

Sprained ankle

It was a sunny day of Spring and Headmaster Turner's Day was going great, a bit too great. He was in a great mood and he loved his job, being surrounded by so many young people, particularly the young men of the FreeBoPolis University, all so interested by his wide and beefy man ass bouncing around.

Good morning, Headmaster Turner! you look great today!

Hello Jordan, thanks! Have a nice day!

I want to fuck that Big ass!!!

He kinda walked Down the stairs with a little too much Bounce and he came Crashing Down. The students surrounded him and quickly got help.

OUCH!

BOING!

soon the man was in the care of Dr. Hoover.

MALE ANATOMY

Come on Doc,
I think it's just
a sprain right?

I Don't know,
But I need to do a
few more
tests...

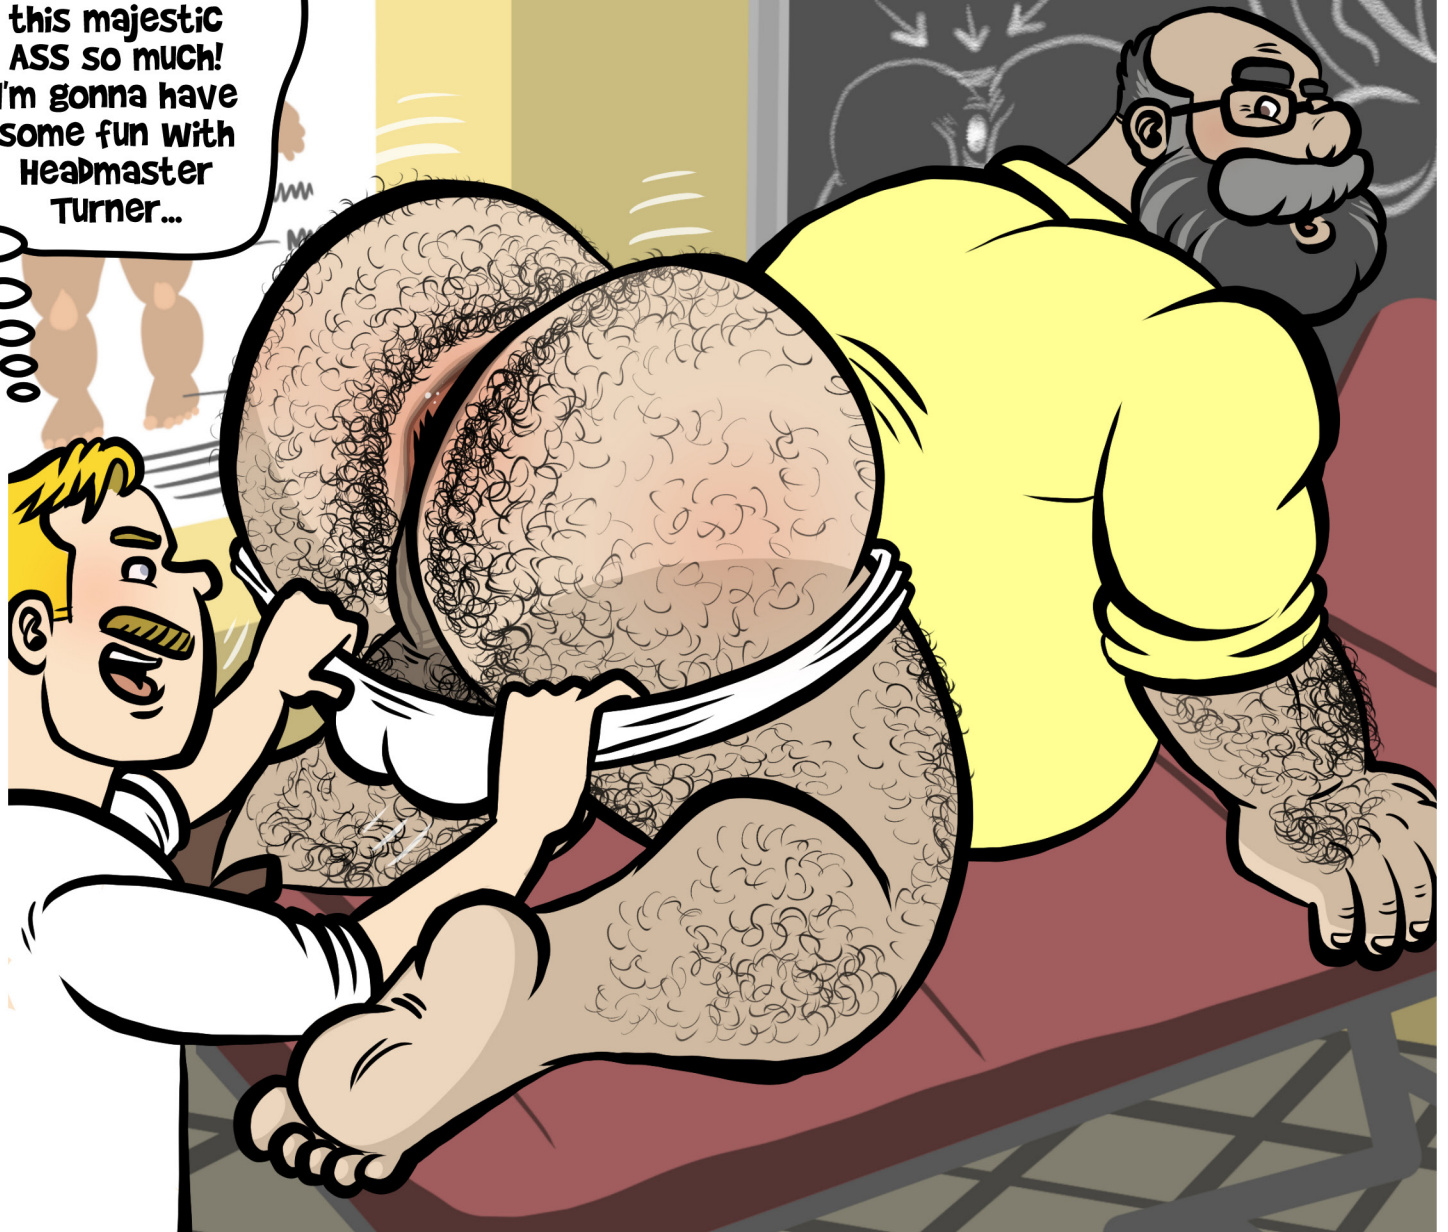

Dr. Hoover

DADDIES!

First the Doctor took the Principal's Pants off...

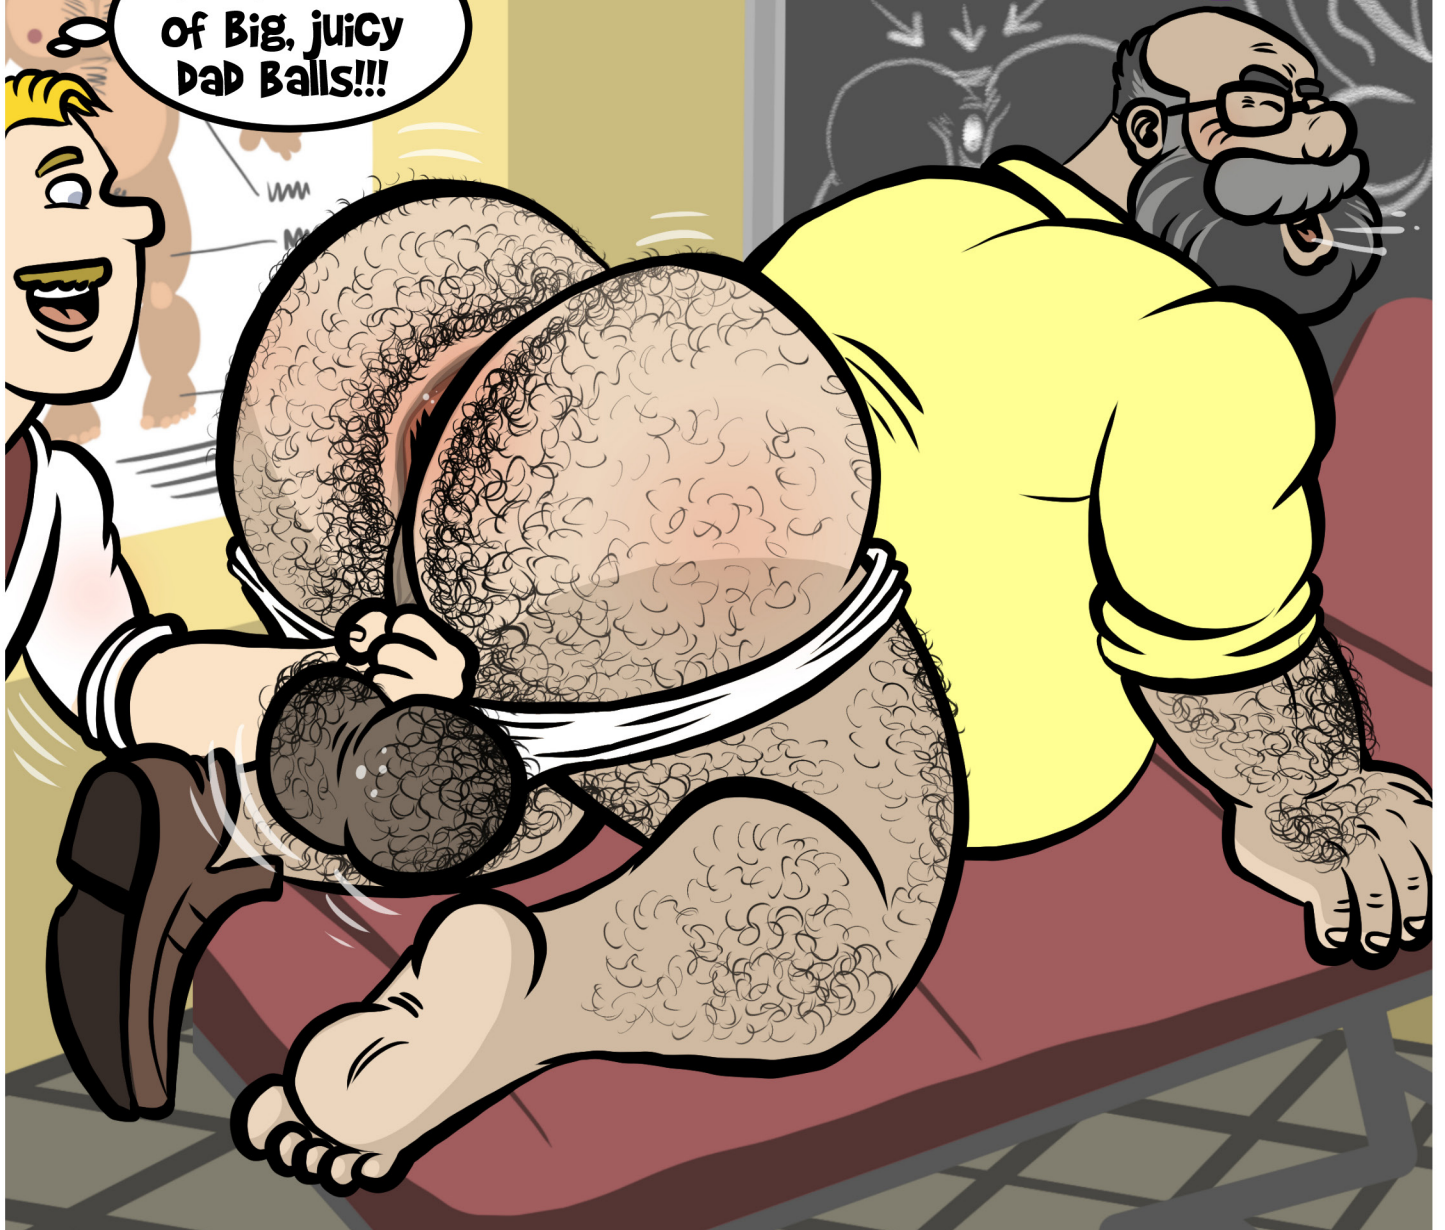

OH! I missed
this majestic
ASS so much!
I'm gonna have
some fun with
Headmaster
Turner...

then he grabbed his Balls
and told the man to Cough...

What a Pair
of Big, juicy
Dad Balls!!!

COUGH!
COUGH!

then he held his Balls again this time with a couple of fingers up the mature man's cunt and again told him to cough.

UNF! I would spank, rim, fuck and Breed this hairy Butt all day long!!!

SQUISH!

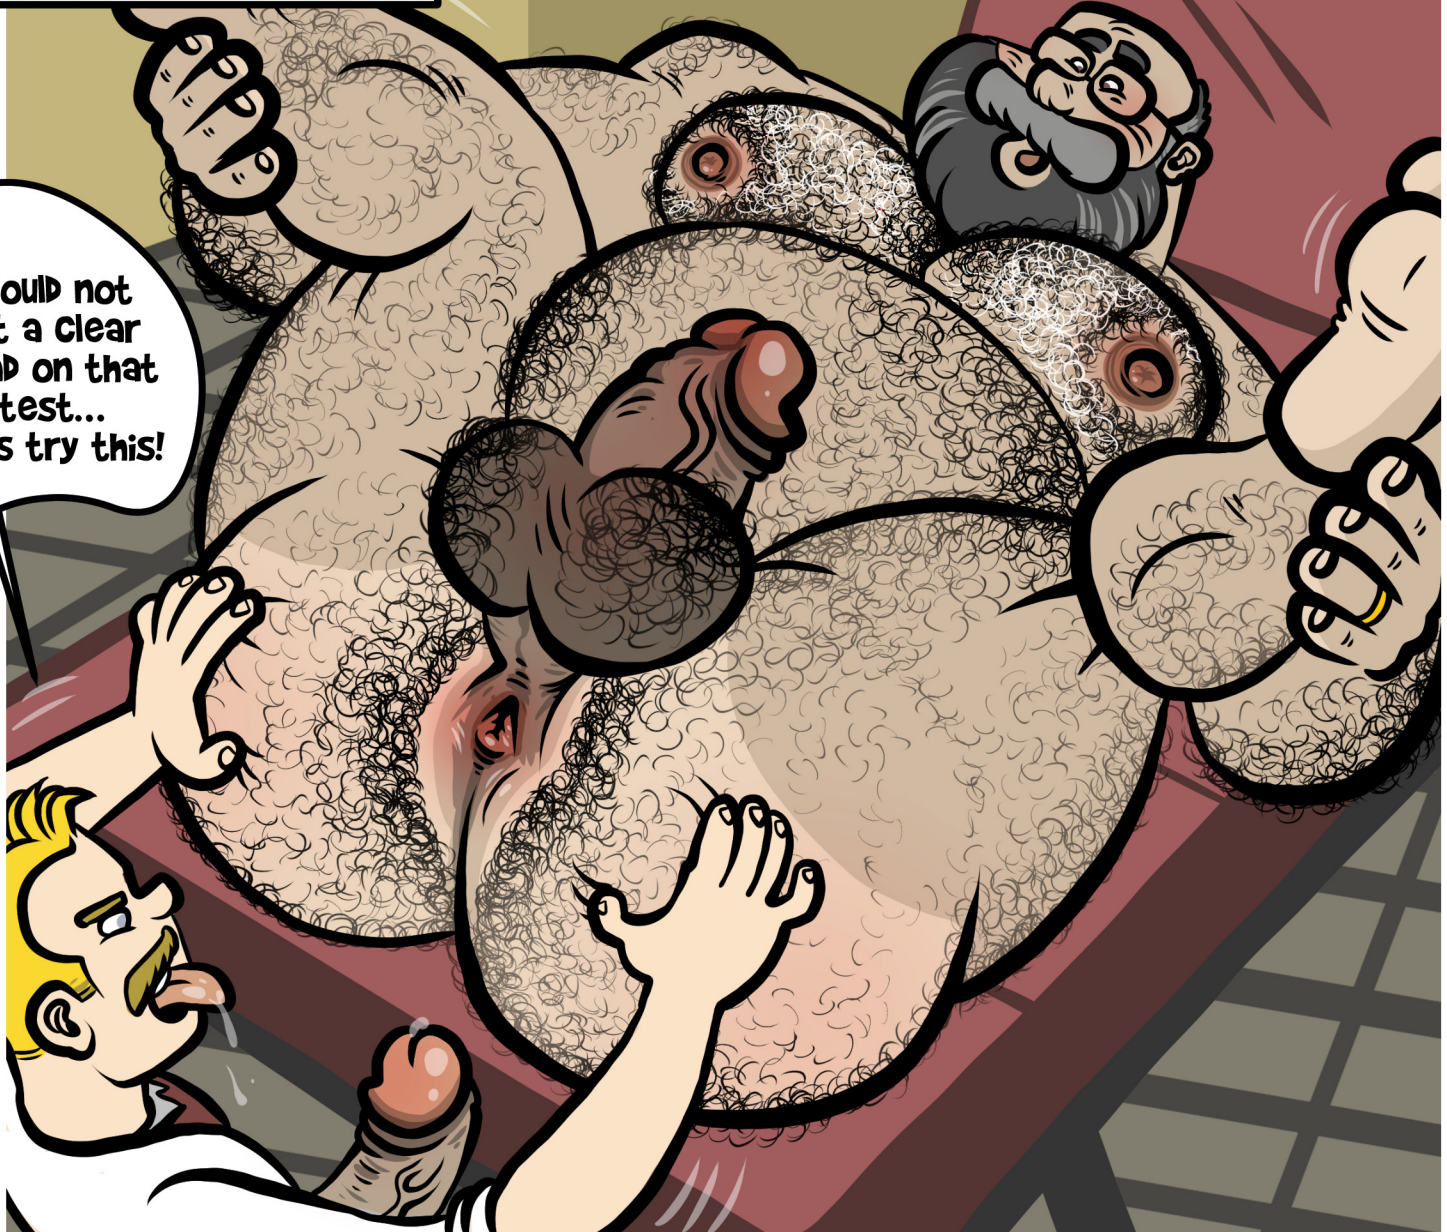

COUGH!
COUGH!

Dr. Hoover told his Patient to get completely naked and lay on his back, holding his burly legs spread open and up in the hair, showing his pink hole to the fresh air.

UH?!

I could not get a clear read on that test... let's try this!

The young Doctor grabbed the Headmaster By the Cock and laying his heavy, hairy Balls on his face. Then he Began to rim Mr. Turner's mangina voraciously and noisily.

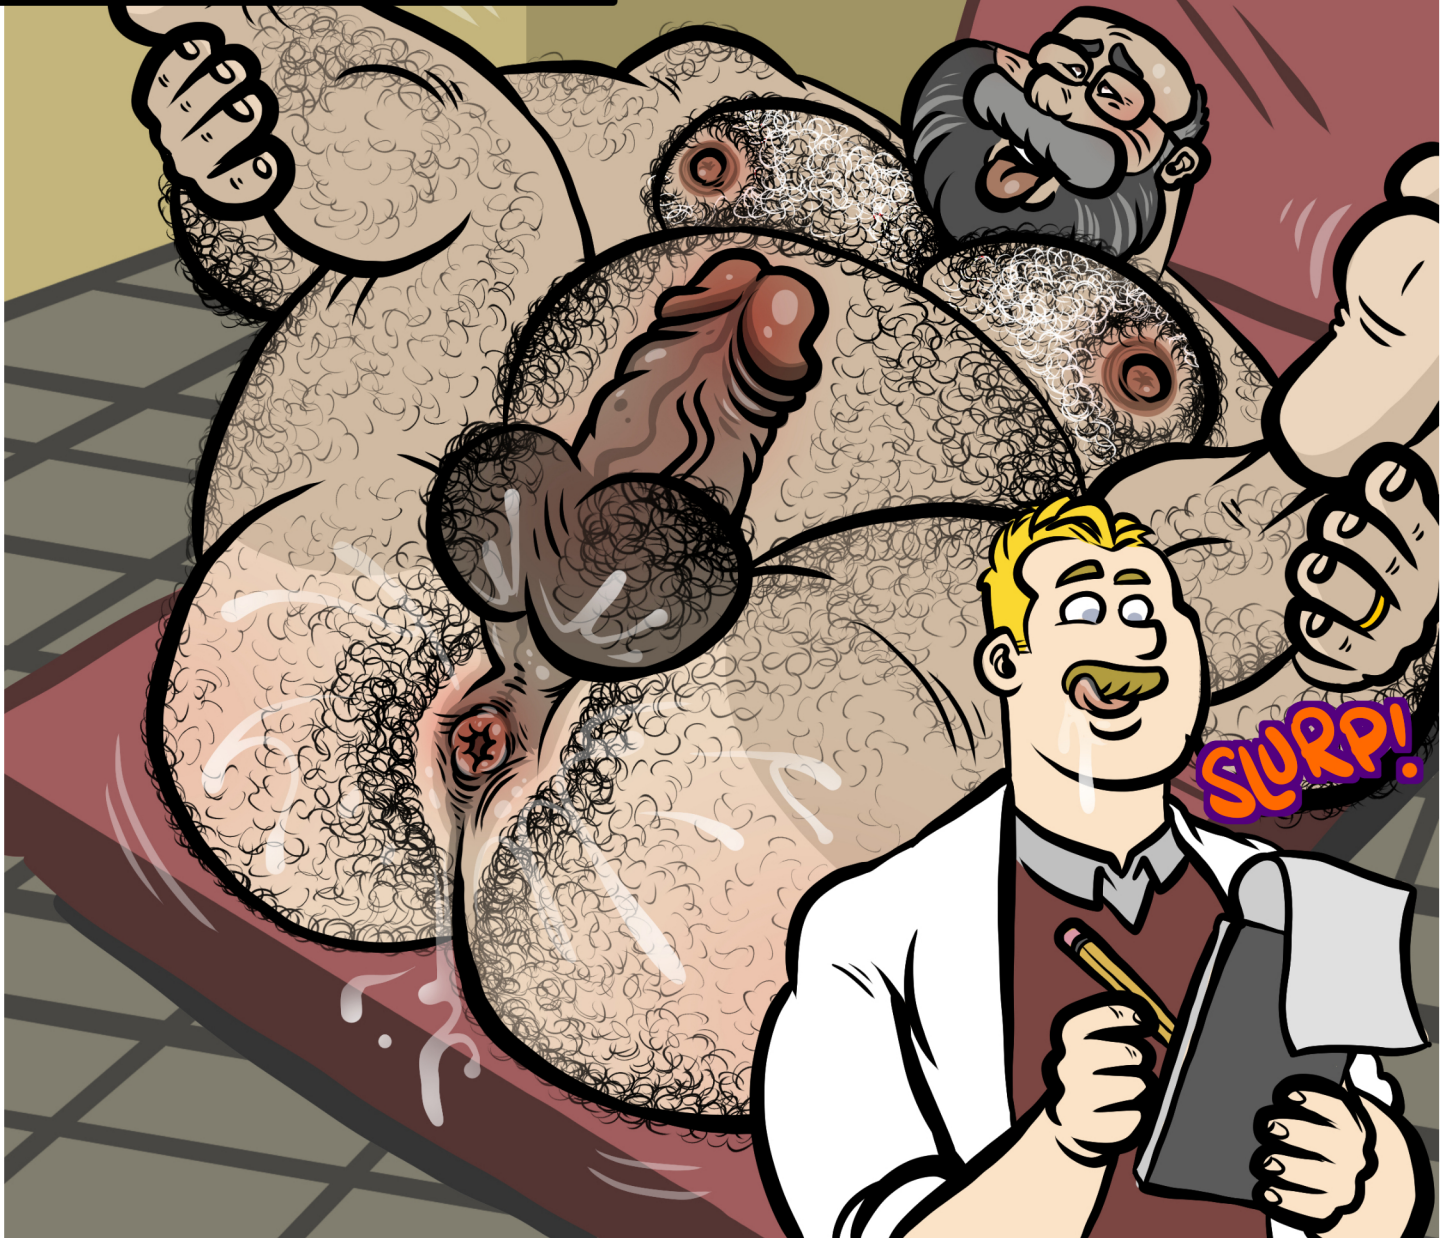

MUNCH!
CHOMP!
MUNCH!

MOAHN!

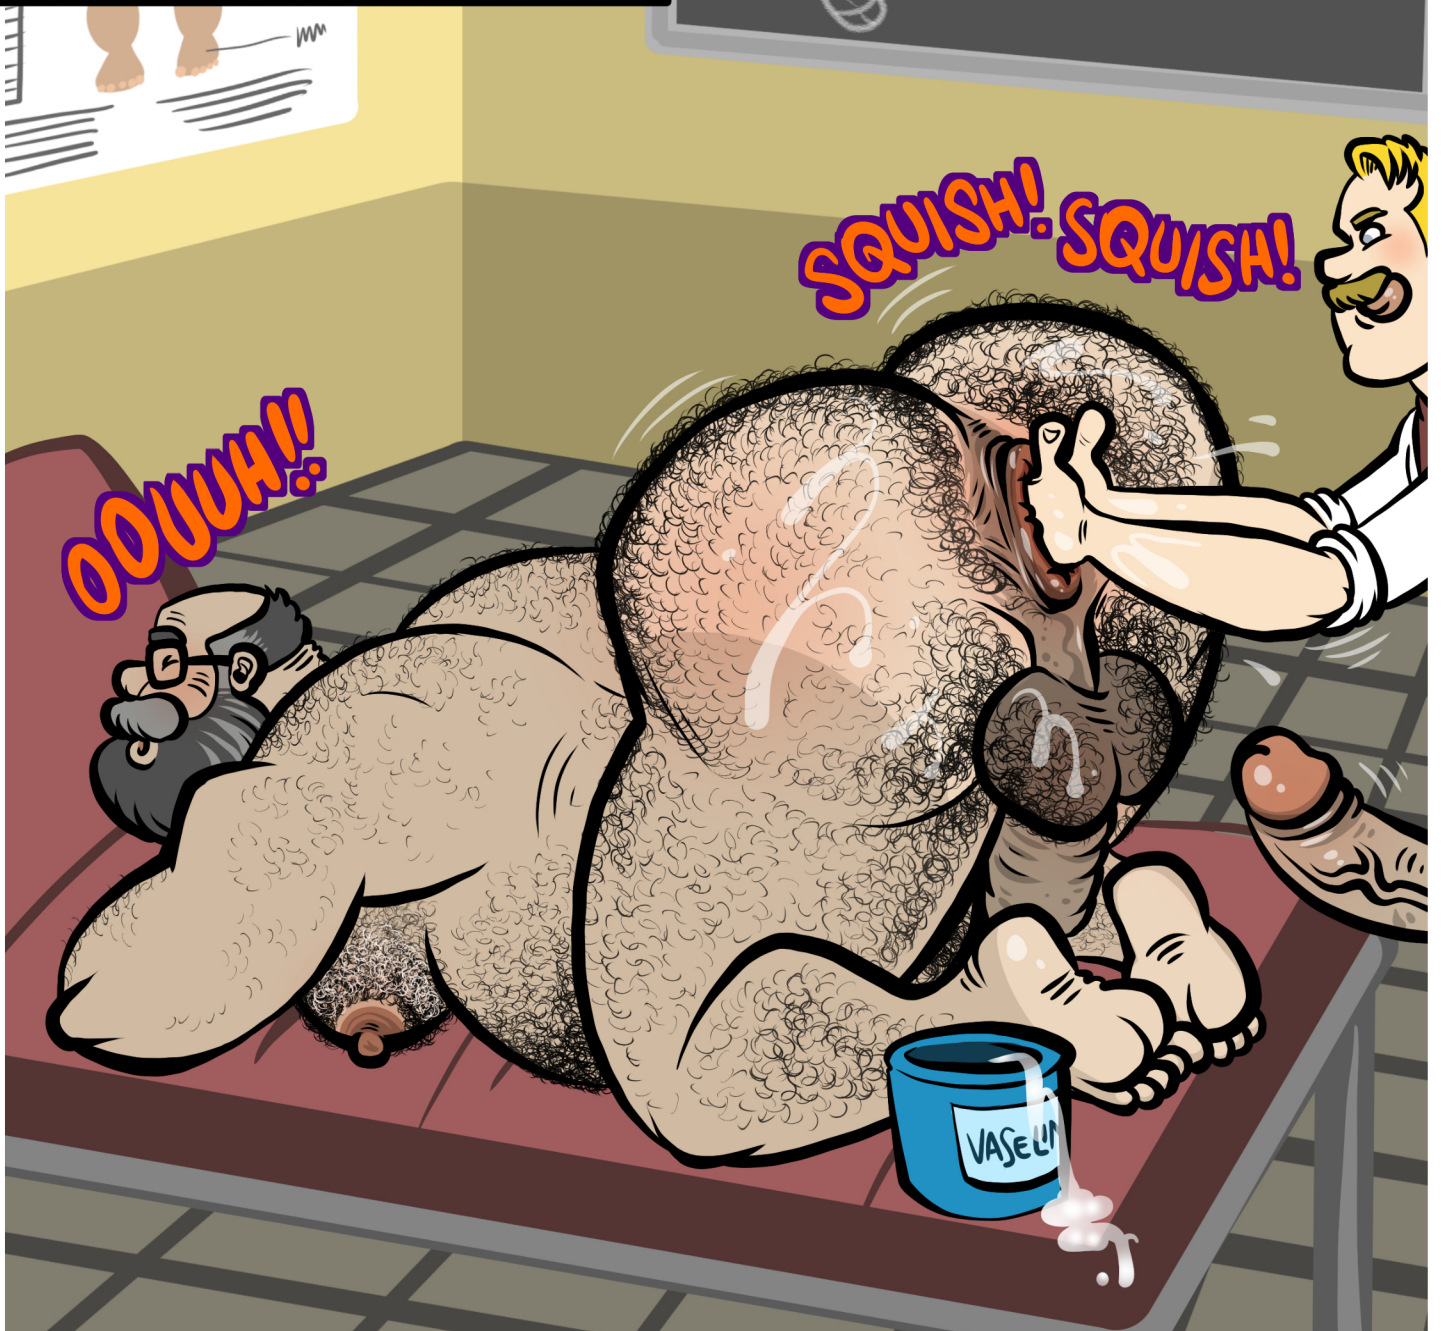

SLURP!
MUNCH!
SUCK!

After a while of that, Dr. Hoover said, "Ok... Check that.." as if he was going down a happy list. By that time the mature man was already horny and numb, his Dick was harder and his Dadcunt wet and trembling.

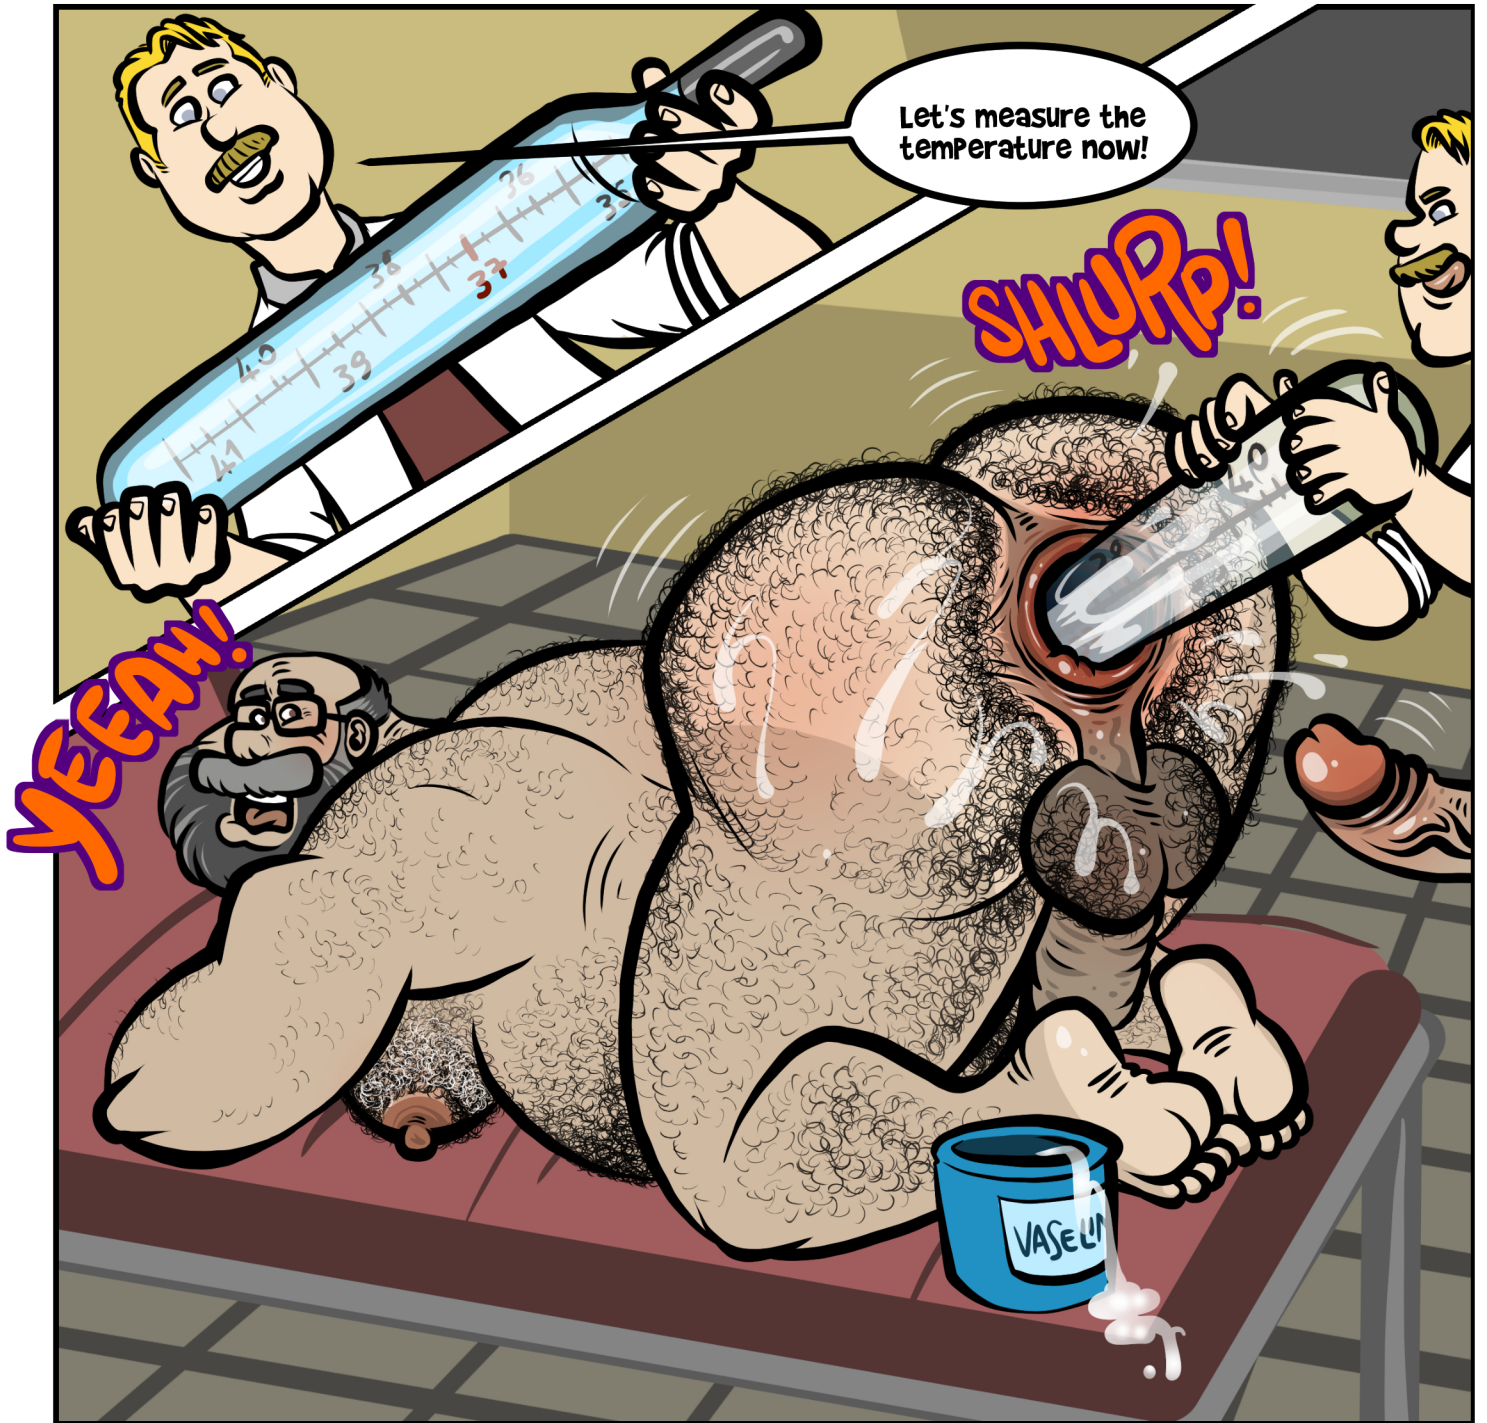

PANT!
PANT!

Then he tried various other things like stuffing his man's hole with eight of his fingers...

At one point He used a massive thermometer that was thick and long, and it looked more like a glass dildo made to look like a thermometer.

By the end, Doc said to Headmaster Turner to suck an enormous double headed dildo. The dildo was big enough for being sucked and being engulfed by the man's sloppy cunt at the same time. His hole was by now totally wrecked and Dr. Hoover was having great fun!

Gulp! Umph!!!

FUCK
YEAH!

SHORP!

Soon Headmaster Turner had his legs elevated, spread wide and two dildos were stuffed in his manhole. Dr. Hoover was shoving his cock deep into the Headmaster's already stuffed bapussy.

shuups

SHURP!

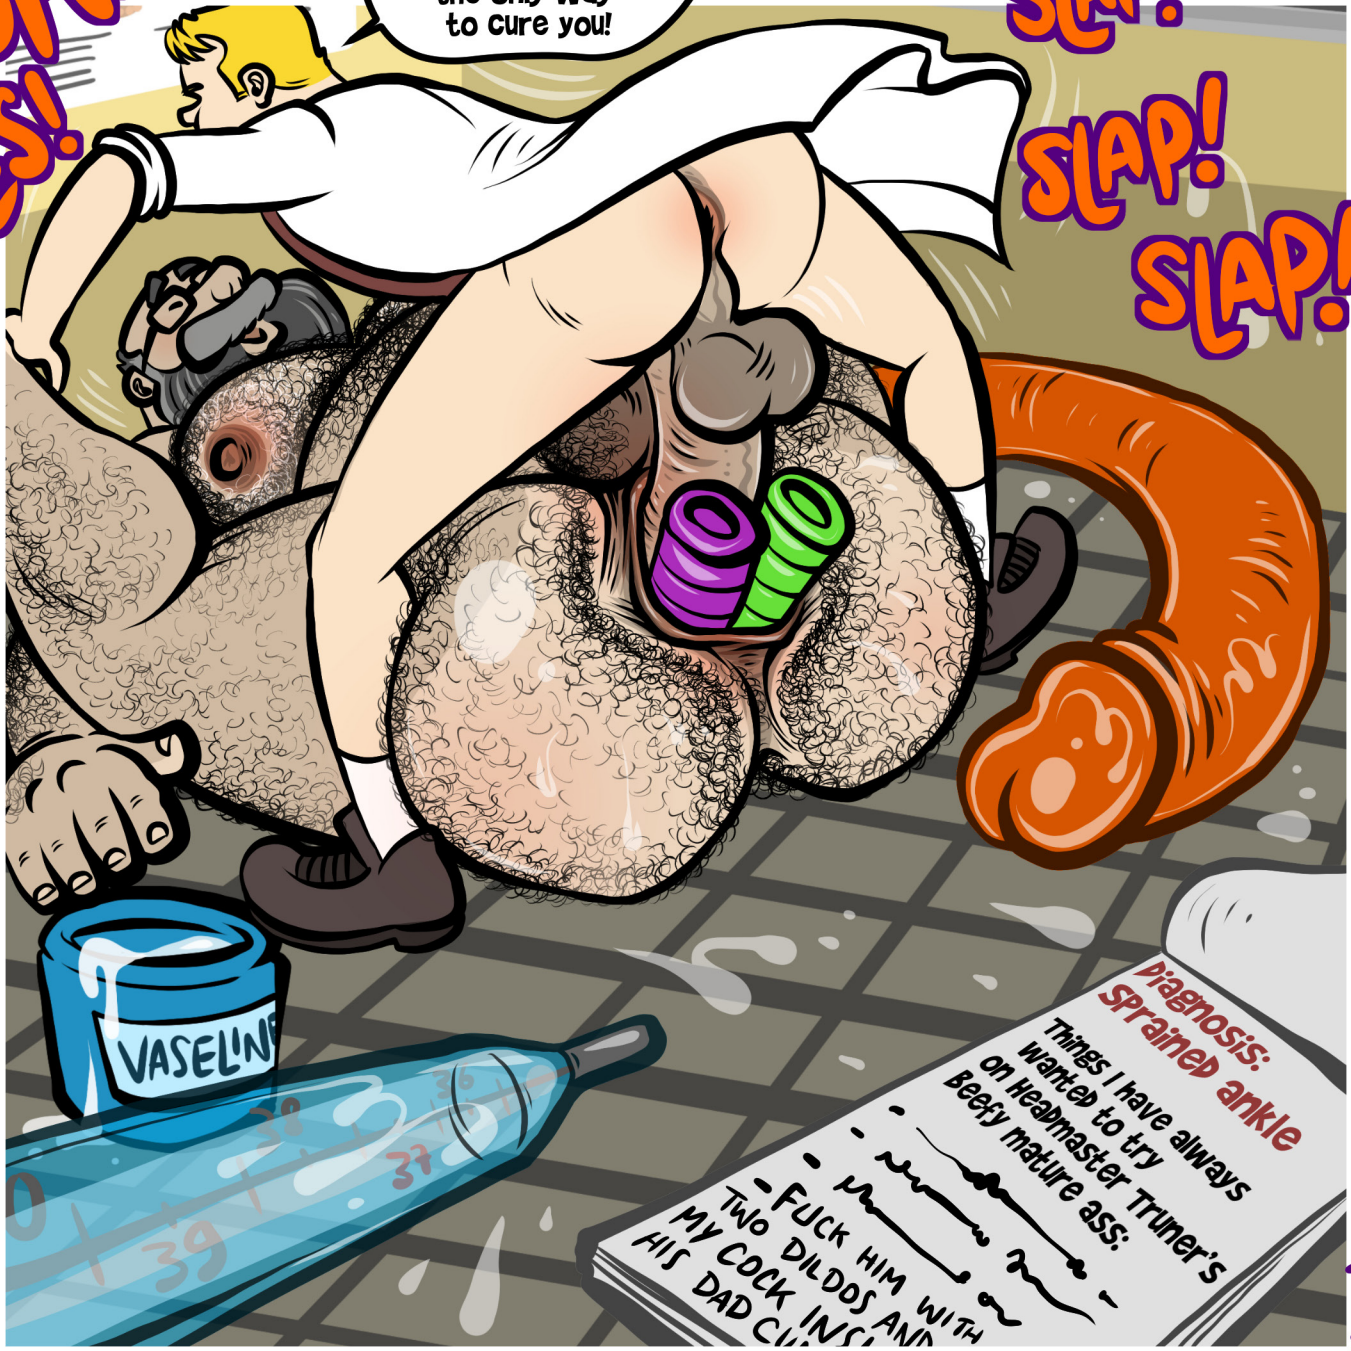

Doc, are you sure this is absolutely necessary for my sprained ankle?

MOAN!
YES!

Of course
Headmaster, this is
the only way
to cure you!

SLAP!
SLAP!
SLAP!
