[Narrator]

Hey there. So, you wanna see a strong girl do you? Ahaha, Are you disappointed? After all, I don't look too strong at the moment, but you know what they say; Don't judge a book by it's cover! Just watch.

[Narrator] *e* is an effort grunt

See my bicep? Well, let me help. *e* there, now you can, right? How about *e* now? What do you make that, 8 inches around? Well, hold on, let me just *e* balance myself out. Ahhh, that's better. It's great to finally be letting myself go. You have no idea how boring it is hiding in that flimsy form, but now I can finally show what I'm truly capable off.

[Narrator]

Next up, let's do my legs. You ready? *e* I didn't need those jeans anyway. Looks like we've got 8 inches around again. Now all that's left is my chest. Let's put some work into my peck's, shall we? *e* almost *e* got it *e* ahh, much better. There's no use trying with clothes when you're body can get as large as mine can.

[Narrator]

Technically we haven't even started yet, though I'm likely already the most muscular person you've ever met aren't I? I can see you're already super turned on. Let me just...*undoes flies* there. Oh hello little guy, are you ready for some powerful attention? Let's see... Ahh, how about my feet. Granted, I haven't grown them yet have I? How rude of me, let me just *e* spread them out *e* just a little big *e* bigger! Much better.

[Narrator]

Now then, how's that feel? I've got your hard cock between my toes and it looks like you're already flagging to cum. Hold it in for a moment, let me pump it out of you. There we go, how's that? You're getting so much pleasure from only my foot, and the rest of me is here above you. If you cum well, I'll get even bigger. Come on, I can see your close... Ahaha, yes! I made you cum so much with only my foot.

[Narrator]

I promised you bigger, and I'm not the sort to break promises. Well, let's have you stand up first, come on, let me help you.

[Narrator]

Ahaha, that's light. I didn't realise you were so flimsy, despite being taller than me. Well, taller than me at the moment.

[Narrator] *s* is a stretching sound

But, if I *s* stretch upwards *s* like this. Can you see? I'm already taller. And *s* with dedication *s* and determination *s* I can pass anyone I like *s* in this case *s* you! Look at that, I'm like an inch taller than you now. Ain't that sweet? And my shoulders were already much broader than yours so there's no advantage there either, I'm bigger and stronger than you now. But, as I said, we haven't even started yet.

[Narrator]

These 8-inch around biceps are good and all, but I can do so much better *e* like 10, or *e* 12 inches around. They're as big as your head now. Let me just *e* balance myself *e* out. Ahaha, so much power. Now then, back to these legs. They're big alright, but *e* they can always *e* be even *e* bigger!

[Narrator]

Look at that, I'm here getting bigger and stronger all over and you're just standing there gulping. Come and feel! See, hard aren't they? And my Biceps? Just try and squeeze them... Come on, try, I can take it... Wait, you are trying? Ahahaha, really, I thought you were weak, but, come on! Me getting any stronger will just be overkill at this point...

[Narrator]

But it certainly *e* won't stop me *e* trying! How's my big strong chest? Here, feel my abs... How are they? Because to me, it feels hard as rock. And speaking of hard, I can't help but notice you've got hard again. Maybe I should deal with it properly this time. Why don't you lie down?

[Narrator]

Lovely, now if I just *insertion ahh* aww, even with you're fully hard cock inside me it still feels cute and adorable. I suppose when you're as small as you are in comparison to me, it's hard for you to be anything but cute.

[Narrator] (Sex moaning/effort between with dialogue)

Now then, let's give this cute cock of yours something to really enjoy. How does it feel? Pretty spacious? You forget, I can grow every muscle in my body, including the one I'm stroking you're cock with now. So, I can *e* sort that spacious *e* problem out until *e* it's really quite *e* tight in there. Now then, let's see if I can get you to cum again! Look at these two legs, each thicker than your head and work hard to lift me up and down over your cock. Ooh, ooh, are you cuming?! Yes!! *climax*

[Narrator]

Ahh... now that was fun. Anyway, don't you think it's time we really got started?
