Thank you very much for your support!

The mall in the middle
of the city..

..will occasionally
have many pros
cosplayer gather!!

From the most popular games, Blue Archive..

..To characters in
Azur Lane..

..Even Genshin Impact!! Nothing that they can't become!

But I only come to see someone who would cosplay.. Yes!

I was waiting for you, kido.

Oh.. You are..

It was you who called and ordered me to cosplay Botan of Hololive, right?

"I can't believe it..
The costume.. even
the voice are perfect!"

Ah.. Yes. Please
let me buy you
a drink.

Oh? Only when I cosplay Hololive?

I was a fan of you for a very long time!

A character with long, flowing white hair and cat ears is sitting at a wooden table in a cafe. She has her eyes closed and a slight smile. She is wearing a white top with a black choker and black gloves. In front of her is a white coffee cup with the words "Coffee" and "Everyday" written on it. The background shows a warm, dimly lit cafe interior with wooden chairs and tables.

By the way, where did you find all these for your make up?

I'm sorry, but that's a secret.

If I tell, those young
age on social media
will come and throw
rock at me anytime.

I.. I understand
your decision. B-But
I won't say anyone..

Hmph.. Stubborn
boy you are.. Fine..

How about.. you
come to my place?
We can talk more.

R-Really!!?? Ohhh!!
A cosplayer's place!?

Hey, lower your voice.

A close-up illustration of a character's face and upper chest. The character has long, light-colored hair and is wearing a dark choker with two white dots. The character's mouth is slightly open, and a speech bubble is positioned to the left. The background is a dark, reddish-brown color.

O-Okay..!! Let's go right now!

After hours of travelling..

You even own a house.. I really admired..

But.. I don't see any outfit.. or make-up table at all..

Those are the
traditional way of
cosplaying..

This is the method
that only I could use..

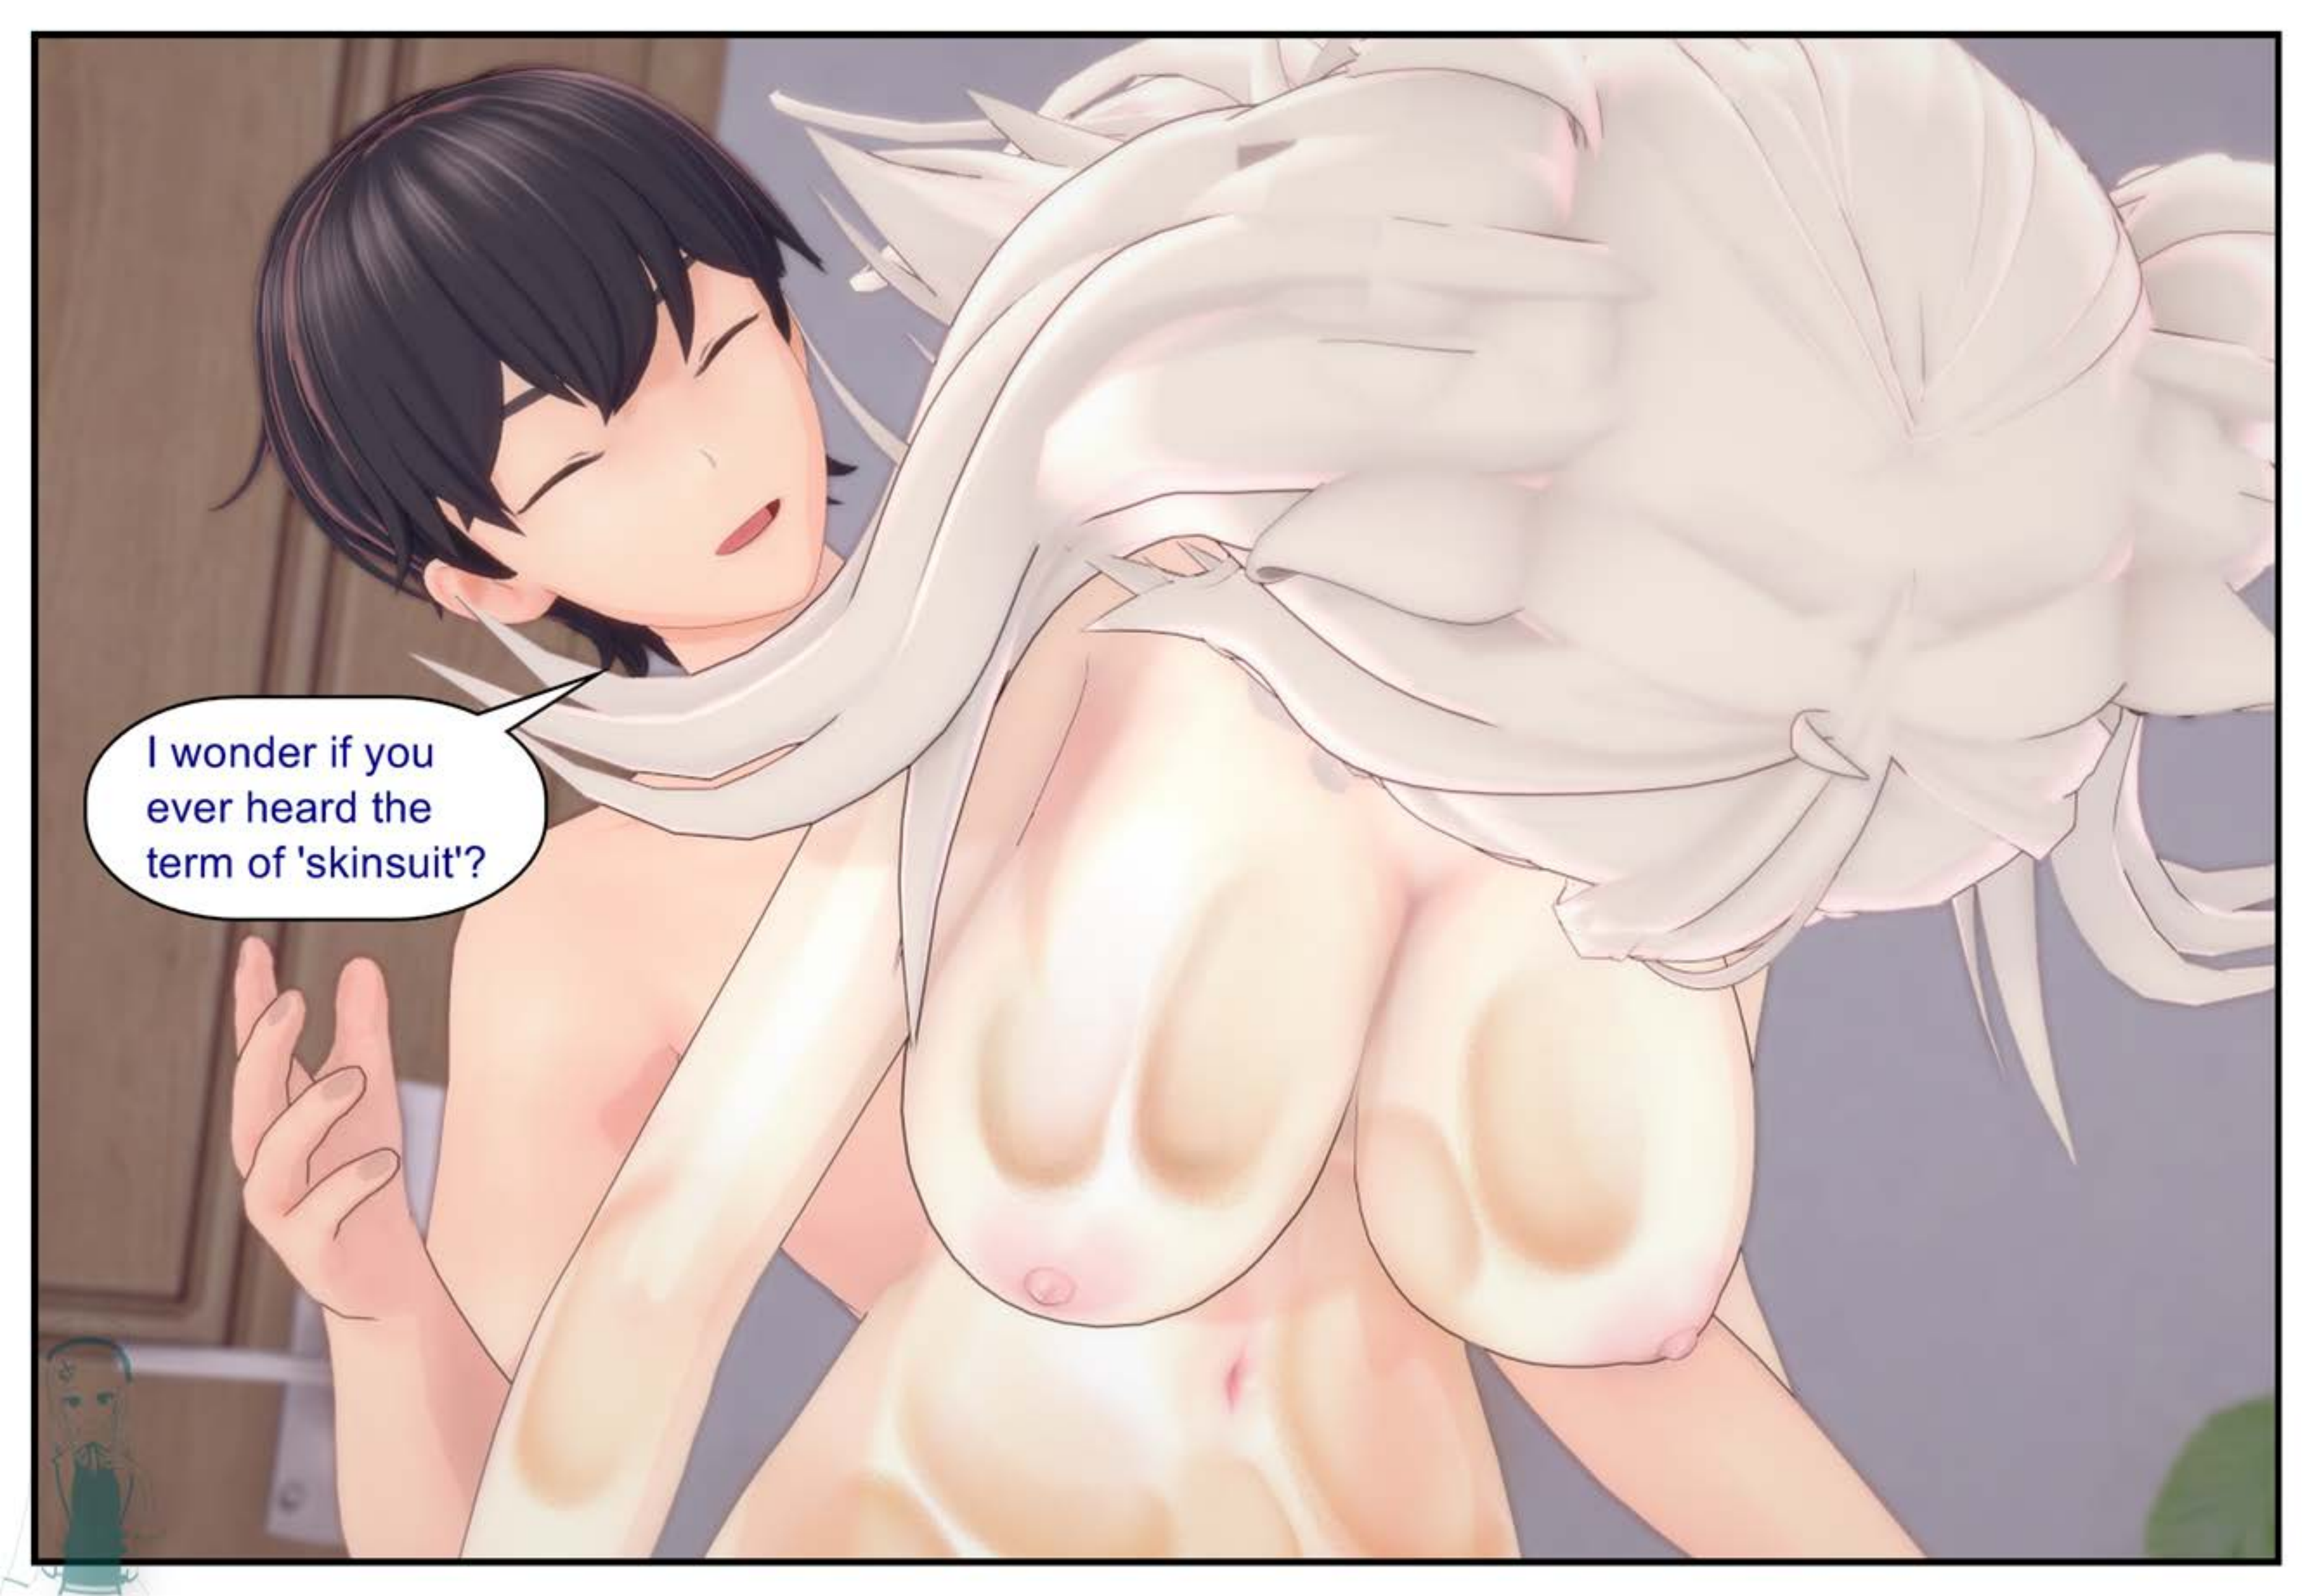

N-No way..

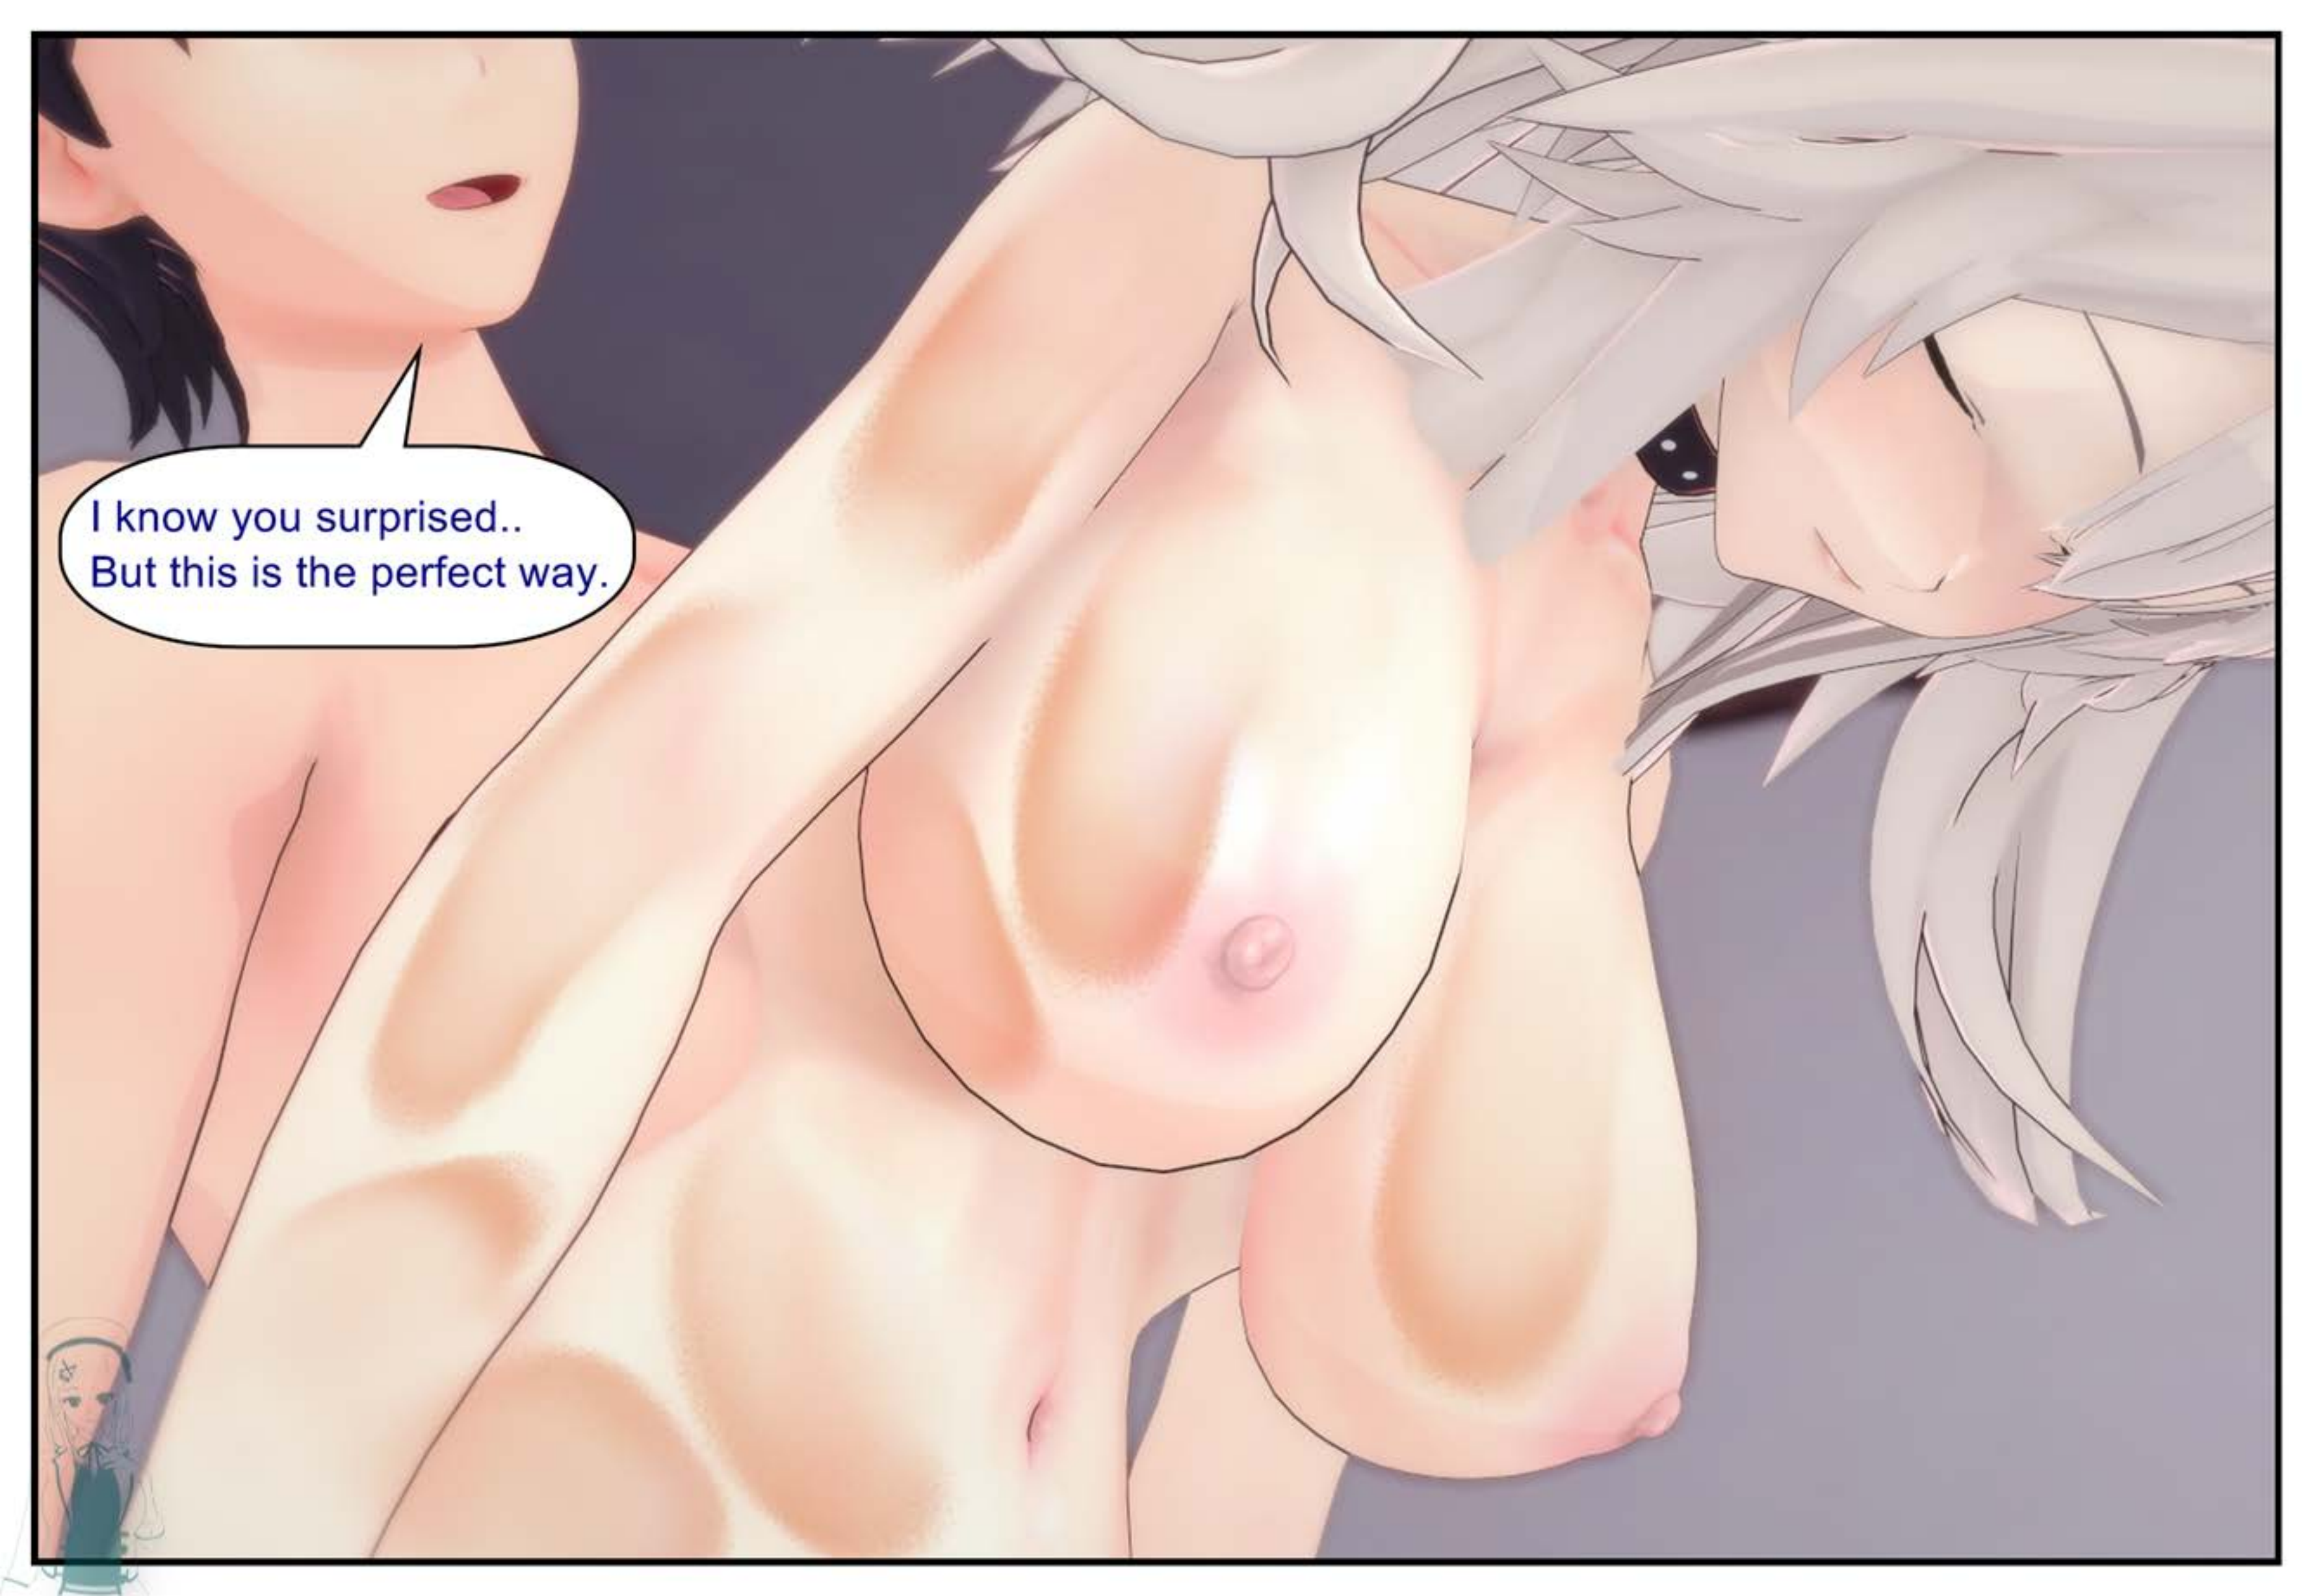

This where you just need to put on and pretend to be Botan..

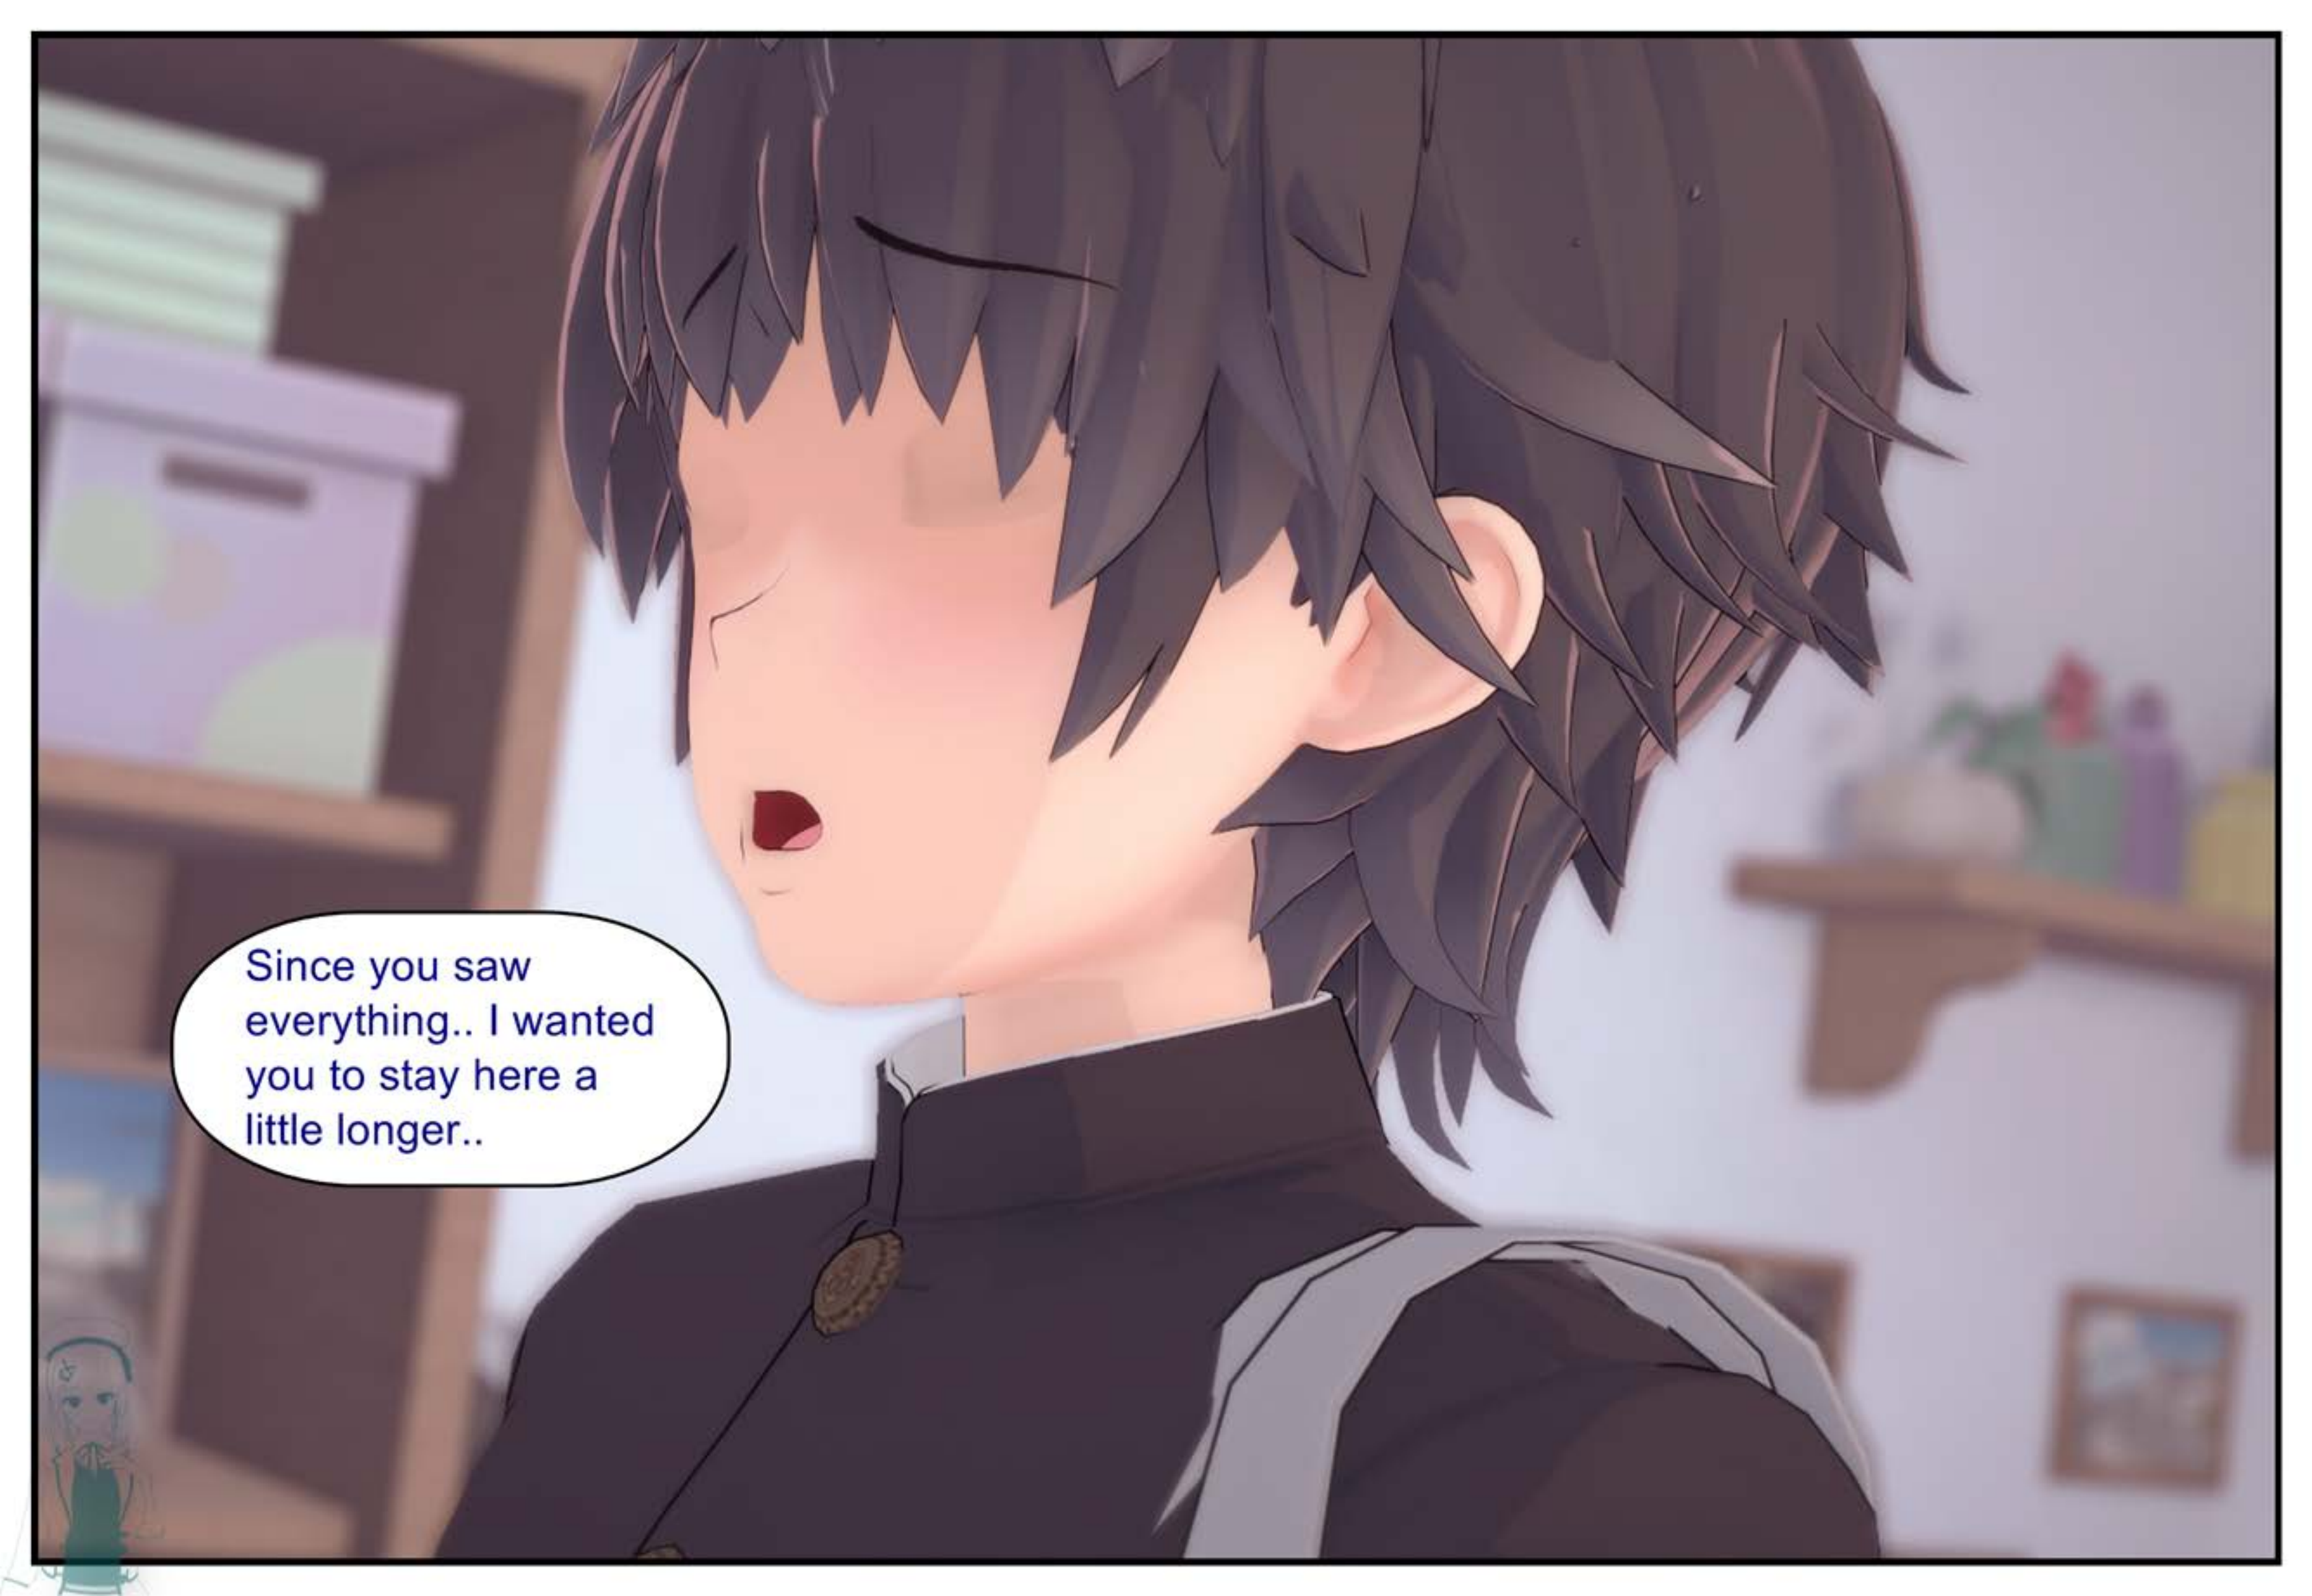

I wonder if you ever heard the term of 'skinsuit'?

A manga-style illustration showing a close-up of a character's bare chest. The character has light skin and is looking down at their chest. Another character with long, spiky white hair and a black visor is looking at the chest. A speech bubble from the character on the left says, "I know you surprised.. But this is the perfect way."

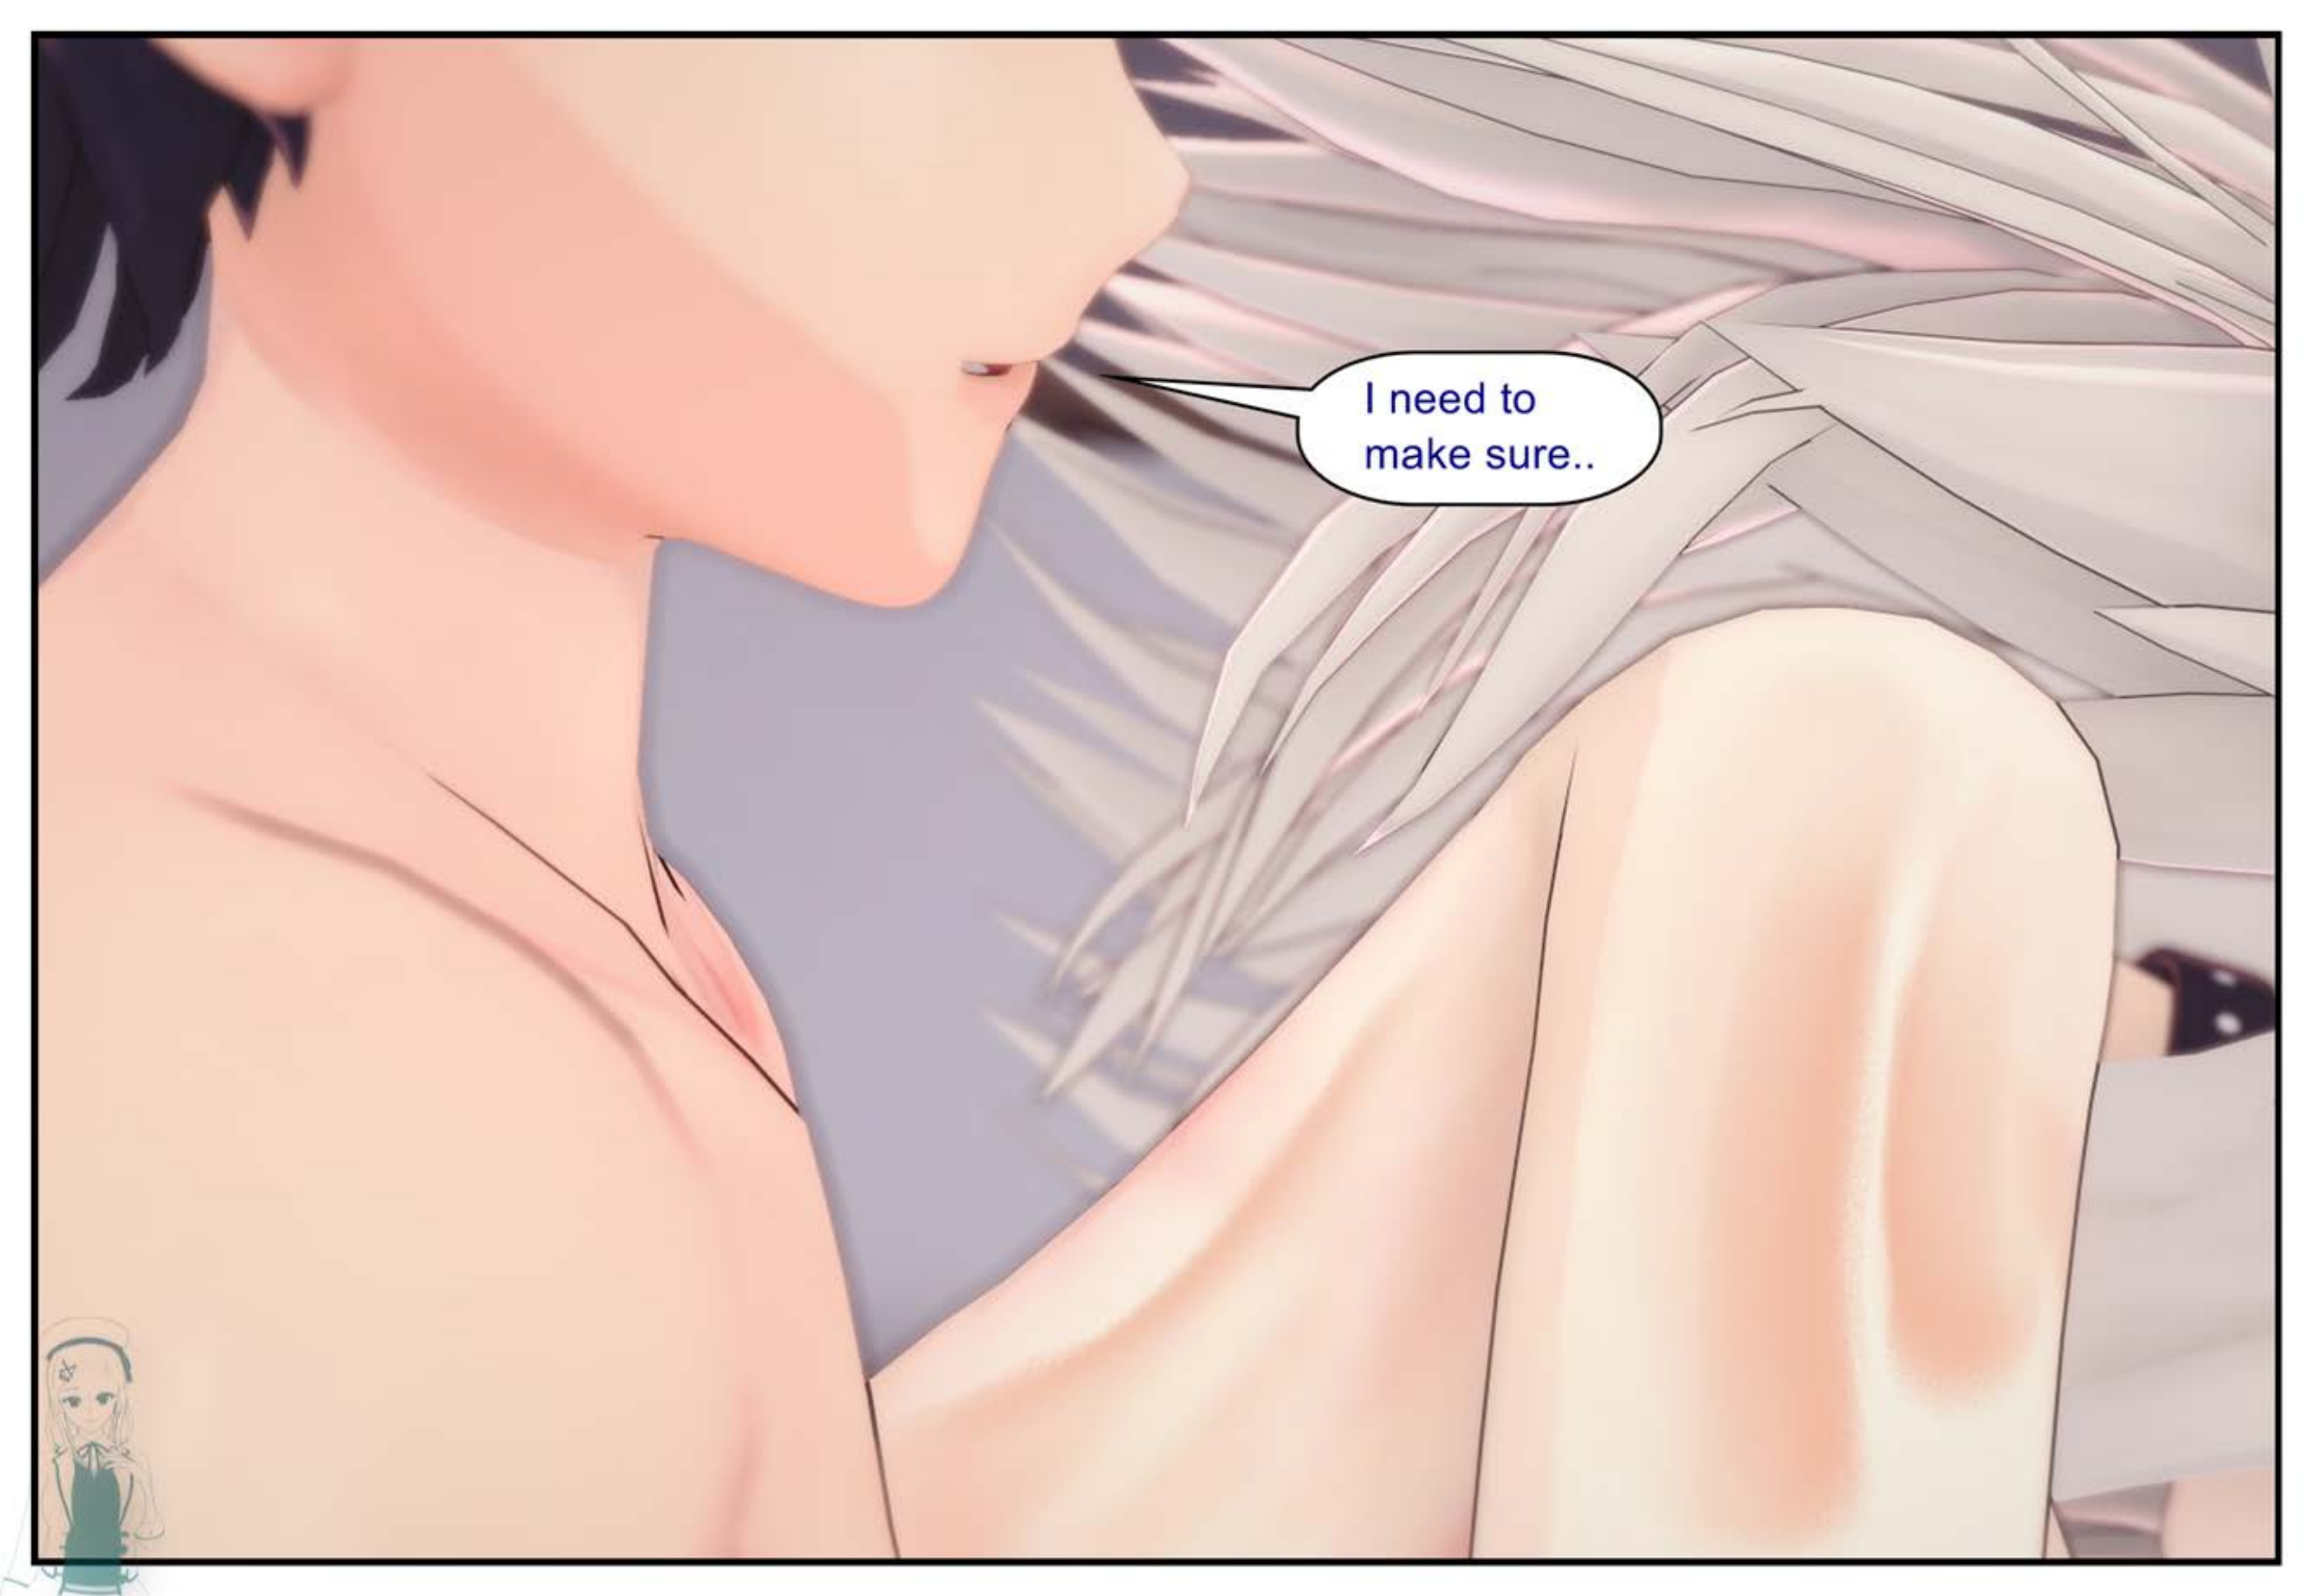

I know you surprised..
But this is the perfect way.

Since you saw
everything.. I wanted
you to stay here a
little longer..

I need to
make sure..

..if you truly are
my most beloved fans..

..and keeping
your mouth close..

Then, I will show you what is 'skinsuit'.

Skinksuit give you
the same feeling
of the gender..

So don't worry if you are putting inside a man.. Hehe.

I have spare skin
if you want to try
for yourself, kid.

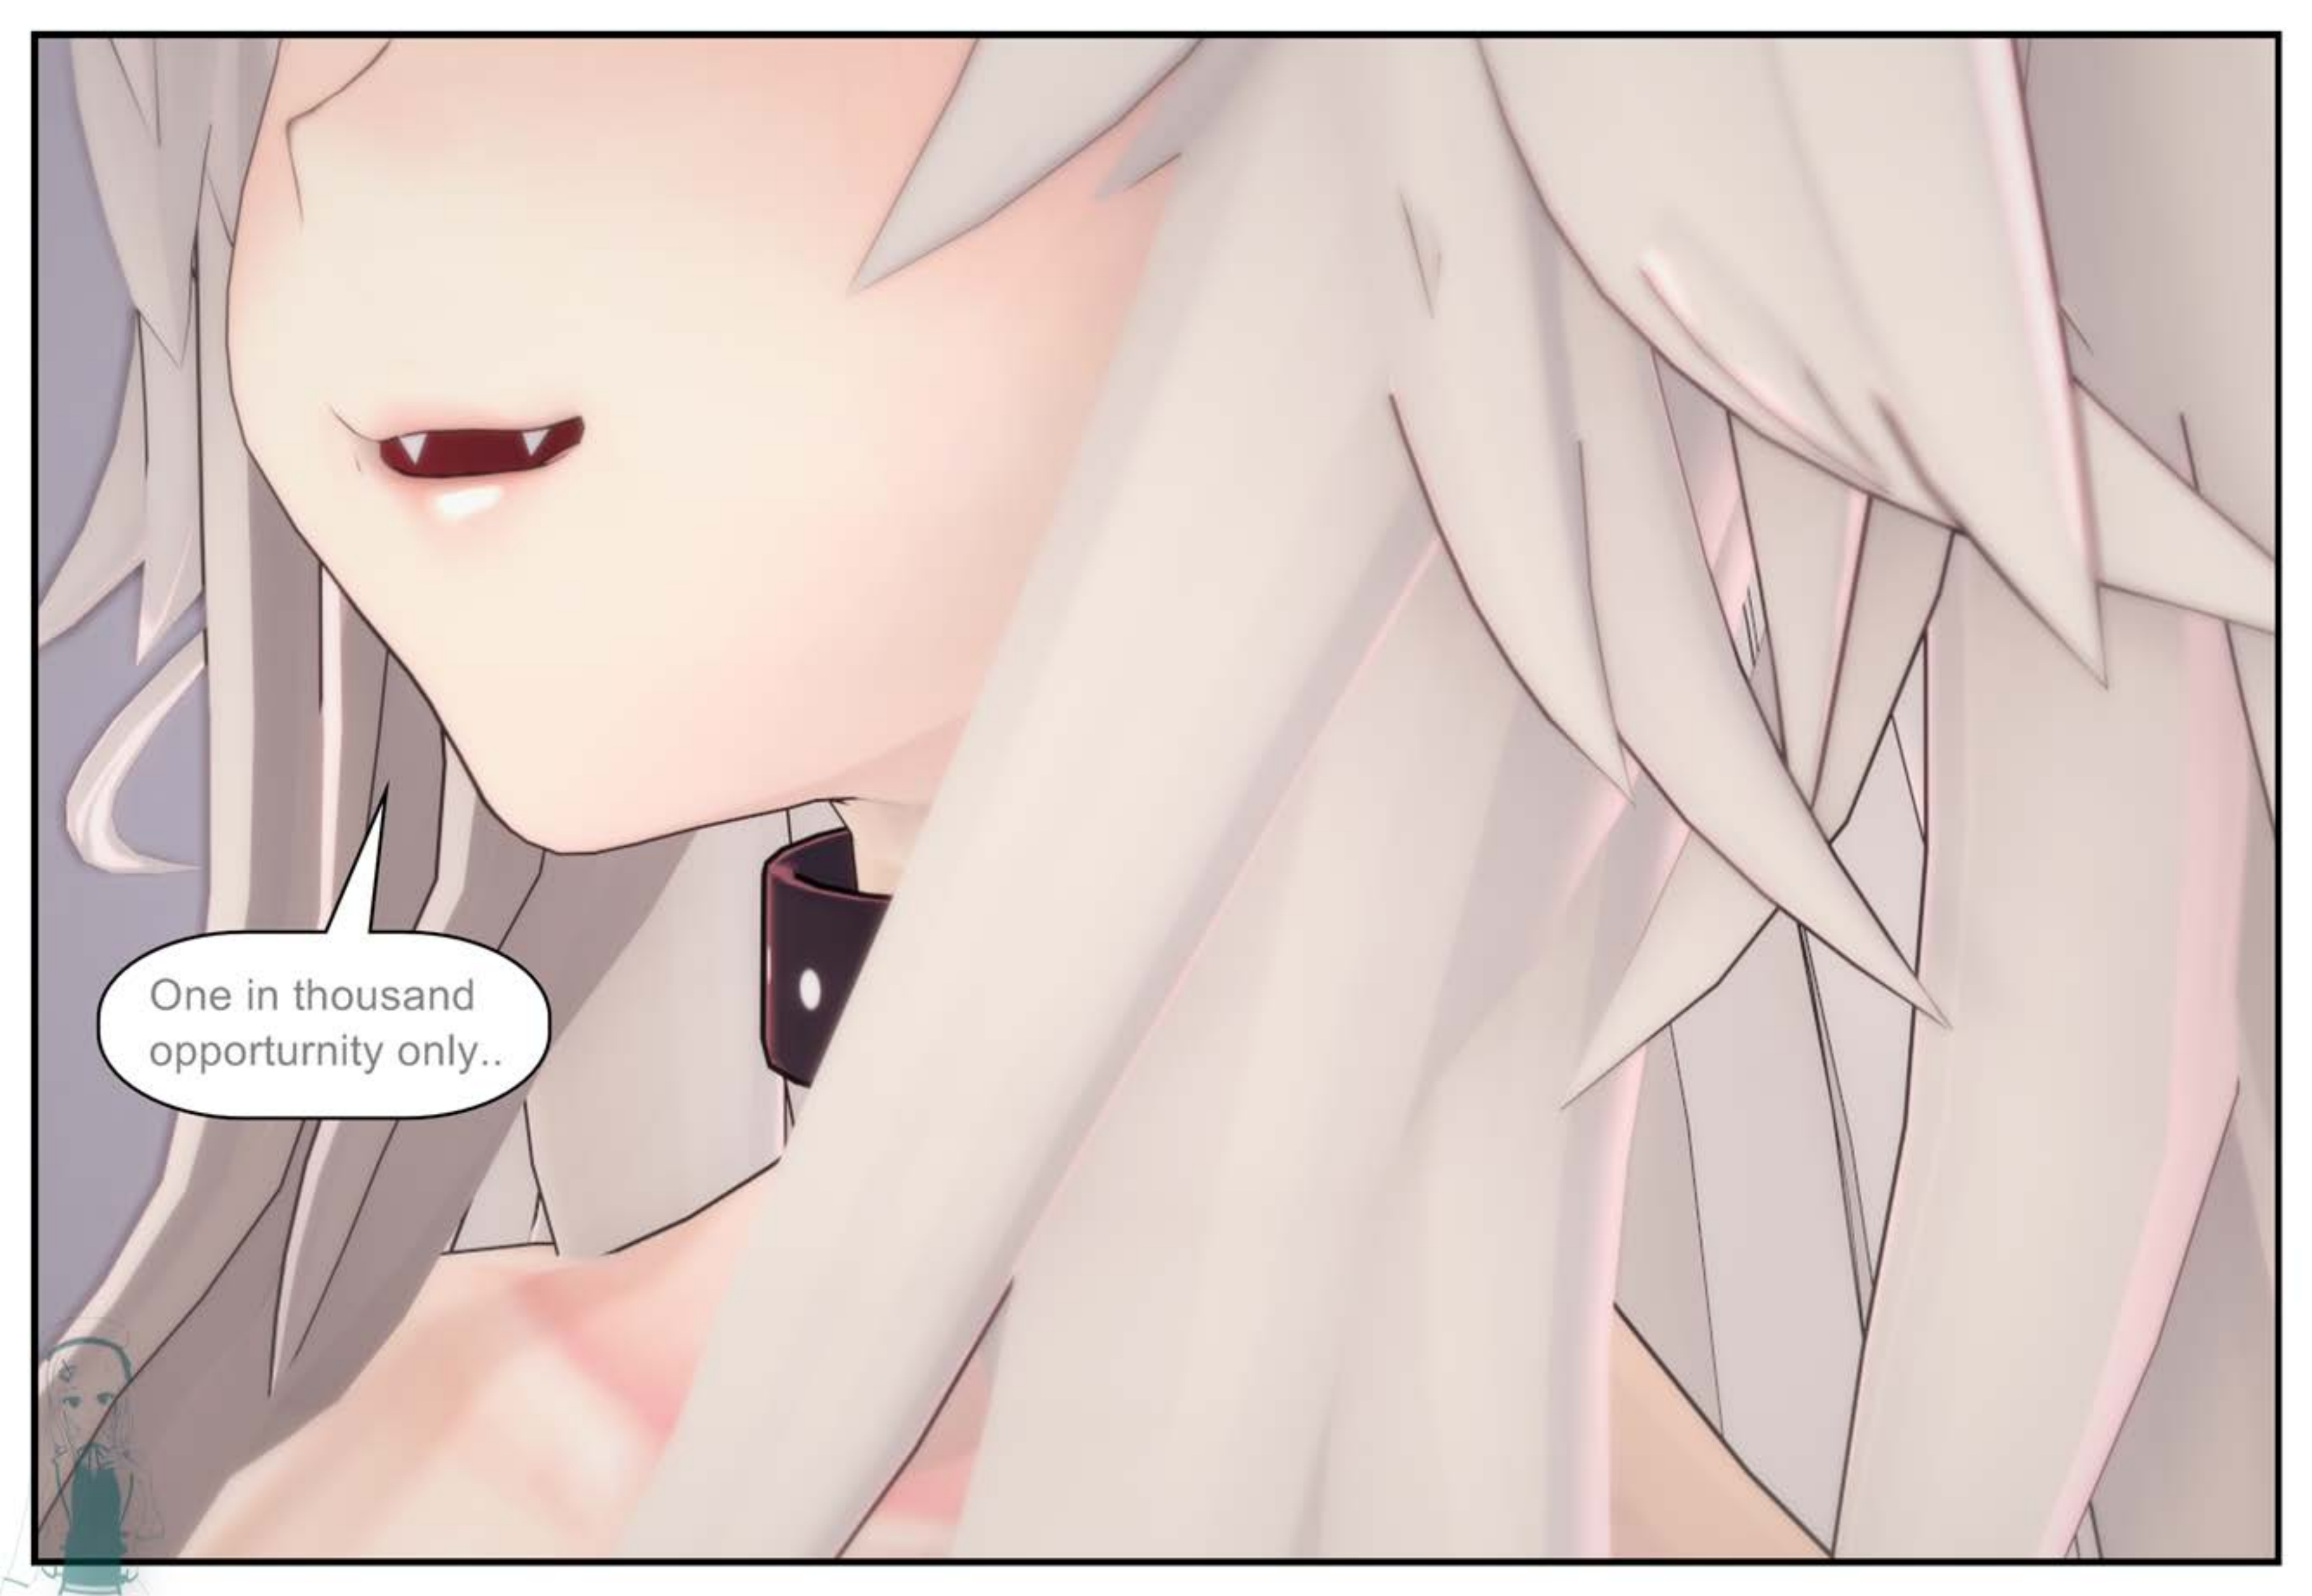

Here we are.
Both are Hololive.

Choose one for yourself. Go on.

One in thousand
opporturnity only..

Yes, like that.
Your feet goes first.

Oh.. Usually for
any skinsuit..

It's.. a bit.. wet
and slimy inside..

Just put it on,
you will get use
to it soon.

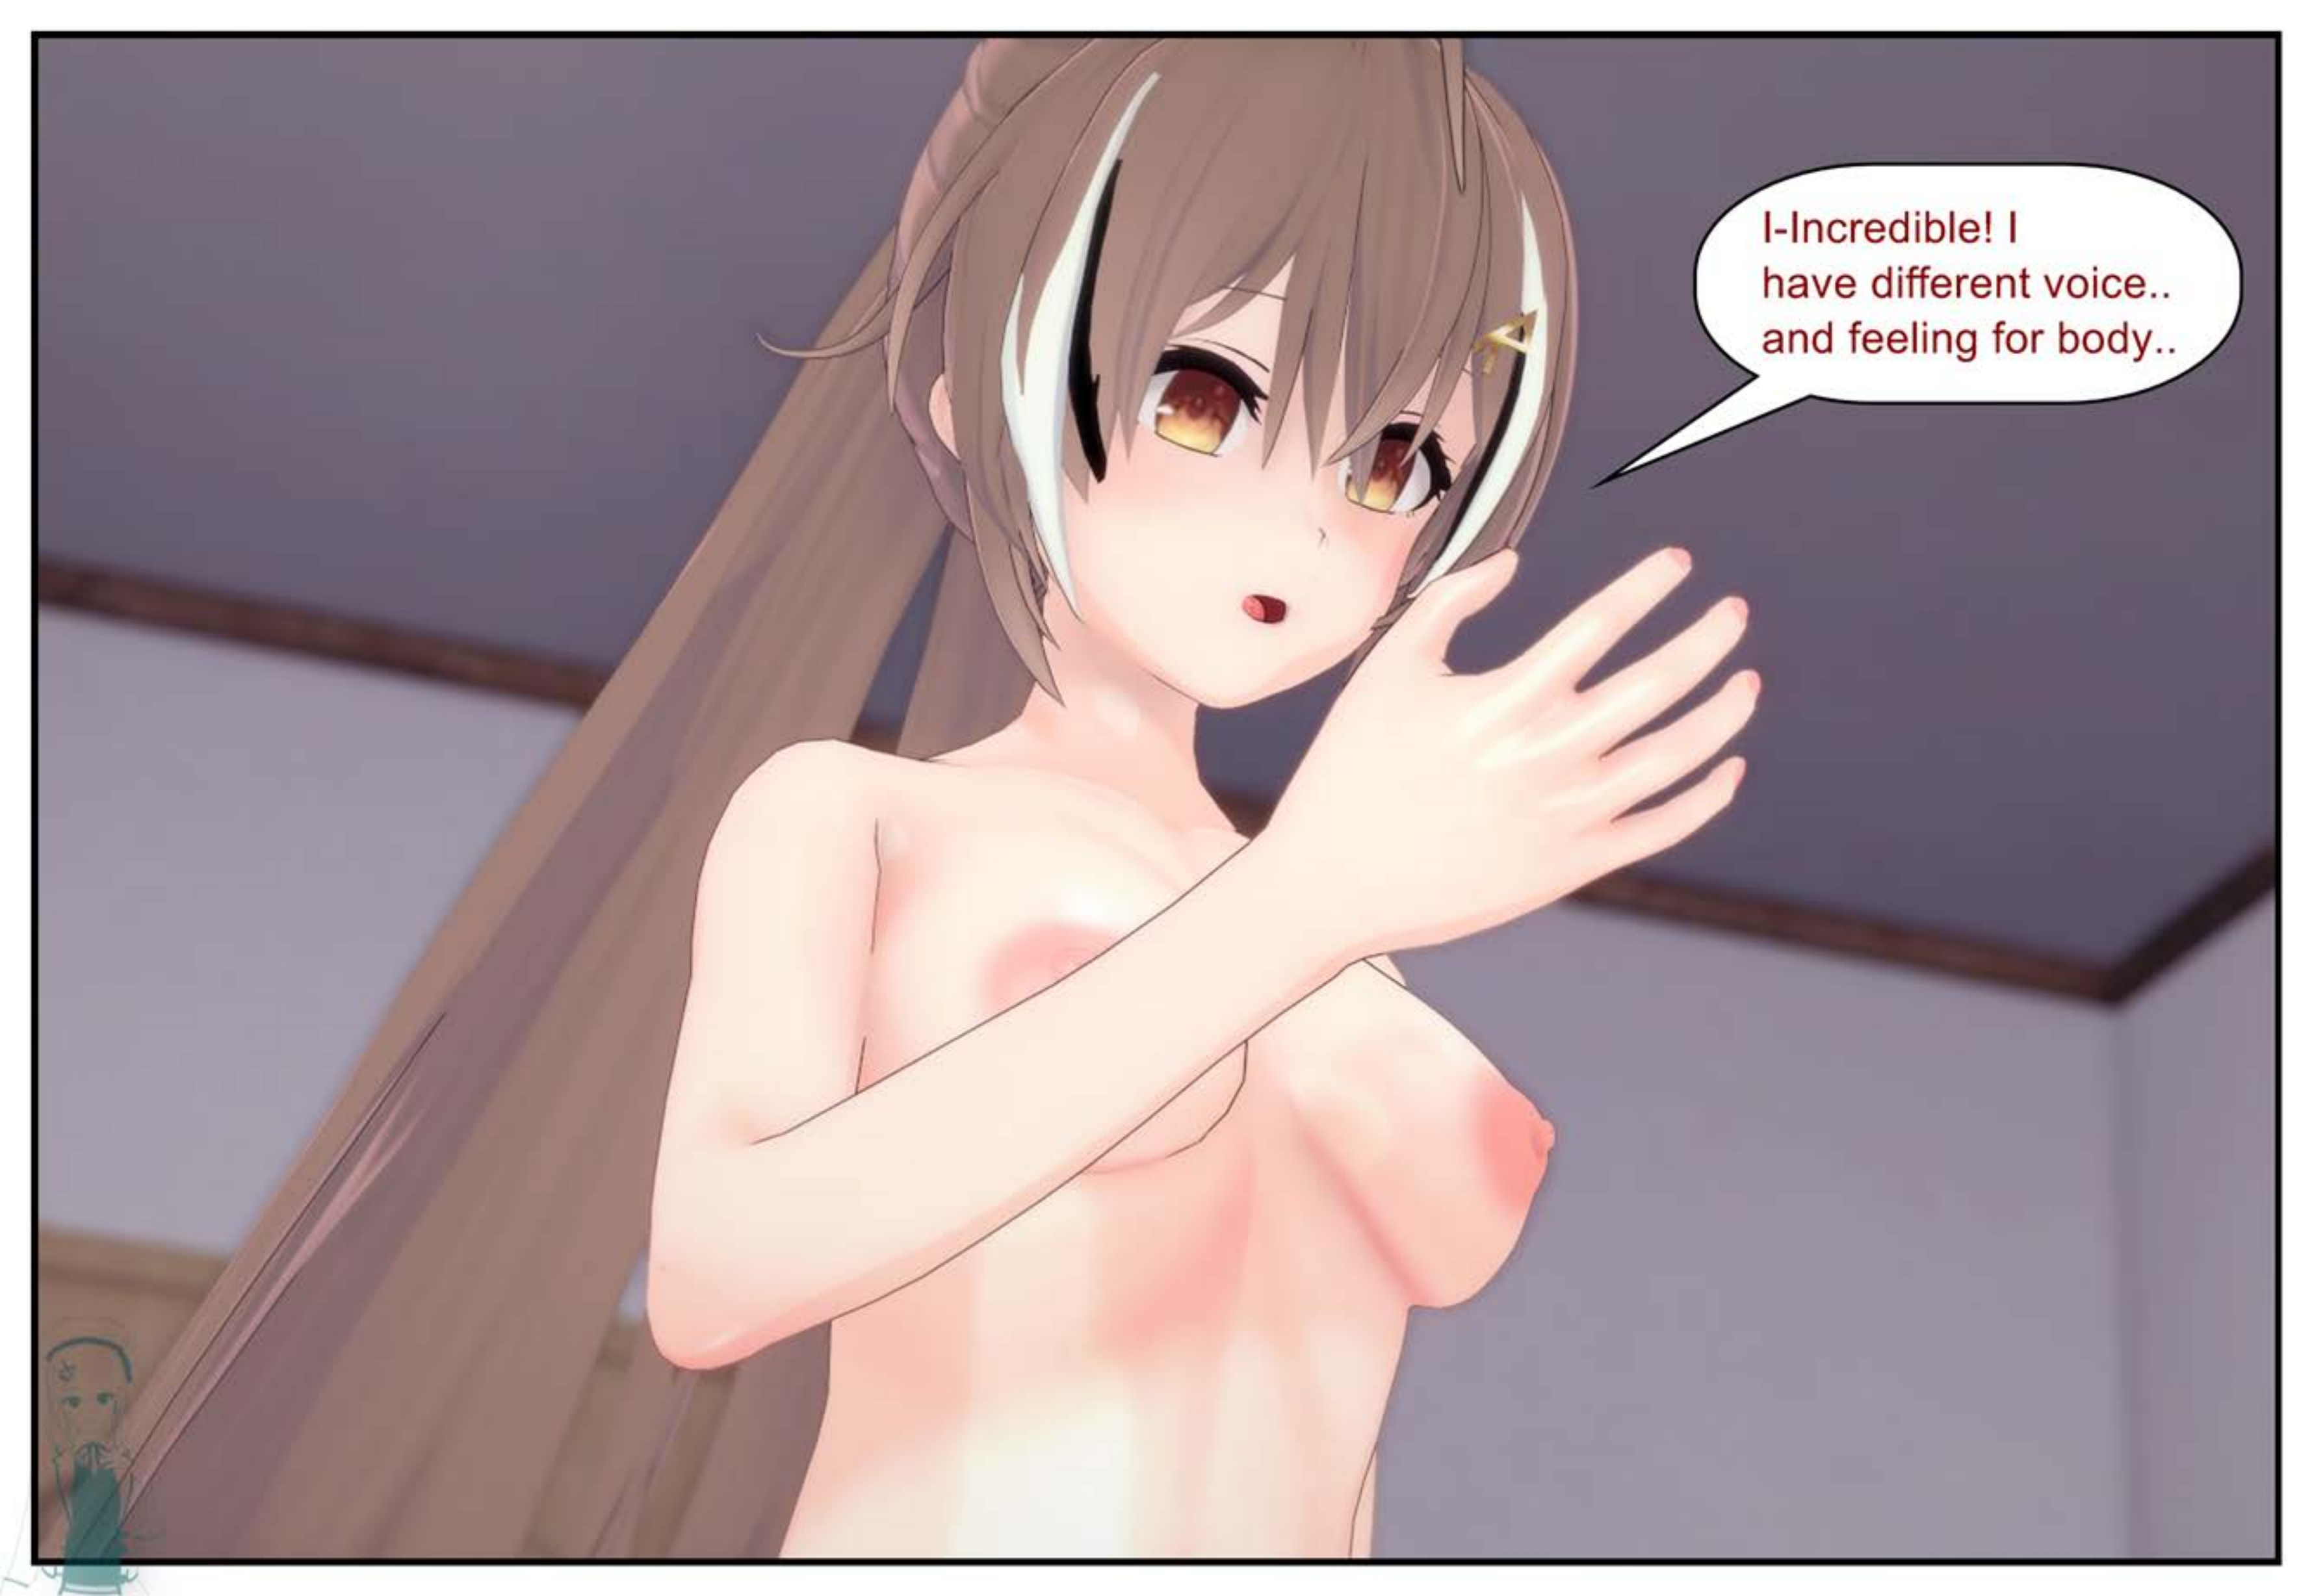

Ah.. Did I..?

I-Incredible! I
have different voice..
and feeling for body..

You look like me
when I wore the
first skinsuit..

I could show you more if you want.

First up, shall we test out?

W-Wha..?

Uhm.. Nn..

"Uhm.. Hn.. Nn..
Mm.. Slurp.. Nn.."

"Strange.. But
feels like.. it's not
like my own body."

Uhm.. Nn.. Slurp..
Nn.. Um.. Slurp..

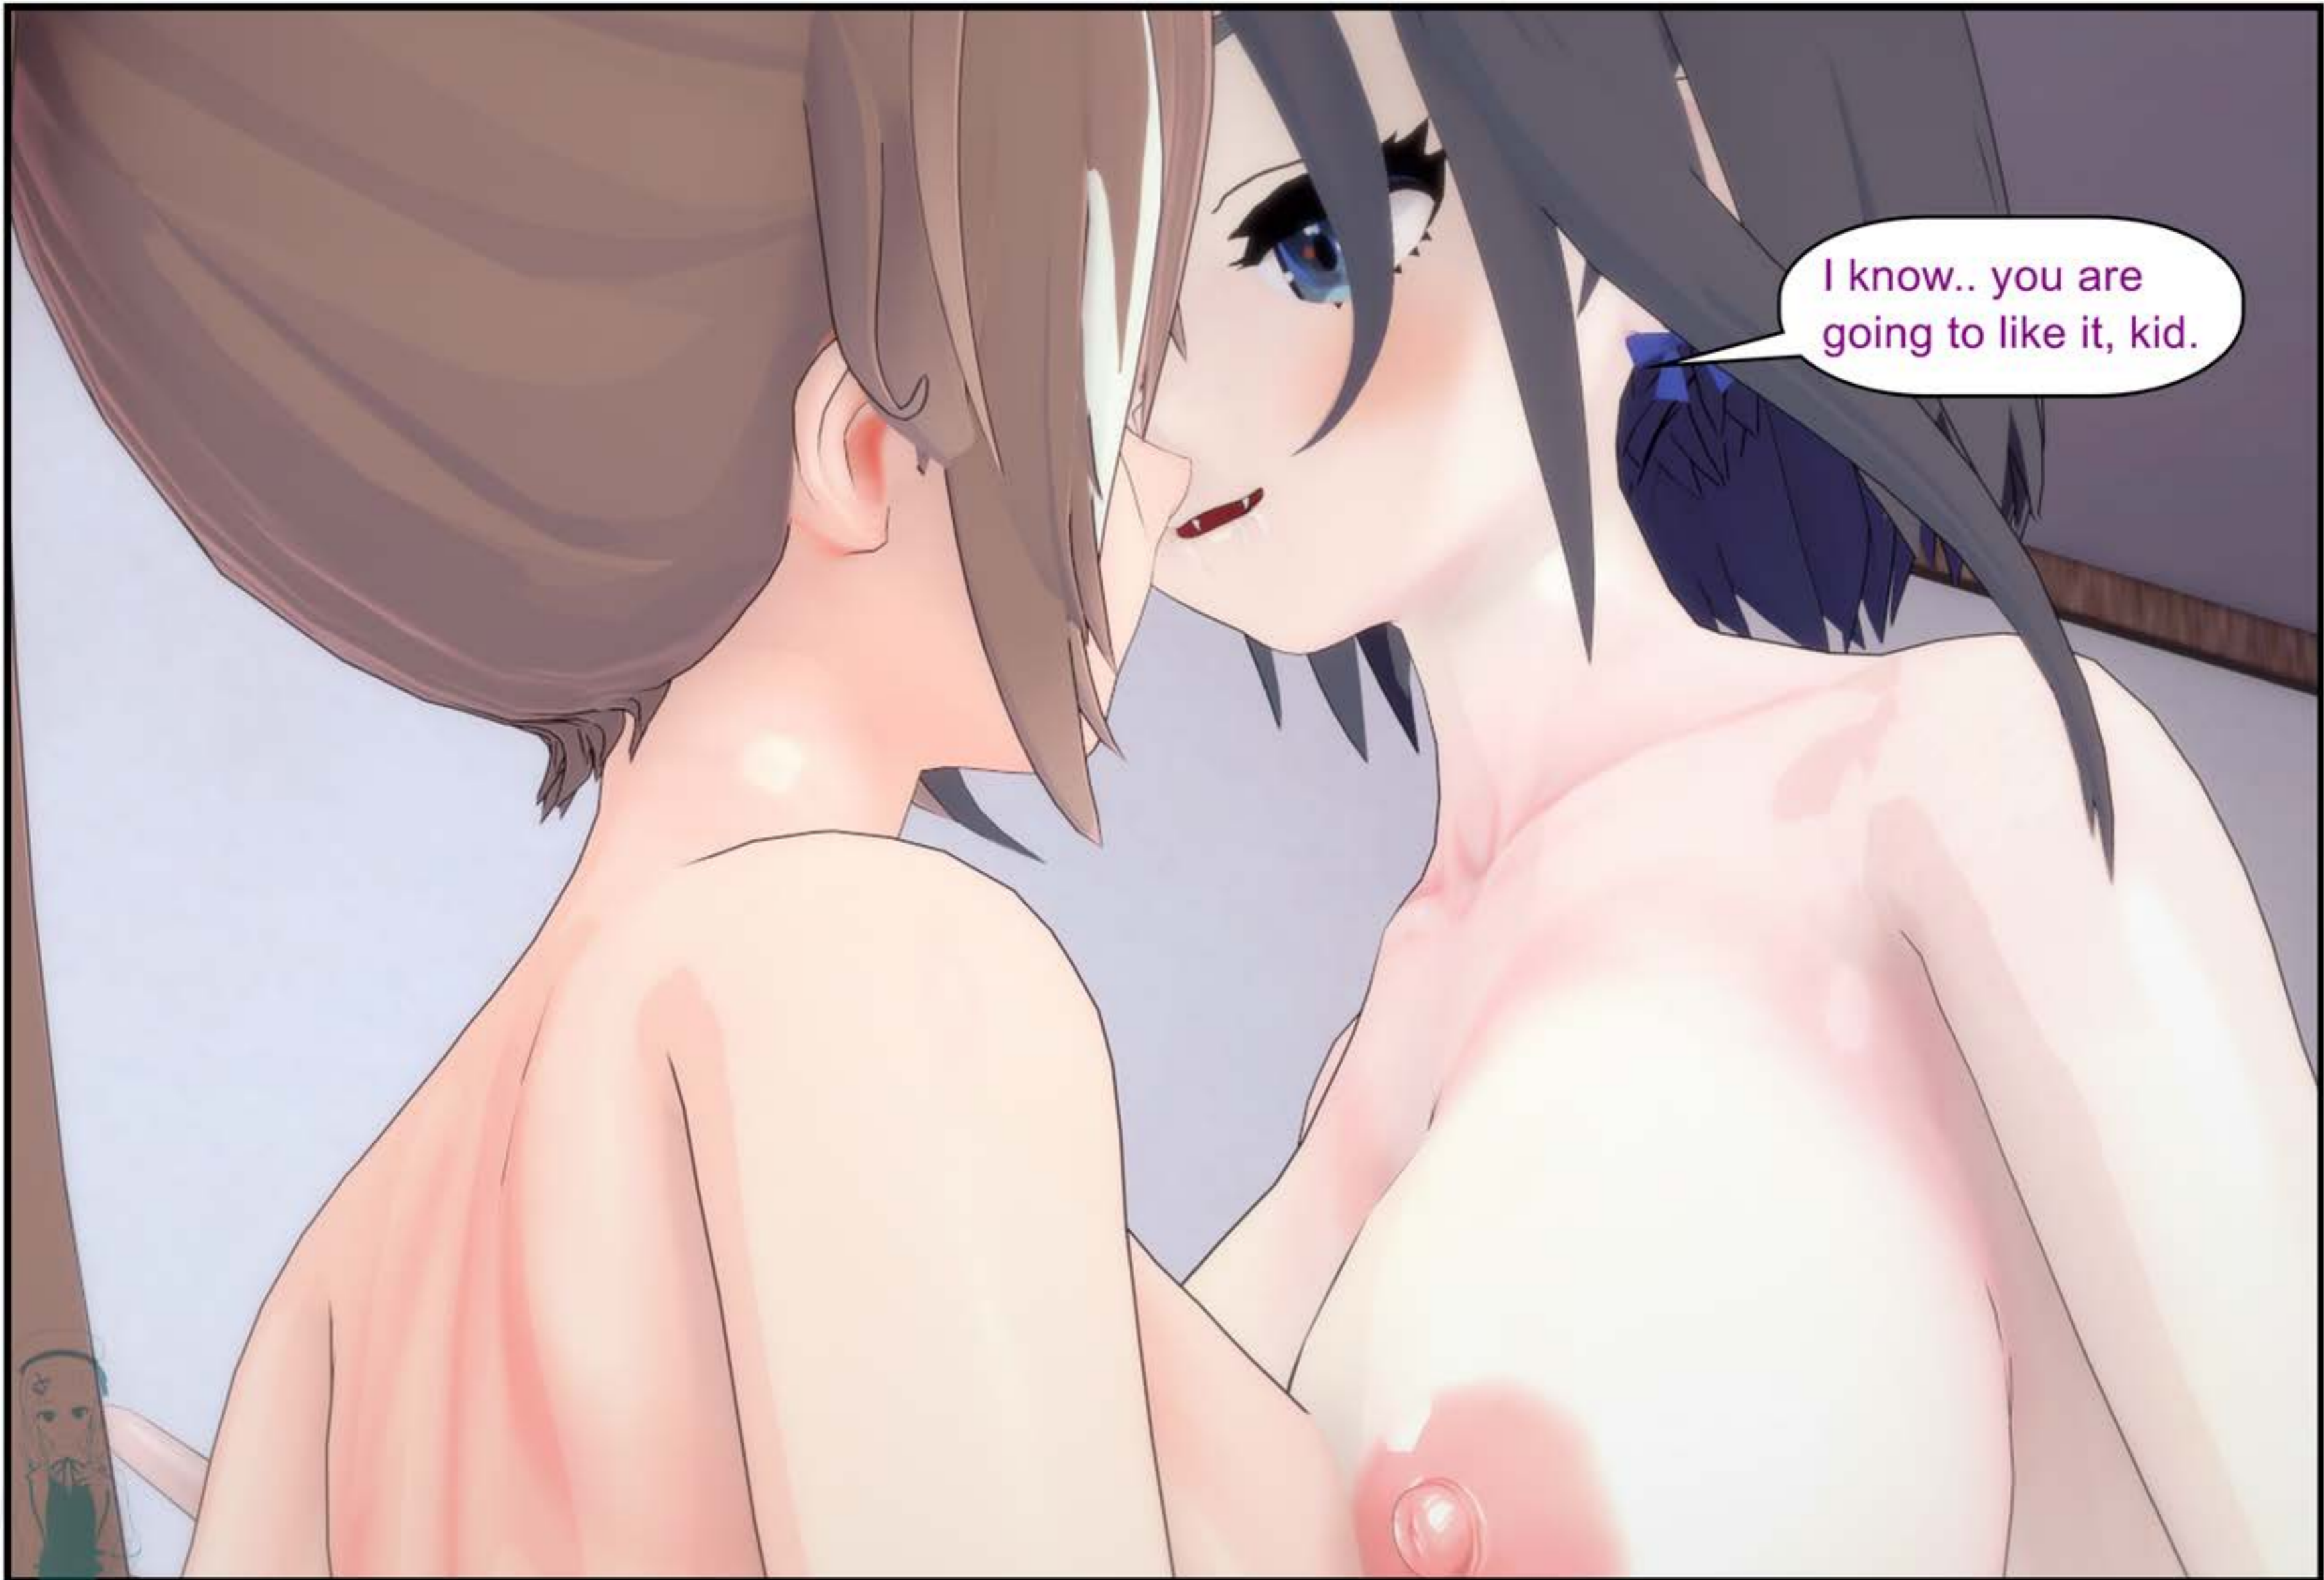

I think.. I want
to have skinsuit..

I know.. you are going to like it, kid.

Let's start our way of cosplaying.

To be continued?
