

Fucking the (Closeted) Groom the Night Before His Wedding (You're His Best Man) [M4M]
[Cheating] [Rough Sex] [Hair Pulling] [Blowjob] [Degredation] [Praise] [Jealousy]

[Blue] = Noises

(Green) = Tone

Dude I am exhausted. Who knew a rehearsal dinner could drag on for so long? I'm glad to be back in bed at the hotel.

How are you feeling?

...

Tipsy? Well considering you just plopped yourself down onto my bed, that's pretty obvious.

I'm sleeping here, get up and move to your own bed.

...

You're just gonna cuddle me? You're lucky you're my best friend or I would kick your ass right now.

Fine. Scoot over.

...

Can you believe it? I'm getting married tomorrow. Soon it'll be my wife cuddling me in bed and not you.

[laughs] Hey don't give me that look! Trust me, you'll find your person someday, I just know it.

We should try and get some sleep, though. We have a big day ahead of us, me especially.

...

(flustered) Hey, uh, that's my leg you're rubbing yourself against.

Are you listening? I know you're not sleeping.

Seriously, dude, stop playing around. It's not funny.

...

(irritated) Are you trying to piss me off?

You're fuck crazy. What're trying to do here?

...

Seduce me? You do realize that I'm about to be a married man, right? I can't fuck my best man the night before the wedding. I'm not even gay.

...

No one will know? *[sigh]* Are you sure about that? Because one night with me means you won't be walking the same tomorrow.

How are you supposed to walk down the aisle with a broken back?

Even after hearing all of that, you still look so eager. It's pathetic. You're hungry for it, aren't you?

Ohh I see how it is. You're desperate. You get a little drunk and suddenly you're a horny little puppy rubbing itself against the leg of its owner.

...

Of course I'm hard, are you stupid? Who wouldn't get hard in this situation? You're rubbing your ass against my cock.

[laughs] Do you really want it that badly?

...

God...I knew you were a whore, but I never thought you'd ever let me fuck you. I'd be lying if I said I hadn't thought about it.

Honestly, now I want to wipe that arrogant smirk off of your face. Fine. You win. But, let's get one thing straight...*you* provoked *me*. Got it?

(demanding) Tell me you understand.

...

Good. Now, eat up, my pet. If you do a good enough job, maybe I'll fuck you. How's that sound?

[pants sfx] Your hands are moving so fast. You really want to taste me, don't you?

[moan] [wet sfx] That's it. Make me feel good.

Don't just lick it. Take it in your mouth. Nice and deep. Don't make me regret this.

[wet sfx] Is that it? C'mon, you can do better than that.

...

[wet sfx] [choking sfx] See? That wasn't so hard. Look, you took it to the base. I can feel your throat squeezing me.

Hold it there. Don't pull away. *[moan]* That feels so fucking amazing.

[wet sfx and improv noises] Fuck...I want to be the only person who gets to see this view. Your lips wrap so perfectly around my cock.

[wet sfx stops] Now breathe. There you go.

...

[wet sfx and improv noises] God...you're so good at this. How many cocks have been inside of your mouth? Such a dirty slut.

[wet sfx] Of all the men you could suck off, you chose your best friend who's about to get married. You're gonna get me in trouble.

Whatever happens in this room stays in this room, got it? If my wife finds out, I'll make you regret it.

...

[wet sfx] Glad we're in agreement. Now, try taking it all again.

[wet sfx and choking noises] Holy shit. I love it when you moan on my cock. You like when I pull your hair? Should I pull it harder?

You're such a whore. You love the pain, don't you?

...

[wet sfx and improv noises] No way...are you fingering yourself right now? Getting yourself ready for me, huh? Make sure to stretch yourself really well. Wouldn't want my cock to rip you.

[wet sfx] I wish you could see yourself right now. You have my cock in your throat and your fingers in your ass. You're so dirty. It's making me lose my patience.

(on edge) [wet sfx] Fuck...ok stop stop stop. I don't want to cum yet.

Quick, get on top of me. I need to be inside of you.

...

What's that? You want me to call you a good boy? Well, I could...but then I'd be lying. Because I'm not gonna fuck you like one.

I don't reward naughty puppies that are disobedient.

Now...behave yourself and put my dick inside of you. You can do it.

[moan] [wet sfx] That's only the tip. Take it deeper.

...

[loud moan] There we go. I'm fully inside you now. Shit...you're squeezing me so good.

You have no idea how badly I've wanted to do this.

[wet sfx and improv noises] Why did you wait so long to let me fuck you?

...

[wet sfx] I've been dreaming about watching my cock disappear inside of your slutty hole.

Lean back with your legs up. I want a better view.

[wet sfx and improv noises] Shit...this is so hot. Who knew you were such a talented pet?

...

[wet sfx] Am I gonna fuck my wife like this? Why do you want to know? You jealous?

I don't think that's any of your business, do you?

...

[wet sfx stop] Did I tell you to stop? You don't get your way and suddenly you're pouting? Such a brat.

You know what happens to naughty boys? They get punished.

Wrap your legs around me. I'm gonna flip us over and fuck you hard until I cum.

...

[wet sfx and improv noises] Now tell me...even after I get married, are you going to spread your legs for me?

[wet sfx] I can tell my wife that you're taking me out on a boys night, but in reality, I'd be burying my cock deep inside your ass until the morning comes.

Would you like that? Being my cute little side piece? No one would suspect a thing.

...

[wet sfx and improv noises] Fuck...I'm so turned on right now. I think I'm gonna cum. Do you want me to fill you up?

Yeah? I thought so. Take every last drop like a good boy.

[wet sfx and improv noises] God you're squeezing me so tight...fuck I'm cumming...shit!

[heavy breathing] That was...easily...the best sex I've ever had. I feel like I could go for another round.

You did so good, puppy. Don't let my cum spill. You've been desperate for it for so long. It'd be a shame to waste it.
