## Hazelnut Latte Walkthrough

If you are reading this, that means you are one of my \$15 and up Patrons. For that, I want to thank you from the bottom of my heart.

I am going to do my best to make the best walkthrough possible, but this is my first one, so I apologize if it sucks.

If you are *not* a Patron but got a hold of this anyway, please consider becoming one to get cool rewards like this and early access to game content.

Or just throw me some money on Itch.

Helpful Tip! Holding down CTRL will let you skip past dialogue if you are shooting for a certain scene/image. But just remember each choice has its own differing dialogue and routes.

# Episode 1

Go to Cafe Estro.

## Choice 1

- Espresso
  - This begins the romance route. Click this if you want to be purely romantic. Has the potential in Episode 4 to unlock a unique scene. Depending on when you break away from this, Hazel has a different dialogue commenting on how it's your first time together. You also won't know Hazel is a boy and will still assume he is a girl.
- Frappe
  - This bypasses seeing Hazel cum into your drink but still allows you to see the other lewd scenes in Episode 1. If you choose this, you won't know Hazel came in your drink. You also won't know Hazel is a boy and will still assume he is a girl.
- Hazelnut Latte
  - Unlocks a scene where you see Hazel jerk off and cum into your drink. Unlocks a different dialogue later as you can confront him about this. And later on, you can bring this up to say you want more of his special coffee if you desire. You can still unlock the other lewd scenes.

*The rest of the episode cannot be played if you choose Espresso.*

Go to the bathroom to wash up after having the drink spilled. The door code is 8810. You need to type it in with your keyboard. Hazel will offer to blow you. Decline for a game over.

## Choice 2

- Cum
  - Cumming now will lock you out of fucking Hazel. You will get to see Hazel drink your cum. In Episode 2, if Hazel only sucked you off, you will get the footjob scene.
- Keep going
  - Locks you out of getting a footjob in Episode 2, but now you can fuck Hazel.

After fucking Hazel or getting a blowjob, the episode will end.

## Episode 2

This episode begins differently depending on which drink you choose last episode.

If you picked Espresso, there will be no sexual tension since you are just strangers. You will also think Hazel is a girl.

If you picked Frappe and didn't fuck Hazel, there will be some tension, but it was only a small fling. Also, you think Hazel is a girl. If you did fuck Hazel, you know he is a boy, but you don't know he came in your drink.

If you picked Hazelnut Latte, you know Hazel came in your drink, and you know he is a boy.

Either way, don't pick the obviously bad option and offer to take Hazel out on a date.

When meeting up, if you don't know he's a boy, he will tell you.

Once at Noto's, you will meet the second Love Interest: Jeze.

There will be some tension here, but when Hazel goes to the bathroom, Jeze will offer to take you to the back so you can fill him with your breadstick.

Accepting this is completely optional, and doing so may lead to a game over. *Know that you can do these scenes in Episode 3 without the cheating aspect.* But if that turns you on...

Accepting this will lead to Jeze giving you a blow job. Now, throughout this encounter, you will be prompted on whether or now you want to stop this.

If you leave during the first 2 checks, you are good. You can clean your dick off and Jeze will thank you for the snack. This will affect your relationship with Jeze later if you encounter him in Episode 3. You will get a different dialogue option.

Once you grab Jeze's hair and ramp up the BJ, you've lost the game. Might as well enjoy it? Hazel will catch you and will be pissed. Going after him will only lead to heartache. Sticking with Jeze will let you fuck him and then getting a game over.

Note: Hazel isn't upset at you for fucking another dude. It's more that he is angry you did it while on a date with him.

What if you wait for Hazel?

If you left Jeze's BJ early enough you will catch Hazel coming back from the bathroom. If you reject Jeze, he will be upset and leave, in which you wait for Hazel.

After he returns you two talk for a bit and eventually Hazel asks you about Polyamory.

Yes. This will let Hazel know you are down for that kind of thing, which is good, cause Hazel is down too. That's why he asked ya, dummy. Saying yes opens up an option in Episode 4 where Hazel will try to push you toward someone they also like.

No. Hazel respects your feelings on polyamory. Blocks Hazel trying to set you up with people. Can be reversed if you change your mind in Episode 4.

After this, if you know how Hazel makes his latte, you can confront him about it. Confronting him will have him explain himself and offer some insight into his past. Forgive him to advance, the other option leads to a game over. Know that confronting him does NOT lock you out of chances later to willingly drink his cum. It's more that you have a talk about consent.

After this talk, depending on whether you fucked Hazel or he only sucked your dick, you will get a different scene. Fucking leads to a blowjob. A blowjob leads to a footjob. If you are romantic, you don't get anything. Keep going, King.

Once outside the restaurant, offer to keep Hazel warm. Not doing this isn't an immediate game over, but it leads to one.

When asked about which topic Hazel is studying, pick History.

If you pick the wrong subject and/or didn't offer your jacket, it's a game over.

The next choice is all about Evil Dead. Pick "Bloody Muscle Body Builder in Hell" for a special gallery image. Your choice of a favorite movie, or none,

or never seen actually doesn't matter. Hazel will remember what you like/dislike in future conversations, but you won't get locked out of any content if you haven't seen Evil Dead or if you don't like it. Hazel is not going to hate you because you don't like the exact same stuff.

After starting the movie you have two choices.

- Pull him close and watch the movie.
  - This is for the romantics out there. You and Hazel just cuddle and watch Evil Dead. A perfect night.
- Put your hand on his thigh.
  - This leads to a lengthy sex scene where you rub Hazel's thigh, get blown by him, spank him, eat his bussy, and fuck him missionary.
  - If you haven't done anything sexual and have been romantic, this is a good time to switch over as it makes narrative sense. Or you can hold out and stay true to the cause. There is some different dialogue for it being your first time together.

After that, Hazel has to go back home and you need to pack for your flight. You kiss and the episode ends.

## Episode 3

We start this episode with a new gimmick: A phone! Answer it in any order to see me show off that I can do that now.

Head to Cafe Estro and order a coffee. At some point, it asks you for a milk preference. Saying 'Boy Milk' will let Hazel know that you are indeed into the idea of Hazelnut Lattes. It won't happen now, but Hazel will remember this. And the conversation is different depending on if you're a romantic or not.

Hazel will then ask you if you want to go to an Evil Dead movie marathon with him.

- Sure!
  - Even if you don't like it or haven't seen it, Hazel will offer. Sometimes it's nice to go do things with your partner that they enjoy that you don't because they love you and want you to be with them. Sorry, got philosophical, but that is why you can say Yes or No and it won't hurt the relationship.
  - Saying sure leads to the rest of the date which can lead to sexy time.
- No.
  - It is totally viable to say no. Hazel will not be upset as he understands that you have different interests or that you are just tired and need to do work.

### Map Time!

No matter what you pick, Jeze will be available. Know that to do Jeze's scene, you need to pick him first.

Heading over to Noto's you run into Jeze as he is about to enter the restaurant.

Depending on previous choices, you have two options.

- Wanted to talk to you.
  - This option is always there.
  - This is honestly the best option as it allows you to enter the restaurant and learn Jeze's backstory and start forming a relationship with him.
- Wanted to continue where we left off.
  - This option is only there if you let Jeze suck you off a bit in

- Episode 2 but didn't get caught by Hazel.
- This option lets you have a quick scene of Jeze blowing you much like he did the night before.
  - In this route, you made it clear to Jeze that you only want him for sexual favors since that is all you came there to do.
  - This locks you out of pursuing Jeze romantically as he will not forget this moment.
  - You can fuck Jeze in the future, but it will not lead to anything.
  - Wanted to take you up on your offer.
    - This option is only there if you didn't let Jeze suck you off.
    - Next you get the option to pay Jeze for sex or decide to not do that.
      - Deciding against it pisses off Jeze since he doesn't get you or what you're after.
      - Makes things rocky with Jeze, but recoverable.
    - If you do pay Jeze for sex, it goes much like the other choice. You view Jeze as only being for sex and it ruins any chance you have with him.

### Talking to Jeze in the restaurant.

Here you get Jeze's backstory where you have the choice of offering to help or just being sorry it happened.

Being sorry ends the conversation as Jeze is thankful to have a person to talk to.

Offering to help will have you telling Jeze you can pay off his debt. Jeze is hesitant but is willing to give you a chance. He doesn't want anyone to have ownership over him.

Jeze will then offer to have sex with you for money that will help pay off his debt to Mr. Noto.

Agreeing will start a romantic/sexual relationship with Jeze. You also get a new version of the possible sex scene in Episode 2, this time without cheating on Hazel.

Denying him will start a purely romantic relationship with Jeze.

After Noto's.

When leaving Notos, you will encounter the man himself. He sets himself up as a menacing and antagonistic figure.

Going back to your hotel room.

If you denied going on the date with Hazel, you can go to your hotel room and have a sequence looking at femboys on your phone. Then the episode ends.

The Evil Dead Marathon.

You meet up with Hazel outside the theater and find him in full Ash cosplay. After watching the movies you can offer Hazel to come back to your hotel room or you can go back by yourself.

Going back by yourself is the romantic thing to do and has no sex.

Inviting Hazel back leads to a long lewd scene of fingering, ass eating, doggy style, and Hazel riding you. All in Ash cosplay.

The episode shortly ends after you two have a talk about potentially being non-exclusive.

## Episode 4

We start this episode with the Player back at their office for their last day of on-site work. We meet Dave, an office friend of the Player who is interested in why we are leaving.

After your talk, Dave will offer to get drinks with you after work.

### Choice 1

- Get drinks with Dave
  - Getting drinks with Dave will lead to a side encounter where you have the chance to fuck this wannabe femboy and maybe tackle some personal problems.
- Turn him down
  - Turning him down leads you further into the episode, skipping Dave's subplot.

### Get Drinks With Dave

You meet with Dave outside of a nightclub and he is completely different, showing that he is a femboy.

You have the chance to back out of this before heading into the club. Dave will remember if you swerved him.

Inside the club, you get to know Dave better and he learns more about you.

He confesses to wanting to fuck you, so you can decide if you want to.

Dave will remember if you decided to just be friends and not fuck him.

You will get a bj/anal scene with Dave if you choice 'I'd like my goodbye gift.'

After sex, Dave will ask you if you actually like Hazel. Whether you do or do not gets you a variable that may come back later.

### Moving

After getting drinks with Dave, or avoiding him, you will eventually need to move. While doing your final packing, Hazel texts you.

He asks you what you are going to do with your big apartment in Jade City.

Choice 2

- Sex Dungeon
- Man Cave
- Hobby Room

All of these choices don't change much, but Hazel will remember your answer and may comment on it later.

You also have a choice where you can say if you've seen Breaking Bad/Better Call Saul. Isn't super important, just more things Hazel will remember about you.

At the end of the conversation, you can ask for nudes. Doing so gets you a pretty tame selfie of Hazel and his butt.

## Cafe Estro

Now that you've moved to Jade City, you decide to head to the Cafe.

Hazel is there and you have the option of grabbing his butt when hugging.

Choice 3

- It's all good.
  - Pick this if you plan on dumping Hazel eventually
- I missed you too.
  - Pick this if you missed Hazel

Hazel will then show you how to make coffee. If you're a romantic and haven't done anything with Hazel, you will not see him grinding on you while talking and the dialogue is different.

After this, you will meet the owner of Cafe Estro: Vera! She is not too happy about Hazel having you behind the counter but seems very interested in you.

## At Home

The map will show up, click on your apartment to continue.

At your new apartment, you can mess around with a few items to get little bits of dialogue. Clicking on the Rebecca poster unlocks two images.

Click on the Laptop to continue the story.

You will have a call with a client at they will eventually try to pay for your services by showing off their tits.

If you are romantic, there is a warning so you can outright skip it. I'm assuming romantics might also be people who want pure story/content creators.

Wanting to end the call leads to the person showing that they also have a dick.

You can either accept it from the beginning or eventually be swayed or outright want to avoid it.

## Hazel's Apartment

Afterward the map will appear, click on Hazel to progress.

You arrive and meet with Hazel. He will introduce you to his roommate: Robbie! He is an ftm trans femboy. He asks you if this is okay with you.

### Choice 4

- It is a problem
  - Game over. Not being able to accept this means you probably shouldn't be playing these games. A trans femboy is just as valid as a cis femboy. You don't have to romance Robbie, but not being able to grasp who he is leads to a game over. Also, you need help.
- No problem
  - Story continues.

You get to know Robbie as Hazel sets up a movie for you all to watch.

While watching you wrap your arms around both of them. Hazel will ask if you are cool with this.

Choice 5

- Yes
  - This means you are interested in Robbie and potentially leads to a polyamorous relationship which can start your femboy harem.
- No
  - This means you are not interested in Robbie. If you change your mind later, you can still hop on Robbie's story and build a relationship with him.

Hazel gets a call from Vera to come to work, so he leaves you alone with Robbie. He asks if you want to watch something else. You do and now you have the choice of cuddling Robbie.

Choice 6

- Yes
  - This will lead to a scene of you thigh fucking Robbie on the couch and further your relationship sexually.
- No
  - This sees the player just watching the video with Robbie. Eventually, [Hazel Comes Home](#).

## Cuddling Robbie

This is when the episode starts to really branch out, so bear with me folks.

If you **HAVE NOT** done anything sexual with Hazel, after thigh fucking Robbie, he will comment on this. He will ask you why you haven't done anything sexual with Hazel yet.

Choice 7

- I like you more.
  - You confess to Robbie that you have more of a connection with him. Robbie needs time to process this.
- This is more comfortable for me.

- You admit that it is more comfortable for you to do stuff with Robbie since he has traditionally femme parts. Robbie will ask if you like Hazel at all.
  - Yes
    - This will lead to a threesome once Hazel gets home.
  - No
    - This leads to a game over.

If you indicated you weren't interested in being Poly back at the restaurant, and have done sexual stuff with Hazel, Robbie will ask you if that changed.

#### Choice 8

- Yes
  - Your variable gets flipped from not being interested in poly to being interested. Also if you indicated you weren't interested in being poly with Robbie, that gets flipped too.
- No
  - You tell Robbie you aren't interested in a poly relationship but still do stuff with Robbie. You ask him to keep quiet until you figure yourself out. You get a variable for this that will come up in the future.

If you **HAVE** done sexual stuff with Hazel, this is how the scene continues.

You two clean up and chat before Hazel comes home.

### Hazel Comes Home

If you haven't done anything with Hazel, but did stuff with Robbie, and indicated that you were uncomfortable having sex with a dude, a [threesome](#) will happen. Declining leads to a game over.

If you haven't done anything with Hazel, but did stuff with Robbie, and indicated that you might like Robbie more than you will talk with Hazel. You will ask yourself if you did stuff with Robbie first because it was familiar. Or if you are not sexually attracted to Hazel, but have feelings for him.

#### Choice 9

- Robbie has a female body, but I'd like to do things sexually with Hazel one day.

- You tell Hazel how you feel and he offers to have sex with you.
  - Yes
    - This leads to the [threesome](#) and takes away the variable of not being sure.
  - No
    - You are still not sure so you can go home or stay and cuddle.
- I am not sexually attracted to Hazel, but still have romantic feelings for him.
  - You tell Hazel how you feel and he offers to have sex with you.
    - Actually, nevermind, I want to fuck Hazel.
      - This leads to the [threesome](#) and takes away the variable of not being sure.
    - I am still certain I don't want to fuck Hazel right now.
      - You are sure so you can go home or stay and cuddle.

If you are romantic and didn't do anything with Robbie, then Hazel will confront you and ask if you like him at all.

#### Choice 10

- Of course I do!
  - This leads to [The Shower](#)
- I do, but I want it to be special.
  - You admit that you do want to fuck Hazel eventually, but you want it to be special. You can choose to stay the night cuddling or go home.
- I actually have something to tell you...
  - This choice only appears if you also didn't fuck Jeze and/or Dave.
  - You come out to Hazel as being asexual.
  - Hazel still wants to be with you romantically.
  - This choice will affect the rest of the game.

If the playthrough has been normal, after a brief conversation about what you did or didn't do with Robbie, it will lead to [The Shower](#).

#### The Shower

Here you get a prolonged scene where you wash Hazel, jerk him off, spank him, rub his ass, get an assjob, and finally fuck him.

## Threesome

Here Robbie and Hazel take turns sucking you off before Robbie is there while you finally fuck Hazel.

## Cuddle

At the end of the day you cuddle with Hazel and the episode ends with your first day in Jade City.

## Back Home

Depending on how you got here, the player will reminisce on their choices and go to sleep, ending their first day in Jade City.
