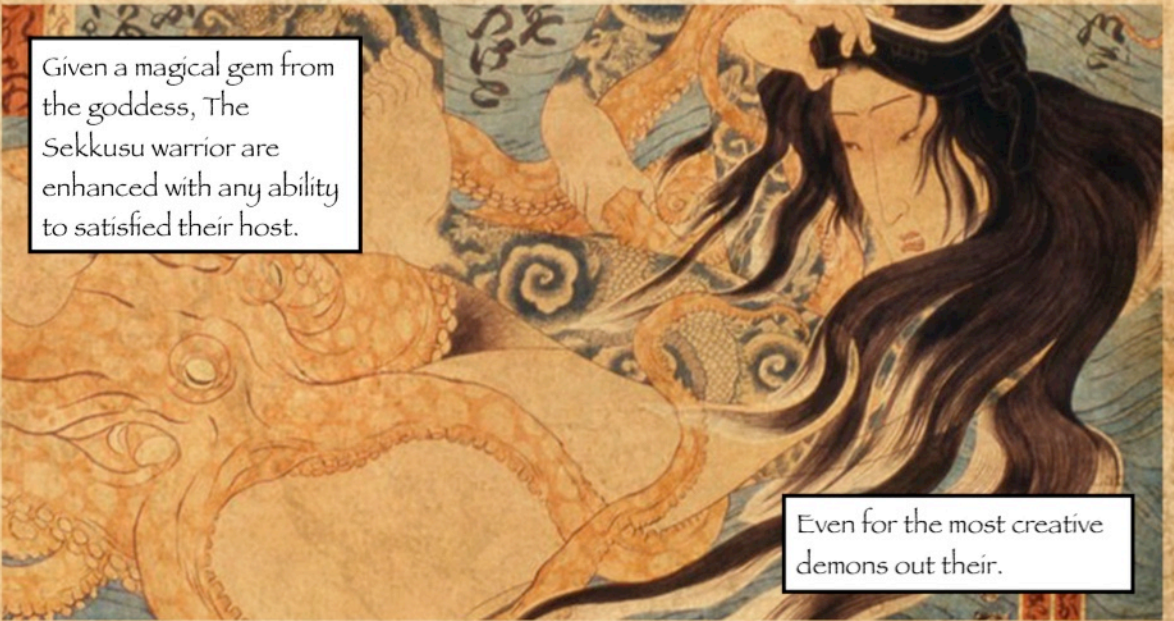

To exorcise the demon from their vessels, they must have their pleasure and desired fulfill.

So the many form of the Goddess of love, fertility, desire blessed a few female to battle the dark forces inside human.

Given a magical gem from the goddess, The Sekkusu warrior are enhanced with any ability to satisfied their host.

Even for the most creative demons out their.

All around the world, the Sekkusu warrior brought balance of good and evil to order.

Many had passed and moved on since the warrior accomplished their goals as guardians of humans, and exorcised the high population of demon of the earth.

They still need to find the next successor to protect the world from the remaining dark forces in the world.
