

LUCIFER AND LILITH SYND  
PRESENT

SUCUBI  
THE WITCH  
SIXTH TASTE

Jonathan's ordeal went on for hours...

The two cruel Dominatrixes had left him alone, but his torture never stopped... All of those excrements on his face had to be consumed, as they said, or they would have made it even worse...

He fought against his own stomach for hours, trying to get all he could down, to swallow every little piece of disgusting feminine human waste left on his face... But when he was about to finish, his body had too much... And he passed out.

He didn't hear the door opening and three more Women walked inside of the room...

Their high heels clicked heavily on the wooden floor as they approached the trapped and restrained boy on the floor, who still had the last remaining turd on his face... They circled Jonathan, one of them stood over him while the others went to the sides of his head... And then one above him chuckled loudly, starting to talk...

"Poor, poor boy... What have they done to you..." she said.

Jonathan woke up when he heard the Woman's delicate voice...

What he saw was three nuns around him, looking down at his body... The stench of Selena and Lydia's leftover turds was strong on his face... He had almost no voice to talk, that's how weak and destroyed the ordeal had left him.

"P... Please... Help me... Th... They kidnapped me..." he said.

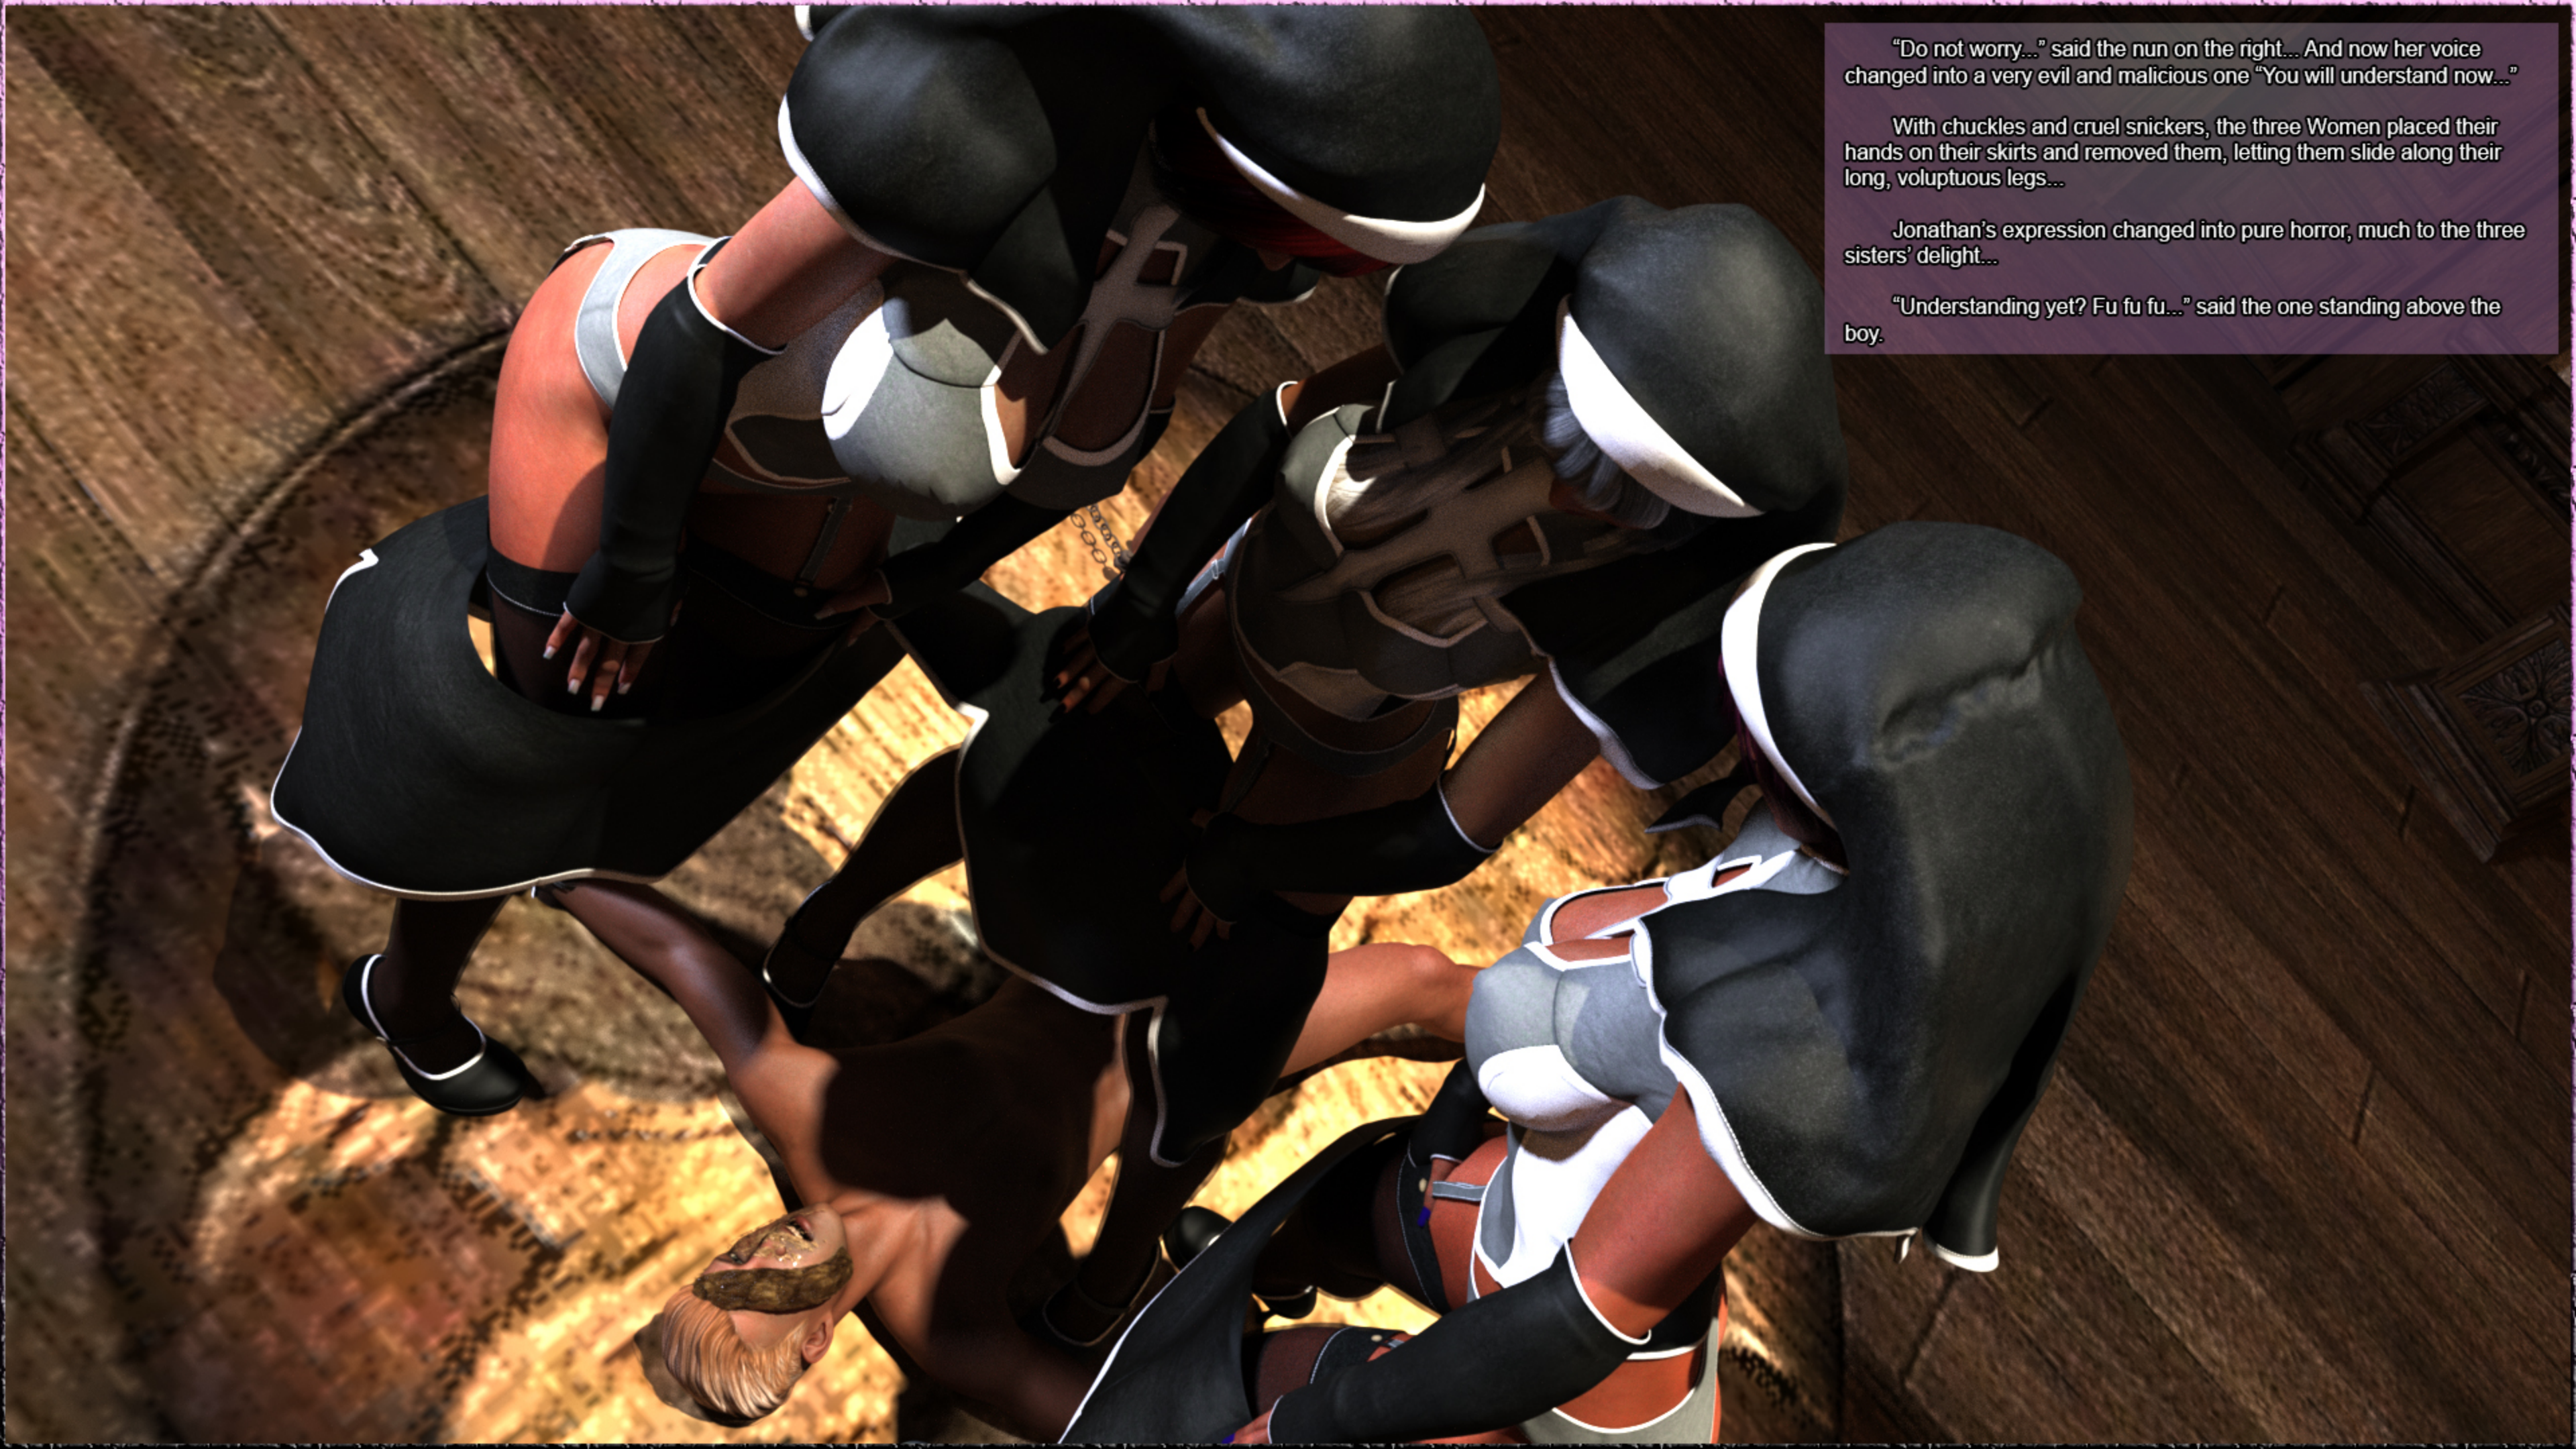

"Don't worry, son... We will help you..." replied the nun on the right.

"You have suffered a great deal by the hands of those Women..." continued the nun on the left "So, we are here to alleviate your agony..."

"Yes..." said the one standing above Jonathan "You need to be cleansed from the filth on your body... And the only way to do that is to use our very special holy water..."

"I don't... understand..." replied Jonathan, stunned and confused about what was going on... But as his vision was getting better, his blood froze when he saw that these nuns had no underwear under their skirts..."

"Do not worry..." said the nun on the right... And now her voice changed into a very evil and malicious one "You will understand now..."

With chuckles and cruel snickers, the three Women placed their hands on their skirts and removed them, letting them slide along their long, voluptuous legs...

Jonathan's expression changed into pure horror, much to the three sisters' delight...

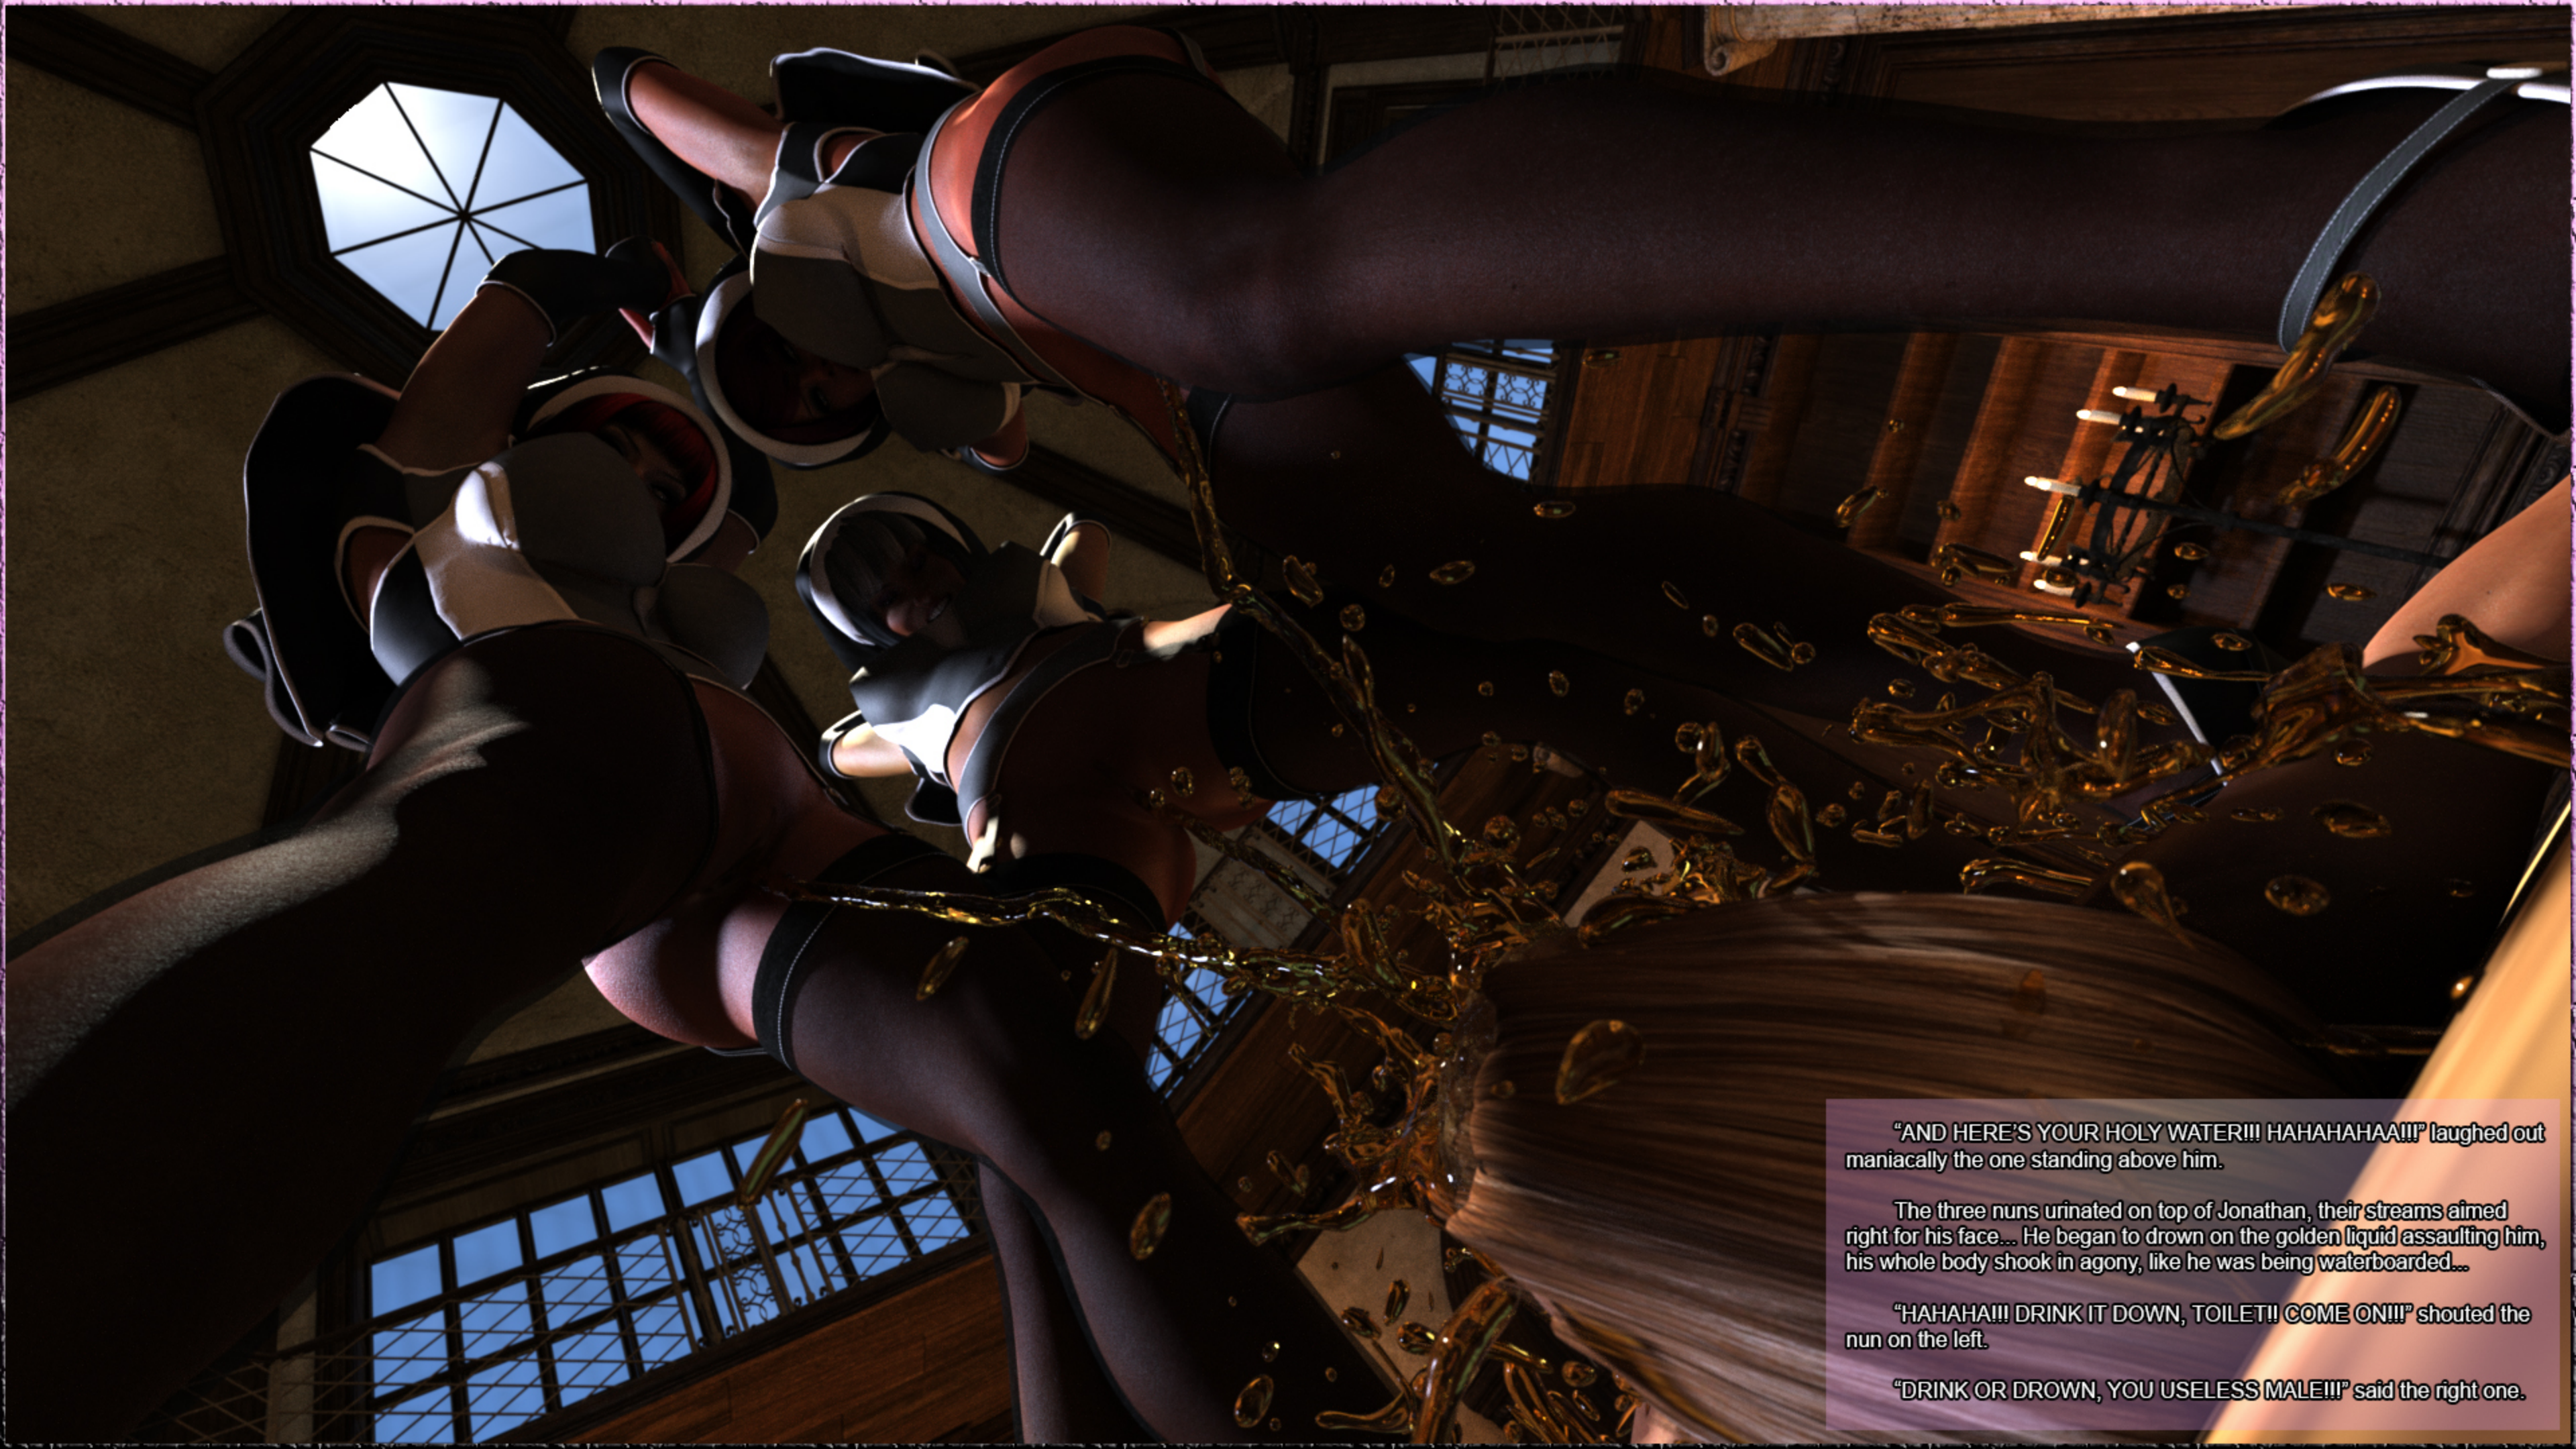

"Understanding yet? Fu fu fu..." said the one standing above the boy.

"Y... YOU'RE NOT NUNS!!! YOU'RE... YOU'RE WITH THEM!!!" shouted Jonathan, his hopes broken to nothing.

"Awww, I think the poor boy got his hopes up too high and we crushed them, girls..." said the nun on the left, as all of them stepped closer to their captive...

"Did you really think that you were going to get free from here? You're our slave, for the whole Sorority..." said the one on the right "But we were sincere about the cleaning thing..." she said mischevously as they tilted their hips forward, aiming their privates towards his face...

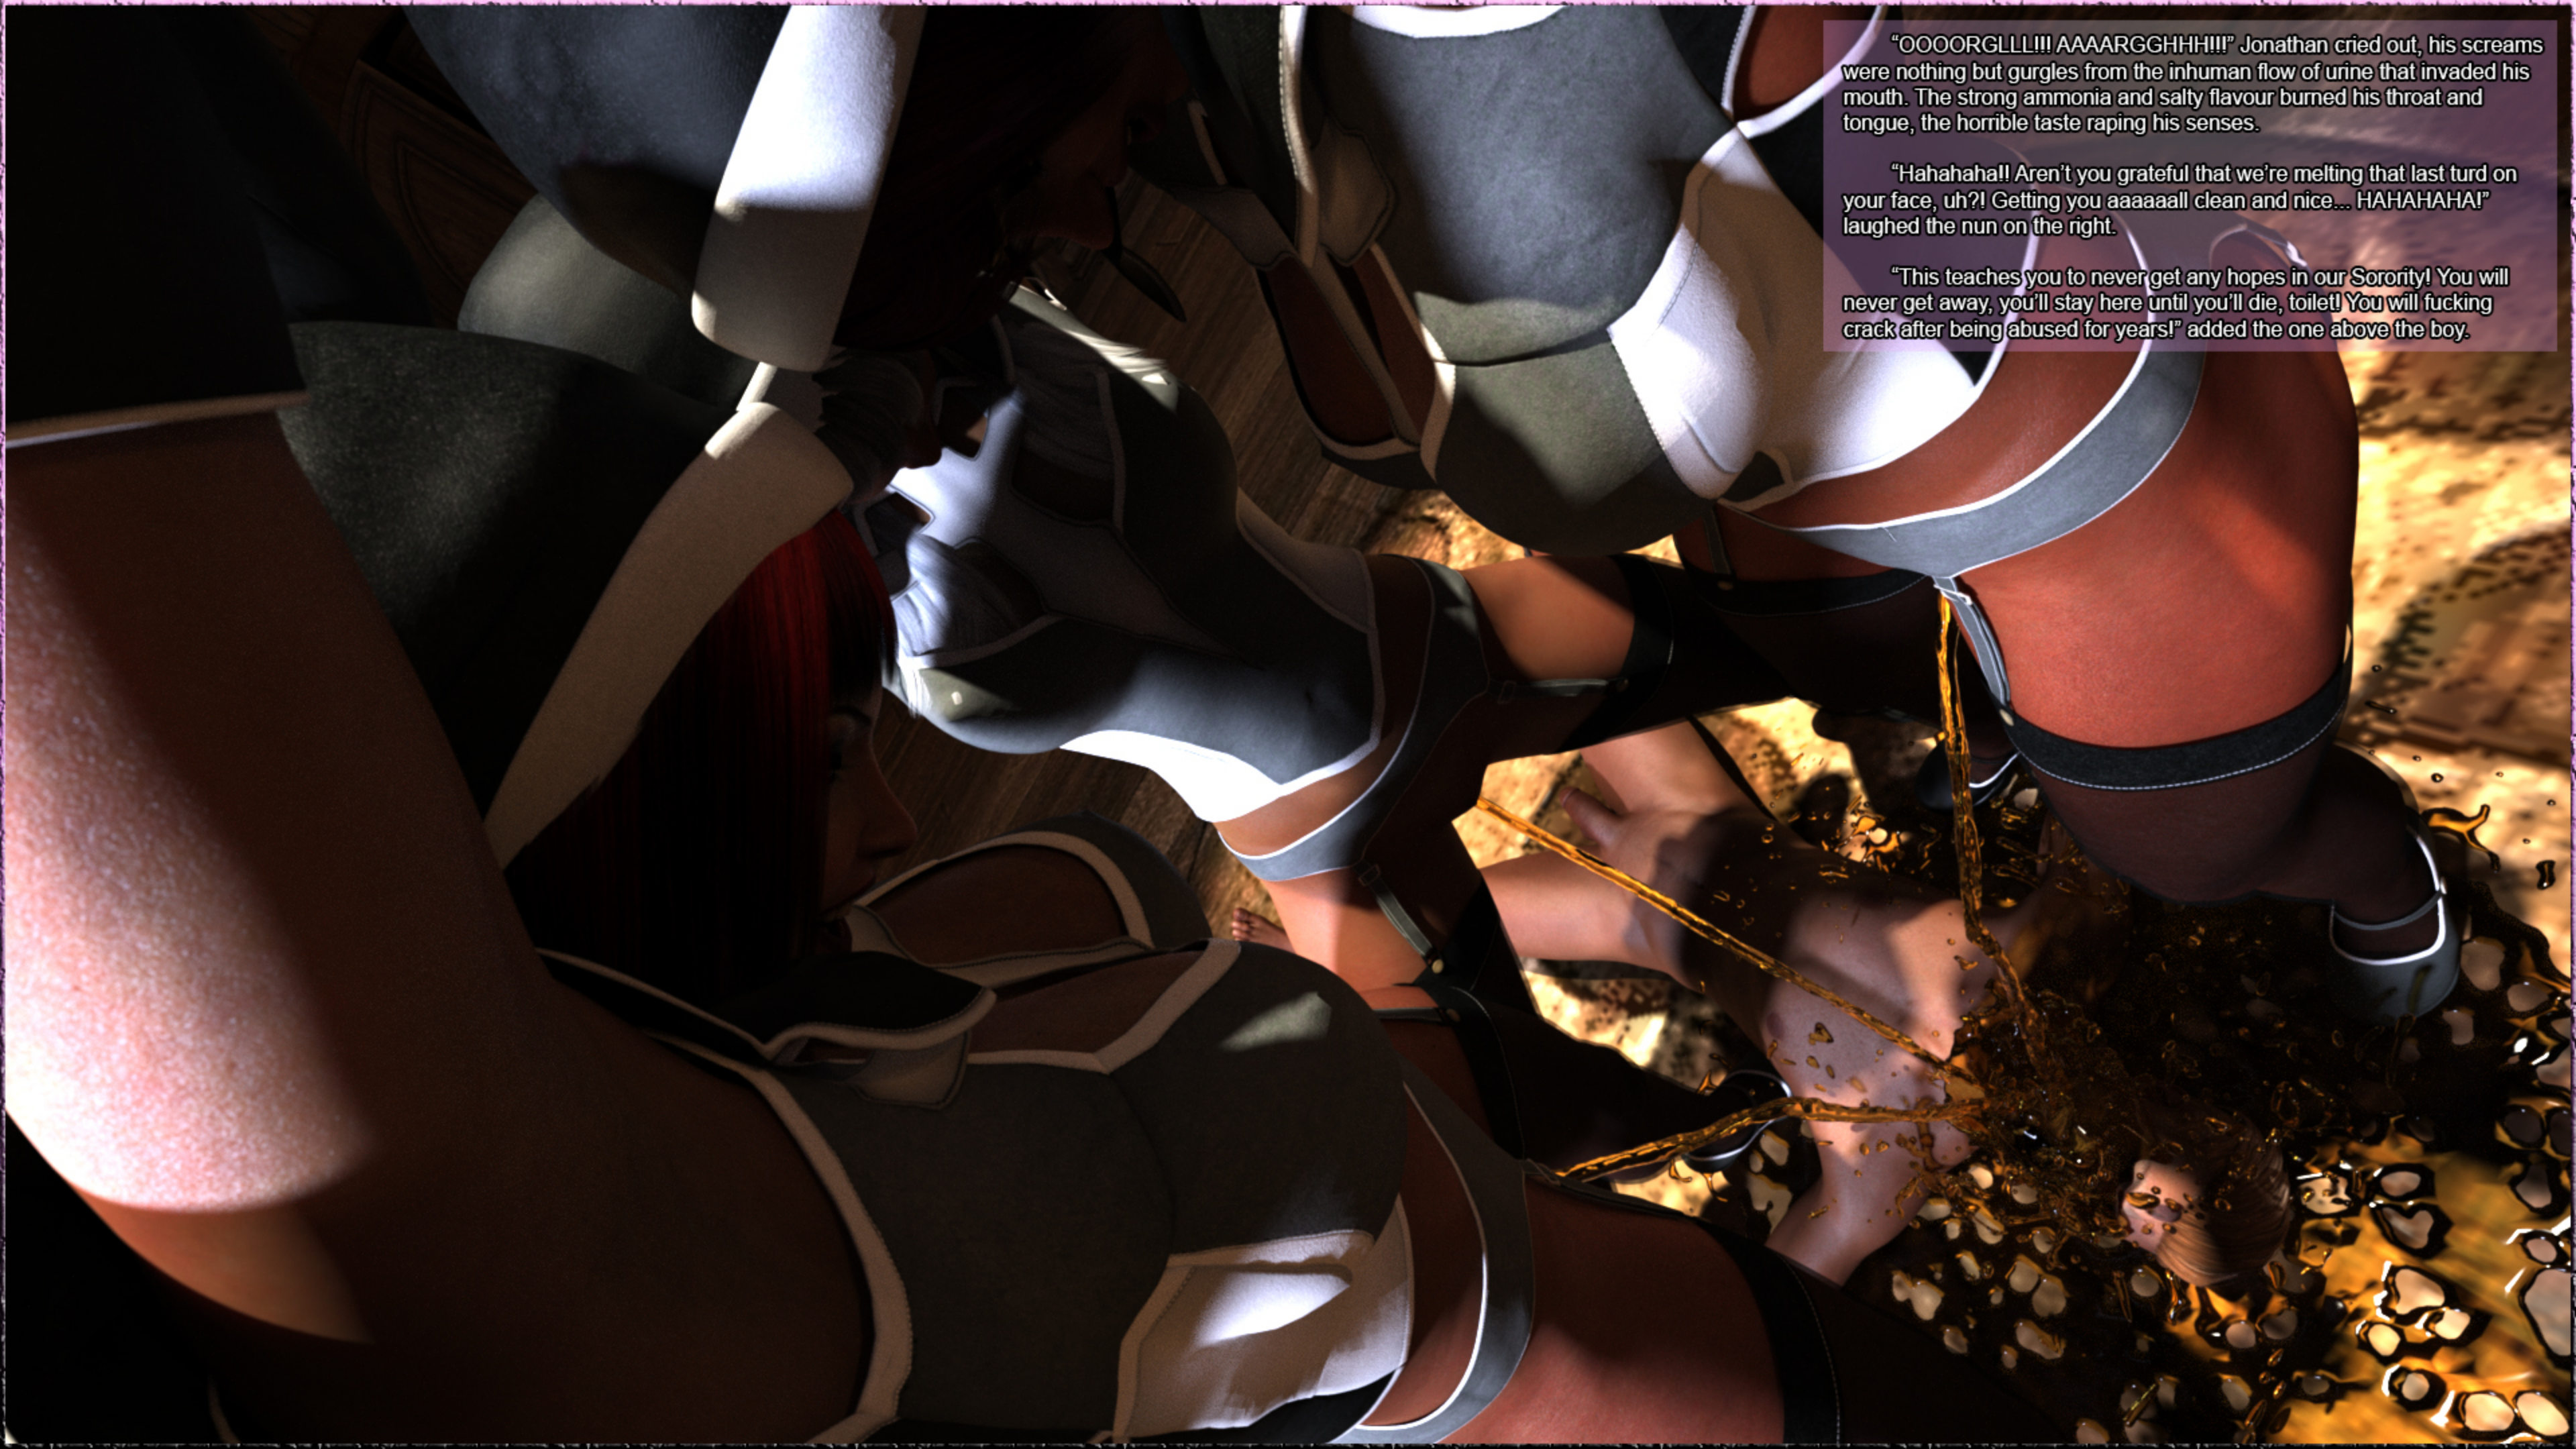

"AND HERE'S YOUR HOLY WATER!!! HAHAHAHAAA!!!" laughed out maniacally the one standing above him.

The three nuns urinated on top of Jonathan, their streams aimed right for his face... He began to drown on the golden liquid assaulting him, his whole body shook in agony, like he was being waterboarded...

"HAHAHA!!! DRINK IT DOWN, TOILET!! COME ON!!!" shouted the nun on the left.

"DRINK OR DROWN, YOU USELESS MALE!!!" said the right one.

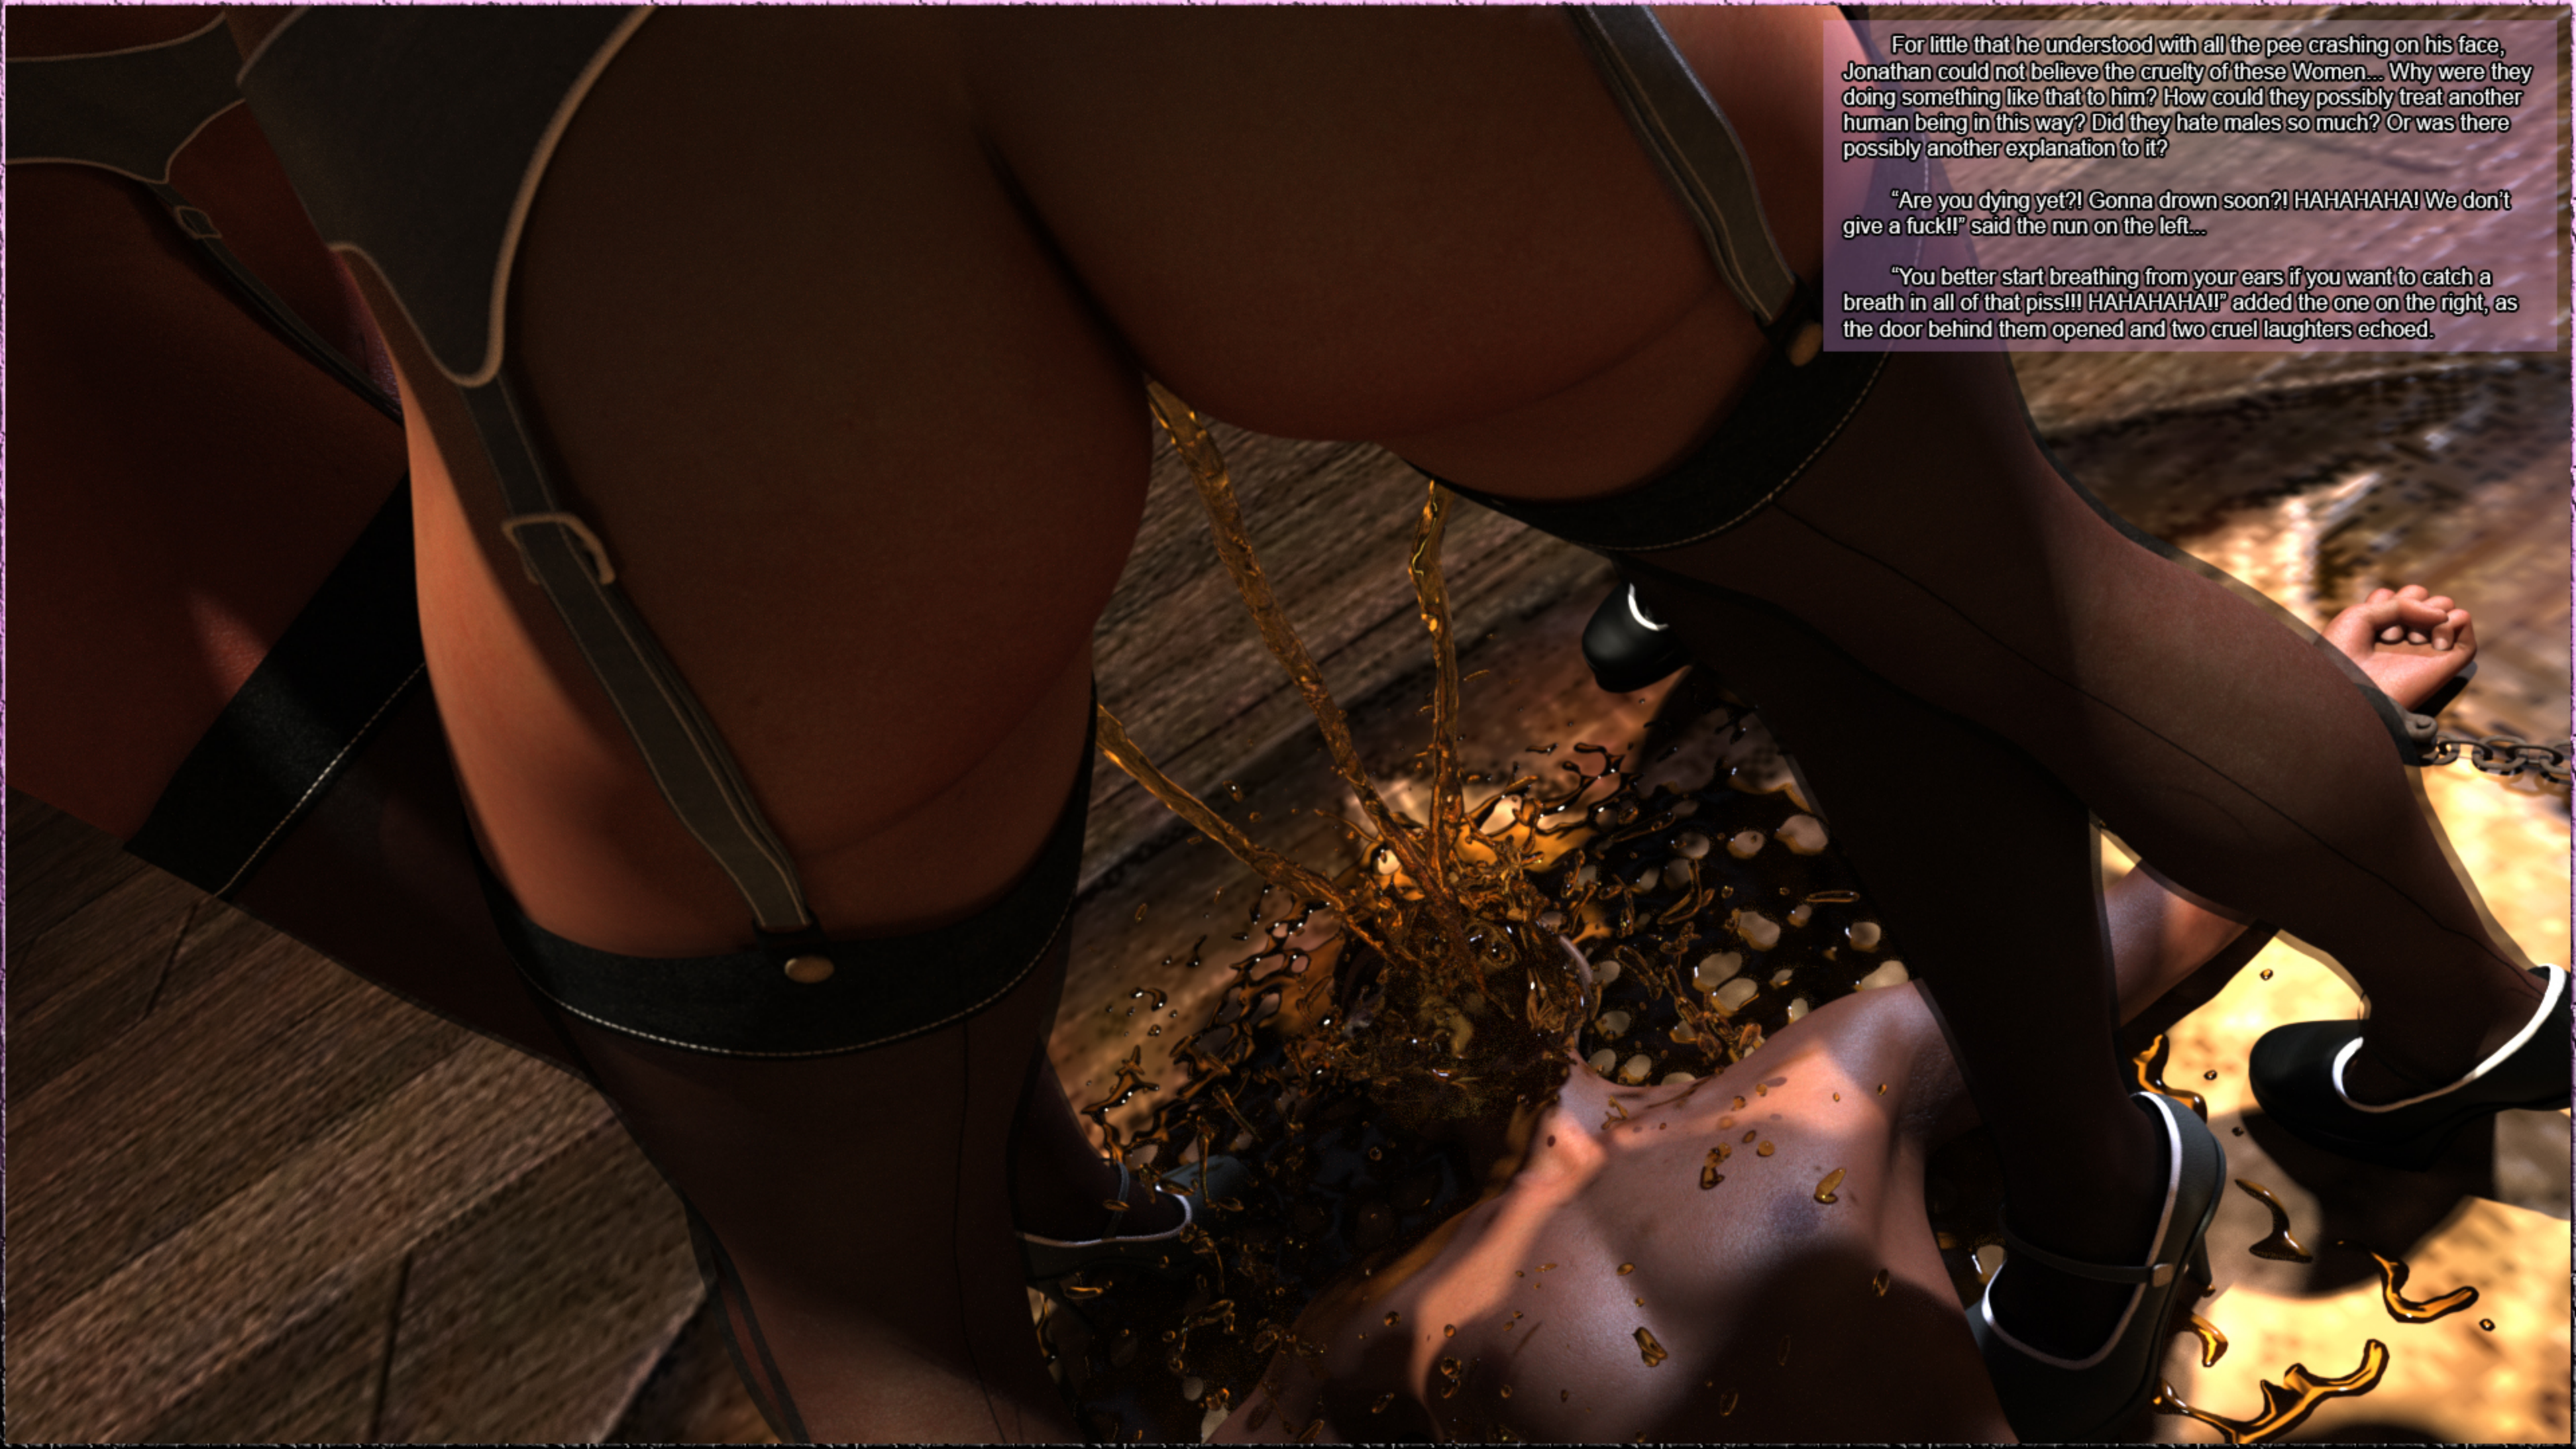

"OOOORGLLL!!! AAAARGGHHH!!!" Jonathan cried out, his screams were nothing but gurgles from the inhuman flow of urine that invaded his mouth. The strong ammonia and salty flavour burned his throat and tongue, the horrible taste raping his senses.

"Hahahaha!! Aren't you grateful that we're melting that last turd on your face, uh?! Getting you aaaaaall clean and nice... HAHAHAHA!" laughed the nun on the right.

"This teaches you to never get any hopes in our Sorority! You will never get away, you'll stay here until you'll die, toilet! You will fucking crack after being abused for years!" added the one above the boy.

For little that he understood with all the pee crashing on his face, Jonathan could not believe the cruelty of these Women... Why were they doing something like that to him? How could they possibly treat another human being in this way? Did they hate males so much? Or was there possibly another explanation to it?

"Are you dying yet?! Gonna drown soon?! HAHAHAAHAI We don't give a fuck!!" said the nun on the left...

"You better start breathing from your ears if you want to catch a breath in all of that piss!!! HAHAHAAHAI!!" added the one on the right, as the door behind them opened and two cruel laughs echoed.

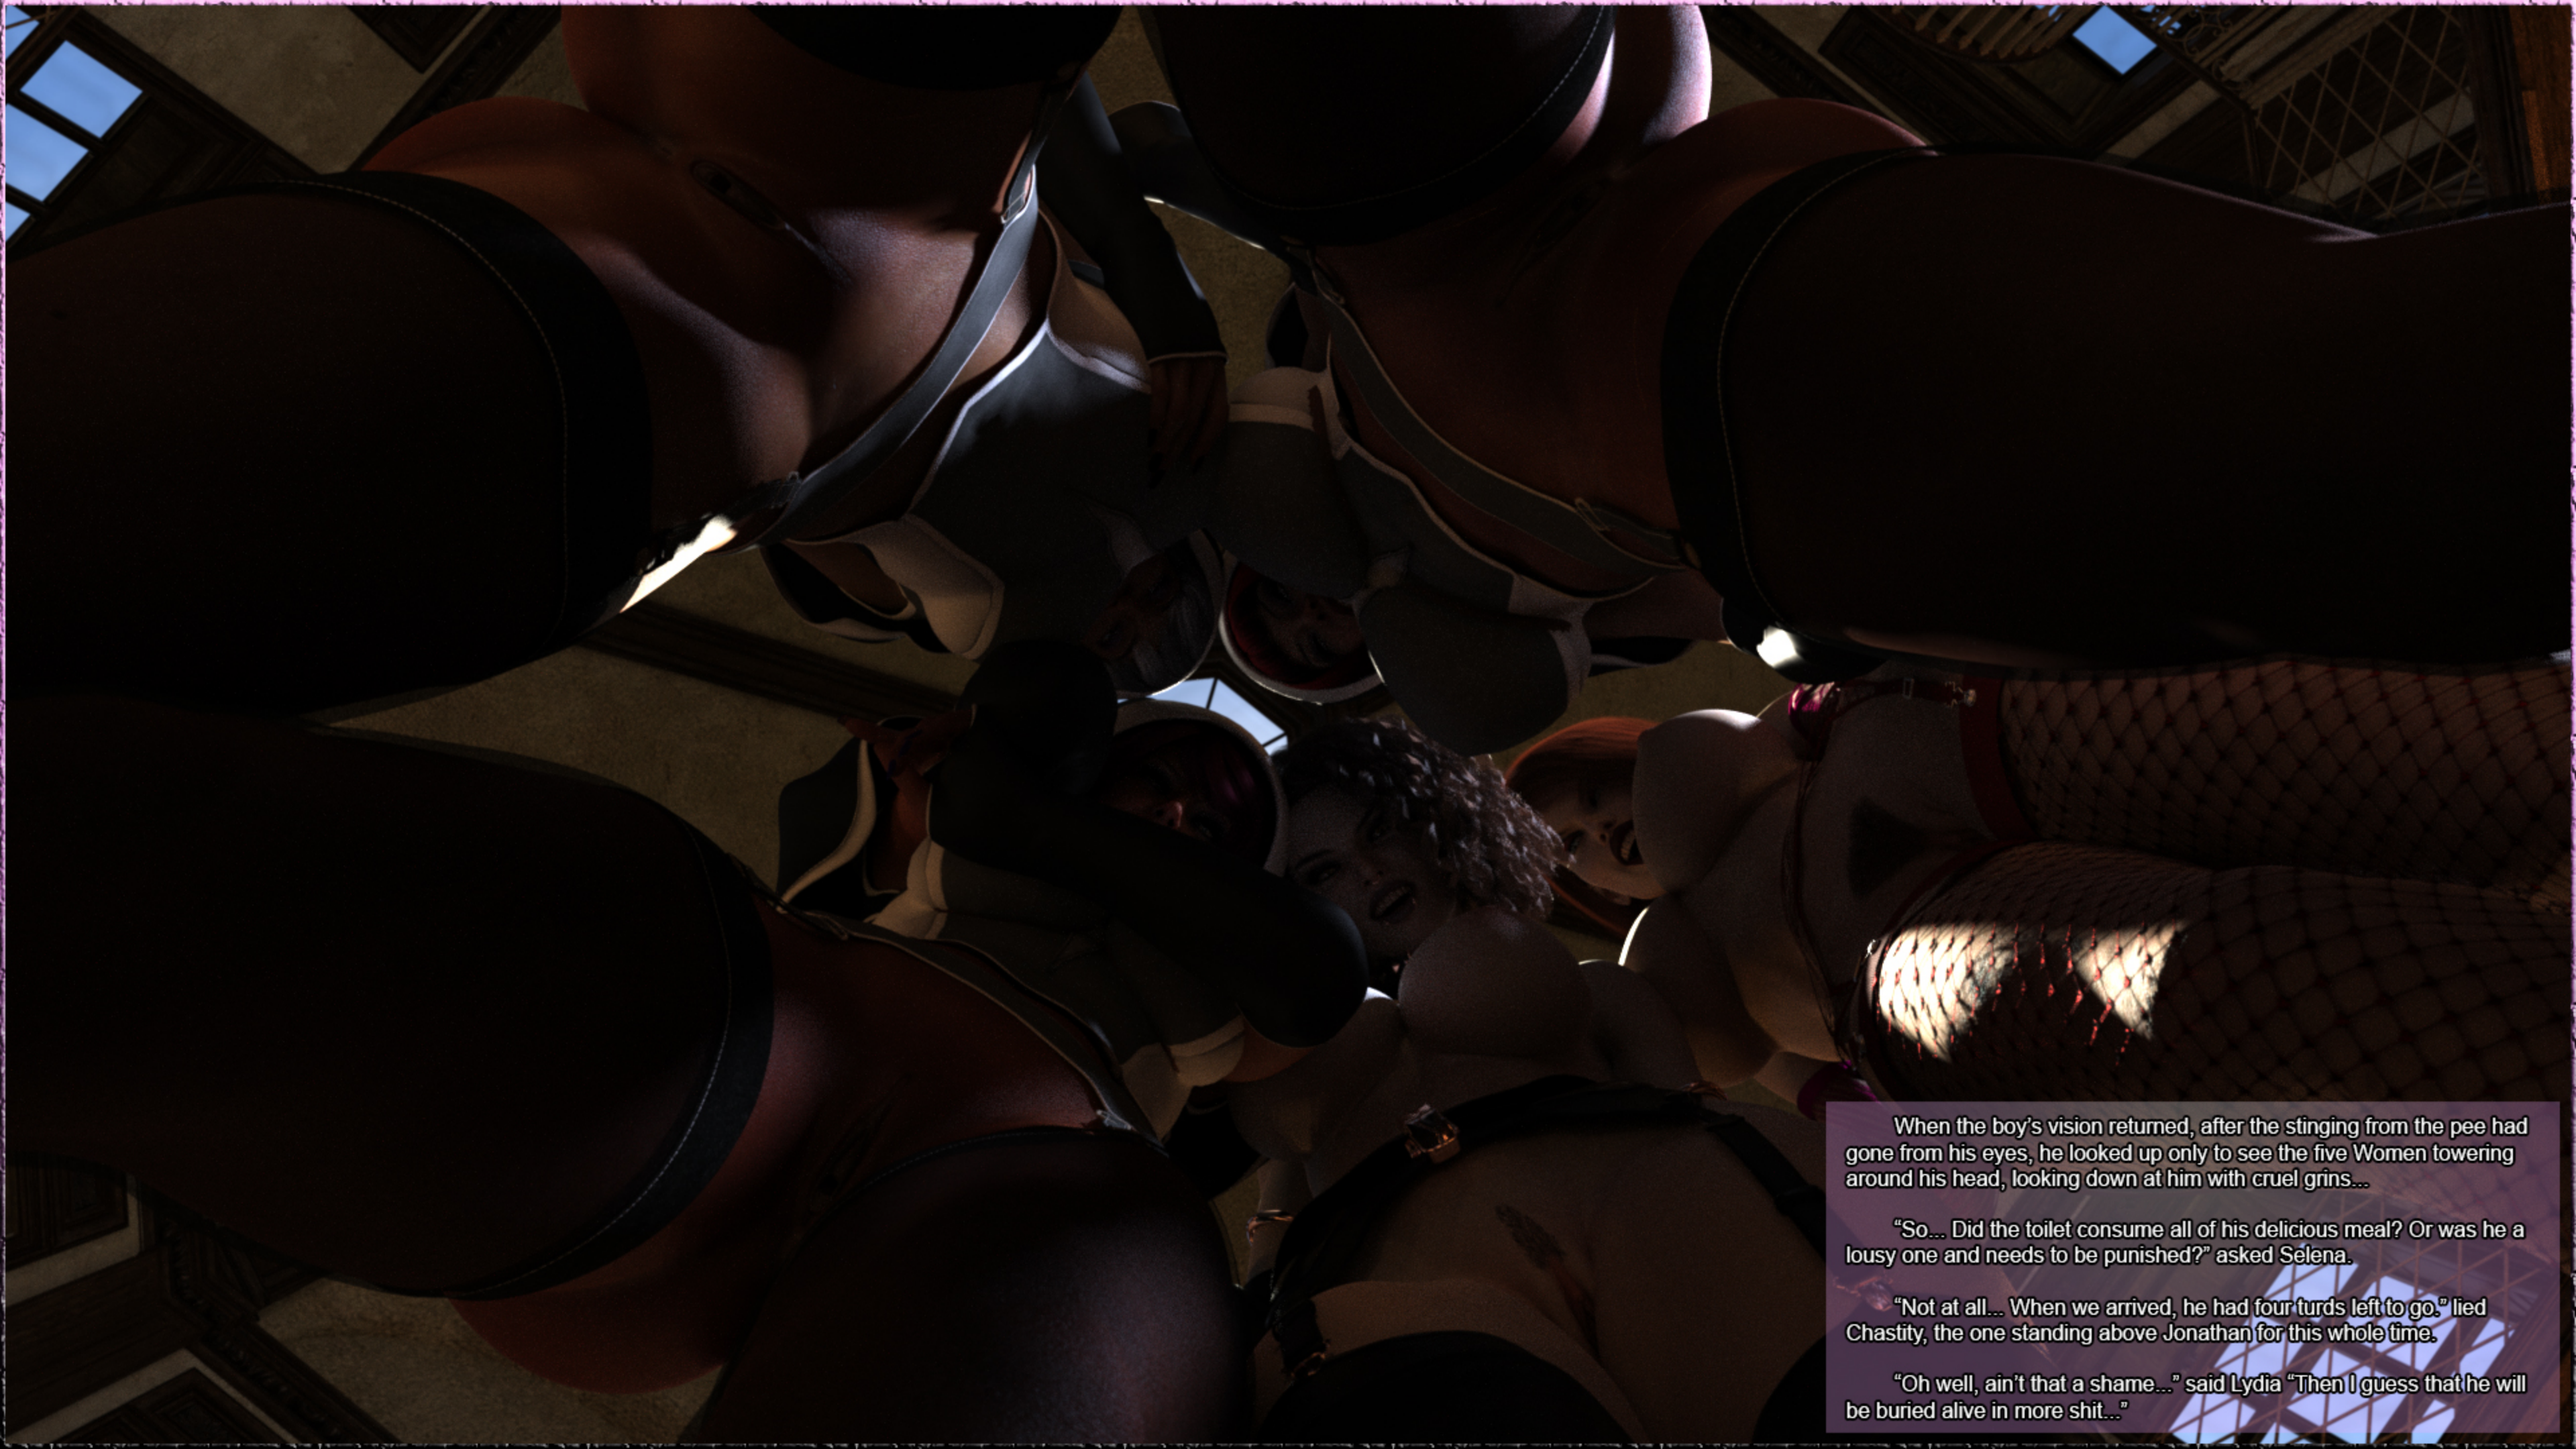

"Ha ha ha ha ha! There's our little toilet!" said Lydia, as she walked sensually, swinging her hips side to side "Poor boy had his hopes all broken, uh?"

"Toilet boy, meet our three dear sisters... Clara, Catherine and Chastity... They have a natural talent for tricking boys into believing things, only to destroy them later on..." said Selena, with a devilish grin on their face.

The girls were still going with their relentless golden shower torture...

And as Jonathan thought he was about to die, their flow came to an halt.

When the boy's vision returned, after the stinging from the pee had gone from his eyes, he looked up only to see the five Women towering around his head, looking down at him with cruel grins...

"So... Did the toilet consume all of his delicious meal? Or was he a lousy one and needs to be punished?" asked Selena.

"Not at all... When we arrived, he had four turds left to go." lied Chastity, the one standing above Jonathan for this whole time.

"Oh well, ain't that a shame..." said Lydia "Then I guess that he will be buried alive in more shit..."

"NO!!! THAT'S NOT TRUE!!! I DID EAT IT!!! I DID AS YOU ASKED!!!" cried Jonathan from below, but the Women laughed out loudly and turned around, presenting their asses to him, while the three sisters got rid of the fake nun veils on their head.

"Heard that, girls? He says that you're lying..." said Selena.

"How disrespectful... He has clearly not learned yet to respect his Mistresses..." said Clara, the rehead that was standing next to Lydia.

"Well then... Let's cover him up real nice in all of our shits, yes?" said the cruel rehead Dominatrix.

**"NO!!! PLEASE DON'T DO THIS!!! YOU WILL KILL ME!!! YOU WILL KILL MEEEE!! I DONT WANNA DIE!!!"** shouted Jonathan from down below, panicking as the Women formed a circle of asses around his head. They smirked at each other and squatted down.

"Fu fu fu... You should have thought about that when you had shit already on your face, miserable worm." said Chastity.

"You need to be punished for not eating as we asked you to..." said Selena "And as I promised... You will be buried alive in all the waste of all our beautiful asses... Come on, girls... Let's show this toilet what happens to those that disobey us..."

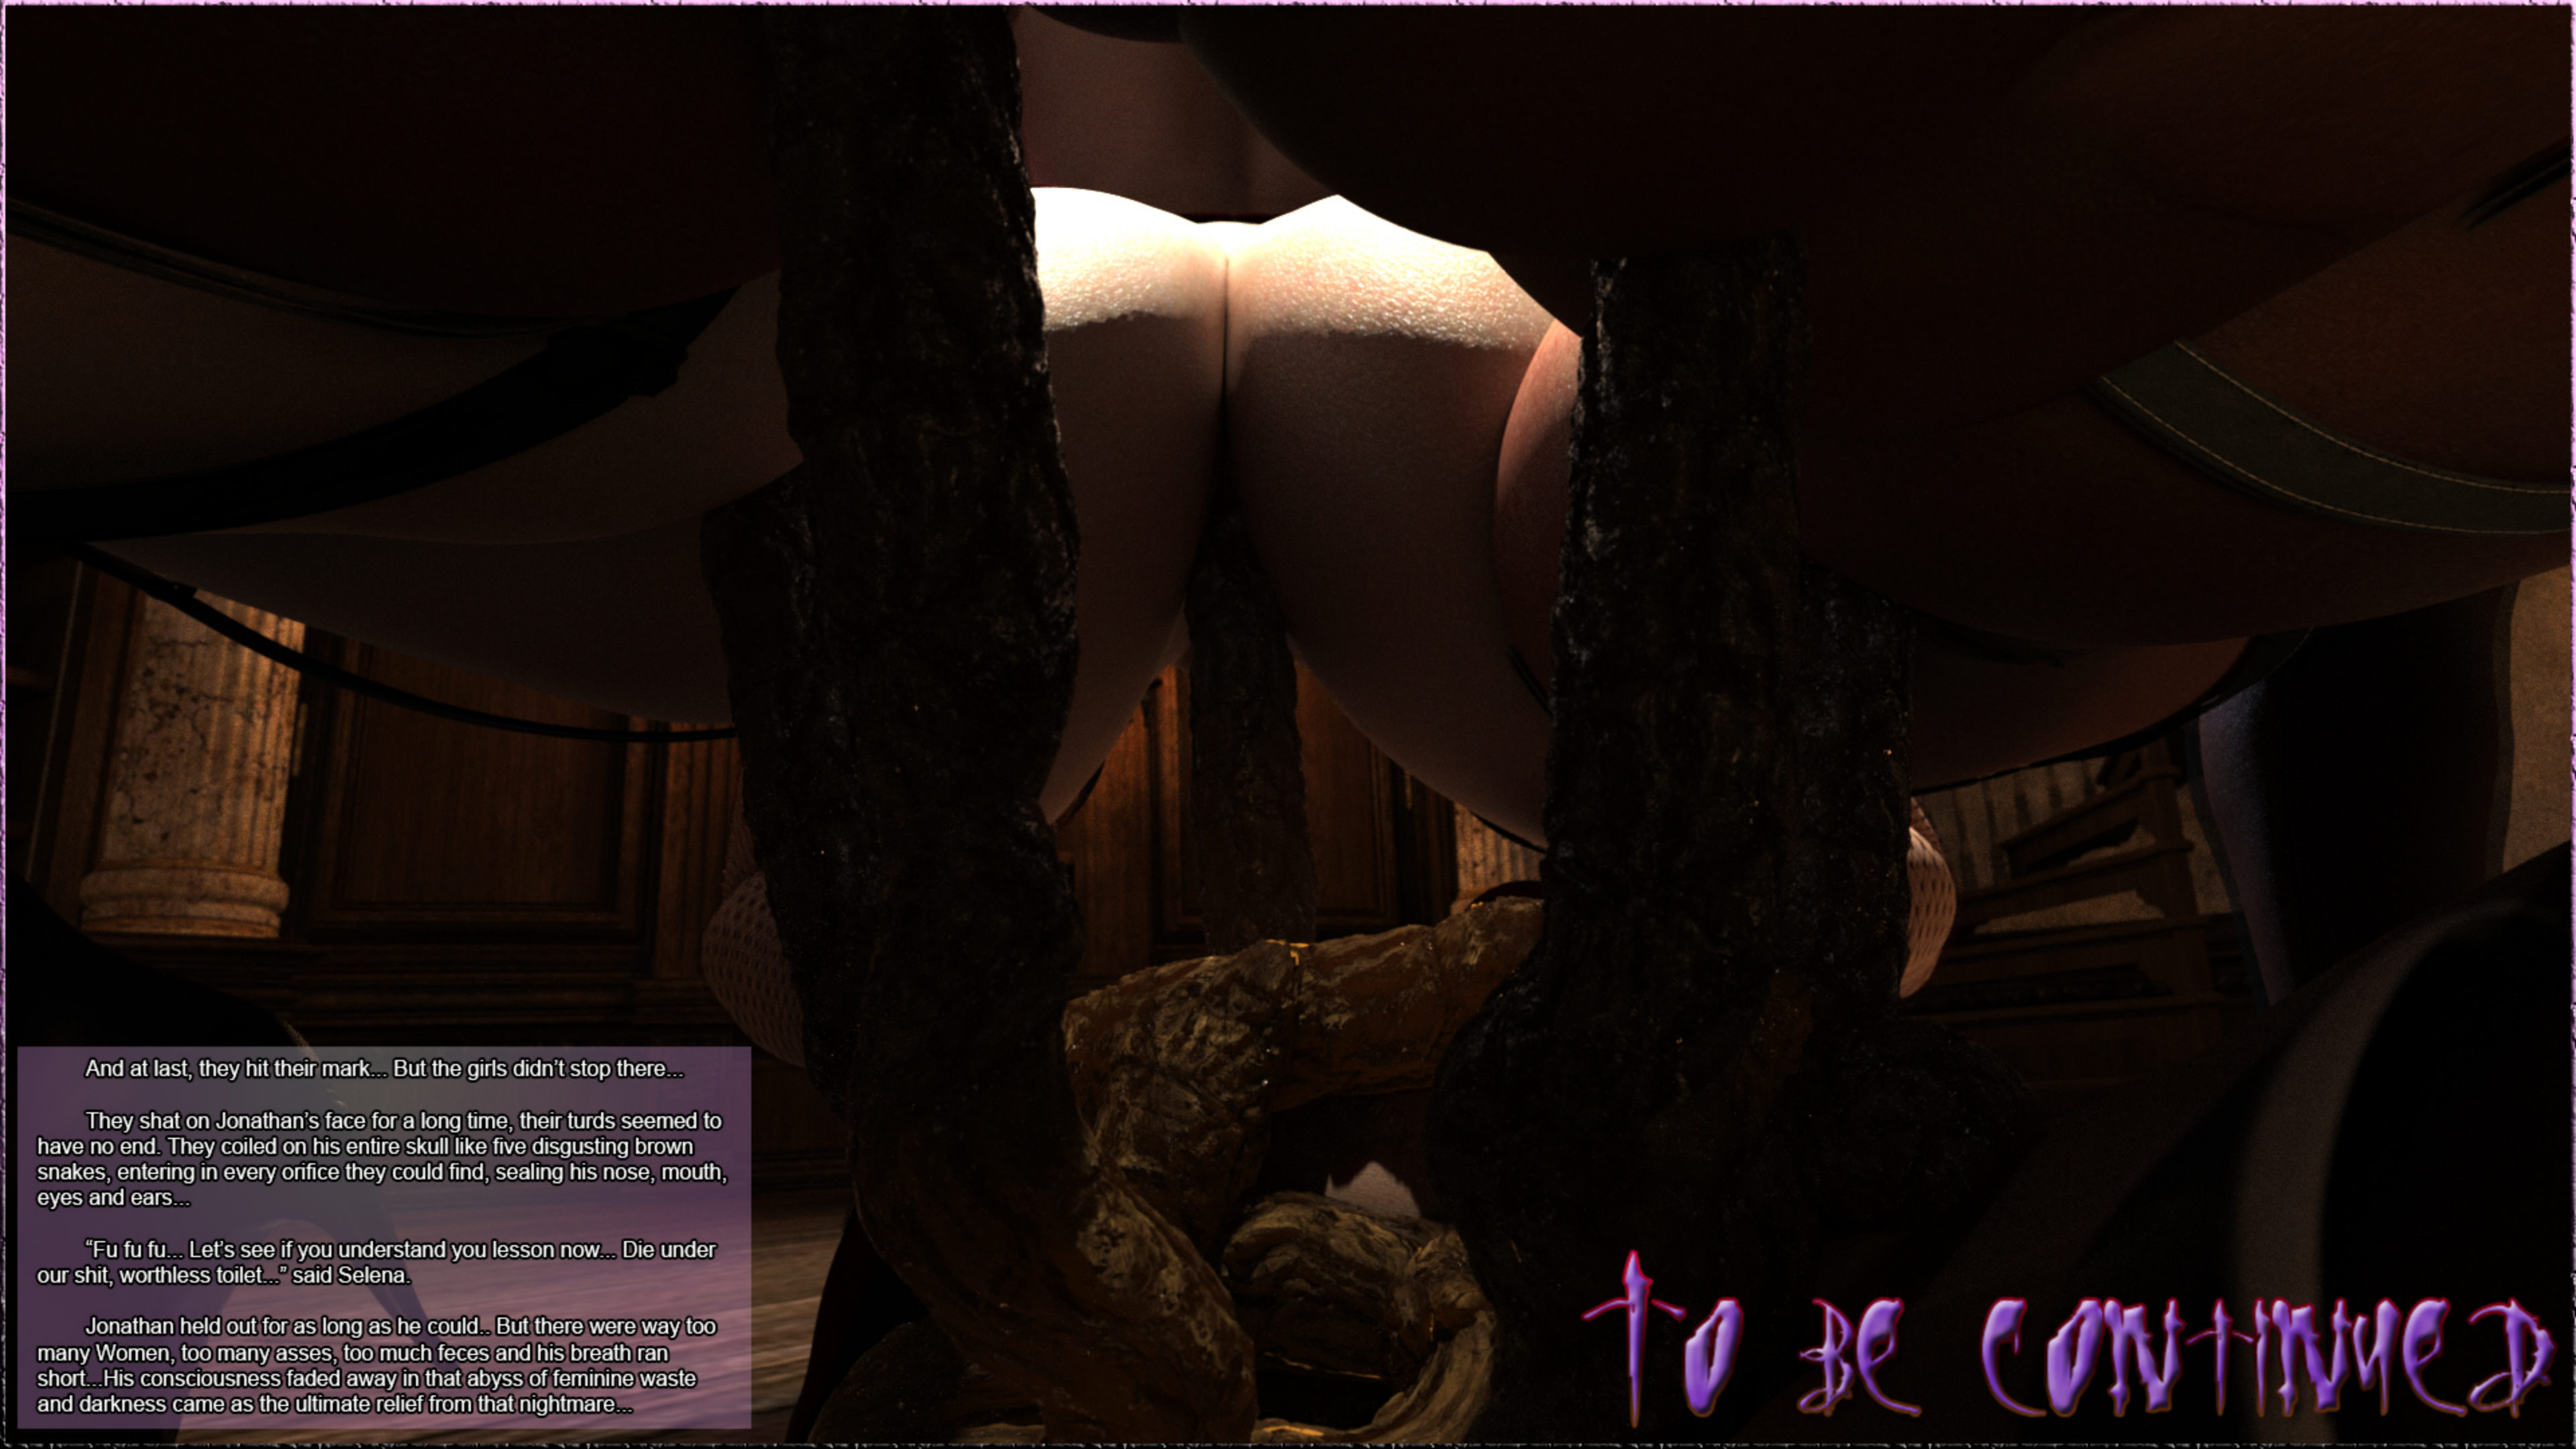

A man with long brown hair lies on his back, his face smeared with a thick, yellowish-brown substance. He is surrounded by several women in dark, lace-trimmed lingerie, their bodies positioned above him. The scene is dimly lit, with a warm, orange glow from a light source in the background. The man's expression is one of agony and horror.

“NOOOOOOOO!!!! NOOOOOOOOOO!!!!”

Jonathan’s cries of agony and horror were silenced by the crackling and sputtering of the five feminine assholes above his head...

He watched them all flare up, the disgusting and noxious stench of excrements filling up his nostrils again, only worse than what he had experienced before since it was from five different asses...

The turds of the Women slid down, going towards the face of the doomed male... Their laughter and grunts from above inflicted pain to his agony...

And at last, they hit their mark... But the girls didn't stop there...

They shat on Jonathan's face for a long time, their turds seemed to have no end. They coiled on his entire skull like five disgusting brown snakes, entering in every orifice they could find, sealing his nose, mouth, eyes and ears...

"Fu fu fu... Let's see if you understand you lesson now... Die under our shit, worthless toilet..." said Selena.

Jonathan held out for as long as he could.. But there were way too many Women, too many asses, too much feces and his breath ran short...His consciousness faded away in that abyss of feminine waste and darkness came as the ultimate relief from that nightmare...
