

Let's stop the training!! Dr. Gero returns.

The world martial arts tournament gets closer every day, Gohan continues his training to be able to compete in the tournament alongside his brother Goten, in addition to helping Videl, Mr. Satan's daughter, learn to fly. Videl has achieved the basics of flight, but she still has a lot to improve. In that, Gohan receives the call from Krillin with a news story that disturbs him.

Gohan: Are you sure it was him, Krillin? How is that possible? #17 and #18 they killed him... I see, all right, I'm going to go check it out.

Gohan returns with Goten and Videl to explain the situation.

Gohan: I'm sorry, but training is going to have to wait.

Videl: Is something going on Gohan?

Gohan: I have to do some research near here. I'll be right back.

Videl: Wait Gohan, I'm going to help you. If I help you, you'll finish faster and we'll be able to get on with the training.

Gohan: No! It's very dangerous.

Videl: Why?

Gohan: There have been various attacks all over the world. The most recent has been in a village near here. We think it's Dr. Gero.

Gohan decides to tell Videl and Goten everything about the Red Ribbon Army, as Goku had disintegrated into that organization, as Dr. Gero had survived and I believe the androids #17 and #18 to kill Goku and how they betrayed him and killed him.

Videl: But he's dead, how is he attacking villages and towns?

Gohan: That's what we thought, but Krillin told me his wife went to Dr. Gero's old lab to investigate. There she discovered that Dr. Gero had a plan in case he was killed. He had digitized his mind on a computer and it had created a new body stronger than the previous one so that when the time came, his mind would be transferred to the body.

Videl: So I'll go with you, if it's as dangerous as you say you'll need help.

Gohan: No Videl, if his new body works like the previous one, then you will have those devices to absorb the strength of anyone he touches. Stay here with Goten.

Videl: Please Gohan let me go with you. If we ever find Dr. Gero, I promise I'll leave in that moment.

Gohan: *SIGH* Okay, at the slightest sign of danger, come back here. Understood?

Videl: Yes.

Gohan and Videl fly in the direction of the village that was attacked by Dr. Gero. At that moment, they both hear an explosion near them.

Videl: Gohan, an explosion, do you think it's...

Gohan: Videl, come back to my house now.

Videl: But...

Gohan: You heard me, I'll take care of it from now on.

Videl:Okay.

Gohan flies at full speed to the spot where the explosion occurred. But without realizing that someone was watching them.

Dr. Gero: Heheje.

Videl decides to return to Gohan's house, but a thought reaches his head.

Videl: Wait a minute, what if it's a trap? Gohan would be in trouble, I'd better help him.

Videl decides to follow Gohan, but at that moment she is intercepted by someone. One hand is placed over his mouth, while the other arm and legs hold her body, preventing her from moving.

Dr. Gero: You were right about something, it was a trap, but not for your friend.

Dr. Gero: I threw that ball of energy as far away as possible to separate you two. That way I'll steal the energy from the two separately, starting with the weakest.

Videll: Mpphh! Mpphh!

Dr. Gero: Although I have to say that even as an ordinary human, you have more energy than other people. Maybe stealing it, I can take on that other guy. It's Gohan, Goku's son, isn't it?

Videll: MPPPHHH!!

Videll is in a big problem, her strength gradually weakens, she cannot ask for help, and there is no way to communicate with Gohan to warn him.

Gohan has arrived at the site of the explosion, but finds nothing or anyone else in the place.

Gohan: I don't understand, I'm sure the explosion happened here. I have to be alert, I can't depend on the ki now, Dr. Gero could be close preparing to attack... Unless....

Gohan tries to feel Videll's ki getting weaker.

Gohan Oh no... Videll!!!

Videl: mmmpphh...

Dr. Gero: Hehehe, it's not long now. Soon you won't have any energy left, it will be your end.

Videl: mmphh... (I can't do it, I can't... Gohan, help me...).

Dr. Gero: Soon your life force will be mine, no one will be able to come to help you now.

Gohan: GET AWAY FROM HER!!

Gohan has managed to arrive at the last minute to save Videl, striking Dr. Gero.

Gohan: Are you all right, Videl?

Videl: Uff.. Uff... Yes, Gohan how did you know that...

Gohan: When I discovered that the explosion was a distraction, I noticed that your Ki was weakening. I shouldn't have left you alone, Videl, I'm sorry.

Videl: Don't worry, Gohan, you saved me.

Dr. Gero: Damn brat!! You're going to pay for it. Once I exterminate you, your father will be next.

Gohan: (My father? I see, he still doesn't know my dad's dead.) I'm not going to let you get away with it, I'm going to kill you here and now.

Gohan prepares to throw all his power at Dr. Gero. But he'd already seen that coming.

Gohan: Ka... Me... Ha... Me....

Dr. Gero: hehehe

Videl: UH?! Gohan, wait!!

Gohan: HAAAAAA!!!!

Dr. Gero: JAJAJAJA NOW!!!

Gohan throws his Kamehameha at Dr. Gero, but Dr. Gero begins to absorb it with his hands.

Videl: Stop Gohan, he's absorbing your power!! You're just making him stronger!!

Gohan: I know. That's how I'll finish him off.

Videl: Hey?

Dr. Gero: ??

Gohan: Humans and androids differ in one way. A human can break his own limit. An android can NOT.

Gohan continued to lay his Kamehameha as Videl watched Dr. Gero's hands begin to spark.

Videl: I see. They're overloading. He can't absorb that much energy.

Dr. Gero: Noo!! This can't happen. This body must be stronger than the previous one.

Gohan: It is!! But I'm also stronger than before!!

Dr. Gero: Don't do it!!

Gohan: HAAAAAAAAAAAA!!!!

Dr. Gero: NOOOOOOOOOO!!!!!!!

Once the attack was over, right where Dr. Gero was, there was nothing.

Videl: He... He made it.

Gohan: It's over. Let's go back to my place, maybe we can continue to train a little still.

Videl: Huh?? Oh... Yes. (It's amazing, Gohan is very strong. No doubt, he can win the martial arts tournament without any problem)
