BLACK & WHITE

BOOK ONE

Story and Artwork by Aloysius Erotic Art  
Made Possible with the help of all my Patrons!

It all began in the land of ooo when the Ice King was quite lonely one day, when he suddenly had an original idea

Oh, my little fatty Gunter. I'm so lonely.

I would love for some female company but they all run away.

I'm so tired and lonely.

Squeek!

Where are you going little fatty? You want me to follow you? Oh okay!

You want me to follow you all the way down those stairs! I'll trip! What kind of artist drew this anyways?

Squaak!

What, what about all this food? Its far too much for just us.

You mean, ask Princess Bubblegum over for dinner?

Why that's genius!

Squeek!

I've been getting reports throughout the kingdom that our food stores are running low. Is it true?

I know Princess Bubblegum, but we have no solution. There just isn't any food left in the stores.

The people will starve unless You find a solution.

This is bad. very bad  
If the people of Candy Kingdom have no food then they'll turn on eachother. What am I going to do?

I have a solution your majesty. Come join me for dinner tonight and have all the food you desire.

Damn Ice King! Is this some kind of trap? You're always up to something. All I have to do is to have dinner with you?  
  
I must do this to save my people.

Excellent my Princess Bubblegum  
,,,excellent!

If you're hungry now the dinner table is already set.

I'm ecstatic you have accepted.

Let me just tell someone where I'm going first....

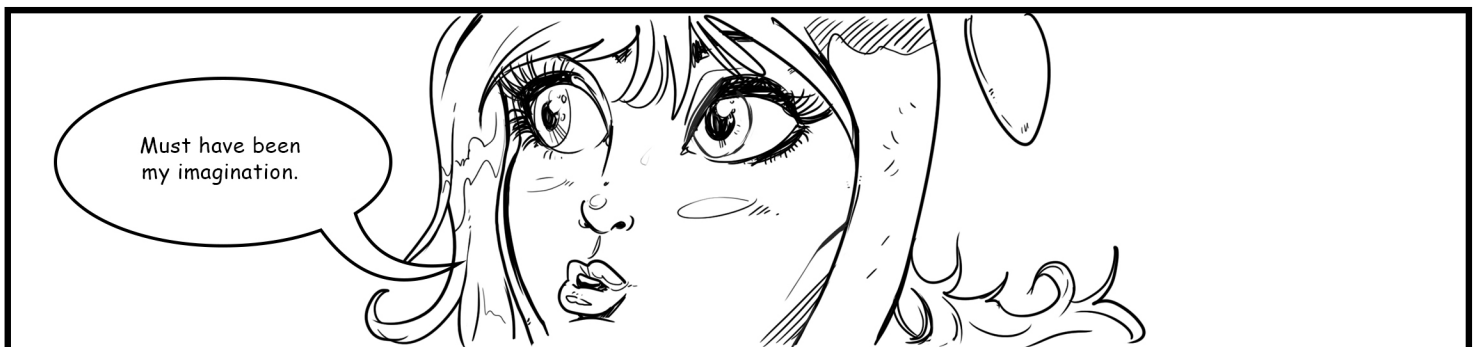

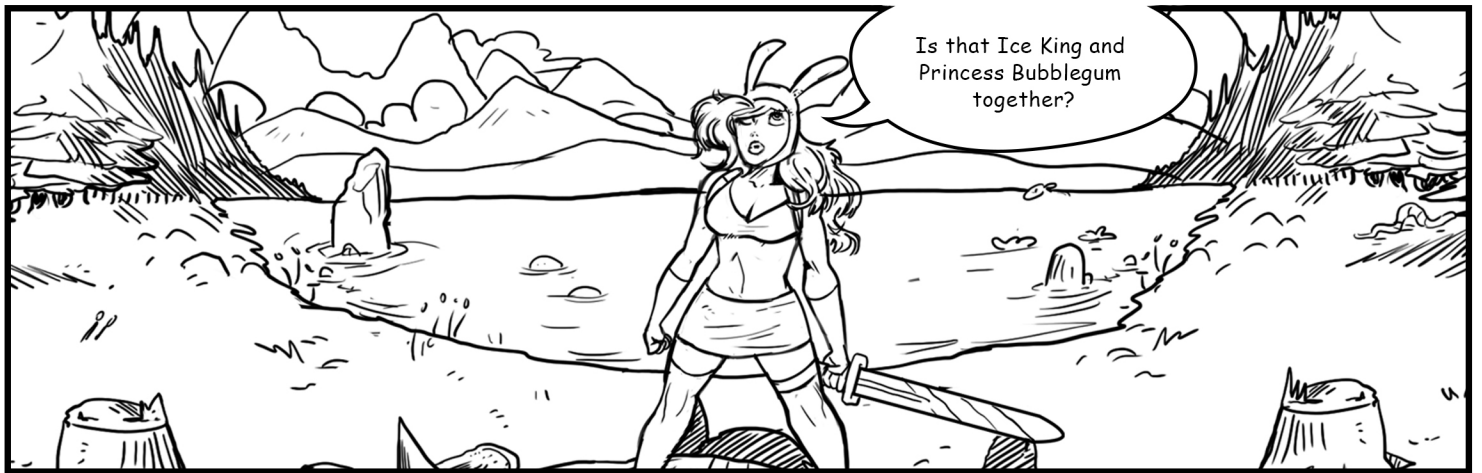

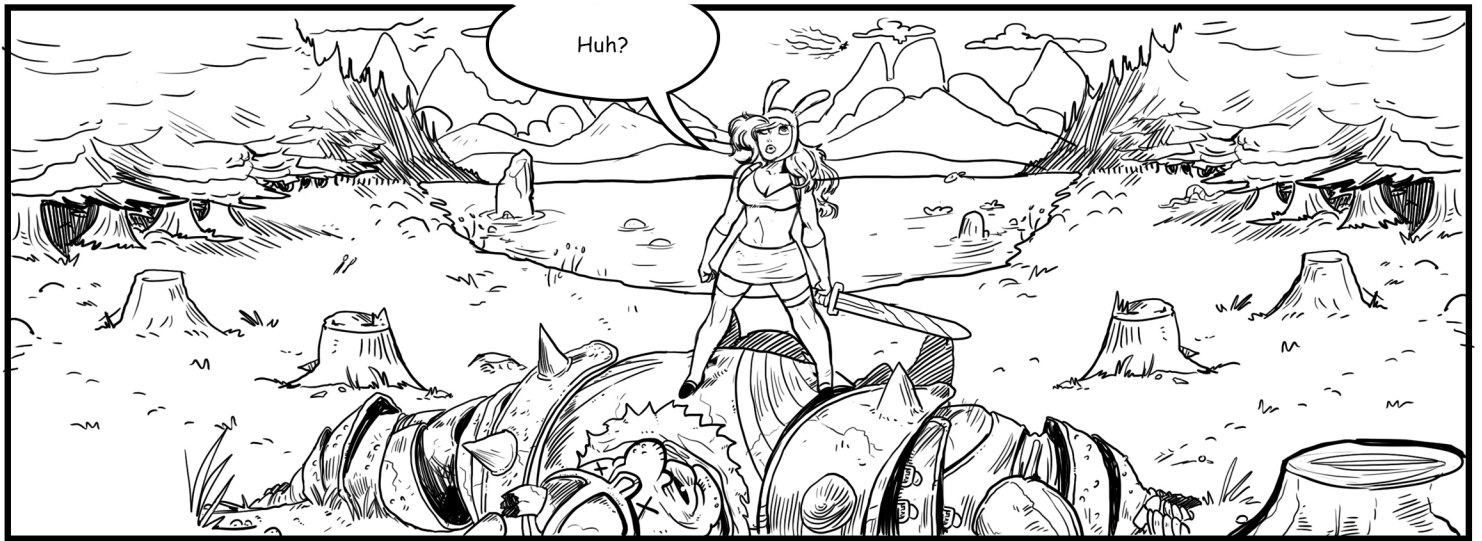

Oh my dont worry its only a dinner.  
You wont be long. You will be back before you even realize it.  
Hurry before the food gets cold.

Hold on a sec..

**SHAZZAM!**

Oh my this is incredible, Ice King where did all this food come from?

Please my sweet don't wait on me. Try anything you please on my table.

Hmmm, good question. Don't care.

Oh well, as long as it's free and delicious I don't mind.

We have donuts, eclairs, dumplings, sausages, cake, ice cream, fruit, burgers, pizza, nuts, cream, dips, sauces and of course loads of little itty bits of finger food.

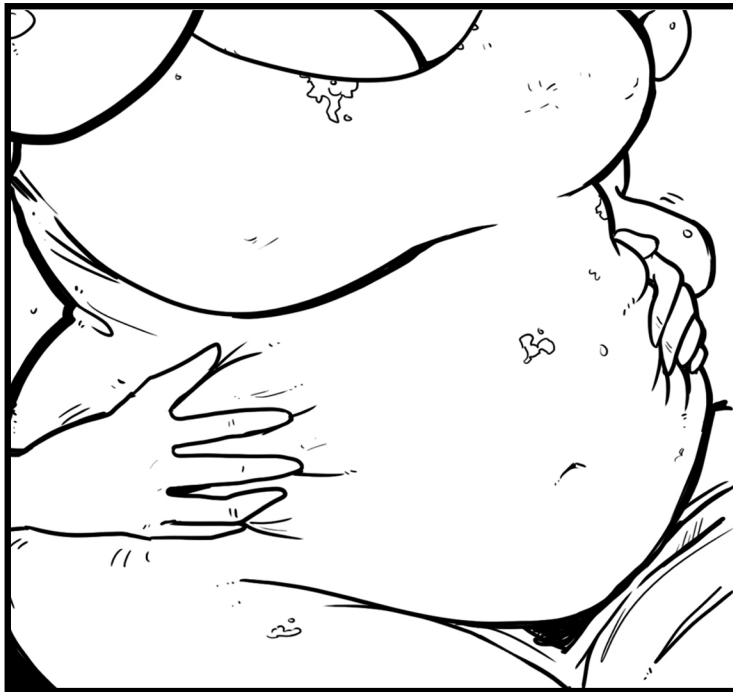

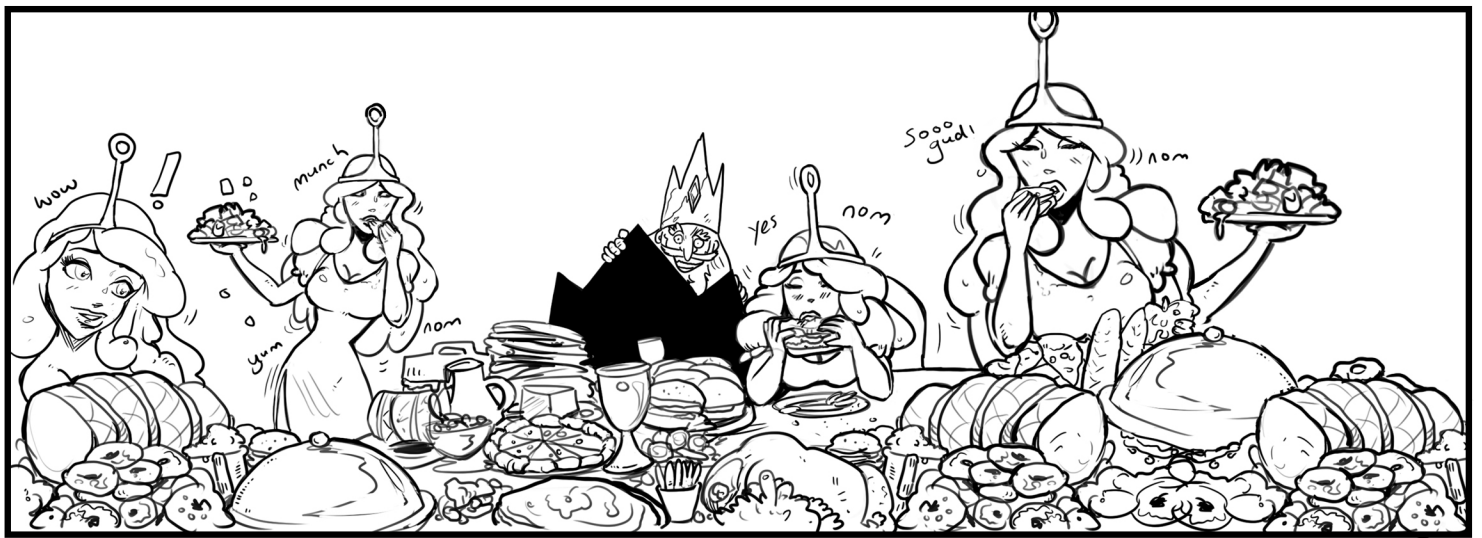

I'll try one of these dumplings covered in szechuan sauce. Then I really have to go.

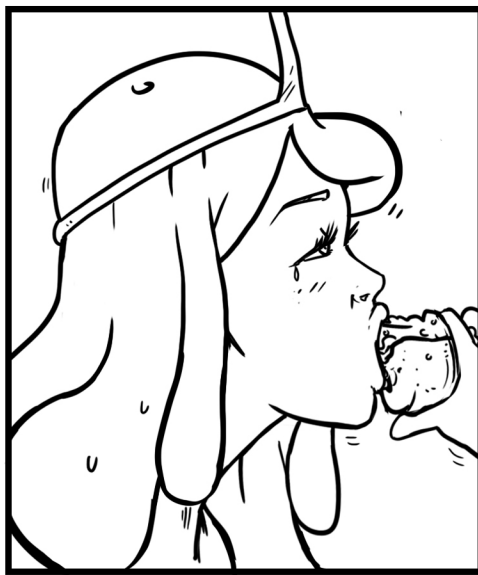

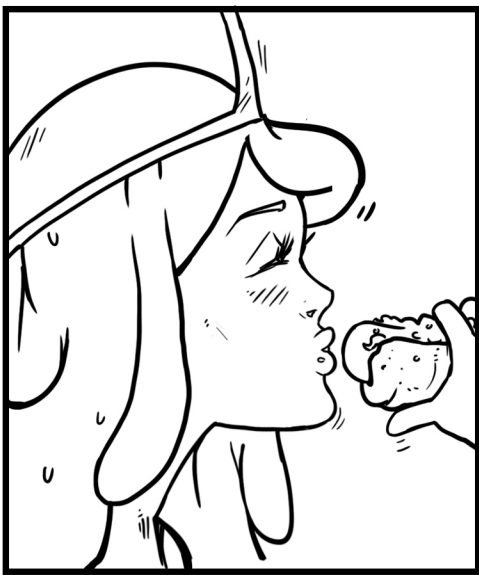

You can't go without trying some of decadent ice cream sundae.

Unless you want it to melt every where.

Oh my fat sweetie.

You're too full are you? Maybe a little tummy rub will help.

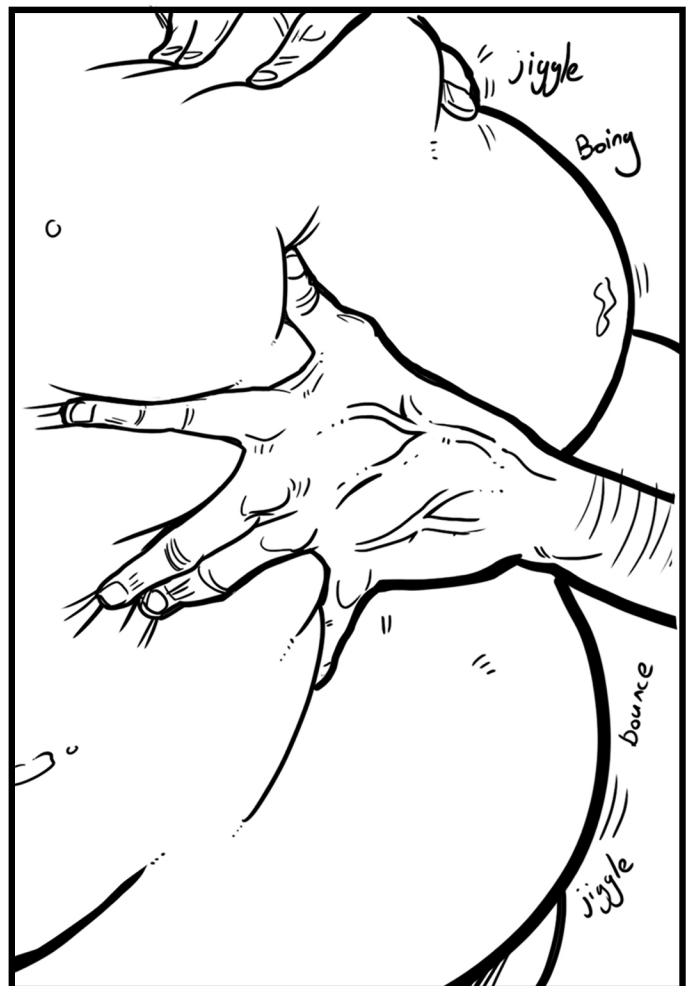

I've eaten so much it almost hurts. I cant eat anymore Ice King.

I feel so tired and full. So full I could explode!

Just a little rub please.

Oh, that feels so good! Maybe I could stay and eat some more?

jiggle

Boing

bounce

jiggle

A DAY, A WEEK AND A MONTH GO BY WITH PRINCESS BUBBLEGUM CONTINUOUSLY EATING.

Wonderful my obese fatty sweet, simply wonderful.

I love how heavy your pink belly has become. Never stop growing for me.

As long as you never stop rubbing my huge fat belly for me Ice King and keep this delicious food coming.

I'll always keep it coming ny fatty!

HER BODY SEEMS UNABLE TO STOP

CONSUMING THE FOOD ICE KING PLACES BEFORE HER.

GROWING FAT

AND HEAVY

FOR HIS ENJOYMENT.

I wonder if there is any chocolate Sundae left over?

Icecream. Chocolate, vanilla, banana and mint.

Pork ribs dripping in sauces fresh from the fire.

I've had so much today already.

Burgers and pizzas with all the toppings with extra bacon and cheese for every bite.

Gunter, what are we going to do?

She hasn't stopped eating in 6 months.

Squeek, eeekk eekk!

Really? A whole tonne or more every day! Wow, she really knows how to put away!

Squeek, eeekk eekk!

Do we have enough food left to keep her. How much is she eating anyways?

Oh my fat  
you are so  
fat now.

I'm afraid that  
if you keep eating  
I'll have no food for  
your enormous belly.

Wait...Run out  
of food!? What?

Oh, there's  
plenty of food.  
What am I  
saying?

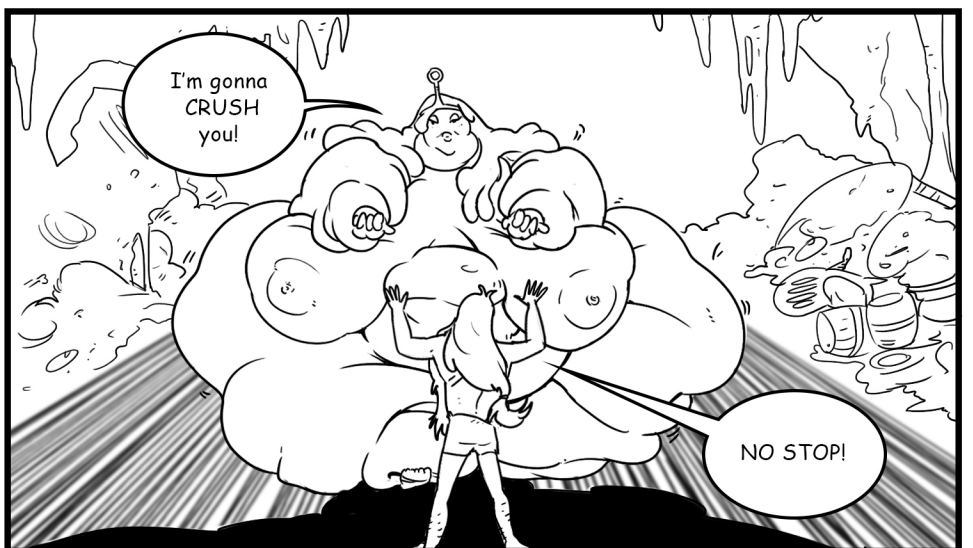

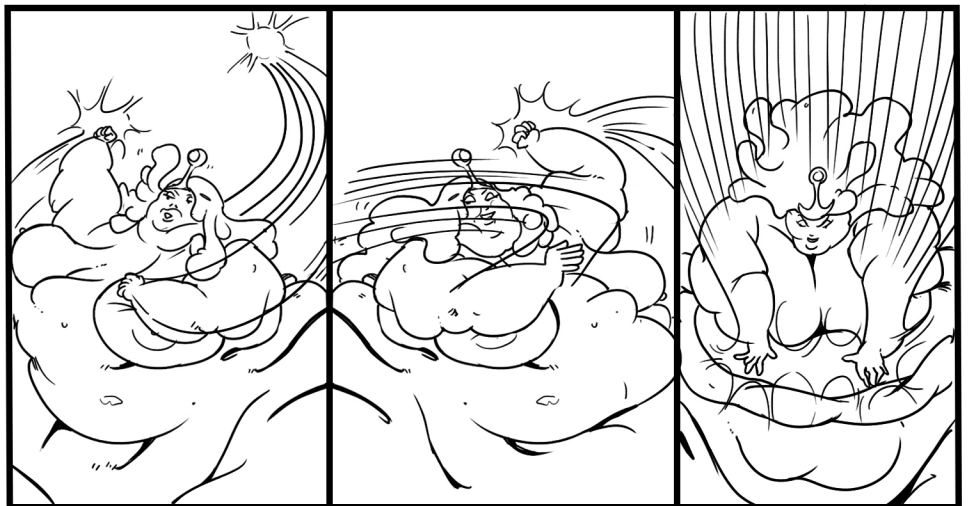

What have you  
done Ice King  
Im fat! Im huge!  
This food was for  
my kingdom!  
Im enormous!

I can't move, you  
fattened me up  
Ice King! You're  
a monster!

What's wrong  
honey?

Just a few more steps and your mine! You'll pay for making me so obese Ice King! Wait till I get my hands on you!

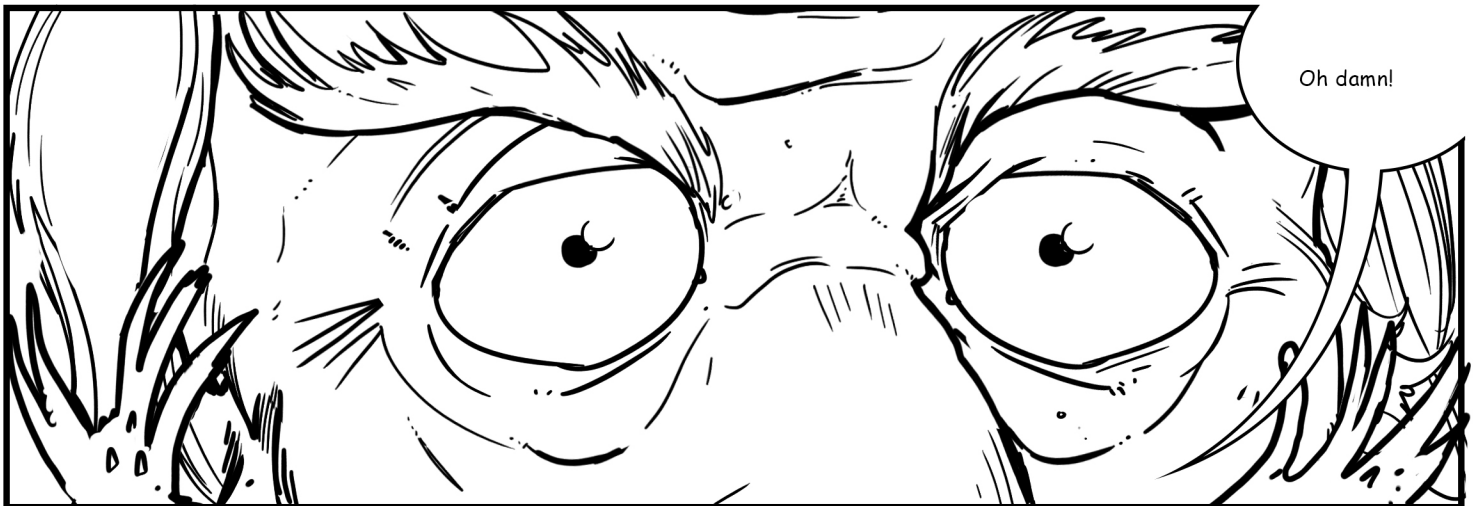

Princess, you'll hurt yourself! Be careful. Please!

I'm falling. Stop me Ice King!

Oh damn!

Princess Bubblegum your too heavy. I can't hold back your mountain of fat. I'm stuck!

Now I have you!  
Release whatever  
spell you have put on me Ice  
King or I will crush you  
with all this fat.

Anything for you  
Princess  
I surrender!

Just.

Need.

This donut.

I'm not going to eat  
that donut. I'm stuffed,  
bloated and beyond  
immobile now! Break  
the spell or else!

The more you  
eat the more  
my spell will  
never wear off  
...ever.

Meanwhile Fiona searches for the missing Princess...

Hahah my Fat Princess Bubblegum!

Come on Cake. Princess Bubblegum has to somewhere in the Ice Kingdom.

Neither have been seen for months. Be careful and trust no one. We don't want to be caught off our guard.

Fat chance of that happening Fiona!

To be continued....
