5 seconds of silence for noise cancellation purposes.

[Narrator]

Erichi Reads: Your Growing Little Sister - Written by SGA

[Stephanie]

Heyy Brother~!

[Narrator]

A bundle of adorableness wraps her arms around your chest. Your younger sister, Stephanie, smiles up at you. You can't help patting her on the head.

[Stephanie]

Mmmm~ H-Hey Brother! I have something really exciting I wanna show you! Can you come to my room? Please~

[Narrator]

You're tugged by the hand towards Stephanie's room, eventually being coaxed to sit down on her bed.

[Stephanie]

Now, I wanna show you something really amazing Bro. I think you'll love it! You ready? You ready? Okay... here we go!... *m*

[Narrator]

Closing her eyes to concentrate, your sister lets out a strange noise. At the same time, her body seems to surge a little.

[Stephanie]

Did you see bro? Here, I'll do it again! *m*

[Narrator]

Once more her body appears to surge just a bit larger. Her clothes appear just a little tighter.

[Stephanie]

Did you see me growing? I can grow bigger, bro! Isn't that awesome?! Do you want me to show you some more? Here, *m* I'll grow even bigger for you! *m*

[Stephanie]

growth moans to go under narration

[Narrator]

You watch in awe as your sister's petite form begins to swell and expand outwards, her head rising as her body stretches taller. She grins at your expression on her bed as her clothes begin to stretch and strain around her swelling body. It looks impossible, but it's happening all the same, and with each moan that escapes Stephanie's lips, her body swells bigger.

[Stephanie]

How am I doing, bro? *m* Are you enjoying me growing? *m* Oops~ Guess my pants got too small *m* Oh well, I'll be too big for all my clothes soon enough *m*

[Stephanie]

growth moans to go under narration

[Narrator]

She just kept on growing, items of clothing tearing and falling away sporadically revealing more and more of her bare skin underneath. Soon enough, she was down to just her panties, but even they were stretched tightly around her growing waist as her body continued to expand. Her cheeks blushed a shade of red, as she realized just how much she was and was soon to be showing off in front of you, but seemed to decide growing was more important than her own decency, and at last, with one final triumphant growth spurt, snapped her panties away.

[Stephanie]

m There! All gone! Ehehe~ What do you think bro? Am I big enough yet? Come on, stand up, let's compare!

[Narrator]

Once again, you were tugged up and off the bed. You were surprised to find she was only a few inches shorter than you now: a fact that made her grin widen all the more.

[Stephanie]

Oh wow, I'm almost as tall as you Bro! Gimme a little bit longer and I'll *m* catch up to you!

[Stephanie]

growth moans to go under narration

[Narrator]

It was somehow more crazy to watch while standing up. She was so much closer to you now, still holding your wrist, and you could see her face literally coming upwards towards your own as her height grew and grew. It only took another few growth spurts, and Stephanie stopped her growth matching your own height almost exactly.

[Stephanie]

There! Now I'm the same height as you bro! Isn't that awesome!

[Narrator]

She once again hugged you, but unlike before, she was now your height, and also entirely naked. You could feel her small breasts up against you as she did so, and apparently so could she.

[Stephanie]

Oh! I almost forgot. I've got something else to show you too, bro! Something else I can do! You wanna see? Here goes.... *m* Yeah! That was it! Look, my breasts got bigger! Should I do it again? *m* Tada~ Actually, I can grow like any part of my body that I want too~ But, for now, I'll make my breasts *m* even bigger!

[Stephanie]

growth moans to go under narration

[Narrator]

Her flat chest quickly began to bulge out and develop into a nice pair of tits, as Stephanie pushed them to grow over and over. They soon began to race up the cup scale, A, B, C cups, and still she pushed them even bigger.

[Stephanie]

m Oh wow, they're getting *m* pretty heavy, ehehe~ *m*

[Stephanie]

growth moans to go under narration

[Narrator]

But still, she kept growing them bigger. She brought her hands up to hold them, and you could see the flesh swell out between her fingers as they swelled onwards. D cups, Double D cups, the speed was incredible. After another 30 seconds of growth, she finally stopped them growing at huge F cups.

[Stephanie]

What do you think, Bro? Do you like my big titties? Ehehe~

[Narrator]

She once again leaned in towards you for a hug, deliberately pushing her new breasts up against you. You can feel the softness and warmth of them even through your shirt.

[Stephanie]

Of course, I'm not done yet Bro! After all, I can still get even *m* bigger! Ehehe~ Now I'm taller than you~ But I can keep *m* growing to get taller and *m* taller! I'm gonna grow very big for you, bro! *m*

[Stephanie]

growth moans to go under narration

[Narrator]

Once again, your sister begins to surge taller and taller. She's taller than you in an instant, and you watch in awe as her head rises up and away atop her swelling body. After only 20 seconds, your eyes were level with her shoulders, but she still kept growing. Your once tiny sister was now distinctly bigger than you, and was still becoming even bigger still. She grinned down at you, beaming as she watched you sink away in comparison to her swelling body.

[Stephanie]

m Oh yeah, now I'm really getting *m* big! Don't you think so, bro? *m* am I big enough yet? Or should I get even *m* bigger? Ehehe~

[Stephanie]

growth moans to go under narration

[Narrator]

Just as you had done before, she pats the top of your head as she continues to swell bigger and bigger in-front of you. At present your eyes are level with her massive tits, but even they are being lifted up and away as her body stretches longer and longer. Then, she reaches up, and you can see her hand now is only a short distance from the ceiling of the room. A couple of growth spurts later, she makes contact, and continues to rest her hand on the ceiling as her head grows closer and closer to it.

[Stephanie]

m I'm almost there bro! *m* Soon, I'll be as tall as this room! *m* but I won't let that stop me, don't worry! *m* I'm just gonna keep getting bigger! *m*

[Stephanie]

growth moans to go under narration

[Narrator]

You could no longer see her face above her massive breasts that hung over you, as your sister continued to make herself larger and larger. She leaned forward, evidently to avoid hitting her head, and in fact leaned over you, her head now so far above you as to be behind you. She was getting truly massive, and still didn't stop swelling.

[Stephanie]

m Well, I guess I've gotta sit down about now, huh? *m* Ahh~ there we go~ *m* Don't worry bro, now I've got lots more room to grow! *m*

[Stephanie]

growth moans to go under narration

[Narrator]

Still unabated, your once little sister Stephanie continued to grow and grow out into the room. She was already far bigger than you had envisioned possible for a human to be, but still she continued to swell impossibly bigger and bigger. Her massive breasts bulge out towards you beneath her big grinning face, as she rearranged her legs to be spread apart either side of you. You watched as her bare feet grew outwards across the floor and over towards different walls in the room. She had to lean forward once again as her head began to approach the ceiling once again.

[Stephanie]

Oh, it looks like I'm *m* beginning to run out of room in *m* here!

[Stephanie]

growth moans to go under narration

[Narrator]

Though, of course, this didn't cause her to stop. Far from it, her growth continued with a vengeance. You watched as your sister's form began to overtake the room. Wherever you turned, you could see some trace of her pale flesh, be it her bare feet against the walls behind you, or her giant tits still swelling towards you across the room. You stepped back again, and again as her breasts advanced, until you found yourself back up against the wall. The door was somewhere on the other side of her legs, and even then you weren't sure you could get to it in time anyway.

[Stephanie]

Get ready bro! *m* we're gonna be a bit cramped for a bit! *m*

[Stephanie]

growth moans to go under narration

[Narrator]

All at once, you were pressed flat against the wall by the sheer mass of her tits. The force wasn't painful, but you certainly couldn't fight it as the soft mounds greatly outweighed you, likely 10 times over. You could still hear your sister's muffled moans as she continued to grow

and grow, and the house began to creak around her as the final spaces left were taken up. Then, there was a moment of silence, as if to savor the moment, before at last.

[Stephanie]

big moan

[Narrator]

In an explosion of dust, plaster and flesh, the walls collapsed away and your sister emerged victorious. As the smoke cleared, she got to her massive feet causing two giant thumps that vibrated the ground under your feet.

[Stephanie]

stretching

[Narrator]

She stretched dramatically upwards into the sky, her gigantic form almost blocking out the sun, before her face turns back down to smile at you.

[Stephanie]

So, bro, am I big enough now? Or, do I still need to get... *m* bigger? Ehehe~
