Here you can see the new wing we added. Quite happy with how it turned out!
The renovator was a shy guy from Sarasaland! Hes quite good. Was able to match the rest of the castle nicely.
Oh My! The detail work is equisite. We could use a new renovator...
I'll get you his number, hes a great guy to work with.
BUT ENOUGH ABOUT INTERIOR DESIGN!
We are gonna have some fun while we wait...

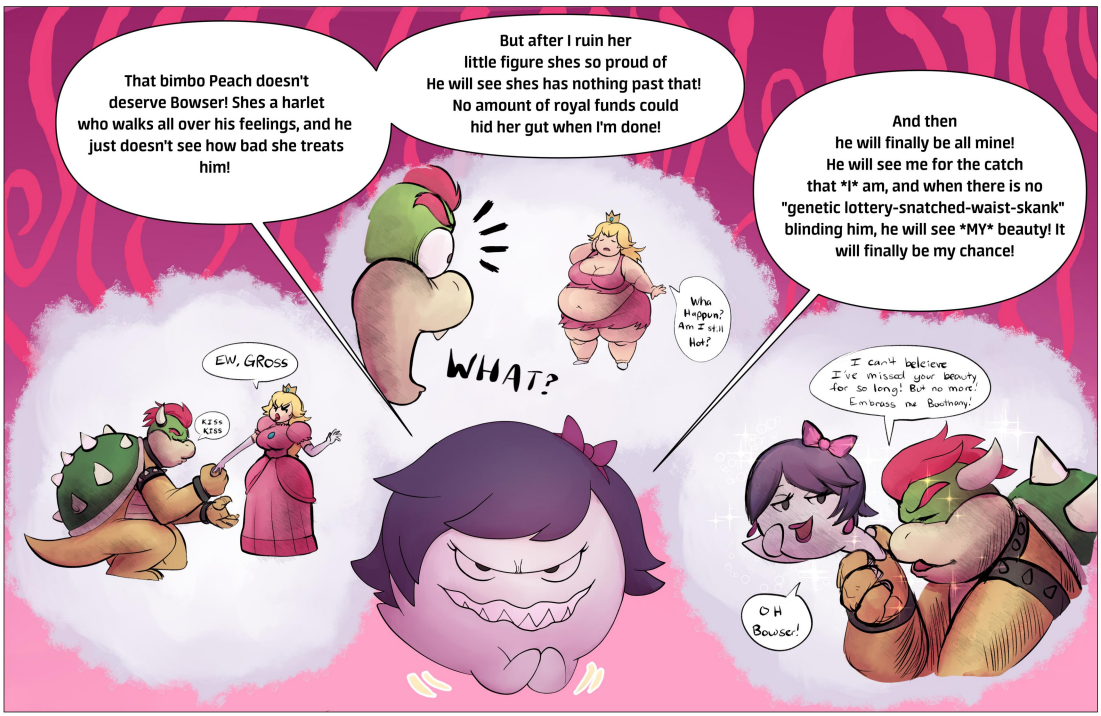
All according to my plan! Hehehe! You're gonna get it Peach!



That bimbo Peach doesn't deserve Bowser! Shes a harlet who walks all over his feelings, and he just doesn't see how bad she treats him!
But after I ruin her little figure shes so proud of He will see shes has nothing past that! No amount of royal funds could hid her gut when I'm done!
And then he will finally be all mine! He will see me for the catch that *I* am, and when there is no "genetic lottery-snatched-waist-skank" blinding him, he will see *MY* beauty! It will finally be my chance!
WHAT?
Wha Happun? Am I still Hot?
EW, GROSS
KISS KISS
I can't beleive I've missed your beauty for so long! But no more! Embross me Buotnany!

SLOSH
And we have just the tool to convince you!
I Hope you are ready, Princess! We have some work to do!
Oh no...
Tic

You want to let yourself go! Eat as much as your heart desires! Stuff, consume, devour, and binge til your figure is multiplied in size! No more outside thoughts or distractions! Just. Eat.
N-no! I must not! A princess is meant to be prim and proper! I need to be an example for everyone around me! I will remain strong! Sh-show will power!
Oh, but if you just look into my dial here, you'll see just how persuasive we all can be!

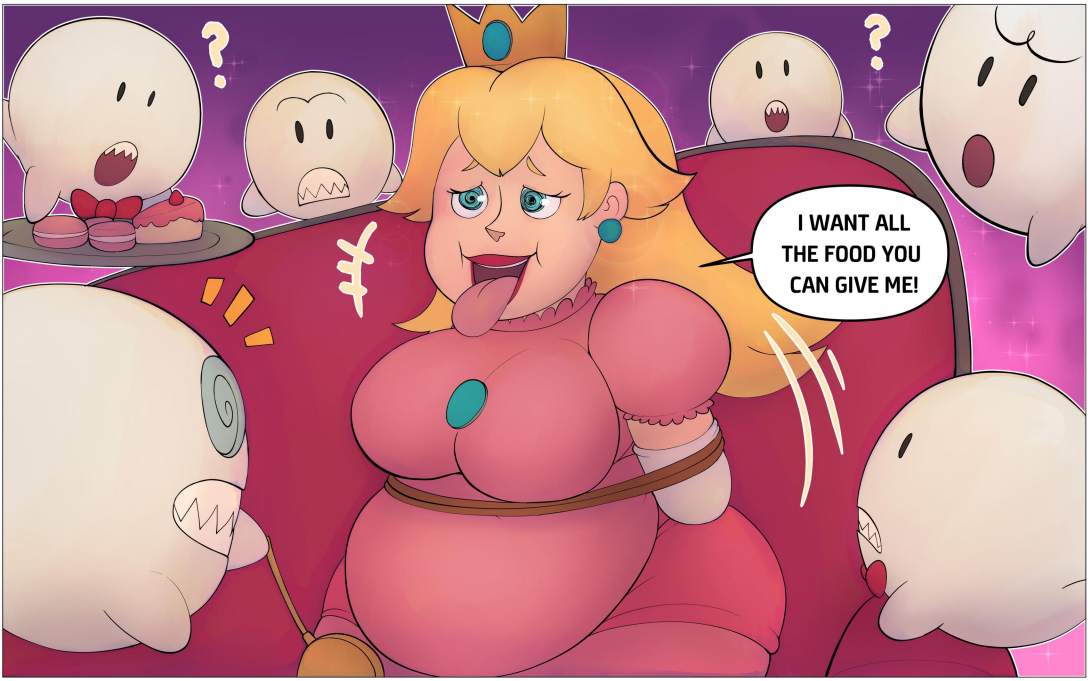
You're getting wider, Princess! Watch it!
FAT
They.. they are right. I've always had to watch my figure. Stress about a silly number going up... Restrict myself and over-work my boday so I can look a certain way...
And for what? I still get judged, treated like a prude, and I'm never content with myself...
Maybe... maybe I can just let go... Whats the worst that can happen? I get fat? People look at me funny? Who cares... I should be able to decide what I want, and what my body should get. And what I want... What I want is.....



I WANT ALL THE FOOD YOU CAN GIVE ME!

See? Look at that! It worked!
I guess so... Just not expecting it to work so well...

Mmmph!

What do you mean? How could this possibly backfire?

The Eating & gorging continues...
Ahh~!
It feels so good to try all this food! Give in to every craving I have...
I want to try everything! Eat everything you can give me!

Okay? What is it then?
Its a Mini-Mushroom! if she eats this, we are saved!
Okay, but how exactly?
One of two things will happen:
Either she will shrink back down to her size before all this, and we can clean her up....
OR
She will just shrink down in size, and we can keep her fed easier while we find a way to clean this up!
That last one sounds like a bandage solution!
Its better than nothing!!!

Creeeeak

SLAM!
Right!
Well its now or never! We need to do it now!
Here is your last treat, princess!
Oh, gimme!

Y'know... Do you ever feel...
Hmm?
That Bowser looks kinda hot when hes all mad and stuff?
....Uh ...NO?
Don't worry, we will get him to come around. After all, Peach is a mountain now.
I mean, don't you feel this will change the status quo? Bowser still seems pretty set on Peach...

Back at Peach's Castle....
Thank goodness we got you back Princess! Any later and Bowser would have ruined your body forever!
We are lucky we had enough fabric to cover your new massive frame!
That no good Bowser will pay!
No, this wasn't Bowser's fault! It was mine! Well.. kinda... it was like 50/50. But This isn't so bad!
But I could really use a snack after the trip and all that work we did!

WHAT?! No Way! Thats so unfair!
Ah-ah-ah! You are going on a strict diet!
No more extra food, and tons of excerise to follow!
