

This is so relaxing. Finally I get a chance to relax. Nothing to do and no one to bother me.

Ge' ou! Ge' ou!

Especially no preds. Freaking last one kept on sucking on me like I was candy. He deserved every punch I gave.

Try this crap again and then I'll punch a hole through your tongue NEXT time!

ELSEWHERE ON THE BEACH

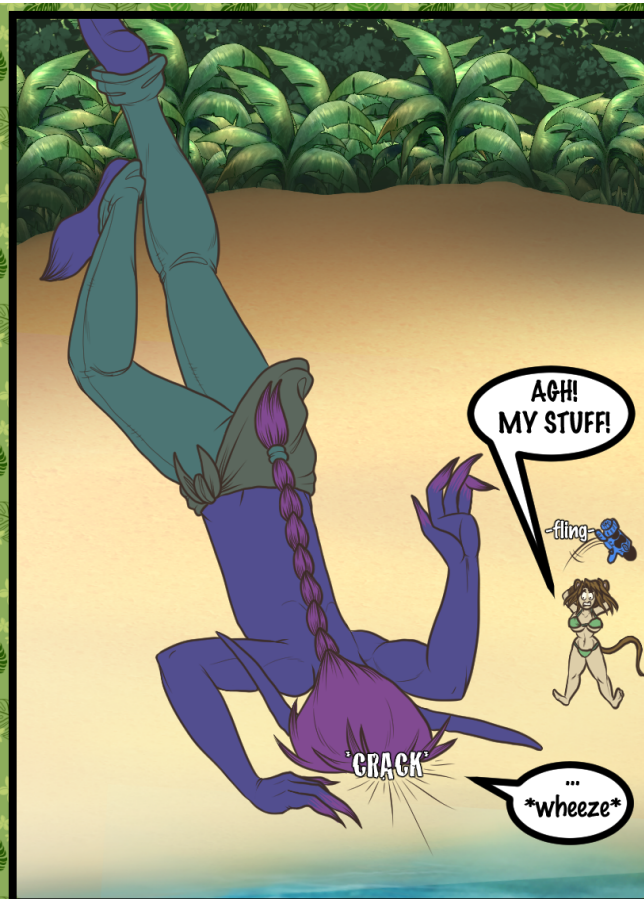

Th-this isn't Greenland! So hot! \*pant\* \*pant\* I won't last long here. Can't use magic when it's hot and humid like this.

So hungry. \*sighs\* Maybe some food will help me get enough magic to not feel so weak... or be weak. If there are no micros around, at least I've got one more potion left to handle that.

AGH!  
MY STUFF!

-fling-

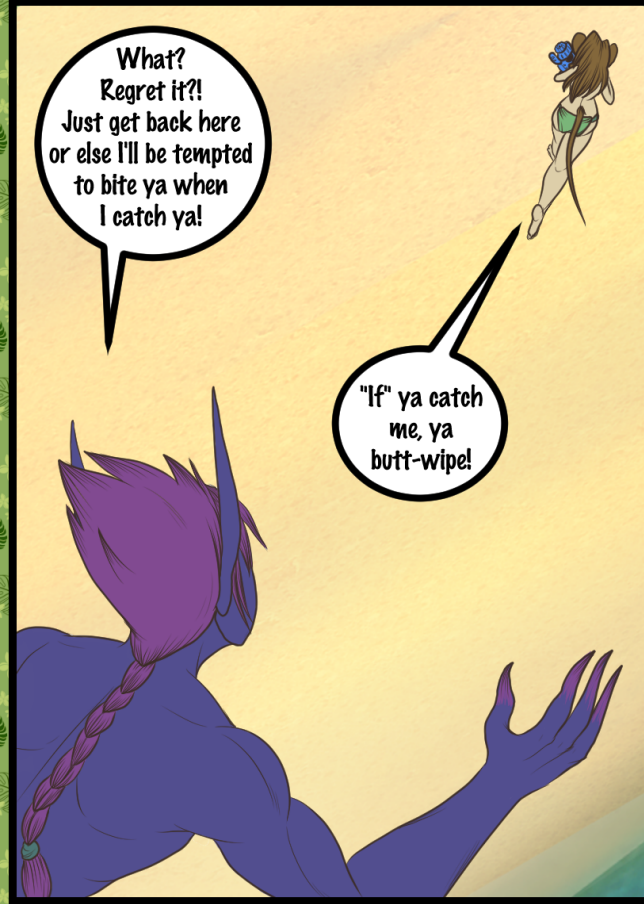

'CRACK'

...  
\*wheeze\*

This heat! It's made me THIS sluggish?! B-but it's a thick thing that shouldn't be able to move that fast! Have I really slowed that much?

Eat sand, jerk! Stay back or else you're gonna regret it!

What? Regret it?! Just get back here or else I'll be tempted to bite ya when I catch ya!

"If" ya catch me, ya butt-wipe!

You're only making me angry!

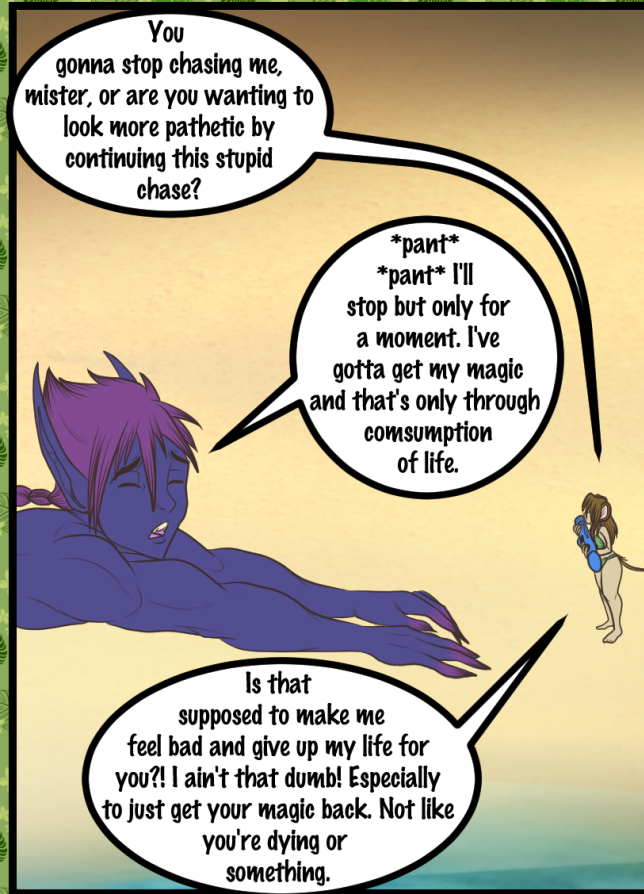

\*pant\* \*pant\* Okay, how are you full of this much energy?

G-g-get back here. \*groooan\*

You gonna stop chasing me, mister, or are you wanting to look more pathetic by continuing this stupid chase?

\*pant\*  
\*pant\* I'll stop but only for a moment. I've gotta get my magic and that's only through consumption of life.

Is that supposed to make me feel bad and give up my life for you?! I ain't that dumb! Especially to just get your magic back. Not like you're dying or something.

Actually... yeah, I am dying. I am a creature of magic. No, magic and I cease to exist. But I guess that's a relief to hear to prey like you, huh?

Dang. He might be a pred, but he's so pathetic. I can't just let him die when I can help him easily.

\*sigh\*  
Hold on.

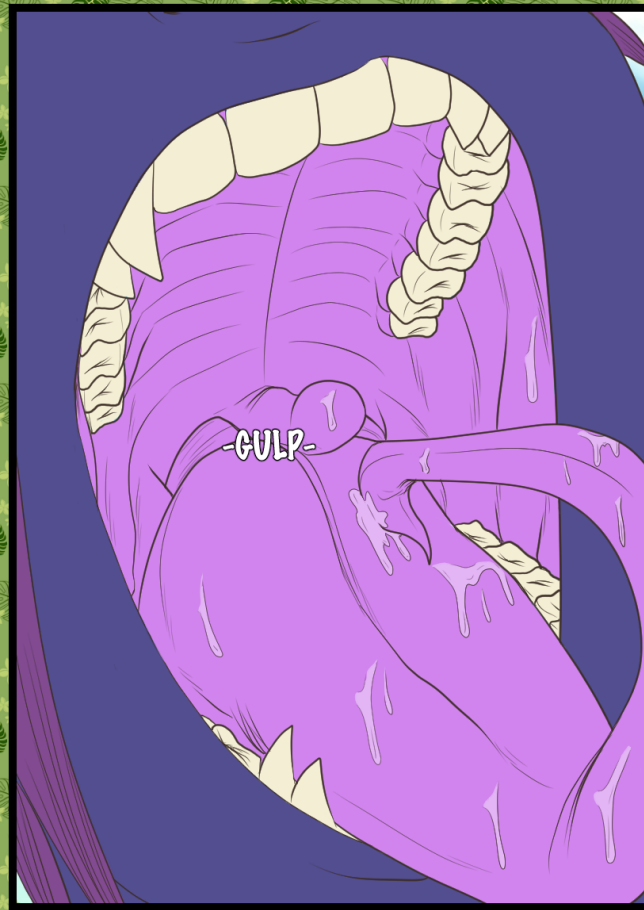

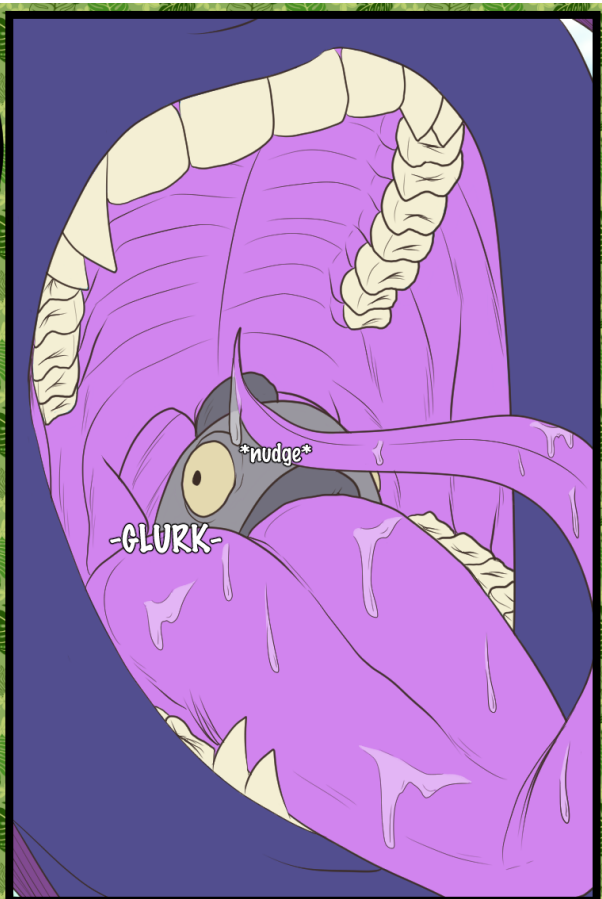

A BIT LATER

Fish? Seriously? Those taste so bland.

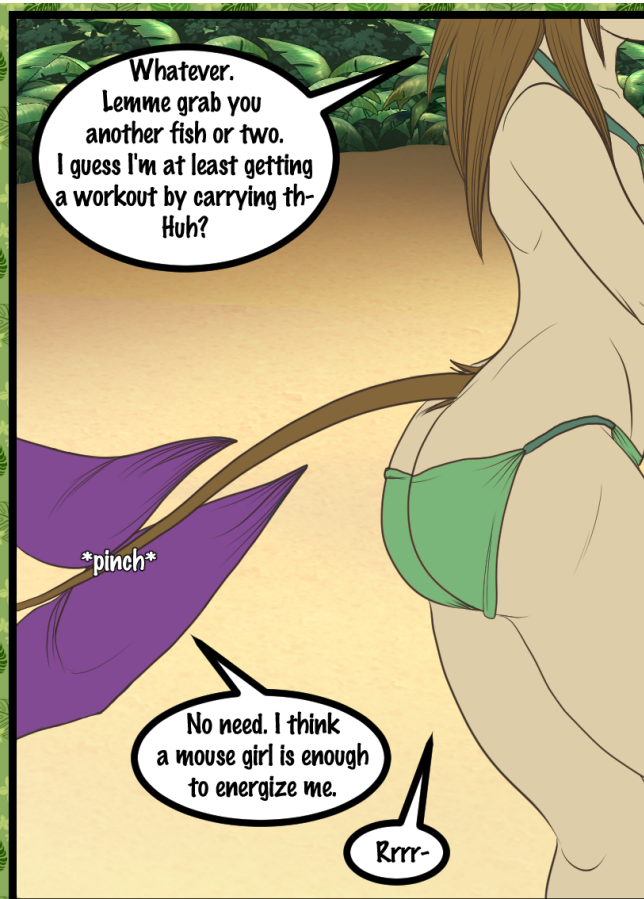

Says the guy that needs to eat a living thing to live and needs as much help as possible!

\*sigh\*  
Fine, but that'll only gimme slight energy... if any.

Whatever.  
Lemme grab you  
another fish or two.  
I guess I'm at least getting  
a workout by carrying th-  
Huh?

\*pinch\*

No need. I think  
a mouse girl is enough  
to energize me.

Rrrr-

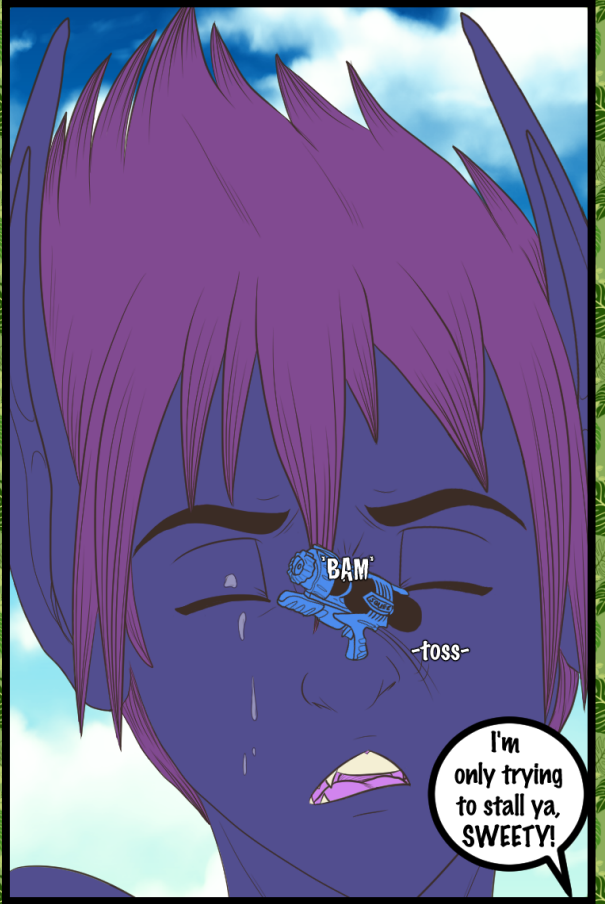

Ungrateful punk!

-squirt-

\*pump\*  
\*pump\*

I'm not a wicked  
witch that'll melt  
from water, sweetie.  
\*chuckle\*

BAM

-foss-

I'm  
only trying  
to stall ya,  
SWEETY!

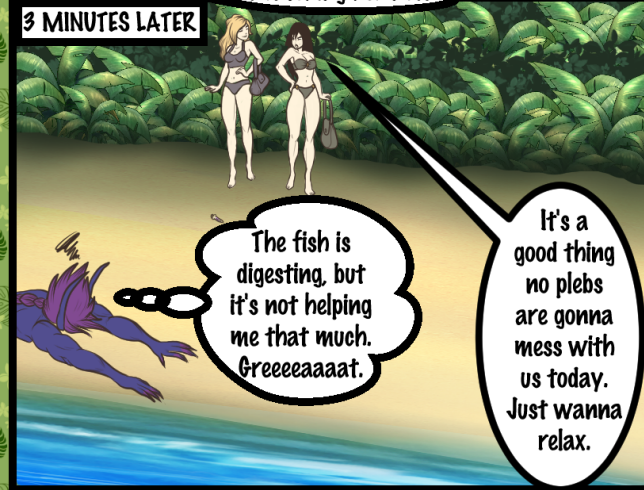

Oh, come on! That shouldn't have hurt ya!

It still ticked me off!

\*grasp\*

-run-

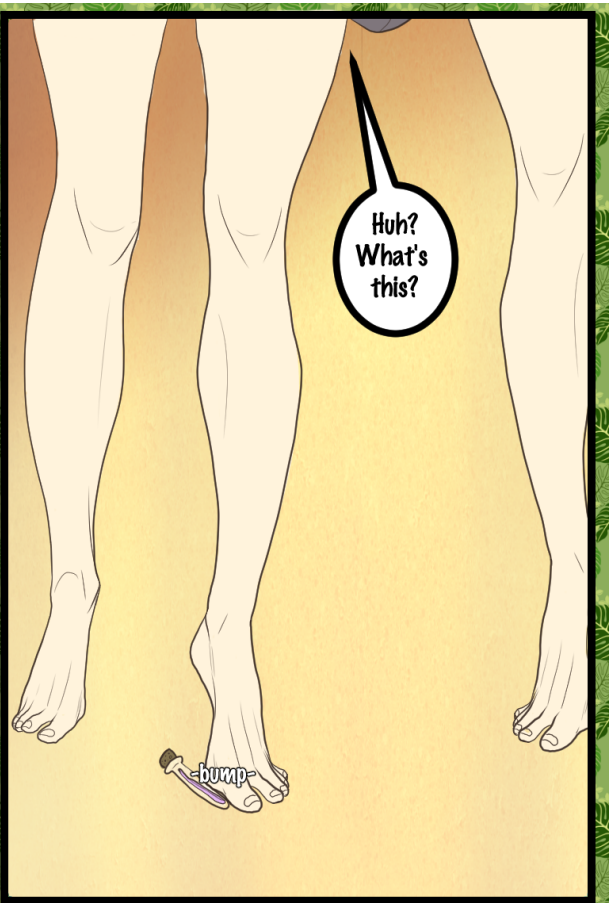

Dang it. I have no chance of catching her now.

3 MINUTES LATER

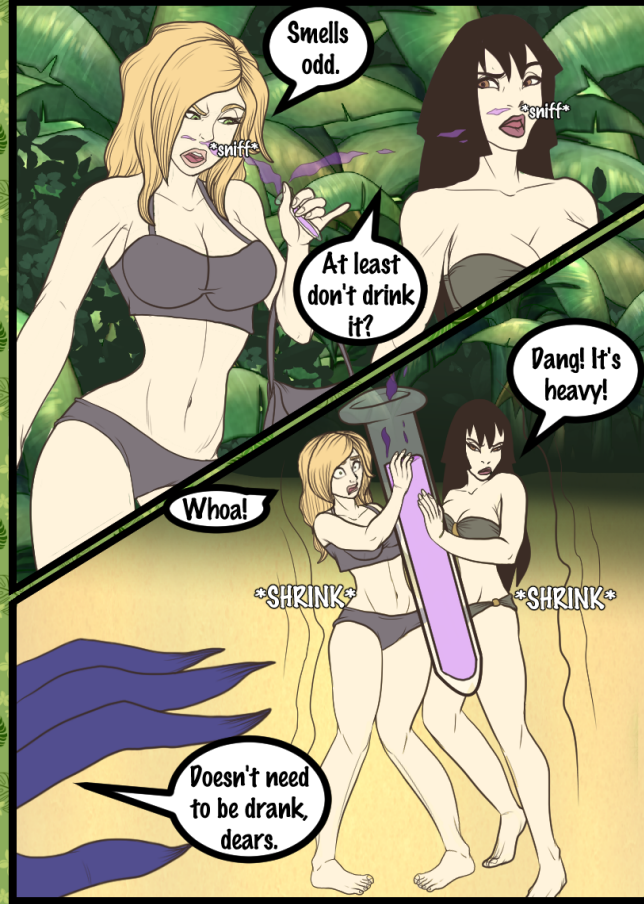

The fish is digesting, but it's not helping me that much. Greeeeaaaat.

It's a good thing no plebs are gonna mess with us today. Just wanna relax.

Huh? What's this?

-bump-

Smells odd.

\*sniff\*

At least don't drink it?

Dang! It's heavy!

Whoa!

\*SHRINK\*

\*SHRINK\*

Doesn't need to be drank, dears.

Just a sniff and you become the perfect size for consumption.

Put us down, pleb!

Don't know what a pleb is, but I know what you two are.
