

## Chapter 141 - Sewing +18

"I didn't know you sewed."

"I just started practicing." Lili smiled. "I asked the Goddess to get this for me, but I just started practicing today" Lili continued to move her hand deftly, sewing some fabrics.

"What are you making?"

"I'm trying to make a shirt. I asked the Goddess to buy some black fabrics, since it is a simple color. I didn't want to sew a colorful shirt."

"I see." I walked over and sat down on her side. She continued to sew, and I began to watch every movement of her hands. It didn't look like she had just started practicing. She was good at it.

And it was getting good; it already looked like a shirt.

"How long have you been sewing this?"

"I guess about three hours. I started practicing as soon as I woke up."

"And it's already like that? You can open a clothing store if you keep progressing like this." I said, surprised. But of course, I was only joking with her.

"Don't say such silly things, I have no intention of working with this, I just want to make some clothes for me and for you... If you want of course."

"Are you saying that the clothes I buy are ugly?"

"Of course not... I would be happy if you would wear something made by me." Lili pouted.

"Well, I can wear this shirt, the size is perfect." I pointed to the shirt she was sewing.

"I was sewing it for you, so of course the size is perfect."

"How did you measure my body to know my shirt size? Scary..."

"Are you really asking that?" Lili patted my shoulder and set aside the shirt, thread, and needle. She then laid her head on my lap. "So, what do you want?"

"Do I need to have a reason to come all this way to stay with you?"

"... What happened?"

"Nothing happened. It's just that I'm bored, so hanging out with you would be fun."

"Watching me sew a shirt won't be much fun."

"Yeah, that's true. So, let's go out for a while this afternoon."

"Hm? Shall we go to a restaurant again? There's nothing else to do in this town besides that."

"Well, we could go to the entertainment district, you can have a lot of fun there."

"You idiot!"

"I'm just kidding." I stroked Lili's head, and she closed her eyes. Before I knew it, my other hand was already caressing Lili's shoulder. My hand slowly moved toward her boobs.

Lili's body trembled; she had goosebumps.

When I held her breast and squeezed it, Lili made no sound.

"Pervert."

"What? I can't do that?"

"You can, but hadn't you better ask first?" Lili opened one of her eyes, and a smug smile appeared. "I'll lock the door." Lili's tail wagged frantically.

####

Lili locked the door and slowly walked over to me. She was wearing a somewhat transparent white shirt. She liked to stay like this at home.

I wouldn't say I liked this very much since Bell sometimes strangely looked at her, but I never complained. Lili would never betray me, just like the other girls in my harem. As long I treat them well.

"What? Did you get horny?" Lili grabbed her boobs over her shirt and groped them, acting indecently. But her tail and ears were so cute that I giggled.

"What are you laughing at?" Lili pouted.

"It's nothing, it's just weird that you're acting this way."

"What do you mean weird? Haven't I done that many times before?" Lili licked her lips and moved closer to me. She knelt, and her tail rested on the floor. Lili placed both her hands on my cock.

She began massaging it to get it hard.

"Hehe." Feeling my cock get hard, Lili smiled and removed my pants. I stood up a little to make things easier.

She lowered my pants to my shins and brought her face closer to my cock. "It's so big." She started stroking it with her cheek and touched it with her tongue.

"What do you want me to do? Do you want me to suck it? Do you want me to masturbate you? Do you want me to use my boobs? I'll do anything you want." Lili slapped my cock against her cheek continuously.

I could see that she had started to masturbate herself.

She was wearing shorts that were probably already wet. Lili gets wet very easily.

"What do I want you to do? Hmmm..." I looked up and thought, teasing Lili.

Then I felt a bite on my cock. A weak bite; it was not Lili's intention to hurt me. "Come on, tell me. I'll do whatever you want." Lili stuck out her tongue.

I could feel the heat of her breathing.

"So." I couldn't help myself and brought my hand up to Lili's head. I shoved my cock inside her mouth. Even though her mouth was busy with my cock, Lili was still trying to say something.

"Hmm... Wa...i..." But I didn't listen and continued to move her head. Lili put her hands on my knees and closed her eyes. Her eyes were watery, but she continued to masturbate.

She was enjoying this, and so was I.

Her tongue moved and touched all the sensitive parts of my cock. Lili had learned to use her mouth very well. 'Well, we practiced a lot... Ugh.' Then my cum gushed out.

My liquid invaded Lili's entire mouth and ran down her throat. The sticky texture always made Lili a little disgusted, but she swallowed my cum like it was something delicious. Her face was red, and her body was boiling.

With watery eyes, she looked at me with desire.

"Hmm...Hm..Ah..." Lili came as my cum dripped down the corner of her mouth.
