

Danny's sexy adventures: "how to Deal with silver Daddies"

Rick Taylor lays on his Back, naked, with his legs up in the air and spread wide apart.

Here he is, a very successful Business man with his own Company, still healthy in his early 60 s, married with 3 wonderful kids.

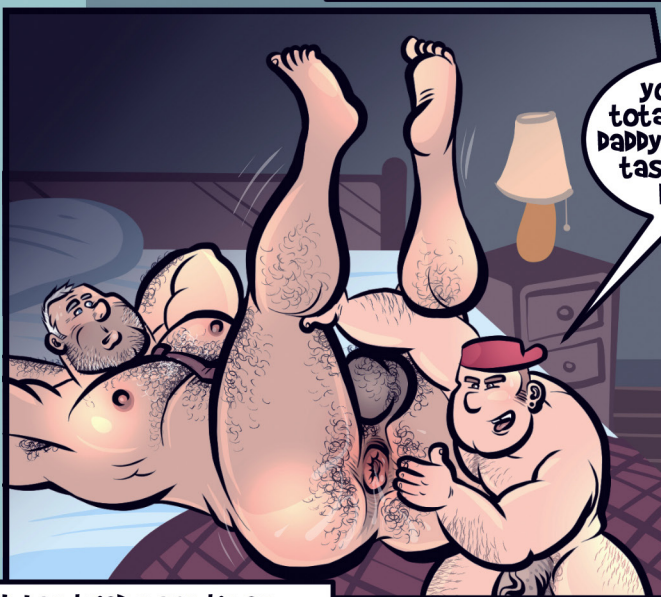

He looks up at his fucker, Pounding away at his eager hole. As he surrenders his Body to the fucking in the Cheap motel, Rick mind wonders, reminding him of the Double life that he has led.

There were many times when, after one of these encounters, that Rick had gone home and fucked his wife while his ass was seeping cum.

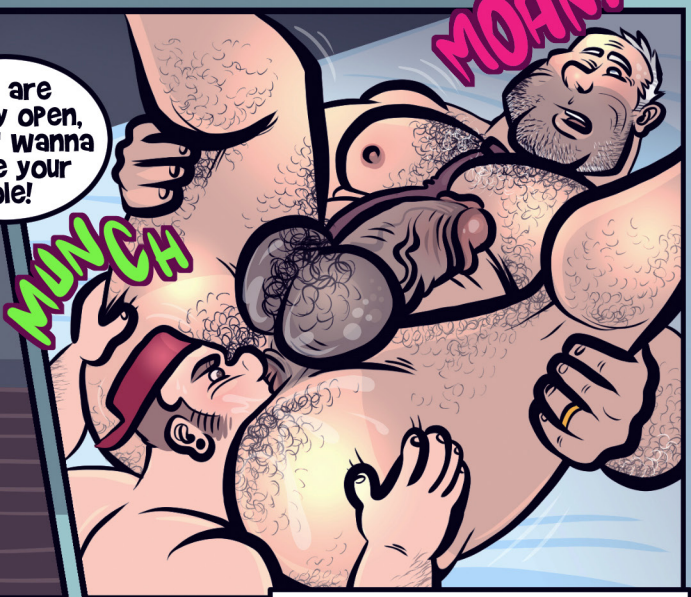

OH YEAH! Fuck me Deeper, stud!

Yet, throughout out his life, he has the itch that needs to Be satisfied By another man ramming a huge Dick up his tight, married ass.

you are totally open, Daddy! I wanna taste your hole!

Rick has tried many times to refrain from this need, But nothing has helped. If anything, the need gets strong as he gets older.

As sex with his wife has dwindled down to almost nothing, his desires for another man to take full Possession of his Body has only gotten stronger.

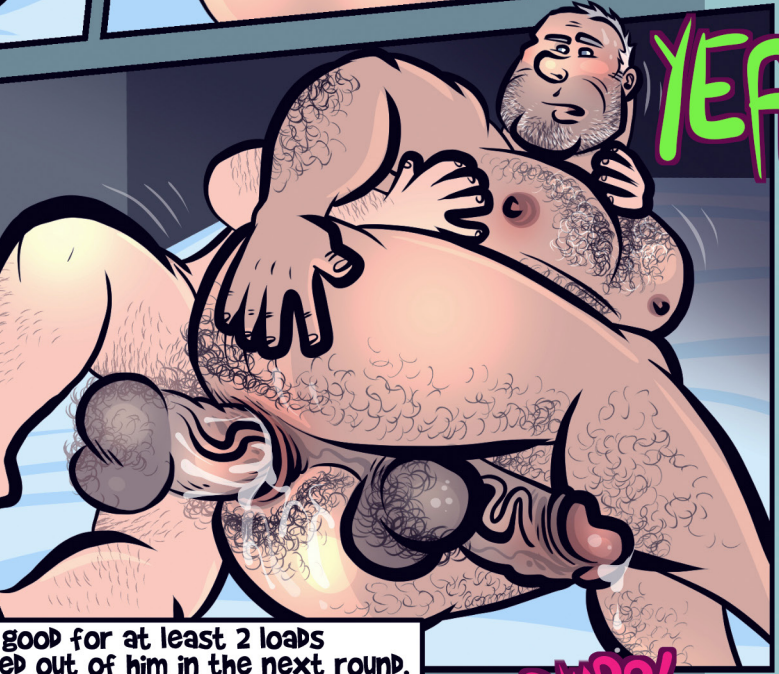

As he looks up at his regular fuckBuddy, Rick tighten his ass even harder, trying to increase the Pleasure his fucker was feeling.

You really want my SPUNK, Bitch?

Damn right! Breed me, STUB! Pump your load DEEP in my Butt!

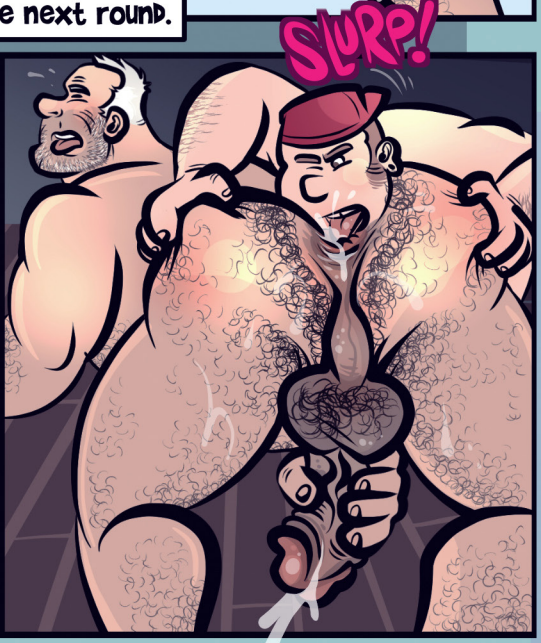

Rick Doesn't touch his Cock.

He knows that his fucker is good for at least 2 loads and he will get the cum fucked out of him in the next round.

FUCK!

YEAH! TAKE ANOTHER LOAD DEEP INSIDE, DADDY!

It won't take long, and he will Be Back home for Dinner in Plenty of time.

the END!
