

Lamia Duelist Volume 4

Characters

Jaden x 2: 11 inches soft: 12 Hard

Syrus 5 inches uncut

Chumley 4 inches soft: 6 inches hard: 4 fingers thick

Bastion 8 inches

Torrey 4 inches

Harrington 7.5 inches

Zane 10 inches

Brier 10 inches

Beauregard 5 inches Thick

Damon 3 inches 9 inches in bara form

Chapter 16 The Duel Giant

Jaden was on one of his nightly walks/slithers. “Mmm, life is good!” the night sky was so clear, and the island was so wonderful to explore. The red dorm had become his base, and his harem was growing nicely. “I wonder though, will they be okay with my true form?” it was a common fear of lamias. “No matter, I'll make sure they love so much even when they know the truth they'll accept me. For now its fine.” he sighs and continues his slithering, when a loud explosion draws his attention. “I sense a duel!”

He slithers towards the noise and hears some screams. “You lost, so your best card is mine.” A large male covered in the coats of obelisk blue students stood before a groveling student from the house of blue.

“Fine it's yours take it.” the giant male did, stashing it away.

“On your feet, your punishment isn't over.”

“Ehh?” he found out soon enough as the giant male yanked off the student's jacket. Bit by bit the giant male stripped the student and left him naked. The giant wasn't done with the boy yet as he easily maneuvered him and proceeded to spank

him. His large hands struck both cheeks, again and again, turning the cheeks a blazing shade of red.

Once he was done spanking the student he dropped him, the boy landing on his sore ass with a yelp. Jaden was about to step in when he felt a strange pulse of energy. A flash of light occurred blinding Jaden as powerful magic was worked on the defeated male.

The naked student gasped as his endowments began to shrink, he was pretty sizable too, his once proud 9-inch dick shrank down to a puny 1 incher. “No my cock what have you done to me?” he looked around but the giant was gone. He cried running off into the woods and back to his dorm.

“Well, you don't see that every day.” He definitely felt the power of a shadow charm, but who could be the one using it?

-X-

The next day a lot of the Obelisk Blues were talking about the Duel Giant. Not only was he playing with the ante rule, but they say he takes the jackets of the students he beats as trophies. No mentions of cock shrinking but most guys probably would have kept that secret if it happened to them.

Most of the Obelisk Blue students were more worried about losing their best cards and humiliated. Others took this attack on the Blue dorm as a challenge and were planning to defeat

the Duel Giant themselves, which is how the Duel Giant claimed so many victims.

Jaden tried to get more information on the Duel Giant, but none of the Obelisk Blue's would talk to him. "Give it up Jaden, why do you care about this Duel Giant anyway?"

"Let's just say I have my reasons." He knew of one Obelisk Blue who would talk to them. They went to Torrey's room and were greeted by Jaden's servant.

Torrey had heard the rumors, and he gave them the basics. "This has everyone's panties in a bunch, some Obelisks think the Duel Giant is a myth and that the others were careless and lost their cards. The others see it as a challenge, and have tried to take down the giant themselves, which hasn't gone over well," he explains while kneeling naked before Jaden, his hard 4 incher twitched in want.

"Oddly enough there are several boys who were once quite flashy in the locker rooms have become more reserved, that were attacked by the Duel Giant." He was stroking Syrus and Chumley's dicks as Jaden lazily stroked his own, his foot came forward and began to rub the boy's twitching dick.

"Not many are talking cause they don't want to get in trouble for playing with the ante rule, but the Obelisk Blue dorm is facing heat, so Crowler is pushing hard to try and crush this giant. He sees the loss and humiliation of his dorm more than

the ante rule problem.” he shivers and starts to pant, his pre-cum running over Jaden's foot.

Torrey pumps Chumley and Syrus faster using their pre-cum to do so, all while bucking his hips. Jaden responds in kind, using his toes to squeeze the boy's penis and add extra stimulation. “He also hasn't gone after any female students or any of the year 3 students like Zane.”

“Ahh!”

“Ohh!” Syrus and Chumley moan as they cum, their hot seed spraying into Torrey's face, the boy shivered in delight but didn't cum. His penis twitching heatedly against Jaden's foot.

“That's all I know,” he pants.

Jaden smiles. “Excellent work,” he pets his head, waves of delight washing through Torrey. “I think you've earned a reward.” he wags his twin big dicks.

Torrey scrambles up and climbs into Jaden's lap. “I've been training myself each day, I'm ready.” Jaden checked his readiness finding the boy's hole quite pliable. He smiles and praises him.

He takes one of his cocks and lines it up with the boy's stretched hole, his manhood slicked up with pre-cum. His first cock slides in, as his second slides between his legs, rubbing against his perineum, balls, and cock! Torrey couldn't hold

back and came, his cum spraying all over Jaden's long dick, as his insides tightened around the first.

Jaden starts to move to create glorious friction inside and out. “Ah ahh ahh ahh master!” he moans, feeling Jaden's dick stretch him wide and deep. He was seeing stars, loving the stretch in his belly. Back and forth, back and forth, delicious friction that had Torrey's mouth watering. The boy had hearts in his eyes as another orgasm built up inside him.

Syrus and Chumley weren't idle either, the show before them stirring their loins. They began to fap to their love making, knowing all too well the feelings and sensations Torrey was enjoying. One hand played with their cocks, the other was playing with their respective holes. They watched as Jaden's dick fucked Torrey, making his stomach bulge, while his second dick continued to rub against the boy's smaller cock and balls.

Jaden's hands came around and began toying with Torrey's perky nipples, he pinches and flicked the perfect buds, sending strong bursts of pleasure straight down to his pulsing dick. “Ahh master, I'm gonna cum!” he moans, body trembling.

This only promoted Jaden's actions, pinching the boy's nipples and driving into him faster, changing from long thrusts to shorter thrusts. Torrey was thrust over the edge and

he came blowing a second load all over Jaden's second cock. His clenching heat pulled Jaden over the edge, his twin dicks cumming in unison. One spraying semen all over Torrey, while the other pumped him full of cum.

Syrus and Chumley found their respective climaxes and came all over Torrey, adding to the mix of cum over his body. From head to toe, he was covered in rich man milk. Torrey was blissing out, the hot cum marking his skin made his body tingle, his insides marked by his master's cum.

“Thank you for the information,” Jaden says, and kisses the boy, tasting Chumley's and Sy's cum on his lips. Torrey moaned into the kiss. The kiss started gentle, growing more passionate as the minutes ticked by. Torrey felt so good he ended up cumming again.

“Happy to serve Jaden-sama!” they got o use Torrey's private bathroom to clean up, and they redressed. Torrey promised he would let them know, if any new information came up, but Jaden told him not to go looking for the giant himself.

-X-

Crowler was indeed pissed, his dorm was being made a fool of, he needed someone to bring this giant down. He spotted Jaden, Syrus, and Chumley walking around in the Blue Dorms. 'What is that lot doing here? Wait...this is perfect I can use Jaden. Even if he brings down the giant I can have

him expelled for playing with the ante rule.' he chuckles at his brilliance. "Oh Jaden!" he calls.

"He's happy to see us, something is up!" Syrus points out.

"How would you boys like no homework for the rest of the year."

"I like grilled cheese but I'm wary of who's serving it." Chumley points out.

"Have you boys heard of the duel giant?" he asks.

"Yeah, he's the guy who's kicking your dorm's butt." Crowler flinched and fought back a frown.

"Yes quite, I'm willing to offer the three of you no homework for the rest of the year, in exchange, you take down the Duel Giant, do we have a deal?"

"Not quite, forget the no homework thing, instead, I want you to improve an increase in the Red Dorm's budget, and not for taking down the giant, but solving the mystery of the giant."

"Hmm?"

Jaden smiles and folds his arms behind his head. "The way I hear it some of your students don't believe this giant exists and that they simply lost their cards. If this turns out to be true, I don't want you going back on the deal."

“Fine, but only if the rare cards that were missing are found and returned to the owners,” he says and stomps off. 'Where did he get that information.'

-X-

Locating the giant wasn't going well, if not for Jaden seeing him with his own eyes did he know it was real. The group took a break and saw a duel going on, it was an Obelisk Blue student against a smaller boy from Ra Yellow.

Jaden's eyes flashed gold as he looked at the boy's hand. 'He's got Earthquake, that card will earn his victory. He just has to play it and he wins.' He thinks.

The boy was named Brier, he made it into Ra Yellow because of his dueling skills, but when it came down to the duel itself...

'Come on Brier, just one more move and its all over.' he thinks, but soon got distracted as his opponent began to mess with him, taunting him and insulting him, and his comrades were also digging into him.

“Hurry up shrimp, are you slow as well as short.”

“We don't have all day, shrimpy make a move!” his friends shouted.

“I uh I'll...”

“One two three let's go make a move you are going too slow!” Brier flinched.

“I'll attack!” he says, and his monster does.

“What?!” Jaden gasped.

Brier walked right into a trap, literally, the Blue student left the trap card Reinforcements which increased his monster's attack and winning the duel for him. Brier slumps down in defeat.

“Hey look he's even smaller now.” they laughed and walked off. Brier got a wicked look on his face, as anger fueled him. Jaden felt the waves of negative emotions.

'I felt that.' The boy met up with a taller male, who certainly could pass as the duel giant. Jaden went to Bastian for the details on the two Ra Yellows.

“Brier? He's a good duelist but suffers from massive stage fright, and he makes mistakes.”

“What about the big guy?” Jaden points him out.

“Beauregard? He's no Duel Giant, he actually got into the school on a game developing scholarship. He's here to design games not play duel monsters.”

“Hmm?” Jaden ponders.

“What are you thinking Jaden?” Syrus asked.

“I think I got a lead.”

He follows the two and sees as Brier was being mocked for being small, Beauregard was mocked for being huge. Jaden could see the boy was a gentle giant, and Brier was doing his best to avoid conflict, but the words of others were reflecting heavily on him, stroking the flames of rage. He noticed one other thing, but that wasn't important right now.

-X-

The boys had a stake out, and found the boy that had dueled Brier earlier that day, stripped, red assed, and his cock shrunk. “There he is!” Syrus pointed out.

The trio chased after him until he was cornered. Jaden challenged him to a duel. Jaden put his whole deck up to get back all the cards the blue duelists lost.

The giant was using an orc and goblin deck, and while he thought he had an advantage with his Giant Orc and his Second Goblin combo, Second Goblin able to equip itself to Giant Orc and keep it in attack mode.

“You should know, that Orc's and Goblin's know not to step foot in a Lamia's Jungle!” Jaden says and plays his field spell. He summons Lamia Sister #1, the effect of Lamia Jungle activating letting him destroy a spell or trap on the field and thanks to Second Goblin's ability it qualified.

One Goblin down, and with the double power-up Lamia Sister # 1 getting a boost from her effect of 400 points, and another boost from Lamia's Jungle of 600 points she had enough power to blast the giant orc.

The explosion from giant orc's destruction knocked the giant back to reveal Beauregard. Brier came out wearing a headset and wearing what looked to be a watch charm, it was more like a band with a shifting ring that acted as a magnifying glass. “So you two are the Duel Giant!” Syrus gasped.

Brier huffed. “We won't be taken in without a fight.” his charm glowed.

'Oh no you don't, I'm ready for you this time.' Jaden countered his charm with his own forcing it to deactivate.

“How?” Brier gasped.

“If you mean how did I know it was you, I felt your anger back in the duel arena and again the hall way, plus I can tell your skills from that duel.”

“But I lost that duel.” Jaden shook his head.

“I saw your hand, you could have won in a number of ways but you froze from stage fright.” he raised his hand to hold up to fingers. “How I stopped your shadow charm, you are a beginner you do not know how to use your charm freely enough to compete with me.”

“Please its not his fault, we just couldn't take it anymore, we made the blue students who mocked us get a taste of some payback. If you have to turn us in, take me instead.”

“Whoa easy guys, I'm not taking anyone in...yet, first I want to finish our duel, out in the open.”

“Fine, but I don't intend to lose.” Despite Brier showing confidence and skill, Jaden didn't go easy on them. The lamias crushed the goblins and orcs, and the victory fell to Jaden. “So are you gonna turn us into Crowler?” he asked.

“No, I'm not, I do however want you to hand over your charm.” Brier gasped.

“But...with this, I'm stronger, with this I'm better! I can't go back to being little Brier!” he began to tear up, “They mocked me for being small so I made them small!” Jaden put a hand on his shoulder, people could be cruel, you could be the best looking guy in the world, and you could still find someone to insult you. His sisters had found many humans who felt they weren't worthy because of this, wasn't this, wasn't that, but that nonsense was meaningless to a lamia.

“You don't need this, you are very skilled, you fought your heart out, you may have lost but you didn't give into stage fright. If we dueled again you might have won, but win or lose tell me honestly, it was fun right?” Brier blushed but nodded.

He took the charm off and gave it to Jaden. “Thanks, Jaden, you can turn us in now, I'm ready to face my punishment.” Beaugard put a hand on his shoulder, and Brier touched his hand.

“I'm not turning you in,” Jaden says. Syrus thought Jaden was gonna take them both into his harem. He wouldn't object since they seemed like good guys. “You guys have gotten a raw deal, but I have a feeling things are gonna get better for you, the both of you.” he took the cards and jackets back. “I have a plan, I just wanted to duel you out in the open, and now that I have I think you both will be fine if you stick together.”

“But Jaden won't Crowler cut the extra funding now?”

“I told you I got a plan right? Trust me, the mystery of the duel giant is solved.” he smiled.

“One thing though, why didn't you invite Brier or Beaugard to join the harem?” Chumley asked.

“Well if they wanted to play with us, but I have a policy of not splitting up a couple.” It was a lamia's policy.

“Couple?” Syrus and Chumley looked at each other. Jaden had eyes and could see the powerful bond of love between the two, it wasn't connected but maybe that would change.

Brier has lacked confidence for awhile, but dueling Jaden made him see if there was something he wanted he should go for it. “Beauregard, I uh, I love you!” he confessed.

“You finally said it.” he teared up and kissed the smaller male. “I love you too!” They returned to the Ra Yellow Dorm, to consummate their feelings. Clothing was removed, as the two shared more kisses.

Brier may have been short but he was all man below the waist packing 10 inches of thick man meat. While Beauregard may have been big and intimidating, he was a size queen. After a bit of foreplay, the larger male was getting fucked into his mattress, Brier groping his plump ass as he fed him all 10 inches. His fat 5 incher twitching and pulsing with every thrust. “Brier ahh fuck me, so big!”

“So tight, I've wanted to do this for ages!” The bed creaked with Brier's powerful thrusts.

“Me too, please faster!” Brier obeyed, shorting his thrusts but increasing his pace, his cock grinding his sweet spot in the best ways. The larger male was drooling, he was close so he reached down and began playing with his heavy cock. The two came together, Beauregard rolled them over and pulling Brier to him for a heavy make-out session, his spent cock leaving his gaping hole, a sea of cum leaving him. They each had a dream for the future, and they had each other, that was

more than enough. Brier swore he would stand up to the Blue dorm, with his dueling skills, and his friend now lover swore to stand up for himself more, he also saw he needed to be more confident. If things got tough they also had friends to turn to as well.

Brier cuddled up to his lover, and the two had the best sleep they had since coming here.

-X-

Jaden waited till Syrus and Chumley went to bed before heading out. “This charm isn't like anything I've studied but it seems to have the power of the Spell Card Shrink as a base.” Brier had told him he had found it when he was hiding from some bullies. When he touched it he seemed to know what it could do. Thus was the power of most shadow charms, how far their powers went depending on the owner. Jaden didn't like it, and felt this charm was too dangerous to exist.

He crushed it with his lamia strength, breaking its magic, restoring the men to normal. “If there are other shadow charms out there, ones not in the book of shadows, who else could be wielding them.” Jaden sighed. He returned the cards and jackets to their owners slipping the rare card in the respective pockets. He matched the owner's scents.

His plan worked, the duel giant became a hoax as all the cards were recovered along with the jackets. Crowler scolded the

duelists for being so careless and causing such a fuss. Those that had their cocks shrank did learn a lesson if they become better people or not who's to say. Even lessons in humility don't always stick.

Crowler was fuming, he had to honor his promise and increase the Red Dorm's Budget. 'First, the cards were lost now they were found, first there was a duel giant now there's not, I feel like I've been made a fool!' he growled in frustration.

To be continued...Chap 17 Maiden in Love

Chapter 17 Maiden In Love

The Slifer dorm was enjoying their new budget, they were able to get more of a decent meal. Banner was even able to order some much-needed repairs. With their duel field, hot spring, working appliances, and now a stronger budget things were looking up for the red dorm. While the red students were quite pleased and enjoying their new perks, Jaden was a bit more reserved.

He couldn't shake the thought of other shadow charms out of his mind. 'The other shadow charms...the abandoned dorm...the missing students...I feel there is something connecting these things together what is it?' he thought.

"Everything alright Jaden?" the boy jumped as Banner touched his shoulder. "Forgive me, I didn't mean to startle you."

"Oh it's okay, I was just lost in thought." he chuckled. 'Man I must have been out of it, I didn't sense him at all.'

"Is something on your mind?" Banner sat across from him. Jaden was a bit hesitant, talking about shadow charms and magic to the wrong person might get him in a touch of trouble.

“Hmm, you could say worried about the future I guess. I feel like something is coming, do you ever have that feeling?”

“Like excitement, or anticipation. I suppose as duelists we all get that feeling.” he smiled. “But you can’t let worrying about the future distract you from the present.”

“You are right, I might be worrying for nothing.”

“A little worry can go a long way, but its best not to let yourself get consumed by it,” he stands up. “If you have any troubles, please don’t hesitate to come to me.”

“I’ll do that, thanks, Professor.” Banner smiled at him.

“You’ve certainly changed the Red Dorm around for the best, I’ve not seen the red students so happy in a long time, and their grades have greatly improved too.”

“I’m glad.”

“You have my thanks Jaden,” he walked off. “I’m expecting even more big things from you.”

“Sure thing,” Jaden waved him off. Banner’s words did make him feel a touch better, and what was the point worrying about the future. He had a harem to look after, after all. ‘If any of those Shadow Charms do surface we’ll handle them properly.’

Little did Jaden know a new shadow charm was already on its way to the island. Someone known as Blair arrived on Academy Island, they had gained access due to impressive dueling skills and was able to transfer to the academy. However, Academics was not what Blair was after.

Banner introduced Blair to the Slifer Dorm. They were a bit shy, hiding behind Banner. “Hello...” he said shyly.

“What do you think Jaden?” Syrus asked.

“About what?” It was lunchtime so Jaden was eating.

“About the new guy.” Jaden looks over, and his eyes narrow. He felt a similar pulse of energy.

‘No way could he have a shadow charm?’ The energy was faint, so maybe he was just under the effect of a shadow charm. “Hey there, welcome to the Slifer dorm.”

“But Jaden, this isn’t Blair’s dorm, all transfer students start at Slifer but with Blair’s skills he’ll be in Ra Yellow soon.”

“Oh, I see, well until then you are one of us. Welcome!” Jaden smiled. Blair blushed and hid more behind Banner.

“Would you be so kind, as to let Blair stay in your room?” Banner asked.

“Uhh sure, I suppose.” Jaden comes up to Blair. “Let me show you around.”

“We are in!” Syrus said. The group of Jaden, Syrus, and Chumley show Blair around.

“This place is nicer than I thought it’d be,” Blair said.

“We’ve has some improvements,” Jaden said showing Blair their room, there was already a bed made. It was for Bastion, Torrey, or Harrington, but it’d be good for Blair.

“How about we celebrate your arrival with some bonding in the hot spring?”

Blair blushed, “I uh don’t think so.”

“I see, well...” A knock came to the door. Jaden answered it. Bastion stood at the door carrying a towel and some bathing supplies. “Hey, Bastion!” Jaden smiled.

“Greetings chaps, who’s this?”

‘What’s a Ra Yellow duelist doing here?’ Blair thinks.

“Blair, they are the new transfer student,” Syrus explained.

“I see, will he be joining us for the bath?”

“Nah, they aren’t interested.” Jaden pulled off his jacket and shirt. Blair’s face went red. “Let’s go guys.” In an instant all the guys began to strip, Blair’s face went red, and they peeked through their fingers. They donned their towels and headed out. “See you around Blair.” They left Blair to unpack their things.

“What is with them, honestly...” Blair reached into their pocket and pulled out a ring. ‘With this, my deepest wish will come true.’ The ring was a shadow charm, but its signature was weak unless worn.

-x-

After some manly bonding in the baths, the boys got dressed and gathered for an assembly. Sheppard appeared on the big screen. “Greetings students, as some of you may know, our duel with North Academy is coming up.” They were the biggest rival of Duel Academy. There was North, South, East, and West Academy, with Duel Academy Island smack dab in the center. “Last year, Zane, our student rep, beat them good!” he smiled. “And this year I want to beat them again.”

Blair looked over and saw Zane standing among the Obelisk Blue students. “Hey, Blair! Didja know Zane’s my big brother?”

“Really?!”

“Yeah, he’s pretty cool, but mom says I got the looks,” Syrus said, and Jaden ruffled his hair.

“We haven’t decided on who will be representing us this year, but focus on your school work and train hard and it just might be you,” Sheppard said. “It is a high honor! Don’t let us down.” He signed off.

Jaden was excited. He'd love for the chance to be the rep for the school duel. The chance to duel new students, he was getting fired up.

"It could be any of us, but it'll probably be my brother. He's the strongest duelist in the third year class."

"Yeah, a man like that his skills are truly amazing. I took him on head on and I was lucky it ended in a draw."

"You dueled Zane!" Blair gasped.

"Sure did, I'll admit he was super cool, if he gets picked as the rep it'll be a fun duel to see." While the boy's walked off, Blair slipped away.

They followed Zane and waited for him to be alone. Once he was, they slipped on the ring. It's magic reacted and pulsed.

Jaden's eyes flashed gold, sensing shadow magic. 'Oh no!' he looked around. "Guys, where is Blair?"

"Dunno looks like he left us."

"I think we need to find them," Jaden said. He used his shadow charm and scattered some invisible energy snakes to try and find them.

Back with Blair and Zane...

"Zane, I'm sure you don't remember me, but I saw you duel back at nationals."

“Is that so, it's nice to see you.” he gave a polite bow and went to leave.

“Wait, you don't understand, you see I...” they smiled. “I thought you were so strong and cool when you dueled, and you are so handsome and smart too. You see Zane, I'm in love with you!” Blair's ring glowed.

Zane took a step back caught off guard by the light. ‘This ring was made from the magic of the spell card Cupid's Kiss, it's activation requires the user to confess their love, now then!’ Blair aimed the ring at Zane, a pink heart appeared above it and they shot it like an arrow.

It struck Zane and spread pink energy over his body. Zane gasped and his body became flushed. His heart began to race. ‘Now then, Zane will now confess his feelings, and when they match my own, he'll belong to me forever!’ What Blair didn't realize is their ring draws out feelings one might be suppressing or holding back, it can't create feelings of love. It was true if Zane did love Blair, the shadow charm would have made him her slave.

Zane had hearts in his eyes, as thoughts of his crush erupted to the surface. “My love...” Blair got all giggly.

“Now Zane, hold me in your arms and let's get married.” they jumped for him, but Zane ran right past Blair, making them

fall flat on their face. “Wha...what happened?” they ran after Zane, quickly pocketing the charm.

With Jaden...

‘Now the shadow magic signal has faded, what is going on, am I being paranoid?’ he was outside in the schoolyard, he saw Syrus and Chumley asking other students if they’ve seen Blair.

Zane came running out of the building. “Jaden Yuki!” he shouted, drawing everyone’s attention.

“Zane? What’s up.” the tall male walked over to Jaden with a serious look on his face.

“Jaden, I’m in love with you!” he declared in front of everyone! Jaden blinked, Syrus and Chumley’s jaws dropped. Blair who came out right in time for the confession turned ghostly pale. Zane got down on one knee, and took Jaden’s hand and kissed it. “Please let me become your boyfriend!”

“Oh whoa,” Jaden facepalmed. ‘This has the smell of shadow magic written all over it.’ It hurt but he had to say no, he liked Zane and even wanted him to be in the harem, but he had no idea what kind of spell he was under. ‘On the other hand.’ he looked around and saw a lot of Obelisk blue students glaring daggers at Jaden. ‘I can’t turn him down in front of everyone either.’

He wondered what his sisters would do. 'If he's under a spell, I can't hurt him, I must take responsibility.' Jaden took a deep breath and sighed. "I'd love to be your boyfriend Zane." the look on the boy's face was priceless, he smiled. He was so happy!

Zane stood up and smiled. "Yes!" he cheered, he pulled Jaden into a hug and gave him a kiss.

"I haven't seen my brother that happy since he first started playing duel monsters. He got so serious when he got older, saying he didn't have time for distractions if he was gonna be the best." He wanted Zane to be happy, and he also wanted to see Jaden fuck his brother silly.

The rest of the day was an interesting one. Zane would walk Jaden to class, holding his hand, stunning everyone they passed in shock. No one had seen Zane show any affection for anyone male or female. So to see him holding hands with a guy, wasn't as much of a shock as seeing him hold hands with a Slifer red. They didn't share classes so Zane would give Jaden a kiss before heading to his class.

In study hall, Zane found Jaden and helped him actually study. Crowler was losing his shit, which was kind of entertaining. 'What is Zane doing with that slacker?' he was in tears, ripping his handkerchief.

“Jaden, are you gonna take my brother into the harem?” Syrus asked.

“It’s hard to explain Sy, let’s just say your brother isn’t himself right now. I’m looking after him until I can find who dosed him.”

“Really? He looks really happy. I trust you though, I know you’ll take care of my brother too.” Jaden smiled and kissed Syrus.

Zane walked in and saw them. Syrus gasped, feeling a strange surge of emotion as Zane approached them. “Jaden, I uh...is it weird that I like seeing you and Syrus together?”

“What?” Syrus gasped.

“It’s weird, right? I actually get excited thinking about you two together, and Syrus watching us together. No matter how much I push these thoughts down, they keep coming back up.” Jaden hugged him.

“It’s not weird, you are a good guy Zane,” he rubbed his back. “Come on, let’s have some bonding at the bathhouse.”

Zane smiled. “I’d like that.”

-x-

The boys hit the red bathhouse. Zane took off his clothes gaining some Wows, he was jacked, and his cock was a solid 10 inches, bigger than Syrus thought he’d be. Zane was also

amazed at Jaden's double d's, feeling his own manhood pulse to life. They got in position...

Syrus was washing Chumley's back, Jaden was washing Syrus' back, and Zane was washing Jaden's back. This was something Zane had not experienced in a long time. Syrus and he had visited bathhouses as kids, and they were nice, but since coming to Duel Academy he visited the Obelisk Bath House but he was alone. He eventually switched to using his own private shower.

He smiled as he washed Jaden's back, he could feel Jaden's muscles, he caressed his shoulders, across his blades, down his spine and felt up his lower back. 'He's so sexy.'

"Okay switch!" the boys turned around, and Zane got face to face with Jaden's dicks for a moment. The manly musk hit him and sent a shiver down his spine, and a jolt down to his penis.

He turned around and began washing his front, ignoring the pulse in his cock. Jaden started washing his back, massaging his tense muscles. 'Zane, I'm sure you are under a spell of a shadow charm, I want you to become one of my mates, but if I break this spell I don't want you to regret this. So I will not claim you now, but I want to make you feel good.'

Jaden began to massage Zane, loosening him up, the older boy leaned back against him. The lamia's hands came around,

one hand going to Zane's hard on, and the other fondles his balls. "Ahhh!"

A blush spread across his cheeks. "J-Jaden!" his head rolled back and rested on Jaden's shoulder.

"So sensitive, poor guy do you not touch yourself?" he pumped him, causing his foreskin to slide back and forth against the sensitive tip.

"I...I don't..." he confessed.

"Do you want to be taken Zane?" he stroked him faster.

He licked his lips and gulped. "I...I...I do! I've been dreaming about it, it's so embarrassing."

"Not at all, if that's how you feel there is nothing wrong with that. Wanting to be dominated isn't embarrassing at all." He kissed Zane's neck.

Zane felt a huge weight lifted off his shoulders, and he bucked into Jaden's grasp. He came hard, blowing his load all over himself, and Jaden's hands. 'So thick!' he got a taste of Zane's semen, it was so thick and rich. "Mmm," he licked his lips.

The boys rinsed off and got in the bath. They each let out a satisfied sigh. "This is nice!" Jaden held both Syrus and Zane, the two relaxing against him.

It got late and Jaden got out of the bath first. “Sy, you found a really good man.” Syrus smiled at him.

“So did you.” Zane smiled back at him.

-X-

Jaden’s milk break was interrupted as he felt the pulse of a shadow charm. He stepped out and found Blair waiting for him, she wasn’t hiding her gender any longer, her hair was down and her shadow charm was out. “Give Zane back to me. He’s mine!” she aimed the ring at him.

“So you are the one who messed with Zane.”

“He was supposed to love me, and only me!” she fired a heart from her ring, but unlike Zane, Jaden was able to deflect it with his own shadow magic. “I will make him mine!” she launched a volley of hearts, but Jaden conjured energy snakes that either blocked them or ate them.

“What about Zane’s feelings, don’t you care how he feels?” Jaden hissed.

“Zane loves me, we’ll be perfect together, if you would just disappear we can get married.” her anger and frustration began to feed the shadows, Blair’s clothing changed into a black wedding dress. “Feel the power of my love!” she fired a burning heart at Jaden.

Jaden dodged it easily. “Enough!” he used his snakes to bind Blair. She struggled but the snakes simply tightened on her. “You can’t use dirty tricks to force love! Even a lamia all our gifts all our techniques we can plant the seed, help cultivate feelings that are there, we can even play games of lust, but love is much deeper than that.”

“What are you talking about?” she didn’t get the whole lamia thing.

“Listen to me, I believe you like Zane, but you can’t force him to love you.” he places a hand on her shoulder and used his power to suppress hers.

“This ring gives me that power!” she snapped.

“No it doesn’t,” his eyes turned snake-like and he analyzed it. “This gives you the power of a cupid, your arrows can only draw out the love that’s there.” Jaden breathed a sigh of relief, so Zane had feelings for him.

“But he loves me, I know he does!” she snapped, her power erupted breaking the snakes. She attacked Jaden forcing him to not hold back on her, his power overwhelmed hers and her ring was destroyed.

The overflow of power knocked Blair out. Jaden sighed.

“Jaden?” Zane came out, wearing nothing but a towel. He was rubbing his head.

“Hey Zane, feeling better?” he smiled at the taller bluenette.

“Did I...did I really confess to you in the courtyard?”

everything was fuzzy, things coming back to him bit by bit. His face grew red. “Oh lord, what happened?” He couldn’t believe what he had done, and yet from these memories he legit felt happy.

“Would you believe me, if I told you were placed under a magic spell, would you believe me?” Jaden looked at him all seriousness in his eyes.

“Is this about shadow charms?” Jaden’s eyes widened.

“You know about shadow charms?” Zane nodded.

“There was a class about them and the millennium items. I thought they were only rumor and superstition spread by the King of Games having the Millennium Puzzle.” If Zane had this much knowledge, Jaden decided to talk about what he’s found. So Jaden told him what Blair did, and what her shadow charm did. Zane blushed.

“I’ve read about a few shadow charms myself, but I’ve never seen charms like these.” he told him about the shrinking incident.

“That does explain some of the few strange going-ons.” He rubbed the back of his head. “It is hard to believe, but in my three years here, I have seen some strange things.”

It was nice that Zane believed him, but this led to the bigger question that was hanging in the air. “So what do we do?”

“That’s up to you Zane, I like you and would love to have you in the harem, but I want that to be your choice when you’re ready.” Jaden frowned. “Or I can work a little magic, and everyone will forget even you.” Zane stared at Jaden in shock. It was clear to him that Jaden had some knowledge of this shadow magic, since he defeated Blair somehow and freed him.

“But you’ll still remember?” Jaden nodded.

“Afraid so, but I’ll keep it a secret and I won’t bother you.” Zane shook his head.

“No, you took good care of me when I was under the spell, you are a good guy Jaden. In another time and place, I’d join your harem, but I keep thinking about the future right now. I’m just so close...after this year, I’m going to be going pro.” he balled his hands into fists, this was a hard decision, his head wanted to focus on going pro, but his heart wanted to be with Jaden.

“I know, and that’s okay.” Zane put his hands on his shoulder.

“Jaden, I want you to know, I do love you.” Jaden smiled and pulled him in close.

“I love you too.” the two kissed.

Blair came to, groaning as her head began to clear. “What... where am I?” she looked around and spotted Zane and Jaden, naked except for towels, and kissing! She got a nosebleed and passed out. ‘Too hot!’ her head was spinning.

-x-

The next day, Blair was sent home, Syrus was shocked to find out she was a girl. Jaden knew since he could tell by her scent. She bore no more hard feelings and didn’t even miss her shadow charm, but it seems she hadn’t given up on Zane. Now she loved both Zane and Jaden, much to their dismay. Jaden did ask her where she got the charm, she claimed it was sent to her but she didn’t know who it was.

Zane held an announcement, he had come up with a plan as to keep the door open for their relationship and not half to erase any memories. “Yesterday, some of you may have seen Jaden and I starting a relationship. We have decided to end things for now, so I can focus on my future. My first love is dueling!” The blue dorm cheered. No one even cared Zane mentioned for now.

Jaden gave a soft smile, he wanted Zane to be happy, and the guy wanted to focus on building up his pro career. Syrus took his hand and held, and Chumley took the other. He smiled, it wasn’t as if this was the end.

Jaden and Zane made a promise, that at the end of the year the two would duel. Should Jaden win, Zane would join the harem, if he didn't Zane would carry on to the pro circuit without distraction.

Zane looked at the trio and felt a pang of want in his chest. He wanted to be with Jaden, right now, but he picked his path and he was gonna stick with it. That didn't mean he didn't change from this, in his alone time after studying Zane took a break and touched himself. His memories of Jaden and him together, the bond they shared even among the other guys in the harem.

He made sure his doors were locked, and balcony closed before he stripped naked. Just thinking about what Jaden did to him in the Slifer bathhouse had him hard and wanting. He got in bed, and began pumping his hard cock with one hand, and playing with his nipple with the other.

Zane had seen it in an adult book when he was a tad younger than he was now. At first the nipple play just lightly tickled, but as he slowly worked himself over, his body got hotter, and surges of pleasure was racing to his cock.

His heart began to race, a strong excitement spreading through him. 'Jaden...ohh Jaden!' he went slow at first, growing faster as more pre-cum spilled out. He didn't expect his cock to make such sinful noises as the foreskin danced

back and forth around the sensitive cock head. When he was close to erupting he was pumping his cock so fast his balls were bouncing. “Ah ahhh!”

Zane’s hand left his nipple, and he pulled the foreskin back, allowing his now free hand began rubbing the sensitive tip, teasing him a way that tipped him over the edge.

“Jaden!” he howled as he came. It wasn’t as powerful as in the bathhouse but it felt so good. Zane’s face, neck, pecs, and abs were covered in his cum. He lay there, panting, covered in cum, as he rode out the last of his orgasm. His cock softened into a semi erect state. He knew about Jaden’s double dicks but he didn’t play with his ass, that was something he wanted to save special for Jaden.

He got up to shower alone and crawl into bed naked, not bothering to slip under the covers. A pair of golden eyes would watch him, his balcony would unlock and a snake tail would slither into his room and tuck Zane in. The moves were so swift and light the male didn’t even stir, simply cuddled into the blankets. “Good night Zane,” Jaden whispered before heading back to the red dorm.

To be continued...Copy Cat

Chapter 18 Copy Cat

Duel Academy was abuzz with news, it appears the King of Game's deck was going on tour, with all the favorite hits, minus the Egyptian God Cards. It was such a big event, tickets were selling out fast. Not only that the card shack was decked out in Yugi posters, posters of the Dark Magician and Dark Magician Girl. There was merchandise that was gonna be offered and more. The card shack was packed as Jaden approached the massive sea of people. He managed to slip past the mass of students and stood next to Bastion. "What's going?"

"A duel, Yugi's deck is going on tour, and the last ticket is being dueled over." Syrus stood across a Ra Yellow duelist. The boy was named Dimitri, and oddly enough he was imitating Doctor Crowler.

"And now young scholar I use Heavy Storm, to clear the field." The spell card destroyed two of Dimitri's face downs and cleared Syrus' field of face downs.

"I remember this move." Jaden gasped.

"That's right, Dimitri is copying Crowler's deck, and is using the same methods he used in your duel." Bastion pointed out.

Dimitri sacrificed the wicked tokens and summoned Ancient Gear Golem. He had it attack Syrus' Jetroid, which allows Syrus to activate its effect. Syrus had the Trap Card in his hand known as Magic Cylinder, and thanks to his monster's power he was able to activate it from his hand.

Ancient Gear Golem's attack negated and was thrown back at Dimitri and dropping his life points down to 0. Syrus won!

"That's game!" Syrus cheered. Jaden smiled, the boy had gained so much confidence. He dueled calmly and focusing on his cards effects, working them with his spell and trap cards.

Syrus went over to shake Dimitri's hand, but the boy didn't take it. "Syrus, here's your ticket." Miss Dorothy said, the boy went over and got it.

"Great job Syrus, shame you couldn't win two tickets," Jaden said wanting to go.

"Two tickets did you want to invite someone else?" Syrus revealed he already bought his own ticket. "I won this one for you!" Jaden blushed, he hugged the boy and kissed him lovingly. Syrus wrapped his arms around his neck and hugged him back.

As for Dimitri, the Obelisk and Ra yellow students began to mock him for his failure. "Another loss for Dimitri."

“What a joke, losing to a Slifer Red student.”

“He’s a disgrace to Ra Yellow, when is he gonna be demoted already.”

“It’s gotta be soon, no matter who he copies he always loses.”
The crowd dispersed, leaving Bastion.

“Well, I think that’s the worst of it.” Dimitri punched the ground.

“Sure until the next time I lose!” he got up. “Well I’ve had it!” he ran off.

Bastion felt bad, Dimitri was smart, he was able to study various formulas to match various deck builds. The problem was he relied too heavily on that person’s deck. Which was how he lost today, Syrus kept his trap card in his hand cause he knew Dimitri was setting up the Heavy Storm Wicked Token combo to summon Ancient Gear Golem. It wasn’t impossible for someone to use a certain card or archetype like someone else, but they still had to make it their own. Dimitri didn’t have a passion for the decks he copied, he relied on the person he copied for power and didn’t put himself in the deck.

-X-

It wasn’t like Dimitri didn’t like a certain card. His favorite card was the card Copycat. People mocked him saying his card wasn’t enough to build a proper deck around. So he tried

to copy the greatest duelists, Kaiba, Zane, even Doctor Crowler. All his good test scores meant nothing if he kept failing in duels.

He looked at his favorite card Copycat, one last time before putting it away. ‘I can’t win by simply copying other duelists. I’ll have to become them!’ he put the card away and opened the drawer. Inside was a strange blue and brown mask, it had two jewels one in the forehead and a second in the chin, the face was a yellow palm with a red eye in the center. “With this power, I’ll become the King of Games!” He put on the mask, the shadow charm awakening. It fed off of Dimitri’s negative emotions, his rage, his desire, and his despair.

-x-

Jaden’s eyes widened. He’s been staring at his Winged Kuriboh card for awhile when he felt the pulse of a shadow charm. ‘Another shadow charm?’ he felt his own charm resonate and even got a coo from Winged Kuriboh.

“What’s wrong Jaden?” Syrus asked, his voice hot.

Jaden turned and smiled at the trio. Harrington was acting like the proper pet, getting spit-roasted by Syrus and Chumley. Syrus was pounding his ass, and Chumley was getting his cock and balls serviced by the tennis player’s mouth. Harrington slurped and sucked on Chumley's fat cock, stopping only to lap at his balls. Syrus was going to town on

Harrington's ass, pounding him so hard and fast, there was a steady clap of skin striking skin.

Syrus wanted to celebrate his victory, so he got to fuck Harrington, and Chumley joined in cause he liked to party. Jaden was gonna join in, after a bit, but sensing the shadow charm meant that fun times would have to wait. “I'm gonna go out for some air for a bit, you two stay and have fun. I'll call if anything happens.”

He leaves the three to the fucking and follows the sense of the shadow charm.

Meanwhile...

Crowler wanted a sneak peek at the deck, so he offered to relieve the security guards. Since he was a professor, the guards left him in charge. He'd be responsible if anything happened to Yugi's deck. Using the keys he slipped into the special event hall where Yugi's deck was stored in a special case.

He took the keys and unlocked the door. 'Just a peek couldn't hurt.' he looked inside and saw a strange masked man. “Ehh!?” the masked figure suddenly changed, his body morphing into an exact duplicate of Crowler. “It's me!”

-X-

Jaden bumped into Bastion. “Guess you couldn't wait to see the deck either?” he rubbed the back of his head.

“Something like that. You haven't seen anything weird have you?”

“Weird how?” he asked. Before Jaden could answer they heard a scream. They followed the sound and found the door to the exhibit opened. They entered and found the case broken, the deck was stolen, and Crowler the only one in the room.

“Crowler?”

“Did he steal the deck?” Jaden asked. Crowler began to sweat.

“Let's go get security.” Bastion said, and Jaden nodded.

“No, wait!” Crowler jumped on them. “Please I didn't steal the deck, it was a man in a mask, and then he changed to look like me!”

“What on Earth are you talking about?” Bastion asked.

“Search me, I swear I don't have the deck.”

“I believe him, we need to find that deck,” Jaden said. He called up Syrus. Syrus and Chumley had just finished, and Harrington was giving Chumley a rim job.

“What's up Jaden?” Syrus asked.

“Someone stole Yugi's deck, we need to find it fast.”

“What the deck was stolen!” Syrus gasped. “We'll help look.”
“Syrus be careful.” the call ended and the two got cleaned up, dressed, and headed out to search. Bastion checked the Ra Yellow dorm. Jaden was looking around, he had a feeling the one who had the shadow charm also had the deck.

Syrus and Chumley were having difficulty, as Dimitri was using his new power to fuck with them. He turned into Syrus and sent Chumley on a wild goose chase, and accidentally bumped into Syrus as himself. “What the heck?!”

The fake Syrus smirked and dispelled the transformation revealing Dimitri behind the mask. “Dimitri!”

“Who's this Dimitri?” he put the mask back on, and he transformed transforming into an older version of Yugi. “I'm Yugi!”

“You...you stole the deck!” Syrus accused.

“You can't steal what belongs to you.” he loaded the deck into his duel disk. “If you want this deck back you have to prove I'm not the true owner!”

Syrus got out his duel disk and tried to duel him.

-x-

Jaden, Bastion, and Chumley met up. “Find anything?”

“No, who could have stolen the deck?”

“I bumped into Syrus, but he was acting weird.”

“Weird how?” Jaden asked. The question wasn't answered as they heard a large explosion. They heard Syrus cry out, and they raced towards the noise. “Syrus!”

“I'm okay, he stole the deck, I tried to get it back but I lost.” Jaden's eyes narrowed, he could feel the other was covered in mystical energy.

“Is that really the King of Games?” Chumley asked he looked just like him.

“No its an imposter,” Jaden was given Syrus' duel disk. “And I'll prove it!” He loaded his deck.

“You think you can beat me, the Heart of the Cards is on my side!” the fake Yugi said.

“That's enough, let's just duel. Get your game on!” They each drew cards.

Jaden/Dimitri: 4000

“Jaden, its Dimitri, I don't know how he did it, but he looked like me, and after he took off his mask, he put it back on and turned into Yugi.”

“My word,” Bastion gasped. “How is this possible?”

“I'll explain later, but first let's get that deck back,” Jaden said. They agreed that if he won, Dimitri would return the deck, but if Jaden lost the deck would remain his.

Dimitri went first. He started things off with Polymerization, and he fused Gazelle the King of Mythical Beasts and Berfomet into Chimera the Flying Mythical Beast in attack mode.

ATK 2100

He sets Call of the Haunted face down. “Let's see how you handle this.”

“That's some move,” Jaden said and drew a card.

“Syrus you dueled this guy, got any advice?” Chumley asked.

“None, I tried everything I could and I still lost.” He wasn't able to even beat Dimitri's Chimera.

“That's not surprising. Dimitri is a very good duelist with a powerful memory. He's studied many dueling tactics and uses them when he copies other decks. Usually, the way to beat him is by exploiting a deck's weaknesses. Since he's copying Yugi it becomes more difficult as that deck's weaknesses aren't so simple.” Bastion explained.

Jaden looks at his hand. He had Lamia's Hunting Ground, Lamia Medusa, Lamia Little Sister # 2, Snake in a Jar, Predator Gaze, Double Summon.

“Alright first I'll play the field spell Lamia's Hunting Ground!” he activated the field spell, changing the area into a forest with large bushes. “Next I summon, Lamia Medusa!”

Lamia Medusa

a small chested snake girl with snakes for hair and pointy ears, her scales are a stone gray color and tough as stone to.

4 Stars Water Reptile/Effect: Once per turn you can target a monster your opponent controls that monster's attack and defense are reduced to 0 until this card is destroyed. Should any card also attack this card and fail to destroy it reduce that monster's ATK and DEF to 0.

ATK 1800 DEF 2200

The snake girl appeared on the field. She gained a power boost from the field spell, her attack boosting to 2400.

Thanks to the effect of the Lamia's Hunting Ground, Medusa was able to surge forth and destroy Dimitri's face down. "My face down!"

"Now Medusa, work your magic!" Jaden said. The girl's eyes glowed and Chimera was turned to stone, his ATK reducing down to 0. "Now attack!" With one flick of her tail, she smashed the stone beast, breaking him into pieces.

Dimitri: 1600

Jaden set his two trap cards face down and ended his turn.

“My move,” Dimitri draws. “I activate Card of Sanctity.” It allowed both players to draw until they had 6 cards in their hand. Dimitri was able to replenish his hand, while Jaden got to draw 4 cards. “Next I play Fusion Restoration!” This spell card allowed the user to remove from play a fusion monster from the field or graveyard and increase your life points. So he removed Chimera.

Dimitri 3700

“I'll set 2 cards face down, before activating Monster Reincarnation!” He sent his Dark Magician to the graveyard to add Gazelle to his hand. “I normal summon Gazelle in Defense Mode.”

DEF: 1200

“To end my turn I play Swords of Revealing Light!”

“Not good, with that card, Jaden won't be able to attack for 3 turns.” Bastion gasped, as glowing swords rained down upon Jaden's field.

“No big deal all Jaden has to do is summon a lamia and that spell card is gone!” Chumley said excitedly.

It was Jaden's turn. He draws.

Jaden's Hand: Lamia Little Sister # 2, Double Summon, Winged Kuriboh, Lamia Sister # 4, Supply Squad, Double Strike, and Lamia Apophis.

He weighed his options and began working up a plan.

“Alright first I'll summon Lamia Sister # 4.” Using the effect of the field spell to destroy swords.

“I got a trap!” Dimitri revealed Dark Renewal. It's effect offered up Gazelle and Lamia Sister # 4 and allowed him to summon Dark Magician. Even Jaden had to admit he was star struck, this monster was quite powerful and held a powerful spirit. He was trembling and he caressed his shadow charm.

Jaden thought about using Double Summon, but with the face down there was no telling what he had. Not backing down from the challenge...

“Hate to do this, but I gotta bring him down. Medusa!” she used her ability and turned the Dark Magician to stone. His ATK getting reduced to 0. “Next I activate Double Strike, allowing my monster to attack twice this turn!”

“If Jaden makes this, he'll win the duel!” Medusa charged but Dimitri activated his trap, Negate Attack! Medusa's attack was drained and the battle phase ended.

“Aww man, I'll end my turn.”

Dimitri draws. “I activate the spell card Thousand Knives to destroy Medusa!” the knives rained down and Medusa was destroyed, Dark Magician's attack returned to normal.

ATK 2500

“Now attack him directly.” The Dark Magician charged an attack, but before he could let it fly.

“Hold it, you aren't the only one who has a trap. Predator Gaze!” The trap card revealed and a big snake came out with glowing yellow eyes. Dark Magician was frozen in place, his attack negated and the battle phase ended. “I end my turn.”

Jaden draws. He gained Lamia's Jungle.

“I summon Lamia Little Sister # 2 in Defense Mode.”

Lamia Little Sister # 2

a young lamia girl she is longer than other snake girls. She wears an orange button up vest that matches her scales.

2 Stars Water Reptile/Effect: Cannot be destroyed in battle.

ATK 1400 DEF 1500

With that he ended his turn, choosing not to activate the field spell. Her ATK got boosted to 2000.

Dimitri draws. “I summon Obnoxious Celtic Guardian!” The monster was summoned to the field.

ATK 1400

“Go Dark Magician, destroy his monster!” Dark Magician blasted the lamia girl, however, she curled herself up in her lamia tail, and was not destroyed.

“Sorry, this little sister can't be destroyed by battle.”

“I'll end my turn.”

Jaden draws. Lamia Sister # 1 “I'll summon Winged Kuriboh in defense mode, and end my turn.”

Dimitri draws and he starts laughing. “I activate Mystical Space Typhoon.” It destroyed Jaden's field spell. “Next I'll play this card face down, next I'll equip this to my Guardian. Sword of the Just!” the guardian gained a new sword that was glowing and his attack got boosted by 400. “Not only does it give my monster an attack boost, but it allows him to attack you directly.”

Obnoxious Celtic Guardian jumped over the Lamia Little Sister and attacked Jaden directly. “Ahhh!”

Jaden 2200

With that, he ended his turn.

Jaden had a bad feeling about that face down. Yugi's deck was well balanced, between monsters, spells, and traps. His cards had a synergy that helped protect each other and their master. He drew the trap card, Kuriboh Guard. It was a trap that had Winged Kuriboh on it when your opponent attacked this card

forced them to attack a Kuriboh monster on the field. If this card was in the graveyard, you can remove it and the Kuriboh from play to negate one of your opponent's monster's attacks. Jaden set the card and ended his turn.

Dimitri draws. “I activate the Spell Card Pot of Greed.” with this card he was able to draw Watapon and Kuriboh.

“Not so fast, I got a Trap!” He revealed Snake in a Jar, forcing Dimitri to send the two monsters to the graveyard. He wasn't able to use it on Card of Sanctity since it allowed both players to draw cards.

Dimitri frowned, he hoped to summon Dark Magician Girl, with the help of the special effect of Watapon, it would have been special summoned and then he could sacrifice it and summon the other Dark Magician.

He went into his battle phase and had the guardian attack Jaden directly again.

Jaden: 400

“With that, I end my turn!”

“This is bad, one more attack from the guardian and Jaden is gonna lose!” Syrus gasped.

'Jaden was holding his own for a bit but Yugi's deck is truly a monstrous force.'

“My move,” he draws. He got Double Spell. “This is it!”

Dimitri raised a brow at him. “First I switch Lamia Little Sister # 2 into attack mode.”

“Next I activate Double Summon!” using this effect he summoned Apophis and Lamia Sister # 1. Thanks to the effect of Lamia Sister # 1 the lamias gained a power boost.

Lamia Sister # 1 ATK 1900

Lamia Little Sister # 2 ATK 1800

Lamia Aphophis ATK 2300

Dimitri simply smirked. His face down was Mirror Force, no matter what Jaden was planning, if he attacked his monsters would be destroyed.

“Next I activate Double Spell,” he sent Supply Squad to the graveyard and was able to use a spell card in Dimitri's graveyard Mystical Space Typhoon. The spell was used to destroy Dimitri's face down. “Yugi's deck is amazing I'm not taking any chances.”

He went into the battle phase and had the little sister, destroy the guardian since they shared the same atk points, but was able to survive thanks to her effect. Before he ended his turn he activated Lamia Jungle, changing their surroundings to thick trees and large snakes.

It gave his lamia monsters an extra boost.

Lamia Sister # 1 ATK 2300

Lamia Little Sister # 2 ATK 2200

Lamia Aphophis ATK 2700

“Now Jaden has a monster that can destroy the Dark Magician!” he and Chumley high fived. Bastion watched Jaden duel feeling his heart pound in his chest.

Dimitri draws and starts laughing at their cheers and celebration. “Sorry, I just found your friend's cheers a bit more premature. This duel is far from over!” He removed Watapon and Kuriboh from play to special summon a far more powerful monster. “You thought sending those monsters to the graveyard saved you, you allowed me to summon my deck's most powerful monster.”

Bastion couldn't believe it. He knew of the two powerful monsters summoned in this fashion, one of them being banned the other not due to its scarcity.

“Behold Black Luster Soldier – Envoy of the Beginning!” Dimitri summoned the powerful monster with a whopping 3000 ATK. “Apophis isn't the most powerful monster on the field anymore! Now attack!”

The Luster Soldier charged at the strongest lamia, only to be intercepted by Winged Kuriboh. “My trap card activates, allowing my Winged Kuriboh to block the attack.” the monster got destroyed, it's effect shielding Jaden's life points for the rest of the turn.

“Your life points might be safe but not your monsters. Since my soldier destroyed a monster by battle it is allowed to attack again.” So the monster did, only to be blocked by Winged Kuriboh's spirit.

Jaden used the second effect of his trap card. 'Thanks buddy, you saved me again.' The Winged Kuriboh cooed.

“I still have one more monster, did you forget my Dark Magician, go Dark Magic Attack!” the powerful magician blasted the Lamia Sister # 1. His life points were safe, but his monster was blasted. “I'll end my turn.”

Jaden draws getting his own Pot of Greed. He activated it getting 2 more cards. Lamia Shirohebi and Snake of Rebirth.

“We are still in this!” He looked at Little Sister who nodded. “I activate Snake of Rebirth!” he sacrificed the Little Sister to bring back Lamia Sister # 1. “Next I summon Lamia Shirohebi, and I'll be using her effect to bring back Medusa!”

Jaden had 4 lamias on the field. Medusa used her effect to turn Black Luster Soldier to stone, dropping the ATK to 0. Next, he entered the battle phase, and had Aphophis attack and destroy Dark Magician. Thanks to her effect, instead of going to the graveyard, he was coiled and pulled over to Jaden's field.

“No my monster!”

Dimitri: 3500

“Don't worry he was never yours, to begin with,” Jaden said. He had Dark Magician destroy the Black Luster Soldier.

Dimitri 1000

The remaining lamias charged and struck him, bringing his life points down to 0.

Dimitri's transformation failed his mask cracking, and falling off his face. “I lost...but how...I had my...I mean Yugi's deck.”

“You lost because you were relying on something else. When you copy other people's decks its empty unless you put yourself in it too.” Jaden came over to Dimitri. “You have to be you, you are a smart guy, I bet you can build a great deck that's all your own.”

Dimitri blushed. “You...you really think so...” Jaden nodded and gave him a smile. “But I need to ask you, about that shadow charm.”

“The mask? I was sent it, I don't know who gave it to me, but there was a note explaining its power.” Dimitri hung his head. “I thought with its power, I could become the best duelist. I wouldn't just copy the duelist I'd become them, but I still lost.”

-X-

It appeared the duel had drawn some attention, Zane and Alexis and several other students from each dorm had heard the commotion and watched the show. A lot of students were impressed with how Dimitri handled Yugi's cards. The shadow charm business was a surprise, but the Millennium Items were well documented.

Zane managed to convince the other students to keep this all a secret. Since they got to see Yugi's deck in action many agreed. Dimitri had to be punished, so he agreed to be demoted to Slifer Red. The deck was returned and Jaden was even able to fix the case thanks to his shadow charm.

Crowler was so pleased he wasn't going to jail for the theft he didn't question it. The next day the exhibit went off without a hitch, the deck was placed in a special system allowing his monsters to take form in digital stands. Students got to take pictures with Yugi's monsters.

You were able to buy posters t-shirts and exclusive packs. Jaden helped Dimitri work on his deck, building it around Copy Cat and getting monsters that supported it and had similar abilities.

-x-Later that Night-x-

Jaden met with Zane and Alexis out at the lighthouse. “Jaden, why did you call us here?”

“It's about your brother Alexis, I haven't found him yet, but I think I have found a clue to what maybe what happened to him.”

“You do?” Alexis was amazed.

“What do you know about shadow charms?”

“I've read about them but...they are just a myth right?” Jaden shook his head.

“The strange things that have been happening lately were because of shadow charms.” he showed them the mask. “This is just one of the recent shadow charms I've come across.”

“Jaden, how do you know this?”

“It's because I have one myself.” he showed them his. “So far its pieces of a puzzle, but with the abandoned dorm, these strange new charms. I think someone was studying them, not just in theory but was trying to experiment and make new shadow charms.”

“You think my brother disappeared because of these experiments?”

“I believe so,” Jaden said.

Zane put his hand on her shoulder. “It's certainly a lead.”

“Thank you Jaden, I hope to find my brother.”

“If we can find the person who not only helped make these shadow charms and sent them out, we may get a bigger lead.” she hugged him. She had hope, and she believed Jaden. With his help, she may just find her brother yet.

To be continued.

Chapter 19 Nature of the Draw

Jaden couldn't help feeling restless, he was trying not to let the others see it. Syrus and Chumley were happy to have things normal, Harrington was blissfully unaware of anything going on. Bastion was busy with his studies and Torrey...well Torrey knew the truth and was happy to help. He was trying to find out anything he could about what happened at the forbidden dorm. Torrey had some knowledge in the shadow games and spirits.

He even sent Winged Kuriboh to watch over Torrey to make sure he wasn't getting into anything too dangerous. He was doing his late-night slither just trying to relax. He was always taught that shadow magic could be dangerous, in the wrong hands it could be deadly. With the proper training, one could use a charm effectively and even use it to protect someone.

Jaden caressed his shadow charm. The lamia queen had used this charm, used its powers to protect the lamias from an ancient evil. New shadow charms weren't necessarily a bad thing since they could be used for good, but in the wrong hands...

'Just who is making these charms, the missing students, the abandoned dorm, while shadow duels are taught in history lessons the real thing is far more dangerous.' Torrey had tried reaching out through the shadows and Jinzo came after him. He remembered studying the shadow games himself, his sisters let him study the book of shadows, the book that held all the known shadow charms.

His sisters knew more about shadow magic than him. 'I wonder what they'd say about all this?' He looked at his deck.

“Jaden, you can’t worry about the future...” Jaden remembered one his sister’s words. **“One can spend their whole day worrying about what comes tomorrow and waste their present. The same is true for dueling, a duelist can worry about their next move, or they can draw and make the best of what fate gives them.”**

Jaden sighed. “Maybe I shouldn’t worry about tomorrow, I got some beautiful mates, a pet, a servant. I got my sister’s teachings and my deck, and I have my shadow charm.” he smiled. “No matter what comes, I’ll protect them!”

-X-

In the abandoned dorm, the shadows were moving. Power was ripping through, and while Jaden had crushed the remaining shadows that lingered there, the place was still

touched by shadows. So when someone from the other side reached out to open a gate, it opened!

The basement of the abandoned dorm trembled with power as a gate opened up and a muscled figure stepped out. He had a ring on his drawing hand. The mystery man stood tall, with flowing long hair, broad shoulders, massive pecs, 8 pack abs, thick arms and legs, big feet, large hands, wearing only a loincloth.

From the gate a masked figure stood, the mystery man turned and it closed. “Me...back...” he chuckled. He flexed his muscles, smiling as his body bulged and ripple. “This me now!” he chuckled.

“All need do, is hunt target, they no getaway!” His ring pulsed and began to surge with power. Above the dorm, storm clouds began to gather. An ominous wind spread across the whole island. “My power will let no one escape!” his hand clutched into a fist.

The storm cloud burst, spiraling out and covering the entire sky over the island. Lightning flashed and thunder roared, as the seas around Duel Academy became more violent. The wind howled and the ground shook from the unnatural disturbance. Heavy rain began to pelt the dorms like bullets. Many students woke up from the strange vibrations and howling winds.

Windows rattled, and some students were shaken from their beds. For the red dorm, it felt like the whole building was shaking. Dorm Advisors were out trying to keep everyone calm and to remain indoors.

Syrus and Chumley were woken by the storm. “Oh man it sure is noisy, I bet Jaden’s sleeping through all this...” Syrus said. “Ehhh!?”

“What is it Syrus?”

“Jaden...he’s gone!!!” he lifted the boy’s empty sheets.

“Uhh, maybe he went to take Harrington for a walk, or is visiting Torrey or Bastion...”

“Don’t you think he would have told us?” Syrus began to worry. “I’m gonna go looking for him.” he raced for the door, but as soon as he opened it he bumped into Professor Banner.

“Children you must remain indoors,” he said.

“But Professor, Jaden is missing!” Syrus said.

“I’m sure he is fine, I’ll go look for him.”

“Thank you, professor!” Syrus smiled. The door shut and Syrus got back to bed, and Chumley hugged him.

“Come on, it’s Jaden, he’ll be fine.” the bluenette nodded.

Jaden was caught in the storm. He felt the pulse of another shadow charm. “What on earth?”

He began to search for the source, but as it turned out the source was looking for him. Jaden gasped, seeing several twisters touch down over the sea, forming vortexes of water and wind, becoming a cage around the island. “This is not good...”

“Ahhhhhhh,” a Tarzan like yell echoed around him.

“Aahhhhh!”

The lamia turned towards the noise, and a massive muscle man came swinging towards him. “Oh wow!” The man was so ripped and so naked, that loincloth leaving very little to the imagination.

He landed. “A lamia...me found you...” he ran his fingers through his flowing hair.

“Hey there big guy, what are you doing here?” his eyes roamed over the muscular figure. His lamia sex drive highly approved of the sexy beast of a man before him, his manly musk was strong even through the pouring rain, the water cascaded down the man’s muscular body. “You don’t seem surprised seeing a lamia...”

“Heh, Me strong, you me hunt!” he charged at Jaden only for the lamia to easily slip away from him. Jaden groped him as

he passed. “You!” he blushed, getting brought to his knees as his dick hardened, his hole twitched, and his nipples pebbled.

“You got strength and muscle, but you pretty slow in the head to think if you can catch a lamia. I could grope you 20 times over and you’d never even touch me.”

“I no have to catch...I duel you!” his ring glowed and a duel disk appeared on his muscular arm.

“And if I refuse?” he folded his arms.

“No refuse fight!” he stomped his foot and caused a tremor, even the rain stopped in the area around them. “No surprise you are the one causing all this, who gave you that shadow charm?”

“I no talk, defeat me, maybe...” he loaded his deck, and to Jaden’s surprise, the duel disk glowed reversing his deck. Jaden felt the storm come from the abandoned dorm.

“Looks like I’ll be needing to get some answers from you,” his charm glowed and created a duel disk of his own. “If I beat you, you’ll hand over your shadow charm and give me answers.”

“You want my power, try and take it!”

“Duel!”

-X-

Torrey slipped out of his dorm after the storm hit, Winged Kuriboh led him outside and to Jaden. Jaden wasn't doing well, his life points were down and his field was empty.

“Jaden!”

“Torrey?” Jaden gasped. “What are you doing here?”

“Torrey?” the muscle man gasped. Torrey wiped his glasses and looked at the muscle man.

“No way...you can't be...Damon?!”

“You know this guy?”

“Yeah, his name is Damon Taizen, he vanished 7 months ago!” Torrey blushed. “He wasn't this buff before.”

“Not Damon! Damon weak, Damon always lose, now strong, master the nature of the draw!” he yelled. Damon had good test scores, but when it came to dueling he always lost it when it came to the draw. He started freaking out about what he would draw, and no matter how hard he trained he still kept wiggling about it.

His victory so far was because his spells, traps, and monster effects required guessing the top card of the user's deck, thanks to his shadow charm his deck was reversed so he got to see every card that came. He always guessed right, so Jaden was getting creamed. These effects even got him boosts to his life points so everything was in the blue.

“I trained for 6 months, facing all that nature could throw at me, I became one with nature!”

“You’ve been out in the wild for 6 months huh? I haven’t seen you...don’t tell me you went to the other world?” Damon smirked.

“You want answers beat me in duel!” Damon thought he had this duel in the bag, but Jaden saw his problem. Even if he knew what card was coming didn’t mean he was gonna win. Jaden turned the tides thanks to Lamia Little Sister # 3, she began to wail onto Damon, dropping his life points more and more, each time switching to defense mode.

Damon’s monster Drawer, had 2000 ATK so he couldn’t destroy the little sister, and Jaden was getting cards back in his hand with each passing turn. “I just need shield crush, and your monster will fall and your life points are finished.” he looked at his deck, but Shield Crush wasn’t the next card, it was a monster.

His life points were free prey to the Little Sister. Even if he drew it wouldn’t save him or protect him. He drew the monster and summoned it, and ended his turn. “On next turn me crush you!” he said seeing Shield Crush on his next card.

“You shouldn’t get cocky Damon, there are no sure things in a duel, and you shouldn’t act cocky to mask your fear!”

“Me fear nothing!”

“You were scared to draw your next card cause it wasn’t gonna help you!” Jaden said. “You’ve taken the mystery out of it but you haven’t really changed. You may not always get the card you want, but you gotta deal with what fate gives you!”

“Enough talk, it is you who is scared, you know that on my turn I will destroy your last defense, with my Shield Crush.”

“If predicting duels were as easy as predicting the weather, where is the fun in that?”

“Me no predict, me control the weather!” he showed this by increasing the storm around them.

“Oh yeah, well there’s a card I’m looking for, Pot of Snakes, with that card I can destroy the top two cards off your deck.”

“No!”

“Yes, draw!” Jaden drew and he got...Pot of Greed. “Let’s go again, Pot of Greed!” he drew two cards.

“Did you draw the card you wanted?” Damon asked.

“Nope but I got something I can use!” He activated Lamia’s Jungle increasing the ATK and DEF of the little sister. Damon wasn’t scared, even if Jaden attacked him it wouldn’t matter, he’d have Shield Crush and destroy the lamia.

“Next I play Snake Flute!” a golden pan flute appeared on the field, it was coiled by two snakes who started to play it. “This lets me summon two lamia monsters from my deck, so I summon Lamia Sister 1 and Lamia Sister 4!” the two snake women appeared on the field, and the little sister joined them in ATK mode.

Thanks to Lamia Sister # 1’s effect they all gained a boost to their ATK, and in the jungle, they gained even more strength.

Lamia Sister # 1 ATK 2300

Lamia Sister # 4 ATK 2300

Lamia Little Sister # 3 1600

“No way!” he shook his head. He still had plenty of life points, he could survive this!

“Way, instead of worrying about the future, you should have enjoyed the now! Because now you are about to be a lamia’s dinner!”

Lamia Sister # 4 was sent first, destroying Drawer, the point difference cost him 300 life points. She spat poison needles that melted Damon’s monster.

Damon: 3900

“That’s not all, when Lamia Sister # 4 destroys a monster by battle, she deals damage equal to the destroyed monster’s atk

points.” She painted her nails with the goo that was once Damon’s monster, her nails glowed and she hit Damon.

Damon: 1900

His remaining monster Doron was destroyed by Sister # 1, one quick tail whip sent him flying into the air before exploding.

Damon: 400

The little sister sealed his fate and blasted him.

Damon: 0

“You beat me, even though you didn’t get the card you needed?”

“That’s the fun of dueling, you need to be able to make the most out of each card you have. You may not always win, but you can’t be scared to try.” Damon began to tear up.

The ring had been feeding on his fear and his humiliation, Jaden helped put those fears to rest. However, the energy built up in the ring began to unleash. The storm began to grow wild and out of control. Even the academy’s volcano began to become active. “Damon!”

“It’s not me...I can’t control it!” he hissed. The energy crackled and caused more tremors.

“I got you!” Jaden coiled his tail around Damon and focused his power on his ring. He conjured energy snakes, and they

helped remove the ring before launching it up into the air. Jaden destroyed the ring, resulting in a huge burst of energy that blasted away the storm and ceased the tremors.

“I’m sorry...I’m sorry...” Damon cried.

“Messing with shadow magic can be dangerous,” he hugged Damon. “Are you okay?”

“Yes, thank you for saving me.”

“You saved everyone,” Torrey rushed over and hugged Jaden. Jaden smiled and kissed the boy. Damon blushed as the two made out. He felt his cock stir between his legs, his thick 9 incher throbbed and pulsed.

The kiss broke for air, and Damon hugged his crotch. “You two are boyfriends?” he gulped.

Torrey smiled. “I’m Jaden-sama’s servant!” he said so proudly. Jaden’s cocks slipped from his sheath, Damon’s jaw dropped at their size. Torrey began to suck on the right cock.

“May I?” Damon asked.

“Would you like to become my servant?” he cupped the guy’s cheek.

“Yes please,” he removed his loin clothe and let his fat cock bob free. He hadn’t touched himself in 6 months so his balls were swollen. Damon began to lick Jaden’s left cock while using his beefy pecs to massage Jaden’s length.

“Mmm, not bad,” he ran his fingers through Damon’s hair. Torrey got naked and started deep throating Jaden’s monstrous manhood. “Ohh that’s good Torrey!” he used his free hand to cup the back of his head.

Torrey moaned at the touch and bobbed his head eagerly. Damon didn’t have as much experience in sucking dick as Torrey, but what he couldn’t fit in his mouth he had his massive pecs rub against. “Does my dick taste good, Damon?”

Damon moaned in response, his eyes rolling up. He had hearts in his eyes, as he sucked down Jaden’s pre-cum. The two felt their releases build higher and higher, just from sucking cock.

They came, moaning around Jaden’s twin dicks. As they spilled their seed, their moans pulled Jaden over the edge and he fed them his cum. Jaden’s cum made Damon cum again, while Torrey was a bit more used to it. They pulled off Jaden’s cocks and started making out, sharing his flavor between them.

Jaden smiled as he watched them make out. “While that was fun, I’ll be needing answers from you big guy.”

“Yes, sir!” Damon bowed.

-X-

Damon had received a letter telling him to come to the abandoned dorm. He was then brought to a strange world, where he's been all this time training. The man he met on the other side, had given him his shadow charm. He had a charm of his own, and he wore it around his neck. His charm was made with the power of the Convulsion of Nature spell card.

“This person was able to open a gate?” Damon nodded.

“Hmm, it's possible that person left those charms on the island?” Torrey pointed out.

“Maybe, but they couldn't leave a gate open for long periods of times, I'd be able to sense that, and them opening a new one on this side.” Jaden pondered. “I think whoever is responsible for the other student's disappearances, might have an accomplice here at Duel Academy!” The two gasped.

Jaden rubbed his temples. “I'll help you find the accomplice and bring him down!” Torrey said.

“I might be the best duelist but I'll try!” Damon said.

“We can train together,” he patted his shoulder. “By the way, did you ever catch the guy's name?”

“Yes, he called himself Nightshroud...” Jaden's eyes flashed gold.

“Did you say...Nightshroud...?” Torrey was surprised, he's never seen Jaden so scared.

“Do you know him Jaden?”

“Of him, he was a legend in the Lamia Village, he was a man who lusted for the power of darkness, he went so far as to offer his flesh, his bones, his spirit to the darkness. He hopped from vessel to vessel, feeding on the darkness in people’s hearts to get stronger.” Jaden looked to Damon. “He was the one who sent you?”

“Yes, he told me to hunt down the lamia that was hiding on Academy Island, or he’d take away my power.” he blushed.

“So someone freed Nightshroud and gave him a new vessel.”

“You say freed, someone beat him before?”

“Yes, the Queen of the Lamias, she sealed him once before.”

-x-

Damon’s muscles faded, since they were honed through magic, the ring gave him the body he wanted as a sign of his strength. Once the magic faded away with time, he reverted to his normal self. “My muscles...” he cried. “My dick...” his nine-inch dick shrank back to its original size of 3 inches.

“You can earn them properly this time, you are still growing,” Jaden tried to cheer him up. Damon was willing to put in the work properly this time. Jaden even helped him rework his deck, to become a better duelist.

Jaden also conjured 4 snake statues to guard the abandoned dorm. He wasn't gonna let them have a back door. He thought about making the dorm apart of his territory and base, but that would require some time and a lot of effort.

To be continued

Chapter 20 Exhibition Match

The school duel was around the corner, it was a big event between Duel Academy and North Academy. The two had a rivalry with each other, unlike East, West, and South Academy. So a meeting was being had to discuss who would be Duel Academy's representative.

“No no no, this can't be happening.” Crowler was wiggling out. Fontaine and Sartyr, just listened to him rant and rave, while Banner and Sheppard sweatdropped. “Zane is our top student, why wouldn't we be entering him in the School Duel!?”

Sheppard sighed. “Because North Academy has decided to use a first-year student.” Crowler continued to rant and rave, claiming it sounded like a trick or had to be a trap of some kind. “In the spirit of competition, we decided to do the same.” Zane was waiting in the wings, he had won the School

Duel last year. “Now Crowler, I’m sure we have plenty of talented First Year students that can bring us to victory.”

“I’d like to nominate Jaden Yuki,” Zane said, much to Crowler’s horror.

‘Not that slacker!’ Crowler began to sweat. Jaden was getting more and more respect despite being a Slifer, this was making it harder for Crowler who wanted the Red Dorm gone. Never mind Jaden saved his ass just a few days ago from being fired and arrested for the theft of Yugi’s deck.

“Yes, Jaden would do our school proud,” Banner added.

Crowler’s eyes shifted before landing on Sartyr. “Wait, Bastion Misawa, he’s a straight-A student and a fine duelist!”

“I agree, Bastion is the best student in Ra Yellow, he would bring glory to our school,” Sartyr added.

“Hmm, well then it seems we have two fine candidates, so there is only one way to settle this, an exhibition duel!”

Sheppard was pleased with the idea, wanting to see a duel

between the two himself. “The winner shall become our representative!”

Crowler agreed, believing Bastion had the skills of an Obelisk Blue student and had the desire to take on Jaden and defeat him to prove he was the best of the first years. “Where is young Bastion today?” Crowler asked Sartyr.

“Oh, you know him, he’s probably deep into some equations.”

-X-

“Ohhh fuck, Jaden!” Bastion moaned, he was bare-ass naked, his hard cock down Jaden’s throat. His ass was being groped and fondled, while Jaden’s massaged his penis with his mouth and throat, gulping and swallowing around his hard manhood. Jaden’s tongue slipped out and caressed his balls. Bastion’s toes curled as he received the best damn blow job of his life, the brunette just seemed to keep outdoing himself.

His toes curled and his cock swelled, as he came down Jaden’s throat. Yuki continued to suck him through his

release, milking him of a couple more spurts. The orgasm made his head spin, and the milking made his legs feel like jelly. Bastion was moved back to the bed, so he could sit and rest.

Bastion whined at the loss, he wanted the boy to keep going, to keep touching him. His head was still swimming, he always felt so refreshed after cumming, and he found any mental blocks he was having cleansed. He used to think pleasure was just a distraction, but he was wrong.

“Our turn!” Syrus and Chumley had been waiting patiently, fingering themselves to prepare. Bastion watched as Jaden took his twin dicks and fucked them both at the same time, their asses rubbing together, as they danced a lustful dance of pleasure. Bastion watched this, feeling his loins stir again and his ass hole twitch.

Watching the pleasure Syrus and Chumley had was having him crave it too. It was only his damn pride that kept him from begging Jaden to touch his ass hole. Jaden was offering him a world of pleasure by becoming his mate, even if he submitted

he wouldn't have to give up his dominant desires as he could satisfy those urges with Jaden's pets. Perhaps he was being greedy, but a part of him wanted to top Jaden.

He had various dreams where he dominates the brunette, pounding him into the mattress while gripping his dicks like handlebars. He also had dreams where he bottomed, taking both dicks at once. With his ideals torn, he decided to place his fate in his dueling skills. Meeting Jaden, watching him duel, the pleasure, it opened up ideas to him. His own dueling skills were improving, and his muse was being stroked.

Little did Bastion know, his time to duel Jaden was fast approaching.

The room echoed with lustful cries as Syrus and Chumley came, and Jaden came deep inside them. Bastion watched as he pulled those twin terrors out, feeling his arousal spike.

“Are you up for staying the night?” Jaden asked.

“I think I can walk, should head back to my dorm.”

“I’ll walk you,” Jaden tucked Syrus and Chumley into their beds while Bastion got dressed. The lamia was dressed and ready to head out shortly after. “How’s Dimitri doing?”

“He’s getting some flack for his actions, I’ve heard he might be getting sent to Slifer Red soon.”

“Oh really?”

“Yeah, while his academic scores are decent, he’s racked up a long list of losses.” Jaden sighed, Dimitri joining the red dorm wasn’t an issue, but the system still bothered him. It’s like becoming a Red dorm student was a punishment and it shouldn’t be one.

“I don’t think coming to the red dorm should be a punishment.” Jaden stopped walking. “Is that why you didn’t wanna spend the night?”

“No!” Bastion whipped around.

“Then what is it, you seem to be having fun, but lately you always leave.”

“It’s not that I don’t want to stay, I feel it’s unfair. I’m not a claimed mate.”

“But you could be, you still want me?”

“Very, I can honestly say I’ve never wanted anyone more!” he blushed and Jaden kissed him.

“I want you too.”

“When we duel, I’ll come at you with all the passion I have!”

“I’ll be looking forward to it.” Sharing one more kiss they parted ways. Instead of returning to the dorm, Jaden transformed and went on his rounds. Dueling Bastion wasn’t gonna be easy, the boy was skilled, smart and calculating, now with passion behind him he was gonna be tough to beat. That just made the game more exciting.

Jaden wanted Bastion, wanted to see him come undone by anal pleasure, to reach new depths of pleasure together.

Bastion was a good guy, perhaps a bit wound too tight, but the flood gates weren’t open yet. Now he just had to win, and claim the boy.

When the news came that they'd be having a duel to see who would be the representative for the school duel, they were in class. "I expect to see great dueling from both of you."

Banner said the two exchanged a look Jaden smiling while Bastion smirked.

Everyone thought their excitement was for the chance to be a part of the school duel, but they were excited for other reasons. This would be their battle, to decide who was the strongest.

Chumley pointed at if Jaden went to the School Duel, he'd be the first Slifer ever to attend.

Bastion has been preparing for this since his duel with Chazz. He was determined to win. "My duel with Bastion has been a long time coming." They went back to the dorm so Jaden could go over his deck and do his own preparations. Lamias tested their potential mates in different ways, some through trials, others by combat, Jaden chose dueling. The Ra Yellow students were cheering for Bastion while the Slifer Red students were cheering for Jaden.

Obelisk Blue was rooting for Bastion, mostly because they didn't want a Slifer Slacker representing them. Some of the Blue students offered Bastion their best cards, to make sure he won. He turned them down politely. "My deck is ready and perfectly balanced can't have an errant card disrupting it."

"Whatever, you better win!" Bastion didn't like it, he wanted to be a good duelist, the best, but was this what the best was like, looking down on others. What happened to good sportsmanship? Honestly, if this duel didn't have special meaning to him, he'd simply turn down the offer and let Jaden represent the school.

-x-The night before the duel off-x-

Jaden was surprised to get called out by Alexis, the duo meeting outside the abandoned dorm. "What's wrong Alexis?" he noticed she placed a flower outside.

"Jaden, I'm grateful for you helping me find my brother, but something has been bugging me."

"What?"

“Just who are you?”

“Ehh?” the boy blinked.

“You have a shadow charm yourself, where did you get it?”
she crossed her arms.

“Alexis...”

“There have been a lot of strange things going on, and while I was so happy you said you’d help me find my brother. I can’t help but feel you are hiding something,” she revealed her PDA. “So I did some digging, and you don’t exist. You have no history like you suddenly appeared out of nowhere.”

Jaden balled his hand up, he ran through his options. He could tell her the truth and reveal himself, but this could lead to some very terrible outcomes. He could lie or brush it off, but he could see the determination in Alexis’ eyes. He could hypnotize her...but that didn’t feel right either. “Alexis, I have nothing to do with your brother’s disappearance.”

“I want to believe that, but you have a shadow charm, you don’t have any records over a year.”

“I will confess I am keeping something from you, but all of you. I am not ready to reveal who I am yet. Please trust me, give me time.”

“I owe you that much, but if you did have a hand in my brother’s disappearance, know that I will end you!”

Jaden sweatdropped. “I don’t doubt it.” She walked off. Jaden felt for her, his sisters would do the same if something happened to him. He thought about contacting his sisters and asking about Nightshroud, but he thought he could handle it. When he was told stories of the Lamia Queen his sisters always got weird if he asked questions.

Alexis was miffed, Jaden only confirmed to her that he wasn’t who he says he was, which made her question just who is he? This is exactly what he didn’t need when he was going in for a mating match.

Jaden also had questions, but right now he had a match to focus on.

-X-

The arena was full of students and Crowler announced the duel and duelists, giving Bastion great fan fair but not even saying Jaden's name. Zane met up with Alexis. "This should be an exciting duel."

"Yeah, whatever..."

"Alexis?"

"Oh sorry, I just...doesn't it bother you Jaden has a shadow charm?"

"It's weird yes, you don't suspect him of having something to do with your brother's disappearance do you?"

"What if he did? What if he's only doing this because he has a guilty conscience?" She admitted to having dug some digging into Jaden's past, or lack there of. "I can't stop thinking about it, he's helping me sure and I'm grateful, but the shadow charm..."

"I don't think Jaden is a bad person, he didn't take advantage of me when I was under a spell. He's allowed to have his

secrets, and I think if you believe in Jaden, he will help you find your brother.”

Alexis felt bad, but she'd apologize after the duel. With everything that was going on, she hoped Jaden wouldn't be too angry with her for being suspicious. With all the weird stuff going on, she didn't know what to believe, and some part of her couldn't help but be curious about Jaden.

They focused on the match.

“Good luck Bastion!” Jaden said.

“Thanks, you too, but you know what I say, luck favors the prepared!” the two loaded their decks and activated their duel disks.

“Let's duel!” they said in unison.

Jaden/Bastion: 4000

“I'll start things off, I set a monster face down and I'll play a face down.” Was Bastion's opening turn.

“Alright then,” Jaden draws. “I'll summon Lamia Sister # 1!” the red-scaled lamia appeared on the field, her effect boosting

all water monsters' ATK/DEF on Jaden's side of the field by 400.

Lamia sister # 1 ATK: 1900

He then tried to activate his Lamia Jungle Field Spell. "I think not Jaden because I have a trap, Inferno Pit!" He revealed his trap, it was continuous. So long as this card is face-up on the field neither player can play any field spell cards, destroy any face-up field spell active on the field. This card can only be activated when either player tries to play a field spell.

Jaden's field spell was destroyed and sent to the graveyard.

"Drat..." Bastion smirked. He had done the math, Jaden's deck specialized in swarming and sweeping an opponent by powering up his monsters through effect. If his plan comes through he'd claim victory. "I'll set one card face down."

He entered his battle phase, and the lamia girl attacked, lashing at the face-down card with her tail. The monster underneath appeared. "My monster, Battle Footballer is revealed!"

DEF 2100

The lamia's attack was bounced back and Jaden took damage.

Jaden 3800

"Guess I walked into that one." he ended his turn.

"You are quite bold Jaden, but I'm ready to meet you with my passion!" He draws. "This fire deck I worked so hard on, prepare yourself!"

"Fire huh, you bested Chazz with your water deck, and prepared your fire deck for our duel, I'm impressed. I want to duel all your decks Bastion!"

"That can be arranged," He set another card face down. "Now I summon Fencing Fire Ferret!" The beast appeared on the field in a swirl of flames. "Now attack!"

Fencing Fire Ferret ATK 1700

Jaden wasn't surprised, he'd seen this in Bastion's duel with Chazz, his moves were always calculated. His lamia countered the attack, their tails meeting, and while the lamia received a scratch the ferret got destroyed.

Bastion: 3800

“Now my monster’s effect activates, since he was destroyed and sent to the graveyard, I can destroy one of your monsters, and you take 500 points of damage!”

“No way!” Jaden gasped as the scratch erupted and scorched the lamia and turned her to ash.

Jaden: 3300

“Nice move Bastion.” He could see why Bastion kept his other monster was in defense mode, now he had a solid defense against his attacks. It was his turn now, and he draws a card. “Sweet!”

The monster he got was Lamia Shirohebi, now he could get some defense of his own, and bring back a lamia from his graveyard. “I summon Lamia Shirohebi in defense mode.”

Lamia Shirohebi DEF: 2500

“Now I activate her effect!”

“Not so fast Jaden, I got a face down.” his face down revealed. Second Match: When this card is activated while

you control a face-up Fire monster, you can special summon a monster from your hand or deck that has the same ATK.

“With this card, I special summon Barrier Statue of the Inferno from my deck!”

The pyro monster appeared on the field in defense mode it had 1000 ATK/DEF but its effect is what really locked Jaden.

“Now so long as this monster is on the field neither of us can special summon monsters, except for FIRE monsters.”

“Bastion blocked Jaden again.” Syrus gasped.

“Sy...Jaden’s gonna win right? What’s gonna happen to the harem?” Syrus didn’t have an answer.

“Jaden will win.”

Since Jaden had summoned a monster in defense mode he couldn’t attack, so he set a card and ended his turn.

Bastion draws a card. “Next I summon, Solar Flare Dragon!” the blazing dragon appeared on the field. I’ll play one other card and end my turn.” With that Solar Flare Dragon’s effect activated and blasted Jaden with 500 points of damage.

Jaden: 2800

Jaden draws. “I’ll summon Lamia Little Sister # 1!” A young lamia with white hair, bowl cut style, she has black and gold eyes, appeared on the field. Her scales are a mix of white and black and a few silver scales here and there. She wears a silver snake pendant and black top.

ATK 1300 DEF 1400

“I’ll activate her effect to increase my life points.” She began to dance, conjuring energy snakes that raised Jaden’s life points by 300.

Jaden 3100

“I’ll attack your Barrier Statue!” The little sister charged and attacked with mana snakes.

“I don’t think so Jaden!” He revealed his face down, Spikeshield with Chain, it equipped to his Barrier Statue and raised its ATK by 500. Since it was attacked while in defense mode, it’s second effect activated boosting it’s DEF by its ATK.

DEF 2500

“Oh man!” Jaden gasped, the mana snakes were scorched, and he took damage.

Jaden: 1900

“I won’t let you destroy my monsters so easy Jaden.”

“So I see, I’ll end my turn.”

Bastion draws. He was a tad worried about Jaden’s three face downs. ‘Could he be bluffing or is Jaden actually preparing something?’ He cast his eyes and gasped to see the lamia girl dancing again. “Don’t tell me...”

“Yep, Little Sister’s effect works on each of our turns.”

Jaden: 2200

“Then I’ll just have to take her out then. I summon Blazing Inpachi in attack mode.” the burning being appeared on the field.

ATK 1850

“I’ll attack!” the burning monster charged at the little sister.

“I reveal my face down!” Poisonous Barbs, Bastion’s monster was destroyed before damage calculation, not only that the trap card can equip to the little sister, boosting her ATK to 2100.

Bastion ended his turn with a face down, and Solar Flare Dragon’s effect activated blasting Jaden with flames.

Jaden 1700

He draws. “I summon Lamia Little Sister # 2 in defense mode.” A young lamia girl she is longer than other snake girls appeared on the field. She wears an orange button-up vest that matches her scales.

ATK 1400 DEF 1500

Little Sister #1 danced and raised Jaden’s life points again.

Jaden: 2000

“Next I’ll have my Little Sister # 1 attack your Solar Flare Dragon!” she attacked again with mana snakes.

“Can’t let you do that Jaden, I activate my Amorphous Barrier trap card.” Since he had 3 monsters his trap ended the battle phase.

“You are really prepared Bastion, I can’t help but get excited!” Jaden smirked and Bastion blushed.

“Same here!” Jaden ended his turn and Bastion draws. Jaden’s monster’s effect activated raising his life points to 2300. “I summon Darkfire Soldier # 1!” the blazing hunk of a monster appeared on the field. “But he won’t be around for long, for I activate Bonding Embers!”

His two pyro monsters glowed as did the machine football player. “To activate this effect I need two pyro monsters and one FIRE monster.” Their flames ignited and a pillar of fire formed.

A giant dragon of fire appeared on the field. “Behold my Fire Dragon!” the dragon roared. “Sorry Jaden, this duel is mine,” he said and he thought. ‘Soon you will be too!’

ATK 2800

“We’ll see about that, bring it on!”

“You see while my Fire Dragon is on the field all of your water monster’s ATK is dropped to 0.” While his other two Lamias were in defense mode since Little Sister # 1 is in attack mode if Bastion attacks Jaden will take 2800 points of damage. “Go Fire Dragon attack his Lamia Little Sister # 1!”

The dragon roared and prepared to attack. “I don’t think so, you aren’t the only one with a trap to defend his monsters!” Jaden revealed Predator Gaze, it negated Fire Dragon’s attack and ended the battle phase.

“Well played, but I’m ready for you, even if you summon Medusa, your monster’s will still only have 0 ATK, so my dragon cannot be destroyed.”

“You really have thought of a lot, I can see the preparations you’ve made, but you aren’t the only one who’s come prepared!” Jaden draws. “I’ll start by playing Pot of Greed!” he got to draw 2 more cards.

His life points got a boost as the Little Sister # 1 danced again.

Jaden: 2600

“Next I activate Snake Pit!” A continuous spell that boosted the ATK of all Lamia monsters by 200, a moot point against Fire Dragon’s effect, but it was the second effect Jaden was after. “Now when I summon a Lamia Monster I get to draw a card.”

He summoned Little Sister # 3 in defense mode, allowing him to draw another card. He switched Little Sister # 1 to defense mode and set 1 card face down.

Shirohebi DEF 2500

Little Sister 1 DEF 1400

Little Sister 2 DEF 1500

Little Sister 3 DEF 2000

Bastion draws, and Jaden’s life points gain another boost thanks to the Little Sister # 1.

Jaden 2900

‘He’s good, he’s managed to recover almost completely.’ While this was impressive Bastion hasn’t lost a single life point in quite a few turns. Bastion had also crippled Jaden’s ability to use field spells, special summon, and all his monsters’ ATKs were 0.

“I activated Eternal Embers!” This continuous spell card made it so when a pyro monster Bastion controls is destroyed by battle or card effect, he can banish another pyro monster to revive it.

“Wait that means...with three pyro monsters in his graveyard, Jaden would have to destroy his Fire Dragon three times!” Syrus gasped.

“You are making this fun Bastion! Come at me!”

“I intend to, go Fire Dragon!” Jaden countered with his trap Venom Strike, it destroyed the Fire Dragon and hit Bastion with 500 points of damage.

Bastion 3300

Bastion banished his Blazing Inpachi and Fire Dragon was back and blasted his Little Sister # 1. The turns passed, Bastion blasting his lamia, destroying them one after the other until he reached Lamia Little Sister # 3 since she couldn't be destroyed by battle she was Jaden's ultimate shield.

Jaden managed to deal Bastion some more battle damage with Lamia's Tears.

Bastion: 2500

Then Bastion tried to increase his hand with Pot of Greed, but Jaden's final face down was revealed to be Snake in a Jar forcing him to lose a ritual monster and a spell card.

Things got worse for Jaden when Bastion got the equip spell Fairy Meteor Crush. With the equipped to Fire Dragon even though he couldn't destroy Jaden's last little sister, he was able to inflict piercing damage.

Jaden 1600

“Jaden!”

An attack on his next turn brought Jaden down to only 300 life points.

“You are good Bastion, very good, I want you even more now!” Jaden stood tall and dispelled the flames. “But you aren’t the only one who came prepared.”

“Yes, you’ve dueled very well, we’ve gone blow for blow, but it seems you are out of moves.”

“Perhaps, but when preparing to challenge you I noticed a weakness in my deck, my path, and tactics in the past were missing something if I needed to fight an overly defensive battle I wouldn’t last. However, you’ll find that Lamia are nothing if not versatile.” Jaden placed a hand over his graveyard. “In battle sometimes the battle needs to be held off for preparations to be made. Thanks to them, I am not ready to end this!”

“Go ahead I’d like to see you pull your way out of this one.” Bastion sweats. ‘Is it possible?’

“You’ve made me a better duelist Bastion, which was I updated my deck. There had been some support cards I’d been lacking.” Jaden’s hand was full, it made Bastion on uneasy.

“First I summon, Lamia Basilisk in defense mode.” A shy lamia girl with barbs on the tail appeared on the field. She has dark purple scales and black barbs. She has claws of a similar design. She wears a visor over her eyes. “Next I activate the Equip Spell Armor of the Naga!” This Equip Spell was a support card for the lamia deck, but it had its drawbacks, but it had perfect synergy with Lamia Basilisk.

Armor of the Naga Equip Spell: The monster equipped with this card cannot change its battle position even by a card effect. The monster equipped with this card gains 700 DEF. Any monster with less ATK that attacks the monster equipped with this card equipped to it is destroyed at the end of the damage step.

‘This armor was forged for big sis Basilisk, she was always so shy, but when she wore this armor, she showed no fear!’ he

equipped it to Basilisk, armor encased her claws and even her barbs.

DEF: 3100

“Lamia Basilisk, reveal your eyes and activate your power!” Thanks to her power, all monsters Bastion controls are forced into attack mode.

Fire Dragon attacked, only to get smacked down by Basilisk’s tail.

Bastion 2200

“Don’t think this is the end, I banish Solar Flare Dragon to bring my dragon back in defense mode.” The dragon reappeared, but once it met Basilisk’s eyes it changed into attack mode and charged. “No stop Fire Dragon!”

Boom!

Bastion 1900

He had to use the card’s effect again, re-summoning his Fire Dragon, only for it to be forced to attack again. Boom!

Bastion 1600

With no pyro monsters in his graveyard, the spell card was destroyed. “Not bad so you managed to destroy my Fire Dragon after all, but I have ways of turning this around!”

“Did you forget Bastion, you had another monster on the field.” Bastion’s eyes widened as his Statue was switched into attack mode. It only had 1500 ATK and against Basilisk’s 3100 DEF...it was over.

“No stop, don’t attack...” the statue charged at Basilisk, and she smacked him down, Bastion was blown back. He had lost but he was filled with a rush of excitement. He couldn’t help but laugh as the crowd cheered. “Amazing...simply amazing...Jaden...I think...no...I know I love you!”

Jaden walked over to him and helped him up. “I love you too.” He kissed Bastion, earning shocked gasps and cheers from Syrus and Chumley.

The duel off ended, Jaden Yuki was going to be the lucky first year to represent Duel Academy in the school duel, and Bastion was lucky to become a part of Jaden’s growing harem.

To be continued...Chazz Changes

Things are changing for Chazz, who instead of making it home ended up stranded. He's found by a mysterious stranger and goes through new trials to change his views and how he duels.
